**Merrill Lynch Investment Managers/BlackRock
Merger Overview Update**

June 2006
MLIM/BRK-0606

For Informational Purposes Only. This material is not intended to be a solicitation for any investment product referenced herein.

- We've been working hand-in-hand with BlackRock during the integration process creating business models, finalizing teams and incorporating best practices in the industry (Phase 1).
 - We are now clearly in Phase 2, integrating functions and products.
- This presentation will discuss what the new BlackRock will look like post-merger, and propose the combining of select BRK and ML funds.
 - We are very excited from the industry's positive feedback.
 - June 19, 2006: Being change of control proxy materials

Announced merger of BlackRock and Merrill Lynch Investment Managers (MLIM) on
February 15, 2006

Independent firm in ownership and governance

Public company (NYSE: BLK) with over 4,000 employees

Headquartered in NYC

Laurence Fink continues as Chairman and CEO

All founding partners remain affiliated with BlackRock

No majority owners

Merrill Lynch 49%, PNC 34%, employees and public 17%

Majority of Board of Directors is independent

Achieve scale in multiple products and markets

Combine complementary US retail platforms with mutual funds, managed accounts, and enhanced client service

Institutional client base to benefit from additional US dollar and non-dollar products

Non-US business to span institutional and retail clients in over 50 countries

Spectrum of products across asset classes to broaden with global and non-US products, non-US real estate, and alternative investment strategies

Operating in 18 countries and more than 35 cities

Investment centers in Boston, Edinburgh, Eindhoven, Florham Park, London, Melbourne, Newport Beach, New York City, Philadelphia, Princeton, San Francisco, Sydney, Tokyo, and Wilmington

Client service presence in local markets

Expected closing date on September 30, 2006

2

- A snapshot of what the new BRK will look like post-merger

3 points to emphasize:

1. Ownership and governance of structure.

- The merger is clearly beneficial to both firms.

- New BRK will be very independent

- Ownership: ML = 49%, PNC = 34%, employees and public = 17%-- there is no majority holder of the stock.

- ML and PNC each get 2 seats on the Board (out of 17 members)

- New structure gives BRK control of strategic direction and important decisions. We want to focus only on asset management.

2. Idea of scale

- Our combined suite of products will have depth in each class.

- Spectrum of products will broaden with global, U.S. and AI strategies very favorable.

- Our new menu of products will bring more solutions to the table to meet our clients' specific needs.

3. Global company

- The old BRK was international. MLIM-US was Americas-focused. MLIM-EMEA was a non-US focused.

- The new BRK will be entirely global.

- 1/3 of our employees will be working from our global investment centers.

BlackRock and MLIM Combined

Diversified product mix

Scale across asset classes

Products tailored to client needs

Selected mergers proposed to rationalize fund families

Competitive performance

82%* of BlackRock composites outperformed their benchmark as of December 31, 2005

77% of MLIM composites outperformed their benchmark as of December 31, 2005

84 funds of the combined offerings as of May 31, 2006 have Morningstar ratings of 4 or 5 stars**

Global asset management company

Over one-third of employees based outside the U.S.

Fourteen investment centers in US, UK, Europe, Japan, and Australia

Marketing and client service offices in 35 cities plus regional wholesalers

Extensive fund offerings registered in domiciles around the world

Local resources for operations, administration, and compliance

*Based on annualized 3-year gross of fee returns for products with at least a 3-year track record

**Ratings are based on historical risk-adjusted performance and the overall rating is derived from a weighted average of the funds' 3-, 5-, and 10-year Morningstar Rating Metrics

3

- This slide is a very good roadmap on how decisions were made.
- Table is a very good starting point to show where we are headed.
- If you look at Equities, MLIM has \$310 trillion AUM, where BRK has only \$44 trillion AUM.
- Both firms have excellent equity solutions and management teams, however it is clear that Equities is one of MLIM's fortes. One of our decisions that reflects this is that President and CIO of MLIM, Bob Doll, will become the new BRK's Global CIO of Equities.
- However, if you look at Fixed Income, the results are inverse BRK has been and continues to be a leader in fixed income.
- Hence, decisions to spearhead fund families have been made logically.
- Looking at a performance and competitive perspective, we have 84 of our combined funds have Morningstar ratings of 4 or 5-stars, as of May 31, 2006. In a recent meeting with Morningstar, we've expressed our commitment to maintain quality in our products and practices, affirmed that we are the company to watch.

