PREMIER VALLEY BANK

PROPOSED MERGER-YOUR VOTE IS VERY IMPORTANT

Dear Shareholder:

We are pleased to report that the Board of Directors of Premier Valley Bank has unanimously approved the acquisition of Premier Valley Bank by Heartland Financial USA, Inc. through a merger of Premier Valley Bank with and into PV Acquisition Bank, a newly formed subsidiary bank of Heartland. Before we can complete the merger, we must obtain the approval of the merger agreement and the merger by the shareholders of Premier Valley Bank. We are sending you this document to ask you to vote in favor of approval and adoption of the merger agreement and the merger. The Premier Valley Bank Board of Directors Unanimously Recommends That You Vote "FOR" Approval and Adoption of the Merger Agreement and the Merger.

In the merger, Premier Valley Bank will merge with and into PV Acquisition Bank, and you will receive, as a shareholder of Premier Valley Bank, consideration that we estimate at approximately \$7.725 per share of Premier Valley Bank common stock, that is payable in shares of Heartland common stock or cash, or a combination of shares of common stock and cash, as described in more detail in the accompanying proxy statement/prospectus. Heartland will issue not less than 1,688,277 shares, and not more than 2,284,071 shares, of its common stock in the merger. To complete the merger the holders of Premier Valley Bank common stock must approve and adopt the merger agreement. Premier Valley Bank will hold a special meeting of shareholders to vote on this merger proposal. Your vote is important. Whether or not you plan to attend the special meeting, please submit your proxy with voting instructions for your shares of Premier Valley Bank common stock in accordance with the instructions contained in this document. If you do not vote your shares of Premier Valley Bank common stock, it will have the same effect as voting against the merger.

For a description of the significant considerations in connection with the merger and related matters described in this document, see "Risk Factors" beginning on page 27.

We encourage you to read this entire document carefully. This proxy statement/prospectus gives you detailed information about the merger, and it includes a copy of the merger agreement as Appendix A.

Sincerely,

J. Mike McGowan, President and Chief
Executive Officer of Premier Valley Bank

PREMIER VALLEY BANK
255 East River Park Circle, Suite 180
Fresno, CA 93720
NOTICE OF SPECIAL MEETING OF SHAREHOLDERS
TO BE HELD ON OCTOBER 26, 2015

Premier Valley Bank will hold a special meeting of its shareholders in the first floor Conference Room located at 265 East River Park Circle, Suite 160 (across from Premier Valley Bank's headquarters located at 255 East River Park Circle, Suite 180), Fresno, California 93720, at 5:30 p.m. local time, on October 26, 2015 to consider and vote upon the following matters:

a proposal to approve and adopt the Merger Agreement between Heartland Financial USA, Inc. and Premier Valley Bank dated as of May 28, 2015, as it may be amended from time to time, pursuant to which Premier Valley Bank will merge with and into a newly formed subsidiary of Heartland Financial USA, Inc.; and

a proposal to approve the adjournment of the Premier Valley Bank special meeting, if necessary or appropriate, to solicit additional proxies.

Upon completion of the merger, each share of Premier Valley Bank common stock will be converted into the right to receive, at the election of the holder but subject to proration procedures, shares of Heartland common stock, cash or a combination of cash and Heartland common stock. Your attention is directed to the proxy statement/prospectus accompanying this notice for a complete discussion of the merger. A copy of the merger agreement is included as Appendix A to the accompanying proxy statement/prospectus.

The Board of Directors has fixed the close of business on August 31, 2015 as the record date for the Premier Valley Bank special meeting. Holders of record of Premier Valley Bank common stock at such time are entitled to notice of, and to vote at, the Premier Valley Bank special meeting or any adjournment or postponement of the special meeting.

The Premier Valley Bank Board of Directors has unanimously approved the merger agreement and unanimously recommends that holders of Premier Valley Bank common stock vote "for" approval and adoption of the merger agreement.

Premier Valley Bank shareholders who do not vote in favor of the merger agreement and who strictly comply with Chapter 13 of the California General Corporation Law have the right to assert dissenters' rights under that statute. For a description of the procedures that must be followed to make written demand for dissenters' rights, see the copy of the statute which is attached as Appendix B. In addition, a summary of the procedures to be followed in order to obtain payment for dissenting shares is set forth under the caption "The Merger-Notice of Dissenters' Rights" in the attached proxy statement/prospectus.

Whether or not you plan to attend the special meeting, please submit your proxy with voting instructions for your shares of Premier Valley Bank common stock. To submit your proxy by mail, please complete, sign, date and return the accompanying proxy form in the enclosed self-addressed, stamped envelope. Any holder of Premier Valley Bank common stock present at the special meeting may vote in person instead of by proxy and a proxy may be revoked in writing at any time before the special meeting. The presence of a shareholder at the special meeting will not automatically revoke that shareholder's proxy. A shareholder may revoke a proxy at any time prior to the voting of

such proxy on any matter (without, however, affecting any vote taken prior to such revocation) by (i) filing with the Secretary of Premier Valley Bank a written notice of revocation, (ii) delivering to Premier Valley Bank a duly executed proxy bearing a later date, or (iii) attending the meeting and providing written or oral notice of revocation with the presiding officer during the meeting (at which point the shareholder may vote in person).

The enclosed proxy statement/prospectus provides a detailed description of the merger and the merger agreement. We urge you to read carefully and in its entirety the proxy statement/prospectus of which this notice forms a part, including any documents incorporated by reference, and the Appendices. If you have any questions concerning the merger, the merger agreement or this joint proxy statement/prospectus, would like additional copies or need help voting your shares of Premier Valley Bank common stock, please contact Premier Valley Bank's proxy solicitor: Georgeson Inc.

QUESTIONS AND ANSWERS ABOUT THE SPECIAL MEETING AND THE MERGER

Q: What Am I Being Asked To Vote On?

A: Holders of Premier Valley Bank common stock are being asked to approve and adopt a merger agreement entered into between Heartland and Premier Valley Bank. In the merger, Premier Valley Bank will be merged with and into PV Acquisition Bank, a newly formed subsidiary of Heartland. PV Acquisition Bank, which will have no operations prior to the merger, will change its name to Premier Valley Bank simultaneous with the merger and the operations of Premier Valley Bank will continue without interruption, and it will become a wholly owned subsidiary of Heartland. The holders of Premier Valley Bank common stock will receive, at their election but subject to proration as described below, Heartland common stock, cash or a combination of cash and Heartland common stock, in exchange for their shares of Premier Valley Bank common stock.

Q: Why Is The Premier Valley Bank Board of Directors Recommending The Merger?

A: The Premier Valley Bank Board believes that the merger is advisable, fair to and in the best interest of Premier Valley Bank and its shareholders. As a result of the merger, Premier Valley Bank will become part of a larger banking organization, improving its ability to compete with larger financial institutions and better serve its customers' needs while maintaining the community bank philosophy that both institutions currently share.

Q: Why Is My Vote Important?

A: The affirmative vote of the holders of at least a majority of the outstanding shares of Premier Valley Bank common stock is required to approve and adopt the merger agreement. Accordingly, if a holder of Premier Valley Bank common stock fails to vote or abstains from voting, this will have the same effect as a vote against approval and adoption of the merger agreement.

Q: What Will I Receive For My Premier Valley Bank Stock If The Merger Is Completed?

A: You will receive, at your election but subject to proration as described below, shares of Heartland common stock, cash or a combination of cash and shares of Heartland common stock for your shares of Premier Valley Bank common stock. Premier Valley Bank shareholders will receive total consideration of \$95,050,000 in the merger, but this amount will be reduced, dollar for dollar, if the tangible equity of Premier Valley Bank as of the month-end immediately prior to completion of the merger is less than \$58,812,000. Assuming there is no reduction, and that only the 12,304,025 shares of Premier Valley Bank common stock that are currently outstanding remain outstanding when the merger is completed, holders of Premier Valley Bank common stock would be entitled to merger consideration, payable in cash or in shares of Heartland common stock, or both, of \$7.725 per share. The number of shares of Heartland common stock that will be issued per share of Premier Valley Bank common stock will be determined by dividing this per share consideration by the volume weighted average closing price of Heartland common stock on the Nasdaq for the 20 trading days ending five days prior to completion of the merger, provided this weighted average price will be fixed at \$29.13 if it is less than \$29.13 and at \$39.41 if it is more than \$39.41. If this calculation were performed based on the 20 trading days ending five days prior to the date of this proxy statement/prospectus, the volume weighted average closing price would have been \$35.77, and assuming no reduction in the aggregate merger consideration or increase in Premier Valley Bank shares outstanding, a Premier Valley Bank shareholder would be entitled to 0.2159 shares of Heartland common stock for each share of Premier Valley Bank common stock.

Q: What Are The Details Of The Consideration Election?

A: Although you will be entitled to elect to receive cash, shares of Heartland common stock, or a combination of cash and Heartland common stock, for your shares of Premier Valley Bank common stock, you are not being asked to make an election at this time. By returning the proxy that is enclosed with this proxy statement/prospectus, you will not be making a consideration election. Premier Valley Bank's transfer agent, Computershare, will send you election materials by separate mailing. We describe the procedures necessary to make an election in the section of this proxy statement/prospectus entitled "The Merger Agreement-Election Procedures; Surrender of Stock Certificates."

The merger agreement provides that 30% of the aggregate merger consideration will be paid in cash and 70% by delivering Heartland common stock. If the total amount of cash that Premier Valley Bank shareholders elect to receive is less than 30% of the total consideration, or the amount of Heartland common stock they elect to receive is less than 70% of the total consideration, the shareholders who fail to elect will be allocated cash or shares, pro rata in

accordance with the shares of Premier Valley Bank that they hold, until the consideration is 30% cash and 70% Heartland common stock. If Premier Valley Bank shareholders elect to receive more than 30% of the total consideration in cash, or more than 70% of the total consideration in Heartland Common Stock, then the amount of cash that each electing shareholder receives, or the amount of Heartland common stock that each electing shareholder receives, will be reduced, pro rata among the electing shareholders, and the non-electing shareholders will receive solely Heartland common stock, or solely cash.

Q: When Do You Expect To Complete The Merger?

We are working to complete the merger as quickly as possible. We cannot complete the merger until a number of conditions are satisfied, including approval of the merger by the Premier Valley Bank shareholders, by the Federal Reserve Board, by the Federal Deposit Insurance Corporation and by the Division of Financial Institutions of the California Department of Business Oversight. We expect to complete the merger in the fourth quarter of 2015, assuming these and other approvals are received.

Q: Do I Have Dissenters' Rights?

Yes. Under California law, Premier Valley Bank's state of incorporation, holders of Premier Valley Bank common stock have the right to assert dissenters' rights and, rather than the merger consideration, demand the "fair value" of their shares. To do so, you must not vote in favor of the merger and must instead follow the procedures set forth below under "The Merger--Notice of Dissenters' Rights." A copy of the California statute governing dissenters' rights is included as Appendix B. The "fair value" of the shares may be determined in a court-supervised proceeding and the court may conclude that fair value is greater than, equal to or less than the merger consideration.

One condition to Heartland's obligation to complete the merger is that the total number of dissenting shares of Premier Valley Bank common stock cannot be more than 7.0% of the number of outstanding shares of Premier Valley Bank common stock.

We encourage you to read the statutes governing dissenters' rights carefully and to consult with legal counsel if you desire to exercise your dissenters' rights.

Q: How Do I Vote?

If you are a shareholder of record of Premier Valley Bank as of August 31, 2015 you may submit your proxy before the special meeting in one of the following ways:

- use the toll-free number shown on the proxy card;
- visit the website shown on the proxy card to vote via the Internet; or
- complete, sign, date and return the enclosed proxy card in the enclosed postage-paid envelope.

Your vote by signing the enclosed proxy will not entitle you to receive Heartland common stock rather than cash in the merger. You will receive a separate mailing through which you may make this election.

Q: If My Shares Are Held In Street Name By My Broker, Will My Broker Automatically Vote My Shares For Me?

No. Without instructions from you, your broker will not be able to vote your shares of Premier Valley Bank common stock. You should instruct your broker to vote your shares, following the directions your broker provides.

Please check the voting form used by your broker to see if it offers telephone or internet voting.

Q: Can I Change My Vote?

A: Yes. There are three ways you can change your vote after you have submitted your proxy:

• First, you may send a written notice to the Secretary of Premier Valley Bank, stating that you would like to revoke your proxy.

• Second, you may complete and submit a new proxy form. Your latest vote actually received by Premier Valley Bank before the special meeting will be counted, and any earlier votes will be revoked.

• Third, you may attend the Premier Valley Bank special meeting and vote in person. Your presence at the meeting will not automatically revoke your proxy. You may revoke your proxy at any time prior to the

voting of the proxy by attending the meeting and providing written or oral notice of revocation with the presiding officer during the meeting (at which point you may vote in person).

If you have instructed a broker to vote your shares, you must follow the directions you receive from your broker in order to change or revoke your vote.

Q: How Do I Make An Election To Receive Cash Or Heartland Common Stock?

A.: We will send you a letter of transmittal and election instructions by separate mailing. You will not be making an election by submitting a proxy or voting at the meeting.

Q: Should I Send In My Share Certificates Now?

A: No. Please do NOT send in your share certificates at this time. You will be provided with an election form and letter of transmittal by separate mailing that explains what you must do to exchange your Premier Valley Bank share certificates for merger consideration.

Q: Whom Should I Call With Questions?

A: If you have questions about the merger or the special meeting or you need additional copies of this document, or if you have questions about the process for voting or if you need a replacement proxy form, you should contact:

Our Companies (Pages 63 and 64)

Premier Valley Bank

Premier Valley Bank is a California state-chartered banking corporation headquartered in Fresno, California. Premier Valley Bank received its California bank charter and commenced banking operations in June 2001. It maintains its headquarters in Fresno, California, and operates four branches in Fresno, Groveland, Mariposa, and Oakhurst, California, and one loan production office in San Luis Obispo, California. At June 30, 2015, Premier Valley Bank had assets of approximately \$655 million, deposits of approximately \$573 million and shareholders' equity of approximately \$72 million.

Premier Valley Bank's principal offices are located at 255 East River Park Circle, Suite 180, Fresno, California 93720, and its telephone number is (559) 438-2002.

Heartland

Heartland is a publicly-held, multi-bank, bank holding company headquartered in Dubuque, Iowa with nine bank subsidiaries in the States of Iowa, Illinois, Wisconsin, New Mexico, Arizona, Montana, Colorado, Minnesota, Missouri and Kansas. Together, Heartland's banking subsidiaries operated a total of 86 banking locations as of June 30, 2015. Heartland also has an active consumer finance subsidiary with offices in Iowa, Illinois and Wisconsin. Heartland was formed as an Iowa corporation in 1981, and reincorporated in Delaware in 1993. At June 30, 2015, Heartland had total assets of \$6.7 billion, total loans of \$4.4 billion, total deposits of \$5.3 billion and common stockholders' equity of \$498 million.

In addition to the merger described in this proxy statement/prospectus, on August 21, 2015 Heartland completed the acquisition of Community Bancorporation of New Mexico, Inc., a bank holding company for Community Bank, Santa Fe, New Mexico. Community Bancorporation was merged into Heartland and Community Bank was merged into Heartland's New Mexico Bank & Trust subsidiary. As of June 30, 2015, Community Bank had assets of approximately \$175 million, including \$109 million of loans and \$146 million of deposits, and after consolidation of two of its banking centers, added three new banking locations to New Mexico Bank & Trust. On September 11, 2015, Heartland completed the acquisition of First Scottsdale Bank, National Association and its merger into Heartland's Arizona Bank & Trust subsidiary. As of June 30, 2015, First Scottsdale Bank had assets of approximately \$96 million, including \$63 million in loans and \$79 in deposits, and after consolidation of two of its banking offices, added one new banking location to Arizona Bank & Trust.

Heartland's principal offices are located at 1398 Central Avenue, Dubuque, Iowa 52001, and its telephone number is (563) 589-2000.

Premier Valley Bank Will be Merged into a Newly-Formed Subsidiary of Heartland (Page 55)

We encourage you to read the merger agreement, which is attached as Appendix A to this document. The merger agreement provides that Premier Valley Bank will be merged with and into PV Acquisition Bank, a newly formed subsidiary of Heartland that will have no operations until the merger. Although this new subsidiary will survive the merger, the subsidiary will immediately change its name to “Premier Valley Bank” and will continue the operations of Premier Valley Bank without interruption.

What You Will Receive in the Merger (Page 55)

Upon completion of the merger, as a Premier Valley Bank shareholder you will receive cash, Heartland common stock, or a combination of cash and Heartland common stock, for your shares of Premier Valley Bank common stock. You will be able to make an election to receive all cash, all Heartland common stock, or a combination of cash and Heartland common stock, but your election will be changed if shareholders elect to receive more than 30% of the aggregate merger consideration in cash or more than 70% of the aggregate merger consideration in the form of Heartland common stock.

Premier Valley Bank shareholders will receive total consideration of \$95,050,000 in the merger, reduced, dollar for dollar, if the tangible equity of Premier Valley Bank as of the month-end immediately prior to completion of the merger is less than \$58,812,000. Assuming there is no reduction, and that only the 12,304,025 shares of Premier Valley Bank common stock that are currently outstanding remain outstanding when the merger is completed, holders of Premier Valley Bank common stock will be entitled to merger consideration, payable in cash or in shares of Heartland common stock, or both, of \$7.725 per share. The number of shares of Heartland common stock that will be issued per share of Premier Valley Bank common stock will be determined by dividing this per share consideration by the volume weighted average closing price of Heartland common stock on the Nasdaq for the twenty trading days ending five days prior to completion of the merger, but the weighted average price will be fixed at \$29.13 if it is less than \$29.13 and at \$39.41 if it is more than \$39.41. If this calculation were performed based on the twenty trading days ending five days prior to the date of this proxy statement/prospectus, the volume weighted average closing price would have been \$35.77, and assuming no reduction in the aggregate merger consideration or increase in Premier Valley Bank shares outstanding, a Premier Valley Bank shareholder would be entitled to 0.2159 shares of Heartland common stock for each share of Premier Valley Bank common stock. The market price for Heartland common stock will fluctuate prior to the merger. Accordingly, the actual number of shares of Heartland common stock you will receive per share of Premier Valley Bank common stock will be different from these amounts.

To the extent that Premier Valley Bank shareholders elect to receive cash representing less than 30% of the total consideration, or Heartland common stock representing less than 70% of the total consideration, those Premier Valley Bank shareholders who fail to make an election will be allocated cash or stock, pro rata based upon the number of Premier Valley Bank shares they hold, until these thresholds are achieved and the balance of the shares of these non-electing shareholders will be exchanged for 30% cash and 70% Heartland common stock. To the extent that allocating all cash, or all Heartland common stock, to the non-electing shareholders does not achieve this balance because too many Premier Valley Bank shareholders have elected Heartland common stock, or cash, then the consideration for which an excess election has been made shall be changed, pro rata among such electing shareholders, until the correct ratio is achieved.

The Premier Valley Bank Board of Directors Unanimously Recommends that You Vote "FOR" the Approval and Adoption of the Merger Agreement (Page 35)

The Board of Directors of Premier Valley Bank believes that the merger is in the best interests of Premier Valley Bank and its shareholders and has unanimously approved the merger agreement. For the factors considered by the Premier Valley Bank Board of Directors in reaching its decision to approve the merger agreement, see the section entitled "The Merger--Premier Valley Bank's Reasons for the Merger."

Premier Valley Bank's Financial Advisor Has Provided an Opinion to the Premier Valley Bank Board of Directors as to the Fairness of the Merger Consideration, from a Financial Point of View, to Premier Valley Bank Shareholders (Page 38)

In deciding to approve the merger, the Board of Directors of Premier Valley Bank considered the opinion of its financial advisor, Sandler O'Neill & Partners, L.P. ("Sandler O'Neill"), which was given to the Board of Directors of Premier Valley Bank on May 28, 2015, that, as of the date of such opinion and based upon and subject to the assumptions, qualifications and limitations described in the opinion, the consideration to be paid pursuant to the merger agreement was fair from a financial point of view to the holders of Premier Valley Bank common stock. A copy of this opinion is attached to this document as Appendix C. Premier Valley Bank shareholders should read the opinion completely and carefully to understand the assumptions made, matters considered and limitations on the

review undertaken by Sandler O'Neill in providing its opinion.

8

Certain Officers of Premier Valley Bank Have Financial Interests in the Merger (Page 49)

Some members of management of Premier Valley Bank have interests in the merger that are in addition to or different from their interests as Premier Valley Bank shareholders. These interests exist because of rights they have under existing employment agreements with Premier Valley Bank. The Premier Valley Bank Board of Directors was aware of these interests and considered them in approving the merger agreement and the merger.

Regulatory Approvals We Must Obtain for the Merger (Page 50)

In the merger, Premier Valley Bank will merge with and into a newly formed subsidiary of Heartland and this new subsidiary will technically be the “survivor” of the merger, although it will immediately change its name to “Premier Valley Bank” and will continue the operations of Premier Valley Bank without interruption. We cannot complete the merger until we file applications with, and obtain approval from, the Board of Governors of the Federal Reserve System for Heartland to acquire Premier Valley Bank, the Federal Deposit Insurance Corporation to merge Premier Valley Bank into this newly formed subsidiary, and the Division of Financial Institutions of the California Department of Business Oversight to form the subsidiary as an entity authorized to conduct a banking business and to complete this merger. Once the FDIC approves the bank merger, we have to wait anywhere from 15 to 30 days before we can complete the bank merger, during which time the U.S. Department of Justice can challenge the merger on antitrust grounds. Based upon and subject to compliance with the information contained in applications filed in July, by letter dated August 28, 2015 the Board of Governors of the Federal Reserve approved the acquisition, by letter dated August 21, 2015 the FDIC approved the merger, and by letter dated September 8, 2015 the California Department of Business Oversight approved the formation of PV Acquisition Bank and the merger. The applicable waiting periods for U.S. Department of Justice review have expired, or will expire shortly. Completion of the merger will require filing of a summary merger agreement, in a form previously reviewed with the California Department of Business Oversight and with the California Secretary of State.

