No interlocking relationship exists between the Company's Board of Directors or Salary Administration Committee and the board of directors or compensation committee of any other company.

Director Cash Compensation

Each non-employee member of the Board of Directors of the Company is paid \$300 per month. Non-employee directors of the Bank are paid a fee of \$600 per month and \$150 for each regular or special meeting attended. In addition, non-employee directors who are members of the Audit Committee of the Company receive \$100 per month. No fees are paid for being a member of or attending any meetings of any other committee of the Company or the Bank. The Company allows each member of the Board of Directors to elect to defer receipt of his or her fees until January 30 of the calendar year immediately following the date in which such member ceases to serve as a member of the Board of Directors. The deferred fees earn interest at an interest rate equal to the Bank's cost of funds on November 30 of each year. A director who is an officer or employee of the Company or the Bank receives no separate compensation for service as a director of the Company or the Bank.

Report of the Audit Committee

The role of the Company's Audit Committee, which is composed of six independent non-employee directors, is one of oversight of the Company's management and of KPMG LLP, the Company's outside auditors, in regard to the Company's financial reporting and the Company's controls respecting accounting and financial reporting. In performing its oversight function, the Audit Committee relied upon advice and information received in its discussions with the Company's management and independent auditors. The Audit Committee has (i) reviewed and discussed the Company's audited financial statements for the fiscal year ended December 31, 2000 with the Company's management; (ii) discussed with the Company's independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 regarding communication with audit committees (Codification of Statements on Auditing Standards, AU sec. 380); (iii) received the written disclosures and the letter from the Company's independent accountants required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees); and (iv) has discussed with the Company's independent accountants the independent accountants' independence. Based on the review and discussions with management and the Company's independent auditors referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2000 for filing with the Securities and Exchange Commission.

Audit Fees

<u>Audit Fees</u>	<u>Financial Information Systems Design and Implementation Fees</u>	<u>All Other Fees</u>
\$ 75,400	\$ 0	\$ 34,500

The Audit Committee considered whether the independent auditors provision of non-audit services to the Company is compatible with the auditors' independence.

Employment Agreements; Change-In-Control Agreements and Early Retirement Agreements

The Bank and the Company have entered employment agreements with Messrs. McNeil and Johnson each dated as of November 1, 2000. These agreements are designed to assist the Company and the Bank in maintaining a stable and competent management team. The employment agreements provide for an initial base salary of \$200,000 and \$125,000 for Messrs. McNeil and Johnson, respectively, but are subject to a potential annual upward adjustment based on a review of each employee's performance by the Compensation Committee of the Board of Directors. Each agreement has a two year term and on the first anniversary of the date of the agreement and on each anniversary thereafter, the term automatically extends for a period of twelve months in addition to the remaining term of employment, unless any party to the agreement gives contrary written notice or under certain other circumstances. Each agreement will terminate upon death or disability of the employee. In addition, either employee may terminate his agreement upon notice to the Company or the Bank. In the event that either Mr. McNeil or Mr. Johnson terminates his employment for Good Reason (as such term is defined in the applicable employment agreements) or is terminated by the Company or Bank, other than for cause, or by reason of disability of the employee, the employee will continue to receive his salary and a reimbursement for the cost of premiums to maintain the same level of health insurance coverage as he was receiving before the date of termination through the remaining term of the agreement. The employment agreements also provide, among other things, for participation in an equitable manner in employee benefits applicable to executive personnel.

Concurrent with the execution of their employment agreements, each of Messrs. McNeil and Johnson also entered into a Change-in-Control Agreement with the Bank. These agreements are designed to assist the Company and the Bank in maintaining a stable and competent management team. These agreements provide for an initial term of two years with an automatic extension for one year and from year to year thereafter unless notice of termination is given by either applicable party. In the event that employment with the Company or the Bank is terminated in connection with, or within 12 months after, certain change of control events or the employee voluntarily terminates his employment (under certain circumstances) in connection with such events, the Change-In-

Control Agreements provide for a cash payment of 299% of the employee's annual average base salary. This amount is in addition to the payment to the employee of his salary for the remainder of the term of his employment pursuant to his relevant employment agreement. The Change-In-Control Agreements also provide that the employees can participate in the health, disability and life insurance plan or program that the employees were entitled immediately prior to such termination. The amounts payable pursuant to the Change-In-Control Agreements will be reduced by the amount of any severance pay that the employees receive from the Bank, its subsidiaries or its successors. Based on their current salaries, if the employment of Messrs. McNeil and Johnson had been terminated as of December 31, 2000 under circumstances giving rise to the 299% salary payment described above, such individuals would have been entitled to receive maximum lump-sum cash payments of approximately \$568,100 and \$373,750, respectively.

The Bank entered into an early retirement agreement with Mr. Gardner dated as of October 24, 2000. Pursuant to this agreement Mr. Gardner resigned as an officer and director of the Company and the Bank, but remains an employee of the Bank until June 30, 2001. The agreement provides that Mr. Gardner will continue to receive his current base salary of \$11,250 per month and his employee benefits until June 30, 2001. Between July 1, 2001 and May 23, 2003, the Bank will pay Gardner a severance amount of \$11,250 per month and certain medical plan and life insurance payments. In addition, the Company agreed to appoint Mr. Gardner as a director emeritus until the Company's 2005 Annual Meeting of stockholders. The early retirement agreement superseded the prior employment agreement between the Company and Mr. Gardner pursuant to which Mr. Gardner served in his chief financial officer position.

Until his resignation as Chairman of the Board of Directors, Chief Executive Officer and President on September 30, 2000, the Bank and Mr. Weise were parties to an employment agreement. No severance amounts were payable to Mr. Weise under this agreement upon his retirement.

Pension Plan

The Bank's employees are included in the Financial Institutions Retirement Fund, a multi-employer comprehensive pension plan (the "Pension Plan"). This non-contributory defined benefit retirement plan covers all employees who have met minimum service requirements. Employees become 100% vested in the Pension Plan after five years of eligible service (as defined in the Pension Plan). The Bank's policy is to fund the maximum amount that can be deducted for federal income tax purposes. No contribution was made to the Pension Plan during 2000 because the Pension Plan was fully funded.

The above table illustrates annual pension benefits payable upon retirement, which are not subject to offset for Social Security payments or other payments, based on various levels of compensation and years of service and assuming payment in the form of a straight-line annuity. Benefits payable under the Pension Plan are based upon 1% of the average cash remuneration for the highest five consecutive calendar years multiplied by the number of years of service of the employee. At December 31, 2000, Messrs. Gardner, McNeil and Johnson had 18.5, 2.8, and 8.5 years of credited service under the Pension Plan, respectively.

Compensation Committee Report on Executive Compensation

Compensation Policy. The Compensation Committee of the Company has designed the compensation for the executive officers in order to attract and retain individuals who have the skills, experience and work ethic to provide a coordinated work force that will effectively and efficiently carry out the policies adopted by the Board of Directors and to manage the Company and its subsidiaries to meet the Company's

mission, goals and objectives.

To determine the compensation for the executive officers the Compensation Committee reviews (i) the financial performance of the Bank over the most recently completed fiscal year (principally return on assets, general and administrative expense, CAMELS rating, compliance rating and quality of assets) compared to results at comparable companies within the banking industry, and (ii) the responsibilities and performance of each individual executive officer and the compensation levels of such personnel with the compensation of personnel with similar responsibilities at other comparable companies within the banking industry. The Compensation Committee evaluates all factors subjectively in the sense that they do not attempt to tie any factors to a specific level of compensation.

