Mortgage Co., L.P. ARCS is a Fannie Mae DUS Lender with estimated closings for this year of \$3.1 billion. The initial funding on the facility was \$139 million. The adjustable rate loan was provided through Fannie Mae DMBS for a five-year term based on three month LIBOR, with an initial interest rate of 3.99%. The company has the option to extend for an additional 5 years.

The proceeds of the loan were used principally for the redemption of the \$100 million 9.25% Series A Cumulative Preferred Stock that occurred earlier this year. The balance of the loan proceeds was used to refinance maturing secured loans.

"The ability to access this type of financing is unique to the multi-family industry and is one of the many ways that this company can create additional value for our shareholders," notes President and Chief Executive Officer, Thomas W. Toomey.
