NOTES TO CONDENSED FINANCIAL STATEMENTS (Unaudited)

Note 1. Condensed Financial Statements:

The condensed balance sheet as of February 28, 2006, the statement of operations for the three and nine months ended February 28, 2006 and February 28, 2005, and the condensed statements of cash flows for the nine month periods then ended have been prepared by the Company, without audit. In the opinion of management, all adjustments (which include only normal recurring adjustments) necessary to present fairly the financial position, results of operations and changes in cash flows at February 28, 2006 and for all periods presented have been made.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted. It is suggested that these condensed financial statements be read in conjunction with the financial statements and notes thereto included in the Company's May 31, 2005 audited financial statements. The results of operations for the three and nine month periods ended February 28, 2006 are not necessarily indicative of the operating results for the full year.

Note 2. Inventories:

Inventories consist of the following:

Note 3. Stockholders' Deficit:

During the nine months ended February 28, 2006 the Company sold 1,900,000 shares of common stock for \$269,566. Also, as discussed in Note 4, the Company received contributed capital of \$165,000 from the Company's CEO. In addition, on November 9, 2005 the Company issued 30,000 shares of common stock in exchange for marketing services valued at \$6,720. On January 6, 2006, the Company issued 11,500,000 shares of common stock as payment for accrued royalties totaling \$1,150,000.

Note 4. Commitments and Contingencies:

On August 4, 2005, the Company entered into an agreement with a consultant for financial consulting services. The agreement stipulates compensation of \$10,000 per month for the first 3 months. After 3 months compensation is calculated at 20% of new business generated and capped at \$10,000 per month. The agreement also calls for a stock component where the Company's CEO and the Company agree to sell 750,000 and 4,250,000, respectively, shares of common stock to the consultant. The 750,000 shares were earned upon signing the agreement. The fair market value of the stock transferred by the CEO was of \$165,000 and has been reflected in selling, general and administrative expenses for the nine months ended February 28, 2006 and contributed capital as of February 28, 2006. The 4,250,000 shares of common stock will be earned based on revenue growth due to consultant's effort as follows:

7

END OF SALES PERIOD	INCREASE IN SALES	NUMBER OF SHARES EARNED
-----	-----	-----
2/4/2006	\$ 1,000,000	850,000
8/4/2006	3,000,000	850,000
8/4/2007	6,000,000	850,000
8/4/2008	12,000,000	850,000
8/4/2010	24,000,000	850,000

Shares will be sold on a prorated basis for each period based on consultant's performance. Any shares not earned during a sales period will carry forward to the next sales period.

Note 5. Company's Continued Existence:

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America, which contemplate continuation of the Company as a going concern. The Company, however, has sustained substantial accumulated losses totaling \$4,383,946 through

Edgar Filing: JURAK CORP WORLD WIDE INC - Form 10QSB/A

February 28, 2006 and it had a working capital deficit of \$1,905,534 at February 28, 2006. Management believes that with improved growth through new customers and continuing to lower operating expenses, the Company can achieve a positive cash flow. In addition, we may need to raise additional capital to meet long term operating requirements.

8

OVERVIEW

Jurak Corporation World Wide, Inc., a Minnesota corporation, currently trades on the Over-the-Counter Bulletin Board under the symbol "JCWW". We are a product-focused company specializing in the herbal supplement industry and market. Our main product is the "Jurak Classic Whole Body Tonic", also known as JC Tonic, which is a herbal supplemental blend of thirty different ingredients comprised primarily of medicinal herbs. The Jurak Classic Whole Body Tonic was first developed in 1943 by Carl Jurak, the father of the founder of our company.

Edgar Filing: JURAK CORP WORLD WIDE INC - Form 10QSB/A

The Jurak Classic Whole Body Tonic is marketed in a 42-ounce bottle; a 20-ounce bottle, and a 1 oz mono-dose packaged as 35 doses in a box; all which constitute almost 100% of the sales; the difference being the recent introduction of Company's new product, Helena.

We have obtained trademark protection for the name "JC Tonic" within the United States and within Canada. We also own the web sites www.jurak.com, www.jctonic.com and www.tonicman.com.