All employees and executive officers participate on an equal, nondiscriminatory basis in the Bank's medical insurance plan, medical reimbursement plan, child care plan, long-term disability plan and group life insurance plan. The Bank also provides to all employees and executive officers on a nondiscriminatory basis participation in the Pension Plan, a 401(k) Plan and the ESOP. Nondiscretionary cash bonuses (up to a maximum of \$150) are awarded annually to all employees based upon years of service, with an additional nondiscretionary cash bonus awarded to employees every five years of service.

In addition, executive and certain other officers are also provided an opportunity to earn a cash bonus in an amount up to 10% of their base salary. The amount of this bonus is determined in accordance with the Company's consolidated performance in relation to its annual budget set by the Board of Directors. If the Company's consolidated performance meets or exceeds the annual budget, the officers receive the entire bonus amount. If the Company's consolidated performance is below budget, the officers receive a bonus which is the same percentage of the maximum potential bonus amount as the Company's consolidated performance was to its budget.

Stock Option Plan and Restricted Stock Award Plan. The Stock Option Plan and the 1995 Recognition and Retention Plan were designed to reward Board members and executive officers for the future long term performance of the Company, based on the responsibilities of the Board and of the executive officers and other senior managers to manage the Bank and the Company. Except for the April 1999, grant to Mr. McNeil of a stock option for 50,000 shares of Common Stock of the Company, the Compensation Committee has not made any other awards under either plan to any executive officer since 1995 because the Compensation Committee believes that the 1995 awards provide adequate incentive to those employees.

Report on Executive Officer Compensation. The former Chief Executive Officer's compensation and the President's compensation were based on the same factors as those applied to all employees and executive officers. Except for the performance based bonus, there were no special programs designed especially for the former Chief Executive Officer, the President or any other executive officer. In 2000 the Company's consolidated performance was below its annual budget and, as a result, the executive officers received approximately 97% of the maximum potential bonus amount. As shown in the table set forth under "Security Ownership of Management and Certain Beneficial Owners" above, the President holds an interest in the Company's Common Stock. It is the philosophy of the Compensation Committee that the financial rewards and incentives for the President come in large part from increases in the value of the Company's Common Stock. The Compensation Committee plans to follow the same philosophy in the compensation of the President.

Certain Transactions

The Bank follows a policy of granting loans to eligible directors, officers, employees and members of their immediate families for the financing of their personal residences and for consumer purposes. The rate charged on mortgage loans is generally equal to the then current rate offered to the general public, although certain fees are reduced or waived. The consumer rate charged is generally 1% below the then current rate offered to the general public. At December 31, 2000, the aggregate amount of the Bank's loans to directors, executive officers, affiliates of directors or executive officers, and employees was approximately \$3.0 million (of which approximately \$0.5 million represents loans to directors, executive officers and affiliates of directors or executive officers) or 0.75% of the Company's stockholders' equity. All of these loans were current at December 31, 2000. All of the loans to directors and executive officers (a) were made in the ordinary course of business, (b) were made on substantially the same terms, including collateral, as those prevailing at the time for comparable transactions with other persons, except for the employee interest rate, fee reduction or fee waiver, and (c) did not involve more than the normal risk of collectibility or other unfavorable features.

PROPOSAL II APPROVAL OF THE HMN FINANCIAL, INC. 2001 OMNIBUS STOCK PLAN

Introduction. Effective March 23, 2001, the Company's Board of Directors authorized the adoption of the HMN Financial, Inc. 2001 Omnibus Stock Plan (the "2001 Plan"), which is attached as Exhibit B to this Proxy Statement. At that time, the Board directed that the Company submit the 2001 Plan to the stockholders of the Company for approval at the April 2001 Annual Meeting of Stockholders. If the stockholders approve the 2001 Plan, it will be effective as of March 23, 2001.

Edgar Filing: HMN FINANCIAL INC - Form DEF 14A

The Company currently issues stock options under one incentive plan. The Stock Option Plan, provides that the Committee may grant options to purchase shares of Common Stock of the Company, not to exceed 912,866 shares in the aggregate. The Stock Option Plan expires June 2005. To date, approximately 903,469 shares have been issued, 656,344 shares are subject to outstanding options and 9,397 shares remain available for issuance. In the event this proposal is approved by the stockholders, there will be 1,065,741 shares subject to outstanding options or available for issuance of stock-based awards.

The Salary Administration, the Compensation Committee and the Board of Directors continue to believe that stock-based compensation programs are a key element in achieving the Company's continued financial and operational success. The Company's compensation programs have been designed to motivate representatives of the Company to work as a team to achieve the corporate goal of maximizing stockholder return.

The descriptions set forth below are in all respects qualified by the terms of the 2001 Plan.

Purpose. The purpose of the 2001 Plan is to promote the interests of the Company and its stockholders by providing key personnel of the Company and its affiliates with an opportunity to acquire a proprietary interest in the Company and reward them for achieving a high level of corporate performance and thereby develop a stronger incentive to put forth maximum effort for the continued success and growth of the Company and its affiliates. In addition, the opportunity to acquire a proprietary interest in the Company will aid in attracting and retaining key personnel of outstanding ability. The 2001 Plan is also intended to provide directors of the Company who are not employees of the Company (the "Outside Directors") with an opportunity to acquire a proprietary interest in the Company, to compensate Outside Directors for their contributions to the Company and to aid in attracting and retaining Outside Directors.

Administration. The 2001 Plan is administered by the Company's Compensation Committee (the "Committee"). The Committee has the authority to adopt, revise and waive rules relating to the 2001 Plan and to determine the timing and identity of participants, the amount of any awards and other terms and conditions of awards. The Committee may delegate its responsibilities under the 2001 Plan to members of management of the Company or to others with respect to the selection and grants of awards to employees of the Company who are not deemed to be officers, directors or 10% stockholders of the Company under applicable Federal securities laws.

The regulations under Section 162(m) of the Internal Revenue Code of 1986 (the "Code") require that the directors who serve as members of the Committee must be "outside directors." The 2001 Plan provides that directors serving on the Committee may be "outside directors" within the meaning of Section 162(m). This limitation would exclude from the Committee directors who are (i) current employees of the Company or an affiliate, (ii) former employees of the Company or an affiliate receiving compensation for past services, other than benefits under a tax-qualified pension option plan, (iii) current and former officers of the Company or an affiliate, (iv) directors currently receiving direct or indirect remuneration from the Company or an affiliate in any capacity, other than as a director, and (v) any other person who is not otherwise considered an "outside director" for purposes of Section 162(m). The definition of an "outside director" under Section 162(m) is generally narrower than the definition of a "non-employee director" under Rule 16b-3 of the Securities Exchange Act of 1934.

Eligibility and Number of Shares. All employees of the Company and its affiliates and other individuals or entities that are not employees but who provide services to the Company or its affiliates in capacities such as consultants, advisors and directors are eligible to receive awards under the 2001 Plan at the discretion of the

Committee. Incentive stock options under the 2001 Plan may be awarded by the Committee only to employees. There are approximately 152 total employees and others who provide services to the Company and its affiliates, any or all of whom may be considered for the grant of awards under the 2001 Plan at the discretion of the Committee.

