ELECTION OF DIRECTORS

Board of Directors and Nominees for Election

The Company's Board of Directors has fixed the number of directors at seven. Members of the Board of Directors are divided into three classes serving staggered three-year terms. The terms of two of the Company's current directors, Paul B. Rosenberg and Bernard F. Start, expire at the annual meeting. Based on the recommendation of its Nominating and Governance Committee, the Board has nominated Messrs. Rosenberg and Start for re-election to new three-year terms. Each nominee has consented to serve if elected, and the Company is not presently aware of any reason that would prevent any nominee from serving as a director. If a nominee should become unavailable for election, the proxies will be voted for another nominee selected by the Board.

Pursuant to the Company's by-laws, directors will be elected by a plurality of the votes properly cast at the annual meeting. Abstentions, votes withheld and broker non-votes will not be treated as votes cast and will not affect the outcome of the election.

The following table contains information on the nominees for election at the annual meeting and each other person whose term of office as a director will continue after the meeting. The nominees for election at the meeting are indicated by an asterisk.

Director Independence

The Board has determined that all directors, other than Mr. Boyle, are independent under the NASDAQ Capital Market rules, based on information known to the Company and on the annual questionnaire completed by each director. The Company may from time to time have arms-length commercial dealings with companies of which its directors may be officers and/or directors. To the Company's knowledge, during fiscal 2008, there were no such dealings and none of the independent directors had any other business, financial, family or other type of relationship with the Company or its management other than as a director and stockholder.

Board Meetings

During the fiscal year ended September 30, 2008, the Board of Directors held a total of seven meetings. The Board regularly holds meetings at which only independent directors are present. All Board members are expected to attend the annual meeting of stockholders, subject to special circumstances. All of the Board members attended the annual meeting of stockholders in 2008. During the fiscal year ended September 30, 2008, Mr. Start attended 71% of all meetings of the Board.

Communications to the Board

Stockholders may communicate with the Board of Directors by mailing a communication to the entire Board or to one or more individual directors, in care of the Corporate Secretary, Tech/Ops Sevcon, Inc., 155 Northboro Road, Southborough, Massachusetts 01772. All communications from stockholders to Board members (other than communications soliciting the purchase of products and services) will be promptly relayed to the Board members to whom the communications are addressed.

Committees of the Board

The Board of Directors has an Audit Committee, a Compensation Committee and a Nominating and Governance Committee, all the members of which are independent, as defined by Securities and Exchange Commission rules and NASDAQ Capital Market listing standards, as applicable. In addition to the meetings described below, the members of each committee communicate regularly amongst themselves and with management on Company matters.

Each of the Audit Committee, the Compensation Committee and the Nominating and Governance Committee operates under a written charter that is available on the Company's web site: www.techopssevcon.com.

Audit Committee. The Audit Committee is composed of four directors. The Board has determined that at least one of the members of the Committee, Mr. Rosenberg, is an "audit committee financial expert," as defined by the Securities and Exchange Commission. The Committee selects, evaluates and oversees the Company's independent auditors, approves any engagement of the independent auditors to perform non-audit services, and oversees the Company's internal accounting and financial controls. It reviews the audited financial statements and discusses them, as well as the adequacy and quality of the Company's financial reporting principles and procedures, with management and the auditors together and in separate executive sessions. It also reviews and approves related person transactions. The Audit Committee met six times during the fiscal year ended September 30, 2008. The Committee's report appears on page 11.

Compensation Committee. The Compensation Committee is composed of three directors. Generally all compensation and fringe benefit programs of the Company are subject to the review and approval of the Committee, which also reviews and determines the base salary and incentive compensation of the executive officers and a group of senior managers, as well as grants of equity compensation to all employees. The Chief Executive Officer provides a detailed

performance assessment and compensation recommendation for each executive officer (other than himself), which the Committee considers in making its decisions. The Compensation Committee usually makes annual equity grants to executives in its December meeting each year. Other compensation decisions are made throughout the year as circumstances warrant. All compensation actions taken by the Committee are reported to the full Board of Directors, and are subject to the approval of the Board, excluding management. The Committee did not use the services of any compensation consultants during the past fiscal year.