In December 2005, the Company introduced the first of its personal care products called Helena, Whole Body Anti-Aging Skin Rejuvenator. This product was developed as well by Carl Jurak and given to Beverly Hills research chemist and anti-aging skin care expert, David Wood, PhD. and his team to be synergistically re-formulated with other advanced ingredients. It is a revolutionary product that sets new standards in anti-aging treatments.

We have obtained trademark protection for the name "Helena" within the United States.

We distribute our products through a network marketing system using independent distributors. Network marketing appeals to a wide cross-section of people, particularly those seeking to supplement income, start a home-based business or pursue entrepreneurial opportunities other than conventional full-time employment. We consider our attractive compensation plan and cash bonus pools to be attractive components of our network marketing system. We also believe that our network marketing system is ideally suited to

9

market herbal supplement products because sales of such products are strengthened by ongoing personal contact between our distributors and their customers. Distributors are given the opportunity through sponsored events and raining sessions to network with other distributors, develop selling skills and establish personal goals. We supplement monetary incentives with other forms of recognition in order to further motivate and foster an atmosphere of excitement through our distributor network.

RESULTS OF OPERATIONS

For the Three Month Period Ended February 28, 2006 Compared to the Three Month

Period Ended February 28, 2005.

We incurred a net loss of (\$225,589) during the three-month period ended February 28, 2006 compared to a net loss of (\$72,852) incurred during the three-month period ended February 28, 2005 (an increase of \$152,737).

During the three month period ended February 28, 2006, we generated \$380,012 in gross sales compared to \$545,009 in gross sales during the three month period ended February 28, 2005 (a decrease of \$164,997). Cost of sales decreased during the three month period ended February 28, 2006 to \$96,528 from \$107,673 for the same period during 2005 (a decrease of \$11,145). The resulting gross profit during the three month period ended February 28, 2006 was \$283,484 compared to \$437,336 during the three month period ended February 28, 2005 (a decrease of \$153,852).

During the three month period ended February 28, 2006, we incurred

Edgar Filing: JURAK CORP WORLD WIDE INC - Form 10QSB/A

\$489,527 in selling, general and administrative expense compared to \$481,073 in selling, general and administrative expense incurred during the three month period ended February 28, 2005 (an increase of \$8,454). Selling, general and administrative expenses comprised our operating expenses and consisted of: (i) \$183,796 in selling expenses; and (ii) \$305,731 in general and administrative expenses. Interest expense of \$19,546 was incurred during the three month period ended February 28, 2006 compared to interest expense of \$29,115 during the same period in 2005. Therefore, during the three month period ended February 28, 2006, net loss was (\$225,589) compared to a net loss of (\$72,852) incurred during the three month period ended February 28, 2005. Our management anticipates that the profit margin will increase as we acquire new customers and continue to try to lower our cost of sales and selling, general and administrative expenses.

As a result of the above, the Company's net loss for the three-month period ended February 28, 2006 was (\$225,589) or (\$0.006) per common share.

For the Nine Month Period Ended February 28, 2006 Compared to the Nine Month

Period Ended February 28, 2005.

We incurred a net loss of (\$836,529) during the nine-month period ended February 28, 2006 compared to a net loss of approximately (\$157,406) incurred during the nine-month period ended February 28, 2005 (an increase of \$679,123).

During the nine month period ended February 28, 2006, we generated \$1,143,473 in gross sales compared to \$1,817,864 in gross sales during the nine month period ended February 28, 2005 (a decrease of \$674,391). Cost of sales decreased during the nine-month period ended February 28, 2006 to \$265,629 from \$399,063 for the same period during 2005 (a decrease of \$133,434). Therefore, during the nine month period ended February 28, 2006, gross profit was \$877,844 compared to gross profit of \$1,418,801 during the nine month period ended February 28, 2005 (a decrease of \$540,957).

During the nine month period ended February 28, 2006, we incurred \$1,642,897 in selling, general and administrative expense compared to \$1,477,153 in selling, general and administrative expense incurred during the nine month period ended February 28, 2005 (an increase of \$165,744). Selling, general and administrative expenses comprised our operating expenses and consisted of: (i) \$617,447 in selling expenses; and (ii) \$1,025,450 in general and administrative expenses. Interest expense of \$71,476 was incurred during the nine month period ended February 28, 2006 compared to interest expense of \$99,054 during the same period in 2005. Therefore, during the nine-month period ended February 28, 2006, net loss was (\$836,529) compared to a net loss of (\$157,406) incurred during the nine month period ended February 28, 2005. Our management anticipates that the profit margin will increase as we acquire new customers and continue to lower our cost of sales and selling, general and administrative expenses.