Completion of the Merger is Subject to Satisfying Several Conditions (Page 59)

The obligations of Premier Valley Bank and Heartland to complete the merger are subject to the fulfillment or waiver of certain conditions, including:

- the approval and adoption of the merger agreement by holders of a majority of the common shares of Premier Valley Bank;
- the receipt of governmental and regulatory approvals;
- the receipt of certain consents and waivers from third parties;
- the absence of any injunction or order, or any law or regulation, that would impair the merger;
- the effectiveness of the registration statement pursuant to which the Heartland common stock will be registered;
 - the truth and correctness of the other party’s representations and warranties, subject to the standard of materiality in the merger agreement; and
- the other party’s performance in all material respects of all the obligations required to be performed by it under the merger agreement.

An additional condition to Heartland’s obligation to complete the merger is that the total number of dissenting shares of Premier Valley Bank common stock cannot be more than 7.0% of the number of outstanding shares of Premier Valley Bank common stock.

We cannot be certain when, or if, the conditions to the merger will be satisfied or waived, or that the merger will be completed.

When We Can Terminate the Merger Agreement (Page 60)

Premier Valley Bank and Heartland may agree in writing to terminate the merger agreement before completing the merger, even after approval and adoption of the merger agreement by Premier Valley Bank shareholders, if a majority of the members of the Board of Directors of each of Premier Valley Bank and Heartland votes to do so.

In addition, either Heartland or Premier Valley Bank may decide to terminate the merger agreement in various circumstances, including the following:

- if there is a law or governmental order that prohibits the merger;
- if holders of shares representing a majority of the common stock of Premier Valley Bank fail to approve the merger at the special meeting;
- if any regulatory authority disapproves the merger;
- if the merger has not been completed by March 31, 2016, unless the failure to complete the merger is due to the party seeking to terminate the agreement; or
- if the other party has or will have breached any representation, warranty or agreement in any material respect or if satisfaction of any closing condition by the other party is or becomes impossible.

Premier Valley Bank may terminate the merger agreement if, prior to the adoption of the agreement by the Premier Valley Bank shareholders, the Premier Valley Bank Board of Directors determines to enter into an agreement providing for a superior proposal after complying with applicable provisions of the merger agreement (including providing Heartland with five business days' written notice and paying Heartland a \$3 million termination fee). Heartland also may terminate the merger agreement if Premier Valley Bank changes its recommendation to the Premier Valley Bank shareholders to approve the merger agreement, fails to hold a meeting of shareholders to consider the merger agreement after this proxy statement/prospectus has been available for 20 days, or intentionally and materially breaches the prohibition on solicitation. If Heartland terminates in these instances, Premier Valley Bank would be obligated to pay Heartland a \$3 million termination fee.

You have Dissenter's Rights under the California General Corporation Law (Page 54)

Under Chapter 13 of the California General Corporation Law ("CGCL"), holders of Premier Valley Bank common stock who determine to dissent from, and do not vote in favor of, the merger may elect to have the "fair value" of their shares of Premier Valley Bank common stock individually appraised and paid to them if the merger is completed and if they comply with the requirements of Chapter 13 of the CGCL, a copy of which is attached hereto as Appendix B. See "The Merger--Notice of Dissenters' Rights."

Premier Valley Bank Special Meeting (Page 31)

The Premier Valley Bank special meeting will be held in the first floor Conference Room located at 265 East River Park Circle, Suite 160 (across from the Bank's headquarters located at 255 East River Park Circle, Suite 180), Fresno, California 93720 at 5:30 p.m. local time, on October 26, 2015. At the Premier Valley Bank special meeting, holders of Premier Valley Bank common stock will be asked:

- to approve and adopt the merger agreement; and
- to approve the adjournment of the Premier Valley Bank special meeting, if necessary or appropriate, to solicit additional proxies.

Record Date. Premier Valley Bank shareholders may cast one vote at the Premier Valley Bank special meeting for each share of Premier Valley Bank common stock owned at the close of business on August 31, 2015. At that date, there were 12,304,025 shares of Premier Valley Bank common stock entitled to be voted at the special meeting.

As of the record date for the Premier Valley Bank special meeting, directors, executive officers and certain other officers of Premier Valley Bank and their affiliates had the right to vote 4,135,527 shares of Premier Valley Bank common stock, or 33.6% of the outstanding Premier Valley Bank common stock entitled to be voted at the special meeting.

Required Vote. To approve and adopt the merger agreement, the holders of a majority of the outstanding shares of Premier Valley Bank common stock entitled to vote must vote in favor of the approval and adoption of the merger agreement. A Premier Valley Bank shareholder's failure to vote, a broker non-vote or an abstention will have the same effect as a vote against the approval and adoption of the merger agreement.

The Merger is Intended to be Generally Tax-Free With Respect to the Shares of Heartland Common Stock (Page 50)

The merger is intended to qualify as a tax-free reorganization for U.S. federal income tax purposes, and assuming the merger will so qualify, holders of Premier Valley Bank common stock who elect to receive in the merger, or receive because of the allocation provisions in the merger agreement, shares of Heartland common stock generally will not recognize any gain or loss for U.S. federal income tax purposes on the exchange of their Premier Valley Bank stock for Heartland common stock. Gain or loss will result from the receipt by Premier Valley Bank shareholders of cash in the merger, including cash issued for fractional shares of Heartland common stock.

To review the tax consequences to Premier Valley Bank shareholders in greater detail, see "The Merger--Material U.S. Federal Income Tax Consequences of the Merger" beginning on page 50.

UNAUDITED PRO FORMA COMBINED CONSOLIDATED FINANCIAL STATEMENTS

The following unaudited pro forma combined consolidated financial statements, financial information and explanatory notes illustrate the effect of the merger on Heartland's financial position and results of operations based upon Heartland's respective historical financial positions and results of operations under the acquisition method of accounting with Heartland treated as the acquirer. The unaudited pro forma combined consolidated financial information has been derived from, and should be read in conjunction with, the historical consolidated financial statements and the related notes of Heartland that are incorporated by reference, and of Premier Valley Bank that are included elsewhere, in this proxy statement/prospectus.

In accordance with U.S. generally accepted accounting principles, or GAAP, the assets and liabilities of Premier Valley Bank will be recorded by Heartland at their estimated fair values as of the date the merger is completed. The unaudited pro forma combined consolidated statement of income for the six months ended June 30, 2015 is based on the unaudited financial statements of Heartland that are incorporated by reference, and of Premier Valley Bank that are included, in this proxy statement/prospectus. The unaudited pro forma combined consolidated statement of income for the year ended December 31, 2014 is based on the audited financial statements of Heartland incorporated by reference, and Premier Valley Bank included, in this proxy statement/prospectus. The unaudited pro forma combined consolidated balance sheet as of June 30, 2015 assumes the merger took place on that date. The unaudited pro forma combined consolidated statements of income for the six months ended June 30, 2015 and for the year ended December 31, 2014 assumes the merger took place on January 1, 2014.

The pro forma financial information includes Heartland's estimated adjustments to record assets and liabilities of Premier Valley Bank at their respective fair values. These adjustments are subject to change depending on changes in interest rates and the components of assets and liabilities as of the merger date and as additional information becomes available and additional analyses are performed. The final amounts will be determined after the merger is completed and after completion of further analyses to determine the fair value of Premier Valley Bank's tangible and identifiable intangible assets and liabilities as of the date the merger is completed. Increases or decreases in the estimated fair values of the net assets acquired as compared with the information shown in the unaudited pro forma combined consolidated financial information may change the amount of goodwill resulting from the merger and other assets and liabilities may impact Heartland's statement of income due to adjustments in yield and/or amortization of the adjusted assets or liabilities. Any changes to Premier Valley Bank's results of operations from June 30, 2015, including shareholders' equity, through the date the merger is completed, will also change the purchase price allocation, which may include the recording of a lower or higher amount of goodwill. The final adjustments may be materially different from the unaudited pro forma adjustments presented herein.

Heartland anticipates that the merger with Premier Valley Bank will provide the combined institution with financial benefits that include reduced combined operating expenses. However, these unaudited pro forma consolidated financial statements do not give effect to any anticipated cost savings or revenue enhancements in connection with the merger. The pro forma information, which is intended to illustrate the financial characteristics of the merger and the combined bank under one set of assumptions, does not reflect any of the potential benefits of and expected cost savings or opportunities to earn additional revenues or all integration costs that may be incurred and, accordingly, should not be considered a prediction of future results. It also does not necessarily reflect what the historical results of the combined bank would have been had both banks been combined during the periods shown.

The unaudited pro forma shareholders' equity and net income should not be considered indicative of the market value of Heartland common stock or the actual or future results of operations of Heartland for any period. Actual results may be materially different than the pro forma consolidated financial statements and information presented.

Notes to Unaudited Pro Forma Combined Consolidated Financial Statements

1. Basis of Pro Forma Presentation

The unaudited pro forma combined consolidated financial information related to the merger includes the unaudited pro forma combined consolidated balance sheet as of June 30, 2015, which assumes that the merger was completed on June 30, 2015. The unaudited pro forma combined consolidated statements of income for the six months ended June 30, 2015 and for the year ended December 31, 2014 were prepared assuming that the merger was completed on January 1, 2014. For the purpose of the pro forma combined consolidated financial statements, the total consideration to common shareholders is \$95.1 million. The pro forma adjustments included herein reflect the conversion of Premier Valley Bank's common stock into 70% Heartland common stock and 30% cash. At June 30, 2015, Premier Valley Bank had 12,304,025 common shares outstanding.

The merger will be accounted for as an acquisition of Premier Valley Bank by Heartland in accordance with the acquisition method of accounting. The acquisition method of accounting requires an acquirer to recognize the assets acquired, and the liabilities assumed, based on their fair values as of the date of merger. Goodwill, if any, will be recognized as of the merger date, in the amount equal to the excess of the consideration transferred over the fair value of identifiable net assets acquired. Based on Heartland's preliminary purchase price allocation, goodwill of approximately \$40.9 million is estimated by Heartland.

As the merger is recorded using the acquisition method of accounting, all loans of Premier Valley Bank are recorded at fair value, including adjustments for credit, and no allowance for loan losses is carried over to Heartland's balance sheet. In addition, certain anticipated nonrecurring merger transaction costs associated with the merger, such as investment banking fees, change in control payments, accounting fees, legal and other professional fees, transfer agent fees, proxy solicitation costs and other related expenditures are reflected in the pro forma consolidated balance sheet, but are excluded from the pro forma consolidated statement of income.

While the recording of the acquired loans at their fair value will impact the prospective determination of the provision for loan losses and the allowance for loan losses, for purposes of the unaudited pro forma consolidated statement of income for the six months ended June 30, 2015 and for the year ended December 31, 2014 we assumed no adjustments to the historical amount of Premier Valley Bank's provision for loan losses. If such adjustments were estimated, there could be a reduction, or increase which could be significant, to the historical amounts of Premier Valley Bank's provision for loan losses presented.

The merger is expected to result in annual cost savings and revenue synergies to be achieved following the consummation of the merger. These expected savings have not been included in the pro forma combined consolidated balance sheet or the statement of income.

2. Preliminary Pro Forma Entries

- Adjustments to cash and due from banks represent the cash portion of the purchase price of \$28.5 million and
- A. Heartland's and Premier Valley Bank's net merger transaction costs of \$2.5 million and \$.9 million, respectively, and are assumed to be paid out at the closing date of the merger, see footnote J. Total cash payments are estimated at \$3.4 million.

Cash Account Pro Forma Adjustment Schedule at June 30, 2015	(Dollars in thousands)
Net expense after tax - Heartland merger costs	\$2,491
Net expense after tax - Premier Valley merger costs	923
Cash pro forma adjusting entry	\$3,414

- B. The fair value of the loan portfolio being acquired from Premier Valley Bank is estimated by Heartland to be less than the net carrying value. Based on management's judgment, Heartland applied an approximate discount of 3.75% to Premier Valley Bank's gross loan portfolio to estimate the loan fair value adjustment at June 30, 2015. This adjustment reflects the estimates of both market rate differential and the potential credit adjustments. The total gross fair value loan adjustment is estimated at approximately \$15.5 million. The credit portion of the loan fair value adjustment is estimated at approximately \$14.5 million and the market rate fair value adjustment is estimated at approximately \$1 million. See footnote I for the estimated accretion of the market rate and credit fair value adjustment. The actual loan fair value adjustment may be more or less than the amount estimated and used in these pro forma combined consolidated financial statements. The actual loan fair value will be calculated at the

date of the merger, based on the most current financial information available.

C. Because the acquired loans and unfunded loan commitments are recorded at fair value at the merger date, there is no carryover of Premier Valley Bank's allowance for loan losses of \$4.2 million, and reserve for unfunded loan commitments of \$137,000 at June 30, 2015.

Adjustments to deferred tax assets represent the tax effect of the pro forma adjustments using a combined federal and state tax rate of 42.1%. A federal and state effective tax rate of 42.1% was also utilized in calculating the

D. provision for income tax expense as reflected in the pro forma entries in the consolidated statements of income for the six months ended June 30, 2015 and for the year ended December 31, 2014. The following table reflects the breakout of deferred tax assets reflected on the pro forma combined consolidated balance sheet.

The unaudited pro forma combined consolidated financial information for the merger includes the unaudited pro forma combined balance sheet as of June 30, 2015, assuming the merger was completed on June 30, 2015. The following is a summary of the preliminary purchase price allocation and the value of Goodwill.

A core deposit intangible of \$4.45 million is estimated for the Premier Valley Bank core deposit portfolio. A core deposit intangible arises from a financial institution having a deposit base comprised of funds associated with stable customer relationships. Deposit customer relationships have value due to their favorable interest rates in comparison to market rates for alternative funding sources with expected lives comparable to expected lives of the core deposits. The discounted cash flow method is based upon the principal of future benefits; economic value tends to be based on anticipated future benefits as measured by cash flows expected to occur in the future. In

F. determining this value, Heartland has considered recently completed transactions and the overall value assigned to the non-interest bearing demand deposit accounts, savings accounts, money market and NOW deposit accounts. Based on this review Heartland has preliminarily estimated a 1.00% core deposit premium on the core deposits of Premier Valley Bank with an estimated useful life of seven years, using the straight line method of amortization. This premium is a result of the cost of these deposits being lower than the cost of comparable alternative funding sources. The amortization of core deposit intangibles is estimated at approximately \$319,000 for the six months ended June 30, 2015 and is estimated at approximately \$638,000 for the year ended December 31, 2014.

Heartland has estimated premium of \$634,000 or 0.50% of the balance of time deposits to be amortized over three years, using the straight line method, which is the estimated remaining term. The amortization for the six months ended June 30, 2015 is estimated at \$106,000 and \$212,000 for the twelve months ended December 31, 2014. The following schedule reflects the projected amortization of the deposit rate adjustment over the estimated remaining three-year amortization period.

The historical financial results of Premier Valley include tax deductible merger costs of \$50,000 for the year ended December 31, 2014 and \$27,000 for the six months ended June 30, 2015. The merger costs included in the historical balances consisted of professional fees. For purpose of the pro forma combined consolidated statement of income, total merger costs of \$50,000 that are included in the historical financial results for the year ended December 31, 2014, and \$27,000 that are included for the six month period ended June 30, 2015, are removed as a non-recurring charge directly related to the merger. The estimated merger transaction costs to be incurred after June 30, 2015 are approximately \$3.4 million, net of tax. This cost is included as a pro forma adjustment in the combined consolidated balance sheet. See footnotes A and H.

Some of the merger transaction costs are not tax deductible. The deductibility of such costs is estimated in the table below, but will be finalized and determined subsequent to the completion of the merger. The following schedule reflects the breakout of the merger estimated transaction cost between Heartland and Premier Valley Bank using a federal and state effective tax rate of 42.1%. For purposes of the pro forma presentation, these costs are assumed to be paid out in cash at the date of the merger. However, several of these costs may not actually be paid out in cash but accrued for in the consolidated balance sheet.

The amount of pro forma combined total shares outstanding at June 30, 2015, is calculated by adding Heartland's historical shares outstanding at June 30, 2015 and Heartland's pro forma shares, which are common stock to be issued at the merger transaction date. For purposes of these calculations, the retirement of the Premier Valley Bank shares as well as the issuance of the new Heartland shares is recorded as if the transaction occurred January 1, 2014, with the newly issued shares outstanding for the full year. See "The Merger Agreement – Purchase Price and Election of Merger Consideration" for the calculation of shares to be issued in the merger transaction.

K. The amount of pro forma combined weighted average shares outstanding is calculated by adding Heartland's historical weighted average shares outstanding for the six months ended June 30, 2015 and for the year ended December 31, 2014, the Heartland common stock issued in connection with merger. For purposes of these calculations the issuance of the new Heartland shares is recorded as if the transaction occurred January 1, 2014, with the newly issued shares outstanding for the six months ended June 30, 2015 and for the twelve months ended December 31, 2014.

The timing and amount of future dividends on shares of Heartland common stock will depend upon earnings, cash requirements, the financial condition of Heartland and its subsidiaries, applicable government regulations and other factors deemed relevant by Heartland's Board of Directors.

RISK FACTORS

If you make an election to receive Heartland common stock, or otherwise receive common stock and vote in favor of the merger, you will be choosing to invest in Heartland common stock. Such an investment is subject to risks, including those described in the annual report on Form 10-K that Heartland has filed with the SEC, and that is incorporated by reference in this proxy statement/prospectus. In addition to the information contained elsewhere in this proxy statement/prospectus or incorporated in this proxy statement/prospectus by reference, as a shareholder Premier Valley Bank, you should carefully consider the following factors in making your decision as to how to vote on the merger.

Risks Relating to the Merger

The merger consideration is subject to changes in the tangible equity of Premier Valley Bank.

The payment that you will receive in the merger could be reduced if the tangible equity of Premier Valley Bank as of the last day of the month preceding the closing date of the merger, and projected for operations through the closing date, is less than \$58,812,000. At June 30, 2015, Premier Valley Bank's tangible equity was approximately \$58.4 million, but if the merger is completed prior to October 1, 2015, Premier Valley Bank will be credited with a reasonable projection of operations through September 30, 2015 for purposes of this tangible equity calculation. This credit, if based on results of operations for the first six months of 2015 projected through September 30, 2015, would cause projected operations to exceed the tangible equity threshold. Nevertheless, if Premier Valley Bank incurs a loss, or fails to generate adequate income, prior to closing, the merger consideration, and the cash or shares of Heartland common stock you receive in the merger, will decline.

To the extent you elect to receive cash in the merger, or fail to elect and are allocated cash, you will recognize gain or loss for federal income tax purposes as a result of the merger, while the exchange of Premier Valley Bank common stock for Heartland common stock is intended to qualify as a tax free exchange.

The merger is intended to qualify as a tax-free reorganization for U.S. federal income tax purposes, and assuming the merger will so qualify, holders of Premier Valley Bank common stock who elect to receive in the merger, or receive because of the allocation provisions in the merger agreement, shares of Heartland common stock generally will not recognize any gain or loss for U.S. federal income tax purposes on the exchange of their Premier Valley Bank stock for Heartland common stock. Gain or loss will result from the receipt by Premier Valley Bank shareholders of cash in the merger, including cash issued for fractional shares of Heartland common stock. If you fail to make an election and receive cash, you may be required to recognize taxable gain.

Because the market price of Heartland common stock may fluctuate, a Premier Valley Bank shareholder cannot be sure of the number of shares of Heartland common stock that he or she will receive for each share of Premier Valley Bank common stock.

If you elect to receive shares of Heartland common stock in the merger, or if you are allocated such shares because you fail to make an election or too many Premier Valley Bank shareholders elect to receive cash, the number of shares of Heartland common stock you receive for each share of Premier Valley Bank common stock will depend upon the volume weighted average closing price of Heartland common stock, which will fluctuate prior to the closing. Changes in the closing price of Heartland common stock may result from a variety of factors, including, changes in Heartland's business, operations and prospects, and regulatory considerations. Many of these factors are beyond the control of Premier Valley Bank and Heartland. You will not know when you make an election to receive cash or common stock, when you vote or when you decide whether to exercise dissenter's rights, the number of the shares of Heartland common stock that you will receive in the merger. You are urged to obtain current market quotations for Heartland common stock and to consult with your financial advisors before you make your election, vote or decide to exercise dissenters' rights.

The interests of certain management officials of Premier Valley Bank may be different from those of other shareholders.

J. Mike McGowan, Michael W. Martinez, David H. Wogan, Marvell French, Steve E. Travers and Dorothy Thomas, officers of Premier Valley, have employment agreements providing the executive with the right to severance payments if their employment is terminated, regardless if voluntarily by the employee or involuntarily by Premier Valley Bank, within one year before or after the merger is completed. The amount of the severance payment varies for these officers from nine months base

salary, to three years' salary and estimated bonus. As part of the negotiation of the merger agreement, Heartland negotiated restated employment agreements with each of these officers that will provide that they each will receive, as a signing bonus, the full amount of severance they would have received had they terminated their agreements, and that they also will continue as employees. Each of these officers also holds restricted stock that is subject to vesting that would require them to remain employed for various terms of up to roughly three and a half years in order for the restricted stock to "vest" and not be

forfeited when their employment is terminated. All of these restricted shares will become fully vested upon completion of the merger. These interests may cause Premier Valley Bank's officers to view the merger proposal differently than you may view it. The Board of Directors of Premier Valley Bank was aware of these interests at the time it approved the merger. See "The Merger--Certain Executive Officers Have Financial Interests in the Merger." The merger is subject to certain closing conditions that, if not satisfied or waived, will result in the merger not being completed, which may cause the prices of Heartland common stock and Premier Valley Bank common stock to decline.