Investment decision-making

Decentralized team decision-making

Centralized dialogue resulting in knowledge sharing

Differentiated and diverse product line tailored to investor's needs

Equity and balanced products

Institutional and retail products

Global and local market products

4

- In regards to equity capabilities, you will notice that there will be very little change.
- The reason for this is because our business philosophies (BRK and MLIM) are very similar:
 - Investment performance comes first

- Both use a team approach for investment research
- Both believe that information-sharing across platforms is value-added to all teams
 - Both pay attention to risk management attribution
 - Both both implement a pay-for-performance compensation
- As previously noted, Bob Doll will become the Global CIO for Equities. Quintin Price, CIO for EMEA Pacific Equities will be reporting directly to Bob.
- At MLIM, currently 80% of our investment research occurs in Princeton and Australia. Our Australia and Tokyo equity investment centers will remain for the new BRK. Boston, Edinburgh, London, New York and Philadelphia are currently investment centers on the BRK end.
- We will continue to rely on our partners in equities trading and risk and quantitative analysis teams.
- We will incorporate the BlackRock Solutions Technology Platform to assist in reporting and information exchange, making it more timely and transparent.

- You'll notice where each fund's investment teams will be centrally located. Virtually no change on the Princeton list.
- From the MLIM perspective, we will be supplemented with the Boston and Philadelphia teams (investment processes and products) and also some good global capabilities.
- In addition, there will be extensive product training for both firms to familiarize themselves with each others products.

Combining BlackRock and MLIM Fixed Income and Liquidity Teams

\$433 Billion Combined Fixed Income AUM

Assets as of March 31, 2006

One BlackRock approach will incorporate MLIM's strengths

Keith Anderson, Global CIO for Fixed Income, and Scott Amero continue to lead the fixed income effort

Expect to combine teams in several disciplines

Jeff Gary and Mark Williams will continue to lead the High Yield and Bank Loan team

Kevin Booth will join the team as a portfolio manager

Additional analysts will augment our existing efforts in bank loans and distressed debt

John Loffredo and Bob DiMella of MLIM will lead the tax-exempt team

Team members will be located in Princeton and New York

BlackRock Solutions Aladdin platform being installed at MLIM to facilitate global information sharing

BlackRock/MLIM combination accelerates global bond expansion

Large, experienced MLIM team in London facilitates our European expansion

Significant local presences in Sydney and Tokyo enhance our capabilities

MLIM's non-US cash management complements BlackRock's product line

Differentiated and diverse product line

Products provide range of risk/reward characteristics

Global and local market products

Institutional and retail products

Dedicated on-balance sheet capabilities for Financial Institutions and Corporate Cash

Strong Liability-Driven Investing products for Europe and the U.S.

\$212 Billion Combined Liquidity AUM

* Excludes balanced mandates

*

6

- The One BlackRock approach to Fixed Income will be a more centralized one, but one that also incorporates MLIM's strengths.
- Keith Anderson will act as Global CIO for Fixed Income, and Scott Amero will continue to lead the fixed income effort.
- The breadth and depth of the product line will be strengthened with the addition of MLIM products and people
 - Kevin Booth of MLIM will be joining the High Yield and Bank Loan team as a portfolio manager
 - John Loffredo and Bob DiMella of MLIM will lead the tax-exempt team the majority of the team will be in Princeton, and some in NY.
 - BlackRock's Solutions Aladdin database platform is currently being installed at MLIM to facilitate in the information-sharing and management of portfolios.
- As we see a demand for Fixed Income in the Institutional market, we are looking to strengthen our products with enhancement in our global bond capabilities and a diverse range of risk/reward characteristics.