The Committee also reviews and makes recommendations to the Board on director compensation and equity awards, on policies and programs for the development of management personnel, as well as management structure and organization. The Compensation Committee met once during the fiscal year ended September 30, 2008.

Nominating and Governance Committee. The Nominating and Governance Committee is composed of three directors. It considers nominations to the Board and recommends to the Board of Directors' action related to Board composition, size and effectiveness and management succession plans for the positions of Chairman of the Board and Chief Executive Officer. The Nominating and Governance Committee met once during the fiscal year ended September 30, 2008.

Director Nominations

In identifying potential candidates and selecting nominees for directors, the Nominating and Governance Committee does not foreclose any sources. The Committee reviews candidates recommended by stockholders in the same manner and using the same general criteria as candidates recruited by the Committee or recommended by the Board.

The Nominating and Governance Committee does not rely on a fixed set of qualifications for director nominees. The Committee's primary objective for director nominees is to create a Board with a broad range of skills and attributes that is aligned with the Company's strategic needs.

The minimum qualifications for director nominees are that they:

- a) be able to dedicate time and resources sufficient for the diligent performance of the duties required of a member of the Board,
- b) not hold positions or interests that conflict with their responsibilities to the Company,
- c) comply with any other minimum qualifications for either individual directors or the Board as a whole mandated by applicable laws or regulations.

Additionally, at least a majority of members of the Board of Directors must qualify as independent directors in accordance with NASDAQ Capital Market independence rules.

The Nominating and Governance Committee's process for evaluating nominees for director, including nominees recommended by stockholders, is to consider their skills, character and professional ethics, judgment, leadership experience, business experience and acumen, familiarity with relevant industry issues, national and international experience, and other relevant criteria as they may contribute to the Company's success. This evaluation is performed in light of the Committee's views as to what skill set and other characteristics would most complement those of the current directors, including the diversity, age, skills and experience of the Board as a whole.

In order to recommend a candidate for consideration by the Nominating and Governance Committee, a stockholder must provide the Committee with the candidate's name, background and relationship with the proposing stockholder, a brief statement outlining the reasons the candidate would be an effective director of the Company and information relevant to the considerations described above. Such information should be sent to the Nominating and Governance Committee of Tech/Ops Sevcon, Inc., 155 Northboro Road, Southborough, Massachusetts 01772, Attention: Corporate Secretary. The Committee may seek further information from or about the candidate, or the stockholder making the recommendation, including information about all business and other relationships between the candidate and the stockholder.

Director Compensation

Directors of the Company (except Mr. Boyle) are each paid \$18,000 per year for their services. Mr. Steadman, the Chairman of the Board of Directors, and each committee chairman, Mr. Rosenberg (Chairman of the Audit Committee), Mr. Hemsley (Chairman of the Compensation Committee) and Dr. Schorr (Chairman of the Nominating and Governance Committee) receives an additional \$3,000 per year for their duties as Chair of the relevant committee.

- 7 -

Consistent with past practice, the Compensation Committee granted 2,000 shares of restricted stock to each of the non-employee directors on January 22, 2008. Restricted shares may not be sold, assigned, transferred, pledged or otherwise disposed of by the recipient until they vest. Such restricted shares will fully vest the day before the 2009 annual meeting of stockholders or, if earlier, upon the recipient's death or disability or upon a change in control of the Company. If the recipient's service as a director of the Company is terminated for any reason other than the recipient's death or disability, any unvested shares will be forfeited and returned to the Company, unless the Committee determines otherwise in its discretion.

The following table shows compensation paid to all non-employee directors who served during fiscal 2008:

Name	Fees Earned or		Option	Total(\$)
	Paid in Cash (\$)	Stock Awards (\$)(1)(2)	Awards (\$)(1)(2)

David R.A. Steadman	21,000	13,903	-	31,903
Paul O. Stump	18,000	13,903	-	31,903

(1)Represents the compensation expense incurred by the Company relating to restricted stock awards and stock options held by the director during fiscal 2008, determined in accordance with FAS 123(R) using the assumptions described in Note (1) E to the Company's Financial Statements included in the fiscal 2008 Form 10-K, which assumed that there would be no forfeitures of awards.