Consummation of the merger is subject to customary conditions to closing in addition to the receipt of the required regulatory approvals and approval of the Premier Valley Bank shareholders of the merger agreement and the approval of the Heartland shareholders of the issuance of Heartland common stock in connection with the merger. If any condition to the merger is not satisfied or waived, to the extent permitted by law, the merger will not be completed. In addition, Heartland and Premier Valley Bank may terminate the merger agreement under certain circumstances even if the merger agreement is approved by Premier Valley Bank shareholders, including if the merger has not been completed on or before March 31, 2016. If the merger is not completed, the respective trading prices of Heartland common stock on the NASDAQ Global Select Market and of Premier Valley Bank common stock on the OTCBB market may decline to the extent that the current prices reflect a market assumption that the merger will be completed. In addition, neither company would realize any of the expected benefits of having completed the merger. For more information on closing conditions to the merger agreement, see "The Merger-Conditions to the Merger" beginning on page 59.

The shares of Heartland common stock to be received by Premier Valley Bank shareholders as a result of the merger will have different rights than shares of Premier Valley Bank common stock.

Upon completion of the merger, Premier Valley Bank shareholders will become Heartland shareholders and their rights as shareholders will be governed by the Heartland certificate of incorporation and bylaws. The rights associated with Premier Valley Bank common stock are different from the rights associated with Heartland common stock. See "Comparison of Shareholders' Rights" beginning on page 86.

Post-Merger Risks

Heartland has several other acquisitions pending that could impair its ability to integrate the operations of Premier Valley Bank.

Heartland has executed agreements to acquire two banks in addition to Premier Valley Bank: a bank with five offices in New Mexico and a bank with three offices in Arizona. Heartland anticipates completing these acquisitions, and the integration of operations of these two banks into its New Mexico and Arizona subsidiary banks, in the third quarter of 2015, prior to the acquisition of Premier Valley Bank. Nevertheless, the completion of these acquisitions could delay consummation of the merger with Premier Valley Bank and could cause distraction of management and technical personnel that could render the integration of operations of Premier Valley Bank less successful.

Difficulties in combining the operations of Premier Valley Bank and Heartland may prevent the combined company from achieving the expected benefits from its acquisition.

The combination of Premier Valley Bank into Heartland may cause Heartland difficulty achieving fully the strategic objectives and operating efficiencies it hopes to achieve in the merger. The success of the merger will depend on a number of factors, including Heartland's ability to:

- integrate the operations of Premier Valley Bank into Heartland;
- maintain existing relationships with depositors so as to minimize withdrawals of deposits after the merger;
- maintain and enhance existing relationships with borrowers so as to limit unanticipated losses from loans of Premier Valley Bank;
- control the incremental non-interest expense so as to maintain overall operating efficiencies;
- retain and attract qualified personnel; and
- compete effectively in the communities served by Premier Valley Bank and in nearby communities.

These factors could contribute to the combined company not achieving the expected benefits from the merger within the desired time frames, if at all.

Heartland and its shareholders, including former shareholders of Premier Valley Bank, will be subjected to special risks if it effects future acquisitions.

Heartland intends to continue to investigate strategic acquisitions of other banks after the merger. Acquiring other banks and businesses will involve risks commonly associated with acquisitions, including:

- potential exposure to liabilities of any banks or other businesses acquired;
- difficulty and expense of integrating the operations and personnel of any banks or other businesses acquired;
- possible increases in leverage resulting from borrowings needed to finance an acquisition or augment regulatory capital;
- potential disruption to Heartland's business;
- potential diversion of the time and attention of Heartland's management; and
- impairment of relationships with and the possible loss of key employees and customers of any banks or other businesses acquired by Heartland.

The unaudited condensed pro forma combined financial data included in this joint proxy statement/prospectus are presented for illustrative purposes only and may not be an indication of the combined company's financial condition or results of operations following the merger.

The unaudited condensed pro forma combined financial data contained in this proxy statement/prospectus are presented for illustrative purposes only, are based on various adjustments, assumptions and preliminary estimates and may not be an indication of the combined company's financial condition or results of operations following the merger for several reasons. The actual financial condition and results of operations of the combined company following the merger may not be consistent with, or evident from, these unaudited pro forma condensed combined financial data. In addition, the assumptions used in preparing the unaudited pro forma condensed combined financial data may not prove to be accurate, and other factors may affect the combined company's financial condition or results of operations following the merger. Any potential decline in the combined company's financial condition or results of operations may cause significant variations in the stock price of the combined company.

FORWARD-LOOKING STATEMENTS

We have made forward-looking statements in this document (and in documents to which we refer in this document) that are subject to risks and uncertainties. These forward-looking statements include information about the possible or assumed future results of operations or performance of Heartland or Premier Valley Bank, or the combined organization after the merger is completed, or about the expected timing, completion and effects of the merger. When we use any of the words “believes,” “expects,” “anticipates,” “plans,” “intends,” “estimates,” “may,” “will,” “would,” “could,” similar expressions, we are making forward-looking statements. Many events or factors could affect the future financial results and performance of Heartland after the merger and could cause those results or performance to differ materially from those expressed in our forward-looking statements. These risks are described in detail in the Annual Report on Form 10-K of Heartland that is incorporated by reference into this proxy statement/prospectus. These risks include, but are not limited to, the following:

- The strength of the U.S. economy in general and the strength of the local economies in which Heartland conducts its operations which may be less favorable than expected and may result in, among other things, a deterioration in the credit quality and value of our assets.

- The economic impact of past and any future terrorist threats and attacks, acts of war or threats thereof and the response of the United States to any such threats and attacks.

- The effects of, and changes in, federal, state and local laws, regulations and policies affecting banking, securities, insurance and monetary and financial matters.

- The effects of changes in interest rates (including the effects of changes in the rate of prepayment of assets) and the policies of the Federal Reserve Board.

- Heartland’s ability to compete with other financial institutions as effectively as it currently intends, due to increases in competitive pressures in the financial services sector.

- Heartland’s ability to obtain new customers and to retain existing customers, including Premier Valley Bank customers.

- The timely development and acceptance of products and services, including products and services offered through alternative delivery channels such as the internet.

- Technological changes implemented by Heartland and by other parties, including third party vendors, which may be more difficult or more expensive than anticipated or which may have unforeseen consequences to Heartland, Premier Valley Bank and their customers.

- Heartland’s ability to develop and maintain secure and reliable electronic delivery systems.

- Heartland’s ability to retain key executives and employees, including executives and employees of Premier Valley Bank, and the difficulty that it may experience in replacing in an effective manner key executives and employees.

- Consumer spending and saving habits that may change in a manner that adversely affects Heartland’s business.

- Business combinations and the integration of acquired businesses that may be more difficult or expensive than expected.

- Changes in accounting policies and practices, as may be adopted by state and federal regulatory agencies and the Financial Accounting Standards Board.

- That required regulatory, shareholder or other approvals are not obtained or other closing conditions are not satisfied in a timely manner or at all.

- Other factors discussed in, or incorporated by reference in, the “Risk Factors” section of this proxy statement/prospectus.

These risks and uncertainties should be considered in evaluating forward-looking statements and undue reliance should not be placed on such statements.

The pro forma financial information and any forward-looking earnings estimates included in this proxy statement/prospectus have not been examined or compiled by independent public accountants, nor have independent accountants applied any procedures to the estimates. Accordingly, neither Heartland’s nor Premier Valley Bank’s accountants express any opinion or any other form of assurance on them. The forward-looking statements included in this proxy statement/prospectus are made only as of the date of this proxy statement/prospectus and we undertake no obligation to update any statement in light of new information or future events. Further information concerning Heartland and its business, including additional factors that could materially affect Heartland’s financial results, is

included in Heartland's filings with the Securities and Exchange Commission. See "Where You Can Find More Information" on page 94.

THE PREMIER VALLEY BANK SPECIAL MEETING

Date, Time and Place

The Premier Valley Bank special meeting will be held in the first floor Conference Room located at 265 East River Park Circle, Suite 160 (across from Premier Valley Bank's headquarters located at 255 East River Park Circle, Suite 180), Fresno, California 93720 at 5:30 p.m. local time, on October 26, 2015. At the Premier Valley Bank special meeting, holders of Premier Valley Bank common stock will be asked:

- to approve and adopt the merger agreement; and
- to approve the adjournment of the Premier Valley Bank special meeting, if necessary or appropriate, to solicit additional proxies.

Proxies

You should complete and return the proxy form accompanying this document to ensure that your vote is counted at the Premier Valley Bank special meeting, regardless of whether you plan to attend the special meeting. Abstentions and "broker non-votes" (described below) are counted for purposes of determining the presence or absence of a quorum but are not considered votes cast. The required vote of Premier Valley Bank shareholders on the merger agreement and the proposal to adjourn the special meeting is based on the number of outstanding shares of Premier Valley Bank common stock and not on the number of shares that are actually voted. Accordingly, the failure to submit a proxy card or to vote in person at the Premier Valley Bank special meeting, or the abstention from voting by a Premier Valley Bank shareholder, or the failure of any Premier Valley Bank shareholder who holds shares in "street name" through a bank or broker to give voting instructions to such bank or broker (thereby resulting in a "broker non-vote"), will have the same effect as a vote "AGAINST" the merger agreement. Abstentions will have the same effect as a vote "AGAINST" the proposal to postpone or adjourn the Premier Valley Bank special meeting, if necessary, while shares not in attendance at the Premier Valley Bank special meeting and broker non-votes will have no effect on the outcome of any vote to postpone or adjourn the Premier Valley Bank special meeting.

A "broker non-vote" occurs when a broker submits a proxy that does not indicate a vote on a proposal because the broker has not received instructions from the beneficial owners on how to vote on such proposal and the broker does not have discretionary authority to vote in the absence of instructions. Brokers generally have the authority to vote, even though they have not received instructions, on matters that are considered "routine". However, under the rules of the New York Stock Exchange, the merger agreement proposal and the adjournment proposal to be considered at the Premier Valley Bank special meeting are not considered routine matters and brokers are not entitled to vote shares held for a beneficial owner on these matters without instructions from the beneficial owner of the shares. To avoid a broker non-vote of your shares on the merger agreement and adjournment, each of which is a non-routine matter, you must provide voting instructions to your broker or other nominee.

Submitting a proxy on the enclosed form of proxy does not preclude a Premier Valley Bank shareholder from voting in person at the Premier Valley Bank special meeting. A Premier Valley Bank shareholder may revoke a proxy at any time prior to the vote at the Premier Valley Bank special meeting by:

- delivering to Michael W. Martinez, Premier Valley Bank's Executive Vice President, Chief Operating Officer and Chief Financial Officer, at 255 East River Park Circle, Suite 180, Fresno, California 93720, on or before the date of the Premier Valley Bank special meeting, a later-dated and signed proxy card or a written revocation of the proxy;
- delivering to Premier Valley Bank at the Premier Valley Bank special meeting prior to the taking of the vote a later dated and signed proxy card or a written revocation;

- attending the Premier Valley Bank special meeting and voting in person;

or

• if you have instructed a broker to vote your shares, following the directions received from your broker to change these instructions.

Revoking a proxy will not affect a vote once it has been taken. Attendance at the Premier Valley Bank special meeting will not, in itself, constitute a revocation of a proxy. You must vote in person at the Premier Valley Bank special meeting if you wish to change a vote that you have previously made by submitting a signed proxy.

All shares of Premier Valley Bank common stock represented by valid proxies received through this solicitation, and that are not revoked, will be voted in accordance with the instructions on the proxy form. If you make no specification on your proxy form as to how you want your shares of Premier Valley Bank common stock voted before signing and

returning it, your

31

proxy will be voted "FOR" approval and adoption of the merger agreement and "FOR" the proposal to adjourn the special meeting, if necessary or appropriate, to solicit additional proxies.

Solicitation of Proxies

Premier Valley Bank will bear the entire cost of soliciting proxies from you. In addition to solicitation of proxies by mail, Premier Valley Bank will request that banks, brokers and other record holders send proxies and proxy material to the beneficial owners of Premier Valley Bank common stock and secure their voting instructions, if necessary.

Premier Valley Bank will reimburse the record holders for their reasonable expenses in taking those actions.

Premier Valley Bank has engaged Georgeson Inc. to assist in the solicitation of proxies for the Premier Valley Bank special meeting. Premier Valley Bank estimates that it will pay Georgeson Inc. a fee of approximately \$6,000, will reimburse Georgeson Inc. for reasonable out-of-pocket expenses and will indemnify Georgeson Inc. and its affiliates against certain claims, liabilities, losses, damages and expenses.

Record Date

The Premier Valley Bank Board of Directors has fixed the close of business on August 31, 2015 as the record date for determining the holders of Premier Valley Bank common stock entitled to receive notice of and to vote at the Premier Valley Bank special meeting. At that time, 12,304,025 shares of Premier Valley Bank common stock were outstanding, held by approximately 154 holders of record. As of the record date, directors, executive officers of Premier Valley Bank and their affiliates had the right to vote 4,114,315 shares of Premier Valley Bank common stock as of the record date, representing approximately 33.4% of the shares entitled to vote at the Premier Valley Bank special meeting. Each of these directors and officers has executed a voting agreement with Heartland agreeing to vote their shares "FOR" the merger.

Quorum and Vote Required

The presence, in person or by properly executed proxy, of the holders of a majority of the outstanding shares of Premier Valley Bank common stock is necessary to constitute a quorum at the special meeting. Abstentions and broker non-votes will be counted solely for the purpose of determining whether a quorum is present.

Approval and adoption of the merger agreement requires the affirmative vote of the holders of a majority of the outstanding shares of Premier Valley Bank common stock. Approval of the proposal relating to the adjournment of the special meeting, if necessary or appropriate, to solicit additional proxies requires that the votes cast in favor of the proposal exceed the votes cast in opposition. You are entitled to one vote for each share of Premier Valley Bank common stock you held as of the record date.

Because the affirmative vote of the holders of a majority of the outstanding shares of Premier Valley Bank common stock is required to approve and adopt the merger agreement, the failure to vote by proxy or in person will have the same effect as a vote against the merger agreement. Abstentions and broker non-votes also will have the same effect as a vote against the merger. Accordingly, the Premier Valley Bank Board of Directors urges holders of Premier Valley Bank common stock to complete, date and sign the accompanying proxy form and return it promptly in the enclosed postage-paid envelope.

Abstentions, failures to vote and broker non-votes will have no effect on the vote to adjourn the special meeting, if necessary or appropriate, to solicit additional proxies.

Other Business

Premier Valley Bank is not currently aware of any business to be acted upon at the special meeting other than the matters discussed in this document.

THE MERGER

The following discussion contains material information pertaining to the merger. This discussion is a summary only and may not contain all of the information that is important to you. A copy of the merger agreement is attached to this document as Appendix A and is incorporated into this section by reference. We encourage you to read and review the merger agreement in its entirety as well as the discussion in this document.

Structure

The merger agreement provides that Premier Valley Bank will be merged with and into PV Acquisition Bank, a newly formed subsidiary of Heartland that will apply for authorization to conduct a banking business in the State of California. By virtue of the merger, Premier Valley Bank will become a subsidiary of Heartland. Simultaneous with the merger, PV Acquisition Bank, which has and will have no operations until the merger, will change its name to "Premier Valley Bank" and continue the operations of Premier Valley Bank without interruption.

By virtue of the merger, each share of Premier Valley Bank common stock outstanding prior to the merger will be converted, upon completion of the merger, and at the election of the holder but subject to certain proration procedures, into the right to receive Heartland common stock or cash, or a combination of Heartland common stock and cash. Shares of Premier Valley Bank common stock outstanding immediately prior to the merger will be cancelled and represent only the right to receive this consideration after the merger is effective.

Background of the Merger

Each of Heartland's and Premier Valley Bank's Board of Directors and management regularly review their respective business strategies, opportunities and challenges as part of their consideration and evaluation of their respective long-term prospects, with the goal of enhancing value for their respective shareholders. The strategic considerations have focused on, among other things, the business and regulatory environment facing financial institutions generally and each of Heartland and Premier Valley Bank, in particular, as well as conditions and ongoing consolidation in the financial services industry. For each company, these reviews have also included periodic discussions with respect to potential transactions that would further its strategic objectives, and the potential benefits and risks of those transactions.

Heartland has considered acquisitions as a means of achieving growth and expanding its market. Consistent with this strategy, on January 16, 2015, Heartland acquired Community Banc-Corp of Sheboygan, Inc., the bank holding company for Community Bank & Trust, a bank headquartered in Sheboygan, Wisconsin with approximately \$510 million of assets at the time of its acquisition. On April 16, 2015, Heartland announced its agreement to acquire Community Bancorporation of New Mexico, Inc., the holding company for Community Bank, a bank headquartered in Santa Fe, New Mexico with approximately \$183 million in assets at March 31, 2015. On May 15, 2015, Heartland announced its agreement to acquire First Scottsdale Bank, National Association, a bank headquartered in Scottsdale, Arizona with approximately \$106 million of assets at March 31, 2015.

In the context of its annual budgeting and planning process, the Premier Valley Bank Board of Directors has periodically discussed and evaluated strategic planning alternatives and whether they would be in the best interests of shareholders. Discussions have included the possibility of making acquisitions and whether to remain independent or to consider a combination with another financial institution. Discussion of these topics has typically involved a review of current and projected market conditions, the results of operations of Premier Valley Bank, certain peer group performance comparisons, reported merger and acquisition activity, and selected industry information and analyses provided to the Board of Directors by its financial advisors.

On February 4, 2013, Premier Valley Bank retained Sandler O'Neill to act as an independent financial advisor in connection with Premier Valley Bank's ongoing strategic planning process and Premier Valley Bank's Board of Directors' consideration of alternative strategies to continue to enhance long-term shareholder value. With the assistance of Sandler O'Neill, the Premier Valley Bank Board of Directors discussed and evaluated various strategic planning alternatives and whether they would be in the best interests of shareholders. The Premier Valley Bank Board discussions were principally focused on the highly competitive banking market in which Premier Valley Bank currently operates (competition for deposits and loans, in particular), the current level of bank mergers in California, and the current and projected interest rate environment for commercial banks. These discussions also examined the importance of operational scale and financial resources in the current banking environment. Premier Valley Bank's Board of Directors took notice of the possibility that a business combination with a larger financial institution, having

more products and resources, higher lending limits, a more

33

geographically diversified customer base, and with more liquidity in its common stock, could result in a stronger financial institution and increase value for Premier Valley Bank's shareholders.

In May 2013, Premier Valley Bank authorized Sandler O'Neill to contact parties to determine whether they would have an interest in a potential business combination with Premier Valley Bank. Sandler O'Neill had discussions with 15 parties on Premier Valley Bank's behalf.

On September 23, 2013, Premier Valley Bank received a non-binding preliminary term sheet from Company A outlining the principal terms for the potential acquisition of Premier Valley Bank by Company A. The term sheet outlined a purchase price of \$6.36 per share of Premier Valley Bank, payable 75% in Company A common stock and 25% in cash. Subsequent to additional discussions with Premier Valley Bank, Company A submitted an updated term sheet on October 29, 2013 which outlined a purchase price of \$6.75 per share of Premier Valley Bank, payable 75% in Company A common stock and 25% in cash. On November 1, 2013, the Premier Valley Bank Board of Directors met to discuss the updated term sheet from Company A. Prior to the opening of the stock market on May 29, 2015, Heartland and Premier Valley Bank issued a joint press release announcing the execution of the merger agreement and the terms of the proposed merger.