Combined U.S. Private Client Group

Private Client Industry Leader

4th largest broker-sold open-end fund family

2nd largest closed-end fund provider

- This slide shows a world-class mutual fund family that is broad and deep.
- You'll notice about 60% of the new firm's funds are Morningstar ranked 4 or 5-stars.
 - Goes to show our funds are competitive and world-class.
 - Our fixed income products range across maturity and credit spectrums.
 - In equities, we have strong global products, and more will be added.
- Our product range is rich in depth in specialty, blended and regional to complement the product line.

Consolidating BlackRock and MLIM Fund Families

Currently, BlackRock has 43 open-end funds and MLIM has 59 open-end funds (excluding money market funds)

As we considered different fund mergers, we did so with several goals:

Provide shareholders with strongest products

Reduce number of funds that overlap

Generally, shareholders would maintain or improve expense ratios

Considered a variety of administrative impacts

We are proposing the following fund mergers:

- This slide shows the consolidation of BRK and MLIM s funds.

- As you ll see, we have very little overlap.

- Keeping our shareholders best interest in mind, we want to provide them the strongest products, reduce overlaps and keep close watch over changes in expense ratios and redemption fees.

- Our goal is to maintain continuity during all administrative impacts and demonstrate best practices while doing so.

- The charts below show which funds will funds will be merged MLIM to BRK, BRK to MLIM.

- We are also taking this opportunity to merge some of our smaller funds within MLIM.

Enhancements to Fund Family

Proposed mergers are shareholder friendly

Generally, shareholders invested at same or lower fees in each product

Conformed redemption fees for combined fund family

Fee is 2% for redemptions or exchanges made in 30 days (Exemptions for certain investors)

Fee assessed on small, SMID, International, global and certain fixed income and sector funds

Shareholder-friendly actions taken proactively by BlackRock

Closing B shares to new purchases in all fixed income funds (still available for exchanges)

Aligned A share sales loads and breakpoints to be more competitive with the industry

R shares will be added to selected BlackRock funds:

Fixed income: High Yield, Government Income, Core Bond Total Return (Total Return II), and Core PLUS Total Return (Total Return)

Equity: Small/Mid-Cap Growth, Aurora, and Mid-Cap Growth

10

(1) 2% redemption fee is assessed to redemptions or exchanges made within 30 days; exemptions for certain investors.

PORTFOLIO IMPACTED

ACQUIRED BY

PORTFOLIO MANAGEMENT TEAM

Equity Funds

- This slide summarizes the previous slides on fund mergers, presented in a different way.

Additional Name, Portfolio Manager and/or Investment Changes

As a result of the announced combination of BLK and MLIM, we evaluated the names of funds

All MLIM funds will be rebranded as BlackRock

We are recommending a number of name changes to assist in competitive positioning

Certain funds portfolio management teams will change or have additional members named

Selected municipal funds will expand their guidelines to have greater latitude to purchase AMT bonds and/or

below investment grade municipal bonds

¹ It is anticipated that following the closing of the MLIM and BlackRock transaction, Matthew Marra and Andrew J. Phillips will join Keith Anderson and Scott Amero in the day-to-day management of the Portfolios

² Portfolio guidelines will be expanded to allow greater latitude to purchase AMT bonds (shareholder vote required) and bonds rated below investment grade

³ Portfolio guidelines will be expanded to allow the purchase of bonds rated below investment grade.

Equity Funds

Taxable Fixed Income Funds

Municipal Funds

- All of the MLIM funds will be rebranded with the BlackRock name.

- Proud of the independent asset manager name.

- BlackRock's name resonates as a leader in the fixed income and institutional markets. The power of the BlackRock brand will be leveraged to our retail end, particularly in our third party efforts.