The total number of shares of Company Common Stock available for distribution under the 2001 Plan is 400,000, subject to adjustment for future stock splits, stock dividends and similar changes in the capitalization of the Company. No more than 50,000 shares pursuant to stock options and no more than 50,000 shares pursuant to stock appreciation rights may be granted to any one participant under the 2001 Plan in any calendar year. Subject to this limitation, there is no limit on the number of shares in respect of which awards may be granted by the Committee to any person.

The 2001 Plan provides that all awards are subject to agreements containing the terms and conditions of the awards. Such agreements will be entered into by the recipients of the awards and the Company on or after the time the awards are granted and are subject to amendment, including unilateral amendment by the Company unless such amendments are determined by the Committee to be materially adverse to the participant and are not required as a matter of law. Any shares of Company Common Stock subject to awards under the 2001 Plan which are not used because the terms and conditions of the awards are not met may be reallocated as though they had not previously been awarded, unless such shares were used to calculate the value of stock appreciation rights which have been exercised.

Types of Awards. The types of awards that may be granted under the 2001 Plan include restricted and unrestricted stock, incentive and nonstatutory stock options, stock appreciation rights and other stock-based awards. Subject to the restrictions described in this Proxy Statement with respect to incentive stock options, such awards will be exercisable by the participants at such times as are determined by the Committee. Except as noted below, during the lifetime of a person to whom an award is granted, only that person, or that person's legal representative, may exercise an option or stock appreciation right, or receive payment with respect to any other award. No award may be sold, assigned, transferred, exchanged or otherwise encumbered other than to a successor in the event of a participant's death or pursuant to a qualified domestic relations order. However, the Committee may provide that an award, other than incentive stock options, may be transferable to members of the participant's immediate family or to one or more trusts for the benefit of such family members or partnerships in which such family members are the only partners, if the participant does not receive any consideration for the transfer.

In addition to the general characteristics of all of the awards described in this Proxy Statement, the basic characteristics of each type of award that may be granted to an employee, and in some cases, a consultant, advisor or director, under the 2001 Plan are as follows:

Restricted and Unrestricted Stock and Other Stock-Based Awards. The Committee is authorized to grant, either alone or in conjunction with other awards, stock and stock-based awards. The Committee shall determine the persons to whom such awards are made, the timing and amount of such awards, and all other terms and conditions. Company Common Stock granted to participants may be unrestricted or may contain such restrictions, including provisions requiring forfeiture and imposing restrictions upon stock transfer, as the Committee may determine. Unless forfeited, the recipient of restricted Common Stock will have all other rights of a stockholder, including without limitation, voting and dividend rights. The 2001 Plan provides that no more than 100,000 shares in the form of restricted stock and 50,000 shares in the form of unrestricted stock can be issued under the 2001 Plan.

Incentive and Nonstatutory Stock Options. Both incentive stock options and nonstatutory stock options may be granted to participants at such exercise prices as the Committee may determine, provided that the exercise price of nonstatutory stock options shall be not less than 50% of the fair market value of the underlying stock as of the date the option is granted and the exercise price of incentive stock options shall be not less than 100% of the fair market value of the underlying stock as of the date the option is granted. Stock options may be granted and exercised at such times as the Committee may determine, except that unless applicable Federal tax laws are modified, (i) no incentive stock options may be granted more than 10 years after the effective date of the 2001 Plan, (ii) an incentive stock option shall not be exercisable more than 10 years after the date of grant and (iii) the aggregate fair market value of the shares of Company Common Stock with respect to which incentive stock options

15

held by an employee under the 2001 Plan and any other plan of the Company or any affiliate may first become exercisable in any calendar year may not exceed \$100,000. Additional restrictions apply to an incentive stock option granted to an individual who beneficially owns 10% or more of the outstanding shares of the Company.

The purchase price for stock purchased upon the exercise of the options may be payable in cash, in stock having a fair market value on the date the option is exercised equal to the option price of the stock being purchased or in a combination of cash and stock, as determined by the Committee. The Committee may permit optionees to simultaneously exercise options and sell the stock purchased upon such exercise pursuant to brokerage or similar relationships and use the sale proceeds to pay the purchase price. The Committee may provide, at or after the grant of a stock option, that a 2001 Plan participant who surrenders shares of stock in payment of an option shall be granted a new incentive or nonstatutory stock option covering a number of shares equal to the number of shares so surrendered. The Committee may prevent participants from purchasing options in any manner that could have adverse financial accounting consequences for the Company.

In addition, options may be granted under the 2001 Plan to employees of entities acquired by the Company in substitution of options previously granted to them by the acquired entity.

Stock Appreciation Rights. The value of a stock appreciation right granted to a participant is determined by the appreciation in Company Common Stock, subject to any limitations upon the amount or percentage of total appreciation that the Committee may determine at the time the right is granted. The participant receives all or a portion of the amount by which the fair market value of a specified number of shares, as of the date the stock appreciation right is exercised, exceeds a price specified by the Committee at the time the right is granted. The price specified by the Committee must be at least 100% of the fair market value of the specified number of shares of Company Common Stock to which the right relates determined as of the date the stock appreciation right is granted. Payments with respect to stock appreciation rights may be paid in cash, shares of Company Common Stock or a combination of cash and shares as determined by the Committee.

Acceleration of Awards, Lapse of Restrictions, Termination of Employment, Forfeiture. The Committee may provide for the lapse of restrictions on restricted stock or other awards, or accelerated exercisability of options, stock appreciation rights and other awards in the event of certain fundamental changes in the corporate structure of the Company, the death of the participant or such other events as the Committee may determine.

In the event of the death or disability of a participant, options that were not previously exercisable will become immediately exercisable in full if the participant was continuously employed by the Company and its affiliates between the date the option was granted and the date of such disability, or, in the event of death, a date not more than three months prior to such death. If a participant's employment or other relationship with the Company, including service as a director or director emeritus, terminates for any reason other than death or disability, then any option or stock appreciation right that has not expired shall remain exercisable for three months after termination of the participant's employment, or service as a director or director emeritus, but, unless otherwise provided in the agreement, only to the extent such option or stock appreciation right was exercisable prior to such participant's termination of employment. In no event may an option be exercisable at any time after its expiration date.

Unless otherwise provided in an agreement, if a participant's employment or other relationship with the Company and its affiliates terminates due to death or disability, the participant shall be entitled to receive a number of shares of restricted stock under outstanding awards that has been prorated for the term of the participant's employment and for which portion the restrictions shall lapse.

The Committee may condition a grant upon the participant's agreement that in the event of certain occurrences, which may include a participant's competition with, unauthorized disclosure of confidential information of, or violation of the applicable business ethics policy or business policy of the Company or any of its affiliates, the awards paid to the participant within six months prior to the termination of employment of the participant (or their economic value) may be subject to forfeiture at the Committee's option.

16

Adjustments, Modifications, Cancellations. The 2001 Plan gives the Committee discretion to adjust the kind and number of shares available for awards or subject to outstanding awards and the option price of outstanding options in the event of mergers, recapitalizations, stock dividends, stock splits or other relevant changes. The 2001 Plan also gives the Board the right to terminate, suspend or modify the 2001 Plan, except that amendments to the 2001 Plan are subject to stockholder approval if needed to comply with the incentive stock option provisions of Federal tax laws. Under the 2001 Plan, the Committee may cancel outstanding options and stock appreciation rights generally in exchange for cash payments to the participants in the event of certain dissolutions, liquidations, mergers, statutory share exchanges or other similar events involving the Company.

