**Item 4. Description of Securities.**

## Edgar Filing: FLUOR CORP - Form S-8

Under the Plan, Fluor provides its non-employee directors the opportunity to agree to the deferral of a specified percentage or amount of their compensation for board service, including, but not limited to, meeting fees, retainer fees and/or annual California tax allowance. The Obligations are general unsecured obligations of Fluor to pay deferred compensation in the future in accordance with the terms of the Plan from Fluor's general assets, and rank pari passu with other unsecured and unsubordinated indebtedness of Fluor from time to time.

## **Table of Contents**

Obligations consist of amounts equal to the deferral account of each non-employee director who participates in the Plan (a Participant), which will be credited with the amount each Participant defers in accordance with the terms of the Plan. A Participant's deferral account will be credited with earnings (or losses) based on the deemed investment of such amounts in one or more funds from among the investment options offered under the Plan and selected by the Participant. Additionally, qualifying deferral amounts deferred directly into the stock equivalent fund (an investment option based on the fair market value of shares of Fluor common stock) by the Participant will receive 25% matching allocations by Fluor pursuant to the Plan. All matching contributions are subject to vesting requirements and possible forfeiture. Each Participant's Obligations will be adjusted to reflect the investment experience, whether positive or negative, of the Participant's deferral account, including any appreciation or depreciation. Subject to certain restrictions contained in the Plan, a Participant may reallocate any part of his or her deferral account among the deemed investment funds chosen by the Participant.

Each Obligation will be payable on a date selected by each Participant in accordance with the terms of the Plan. The Obligations will be denominated and be payable in United States dollars.

A Participant's right, or the right of any other person, to the Obligations cannot be sold, transferred, assigned, or otherwise alienated or hypothecated, except by the laws of descent and distribution or pursuant to a domestic relations order. Upon the death of a Participant, his or her beneficiaries, as designated by the Participant in accordance with the Plan, or in the absence of such designation, by the personal representative of Participant's estate, shall be entitled to payments that would otherwise be made to the Participant under the Plan.

Fluor's obligation to pay amounts of deferred compensation under the Plan are not convertible into securities of the company, and Participants have no voting rights with respect to the Plan or the Obligations. The Obligations will not have the benefit of a negative pledge or any other affirmative or negative covenant on the part of Fluor. No trustee has been appointed having authority to take action with respect to the Plan or the Obligations, and each Participant is responsible for acting independently with respect to, among other things, the giving of notices, responding to any request for consents, waivers or amendments pertaining to the Plan or deferrals thereunder, and enforcing the Obligations under the Plan. The Plan provides that Fluor may establish one or more trusts for the purpose of providing for the payment of the Obligations.

The Obligations are not subject to redemption, in whole or in part, prior to the individual payment dates specified by each Participant, at the option of Fluor, or through operation of a mandatory or optional sinking fund or analogous provision. However, Fluor reserves the right to amend or terminate the Plan at any time, except that no such amendment or termination shall adversely affect the right of a Participant to the balance of his or her deferred account as of the date of such amendment or termination.

Fluor's Executive Compensation Committee administers the Plan. The Committee has full discretionary authority to interpret the Plan, to determine benefits payable to Participants, to maintain records, to make rules for the regulation of the Plan and to appoint plan administrators and to take other actions necessary for the proper administration of the Plan.

### **Item 5. Interests of Named Experts and Counsel.**

Lawrence N. Fisher, Esq., Fluor's Senior Vice President Law and Secretary, has passed upon the validity of the Fluor common stock being registered hereby. Mr. Fisher is an executive officer of Fluor and holds shares of Fluor common stock. Mr. Fisher is not eligible to participate in the Plan.

### **Item 6. Indemnification of Directors and Officers.**

The General Corporation Law of the State of Delaware provides in general that a director or officer of a corporation (a) shall be indemnified by the corporation for all expenses of litigation or other legal proceedings when he is successful on the merits, (b) may be indemnified by the corporation for the expenses, judgments, fines and amounts paid in settlement of such litigation (other than a derivative suit) even if he is not successful on the merits if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation (and, in the case of a criminal proceeding, had no reasonable cause to believe his conduct was unlawful), and (c) may be indemnified by the corporation for expenses of a derivative suit (a suit by a stockholder alleging a breach by a director or officer of a duty owed to the corporation), even if he is not successful on the merits, if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the

corporation, provided that no such indemnification may be made in accordance with this clause (c) if the director or officer is adjudged liable to the corporation, unless a court determines that, despite such adjudication but in view of all the circumstances, he is entitled to indemnification of such expenses. The indemnification described in clauses (b) and (c) above shall be made only upon order by a court or a determination by (x) a majority of a quorum of disinterested directors, (y) under certain circumstances, independent legal counsel, or (z) the stockholders, that indemnification is proper because the applicable standard of conduct is met. Expenses incurred by a director or officer in defending an action may be advanced by the corporation prior to the final disposition of such action upon receipt of an undertaking by such director or officer to repay such expenses if it is ultimately determined that he is not entitled to be indemnified in connection with the proceeding to which the expenses related.

Fluor's Amended and Restated Certificate of Incorporation includes provisions that:

1. Eliminate, to the fullest extent permitted by Delaware law, director liability for monetary damages for breaches of fiduciary duty; and
2. Require that directors and officers be indemnified to the fullest extent permitted by Delaware law.

**Item 9. Undertakings.**

- (1) The undersigned Registrant hereby undertakes:
  - (a) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
    - (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933, as amended (the "Securities Act");

**Table of Contents**

- (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement;
  - (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;  
*provided, however,* that paragraphs (1)(a)(i) and (1)(a)(ii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed by the Registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in this registration statement.
  - (b) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
  - (c) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (2) The undersigned Registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Exchange Act that is incorporated by reference in the Registration Statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
- (3) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