Combined Closed-End Fund Complex

Combined closed-end fund complex with over \$44 billion in assets

2nd largest closed-end fund provider

Resulting business has significant scale and breadth of product

13 equity funds

24 taxable fixed income funds

67 municipal funds

Committed to continuing leadership and innovation

Continued focus on supporting the funds in the secondary market

Dedicated team of closed-end fund professionals

Focused on building relationships with closed-end fund
research analysts

Maintain strong relationships with financial advisors,
institutions, and broker-dealer home offices

Data as of 3/31/06

\$44 Billion Combined AUM

As of 3/31/06

13

- Like our open-ends, we have a large suite of offerings on the closed-end side.

- The new BRK will be the #2 provider of closed-end funds in the world.

- Our combined closed-end fund complex has over \$44 billion in assets, including tax-exempt, taxable, municipals and a small amount of equity funds.

- We will have a continued and committed focus on supporting the funds in the secondary market. Likewise in the open-end side, we look to provide best practices in dividend policies, marketing, etc.

Closed-End Fund Line-Up*

Portfolio Managers

- A continuation

- As previously mentioned, Bob DiMella and John Loffredo will be heading the municipals.

- Aren't too many portfolio manager changes.

Under SEC proxy rules and firm policy, FAs & support personnel anyone for that matter - may only discuss the proxy once your clients have received proxy material. At that point, you may not advise them how to vote or try to persuade them how to vote. You may answer factual questions about the transaction or about the mechanics of voting proxies.

Disclosure

In connection with the proposed transaction, a registration statement of New BlackRock Inc. (New BlackRock) which includes a preliminary proxy statement of New BlackRock and other materials have been filed with the Securities and Exchange Commission (the SEC) and are publicly available. Investors are urged to read the registration statement and other materials when they are available because they contain important information. Investors will be able to obtain free copies of the registration statement and proxy statement, when they become available, as well as other filings containing information about BlackRock and Merrill Lynch & Co., Inc. (Merrill Lynch), at the SEC s Internet site (<http://www.sec.gov>).

Merrill Lynch, BlackRock and their respective directors and executive officers and other members of management and employees may be deemed to be participants in the solicitation of proxies from BlackRock stockholders in respect of the proposed transaction. Information regarding Merrill Lynch s directors and executive officers is available in its proxy statement for its 2006 annual meeting of stockholders, dated March 10, 2006, and information regarding BlackRock s directors and executive officers is available in its proxy statement for its 2006 annual meeting of stockholders, dated April 28, 2006. Additional information regarding the interests of such potential participants will be included in the registration statement and the other relevant documents filed with the SEC when they become available.

###

Cautionary Language Concerning Forward-Looking Statements

Information contained in this document may contain forward-looking statements, including, for example, statements about management expectations, strategic objectives, growth opportunities, business prospects and regulatory proceedings, transaction synergies, and other similar matters. These forward-looking statements are not statements of historical facts and represent only Merrill Lynch s beliefs regarding future performance, which is inherently uncertain. There are a variety of factors, many of which are beyond Merrill Lynch s control, which affect the operations, performance, business strategy and results and could cause actual results and experience to differ materially from the expectations and objectives expressed in any forward-looking statements. Investors are cautioned not to place undue reliance on forward-looking statements, which speak only to the date on which they are made, and may be impacted by a variety of factors that are beyond Merrill Lynch s and BlackRock s control. Merrill Lynch and BlackRock do not undertake to update these statements to reflect the impact of circumstances or events that arise after the date on which they were made. Investors should consult Merrill Lynch s and BlackRock s reports filed with the SEC for any additional information.

Dear Colleague:

In February, we announced our intention to combine our investment management business with BlackRock, with an anticipated closing date at the end of the third quarter of 2006. Once finalized, the combined organization will be responsible for managing approximately \$1 trillion in client assets. We will offer clients worldwide a full range of equity, fixed income, liquidity and alternative investment products.

