Item 1.01. Entry Into a Material Definitive Agreement

On November 8, 2010, joint operating agreements relating to each of the two offshore Israel deepwater licenses known as 347 “Myra” and 348 “Sara” (the “Blocks”) in which GeoGlobal Resources Inc. (“GeoGlobal”) has an interest, were fully executed by the parties and GeoGlobal paid the consideration of US\$1.2 million for the interests. This completes GeoGlobal’s purchase of these interests that were previously announced in June 2010. The agreements contain provisions that relate to the rights and obligations of the parties with regard to operations under the agreements including joint exploration, appraisal, development, production and disposition of oil and natural gas produced from the areas covered by the Blocks. GeoGlobal is designated as the operator and as such, the agreements contain provisions regarding the option rights of the remaining parties to the agreement to remove GeoGlobal as operator and repurchase varying portions of its interest in the Block under certain circumstances with varying amounts of reimbursement for amounts GeoGlobal has expended.

Item 8.01. Other Events

By filing this Current Report on Form 8-K and furnishing this information, GeoGlobal makes no admission as to the materiality of any information in this Current Report on Form 8-K.