10

As a result of the above, the Company's net loss for the nine-month period ended February 28, 2006 was (\$836,529) or (\$0.024) per share.

LIQUIDITY AND CAPITAL RESOURCES
Nine-Month Period Ended February 28, 2006

We have historically had more expenses and cost of sales than revenue in each year of our operations. The accumulated deficit as of February 28, 2006 was (\$4,383,946) and current liabilities are in excess of current assets. Generally,

Edgar Filing: JURAK CORP WORLD WIDE INC - Form 10QSB/A

we have financed operations to date through the proceeds of the private placement of equity and debt securities and the generation of sales revenue. In connection with our business plan, management anticipates that there may be additional increases in working capital expenses and capital expenditures relating to operating expenses. We intend to finance these expenses with further issuances of our securities and revenues from operations. Therefore, we expect we may need to raise additional capital and increase our revenues to meet long-term operating requirements.

As of the nine-month period ended February 28, 2006, our current assets were \$81,718 and our current liabilities were \$1,987,252 which resulted in a working capital deficit of (\$1,905,534). As of the nine-month period ended February 28, 2006, our total assets were \$144,504 consisting of: (i) \$8,653 in cash and cash equivalents; (ii) \$147 in accounts receivable; (iii) \$66,431 in inventories; (iv) \$6,487 in prepaid expenses; (v) \$35,544 in restricted cash; (vi) \$9,410 in deposits; and (vii) \$17,832 in net valuation of office furnishings and equipment.

As of the nine-month period ended February 28, 2006, our total liabilities were \$1,987,252 consisting of: (i) \$1,317,241 payable to stockholder/officer; (ii) \$125,736 in accrued royalties; (iii) \$258,669 in accrued compensation; (iv) \$258,669 in accounts payable; and (v) \$6,033 in current and long-term capital lease obligation. See " - Material Commitments" below.

During the nine month period ended February 28, 2006, net cash used in operating activities was (\$220,646) consisting primarily of a net loss of (\$836,529), which was adjusted by \$171,720 worth of stock issued for services, \$9,145 for depreciation, \$37,763 for inventory, \$25,793 in accounts payable, \$5,659 in prepaid expenses, and \$365,389 in accrued compensation and royalties and \$414 in accounts receivable.

During the nine month period ended February 28, 2006, net cash used in or from investing activities was \$0.

During the nine month period ended February 28, 2006, net cash provided by financing activities was \$228,811 consisting primarily of \$269,566 in cash received for issuance of common stock, which was adjusted by (\$28,572) in payments on notes payable- stockholder, (\$4,942) in payments on capital lease obligations and (\$7,241) from checks issued in excess of bank balance.

PLAN OF OPERATION

As of the date of this Quarterly Report, we have generated revenue from operations and continue to rely upon internally generated funds and advances, funds from the sale of shares of stock and loans from our shareholders and private investors to finance our operations and growth. Management anticipates a possible increase in operating expenses and capital expenditures relating to its business operations.

We may finance further expenditures with future issuances of our restricted common stock. We believe that potential sales revenues and any private placements of equity capital and debt financing, if successful, may be adequate to fund our operations over the next year. We may encounter business endeavors that require significant cash commitments or unanticipated problems or expenses that could result in a requirement for additional cash before that time. If we raise additional funds through the issuance of equity or convertible debt securities other than to current shareholders, the percentage ownership of our current shareholders would be reduced, and such securities might have rights, preferences or privileges senior to our common stock. Additional financing may not be available upon acceptable terms, or at all. If adequate funds are not available or are not available on acceptable terms, we may not be able to take advantage of potential marketing opportunities for our products, which could

Edgar Filing: JURAK CORP WORLD WIDE INC - Form 10QSB/A

significantly and materially restrict our business operations.

As of the date of this Quarterly Report, management believes that an estimated \$2,000,000 to \$5,000,000 is required over the next two years for payment of expenses associated with our ongoing business operations. Management believes that we can satisfy our cash requirements for approximately the next twelve months based on sales revenues, proceeds received from private placement offerings, and our ability to obtain advances or equity private placements from certain investors and other parties, as necessary.