Since the announcement, we have been establishing teams, products and business models in an effort to create a firm that incorporates the best practices in the industry. While everything is still subject to closing, we thought it would be helpful to provide you with an update on our progress thus far.

Governance

The new BlackRock organization will be an independent firm in terms of both ownership and governance. BlackRock will remain a publicly traded asset management company for which Larry Fink will continue as Chairman and CEO. There will be no single majority shareholder, and the board will continue to have a majority of independent directors. We believe this structure will enable us to continue to focus on building a premier global asset management company. In reviewing the new structure, we also decided to formally announce the creation of an Executive Committee charged with setting the strategic direction of the firm and streamlining decision-making as the business grows in scope and complexity. The Executive Committee is comprised of 10 senior BlackRock executives (including seven founders) and upon closing, two senior executives of Merrill Lynch Investment Managers (MLIM[®]) are expected to join this committee.

Portfolio Management

BlackRock and MLIM share a similar business philosophy in equities, which makes it relatively straightforward to combine our equity teams under Bob Doll's leadership as Global CIO for equities. As you know, Bob has over 26 years of investment experience and currently manages several successful large cap portfolios at MLIM, in addition to serving as President and CIO. We are excited to have a global CIO for equities with such exceptional credentials. Each current BlackRock and MLIM dedicated equity team will continue to manage its products utilizing its current investment philosophy and process. The combined firm will manage in excess of \$300 billion across a wide range of equity products, including large cap, mid cap, small cap, global and sector mandates.

We are pleased to report that Keith Anderson, a founder of BlackRock's fixed income team with over 20 years of investment experience, will continue as Global CIO for Fixed Income and Scott Amero will continue as Co-Head of the fixed income team. The combined firm will manage over \$400 billion in fixed income assets across a variety of mandates. The combined firm will offer several new strategies, and the team is being selectively expanded to add resources and expertise. Finally, our process will be enhanced with additional insights globally and open sharing of information on trends, flows, sectors and companies.

Private Client Business

Post-merger, BlackRock will be an industry leader in U.S. retail asset management with over \$270 billion in assets invested for over 10 million individual investors. Our product line will feature considerable strength in equity, fixed income and liquidity products. The firm will manage \$98 billion in open-end and variable funds, \$44 billion in closed-end funds and \$41 billion in separately managed accounts. Additionally, the firm will act as sub-adviser to \$37 billion of assets and manage \$48 billion in open-end liquidity funds.* We are proud to report that 84 funds in the combined open-end and closed-end fund families have Morningstar Ratings of 4 or 5 stars as of May 31, 2006.

The combined firm's extensive resources, including BlackRock's award-winning call center and shareholder statements, will allow BlackRock to focus on serving financial advisors and their individual clients, and other financial intermediaries. We also anticipate ongoing product innovations as we continue to serve our investors' needs.

Mutual Fund Family

We are pleased to announce our mutual fund line-up for the combined firm, which we believe will offer investors world-class products in 87 funds across multiple asset classes. The new fund family, which will be branded BlackRock, will include a number of high-performing large cap equity funds, multiple global funds and a strong sector fund line-up, including Energy and Health Sciences. Our equity fund AUM will total more than \$70 billion. Additionally, we will feature 33 fixed income products with over \$20 billion in AUM, inclusive of BlackRock's flagship

taxable fixed income funds and strong performing municipal bond funds.

We have filed several fund reorganization proxy statements (N-14s) with the SEC as part of our initiative to consolidate certain comparable MLIM and BlackRock mutual funds. These consolidations are designed to reduce overlap in the product range, and they include consolidations of MLIM funds into BlackRock funds, BlackRock funds into MLIM funds, and MLIM funds into other MLIM funds. Exhibit A shows the complete open-end fund family as we expect it to look as of October 1, 2006.

As part of this process, we are changing the names of selected funds and naming new portfolio managers of selected funds. Exhibit B identifies the funds that will have changes.

