ITEM 2. ACQUISITION OR DISPOSITION OF ASSETS

On September 28, 2001, ProQuest Company (the "Company") sold its mail and messaging technologies unit ("MMT"), its scanners business and its financing services business to BH Acquisition, Inc., a wholly owned subsidiary of Glencoe Capital ("Glencoe" or "Buyer"), pursuant to a Purchase and Sale Agreement between the Company and Glencoe dated September 20, 2001. Glencoe purchased all the outstanding shares of Common Stock of (i) Bell & Howell Mail and Messaging Technologies Company and its subsidiaries; (ii) Bell & Howell Mailmobile

Company; (iii) Bell & Howell Company; (iv) Bell & Howell Imaging Components, L.L.C.; (v) Bell & Howell Postal Systems Inc.; and (vi) Bell & Howell Financial Services Company and its subsidiaries, for a purchase price of approximately \$145 million subject to certain adjustments, including a working capital adjustment. Approximately \$22 million of the purchase price was paid pursuant to an unsecured subordinated note due March 31, 2010 held by the Company. In the event, the note is not repaid by March 31, 2005, the Company will receive a warrant to purchase 3,626.9 shares of BH Acquisition, Inc. for \$0.01 per share exercise price, which constitutes 3.5% of the total outstanding shares of BH Acquisition, Inc. on the Closing Date. MMT manufactures, markets and services high end mail processing sorting and services related products through a network of distributors and direct operations throughout the United States and Canada.

### ITEM 7. Financial Statements and Exhibits.

#### (a) Pro Forma Balance Sheet Information:

If the sale to Buyer had occurred as of the beginning of fiscal 2001, the proceeds from the sale would have been used to reduce the Company's net debt, from \$507 million to \$399 million. This reduction of debt would have reduced the Company's total net interest expense for the thirteen weeks ended June 30, 2001, and the twenty-six weeks ended June 30, 2001 by \$2.1 million and \$4.1 million, respectively, \$1.0 million and \$1.9 million of which would have been allocated to continuing operations based upon the ratio of net assets of the discontinued business to the net assets of the Company. The reduction in net interest expense would have resulted in an increase in the tax provision for income taxes applicable to continuing operations of \$0.4 million and \$0.8 million, respectively, based on the Company's estimated effective tax rate of 40%.

-2-

The impact on earnings per share would have been as follows:

	Thirteen Weeks Ended June 30, 2001		Twent
	-----	-----	-----
	ACTUAL	PRO FORMA	AC
Earnings per share (basic)			
Loss from continuing operations.....	\$ - =====	\$0.03 =====	\$( ) ==

If the sale to Buyer had occurred as of January 1, 2000, the first day of the Company's most recent fiscal year, the proceeds from the sale would have

been used to reduce the Company's net debt, from \$530 million to \$422 million. This reduction in debt would have reduced the Company's total net interest expense for fiscal 2000 by \$7.5 million, \$4.1 million of which would have been allocated to continuing operations based upon the ratio of net assets of the continuing business to the net assets of the Company. The reduction in net interest expense would have resulted in an increase in the tax provision for income taxes applicable to continuing operations of \$1.6 million based on the Company's actual effective tax rate for fiscal 2000 of 40%.

The impact on fiscal year 2000 earnings per share would have been the following:

	ACTUAL
Earnings per share (basic / diluted)	
Loss from continuing operations before cumulative effect of a change in accounting principle.....	\$ (0.63)
Cumulative effect of a change in accounting principle.....	(2.76)