Federal Tax Considerations. The Company has been advised by its counsel that awards made under the 2001 Plan generally will result in the following tax events for United States citizens under current United States Federal income tax laws:

Restricted and Unrestricted Stock. Unless the participant files an election to be taxed under Section 83(b) of the Code, (a) the participant will not realize income upon the grant of restricted stock, (b) the participant will realize ordinary income and the Company will be entitled to a corresponding deduction when the restrictions have been removed or expire and (c) the amount of such ordinary income and deduction will be the fair market value of the restricted stock on the date the restrictions are removed or expire. If the recipient files an election to be taxed under Section 83(b) of the Code, the tax consequences to the participant and the Company will be determined as of the date of the grant of the restricted stock rather than as of the date of the removal or expiration of the restrictions.

With respect to awards of unrestricted stock, (a) the participant will realize ordinary income and the Company will be entitled to a corresponding deduction upon the grant of the unrestricted stock and (b) the amount of such ordinary income and deduction will be the fair market value of such unrestricted stock on the date of grant.

When the participant disposes of restricted or unrestricted stock, the difference between the amount received upon such disposition and the fair market value of such shares on the date the recipient realizes ordinary income will be treated as a capital gain or loss.

Incentive Stock Options. A participant will not realize any taxable income, and the Company will not be entitled to any related deduction, when any incentive stock option is granted under the 2001 Plan. If certain statutory employment and holding period conditions are satisfied before the participant disposes of shares acquired pursuant to the exercise of such an option, then no taxable income will result upon the exercise of such option and the Company will not be entitled to any deduction in connection with such exercise. Upon disposition of the shares after expiration of the statutory holding periods, any gain or loss a recipient realizes will be a capital gain or loss. The Company will not be entitled to a deduction with respect to a disposition of the shares by a participant after the expiration of the statutory holding periods.

Except in the event of death, if shares acquired upon the exercise of an incentive stock option are disposed of before the expiration of the statutory holding periods (a "disqualifying disposition"), the participant will be considered to have realized as compensation, taxable as ordinary income in the year of disposition, an amount, not exceeding the gain realized on such disposition, equal to the difference between the exercise price and the fair market value of the shares on the date of exercise of the option. The Company will be entitled to a deduction at the same time and in the same amount as the participant is deemed to have realized ordinary income. Any gain realized on the disposition in excess of the amount treated as compensation or any loss realized on the disposition will constitute capital gain or loss, respectively. If the participant pays the

option price with shares that were originally acquired pursuant to the exercise of an incentive stock option and the statutory holding periods for such shares have not been met, the participant will be treated as having made a disqualifying disposition of such shares and the tax consequences of such disqualifying disposition will be as described above.

The foregoing discussion applies only for regular tax purposes. For alternative minimum tax purposes an incentive stock option will be treated as if it were a nonstatutory stock option, the tax consequences of which are discussed below.

17

Nonstatutory Stock Options. A participant will not realize any taxable income, and the Company will not be entitled to any related deduction, when any nonstatutory stock option is granted under the 2001 Plan. When a participant exercises a nonstatutory stock option, the participant will realize ordinary income, and the Company will be entitled to a deduction, equal to the excess of the fair market value of the stock on the date of exercise over the option price. Upon disposition of the shares, any additional gain or loss the participant realizes will be a capital gain or loss.

Stock Appreciation Rights. Generally (i) the participant will not realize income upon the grant of a stock appreciation right, (ii) the participant will realize ordinary income and the Company will be entitled to a corresponding deduction, when cash, shares of Common Stock or a combination of cash and shares are delivered to the participant upon exercise of a stock appreciation right and (iii) the amount of such ordinary income and deduction will be the amount of cash received plus the fair market value of the shares of common stock received on the date they are received. The Federal income tax consequences of a disposition of unrestricted shares received by the participant upon exercise of a stock appreciation right are the same as described above with respect to a disposition of unrestricted shares.

Potential Limitation on Company Deductions. Section 162(m) of the Code denies a deduction to any publicly-held corporation for compensation paid to certain "covered employees" in a taxable year to the extent that compensation to such covered employee exceeds \$1 million. It is possible that compensation attributable to stock options, when combined with all other types of compensation received by a covered employee from the Company, may cause this limitation to be exceeded in any particular year.

Certain kinds of compensation, including qualified "performance-based compensation," are disregarded for purposes of the deduction limitation. In accordance with Treasury regulations issued under Section 162(m), compensation attributable to stock options will qualify as performance-based compensation if the option is granted by a compensation committee comprised solely of "outside directors" and either (i) the plan contains a per-employee limitation on the number of shares for which options may be granted during a specified period, the per-employee limitation is approved by the stockholders, and the exercise price of the option is no less than the fair market value of the stock on the date of grant or (ii) the option is granted (or exercisable) only upon the achievement (as certified in writing by the compensation committee) of an objective performance goal established in writing by the compensation committee while the outcome is substantially uncertain, and the option is approved by stockholders. The Company intends that any stock options granted to covered employees will qualify as "performance-based compensation" for purposes of Section 162(m), thereby preserving any available corporate compensation deductions attributable to such options.

Withholding. The 2001 Plan permits the Company to withhold from cash awards, and to require a participant receiving Common Stock under the 2001 Plan to pay the Company in cash, an amount sufficient to cover any required withholding taxes. In lieu of cash, the Committee may permit a participant to cover withholding obligations through a reduction in the number of shares delivered to such participant or a surrender to the Company of shares then owned by the participant.

Voting Requirements, Recommendation. The affirmative vote of the holders of a majority of the outstanding shares of Common Stock of the Company entitled to vote on this item and present in person or by proxy at the Meeting is required for approval of the 2001 Plan and the shares authorized under the 2001 Plan. Proxies solicited by the Board will be voted for approval of the proposal, unless stockholders specify otherwise in their proxies.

For this purpose, a stockholder voting through a proxy who abstains with respect to approval of the 2001 Plan is considered to be present and entitled to vote on the approval of the 2001 Plan at the meeting, and is in effect a negative vote, but a stockholder (including a broker) who does not give authority to a proxy to vote, or withholds authority to vote, on the approval of the 2001 Plan shall not be considered present and entitled to vote on the proposal.

Upon the recommendation of the Audit Committee, the Board of Directors of the Company has appointed KPMG LLP, independent accountants, to be the Company's auditors for the fiscal year ending December 31, 2001 subject to ratification by the shareholders. KPMG LLP has audited the financial statements of the Company since 1966. Representatives of KPMG LLP are expected to attend the Meeting to respond to appropriate questions and to make a statement if they so desire.

While it is not required to do so, the Audit Committee is submitting the appointment of that firm for ratification in order to ascertain the view of stockholders. If the stockholders do not ratify the appointment, the Audit Committee will review the appointment.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS THE COMPANY'S AUDITORS FOR THE FISCAL YEAR ENDING DECEMBER 31, 2001.

STOCKHOLDER PROPOSALS

In order to be eligible for inclusion in the Company's proxy materials for the next Annual Meeting of Stockholders, any stockholder proposal to take action at such meeting must be received at the Company's main office located at 101 North Broadway, Spring Valley, Minnesota 55975-0231, no later than November 23, 2001. Any such proposal shall be subject to the requirements of the proxy rules adopted under the Securities Exchange Act of 1934, as amended.