Closed-End Funds

The combined closed-end fund family will feature over 100 funds with approximately \$44 billion in assets. The family will include equity, taxable and tax-exempt funds and benefit from extensive resources focused on supporting the funds in the secondary market. As part of the process of combining the firms, we will make some changes to portfolio managers on selected funds, which are identified in Exhibit C.

Proxy Solicitation

During the week of June 19, both BlackRock fund shareholders and MLIM fund shareholders will be mailed proxy materials asking them to vote on, among other things, new investment advisory agreements, a new investment sub-advisory agreement for certain funds and for certain BlackRock municipal funds, a fundamental investment policy change.

Additionally, shareholders of certain funds will be sent proxies asking them to approve the reorganization of selected BlackRock and MLIM funds. Only shareholders of the funds that are being acquired are required to approve these changes.

Exhibit D presents commonly asked questions and answers to help you respond to any inquiries you may receive.

Over the coming weeks, we will continue to update you on our progress and provide you with the information and tools you need to serve your clients. In early July, we will provide to all operations contacts details on new CUSIPs, fund symbols and fund rule/service changes in anticipation of fund mergers to be effective in mid-October.

Please know that we remain focused on investment performance and client service, as we recognize the importance of the trust you have placed with us. We appreciate your business and hope to continue to serve you and your clients for many years. As always, please contact your relationship manager if you have any additional questions around our upcoming combination with BlackRock.

Sincerely,

/s/ Frank Porcelli

EXHIBIT D

This brief Q&A is provided to assist financial professionals in best answering questions their clients might have regarding an upcoming proxy solicitation and other transaction-related information.

QUESTIONS RELATING TO NEW ADVISORY AGREEMENTS

Q. Why am I being asked to vote on a new advisory agreement and sub-advisory agreement, if applicable?

- A. BlackRock and Merrill Lynch announced on February 15, 2006 that they had reached an agreement pursuant to which Merrill Lynch will contribute its investment management business, Merrill Lynch Investment Managers (MLIM), to BlackRock. With this change, the existing MLIM advisory agreements will terminate at the closing of the transaction. Therefore, new advisory agreements must be approved by shareholders.

Q. What is the rationale for the merger of MLIM to BlackRock?

A. The new company will offer a full range of equity, fixed income, cash management and alternative investment products with strong representation in both retail and institutional channels, in the United States and internationally.

Q. What does the combination of MLIM and BlackRock mean to shareholders?

A. The new company will offer you even greater access to a well-diversified product mix across asset classes and an enhanced ability to serve your investment needs.

Q. How does the proposed new investment advisory agreement for my Portfolio differ from the current agreement?

A. The advisory fees payable by each Portfolio to its investment adviser and services provided under its new investment advisory agreement are identical to those under the current agreement. While the other terms of the new investment advisory agreement generally are substantially similar to those of the current agreement, certain changes are being proposed in the new investment advisory agreement in order to standardize terms and language across all BlackRock- and MLIM-sponsored funds.

Q. How does the proposed new sub-advisory agreement for my Portfolio differ from the current agreement?

A. The sub-advisory fees payable by the adviser to the sub-adviser and services provided under each new sub-advisory agreement are identical to those under the current agreements. While the other terms of the new sub-advisory agreements generally are substantially similar to those of the current agreements, certain changes are being proposed in the new sub-advisory agreements in order to standardize terms and language across all BlackRock- and MLIM-sponsored funds.

Q. Will my Portfolio's total fees for advisory services increase?

A. No. The total fees payable under your fund's current investment advisory agreement will remain the same. Any additional fees incurred under the new sub-advisory agreement will be paid by your fund's advisor at no additional cost to you or your Portfolio

For Informational Purposes Only. This material is not intended to be a solicitation for any investment product referenced herein.