(2)As of September 30, 2008, the non-employee directors held restricted stock and options as follows:

Name	Restricted Stock		Outstanding Options	
	# Shares	# Shares	# Shares	# Shares Vested
Maarten D. Hemsley	2,000	5,000		2,500
Paul B. Rosenberg	2,000	-		-
Marvin G. Schorr	2,000	-		-
Bernard F. Start	2,000	-		-
David R.A. Steadman	2,000	-		-
Paul O. Stump	2,000	-		-

(3)Mr. Rosenberg is a participant in the Company's Directors Retirement Plan, which was terminated in 1997. The change in value of his accumulated benefit under the Plan in 2008 was \$1,440.

Stock Ownership Policy

In 2004, the Board adopted Equity Compensation Guidelines in which it established a target level of stock ownership for directors of twice the level of annual cash compensation. Grants of restricted stock will be intended in part to assist in reaching these levels of ownership over time. Shares held by members of a person's immediate family or a trust for his or their sole benefit may be counted towards the ownership requirement. Each director is required to refrain from selling Company stock acquired as restricted stock (other than to make required tax payments related to a

grant) if the value, based on current market price, of his Company stock after the sale would be below his designated ownership level. The Compensation Committee has discretion to make exceptions in extraordinary circumstances where not contrary to Company goals, such as cases of significant personal hardship.

(5)These shares of restricted stock vest as to 3,000 shares per year on the third business day after the Company publicly announces its financial results for fiscal 2008 and 2009 and the earlier of December 5, 2010, or the third business day after the Company publicly announces its financial results for fiscal 2010.

Pension Benefits

The executive officers participate in the Company's U.K. Retirement Plan, a defined benefit plan, under which benefits at retirement (normally, age 65) are based upon 1/60th of final U.K. - base salary (as defined in the Plan) for each year of service, subject to a maximum of 2/3rds of final U.K. - base salary. The employee contributes 6% of base salary, with the balance of the cost being met by the Company. Benefits under the U.K. Retirement Plan are computed solely on the U.K. base salary of participants, exclusive of bonuses, incentive and other compensation, and are not reduced

on account of U.K. Social Security entitlement. The compensation of Messrs. Boyle, McPartlin, and Farquhar is entirely U.K. based. A spouse's pension of 50% of the employee's pension is payable beginning at the death of the employee either before or during retirement. Pension payments escalate by at least 3% per year, compounded, and at a higher rate in certain circumstances. In connection with Mr. McPartlin's retirement, he received an amount of £904,701 (\$1,791,308 at the exchange rate in effect when received) from the Company's UK pension plan; this amount included the repayment of Mr. McPartlin's contributions to the pension plan as well as Company-provided benefits and earnings from both, thereon.

Potential Payments upon Termination or Change in Control

Upon a change in control of the Company, whether or not the officer's employment is terminated, vesting of shares of restricted stock and unvested stock options held by each officer would accelerate. (For this purpose, a "change in control" means a change in control of the Company that would be required by SEC rules to be reported in the Company's proxy statement, including the acquisition by any person of beneficial ownership of securities of the Company representing 25% or more of the combined voting power of the Company's then outstanding securities.) The value of this accelerated vesting for each officer, assuming that a change of control had occurred on September 30, 2008, would have been as follows: Mr. Boyle (\$64,500) and Mr. Farquhar (\$64,500). These amounts consist of (i) the value of the shares of restricted stock for which vesting accelerated, based on the \$4.30 closing sale price of the Company's Common Stock on September 30, 2008, plus (ii) the difference between the exercise prices of the options for which vesting accelerated and \$4.30, multiplied by the respective numbers of option shares. Pursuant to their employment contracts, each of Mr. Boyle and Mr. Farquhar would be entitled to a minimum of 3 months pay on termination of employment. This amounts to £37,250 (\$66,417 at the exchange rate in effect on September 30, 2008) for Mr. Boyle and £23,500 (\$41,901) for Mr. Farquhar. The Company has no other arrangements with any executive officer to provide any other severance or benefits upon termination of employment or a change in control.