Under the Company's Bylaws, certain procedures are provided which a stockholder must follow to nominate persons for election as directors or to introduce an item of business at an annual meeting of stockholders. These procedures provide, generally, that stockholders desiring to make nominations for directors, or to bring a proper subject of business before the meeting, must do so by a written notice received not later than 90 days in advance of such meeting (or if the Company does not publicly announce its annual meeting date 100 days in advance of the meeting date, by the close of business on the 10th day following the day on which notice of the meeting is mailed to stockholders or publicly made) by the Secretary of the Company containing the name and address of the stockholder as they appear on the Company's books, the class and number of shares owned by the stockholder, and a representation that the stockholder intends to appear in person or by proxy at the meeting. If the notice relates to a nomination for director, it must also set forth the name and address of any nominee(s), all arrangements or understandings between the stockholder and each nominee and any other person(s) (naming such person(s)) pursuant to which the nomination(s) are to be made, such other information regarding each nominee as would have been required to be included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission had each nominee been nominated by the Board, and the consent of each nominee to be named in the proxy statement and to serve. Notice of an item of business shall include a brief description of the proposed business and a description of all arrangements or understandings between the stockholder and any other person or persons (including their names) in connection with the proposal of such business by the stockholder and any material interest of such stockholder in such business.

The chairman of the meeting may refuse to allow the transaction of any business not presented, or to acknowledge the nomination of any person not made, in compliance with the foregoing procedures. Copies of the Company's Bylaws are available from the Secretary of the Company.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors and executive officers to file initial reports of ownership and reports of changes in ownership with the Securities and

Exchange Commission. Directors and executive officers are required by Commission regulations to furnish the Company with copies of all Section 16(a) forms they file. Based solely on a review of the copies of such forms furnished to the Company and written representations from the Company's directors and executive officers, all Section 16(a) filing requirements were met for the year ended December 31, 2000.

The Committee's responsibility is to oversee the financial reporting process.

The Company's management and its outside auditors, in the exercise of their responsibilities, acquire greater knowledge and more detailed information about the Company and its financial affairs than the members of the Committee. Consequently, the Committee is not responsible for providing any expert or other special assurance as to the Company's financial statements and other financial information or any professional certification as to the outside auditors' work, including, without limitation, their reports on and limited reviews of the Company's financial statements and other financial information. In addition, the opportunity to acquire a proprietary interest in the Company will aid in attracting and retaining key personnel of outstanding ability. Additionally, the Plan is intended to provide Outside Directors with an opportunity to acquire a proprietary interest in the Company, to compensate Outside Directors for their contribution to the Company and to aid in attracting and retaining Outside Directors.

2. *Definitions.*

In carrying out any of its responsibilities, the Committee shall have discretionary authority to construe the terms of the Plan and any Award or Agreement made under the Plan.

3.2 Indemnification. Each person who is or shall have been a member of the Committee, or of the Board, and any other person to whom the Committee delegates authority under the Plan, shall be indemnified and held harmless by the Company, to the extent permitted by law, against and from any loss, cost, liability or expense that may be imposed upon or reasonably incurred by such person in connection with or resulting from any claim, action, suit or proceeding to which such person may be a party or in which such person may be involved by reason of any action taken or failure to act, made in good faith, under the Plan and against and from any and all amounts paid by such person in settlement thereof, with the Company's approval, or paid by such person in satisfaction of any judgment in any such action, suit or proceeding against such person, provided such person shall give the Company an opportunity, at the Company's expense, to handle and defend the same before such person undertakes to handle and defend it on such person's own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such person or persons may be entitled under the Company's Certificate

B-4

of Incorporation or Bylaws, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.

4. *Shares Available Under the Plan.*

(a) The number of Shares available for distribution under the Plan shall not exceed 400,000 (subject to adjustment pursuant to Section 15 of the Plan).

(b) Any Shares subject to the terms and conditions of an Award under the Plan that are not used because the terms and conditions of the Award are not met may again be used for an Award under the Plan; provided however, that Shares with respect to which a Stock Appreciation Right has been exercised whether paid in cash and/or in Shares may not again be awarded under the Plan.

(c) Any unexercised or undistributed portion of any terminated, expired, exchanged, or forfeited Award, or any Award settled in cash in lieu of Shares (except as provided in Section 4(b)) below shall be available for further Awards.

Edgar Filing: HMN FINANCIAL INC - Form DEF 14A

(d) For the purposes of computing the total number of Shares granted under the Plan, the following rules shall apply to Awards payable in Shares where appropriate:

- (i) each Option shall be deemed to be the equivalent of the maximum number of Shares that may be issued upon exercise of the particular Option;
- (ii) an Award (other than an Option) payable in some other security shall be deemed to be equal to the number of Shares to which it relates;
- (iii) where the number of Shares available under the Award is variable on the date it is granted, the number of Shares shall be deemed to be the maximum number of Shares that could be received under that particular Award; and
- (iv) where two or more types of Awards (all of which are payable in Shares) are granted to a Participant in tandem with each other, such that the exercise of one type of Award with respect to a number of Shares cancels at least an equal number of Shares of the other, each such joint Award shall be deemed to be the equivalent of the maximum number of Shares available under the largest single Award.

Additional rules for determining the number of Shares granted under the Plan may be made by the Committee as it deems necessary or desirable.

(e) No fractional Shares may be issued under the Plan; however, cash shall be paid in lieu of any fractional Share in settlement of an Award.

(f) The maximum number of Shares that may be awarded to a Participant in any calendar year in the form of Options is 50,000 and the maximum number of Shares that may be awarded to a Participant in any calendar year in the form of Stock Appreciation Rights is 50,000.

5. *Eligibility.* Participation in the Plan shall be limited to Employees and to individuals or entities who are not Employees but who provide services to the Company or an Affiliate, including services provided in the capacity of a consultant, advisor or director. The granting of Awards is solely at the discretion of the Committee, except that Incentive Stock Options may only be granted to Employees. References herein to "employed," "employment" or similar terms (except "Employee") shall include the providing of services in any capacity or as a director or director emeritus. Neither the transfer of employment of a Participant between any of the Company or its

B-5

Affiliates, nor a leave of absence granted to such Participant and approved by the Committee, shall be deemed a termination of employment for purposes of the Plan.

6. *General Terms of Awards.*

6.1 *Amount of Award.* Each Agreement shall set forth the number of Shares of Restricted Stock, Stock subject to the Agreement, or the number of Shares to which the Option subject to the Agreement applies or with respect to which payment upon the exercise of the Stock Appreciation Right subject to the Agreement is to be determined, as the case may be, together with such other terms and conditions applicable to the Award as determined by the Committee acting in its sole discretion.

6.2 *Term.* Each Agreement, other than those relating solely to Awards of Shares without restrictions, shall set forth the Term of the Option, Stock Appreciation Right, Restricted Stock or other Award. Acceleration of the expiration of the applicable Term is permitted, upon such terms and conditions as shall be set forth in the Agreement, which may, but need not, include, without limitation, acceleration in the event of the Participant's death or retirement.