Premier Valley Bank's Reasons for the Merger

In reaching its conclusion to approve the merger and recommend adoption of the merger agreement to its shareholders, Premier Valley Bank's Board of Directors consulted with Premier Valley Bank's financial advisor, Sandler O'Neill & Partners, L.P. ("Sandler O'Neill"), with respect to the financial aspects of the proposed acquisition and with its legal counsel, Sheppard, Mullin, Richter, & Hampton LLP ("Sheppard Mullin"), as to its legal duties and the terms of the merger agreement and related agreements. In approving the merger agreement, the Board of Directors of Premier Valley Bank considered a number of factors, including the following:

- its belief that the terms of the merger are fair to and in the best interests of the Premier Valley Bank shareholders;
- the financial analyses of Sandler O'Neill and the written opinion of Sandler O'Neill dated as of May 28, 2015, delivered to Premier Valley Bank's Board of Directors, to the effect that, as of that date, and subject to and based on the various assumptions, considerations, qualifications and limitations set forth in the opinion, the merger consideration to be paid to the shareholders of Premier Valley Bank in connection with the merger was fair from a financial point of view;
- the financial terms of the merger, including the basis for determining the merger consideration and the valuation of Heartland common stock;
- the structure of the value of the aggregate merger consideration, with 30% of the aggregate merger consideration payable in cash and 70% of the aggregate merger consideration payable in shares of Heartland common stock, which will allow Premier Valley Bank's shareholders to participate in the future performance of the combined company's business and synergies resulting from the merger;
- the likelihood of the merger receiving treatment as a tax-free reorganization for U.S. federal income tax purposes to the extent shares of Premier Valley Bank stock are exchanged for shares of Heartland common stock in the merger;
- its review, with the assistance of Premier Valley Bank's financial and legal advisers, of the preliminary discussions that Sandler O'Neill had with 15 different parties, with some of such parties subsequently gaining access to a due diligence data room and some of such parties communicating either verbally or in writing proposals that were inferior to Heartland's proposal for a variety of reasons, including a lower value or uncertain value of the consideration, uncertain timing or a lower probability of success associated with the closing of a transaction;

its review, with the assistance of Premier Valley Bank's financial and legal advisers, of strategic alternatives to the merger, including the prospects of a superior offer from another strategic bidder and the results that could be expected to be obtained by Premier Valley Bank if it continued to operate independently, and the likely benefits to Premier Valley Bank shareholders of such alternatives, as compared with the value of the aggregate merger consideration being offered by Heartland;

the prices paid and the terms of other recent comparable combinations of banks and bank holding companies;

the fact that Heartland's common stock is registered under the Securities Exchange Act of 1934 and publicly traded on the NASDAQ Global Select Market and would provide greater liquidity than Premier Valley Bank common stock;

the cash dividends historically paid by Heartland on its common stock;

the opportunity for Premier Valley Bank's shareholders to elect consideration of cash or Heartland common stock, subject to proration;

its knowledge of Premier Valley Bank's business, operations, financial and regulatory condition, earnings and prospects and of Heartland's business, operations, financial and regulatory condition, earnings and prospects, including the recent performance of Heartland's common stock;

its knowledge of the current environment in the financial services industry, including economic conditions, regulatory conditions, evolving trends in technology, increasing competition and consolidation trends, and the likely effects of these factors on the potential growth of Premier Valley Bank and Heartland;

its belief that becoming part of a larger banking organization will improve Premier Valley Bank's ability to compete with larger financial institutions and better serve its customers' needs while maintaining the community bank philosophy shared by Premier Valley Bank and Heartland;

the overall greater scale that will be achieved by the merger, which should better position Heartland and the surviving bank for growth and profitability;

the complementary nature of the cultures and operating philosophies of Premier Valley Bank and Heartland, including with respect to strategic focus and client service;

the expanded possibilities, including organic growth and future acquisitions and other strategic transactions that would be available to Heartland and the surviving bank, given their larger size, asset base, capital, market capitalization and trading liquidity and footprint;

Premier Valley Bank's right to terminate the merger agreement, under certain circumstances, if the average trading price of the Heartland common stock is less than \$29.13;

the likelihood that the merger will be completed on a timely basis, including the likelihood that the merger will receive all necessary regulatory approvals in a timely manner and without unacceptable conditions;

the continued participation of Premier Valley Bank's Board of Directors and management team in the surviving bank, which enhances the likelihood that the strategic benefits that Premier Valley Bank expects to achieve as a result of the merger will be realized;

the effects of the merger on other Premier Valley Bank employees, including the retention of a significant majority of such employees which would increase the retention of Premier Valley Bank customers and the likelihood of success of the surviving bank;

Heartland's stated intention to continue operating the surviving bank as a California state chartered bank under the name "Premier Valley Bank";

the greater geographic and other diversification of Heartland as compared to Premier Valley Bank's concentration in Central California;

the ability of the surviving bank to obtain additional capital to support growth and expansion, and to maintain the its competitive posture in the California market after the merger; and

its review with Sheppard Mullin of the material terms of the merger agreement, including its ability, under certain circumstances, to withdraw its recommendation to Premier Valley Bank's shareholders and to consider an acquisition proposal in certain circumstances, subject to the potential payment by Premier Valley Bank of a termination fee of \$3.0 million to Heartland and payment of certain expenses of Heartland, which

it concluded was reasonable in the context of termination fees in comparable transactions and in light of the overall terms of the merger agreement.

The Premier Valley Bank Board of Directors also considered the potential adverse consequences of the proposed merger, including:

the interests of Premier Valley Bank's officers and directors with respect to the merger apart from their interests as holders of Premier Valley Bank common stock, and the risk that these interests might influence their decision with respect to the merger;

- the possibility that the merger and the related integration process could disrupt Premier Valley Bank's on-going business and result in the loss of customers and the fact that Premier Valley Bank's officers and employees will have to focus extensively on actions required to complete the merger, which will divert their attention from Premier Valley Bank's business, and that Premier Valley Bank will incur substantial transaction costs even if the merger is not consummated;

the loss of autonomy associated with being an independent financial institution;

the costs already incurred by Premier Valley Bank in connection with the merger process;

- the potential reaction of Premier Valley Bank's customers to Heartland and the surviving bank operating as part of a larger banking organization;

employee attrition and the potential effect on business and customer relationships;

the fact that any cash portion of the merger consideration would be taxable to the holders of shares of Premier Valley Bank stock for U.S. federal income tax purposes;

that while the merger is pending, Premier Valley Bank will be subject to certain limited restrictions on how it conducts business that could delay or prevent Premier Valley Bank from pursuing business opportunities or preclude it from taking actions that would be advisable if it was to remain independent;

the possible effects on Premier Valley Bank should the parties fail to complete the merger, including the possible effects on the price of Premier Valley Bank common stock and the associated business and opportunity costs;

the lower dividend yield of Heartland common stock compared to Premier Valley Bank common stock;

the fact that completion of the merger is subject to regulatory approvals from multiple regulatory agencies and there can be no assurance that these approvals will be received on a timely basis or prior to the termination date of the merger agreement, after which time either Premier Valley Bank or Heartland can terminate the merger agreement; and

the facts that: (i) the merger agreement includes a "force the vote" provision that would obligate Premier Valley Bank to hold a shareholders' meeting to consider the merger agreement even if Premier Valley Bank's Board of Directors withdraws its favorable recommendation of the merger agreement after determining in good faith that it would be inconsistent with its fiduciary duties to recommend the merger agreement; (ii) Premier Valley Bank would be prohibited from affirmatively soliciting acquisition proposals after execution of the merger agreement; and (iii) Premier Valley Bank would be obligated to pay to Heartland a termination fee of \$3.0 million plus Heartland's expenses if the merger agreement is terminated under certain circumstances, all of which may discourage other parties potentially interested in a strategic transaction with Premier Valley Bank from pursuing such a transaction.

After considering these factors, Premier Valley Bank's Board of Directors believed that, in the aggregate, the potential benefits to the shareholders of Premier Valley Bank resulting from the merger outweigh the risks of the merger.

Premier Valley Bank's Board of Directors collectively reached the conclusion to approve the merger agreement after careful consideration of the factors described above and other factors that the members of Premier Valley Bank's Board of Directors believed to be appropriate.

The foregoing discussion of the factors considered by Premier Valley Bank's Board of Directors is not intended to be exhaustive, but is believed to include all material factors considered by Premier Valley Bank's Board of Directors. In view of the variety of factors considered by Premier Valley Bank's Board of Directors in connection with its evaluation of the proposed merger and the complexity of the negotiation of the merger agreement, Premier Valley Bank's Board of Directors did not consider it practical, and did not, quantify, rank or otherwise assign relative weights to the specific factors it considered in approving the transaction and reaching its recommendation. Rather, Premier Valley Bank's Board of Directors made its decision to adopt and approve the merger agreement and make its recommendation that Premier Valley Bank's shareholders approve the merger agreement based on the totality of information presented and the investigation conducted by Premier Valley Bank's Board of Directors and its legal and

financial advisers. In considering the factors discussed above, individual

37

members of Premier Valley Bank's Board of Directors applied their own judgment and may have given different weights to different factors.

Based on the reasons stated, Premier Valley Bank's Board of Directors believes that the merger is in the best interest of Premier Valley Bank and its shareholders and unanimously recommends that the Premier Valley Bank shareholders vote "FOR" approval of the merger agreement.

Opinion of Financial Advisor to Premier Valley Bank

By letter, dated February 13, 2014, as amended on May 4, 2015, Premier Valley Bank retained Sandler O'Neill & Partners, L.P. ("Sandler O'Neill"), to act as financial advisor to Premier Valley Bank's Board of Directors in connection with the Board's consideration of a potential business combination with another party. Sandler O'Neill is a nationally recognized investment banking firm whose principal business specialty is financial institutions. In the ordinary course of its investment banking business, Sandler O'Neill is regularly engaged in the valuation of financial institutions and their securities in connection with mergers and acquisitions and other corporate transactions.

Sandler O'Neill acted as financial advisor to Premier Valley Bank's Board of Directors in connection with the proposed transaction and participated in certain negotiations leading to the execution of the merger agreement with Heartland.

At the May 28, 2015 meeting at which Premier Valley Bank's Board of Directors considered and approved the merger agreement, Sandler O'Neill delivered to the Board its oral opinion, which was subsequently confirmed in writing, that, as of such date, the merger consideration was fair to the holders of Premier Valley Bank common stock from a financial point of view. Sandler O'Neill's opinion was approved by Sandler O'Neill's Fairness Opinion Committee. The full text of Sandler O'Neill's opinion is attached as Appendix C to this proxy statement/prospectus. The opinion outlines the procedures followed, assumptions made, matters considered and qualifications and limitations on the review undertaken by Sandler O'Neill in rendering its opinion. The description of the opinion set forth below is qualified in its entirety by reference to the full text of the opinion. Holders of Premier Valley Bank common stock are urged to read the entire opinion carefully in connection with their consideration of the proposed merger.

Sandler O'Neill's opinion speaks only as of the date of the opinion. The opinion was directed to Premier Valley Bank's Board of Directors and is directed only to the fairness of the merger consideration to the holders of Premier Valley Bank common stock from a financial point of view. It does not address the underlying business decision of Premier Valley Bank to engage in the merger or any other aspect of the merger and is not a recommendation to any holder of Premier Valley Bank common stock as to how such holder of Premier Valley Bank common stock should vote at the special meeting with respect to the merger or any other matter. Sandler O'Neill did not express any opinion as to the fairness of the amount or nature of the compensation to be received in the merger by Premier Valley Bank's officers, directors, or employees, or class of such persons, relative to the merger consideration to be received by Premier Valley Bank's common shareholders.

In connection with rendering its opinion, dated May 28, 2015, Sandler O'Neill reviewed and considered, among other things:

- the merger agreement;
- certain publicly available financial statements and other historical financial information of Premier Valley Bank that Sandler O'Neill deemed relevant;
- certain publicly available financial statements and other historical financial information of Heartland that Sandler O'Neill deemed relevant;
- an internal financial forecast for Premier Valley Bank for the year ending December 31, 2015, a net income forecast for Premier Valley Bank for the year ending December 31, 2016, a long-term net income growth rate for Premier Valley Bank for the years thereafter and Premier Valley Bank's share repurchase plan for the years ending December 31, 2016 through December 31, 2019, as provided by the senior management of Premier Valley Bank;
- publicly available mean analyst earnings per share estimates for Heartland for the years ending December 31, 2015 and December 31, 2016 and a long-term earnings per share growth rate for Heartland for the years thereafter as provided by senior management of Heartland;
- certain estimated transaction costs, purchase accounting adjustments, expected cost savings and other synergies as provided by the senior management of Heartland;

a comparison of certain financial and other information, including stock trading information, for Premier Valley Bank and Heartland with similar publicly available information for certain other publicly traded commercial banks; the financial terms of certain other recent merger and acquisition transactions in the banking sector; the current market environment generally and the banking environment in particular; and such other information, financial studies, analyses and investigations and financial, economic and market criteria as Sandler O'Neill considered relevant.

Sandler O'Neill also discussed with certain members of senior management of Premier Valley Bank the business, financial condition, results of operations and prospects of Premier Valley Bank and held similar discussions with the senior management of Heartland regarding the business, financial condition, results of operations and prospects of Heartland.

In performing Sandler O'Neill's review, Sandler O'Neill relied upon the accuracy and completeness of all of the financial and other information that was available to Sandler O'Neill from public sources, that was provided to Sandler O'Neill by Premier Valley Bank and Heartland or that was otherwise reviewed by Sandler O'Neill and assumed such accuracy and completeness for purposes of preparing its opinion. Sandler O'Neill further relied on the assurances of the respective managements of Premier Valley Bank and Heartland that they were not aware of any facts or circumstances that would make any of such information inaccurate or misleading in any material respect. Sandler O'Neill did not make an independent evaluation or appraisal of the specific assets, the collateral securing assets or the liabilities (contingent or otherwise) of Premier Valley Bank and Heartland or any of their respective subsidiaries. Sandler O'Neill did not make an independent evaluation of the adequacy of the allowance for loan losses of Premier Valley Bank, Heartland or the combined entity after the merger and Sandler O'Neill did not review any individual credit files relating to Premier Valley Bank and Heartland. Sandler O'Neill assumed, with Premier Valley Bank's consent, that the respective allowances for loan losses for both Premier Valley Bank and Heartland were adequate to cover such losses and would be adequate on a pro forma basis for the combined entity.

In preparing its analyses, Sandler O'Neill used an internal financial forecast for Premier Valley Bank for the year ending December 31, 2015, a net income forecast for Premier Valley Bank for the year ending December 31, 2016, a long-term net income growth rate for Premier Valley Bank for the years thereafter and Premier Valley Bank's share repurchase plan for the years ending December 31, 2016 through December 31, 2019, as provided by the senior management of Premier Valley Bank. In addition, Sandler O'Neill used publicly available mean analyst earnings per share estimates for Heartland for the years ending December 31, 2015 and December 31, 2016 and a long-term earnings per share growth rate of 8.0% for Heartland for each year thereafter as estimated or ratified by the senior management of Heartland. Sandler O'Neill also received and used in its analyses the projections of transaction costs, purchase accounting adjustments and expected cost savings that are described on page 48 below under the caption "Pro Forma Results", and which were provided by the senior management of Heartland. With respect to those forecasts, projections, estimates and judgments, the respective managements of Premier Valley Bank and Heartland confirmed to Sandler O'Neill that those forecasts, projections, estimates and judgments reflected the best currently available forecasts, projections, estimates and judgments of those respective managements of the future financial performance of Premier Valley Bank and Heartland, respectively, and Sandler O'Neill assumed that such performance would be achieved. Sandler O'Neill expressed no opinion as to such forecasts, projections, estimates or judgments or the assumptions on which they were based. Sandler O'Neill assumed that there was no material change in the respective assets, financial condition, results of operations, business or prospects of Premier Valley Bank or Heartland since the date of the most recent financial data made available to Sandler O'Neill. Sandler O'Neill also assumed in all respects material to its analysis that Premier Valley Bank and Heartland would remain as going concerns for all periods relevant to its analyses. Sandler O'Neill expressed no opinion as to any of the legal, accounting and tax matters relating to the merger and any other transactions contemplated in connection therewith.

Sandler O'Neill also assumed, with Premier Valley Bank's consent, that (i) each of the parties to the merger agreement would comply in all material respects with all material terms of the merger agreement and all related agreements, that all of the representations and warranties contained in such agreements were true and correct in all material respects, that each of the parties to such agreements would perform in all material respects all of the covenants required to be performed by such party under the agreements and that the conditions precedent in such agreements would not be waived, (ii) in the course of obtaining the necessary regulatory or third party approvals, consents and releases with

respect to the merger, no delay, limitation, restriction or condition would be imposed that would have an adverse effect on Premier Valley Bank, Heartland or the merger and (iii) the merger and any related transaction would be consummated in accordance with the terms of the merger agreement without any waiver, modification or amendment of any material term, condition or agreement thereof and in compliance with all applicable laws and other requirements.

Sandler O'Neill's analyses and opinion were necessarily based on financial, economic, regulatory, market and other conditions as in effect on, and the information made available to Sandler O'Neill as of, the date of its opinion. Events

occurring after the date thereof could materially affect Sandler O'Neill's opinion. Sandler O'Neill has not undertaken to update, revise, reaffirm or withdraw its opinion or otherwise comment upon events occurring after the date of its opinion. Sandler O'Neill expressed no opinion as to the trading values of Premier Valley Bank common stock or Heartland common stock after the date of its opinion or what the value of Heartland common stock will be once it is actually received by the holders of Premier Valley Bank common stock.

In rendering its opinion, dated May 28, 2015, Sandler O'Neill performed a variety of financial analyses. The following is a summary of the material analyses performed by Sandler O'Neill, but is not a complete description of all the analyses underlying Sandler O'Neill's opinion. The summary includes information presented in tabular format. In order to fully understand the financial analyses, these tables must be read together with the accompanying text. The tables alone do not constitute a complete description of the financial analyses. The preparation of a fairness opinion is a complex process involving subjective judgments as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances. The process, therefore, is not necessarily susceptible to a partial analysis or summary description. Sandler O'Neill believes that its analyses must be considered as a whole and that selecting portions of the factors and analyses to be considered without considering all factors and analyses, or attempting to ascribe relative weights to some or all such factors and analyses, could create an incomplete view of the evaluation process underlying its opinion. Also, no company included in Sandler O'Neill's comparative analyses described below is identical to Premier Valley Bank or Heartland and no transaction is identical to the merger. Accordingly, an analysis of comparable companies or transactions involves complex considerations and judgments concerning differences in financial and operating characteristics of the companies and other factors that could affect the public trading values or merger transaction values, as the case may be, of Premier Valley Bank and Heartland and the companies to which they are being compared.

In performing its analyses, Sandler O'Neill also made numerous assumptions with respect to industry performance, business and economic conditions and various other matters, many of which cannot be predicted and are beyond the control of Premier Valley Bank, Heartland and Sandler O'Neill. The analysis performed by Sandler O'Neill is not necessarily indicative of actual values or future results, both of which may be significantly more or less favorable than suggested by such analyses. Sandler O'Neill prepared its analyses solely for purposes of rendering its opinion and provided such analyses to the Premier Valley Bank Board of Directors at the board of directors' May 28, 2015 meeting. Estimates on the values of companies do not purport to be appraisals or necessarily reflect the prices at which companies or their securities may actually be sold. Such estimates are inherently subject to uncertainty and actual values may be materially different. Accordingly, Sandler O'Neill's analyses do not necessarily reflect the value of Premier Valley Bank's or Heartland's common stock or the prices at which Premier Valley Bank's or Heartland's common stock may be sold at any time. The analyses of Sandler O'Neill and its opinion were among a number of factors taken into consideration by Premier Valley Bank's Board of Directors in making its determination to approve of Premier Valley Bank's entry into the merger agreement and the analyses described below should not be viewed as determinative of the decision of Premier Valley Bank's Board of Directors or management with respect to the fairness of the merger.

In arriving at its opinion, Sandler O'Neill did not attribute any particular weight to any analysis or factor that it considered. Rather, it made qualitative judgments as to the significance and relevance of each analysis and factor. Sandler O'Neill did not form an opinion as to whether any individual analysis or factor (positive or negative) considered in isolation supported or failed to support its opinion; rather, Sandler O'Neill made its determination as to the fairness of the merger consideration on the basis of its experience and professional judgment after considering the results of all its analyses taken as a whole.

Summary of Proposal. Sandler O'Neill reviewed the financial terms of the proposed transaction. As described in the merger agreement, pursuant to the terms of the merger, each share of common stock of Premier Valley Bank issued and outstanding immediately prior to the effective time shall be converted into the right to receive, at the election of the holder thereof, subject to the adjustments and limitations as set forth in merger agreement, either (i) for each share of Premier Valley Bank common stock with respect to which an election to receive stock has been made, the right to receive from Heartland the number of shares of Heartland common stock as is equal to the quotient of (a) the aggregate merger consideration, divided by (b) the product of (I) the number of shares of Premier Valley Bank common stock issued and outstanding immediately prior to the effective date, and (II) the average closing price for the

twenty trading days ending five days prior to the effective date (the “Per Share Stock Consideration”), (ii) for each share of Premier Valley Bank common stock with respect to which an election to receive cash has been made, the right to receive from Heartland an amount in cash equal to (a) the aggregate merger consideration divided by (b) the number of shares of the Premier Valley Bank common stock issued and outstanding immediately prior to the effective time (the “Per Share Cash Consideration”), and (iii) for each share of Premier Valley Bank common stock other than shares as to which a cash election or a stock election has been made, the right to receive from Heartland such Per Share Stock Consideration and/or Per Share Cash Consideration as determined pursuant to the merger agreement. The aggregate merger consideration, assuming no adjustment, shall total \$95.05 million or approximately \$7.73

per Premier Valley Bank share as long as Heartland's volume weighted average closing price for the 20 trading days ending five days prior to closing of the proposed transaction is greater than \$29.13 and less than \$39.41. 70% of Premier Valley Bank shares will receive Heartland common stock and 30% of Premier Valley Bank shares will receive cash. If Heartland's volume weighted average closing price for the 20 trading days ending five days prior to closing of the proposed transaction is equal to or less than \$29.13 or equal to or greater than \$39.41, the value of the stock consideration received by Premier Valley Bank shareholders will fluctuate. Based upon financial information as of or for the twelve month period ended March 31, 2015, Sandler O'Neill calculated the following transaction ratios:

Price / LTM Earnings Per Share	12.5x
Price / LTM Core Earnings Per Share ⁽¹⁾	14.3x
Price / Tangible Book Value Per Share	164%
Tangible Book Premium / Core Deposits ⁽²⁾	7.0%

Premier Valley Bank - Net Present Value Analysis. Sandler O'Neill performed an analysis that estimated the net present value per share of Premier Valley Bank common stock under various circumstances. The analysis assumed that Premier Valley Bank performed in accordance to an internal financial forecast for Premier Valley Bank for the year ending December 31, 2015, a net income forecast for Premier Valley Bank for the year ending December 31, 2016, a long-term net income growth rate for Premier Valley Bank for the years thereafter and Premier Valley Bank's share repurchase plan for the years ending December 31, 2016 through December 31, 2019, all as provided by the senior management of Premier Valley Bank. To approximate the terminal value of Premier Valley Bank common stock at December 31, 2019, Sandler O'Neill applied price to earnings multiples ranging from 10.0x to 20.0x and multiples of tangible book value ranging from 100% to 150%. The terminal values were then discounted to present values using different discount rates ranging from 11.0% to 15.0% chosen to reflect different assumptions regarding required rates of return of holders or prospective buyers of Premier Valley Bank common stock.