QUESTIONS RELATING TO FUND REORGANIZATIONS

Q. When will the reorganization of BlackRock and MLIM funds occur?

A. If approved by shareholders, the reorganization is expected to occur contemporaneously, or shortly thereafter, with the combination of MLIM and BlackRock, which is expected to occur at the end of the third quarter of 2006.

Q. How will the reorganization affect fund shareholders?

A. If the proposed reorganization of funds is approved, the assets and certain stated liabilities of certain Merrill Lynch and BlackRock funds will be combined with those of the Surviving Merrill Lynch or BlackRock funds, and shareholders will receive shares of the Surviving Fund. Shareholders will receive the same or a similar class of shares of the Surviving Fund as they currently hold of the Merging Fund. The aggregate net asset value of the shares they receive in the reorganization will equal the aggregate net asset value of the shares they own immediately prior to the reorganization.

Q. Will shareholders have to pay any sales load, commission or other similar fee in connection with the reorganization?

A. No, shareholders will not pay any sales load, commission or other similar fee in connection with the reorganization.

Q. Will shareholders have to pay any federal taxes as a result of the reorganization?

Edgar Filing: MUNIYIELD ARIZONA FUND INC /NJ/ - Form DEFA14A

A. The reorganization is expected to qualify as a tax-free reorganization within the meaning of Section 368(a) of the Internal Revenue Code of 1986, as amended.

Q. Who will be responsible for leading the portfolio management teams of the BlackRock Funds after the reorganization?

A. Overall, the funds' portfolio management teams are expected to be led by a combination of BlackRock and MLIM managers. See the attached exhibits for more information on the proposed fund line-up and portfolio management teams after the reorganization.

For Informational Purposes Only. This material is not intended to be a solicitation for any investment product referenced herein.

DISCLOSURE

In connection with the proposed transaction, a registration statement of New BlackRock Inc. ("New BlackRock") which includes a preliminary proxy statement of New BlackRock and other materials have been filed with the Securities and Exchange Commission (the "SEC") and are publicly available. Investors are urged to read the registration statement and other materials when they are available because they contain important information. Investors will be able to obtain free copies of the registration statement and proxy statement, when they become available, as well as other filings containing information about BlackRock and Merrill Lynch & Co., Inc. ("Merrill Lynch"), at the SEC's Internet site (<http://www.sec.gov>).

Merrill Lynch, BlackRock and their respective directors and executive officers and other members of management and employees may be deemed to be participants in the solicitation of proxies from BlackRock stockholders in respect of the proposed transaction. Information regarding Merrill Lynch's directors and executive officers is available in its proxy statement for its 2006 annual meeting of stockholders, dated March 10, 2006, and information regarding BlackRock's directors and executive officers is available in its proxy statement for its 2006 annual meeting of stockholders, dated April 28, 2006. Additional information regarding the interests of such potential participants will be included in the registration statement and the other relevant documents filed with the SEC when they become available.

Cautionary Language Concerning Forward-Looking Statements

Information contained in this document may contain forward-looking statements, including, for example, statements about management expectations, strategic objectives, growth opportunities, business prospects and regulatory proceedings, transaction synergies, and other similar matters. These forward-looking statements are not statements of historical facts and represent only Merrill Lynch's beliefs regarding future performance, which is inherently uncertain. There are a variety of factors, many of which are beyond Merrill Lynch's control, which affect the operations, performance, business strategy and results and could cause actual results and experience to differ materially from the expectations and objectives expressed in any forward-looking statements. Investors are cautioned not to place undue reliance on forward-looking statements, which speak only to the date on which they are made, and may be impacted by a variety of factors that are beyond Merrill Lynch's and BlackRock's control. Merrill Lynch and BlackRock do not undertake to update these statements to reflect the impact of circumstances or events that arise after the date on which they were made. Investors should consult Merrill Lynch's and BlackRock's reports filed with the SEC for any additional information.

For Informational Purposes Only. This material is not intended to be a solicitation for any investment product referenced herein.