6.3 *Transferability.* Except as provided in this Section, during the lifetime of a Participant to whom an Award is granted, only that Participant (or that Participant's legal representative) may exercise an Option or Stock Appreciation Right, or receive payment with respect to any other Award. No Award of Restricted Stock (before the expiration of the restrictions),

Edgar Filing: HMN FINANCIAL INC - Form DEF 14A

Options, Stock Appreciation Rights or other Award may be sold, assigned, transferred, exchanged or otherwise encumbered other than to a Successor in the event of a Participant's death or pursuant to a qualified domestic relations order as defined in the Code or Title 1 of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), or the rules thereunder; any attempted transfer in violation of this Section 6.3 shall be of no effect. Notwithstanding the immediately preceding sentence, the Committee, in an Agreement or otherwise at its discretion, may provide that the Award (other than Incentive Stock Options) may be transferable to a Transferee if the Participant does not receive any consideration for the transfer. Any Award held by a Transferee shall continue to be subject to the same terms and conditions that were applicable to that Award immediately before the transfer thereof to the Transferee. For purposes of any provision of the Plan relating to notice to a Participant or to acceleration or termination of an Award upon the death, disability or termination of employment of a Participant, the references to "Participant" shall mean the original grantee of an Award and not any Transferee.

6.4 *Termination of Employment.* Except as otherwise determined by the Committee or provided by the Committee in an Agreement, in case of a Participant's termination of employment, the following provisions shall apply:

(a) *Options and Stock Appreciation Rights.*

(i)

If a Participant's employment or other relationship with the Company and its Affiliates terminates because of the Participant's death, then any Option or Stock Appreciation Right that has not expired or been terminated shall become exercisable in full if the Participant's employment or other relationship with the Company and its Affiliates has been continuous between the date the Option or Stock Appreciation Right was granted and a date not more than three months prior to such death, and may be exercised by the Participant's Successor at any time, or from time to time, within one year after the date of the Participant's death.

(ii)

If a Participant's employment or other relationship with the Company and its Affiliates terminates because the Participant is disabled (within the meaning of Section 22(e)(3) of the Code), then any Option or Stock Appreciation Right that has not expired or been terminated shall become exercisable in full if the

B-6

Participant's employment or other relationship with the Company and its Affiliates has been continuous between the date the Option or Stock Appreciation Right was granted and the date of such disability, and the Participant or the Participant's Successor may exercise such Option or Stock Appreciation Right at any time, or from time to time, within one year after the date of the Participant's disability.

(iii)

If a Participant's employment terminates for any reason other than death or disability, then any Option or Stock Appreciation Right that has not expired or been terminated shall remain exercisable for three months after termination of the Participant's employment or Participant's cessation of service as an Outside Director or director emeritus, whichever occurs later, but, unless otherwise provided in the Agreement, only to the extent that such Option or Stock Appreciation Right was exercisable immediately prior to such Participant's termination of employment or ceasing to be an Outside Director or director emeritus

(iv)

Notwithstanding Sections 6.4(a)(i), (ii) and (iii), in no event shall an Option or a Stock Appreciation Right be exercisable after the expiration of the Term of such Award. Any Option or Stock Appreciation Right that is not exercised within the periods set forth in Sections 6.4 (i), (ii) and (iii), except as otherwise provided by the Committee in the Agreement, shall terminate as of the end of the periods described in such Sections.

(b) *Restricted Stock Awards.* Unless otherwise provided in the Agreement, in case of a Participant's death or disability, the Participant shall be entitled to receive a number of Shares of Restricted Stock under outstanding Awards that has been prorated for the portion of the Term of the Awards during which the Participant was employed by the Company and its Affiliates, and, with respect to such Shares, all restrictions shall lapse. Any Shares of Restricted Stock as to which restrictions do not lapse under the preceding sentence shall terminate at the date of the Participant's termination of employment and such Shares of Restricted Stock shall be forfeited to the

Edgar Filing: HMN FINANCIAL INC - Form DEF 14A

Company.

6.5 Rights as Stockholder. Each Agreement shall provide that a Participant shall have no rights as a stockholder with respect to any securities covered by an Award unless and until the date the Participant becomes the holder of record of the Stock, if any, to which the Award relates.

7. Restricted Stock Awards.

(a) An Award of Restricted Stock under the Plan shall consist of Shares subject to restrictions on transfer and conditions of forfeiture, which restrictions and conditions shall be included in the applicable Agreement. The Committee may provide for the lapse or waiver of any such restriction or condition based on such factors or criteria as the Committee, in its sole discretion, may determine.

(b) Except as otherwise provided in the applicable Agreement, each Stock certificate issued with respect to an Award of Restricted Stock shall either be deposited with the Company or its designee, together with an assignment separate from the certificate, in blank, signed by the Participant, or bear such legends with respect to the restricted nature of the Restricted Stock evidenced thereby as shall be provided for in the applicable Agreement.

(c) The Agreement shall describe the terms and conditions by which the restrictions and conditions of forfeiture upon awarded Restricted Stock shall lapse. Upon the lapse of the restrictions and conditions, Shares free of restrictive legends, if any, relating to such restrictions shall be issued to the Participant or a Successor or Transferee.

B-7

(d) A Participant or a Transferee with a Restricted Stock Award shall have all the other rights of a stockholder including, but not limited to, the right to receive dividends and the right to vote the Shares of Restricted Stock.

(e) No more than 100,000 of the total number of Shares available for Awards under the Plan shall be issued during the term of the Plan as Restricted Stock. This limitation shall be calculated pursuant to the applicable provisions of Sections 4 and 15 of the Plan.

8. Other Awards. The Committee may from time to time grant Stock and other Awards under the Plan including, without limitation, those Awards pursuant to which Shares are or may in the future be acquired, Awards denominated in Stock units, securities convertible into Stock and phantom securities. The Committee, in its sole discretion, shall determine the terms and conditions of such Awards provided that such Awards shall not be inconsistent with the terms and purposes of the Plan. The Committee may, at its sole discretion, direct the Company to issue Shares subject to restrictive legends and/or stop transfer instructions that are consistent with the terms and conditions of the Award to which the Shares relate. No more than 50,000 of the total number of Shares available for Awards under the Plan shall be issued during the term of the Plan in the form of Stock without restrictions.

9. Stock Options.

9.1 Terms of All Options.

(a) An Option shall be granted pursuant to an Agreement as either an Incentive Stock Option or a Non-Statutory Stock Option. The purchase price of each Share subject to an Option shall be determined by the Committee and set forth in the Agreement, but shall not be less than 50% of the Fair Market Value of a Share as of the date the Option is granted (except as provided in Sections 9.2 and 18 of the Plan).

(b) The purchase price of the Shares with respect to which an Option is exercised shall be payable in full at the time of exercise, provided that to the extent permitted by law, the Agreement may permit some or all Participants to simultaneously exercise Options and sell the Shares thereby acquired pursuant to a brokerage or similar relationship and use the proceeds from the sale as payment of the purchase price of the Shares. The purchase price may be payable in cash, by delivery or tender of Shares having a Fair Market Value as of the date the Option is exercised equal to the purchase price of the Shares being purchased pursuant to the Option, or a combination thereof, as determined by the Committee, but no fractional Shares will be issued or accepted. Provided, however,

Edgar Filing: HMN FINANCIAL INC - Form DEF 14A

that a Participant exercising a stock option shall not be permitted to pay any portion of the purchase price with Shares if, in the opinion of the Committee, payment in such manner could have adverse financial accounting consequences for the Company.