During the Premier Valley Bank Board of Directors meeting on May 28, 2015, Sandler O'Neill noted that the terminal value analysis is a widely used valuation methodology, but the results of such methodology are highly dependent upon the numerous assumptions that must be made, and the results thereof are not necessarily indicative of actual values or future results.

As illustrated in the following tables, the analysis indicates a range of values per share of Premier Valley Bank common stock of \$5.96 to \$12.43 when applying multiples of earnings and \$4.56 to \$7.19 when applying multiples of tangible book value.

Sandler O'Neill also considered and discussed with the Premier Valley Bank Board of Directors how this analysis would be affected by changes in the underlying performance assumptions, including variations with respect to net income. To illustrate this impact, Sandler O'Neill performed a net present value analysis assuming Premier Valley

Heartland - Net Present Value Analysis. Sandler O'Neill also performed an analysis that estimated the net present value per share of Heartland common stock under various circumstances. The analysis assumed that Heartland performed in accordance with publicly available mean analyst earnings per share estimates for Heartland for the years ending December 31, 2015 and December 31, 2016 and a long-term earnings per share growth rate for Heartland for the years thereafter as provided by senior management of Heartland.

To approximate the terminal value of Heartland common stock at December 31, 2019, Sandler O'Neill applied price to earnings multiples ranging from 10.0x to 17.5x and multiples of tangible book value ranging from 125% to 225%. Pro Forma Results. Sandler O’Neill analyzed certain potential pro forma effects of the merger on Heartland, based on the following assumptions, as provided by the senior management of Heartland: (i) an aggregate merger consideration of \$95.05 million, with 70% of Premier Valley Bank shares receiving 0.2246 shares of Heartland Stock, based on Heartland’s closing stock price on May 27, 2015 of \$34.39, and 30% of Premier Valley Bank shares receiving approximately \$7.73 in cash; (ii) the merger closes in the fourth quarter of 2015; (iii) unexercised options will be cancelled at closing; (iv) negative credit mark of \$14.4 million; (v) a positive loan interest rate mark of \$0.1 million; (vi) a positive time deposit mark of \$0.45 million; (vii) a core deposit intangible of \$5.1 million amortized straight-line over seven years; (viii) cost savings of 25% of Premier Valley Bank’s projected non-interest expense; (ix) pre-tax deal expenses and restructuring charges of \$5 million; and (x) a pre-tax opportunity cost of cash of 2.0%. The analysis indicated that for the year ending December 31, 2016, the merger (excluding transaction expenses) would be accretive to Heartland’s projected earnings per share and, at closing the merger would be dilutive to Heartland’s tangible book value per share. The actual results achieved by the combined entity, however, may vary from projected results and the variations may be material.

Analysis of Trading Liquidity of Heartland Common Stock. Sandler O’Neill used publicly available information to review Heartland’s and Premier Valley Bank’s average daily common stock trading activity for the 5-day, 30-day and 90-day periods ending May 27, 2015. During those periods, Heartland’s daily average common stock trading activity ranged from approximately 39 thousand shares to approximately 61 thousand shares per day and Premier Valley Bank’s daily average common stock trading activity ranged from approximately 2.4 thousand shares to approximately 4.5 thousand shares per day. Based on an estimated 1.9 million Heartland common shares to be issued in aggregate to Premier Valley Bank’s common shareholders (based on Heartland’s May 27, 2015 common stock price of \$34.39), the analysis indicated that it would take between approximately 34 and 49 trading days to trade all of the shares issued to Premier Valley Bank’s common shareholders in the proposed transaction.

Sandler O’Neill’s Relationship. Sandler O’Neill acted as the financial advisor to Premier Valley Bank’s Board of Directors in connection with the merger. Sandler O’Neill has received a retainer fee of \$50,000 in connection with general advisory services provided to Premier Valley Bank and a fee associated with the delivery of its fairness opinion from Premier Valley Bank in the amount of \$150,000. The sum of these amounts shall be credited towards an aggregate transaction fee of \$950,000 that Sandler O’Neill will be entitled to receive at the closing of the proposed merger. Premier Valley Bank has also agreed to reimburse Sandler O’Neill for its reasonable out-of-pocket expenses incurred in connection with its engagement and to indemnify Sandler O’Neill and its affiliates and their respective partners, directors, officers, employees and agents against certain expenses and liabilities, including liabilities under applicable federal or state law. Except as described herein, Premier Valley Bank has paid Sandler O’Neill no other fees or commissions for services rendered during the last two years.

In the ordinary course of its business as a broker-dealer, Sandler O’Neill may purchase securities from and sell securities to Premier Valley Bank and Heartland and their respective affiliates. Sandler O’Neill may also actively trade the equity and debt securities of Premier Valley Bank and Heartland or their respective affiliates for its own account and for the accounts of its customers and, accordingly may at any time hold a long or short position in such securities.

In addition, Sandler O'Neill advised Premier Valley Bank's Board of Directors that Sandler O'Neill has in the past provided certain investment banking services to Heartland unrelated to the merger and has received compensation for such services and that Sandler O'Neill may provide, and receive compensation for, such services in the future.

Heartland’s Reasons for the Merger

Heartland believes that:

- the acquisition will provide an opportunity to enter the California market, a substantial market for community banking, in communities that should be well placed geographically for further expansion;
- Premier Valley Bank’s history of earnings and credit quality, and strong management, should reduce the risks inherent in entering a new market;
- the acquisition represents a similar community banking business model to the model of Heartland’s nine current banking subsidiaries, with complementary emphasis on small business lending;
- the acquisition offers the potential for Heartland to increase the services enjoyed by Premier Valley Bank customers by offering an increased range of services, including increased commercial and industrial lending, and enhanced wealth management, mortgage banking, and cash and treasury management services, while retaining the “high-touch” community banking service currently enjoyed by those customers;
- the acquisition is consistent with Heartland’s objective of balancing its exposure to the economies in the Midwest with the economies in the West; and
- the merger is expected to be accretive to Heartland’s GAAP earnings in the first year exclusive of merger-related charges.

Certain Officers of Premier Valley Bank Have Financial Interests in the Merger

In considering the recommendation of Premier Valley Bank’s Board of Directors with respect to the merger agreement, you should be aware that some Premier Valley Bank officers have interests in the merger and have arrangements that are different from, or in addition to, those of Premier Valley Bank shareholders generally. Premier Valley Bank’s Board of Directors was aware of these interests and considered them, among other matters, in reaching its decisions to approve the merger agreement and to recommend that Premier Valley Bank shareholders vote in favor of the merger agreement.

Premier Valley Bank has employment agreements with some of its officers, including J. Mike McGowan, its President and Chief Executive Officer; Michael W. Martinez, its Executive Vice President, Chief Operating Officer and Chief Financial Officer; David H. Wogan, its Executive Vice President and Chief Credit Officer; Marvell French, its Senior Vice President of Sales and Marketing; Steve E. Travers, its Senior Vice President/Lending Service Manager; and Dorothy Thomas, its SBA Lending Manager. Each of these employment agreements provides that the officer will be entitled to severance payments if their employment is terminated, regardless of whether this termination is voluntarily by the employee or involuntarily by the Company, within one year before or after the merger is completed. The amount of the severance payment varies for these officers from nine months base salary, to three years’ salary and estimated bonus. As part of the negotiation of the merger agreement, Heartland negotiated restated employment agreements with each of these officers that provide that they each, as a signing bonus at the time the merger is completed, will receive the full amount of severance they would have received had they terminated their agreements, and that they also will continue as employees. Further, each of these officers holds restricted stock that is subject to vesting that would require them to remain employed for various terms of up to roughly three and a half years in order for the restricted stock to “vest” and not be forfeited when their employment is terminated. All of these restricted shares will become fully vested upon completion of the merger. These interests may cause Premier Valley Bank’s officers to view the merger proposal differently than you may view it. The Board of Directors of Premier Valley Bank was aware of these interests at the time it approved the merger.

The following table sets forth the amount of signing bonus that Heartland has agreed to pay to each executive:

Name	Lump Sum Payment
J. Mike McGowan	\$1,832,250
Michael W. Martinez	\$377,400
David H. Wogan	\$371,850
Marvell French	\$232,200
Steve E. Travers	\$232,200
Dorothy Thomas	\$138,375

The new employment agreements that Heartland has executed with the officers become effective when the merger is completed. Each agreement, except for Mr. McGowan's, provides for terms similar to the existing employment agreements of

the officers, and with salaries that are the same as, or slightly increased to reflect the increased scope of responsibility of the officer. Michael Martinez will be promoted to President simultaneous with completion of the merger with a 10% increase in salary, while Mike McGowan will reduce his responsibilities and agree to a substantial reduction in salary.

Regulatory Matters

Heartland and Premier Valley Bank agreed to use all reasonable efforts to obtain all regulatory approvals required to complete the transactions contemplated by the merger agreement. These approvals include an application under Section 3 of the Bank Holding Company Act to the Federal Reserve to acquire Premier Valley Bank, an application with the FDIC under the Bank Merger Act to merge Premier Valley Bank into PV Acquisition Bank, and an application under the California Financial Code to form PV Acquisition Bank and for it to merge with Premier Valley Bank.

Heartland filed its application with the Federal Reserve on July 17, 2015, responded to comments in August and by letter dated August 28, 2015, and subject to compliance with commitments and representations contained in the application, received approval from the Federal Reserve to acquire all of the voting common stock of Premier Valley Bank under Section 3(a)(3) of the Bank Holding Company Act. The Department of Justice waiting period for this approved application expired on September 11, 2015. Heartland and Premier Valley filed an application with the FDIC on July 17, 2015 and by letter dated August 21, 2015, received approval from the FDIC for Premier Valley Bank to merge with and into PV Acquisition Bank under the Bank Merger Act. The Department of Justice waiting period for this approved application expired on September 20, 2015. Heartland filed its application with the California Department of Business Oversight on July 17, 2015, responded to comments in August, and by separate letters each dated September 8, 2015, the California Department of Business Oversight approved the formation of PV Acquisition Bank and, subject to filing of appropriate merger documents, the merger of Premier Valley Bank into PC Acquisition Bank. To cause the merger to become effective, Heartland and Premier Valley Bank will need to file a summary merger agreement in a form previously submitted to California with the California Department of Business Oversight and the California Secretary of State.

Likewise, we cannot assure you that the Antitrust Division or any state attorney general will not attempt to challenge the merger on antitrust grounds, and, if such a challenge is made, we cannot assure you as to its result.

residents of the United States, financial institutions, broker-dealers, traders in securities that have elected to apply a mark-to-market method of accounting, insurance companies, persons having a “functional currency” other than the U.S. dollar and persons holding their Premier Valley Bank common stock as part of a straddle, hedging, constructive sale or conversion transaction.

You are strongly urged to consult with your tax advisor with respect to the tax consequences to you of the merger in light of your own particular circumstances, including the tax consequences under state, local, foreign and other tax laws and the possible effects of changes in the United States federal or other tax laws.

For purposes of this summary, a "U.S. Holder" is a beneficial owner of Premier Valley Bank common stock that is for U.S. federal income tax purposes:

- a United States citizen or resident alien;
- a corporation, or other entity taxable as a corporation for U.S. federal income tax purposes, created or organized under the laws of the United States or any state therein or the District of Columbia;
- an estate, the income of which is subject to U.S. federal income taxation regardless of its source; or
- a trust if (1) it is subject to the primary supervision of a court within the United States and one or more United States persons have the authority to control all substantial decisions of the trust, or (2) has a valid election in effect under applicable Treasury Regulations to be treated as a United States person.

If a partnership (including any other entity treated as a partnership for U.S. federal income tax purposes) holds Premier Valley Bank common stock, the tax treatment of a partner will generally depend on the status of the partner and the activities of the partnership. Such a partner should consult its tax advisor.

The Merger. The merger is intended to qualify as a reorganization under section 368(a) of the Code. Sheppard Mullin Richter & Hampton LLP, tax counsel to Premier Valley Bank, has rendered its opinion that (i) the merger will constitute a "reorganization" within the meaning of Section 368(a) of the Code and (ii) that the following discussion constitutes their opinion as to the material U.S. Federal income tax consequences of the merger to Premier Valley Bank, Heartland, and U.S. Holders of Premier Valley Bank common stock. The opinion relies on assumptions, including assumptions regarding the absence of changes in existing facts and law and the completion of the merger in the manner contemplated by the merger agreement, and the accuracy of representations and covenants made by Premier Valley Bank and Heartland, including those contained in representation letters of officers of Premier Valley Bank. In particular, Premier Valley Bank has represented that it will terminate the Merger and the Merger Agreement if the weighted average trading price of Heartland common stock used to compute the exchange ratio drops below \$10 per share immediately prior to the consummation of the Merger on the basis that this decline represents a "Material Adverse Event" under the terms of the Merger Agreement, and Heartland has represented that, under such circumstances, it will not resist or contest such termination. If any of the representations or assumptions upon which the opinion is based are inconsistent with the actual facts, the tax consequences of the merger could be adversely affected. The determination by Premier Valley Bank's tax counsel as to whether the proposed merger will be treated as a "reorganization" within the meaning of Section 368(a) of the Code will depend upon the facts and law existing at the effective time of the proposed merger. An opinion of counsel represents counsel's best legal judgment and is not binding on the IRS or any court, nor does it preclude the IRS from adopting a contrary position.

Exchange of Premier Valley Bank common stock for Heartland common stock and cash. Premier Valley Bank and Heartland will not recognize any gain or loss for U.S. federal income tax purposes as a result of the merger, and the U.S. federal income tax consequences of the merger to U.S. Holders of Premier Valley Bank common stock will be, in general, as follows:

- a Premier Valley Bank shareholder generally will, for U.S. federal income tax purposes, recognize gain, but not loss, equal to the lesser of (1) the excess, if any, of the fair market value of the Heartland common stock and the amount of cash received by the shareholder over that shareholder's adjusted tax basis in the Premier Valley Bank common stock exchanged in the merger or (2) the amount of cash received by the shareholder in the merger (excluding cash received in lieu of fractional shares, which will be taxed as discussed below);
- the gain recognized by a Premier Valley Bank shareholder in the merger generally will constitute capital gain, unless, as discussed below, the shareholder's receipt of cash has the effect of a distribution of a dividend for U.S. federal income tax purposes, in which case the shareholder's gain will be treated as ordinary dividend income to the extent of the shareholder's ratable share of accumulated earnings and profits as calculated for U.S. federal income tax purposes; any capital gain recognized by a Premier Valley Bank shareholder generally will constitute long-term capital gain if the shareholder's holding period for the Premier Valley Bank common stock exchanged in the merger is more than one year as of the date of the merger, and otherwise will constitute short-term capital gain;

the aggregate tax basis of the shares of Heartland common stock received by a Premier Valley Bank shareholder (including, for this purpose, any fractional share of Heartland common stock for which cash is received) in exchange for Premier Valley Bank common stock in the merger will be the same as the aggregate tax basis of the shareholder's Premier Valley Bank common stock exchanged therefor, decreased by the amount of cash received by the shareholder in the merger (excluding any cash received in lieu of a fractional share) and increased by the amount of gain recognized by the shareholder in the merger (including any portion of the gain that is treated as a dividend and excluding any gain recognized as a result of cash received in lieu of a fractional share); and the holding period of the shares of Heartland common stock received by a Premier Valley Bank shareholder in the merger will include the holding period of the shareholder's Premier Valley Bank common stock exchanged in the merger.

Potential Treatment of Cash as a Dividend. In general, the determination of whether gain recognized by a Premier Valley Bank shareholder will be treated as capital gain or a dividend distribution will depend upon whether, and to what extent, the merger reduces the Premier Valley Bank shareholder's deemed percentage stock ownership interest in Heartland. For purposes of this determination, a Premier Valley Bank shareholder will be treated as if the shareholder first exchanged all of its Premier Valley Bank common stock solely for Heartland common stock (instead of a combination of Heartland common stock and cash as may be actually received) and then Heartland immediately redeemed a portion of that Heartland common stock in exchange for the cash the shareholder received in the merger. The gain recognized in the exchange followed by the deemed redemption will be treated as capital gain if, with respect to the Premier Valley Bank shareholder, the deemed redemption is "substantially disproportionate" or "not essentially equivalent to a dividend."

In general, the deemed redemption will be "substantially disproportionate" with respect to a Premier Valley Bank shareholder if the percentage described in (2) below is less than 80% of the percentage described in (1) below. Whether the deemed redemption is "not essentially equivalent to a dividend" with respect to a Premier Valley Bank shareholder will depend on the shareholder's particular circumstances. In order for the deemed redemption to be "not essentially equivalent to a dividend," the deemed redemption must result in a "meaningful reduction" in the Premier Valley Bank shareholder's deemed stock ownership of Heartland common stock. In general, that determination requires a comparison of (1) the percentage of the outstanding voting stock of Heartland that the Premier Valley Bank shareholder is deemed actually and constructively to have owned immediately before the deemed redemption by Heartland and (2) the percentage of the outstanding voting stock of Heartland actually and constructively owned by the shareholder immediately after the deemed redemption by Heartland. In applying the foregoing tests, a shareholder may, under constructive ownership rules, be deemed to own stock in addition to stock actually owned by the shareholder, including stock owned by other persons and stock subject to an option held by such shareholder or by other persons. Because the constructive ownership rules are complex, each Premier Valley Bank shareholder should consult its own tax advisor as to the applicability of these rules. The IRS has indicated that a minority shareholder in a publicly traded corporation whose relative stock interest is minimal and who exercises no control with respect to corporate affairs is considered to have a "meaningful reduction" if that shareholder has any reduction in its percentage stock ownership under the foregoing analysis.

Cash In Lieu of Fractional Shares. To the extent that a Premier Valley Bank shareholder receives cash in lieu of a fractional share of common stock of Heartland, the shareholder will be deemed to have received that fractional share in the merger and then to have received the cash in redemption of that fractional share. The shareholder generally will recognize gain or loss equal to the difference between the cash received and the portion of the shareholder tax basis in the shares of Premier Valley Bank common stock surrendered allocable to that fractional share. This gain or loss generally will be long-term capital gain or loss if the holding period for those shares of Premier Valley Bank common stock is more than one year as of the date of the merger.

Backup Withholding. Backup withholding at the applicable rate may apply with respect to certain payments, including cash received in the merger, unless a Premier Valley Bank shareholder (1) is a corporation or is within certain other exempt categories and, when required, demonstrates this fact, or (2) provides a correct taxpayer identification number, certifies as to no loss of exemption from backup withholding and otherwise complies with applicable requirements of the backup withholding rules. A Premier Valley Bank shareholder who does not provide its correct taxpayer identification number may be subject to penalties imposed by the IRS. Any amounts withheld under the backup

withholding rules may be allowed as a refund or a credit against the shareholder's U.S. federal income tax liability, provided the shareholder furnishes certain required information to the IRS.

Reporting Requirements. A Premier Valley Bank shareholder will be required to retain records pertaining to the merger and will be required to file with such Premier Valley Bank shareholder's U.S. federal income tax return for the year in which the merger takes place a statement setting forth certain facts relating to the merger. In addition, each holder of Premier

Valley Bank common stock who is a “significant holder” that receives Heartland common stock in the merger will be required to file a statement with his, her or its federal income tax return setting forth his, her or its basis in the Premier Valley Bank common stock surrendered and the fair market value of the Heartland common stock and cash, if any, received in the merger. A “significant holder” is a holder of Premier Valley Bank common stock who, immediately before the merger, owned at least five percent of the outstanding stock of Premier Valley Bank or owned Premier Valley Bank securities with an adjusted tax basis of \$1,000,000 or more.

TAX MATTERS REGARDING THE MERGER ARE VERY COMPLICATED, AND THE TAX CONSEQUENCES OF THE MERGER TO ANY PARTICULAR PREMIER VALLEY BANK SHAREHOLDER WILL DEPEND ON THAT SHAREHOLDER’S PARTICULAR SITUATION. PREMIER VALLEY BANK SHAREHOLDERS ARE STRONGLY URGED TO CONSULT THEIR OWN TAX ADVISORS REGARDING THE SPECIFIC TAX CONSEQUENCES OF THE MERGER, INCLUDING TAX RETURN REPORTING REQUIREMENTS, THE APPLICABILITY OF FEDERAL, STATE, LOCAL AND FOREIGN TAX LAWS AND THE EFFECT OF ANY PROPOSED CHANGE IN THE TAX LAWS TO THEM.

Accounting Treatment

The merger will be accounted for under the acquisition method of accounting by Heartland of Premier Valley Bank, as that term is used under GAAP, for accounting and financial reporting purposes. As a result, the historical financial statements of Heartland will continue to be the historical financial statements of Heartland following the completion of the merger. The assets (including identifiable intangible assets) and liabilities (including executory contracts and other commitments) of Premier Valley Bank as of the effective time of the merger will be recorded at their respective fair values and added to those of Heartland. Any excess of purchase price over the net fair values of Premier Valley Bank assets and liabilities is recorded as goodwill (excess purchase price). Financial statements of Heartland issued after the merger will reflect such fair values and will not be restated retroactively to reflect the historical financial position or results of operations of Premier Valley Bank. The results of operations of Premier Valley Bank will be included in the results of operations of Heartland beginning on the effective date of the merger.

