The initial per share price of the Common Stock included in the basket is \$71.01. The stocks in the basket may be adjusted for various merger and other reorganization events.

- (2) The Reporting Person has entered into a Share Basket Swap transaction pursuant to which the Reporting Person is obligated to deliver to the counterparty on February 21, 2009 an amount determined in accordance with the terms of the agreement governing the swap based on the appreciation in the stock price of the worst performing stock in a specified basket of 5 stocks, which currently includes Common Stock. The amount the Reporting Person is obligated to deliver at settlement in cash (the "Settlement Amount") is equal to the product of the (x) Equity Notional Amount and (y) the share return of the worst performer (based on stock price) in the basket minus 1 (the "Return"). If the Return is a negative number, the counterparty will be obligated to pay the Settlement Amount to the Reporting Person. [Continued in footnote 3]

The Reporting Person may elect to deliver the value of such shares in cash, and will deliver the value of any fractional shares in cash.

- (7) On the expiration date, the Reporting Person is obligated to deliver either (i) if the final value, as determined pursuant to the agreement governing the notes (the "Final Value") of each of the shares in reference basket described below is equal to or greater than the initial value of such share, \$5 million, or (ii) if the Final Value of one or more of the reference stocks is less than the initial value of such share(s), the Reference Asset Amount, as defined in the agreement governing the note, for the worst performing of the reference shares. [Continued in footnote 8]

- (8) [Continued from footnote 7] The reference basket currently consists of three stocks, one of which is Common Stock, but is subject to adjustment for certain merger and other reorganization type events. The Reference Asset Amount is generally, for each \$1000 principal amount of the notes, a number of shares of the reference issuer obtained by dividing 1000 by the initial price of the reference stock. The notes bear interest at a rate of 18% per annum, payable in arrears. The initial per share price of Common Stock included in the reference basket is \$108.95.

- (9) On the expiration date, the Reporting Person is obligated to deliver either (i) if the share return, as determined pursuant to the agreement governing the notes (the "Return") of each of the shares in the reference basket described below is equal to or greater than 1, the principal amount of the notes, or (ii) if the Return of one or more of the reference stocks is less than 1, an amount determined by multiplying the principal amount of the notes by the Return of the worst performing of the reference shares, but not less than .01.