(c) The Committee may provide, in an Agreement or otherwise, that a Participant who exercises an Option and pays the Option price in whole or in part with Shares then owned by the Participant will be entitled to receive another Option covering the same number of shares tendered and with a price of no less than Fair Market Value on the date of grant of such additional Option ("Reload Option"). Unless otherwise provided in the Agreement, a Participant, in order to be entitled to a Reload Option, must pay with Shares that have been owned by the Participant for at least the preceding 180 days.

(d) Each Option shall be exercisable in whole or in part on the terms provided in the Agreement. In no event shall any Option be exercisable at any time after the expiration of its Term. When an Option is no longer exercisable, it shall be deemed to have lapsed or terminated.

B-7

9.2 Incentive Stock Options. In addition to the other terms and conditions applicable to all Options:

- (i) the purchase price of each Share subject to an Incentive Stock Option shall not be less than 100% of the Fair Market Value of a Share as of the date the Incentive Stock Option is granted if this limitation is necessary to qualify the Option as an Incentive Stock Option (except as provided in Section 18 of the Plan);
- (ii) the aggregate Fair Market Value (determined as of the date the Option is granted) of the Shares with respect to which Incentive Stock Options held by an individual first become exercisable in any calendar year (under the Plan and all other incentive stock option plans of the Company and its Affiliates) shall not exceed \$100,000 (or such other limit as may be required by the Code) if this limitation is necessary to qualify the Option as an Incentive Stock Option and to the extent any Option granted to a Participant exceeds this limit the Option shall be treated as a Non-Statutory Stock Option;
- (iii) an Incentive Stock Option shall not be exercisable more than 10 years after the date of grant (or such other limit as may be required by the Code) if this limitation is necessary to qualify the Option as an Incentive Stock Option;
- (iv) the Agreement covering an Incentive Stock Option shall contain such other terms and provisions that the Committee determines necessary to qualify this Option as an Incentive Stock Option; and
- (v) notwithstanding any other provision of the Plan to the contrary, no Participant may receive an Incentive Stock Option under the Plan if, at the time the Award is granted, the Participant owns (after application of the rules contained in Code Section 424(d), or its successor provision), Shares possessing more than 10% of the total combined voting power of all classes of stock of the Company or its Subsidiaries, unless (i) the option price for that Incentive Stock Option is at least 110% of the Fair Market Value of the Shares subject to that Incentive Stock Option on the date of grant and (ii) that Option is not exercisable after the date five years from the date that Incentive Stock Option is granted.

10. Stock Appreciation Rights. An Award of a Stock Appreciation Right shall entitle the Participant (or a Successor or Transferee), subject to terms and conditions determined by the Committee, to receive upon exercise of the Stock Appreciation Right all or a portion of the excess of (i) the Fair Market Value of a specified number of Shares as of the date of exercise of the Stock Appreciation Right over (ii) a specified price that shall not be less than 100% of the Fair Market Value of such Shares as of the date of grant of the Stock Appreciation Right. A Stock Appreciation Right may be granted in connection with part or all of, in addition to, or completely

Edgar Filing: HMN FINANCIAL INC - Form DEF 14A

independent of an Option or any other Award under the Plan. If issued in connection with a previously or contemporaneously granted Option, the Committee may impose a condition that exercise of a Stock Appreciation Right cancels a pro rata portion of the Option with which it is connected and vice versa. Each Stock Appreciation Right may be exercisable in whole or in part on the terms provided in the Agreement. No Stock Appreciation Right shall be exercisable at any time after the expiration of its Term. When a Stock Appreciation Right is no longer exercisable, it shall be deemed to have lapsed or terminated. Upon exercise of a Stock Appreciation Right, payment to the Participant or a Successor or Transferee shall be made at such time or times as shall be provided in the Agreement in the form of cash, Shares or a combination of cash and Shares as determined by the Committee. The Agreement may provide for a limitation upon the amount or percentage of the total appreciation on which payment (whether in cash and/or Shares) may be made in the event of the exercise of a Stock Appreciation Right.

B-8

11. *Effective Date and Duration of the Plan.*

11.1 *Effective Date.* The Plan shall become effective as of March 23, 2001, provided that the Plan is approved by the requisite vote of stockholders at the April 2001 Annual Meeting of Stockholders or any adjournment thereof.

11.2 *Duration of the Plan.* The Plan shall remain in effect until all Stock subject to it shall be distributed, all Awards have expired or lapsed, the Plan is terminated pursuant to Section 14 of the Plan, or March 23, 2011 (the "Termination Date"); provided, however, that Awards made before the Termination Date may be exercised, vested or otherwise effectuated beyond the Termination Date unless limited in the Agreement or otherwise. No Award of an Incentive Stock Option shall be made more than 10 years after the Effective Date (or such other limit as may be required by the Code) if this limitation is necessary to qualify the Option as an Incentive Stock Option. The date and time of approval by the Committee of the granting of an Award shall be considered the date and time at which the Award is made or granted.

12. *Plan Does Not Affect Employment Status.*

(a) Status as an eligible Employee shall not be construed as a commitment that any Award will be made under the Plan to that eligible Employee or to eligible Employees generally.

(b) Nothing in the Plan or in any Agreement or related documents shall confer upon any Employee or Participant any right to continue in the employment of the Company or any Affiliate or constitute any contract of employment or affect any right that the Company or any Affiliate may have to change such person's compensation, other benefits, job responsibilities, or title, or to terminate the employment of such person with or without cause.

13. *Tax Withholding.* The Company shall have the right to withhold from any cash payment under the Plan to a Participant or other person (including a Successor or a Transferee) an amount sufficient to cover any required withholding taxes. The Company shall have the right to require a Participant or other person receiving Shares under the Plan to pay the Company a cash amount sufficient to cover any required withholding taxes before actual receipt of those Shares. In lieu of all or any part of a cash payment from a person receiving Shares under the Plan, the Committee may permit the individual to cover all or any part of the required withholdings through a reduction of the number of Shares delivered or delivery or tender return to the Company of Shares held by the Participant or other person, in each case valued in the same manner as used in computing the withholding taxes under the applicable laws.

14. *Amendment, Modification and Termination of the Plan.*

(a) The Board may at any time and from time to time terminate, suspend or modify the Plan. Except as limited in (b) below, the Committee may at any time alter or amend any or all Agreements under the Plan to the extent permitted by law.

(b) No termination, suspension, or modification of the Plan will materially and adversely affect any right acquired by any Participant or Successor or Transferee under an Award granted before the date of termination, suspension, or modification, unless otherwise agreed to by the Participant in the Agreement or otherwise, or required as a matter of law; but it will be conclusively presumed that any adjustment for changes in capitalization provided for in Section 15 of the Plan does not adversely affect these rights.

15. *Adjustment for Changes in Capitalization.* Subject to any required action by the Company's stockholders, appropriate adjustments, so as to prevent enlargement of rights or inappropriate dilution (i) in the aggregate number and type of Shares available for Awards under the Plan, (ii) in the limitations on the number of Shares that may be issued to an individual Participant as an Option or a Stock Appreciation Right in any calendar year or that may be issued in the form of Restricted Stock or Shares without restrictions, (iii) in the number and type

B-9

of Shares and amount of cash subject to Awards then outstanding, and (iv) in the Option price as to any outstanding Options may be made by the Committee in its sole discretion to give effect to adjustments made in the number or type of Shares through a Fundamental Change (subject to Section 16 of the Plan), recapitalization, reclassification, stock dividend, stock split, stock combination or other relevant change, provided that fractional Shares shall be rounded to the nearest whole Share.