Board of Directors and Management of Heartland Following Completion of the Merger

The composition of Heartland’s Board of Directors and its senior management will not be changed as a result of the merger. Information about the current Heartland directors and executive officers can be found in Heartland’s proxy statement filed with the Securities and Exchange Commission on April 4, 2014, as supplemented on May 8, 2014. See “Where You Can Find More Information” on page 94.

Public Trading Markets

Heartland common stock is quoted on the NASDAQ Global Select Market under the symbol “HTLF.” The shares of Heartland common stock to be issued in connection with the merger will be freely transferable under the applicable securities laws, except for shares issued to any shareholder who may be deemed to be an affiliate of Heartland.

Notice of Dissenters’ Rights

Sections 1300 to 1313 of the CGCL provide that any Premier Valley Bank shareholder may dissent from the merger and obtain payment of the “fair value” of his or her dissenting shares as determined in accordance with Section 1300 of the CGCL, provided that such shareholder complies with all of the provisions of Sections 1300 to 1313 of the CGCL.

Fair value for such purposes will be measured as of the day immediately prior to announcement of the merger.

The following is a brief summary of Sections 1300 to 1313 of the CGCL, which set forth the procedures for demanding statutory dissenters’ rights. The full text of Sections 1300 to 1313 is attached to this proxy statement/prospectus as Appendix B, and we incorporate that text into this proxy statement/prospectus by reference. To be entitled to exercise dissenters’ rights, a Premier Valley Bank shareholder must not vote in favor of the merger agreement and must make a written demand that Premier Valley Bank purchase his or her dissenting shares at their fair market value. Only a record holder of shares of Premier Valley Bank on August 31, 2015, or the transferee of the shares of record, may make this written demand. The written demand must:

• be delivered to Premier Valley Bank within 30 days after mailing of a notice by Premier Valley Bank that the merger has been approved (as described in the next paragraph);

specify the number of the shares that the shareholder demands that Premier Valley Bank repurchase; and

include a statement of what the shareholder claims to be the fair market value of the shares.

For these purposes, the fair market value must be determined as of the day prior to announcement of the Merger (May 28, 2015), and exclude any appreciation or depreciation in value as a consequence of the merger.

If Premier Valley Bank shareholders approve the merger, within ten days of this approval, Premier Valley Bank must mail a written notice of approval of the merger to those shareholders who meet the above criteria. This notice will include Premier Valley Bank's determination of fair market value of each share of common stock as of the date prior to the initial announcement of the merger (May 28, 2015), as well as a brief description of the procedure to be followed by any shareholder wishing to exercise their dissenters' rights. The Premier Valley Bank Board of Directors has determined that the fair market value of each share of common stock was \$7.10 on May 28, 2015. In addition to making demand for payment, a dissenting shareholder must send his or her certificates for shares of Premier Valley Bank capital stock to the principal office or the office of any transfer agent of Premier Valley Bank within 30 days of Premier Valley Bank mailing the written notice of approval of the merger. A shareholder who does not demand payment or deposit his or her certificates by the time specified in the notice will not be entitled to payment for his or her shares under the dissenters' rights sections of the CGCL and will instead be entitled to receive the merger consideration.

If both Premier Valley Bank and a dissenting shareholder agree (i) that the shares are dissenting shares, and (ii) upon the fair market value of the dissenting shares, the dissenting shareholder will be entitled to the agreed upon price with interest. Interest begins to accrue when Premier Valley Bank and the dissenting shareholder determine the fair market value.

If Premier Valley Bank and the dissenting shareholder disagree over whether the shares are dissenting shares or as to their fair market value, then the shareholder demanding purchase of shares may ask the court to settle one or both disputes. This must be done within six months of Premier Valley Bank mailing notice of shareholders' approval of the merger agreement. The court may determine the status of the shares as dissenting shares, as well as their fair market value, or the court may appoint impartial appraisers to determine the fair market value of the shares.

Premier Valley Bank must pay the agreed upon or court imposed fair market value amount to the dissenting shareholders, subject to the surrender any stock certificates, within 30 days of the fair market value determination or within 30 days of completion of the merger, whichever is later.

Failure to comply strictly with all of the procedures set forth in Sections 1300 to 1313 of the CGCL will result in the loss of a shareholder's dissenters' rights. Consequently, any shareholder wishing to exercise dissenters' rights is urged to consult legal counsel before attempting to exercise such rights.

Shareholders considering the exercise of dissenters' rights should be aware that the "fair value" of their shares as determined under Sections 1300 to 1313 could be more than, the same as or less than the merger consideration they would receive under the merger agreement if they did not dissent.

One condition to Heartland's obligation to complete the merger is that the total number of dissenting shares of Premier Valley Bank common stock cannot be more than 7.0% of the number of outstanding shares of Premier Valley Bank common stock.

THE MERGER AGREEMENT

The following describes material provisions of the merger agreement, which is attached as Appendix A to this document and which is incorporated by reference into this document. The rights and obligations of the parties are governed by the express terms and conditions of the merger agreement and not by this summary or any other information contained in this document. We urge you to read the merger agreement carefully and in its entirety.

General

Under the merger agreement, and upon acceptance and approval by the California Commissioner of the Department of Business Oversight of an agreement of merger as filed with the Secretary of State of California, Premier Valley Bank will merge with and into PV Acquisition Bank with PV Acquisition Bank as the surviving corporation. PV Acquisition Bank will simultaneously change its name to "Premier Valley Bank" and will continue its business with the same management without interruption. Upon the completion of the merger, each share of Premier Valley Bank common stock outstanding, other than shares held by either Heartland or Premier Valley Bank and shares held by Premier Valley Bank shareholders who properly assert their dissenters' rights, will be automatically converted into the right to receive Heartland common stock, cash, or a combination of cash and shares of Heartland common stock.

Purchase Price and Election of Merger Consideration

Total Purchase Price. Under the merger agreement, Premier Valley Bank shareholders will be entitled to receive total consideration of \$95,050,000, decreased by the amount by which Premier Valley Bank's tangible equity as of the month-end immediately prior to the closing is less than \$58,812,000. For these purposes, "tangible equity" of Premier Valley Bank will be equal to its tangible assets less liabilities, each as computed in accordance with GAAP, except that (i) Premier Valley Bank will be credited with any transaction expenses it incurs in connection with the merger (these expenses will be added back to tangible equity to the extent expensed), (ii) capitalized servicing rights will not be considered an intangible asset, (iii) accumulated comprehensive income (loss) will be deducted from tangible equity, and (iv) if the closing of the merger occurs prior to October 1, 2015, Premier Valley Bank will be credited with a reasonable projection of operations through October 1, 2015.

At June 30, 2015, Premier Valley Bank's tangible equity was approximately \$58.4 million. Nevertheless, Premier Valley Bank recorded net income of approximately \$2.1 million during the quarter ended June 30, 2015, and if Premier Valley Bank were credited with income for the quarter ending September 30, 2015 at the same rate as it accumulated income in the first half of the year, it would exceed that \$58,812,000 tangible equity threshold at September 30, 2015. Premier Valley Bank may nevertheless incur a loss or suffer other changes to tangible equity prior to the completion of the merger, and these losses or changes could cause Premier Valley Bank's tangible equity to be less than \$58,812,000, and result in a reduction of the total purchase price.

Stock Consideration and Cash Consideration. Shareholders of Premier Valley Bank may elect to receive their share of the merger consideration in up to 100% Heartland common stock or 100% cash, or a combination of Heartland common stock and cash. For these purposes, all Premier Valley Bank shareholders who assert dissenter rights will be deemed to have elected cash.

At the date of this proxy statement/prospectus, Premier Valley Bank had 12,304,025 shares of common stock outstanding. Assuming no reduction in the aggregate merger consideration, this would result in merger consideration of approximately \$7.725 per share of Premier Valley Bank common stock, which would be paid in cash to shareholders of Premier Valley Bank who elect to receive, or are otherwise allocated, cash.

For Premier Valley Bank shareholders who elect to receive, or are otherwise allocated, shares of Heartland common stock in the merger, the number of shares of Heartland common stock that will be delivered for each share of Premier Valley Bank common stock will be equal to the cash merger value per share divided by the value assigned to a share of Heartland common stock. Heartland common stock will be valued at its volume weighted average closing price during the twenty trading days ending five days before the effective date of the merger. If this volume weighted average closing price is less than \$29.13, however, the Heartland common stock will be valued at \$29.13 and if this volume weighted average closing price is more than \$39.41, the Heartland common stock will be valued at \$39.41. If the Heartland volume weighted average closing price is \$29.13 or below and there is no reduction in the merger consideration, Heartland would issue 0.265 shares of Heartland common stock for each share of Premier Valley Bank. If the Heartland volume weighted average closing price is \$39.41 or above and there is no reduction in the merger consideration, Heartland would issue 0.196 shares of Heartland common stock for each share of Premier Valley Bank.

Share prices cannot be predicted, of course. If the average closing price of Heartland common stock moves between \$29.13 and \$39.41, the exchange ratio will change. The following table illustrates the effective exchange ratio as a function of several possible average closing prices, in each case calculated based on a total purchase price of \$95,050,000 and 12,304,025 outstanding shares of Premier Valley Bank common stock outstanding:

Price of Heartland Common Stock	Number of shares of Heartland common stock to be received for each Premier Valley share
\$29.13	0.2652
\$32.00	0.2414
\$34.00	0.2272
\$36.00	0.2146
\$38.00	0.2033
\$39.41	0.1960

The actual number of shares to be received by a Premier Valley Bank shareholder for each share of Premier Valley Bank common stock will depend on the trading price of Heartland common stock for the twenty trading days ending five days prior to the merger, and is expected to differ from the amount set forth above.

Elections and Allocation of Merger Consideration. Despite the ability to make an election individually to receive all Heartland common stock or all cash, or a combination thereof, the merger agreement requires that, of the aggregate merger consideration, 70% will be paid by delivery of Heartland common stock and 30% will be paid in cash. If Premier Valley Bank shareholders elect to receive more than 70% of the aggregate consideration in Heartland common stock, then those electing shareholders will have the amount of Heartland common stock they receive reduced, pro rata in accordance with their Premier Valley Bank stock ownership, until 70% of the aggregate consideration is Heartland common stock, and the remainder of the consideration they receive will be paid in cash. If Premier Valley Bank shareholders elect to receive more than 30% of the aggregate consideration (including consideration paid to holders who assert dissenter rights) in cash, then those electing shareholders will have the amount of cash they receive reduced, pro rata in accordance with their Premier Valley Bank stock ownership, until 30% of the aggregate consideration is paid in cash (including dissenter shares), and the remainder of the consideration they receive will be paid in Heartland common stock. If, after the above allocations, the amount of cash that shareholders elect to receive is less than 30% of the total consideration, then all shareholders who fail to make an election (“non-electing shareholders”), will be allocated cash consideration, pro rata in accordance with the number of shares they each hold, until 30% of the total consideration (including consideration payable to holders of shares who assert dissenter rights) is paid in cash. If, after the above allocations, the amount of Heartland common stock that shareholders elect to receive is less than 70% of the total consideration, then all non-electing shareholders, will be allocated Heartland common stock, pro rata in accordance with the number of shares they each hold, until 70% of the total consideration (including consideration payable to holders of shares who assert dissenter rights) is paid in cash. Example: If the aggregate amount of consideration in the form of Heartland common stock that Premier Valley Bank shareholders who file an election elect to receive is 80%, holders of 5% elect cash, and holders of 15% of Premier Valley Bank shares fail to make an election, then:

- All Premier Valley Bank shareholders who elect to receive cash will receive solely cash for their shares;
- Premier Valley Bank shareholders who fail to make an election will receive all of their consideration in cash; and
- Premier Valley Bank shareholders who elect to receive Heartland common stock will receive 87.5% of their consideration in Heartland common stock and 12.5% of their consideration in cash.

Example: If the aggregate amount of consideration in the form of Heartland common stock that Premier Valley Bank shareholders who file an election elect to receive is 75%, holders of 15% elect cash and holders of 10% of Premier Valley Bank shares fail to make an election, then:

- All Premier Valley Bank shareholders who elect to receive cash will receive cash for their shares;
- Premier Valley Bank shareholders who fail to make an election will receive half of their consideration in Heartland common stock and half their consideration in cash; and

• Premier Valley Bank shareholders who elect to receive Heartland common stock will receive 93.3% of their consideration in Heartland common stock and 6.7% of their consideration in cash

Example: If the aggregate amount of consideration in the form of cash that Premier Valley Bank shareholders who file an election elect to receive is 50%, holders of 35% of the Premier Valley Bank Shares elect to receive Heartland common stock and holders of 15% of Premier Valley Bank shares fail to make an election, then:

• All Premier Valley Bank shareholders who elect to receive Heartland common stock will receive solely Heartland common stock for their shares;

• Premier Valley Bank shareholders who fail to make an election will receive all of their consideration in shares of Heartland common stock; and

• Premier Valley Bank shareholders who elect to receive cash will receive 60% of their consideration in cash and 40% of their consideration in shares of Heartland common stock.

Election Procedures; Surrender of Stock Certificates

You are not being asked to make a cash election or stock election through this proxy statement/prospectus, but instead will receive a separate communication through which you may make that election. If you are a Premier Valley Bank shareholder of record on the August 31, 2015 record date for elections, you are being mailed an election form to permit you to make an election to receive cash, or Heartland common stock, for your shares of Premier Valley Bank common stock. If you hold your Premier Valley Bank shares in nominee or "street" name, your broker or nominee will receive this election form and will communicate with you as to how to make this election.

You, or the person or entity through which you hold shares of Premier Valley Bank common stock, will be mailed these election forms at least twenty days prior to October 30, 2015, which is the deadline for return of election forms. If you wish to elect the type of merger consideration you will receive in the merger, you should carefully review and follow the instructions that will be set forth in the election form. If you hold your Premier Valley Bank shares in "street name" or through a bank, broker or other nominee, you should follow the instructions of the bank, broker or other nominee for making an election with respect to shares of Premier Valley Bank common stock. Shares of Premier Valley Bank common stock as to which the holder has not made a valid election prior to the election deadline will be treated as non-election shares.

To make an effective election, you, your bank, broker or other nominee must submit a properly completed election form, together with your Premier Valley Bank stock certificates duly endorsed in blank or otherwise in a form acceptable for transfer on the books of Premier Valley Bank, to Computershare, which will be acting as the exchange agent, on or before 5:00 p.m., Pacific Time, on October 30, 2015. You may change your election at any time prior to the election deadline by written notice accompanied by a properly completed and signed, revised election form received by the exchange agent prior to the election deadline. All elections will be revoked automatically if the merger is not approved or the merger agreement is otherwise terminated. The determination of the exchange agent will be binding as to whether an election has been properly made or revoked. If it is determined by the exchange agent that any purported cash election or stock election was not properly made, the purported election will be deemed to be of no force or effect and the holder making the purported election will be deemed not to have made an election for these purposes, unless a proper election is subsequently made on a timely basis.

Once you have tendered your Premier Valley Bank stock certificates to the exchange agent, you will not be able to transfer your shares of Premier Valley Bank common stock represented by those stock certificates until the merger is completed, unless you revoke your election by written notice to the exchange agent that is received prior to the election deadline.

The exchange agent will make all computations as to the allocation and the proration contemplated by the merger agreement and any such computation will be conclusive and binding on the holders of Premier Valley Bank common stock.

Exchange of Certificates

Within three business days after the closing of the merger, the exchange agent will mail a letter of transmittal to only those persons who were Premier Valley Bank shareholders at the effective time of the merger and who have not previously submitted an election form and properly surrendered shares of Premier Valley Bank common stock to the exchange agent. This mailing will contain instructions on how to surrender certificates for Premier Valley Bank common stock (if these shares have not already been surrendered) in exchange for the merger consideration the holder

is entitled to receive under the merger

57

agreement. The letter of transmittal will include instructions for the surrender to the exchange agent of certificates representing Premier Valley Bank common stock for the merger consideration. A letter of transmittal will be deemed properly completed only if signed and accompanied by stock certificates representing all shares of Premier Valley Bank common stock or an appropriate guarantee of delivery of the certificates.

If there has been a transfer of ownership of shares of Premier Valley Bank common stock that is not registered in the transfer or stock records of Premier Valley Bank, any merger consideration payable with respect to such shares of Premier Valley Bank common stock may be payable to the transferee if certificates are presented to the exchange agent, accompanied by all documents evidencing the transfer and payment of any related transfer taxes.

Until you surrender your Premier Valley Bank stock certificates to the exchange agent for exchange, you will not be paid dividends or other distributions declared after the merger with respect to any Heartland common stock into which your Premier Valley Bank shares have been converted. When you surrender your Premier Valley Bank stock certificates after the merger, Heartland will pay any unpaid dividends or other distributions, without interest. After the completion of the merger, there will be no further transfers of Premier Valley Bank common stock. Premier Valley Bank stock certificates presented for transfer after the completion of the merger will be canceled and exchanged for the merger consideration.

No fractional shares of Heartland common stock will be issued to any holder of Premier Valley Bank common stock upon consummation of the merger. For each fractional share that would otherwise be issued, Heartland will pay cash in an amount equal to the holder's fractional interest multiplied by the volume weighted average closing price used to compute the exchange ratio. No interest will be paid or accrued on cash payable to holders of Premier Valley Bank common stock in lieu of fractional shares. No shareholder of Premier Valley Bank will be entitled to dividends, voting rights or any other rights as a shareholder of Heartland Financial in respect of any fractional shares.

None of Heartland, Premier Valley Bank or any other person will be liable to any former holder of Premier Valley Bank common stock for any amount properly delivered to a public official pursuant to applicable abandoned property, escheat or similar laws.

If a certificate for Premier Valley Bank common stock has been lost, stolen or destroyed, the exchange agent will issue the consideration properly payable under the merger agreement upon compliance by the holder of Premier Valley Bank common stock with the conditions reasonably imposed by the exchange agent. These conditions will include a requirement that the shareholder provide a lost instruments indemnity bond in form, substance and amount reasonably satisfactory to the paying agent and Heartland.

From and after the effective time of the merger, all holders of certificates representing shares of Premier Valley Bank common stock will cease to have any rights as shareholders of Premier Valley Bank other than the right to receive the merger consideration and the stock transfer books of Premier Valley Bank will be closed.

Withholding

The exchange agent will be entitled to deduct and withhold from the cash consideration or cash in lieu of fractional shares, cash dividends or distributions payable to any Premier Valley Bank shareholder the amounts it is required to deduct and withhold under any federal, state, local or foreign tax law. If the exchange agent withholds any amounts, these amounts will be treated for all purposes of the merger as having been paid to the stockholders from whom they were withheld.

Completion of the Merger

Unless the parties agree otherwise, the completion of the merger will take place at a time and place to be agreed upon by the parties as soon as practicable after all closing conditions have been satisfied or waived.

The merger will be completed when Heartland files an agreement of merger with the California Secretary of State, and the Commissioner of the Department of Business Oversight approves and endorses the agreement, unless Heartland and Premier Valley Bank agree to a later time for the completion of the merger and specify that time in the articles of merger and agreement of merger. We currently expect to complete the merger in the fourth quarter of 2015, subject to receipt of required shareholder and regulatory approvals.

Conditions to Completion of the Merger

Premier Valley Bank's and Heartland's respective obligations to complete the merger are subject to the fulfillment or waiver of certain conditions, including:

- the approval and adoption of the merger agreement by holders of a majority of the common shares of Premier Valley Bank;
- the receipt of governmental and regulatory approvals;
- the receipt of certain consents and waivers from third parties;
- the absence of any injunction or order, or any law or regulation, that would impair the merger;
- the effectiveness of the registration statement pursuant to which the Heartland common stock will be registered;
- the truth and correctness of the other party's representations and warranties, subject to the standard of materiality in the merger agreement; and
- the other party's performance in all material respects of all the obligations required to be performed by it under the merger agreement.

Heartland's obligation to complete the merger is subject to the requirement that the total number of dissenting shares of Premier Valley Bank common stock cannot be more than 7.0% of the number of outstanding shares of Premier Valley Bank common stock. Premier Valley Bank's obligation to complete the merger is also subject to no change of control or sale of substantially all the assets of Heartland occurring prior to the date of the merger.

No Solicitation

Premier Valley Bank has agreed that it will not, and will use its best efforts to cause its officers, directors, employees, agents and authorized representatives not to:

- solicit, initiate, encourage, induce or facilitate the making, submission or announcement of any inquiries or proposals with respect to any "acquisition proposal" (as defined below);
- furnish any information regarding Premier Valley Bank to any person in connection with or in response to an acquisition proposal; or
- engage in any discussions or negotiations regarding any acquisition proposal, enter into any agreement regarding an acquisition proposal or that could reasonably be expected to lead to any acquisition proposal or make any recommendation in support of any acquisition proposal.

However, prior to approval of the merger agreement by holders of a majority of Premier Valley Bank common stock, Premier Valley Bank may consider and participate in discussions and negotiations with respect to an unsolicited bona fide acquisition proposal, and furnish information regarding Premier Valley Bank to a person proposing an acquisition proposal, but only if: (1) the Premier Valley Bank Board of Directors determines in good faith, after consultation with outside counsel, that such action is required in order to comply with its fiduciary obligations to Premier Valley Bank's shareholders under applicable law; (2) the acquisition proposal did not result from any breach by Premier Valley Bank of its obligations under the merger agreement relating to non-solicitation; (3) Premier Valley Bank first enters into a confidentiality agreement with the party proposing the acquisition proposal; and (4) Premier Valley Bank provides prior written notice to Heartland of its decision to take such action.