11

As of the date of this Quarterly Report, there is substantial doubt regarding our ability to continue as a going concern as we have not generated sufficient cash flow to fund our business operations and material commitments. We must raise additional capital. We have not generated sufficient cash flow in the past to fund our operations and activities. Historically, we have relied upon internally generated funds, funds from the sale of shares of stock and loans from our shareholders and private investors to finance our operations and growth. Our future success and viability are entirely dependent upon our current management to generate revenues from our business operations and raise additional capital through further private offerings of our stock or loans from private investors. Management is optimistic that we will be successful in our capital raising efforts. There can be no assurance, however, that we will be able to generate sufficient revenues or raise additional capital. Our failure to successfully generate sufficient revenues and/or raise additional capital will have a material and adverse affect upon us and our shareholders.

MATERIAL COMMITMENTS

In connection with our business operations, we incurred liability or borrowed funds pursuant to various contractual arrangements representing the following material commitments.

Royalty Agreement

On approximately January 1, 1999, we and Jurak Holdings Limited, a corporation organized under the laws of the Province of Alberta and an affiliate of our Chief Executive Officer and a director (the "Jurak"), entered into an intellectual property license agreement (the "License Agreement"). Pursuant to the terms and provisions of the License Agreement, we are required to pay a minimum royalty fee of \$10,000 for fiscal year 1999, \$10,000 for fiscal year 2000, \$100,000 for fiscal year 2001, \$200,000 for fiscal year 2002, and \$500,000 for fiscal year 2003 and each calendar year thereafter during the first ten years of the License Agreement (the "Minimum Royalty Fee"). Furthermore, in addition to the Minimum Royalty Payment, we are required to pay a continuing royalty fee of the percent of the net sales price of all license products sold under the License Agreement (the "Continuing Royalty Fee") in excess of the minimum royalty fee.

A significant and estimate material agreement for us for fiscal year 2005 and 2006 are the amounts of the Minimum Royalty Fee and the Continuing Royalty Fee due and owing under the terms of the License Agreement. As of the date of this Quarterly Report, the amount of the accrued royalties due and owing pursuant to the Minimum Royalty Fee and the Continuing Royalty Fee is \$125,000 and \$736, respectively. See Note 3 for sale of restricted stock in exchange for payment of prior accrued royalty fees.

OFF-BALANCE SHEET ARRANGEMENTS

Edgar Filing: JURAK CORP WORLD WIDE INC - Form 10QSB/A

As of the date of this Quarterly Report, we do not have any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to investors. The term "off-balance sheet arrangement" generally means any transaction, agreement or other contractual arrangement to which an entity unconsolidated with us is a party, under which we have: (i) any obligation arising under a guarantee contract, derivative instrument or variable interest; or (ii) a retained or contingent interest in assets transferred to such entity or similar arrangement that serves as credit, liquidity or market risk support for such assets.

ITEM 3. CONTROLS AND PROCEDURES

We maintain disclosure controls and procedures (as defined in Rules 13a-15(e) and 15(d)-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) that are designed to ensure that information required to be disclosed in our reports under the Exchange Act, is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer/Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

12

An evaluation was conducted under the supervision and with the participation of our management, including our Chief Executive Officer/Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures as at February 28, 2006 pursuant to Rules 13a-15(b) and 15d-15(b) under the Exchange Act. Based on that evaluation, our Chief Executive Officer/Chief Financial Officer has concluded that our disclosure controls and procedures were effective as of such date to ensure that information required to be disclosed in the reports we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time period specified in Commission rules and forms.

There has been no change in our internal control over financial reporting (as defined in Rules 13(a)-15(f) and 15(d)-15(f) under the Exchange Act) during the three month period ended February 28, 2006 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting, however the Company did lose the services of their outside controller during the quarter. The Company is currently seeking a replacement controller to assist with financial reporting responsibilities. Additionally, since the Company does not have a formal audit committee, its Board of Directors oversees the responsibilities of the audit committee. The Board is fully aware that there is lack of segregation of duties due to the small number of employees dealing with general administrative and financial matters. However, the Board has determined that considering the employees involved and the control procedures in place, risks associated with such a lack of segregation are insignificant and the potential benefits of adding employees to clearly segregate duties does not justify the expenses associated with such increases at this time.