16. *Fundamental Change.* In the event of a proposed Fundamental Change, the Committee may, but shall not be obligated to:

(a) if the Fundamental Change is a merger or consolidation or statutory share exchange, make appropriate provision for the protection of the outstanding Options and Stock Appreciation Rights by the substitution of options, stock appreciation rights and appropriate voting common stock of the corporation surviving any merger or consolidation or, if appropriate, the parent corporation of the Company or such surviving corporation; or

(b) at least ten days before the occurrence of the Fundamental Change, declare, and provide written notice to each holder of an Option or Stock Appreciation Right of the declaration, that each outstanding Option and Stock Appreciation Right, whether or not then exercisable, shall be canceled at the time of, or immediately before the occurrence of the Fundamental Change in exchange for payment to each holder of an Option or Stock Appreciation Right, within ten days after the Fundamental Change, of cash equal to (i) for each Share covered by the canceled Option, the amount, if any, by which the Fair Market Value (as defined in this Section) per Share exceeds the exercise price per Share covered by such Option or (ii) for each Stock Appreciation Right, the price determined pursuant to Section 10, except that Fair Market Value of the Shares as of the date of exercise of the Stock Appreciation Right, as used in clause (i) of Section 10 of the Plan, shall be deemed to mean Fair Market Value for each Share with respect to which the Stock Appreciation Right is calculated determined in the manner hereinafter referred to in this Section. At the time of the declaration provided for in the immediately preceding sentence, each Stock Appreciation Right and each Option shall immediately become exercisable in full and each person holding an Option or a Stock Appreciation Right shall have the right, during the period preceding the time of cancellation of the Option or Stock Appreciation Right, to exercise the Option as to all or any part of the Shares covered thereby or the Stock Appreciation Right in whole or in part, as the case may be. In the event of a declaration pursuant to this Section 16(b), each outstanding Option and Stock Appreciation Right granted pursuant to the Plan that shall not have been exercised before the Fundamental Change shall be canceled at the time of, or immediately before, the Fundamental Change, as provided in the declaration. Notwithstanding the foregoing, no person holding an Option or a Stock Appreciation Right shall be entitled to the payment provided for in this Section 16(b) if such Option or Stock Appreciation Right shall have terminated, expired or been cancelled. For purposes of this Section only, "Fair Market Value" per Share means the cash plus the fair market value, as determined in good faith by the Committee, of the non-cash consideration to be received per Share by the stockholders of the Company upon the occurrence of the Fundamental Change.

17. *Forfeitures.* An Agreement may provide that if a Participant has received or been entitled to payment of cash, delivery of Shares, or a combination thereof pursuant to an Award within six months before the Participant's termination of employment with the Company and its Affiliates, the Committee, in its sole discretion, may require the Participant to return or forfeit the cash

B-10

and/or Shares received with respect to the Award (or its economic value as of (i) the date of the exercise of Options or Stock Appreciation Rights or (ii) the date of, and immediately following, the lapse of restrictions on Restricted Stock or the receipt of Shares without restrictions, as the case may be) in the event of certain occurrences specified in the Agreement. The Committee's right to require forfeiture must be exercised within 90 days after discovery of such an occurrence but in no event later than 15 months after the

Edgar Filing: HMN FINANCIAL INC - Form DEF 14A

Participant's termination of employment with the Company and its Affiliates. The occurrences may, but need not, include competition with the Company or any Affiliate, unauthorized disclosure of material proprietary information of the Company or any Affiliate, a violation of applicable business ethics policies of the Company or Affiliate or any other occurrence specified in the Agreement within the period or periods of time specified in the Agreement.

18. *Corporate Mergers, Acquisitions, Etc.* The Committee may also grant Options, Stock Appreciation Rights, Restricted Stock or other Awards under the Plan in substitution for, or in connection with the assumption of, existing options, stock appreciation rights, restricted stock or other award granted, awarded or issued by another corporation and assumed or otherwise agreed to be provided for by the Company pursuant to or by reason of a transaction involving a corporate merger, consolidation, acquisition of property or stock, separation, reorganization or liquidation to which the Company or a Subsidiary is a party. The terms and conditions of the substitute Awards may vary from the terms and conditions set forth in the Plan to the extent as the Board at the time of the grant may deem appropriate to conform, in whole or in part, to the provisions of the awards in substitution for which they are granted.

19. *Unfunded Plan.* The Plan shall be unfunded and the Company shall not be required to segregate any assets that may at any time be represented by Awards under the Plan. Neither the Company, its Affiliates, the Committee, nor the Board of Directors shall be deemed to be a trustee of any amounts to be paid under the Plan nor shall anything contained in the Plan or any action taken pursuant to its provisions create or be construed to create a fiduciary relationship between the Company and/or its Affiliates, and a Participant or Successor or Transferee. To the extent any person acquires a right to receive an Award under the Plan, this right shall be no greater than the right of an unsecured general creditor of the Company.

20. *Limits of Liability.*

(a) Any liability of the Company to any Participant with respect to an Award shall be based solely upon contractual obligations created by the Plan and the Award Agreement.

(b) Except as may be required by law, neither the Company nor any member of the Board of Directors or of the Committee, nor any other person participating in any determination of any question under the Plan, or in the interpretation, administration or application of the Plan, shall have any liability to any party for any action taken, or not taken, in good faith under the Plan.

21. *Compliance with Applicable Legal Requirements.* No certificate for Shares distributable pursuant to the Plan shall be issued and delivered unless the issuance of the certificate complies with all applicable legal requirements including, without limitation, compliance with the provisions of applicable state securities laws, the Securities Act of 1933, as amended and in effect from time to time or any successor statute, the Exchange Act and the requirements of the exchanges on which the Company's Shares may, at the time, be listed.

22. *Deferrals and Settlements.* The Committee may require or permit Participants to elect to defer the issuance of Shares or the settlement of Awards in cash under such rules and procedures

B-11

as it may establish under the Plan. It may also provide that deferred settlements include the payment or crediting of interest on the deferral amounts.

23. *Other Benefit and Compensation Programs.* Payments and other benefits received by a Participant under an Award made pursuant to the Plan shall not be deemed a part of a Participant's regular, recurring compensation for purposes of the termination, indemnity or severance pay laws of any country and shall not be included in, nor have any effect on, the determination of benefits under any other employee benefit plan, contract or similar arrangement provided by the Company or an Affiliate unless expressly so provided by such other plan, contract or arrangement, or unless the Committee expressly determines that an Award or portion of an Award should be included to accurately reflect competitive compensation practices or to recognize that an Award has been made in lieu of a portion of competitive cash compensation.

24. *Beneficiary Upon Participant's Death.* To the extent that the transfer of a Participant's Award at his or her death is permitted under an Agreement, a Participant's Award shall be transferable at death to the estate or to the person who acquires the right to succeed to the Award by bequest or inheritance.

25. *Requirements of Law.*

(a) To the extent that federal laws do not otherwise control, the Plan and all determinations made and actions taken pursuant to the Plan shall be governed by the laws of the State of Minnesota without regard to its conflicts-of-law principles and shall be construed accordingly.

(b) If any provision of the Plan shall be held illegal or invalid for any reason, the illegality or invalidity shall not effect the remaining parts of the Plan, and the Plan shall be construed and enforced as if the illegal or invalid provision had not been included.