Premier Valley Bank has also agreed:

- to notify Heartland promptly (and in any event within 24 hours) of any request for information relating to an acquisition proposal and to provide Heartland with relevant information regarding the acquisition proposal or request;
- to keep Heartland fully informed of the status of any such acquisition proposal (including any modifications or proposed modifications); and
- to cease immediately and cause to be terminated any existing discussions with any persons regarding an acquisition proposal.

As used in the merger agreement, “acquisition proposal” means any offer, proposal, inquiry or indication of interest contemplating or otherwise relating to (i) any merger, consolidation, share exchange, business combination, issuance of securities, acquisition of securities, tender offer, exchange offer or other similar transaction in which Premier Valley Bank is involved, in which any person or group (as defined in the Securities Exchange Act of 1934, as amended, and the rules promulgated thereunder) acquires 15% or more of any voting securities of Premier Valley Bank, or in which Premier Valley Bank sells more than 20% of its voting securities, or (ii) any sale, lease, exchange, transfer, license, acquisition or disposition of any business or businesses or assets that constitute or account for 20% or more of the consolidated net revenues, net income or assets of Premier Valley Bank, except transactions in the ordinary course of business.

Termination

Premier Valley Bank and Heartland may agree in writing to terminate the merger agreement before completing the merger, even after approval and adoption of the merger agreement by the holders of Premier Valley Bank common stock, if a majority of members of the Board of Directors of each of Premier Valley Bank and Heartland votes to do so.

In addition, either Heartland or Premier Valley Bank may decide to terminate the merger agreement in various circumstances, including the following:

• if there is a law or governmental order that prohibits the merger;

• if holders of shares representing a majority of the common stock of Premier Valley Bank fail to approve the merger at the special meeting

• if any regulatory authority disapproves the merger;

• if the merger has not been completed by March 31, 2016, unless the failure to complete the merger is due to the party seeking to terminate the agreement;

• if the other party has or will have breached any representation, warranty or agreement in any material respect or if satisfaction of any closing condition by the other party is or becomes impossible;

Premier Valley Bank may terminate the merger agreement if, prior to the adoption of the agreement by the requisite vote of the Premier Valley Bank shareholders, the Premier Valley Bank Board of Directors determines to enter into an agreement providing for a "superior proposal" based on an acquisition proposal received by it and Premier Valley Bank complies with applicable provisions of the merger agreement (including providing Heartland with five business days' prior written notice and paying Heartland a \$3 million termination fee). For such purposes, a “superior proposal” is an acquisition proposal that, among other things, the Premier Valley Bank Board of Directors has concluded, after advice from financial advisers, is more favorable from a financial point of view to shareholders, after taking into account likelihood of consummation and other factors.

Heartland may terminate the merger agreement if Premier Valley Bank changes its recommendation to the Premier Valley Bank shareholders to approve the merger agreement, this proxy statement/prospectus has been available for at least 20 days and Premier Valley Bank fails to take a vote of its shareholders, or Premier Valley Bank intentionally and materially breaches the prohibition on solicitation contained in the merger agreement, in which case Premier Valley Bank will be obligated to reimburse Heartland for its expenses and pay the termination fee described below.

Termination Fee and Payment of Expenses

If the merger agreement is terminated and abandoned, it will become void and there will be no liability on the part of Heartland, Premier Valley Bank or their respective representatives, except that designated provisions of the merger agreement will survive the termination, including provisions relating to the payment of expenses and/or a termination fee in the circumstances described below.

If the merger agreement is terminated because the other party to the agreement has committed a willful or intentional material breach of the agreement, then the breaching party is obligated to pay the nonbreaching party's expenses incurred in connection with the merger agreement.

Premier Valley Bank must pay a termination fee of \$3,000,000 in cash if the merger agreement is terminated:

• by Premier Valley Bank because it has determined to enter into an agreement for a superior proposal;

by Heartland, if the Premier Valley Bank Board of Directors changes its recommendation to the Premier Valley Bank shareholders;

by Heartland if this proxy statement has been available for at least 20 days, and Premier Valley Bank fails to take a vote of its shareholders; or

by Heartland if Premier Valley Bank has breached the prohibition against solicitation.

Other Covenants and Agreements

Premier Valley Bank has undertaken customary covenants that place restrictions on it and its subsidiaries until the completion of the merger. In general, Premier Valley Bank has agreed to, and to cause each of its subsidiaries to, conduct its business in the ordinary course consistent with past practice, preserve intact in all material respects its business organization and the goodwill, keep available the services of its officers and employees and preserve intact its material agreements and credit facilities.

Premier Valley Bank has further agreed that, except with Heartland's prior written consent, Premier Valley Bank will not, and will cause its subsidiaries to not, among other things, undertake any of the following actions:

- split, combine or reclassify any outstanding shares of its capital stock;
 - declare, set aside or pay any dividends or other distribution on any shares of its capital stock, except that it may pay quarterly dividends consistent with the time and amount of dividends paid in previous years;
- sell, assign, transfer, mortgage, pledge or subject to any lien or other encumbrance any of its assets, except in the ordinary course of business, for current property taxes not yet due and payable or non-material liens and encumbrances;
- cancel any material debt or claims or waive any rights of material value, except in the ordinary course of business;
- acquire (by merger, exchange, consolidation, acquisition of stock or assets or otherwise) any corporation, partnership, joint venture or other business organization or division or material assets thereof, or assets or deposits that are material to Premier Valley Bank, except in exchange for debt previously contracted;
- except for certain limited exceptions, make any single or group of related capital expenditures or commitments therefor in excess of \$100,000 or enter into any lease or group of related leases with the same party which involves aggregate lease payments payable of more than \$150,000 for any individual lease or involves more than \$200,000 for any group of related leases in the aggregate;
- change its accounting methods, other than changes required by GAAP or regulatory accounting principles generally applicable to depository institutions;
- allow its current insurance policies to be canceled or terminated or any of the coverage thereunder to lapse, unless simultaneously with such termination, cancellation or lapse, replacement policies providing coverage substantially equal to the coverage under the canceled, terminated or lapsed policies are in full force and effect;
- enter into or modify any employment, severance or similar agreements or arrangements with, or grant any compensation increases to, any director, officer or management, except in the ordinary course of business;
- amend any bonus, profit sharing, stock option, pension, retirement, deferred compensation, or other employee benefit plan, trust, fund, contract or arrangement for the benefit or welfare of any employees, except as and to the extent required by law or disclosed in schedules to the merger agreement; or
- make any commitments to extend credit except in a manner consistent with past practice, and if for more than \$2,000,000, after consultation with Heartland.

Competition

The banking business in California, generally, and in Premier Valley Bank's service areas, specifically, is highly competitive with respect to both loans and deposits and is dominated by a number of major banks that have many

offices operating over wide geographic areas. Premier Valley Bank competes for deposits and loans principally with these commercial banks, savings associations, credit unions, consumer finance companies, pension trusts, mutual funds, insurance companies,

64

mortgage bankers and brokers, brokerage and investment banking firms, asset-based non-bank lenders, government agencies and certain other non-financial institutions, including retail stores, that may offer more favorable financing alternatives than Premier Valley Bank. Premier Valley Bank also competes with companies located outside of its market that provide financial services to persons within its market. Some of Premier Valley Bank's current and potential competitors have larger customer bases, greater brand recognition, and significantly greater financial, marketing and other resources than Premier Valley Bank, and some of them are not subject to the same degree of regulation as Premier Valley Bank.

Premises

Premier Valley Bank owns a 4,815 square foot branch office from which it conducts business at 5171 Hwy 49, Mariposa, California, and a 12,859 square foot branch office space (a portion of which is subleased to unrelated businesses) from which it conducts business at 40061 California 49, Oakhurst, California. Premier Valley Bank leases approximately 17,800 square feet of office space for its headquarters located at 255 East River Park Circle, Suite 180, Fresno, California; approximately 2,457 square feet of office space for its branch office located at 18580 Main Street, Groveland, California; and approximately 1,612 square feet for its loan production office at 3211 Broad Street, Suite 109, San Luis Obispo, California. Premier Valley Bank believes these facilities are adequate for its operations as currently conducted.

Legal Proceedings

Premier Valley Bank is, from time to time, involved in legal proceedings arising in the normal course of business. A lawsuit has been filed in tribal court against Premier Valley Bank by one of several factions claiming rightful governance authority over the underlying tribe and business operations. Premier Valley Bank has secured indemnification from one of the factions and has been reimbursed for approximately \$10,000 in legal expenses to date. Premier Valley Bank's bond/ director and officer insurance carrier has been given notice of these claims. As of June 30, 2015, Premier Valley Bank has had no direct involvement in this matter for an extended period of time, and the last legal invoice received by Premier Valley Bank was dated March 2014. Although the competing factions continue to disagree as to the rightful tribal council, Premier Valley Bank believes it has limited exposure, if any, in this matter.

Other than the foregoing described matter and proceedings incidental to Premier Valley Bank's business, it is not a party to, nor is any of its property the subject of, any material pending legal or administrative proceedings.

Effect of Existing or Probable Governmental Regulations on the Business of Premier Valley Bank

As a state-chartered bank with deposits insured by the FDIC, Premier Valley Bank is subject to extensive governmental regulations on its business. Federal, state and local laws and regulations regarding the discharge of harmful materials into the environment may also have an impact on Premier Valley Bank. Since Premier Valley Bank is not involved in any business that manufactures, uses or transports any material amount of chemicals, waste, pollutants or toxins that might have a material adverse effect on the environment, Premier Valley Bank's primary exposure to environmental laws is through its lending activities and through properties or businesses Premier Valley Bank may own, lease or acquire. Based on a general survey of Premier Valley Bank's loan portfolio, conversations with local appraisers and the type of lending currently and historically done by Premier Valley Bank, management is not aware of any potential liability for hazardous waste contamination that would be reasonably likely to have a material adverse effect on Premier Valley Bank.

General

Premier Valley Bank is a California state chartered banking corporation headquartered in Fresno, California. Premier Valley Bank received its California bank charter and commenced banking operations in June, 2001. The Bank's offices are all located in California. It maintains its headquarters in Fresno, three branches in Groveland, Mariposa and Oakhurst, and a loan production office in San Luis Obispo. Premier Valley Bank engages in general commercial banking with an emphasis on serving the needs of individuals and small and medium size businesses, professionals and the general public in the greater Fresno area and in its Yosemite Division in the Sierra Nevada.

Premier Valley Bank derives its income from four principal sources: (i) net interest income, which is the difference between interest income Premier Valley Bank receives on its interest earning assets and interest expense, which is the amount Premier Valley Bank pays on interest bearing liabilities; (ii) fee income, which includes fees earned on loans, deposit services and other banking services; (iii) earnings on investments; and (iv) gains on sales of SBA loans.

At June 30, 2015, Premier Valley Bank had \$655.37 million in total assets, \$177.62 million in securities available for sale, \$409.06 million in net loans, \$573.15 million in total deposits and \$71.69 million in total shareholders' equity. For the six months ended June 30, 2015, Premier Valley Bank's net income totaled \$4.29 million (\$.35 per share), compared to net income of \$3.60 million (\$0.28 per share) for the same period ended June 30, 2014. The increase in net income for the six months ended June 30, 2015 resulted from a \$952,000 increase in net interest income, \$254,000 in reduced noninterest expenses, offset by a modest decrease in non-interest income.

Premier Valley Bank's return on average total assets was 1.34% and 1.25% for the six months ended June 30, 2015 and June 30, 2014, respectively. Its return on average total tangible shareholders' equity was 12.09% and 10.62% for the six months ended June 30, 2015 and June 30, 2014, respectively.

Critical Accounting Policies

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America, or GAAP, requires Premier Valley Bank's management to make a number of judgments, estimates and assumptions that affect the reported amount of assets, liabilities, income and expenses in Premier Valley Bank's consolidated financial statements and accompanying notes. Premier Valley Bank's management believes that the judgments, estimates and assumptions used in preparation of Premier Valley Bank's consolidated financial statements are appropriate given the factual circumstances as of June 30, 2015.

Various elements of Premier Valley Bank's accounting policies, by their nature, are inherently subject to estimation techniques, valuation assumptions and other subjective assessments. Critical accounting policies are those that involve the most complex and subjective decisions and assessments and have the greatest potential impact on the results of

operations of

67

Premier Valley Bank. Material estimates that are particularly susceptible to significant change in the near term relate to the determination of the allowance for loan losses, fair value of assets and liabilities, and the valuation of deferred tax assets. Premier Valley Bank's management has identified the accounting policies related to these areas as critical to an understanding of the consolidated financial statements of Premier Valley Bank due to judgments, estimates and assumptions inherent in these policies, and the sensitivity of Premier Valley Bank's consolidated financial statements to those judgments, estimates and assumptions.

Allowance for Loan Losses. The provision for loan losses charged to operations is an amount sufficient to bring the allowance for loan losses to an estimated balance considered adequate to absorb potential losses inherent in the portfolio at the date of the financial statements. The allowance for loan losses is established through a provision for loan losses charged to results of operations. Loan losses are charged against the allowance when management believes the collection of a loan balance will not occur. Subsequent recoveries, if any, are credited to the allowance. The allowance for loan losses is evaluated on a regular basis by management and the estimate is based upon management's periodic review of the collectability of the loans, after considering a number of factors, including historical experience, the nature and volume of the loan portfolio, adverse situations that may affect the borrower's ability to repay, estimated value of any underlying collateral, and prevailing economic conditions, among others. The evaluation is inherently subjective as it requires estimates that are susceptible to significant revision as more information becomes available.

The allowance consists of specific, general, and qualitative components. The specific component relates to loans that are considered impaired for which an allowance is established when the discounted cash flows (or collateral value or observable market price) of the impaired loan is lower than the carrying value of that loan. General reserves cover non-impaired loans and are based on loss rates developed by management for each portfolio segment, adjusted for the effects of qualitative or environmental factors that are likely to cause estimated credit losses as of the evaluation date to differ from the portfolio segment's loss factors used. Qualitative factors include consideration of the following: changes in lending policies and procedures; changes in economic conditions, changes in the nature and volume of the portfolio; changes in the experience, ability and depth of lending management and other relevant staff; changes in the volume and severity of past due, nonaccrual and other adversely graded loans; changes in the loan review system; changes in the value of the underlying collateral for collateral-dependent loans; concentrations of credit and the effect of other external factors such as competition and legal and regulatory requirements. Portfolio segments identified by Premier Valley Bank include commercial, real estate construction (including land development loans), commercial and residential real estate mortgages, and installment loans (principally home equity loans). Relevant risk characteristics for these portfolio segments generally include debt service coverage, and loan-to-value ratios.

Although management believes the level of the allowance at June 30, 2015 is adequate to absorb losses inherent in the loan portfolio, a further decline in the regional economy may result in increasing losses that cannot reasonably be predicted at this time. For further information regarding the allowance for loan losses and related methodology see the portion of this Management's Discussion and Analysis captioned "Financial Condition at June 30, 2015 and December 31, 2014 - Allowance for Loan Losses."

Loan Sales and Servicing of Financial Assets. Premier Valley Bank originates SBA loans and other government guaranteed loans that may be sold in the secondary market. Servicing rights are recognized separately when they are acquired through sale of loans. Servicing rights are initially recorded at fair value with the income statement effect recorded in gain on sale of loans. Fair value is based on a valuation model that calculates the present value of estimated future cash flows from the servicing assets. The valuation model uses assumptions that market participants would use in estimating cash flows from servicing assets, such as the cost to service, discount rates and prepayment speeds. Premier Valley Bank compares the valuation model inputs and results to published industry data in order to validate the model results and assumptions. Servicing assets are subsequently measured using the amortization method which requires servicing rights to be amortized into noninterest income in proportion to, and over the period of, the estimated future net servicing income of the underlying loans.

Servicing assets are evaluated for impairment based upon the fair value of the rights as compared to the carrying amount. Impairment is determined by stratifying rights into groupings based on predominant risk characteristics, such as interest rate, loan type and investor type. For purposes of measuring impairment, Premier Valley Bank has identified each servicing asset with the underlying loan being serviced. A valuation allowance is recorded where the

fair value is below the carrying amount of the asset. If Premier Valley Bank later determines that all or a portion of the impairment no longer exists for a particular grouping, a reduction of the allowance may be recorded as an increase in income. The fair values of servicing rights are subject to significant fluctuations as a result of changes in estimated and actual prepayments speeds and changes in the discount rates. Servicing fee income, which is reported on the income statement with service charges, fees and other income, is recorded for fees earned for servicing loans. The fees are based on a contractual percentage of the outstanding

principal and recorded as income when earned. The amortization of servicing rights and changes in the valuation allowance are netted against loan servicing income.

Investment Securities. Premier Valley Bank currently classifies its investment securities as available-for-sale, with unrealized gains and losses excluded from results of operations and reported as a separate component of accumulated other comprehensive income included in shareholders' equity. Under the available-for-sale classification, securities can be sold due to changing conditions. Premier Valley Bank does not have any investment securities classified as trading securities. All investment securities held at June 30, 2015 and December 31, 2014, were classified as available-for-sale. Investment transactions are recorded on the trade date. Gains and losses on investment securities are recognized at the time of sale based upon the specific identification method. Management performs regular impairment analyses on the securities portfolio. If it is probable that Premier Valley Bank will be unable to collect all amounts due according to the contractual terms of the debt security, an "other-than-temporary" impairment ("OTTI") is considered to have occurred. When an "other-than-temporary" impairment occurs, the cost basis of the security is written down to its fair value (as the new cost basis) and the write-down is accounted for as a realized loss if it is credit related. Management considers many factors in its assessment of the investment portfolio for other-than-temporary impairment of investment securities. In addition to internally applied measures, Premier Valley Bank also employs the services of an independent analytics provider to assess the financial strength of the issuers that comprise the municipal portion of the portfolio. In assessing whether impairment represents OTTI, Premier Valley Bank must consider whether it intends to sell a security or if it is likely that Premier Valley Bank would be required to sell the security before recovery of the amortized cost basis of the investment, which may be maturity. If Premier Valley Bank intends to sell the security or it is likely that a sale of the security may be required before recovering the cost basis, the entire impairment loss would be recognized in earnings as an OTTI. If Premier Valley Bank does not intend to sell the security and it is not likely the sale of the security is required by it, and Premier Valley Bank does not expect to recover the entire amortized cost basis of the security, only the portion of the impairment loss representing credit losses would be recognized in earnings. The credit loss on a security is measured as the difference between the amortized cost basis and the present value of the cash flows to be expected to be collected. Projected cash flows are discounted by the original or current effective interest rate depending on the nature of the security being measured for potential OTTI. The remaining impairment related to other factors, the difference between the present value of cash flows expected to be collected and fair value, is recognized as a charge to other comprehensive income ("OCI"). Impairment losses related to all other factors are presented as separate categories within OCI. Purchase premiums and discounts are recognized in interest income using the interest method over the expected life of the security. For certain securities such as mortgage-backed securities, the average life can fluctuate based on the amount of prepayments received on the collateral underlying the securities.

Comparison of Results of Operations: Year Ended December 31, 2014 Compared to Year Ended December 31, 2013 Summary of Performance. Premier Valley Bank recognized net income of \$7.19 million (\$0.58 per share) in 2014, compared to \$6.54 million (\$0.51 per share) in 2013. The \$650,000 increase in net income in 2014, compared to 2013, was the net result of a \$1.03 million, or 5.3%, increase in net interest income after provision for loan losses, plus a modest year over year increase in non-interest income of \$142,000, or 3.5%, primarily due to gains on sales of securities, offset by a year over year increase in income taxes of \$1.09 million from 2013 to 2014. The following are significant factors impacting Premier Valley Bank's results of operations when comparing 2014 to 2013:

• Net interest income increased by \$1.03 million, or 5.3%, in 2014. The increase in net interest income was the result of growth in average earning assets of \$37.5 million, or 7.3% over 2013.

• Premier Valley Bank reversed previous provisions for loan losses by \$500,000 in each of 2014 and 2013. The reversal in 2014 was the result of net loan recoveries of \$99,000 and the continued improvement in Premier Valley Bank's assessment of asset quality. The reversal in 2013 was the result of significant improvement in asset quality as loans internally graded special mention, substandard and impaired declined from \$33.3 million at December 31, 2012 to \$18.9 million at December 31, 2013.

• Non-interest income increased by \$142,000, or 3.5%, in 2014. While gains-on-sale of loans and service charges decreased by \$316,000 and \$76,000, respectively, in comparison to 2013, gains on sales of securities increased by \$378,000 in 2014 compared with 2013 and other income was \$156,000 higher in 2014 compared with 2013, primarily the result of net accretion in the Bank's loan servicing asset of \$34,000 in 2014 compared with net amortization

expense of \$105,000 in 2013.

• Non-interest expenses decreased by \$558,000, or 4.0%, in 2014. The decrease in operating expenses was mostly due to a decrease in expenses related to problem loans and other real estate owned of \$701,000 and, to a lesser extent,

a decrease of \$165,000 in the Bank's core deposit intangible in 2014 compared with 2013. These decreases were offset by higher salary and employee benefit costs of \$329,000 in 2014 compared with 2013.

Income tax expense increased by \$1.09 million or 36.6%, in 2014. Premier Valley Bank's effective tax rate was 36.09% in 2014, compared to 31.20% in 2013. The increase was primarily due to the elimination of the California Enterprise Zone net interest deduction and a change in accounting related to low income housing tax credits whereby cumulative operating losses, previously accounted for as an operating expense, were reclassified as an expense on the Bank's income tax line in 2014.

