On September 14, 2006, TETRA Technologies, Inc. ("TETRA") provided notice to Bromine Compounds, Ltd. ("Bromine Compounds") of its intent to terminate the Long-Term Supply Agreement, dated as of March 19, 1996, between TETRA and Bromine Compounds (the "Supply Agreement"). The termination of the Supply Agreement will be effective September 14, 2010 unless the parties agree to an earlier termination.

Under the Supply Agreement, TETRA is obligated to purchase ninety percent (90%) of its annual external requirements for calcium bromide solution from Bromine Compounds. The Supply Agreement also contains take-or-pay provisions which obligate TETRA to purchase or otherwise pay for not less than a minimum percentage of its annual external requirements for calcium bromide solution. Until the Supply Agreement is terminated, it requires TETRA to continue to purchase calcium bromide solution pursuant to the terms thereof. TETRA does not expect to incur any termination penalties as a result of the termination of the Supply Agreement.

The foregoing description of the Supply Agreement is qualified in its entirety by reference to the Supply Agreement which was filed with TETRA's Form 10-K for the year ended December 31, 1996.
