PRESS RELEASE

PROPOSED SHARE OWNERSHIP CHANGES AT VEOLIA TRANSDEV

Paris, October 23, 2012._ The Caisse des Dépôts and Veolia Environnement hereby announce that they have entered discussions with a view to reaching a final agreement aimed at strengthening the balance sheet of Veolia Transdev and furnishing it with the resources to pursue its strategic development.

Under the resulting agreement, the Caisse des Dépôts and Veolia Environnement would subscribe to a €800 million capital increase by conversion of shareholder loans. Following this transaction, the Caisse des Dépôts would hold 60% of the capital of Veolia Transdev and would take exclusive control of that company. Veolia Environnement would retain a 40% shareholding.

The transaction would be accompanied by targeted disposals and the refinancing of bank loans. These operations would increase Veolia Transdev's financial flexibility and enable it to prioritize repayment of the shareholder loans made by Veolia Environnement.

Prior to this restructuring, Veolia Environnement would acquire the 66% stake held by Veolia Transdev in SNCM and its subsidiaries, together with attached rights and obligations.

With a long history of partnering local governments, the Caisse des Dépôts sees this takeover as a long-term commitment, aimed at addressing contemporary mobility issues, including environmental impacts, increasing urban growth, multi-modal transportation, soft mobility, digital communications, etc.

For Veolia Environnement, this project would represent a first step in its progressive withdrawal from Transportation activities.

The final agreements on the takeover of Veolia Transdev by the Caisse des Dépôts must receive the approval of the Board of Directors of Veolia Environnement, and will be the subject of a decision by the Chief Executive Officer of the Caisse des Dépôts upon receipt of that institution's Investment Committee and Supervisory Board advice.

Attention is drawn to the fact that no final agreement has been reached between the parties at this juncture, and that discussions will continue after consulting with and informing the employee representative bodies. Veolia Environnement will inform the financial markets of further developments relating to this project, as required and in compliance with the applicable regulations.

Veolia Environnement (Paris Euronext: VIE and NYSE: VE) is the worldwide reference in environmental solutions. With more than 330,000 employees the company has operations all around the world and provides tailored solutions to meet the needs of municipal and industrial customers in four complementary segments: water management, waste

management, energy management and passenger transportation. Veolia Environnement recorded revenue of €29.6 billion* in 2011. www.veolia.com