As of December 31, 2014, Premier Valley Bank had consolidated total assets of \$650.28 million, compared to consolidated total assets at the end of 2013 of \$576.33 million. Premier Valley Bank had a significant increase in available for sale investment securities from the end of 2013 to December 31, 2014 of \$52.62 million, or a growth rate of 32.9%. The following are significant factors impacting the changes in Premier Valley Bank's financial condition:

Total assets increased by \$73.95 million, or 12.8%, in 2014. Net loans grew by \$33.56 million, or 9.6%, and cash and cash equivalents decreased by \$6.65 million, or 35.7%, at December 31, 2014, compared to the end of 2013.

Total deposits grew by \$43.82 million, or 8.9%, in 2014. Interest bearing and time deposits grew by \$16.37 million, or 5.1%, to \$337.32 million in 2014 while noninterest bearing deposits increased by \$27.5 million, or 15.9% in 2014.

Total shareholders' equity increased by \$1.86 million, or 2.8%, in 2014. Common stock declined by \$3.33 million during 2014, due to the repurchase of approximately 5.11% of Premier Valley Bank's outstanding common shares.

Retained earnings grew by \$2.9 million, as a result of \$7.2 million in net income attributable to shareholders in 2014, offset by cash dividends declared of \$3.6 million.

Net Interest Income and Net Interest Margin. Net interest income is the difference between Premier Valley Bank's interest earned on loans, securities and other interest-earning assets and interest expense on deposits and borrowings. Net interest income was \$19.88 million in 2014, compared to \$18.85 million in 2013. Premier Valley Bank's level of net interest income depends on several factors in combination, including growth in earning assets, the mix of earning assets by loan type and by security type, the cost of interest bearing liabilities and the mix of non-interest earning deposits to total deposits. The increase in net interest income in 2014 of \$1.04 million was primarily due to the \$852,000 increase in interest earned on Premier Valley Bank's investment securities. The increase in interest earned on Premier Valley Bank's investment securities was the result of an increase in the average balance of the securities portfolio of \$29.5 million during 2014 compared with 2013. There was a modest increase in interest income from interest and fees earned on the Bank's loan portfolio. Interest expense on deposits declined by approximately \$31,000 in 2014, and while deposit totals increased by \$43.8 million in 2014, the Bank's average cost of deposits decreased from 0.14% in 2013 to 0.12% in 2014, and the percentage of noninterest bearing deposits increased to 37% of total deposits in 2014 from 35% in 2013.

The following table shows, for the past three years, the annual average balance for each principal balance sheet category, and the amount of interest income or expense associated with that category. This table also shows the yields earned on each major component of Premier Valley Bank's investment and loan portfolio, the average rates paid on each key segment of its interest bearing liabilities, and the net interest margin.

(1) Loan fees have been included in the calculation of interest income. Loan fees were approximately \$130,000, \$(63,000), and \$161,000 for the years ended December 31, 2014, 2013 and 2012, respectively. Loans are net of deferred fees and related direct costs.

(2) Represents the weighted average yield on interest-earning assets less the weighted average cost of interest-bearing liabilities.

(3) Represents net interest income (before provision for loan losses) as a percentage of average interest-earning assets.

The table below sets forth the dollar difference in interest earned and paid for each major category of interest-earning assets and interest-bearing liabilities for the noted period, and the amount of such change attributable to changes in average balances (volume) or changes in average interest rates. Volume variances are equal to the increase or decrease in average balance multiplied by prior period rates, and rate variances are equal to the increase or decrease in rate multiplied by prior period average balances. Variances attributable to both rate and volume changes are calculated by multiplying the change in rate by the change in average balance, and are allocated to the rate and volume variances.

Interest income increased by \$916,000 in 2014 due to volume growth associated with both loan growth and net growth in investment securities. In addition to the increase from greater volume of loans and investment securities in 2014, interest income increased by \$92,000, primarily as a result of higher yields in the mortgage-backed securities segment of the investment portfolio. Interest expense on interest-bearing deposits decreased by \$31,000 in 2014 due to a decrease in the weighted average cost of deposits from 0.23% to 0.19%, offset by an increase in the average balance of such deposits.

Provision for Loan Losses. In 2014 and 2013, improving asset quality metrics led to the reversal of previous provisions for loan losses in the amount of \$500,000 in each of those two years. At December 31, 2014 and 2013, the allowance for loan loss as a percentage of outstanding loans was 1.08% and 1.30%, respectively and reflective of the trend in asset quality over that period of time. Premier Valley Bank's provisions for loan losses have been sufficient to maintain an allowance for loan losses at a level that, in management's judgment, is sufficient to absorb probable losses related to specifically-identified impaired loans, as well as the probable losses incurred on the remaining loan portfolio.

The process to establish an appropriate allowance for loan loss is discussed further below under "Allowance for Loan Losses."

Non-interest Income. The following table sets forth the various components of Premier Valley Bank's non-interest income for the periods indicated:

	Non-interest Income		Years Ended December 31,		
	2014	2013	2014	2013	
	Amount	Percent of Total	Amount	Percent of Total

Total non interest income	\$4,149	100 %	\$4,007	100 %	
As a percentage of average earning assets	0.75 %		0.78 %		

The increase in non-interest income in 2014 was the result of a \$378,000 increase in gains on sales of securities and \$156,000 increase in other income attributable primarily to servicing income related to growth in the Bank's portfolio of serviced SBA loans in comparison to 2013, which was offset by declines in the gains on sale of loans and service charges compared to 2013. In 2014, Premier Valley Bank generated gains of \$681,000 on the sale of approximately \$5.7 million in SBA loans, compared to gains on sales of \$997,000 in 2013 on the sale of approximately \$9.4 million in SBA loans.

Non-interest Expense. The following table sets forth Premier Valley Bank's non-interest expenses for the periods indicated:

Non-interest expense decreased by \$558,000 in 2014, compared to 2013. The largest component of non-interest expense is salaries and benefit expense, which increased by approximately \$329,000 or 4% in 2014. While the average number of full-time equivalent staff declined from 97 in 2013 to 95 in 2014, various other related items including payroll taxes, group insurance, profit sharing plan contribution and employee recruiting expenses increased year over year. Also, deferred loan costs, which have the effect of lowering current employee compensation expenses, decreased year over year. While the changes in these items are not individually significant, combined, they account for \$241,000 of the \$329,000 year

over year increase. Expenses related to problem assets and other real estate owned decreased by \$701,000 or 93% from 2013 to 2014, reflecting significant improvement in the level of problem assets and other real estate owned. Provision for Income Taxes. Income tax expense was \$4.1 million for the year ending December 31, 2014, an increase of \$1.1 million over the tax provision for 2013. Premier Valley Bank's effective tax rates were 36.1% in 2014 and 31.2% in 2013.

Net Income. Premier Valley Bank reported net income of \$7.19 million for the year ending December 31, 2014, compared to net income of \$6.54 million for 2013. The increase in net income primarily resulted from a \$1.03 million increase in net interest income over comparable periods and a 142,000 increase in non-interest income over comparable periods.

Comparison of Results of Operations: Six Months Ended June 30, 2015 Compared to Six Months Ended June 30, 2014

Net Interest Income and Net Interest Spread. Net interest income was \$10.79 million for the six months ended June 30, 2015, compared to \$9.84 million for the same period in 2014. The increase in net interest income in 2015 was primarily due to the \$865,000 increase in interest earned on Premier Valley Bank's loan portfolio and a \$142,000 increase in dividends received on the Bank's holdings of stock of Federal Home Loan Bank and Pacific Coast Bankers' Bancshares, offset by a \$157,000 decrease in interest income on the securities portfolio. During the period, net outstanding loan totals increased from \$354 million to \$413 million and the average yield on the loan portfolio decreased from 4.61% to 4.60%. Interest-bearing deposits increased from \$327 million to \$353 million period over period, and interest expense for the six months ended June 2015 increased by approximately \$8,000 from the same period in 2014.

Premier Valley Bank's net interest spread (the difference between the yield on average total interest-earning assets and the cost of average total interest-bearing liabilities) was 3.63% for the six month period ended June 30, 2015, compared to 3.73% for the six month period ended June 30, 2014. The decrease in net interest spread was the result of a continuation of downward pressure on asset pricing. Period over period, average total interest earning assets increased from \$531 million during the first half of 2014 to \$594 million during the first half of 2015, thereby offsetting the decline in the related yield on average earning assets. Over the same period, the rate on average total interest-bearing liabilities decreased from 0.20% to 0.19%.

The following table shows the average balance for each principal balance sheet category, and the amount of interest income or expense associated with that category for the referenced time period. This table also shows the yields earned on each major component of Premier Valley Bank's investment and loan portfolio, the average rates paid on each key segment of its interest bearing liabilities, and the net interest margin.

(1) Loan fees have been included in the calculation of interest income. Loan fees were approximately \$227,000 and \$55,000 for the six months ended June 30, 2015, and 2014, respectively. Average loan balances are net of deferred fees and related direct costs.

- (2) Represents the weighted average yield on interest-earning assets less the weighted average cost of interest-bearing liabilities.
- (3) Represents net interest income (before provision for loan losses) as a percentage of average interest-earning assets.

The table below sets forth the dollar difference in interest earned and paid for each major category of interest-earning assets and interest-bearing liabilities for the noted period, and the amount of such change attributable to changes in average balances (volume) or changes in average interest rates. Volume variances are equal to the increase or decrease in average balance multiplied by prior period rates, and rate variances are equal to the increase or decrease in rate times prior period average balances. Variances attributable to both rate and volume changes are calculated by multiplying the change in rate by the change in average balance, and are allocated to the rate and volume variances. Six months ended June 30, 2015 vs. Six months ended June 30, 2014

Interest income was \$11.24 million for the six month period ending June 30, 2015, compared to \$10.34 million for the same period in 2014. The increase was primarily due to volume growth associated with loans and investment securities. Interest expense on interest-bearing deposits was \$340,000 for the six month period ending June 30, 2015, compared to \$332,000 for the same period in 2014, as the weighted average cost of deposits dropped from 0.20% to 0.19%, or a (5%) decline.

Provision for Loan Losses. No provision for loan losses was made in the first half of 2015 or 2014 as the Bank's assessment of asset quality led to the conclusion that current loss reserves are sufficient to absorb potential losses related to specifically-identified impaired loans, as well as the potential losses that may be incurred on the remaining loan portfolio. The process to establish an appropriate allowance for loan loss is discussed further below under "Allowance for Loan Losses."

The decrease in non-interest income in the first six months of 2015 compared to the same period in 2014 was the result of a \$90,000 decrease in gain-on-sale of securities and a \$52,000 decrease in gains on the sale of loans, offset by an increase in other income of \$94,000.

Non-interest expenses totaled \$6.42 million for the six month period ended June 30, 2015, compared to \$6.67 million for the six month period ended June 30, 2014. The largest component of non-interest expense is salaries and benefit expense, which increased by approximately \$167,000, or 4.6%, in the first half of 2015, compared to the first half of 2014. Premier Valley Bank continues to invest in staff to support new business acquisition and service Premier Valley Bank's larger customer base. The average number of full-time equivalent staff grew from an average of 93 during the first half of 2014 to an average of 99 during the same period in 2015. Professional expenses decreased by \$137,000, due to a decrease in legal expense. Other expenses decreased by \$204,000 in the first half of 2015 compared with the same period in 2014. The decrease occurred over a number of areas, the most significant of which is operating expenses associated with the Bank's investment in low income housing tax credits. During the first half of 2014 the Bank recorded \$133,000 in such expenses compared with none in 2015. Late in 2014 a change in generally accepted accounting principles allowed for the reclassification of this expense into the income tax section of the income statement in connection with the related tax credits associated with these investments.

Provision for Income Taxes. Income tax expense was \$2.4 million for the six months ending June 30, 2015, an increase of \$459,000 over the same period of 2014. Premier Valley Bank's effective tax rates were 35.7% and 34.9%, for the six months ending June 30, 2015 and June 30, 2014, respectively.

Net Income. Premier Valley Bank reported net income of \$4.29 million for the six month period ended June 30, 2015, compared to net income of \$3.60 million for the same period in 2014. The increase in net income resulted primarily from a \$952,000 increase in net interest income over comparable periods and a \$294,000 decrease in non-interest expenses over comparable periods, which were partially offset by a \$64,000 decrease in non-interest income over comparable periods.

Financial Condition at June 30, 2015 and December 31, 2014

Summary. Premier Valley Bank reported total assets of \$655.37 million at June 30, 2015, compared to \$650.28 million as of December 31, 2014. The increase in assets was primarily due to an increase in deposits of \$35.9 million, offset by a decrease in borrowed funds of \$27.9 million. During the first quarter of 2015 investment securities sales and deposit growth were used to pay down \$27.9 million in borrowed funds that existed at December 31, 2014. Loans net of allowance for loan losses grew by \$26.13 million or 6.8%. Interest-bearing deposits grew by \$25.02 million or 7.4% as of June 30, 2015, compared to December 31, 2014. The Bank's capital grew by \$2.2 million in the six month period ending June 30, 2015, as retained earnings grew by \$2.32 million compared to December 31, 2014. Retained earnings grew due to net income retained during the quarter, offset by dividends declared in the first half of 2015 of \$1.97 million.

Loan Portfolio. Premier Valley Bank's loan portfolio consists primarily of loans to borrowers within Central California and the Sierra Nevada. The largest percentage of the loan portfolio is represented by commercial real estate loans, which were 56% and 58% of outstanding loans as of June 30, 2015 and December 31, 2014, respectively. As of June 30, 2015 and December 31, 2014, the Bank had \$4.2 million in the loss reserve account. While a significant percentage of the commercial real estate portfolio is owner occupied (37% of all commercial real estate loans are owner occupied at both June 30, 2015 and December 31, 2014), a majority of the loans are related to investor properties. The second largest category of loans is commercial and industrial that comprises about 17% and 16% of total loans as of June 30, 2015 and December 31, 2014, respectively.

The following table sets forth the composition of Premier Valley Bank's loan portfolio as of the dates indicated:

Off-Balance Sheet Arrangements. In the normal course of business, Premier Valley Bank makes commitments to extend credit to Premier Valley Bank's customers as long as there are no violations of any conditions established in contractual arrangements. These commitments are obligations that represent a potential credit risk to Premier Valley Bank, and a \$137 reserve for unfunded commitments is reflected as a liability in Premier Valley Bank's consolidated balance sheet as of June 30, 2015 and December 31, 2014. Total unused commitments to extend credit were \$59.38 million at June 30, 2015, as compared to \$74.985million at December 31, 2014.

The effect on Premier Valley Bank's revenues, expenses, cash flows and liquidity from the unused portion of the commitments to provide credit cannot be reasonably predicted, because there is no certainty that lines of credit will ever be fully utilized. For more information regarding Premier Valley Bank's off-balance sheet arrangements, see Note 11 to the accompanying Consolidated Financial Statements.

Non-accrual and Restructured Loans. A loan is placed in non-accrual status if there is concern that principal and interest may not be fully collected or if the loan has been past due for a period of 90 days or more, unless the obligation is both well secured and in process of collection. When loans are placed on non-accrual status, all interest previously accrued but not collected is reversed against current period interest income. Income on non-accrual loans is subsequently recognized only to the extent that cash is received and the loan's principal balance is deemed collectible. Loans are returned to accrual status when they are brought current with respect to principal and interest payments and future payments are reasonably assured. Loans in which the borrower is encountering financial difficulties and Premier Valley Bank has modified the terms of the original loan are evaluated for impairment and classified as troubled debt restructured loans ("TDR"). Premier Valley Bank does not have any other real estate owned. The following table presents information concerning Premier Valley Bank's nonperforming and restructured loans as of the dates indicated:

	Non-performing Assets				
	June 30, 2015	2014	December 31, 2014	2013

Allowance for Loan Losses. Premier Valley Bank has established an allowance for loan losses, through a provision for loan losses, for both specific losses on impaired loans and the inherent risk of probable loss for non-impaired loans based on loan grades, loan characteristics, and economic trends. The allowance consists of specific, general, and qualitative components. The allowance for loan losses is evaluated on a regular basis by management and the estimate is based upon management's periodic review of the collectability of the loans that considers historical experience, the nature and volume of the loan portfolio, adverse situations that may affect the borrower's ability to repay, estimated value of any underlying collateral, and prevailing economic conditions. The specific component relates to loans that are considered impaired for which an allowance is established when the discounted cash flows (or collateral value or observable market price) of the impaired loan is lower than the carrying value of that loan. The evaluation is inherently subjective as it requires estimates that are susceptible to significant revision as more information becomes available. Premier Valley Bank did not have a provision for loan losses for the six months ended June 30, 2015. There was a reversal of \$500,000 of prior provisions for loan losses in each of the years ended December 31, 2014 and December 31, 2013, as a result of improved asset quality. A loan is considered impaired when, based on current

information and events, that it is probable that Premier Valley Bank will be unable to collect all amounts due (principal and interest) according to the original contractual terms of the loan agreement. Factors considered by management in determining impairment include payment status, collateral value, and probability of collecting scheduled principal and interest payments. Measurement of impairment is based on the present value of expected future cash flows of the impaired loan, which are discounted at the loan's effective interest rate. For collateral-dependent loans, Premier Valley Bank uses the fair value of the collateral for the impaired loan to measure impairment. An impairment allowance is established to record the difference between the carrying amount of the loan and the present value, or in the case of a collateral-dependent loan, the fair value of the collateral. Impaired loans, including performing TDRs, totaled \$14.84 million as of June 30, 2015, compared to \$14.39 million at December 31, 2014 and \$14.48 million at the end of 2013. Pass rated loans went from 93% of the portfolio as of December 31, 2013 to 94% at December 31, 2014 and 96% at June 30, 2015.

The allowance for loan losses is maintained at a level that management believes is adequate to provide for loan losses based on currently available information. A comprehensive discussion concerning Premier Valley Bank's allowance for loan losses is included in Note 4 of the accompanying Consolidated Financial Statements. The following table summarizes the activity in the allowance for loan losses for the periods indicated:

Capital Resources. As of June 30, 2015, Premier Valley Bank had total shareholders' equity of \$71.69 million. Premier Valley Bank had total shareholders' equity of \$69.47 million as of December 31, 2014, compared to \$67.61 million at the end of 2013.

Premier Valley Bank uses a variety of measures to evaluate capital adequacy. Management reviews various capital measurements on a quarterly basis and takes appropriate action to ensure that such measurements are within established internal and external guidelines. The external guidelines, which are issued by the FDIC, establish a risk-adjusted ratio relating capital to different categories of assets and off balance sheet exposures. There are two categories of capital under the FDIC guidelines: Tier 1 and Total Risk Based Capital. Tier 1 Capital includes common shareholders' equity less goodwill and certain other deductions, notably the unrealized net gains or losses (after tax adjustments) on investment securities available for sale, which are carried at fair market value. Total Risk Based Capital, includes Tier 1 Capital and adds another tier, or Tier 2 Capital, which for Premier Valley Bank includes the allowance for loan losses, subject to certain limitations. Premier Valley Bank had Tier 1 capital of \$58.12 million as of June 30, 2014, compared to \$54.99 million as of December 31, 2014, and Total Risk Based capital of \$62.49 million as of June 30, 2014, compared to \$59.32 million as of December 31, 2014.

Bank regulatory agencies have adopted capital standards by which all banks will be evaluated, including requirements to maintain certain core capital amounts included as Tier 1 capital at minimum levels relative to total assets (the "Tier 1 Leverage Capital Ratio") and at minimum levels relative to "risk-weighted assets" which is calculated by assigning value to assets, and off balance sheet commitments, based on their risk characteristics (the "Tier 1 Risk-Based Capital Ratio"), and to maintain total capital at minimum levels relative to risk-weighted assets (the "Total Risk-Based Capital Ratio"). Starting in 2015, banks are subject to a new Common Tier 1 Capital Ratio, an increased Tier 1 Leverage Capital Ratio and an increased Tier 1 Risk-Based Capital Ratio under the Basel III rules and are required to include in Common Tier 1 capital the effects of other comprehensive income adjustments, such as gains and losses on investment securities held to maturity, that are currently excluded from the definition of Tier 1 capital, but are allowed to make a one-time election not to include those effects. Premier Valley Bank has been, and will continue to be, managed so it meets the well-capitalized requirements under the regulatory framework for prompt corrective action and has made the one-time election to exclude the effects of other comprehensive income adjustments on Tier 1 capital. Under the Basel III rules, the requirements to be categorized as well-capitalized changed from 4% to 5% for the Tier 1 Leverage Capital Ratio, from 6% to 8% for the Tier 1 Risk-Based Capital Ratio and remained at 10% for the Total Risk-Based Capital Ratio. The most recent notification from the FDIC categorized Premier Valley Bank as well capitalized under the regulatory framework for prompt corrective action.

Premier Valley Bank's current capital position exceeds all current guidelines established by the FDIC. By the current regulatory definitions, Premier Valley Bank was "well capitalized" (the highest rating of the five capital categories defined under FDIC regulations) as of June 30, 2015 and each of December 31, 2014 and 2013. At June 30, 2015, Premier Valley Bank had both a Common Equity Tier 1 and Tier 1 risk based capital ratio of 11.92%, a total capital to risk-weighted assets ratio of 12.82%, and a leverage ratio of 9.04%. This compares to a Tier 1 risk based capital ratio of 12.4%, a total capital to risk-weighted assets ratio of 13.4%, and a leverage ratio of 8.9% at December 31, 2014.

DESCRIPTION OF HEARTLAND COMMON STOCK

This section summarizes the terms of the common stock that will be issued upon consummation of the merger. You should read our certificate of incorporation and bylaws of Heartland, which are incorporated by reference as exhibits to the registration statement of which this proxy statement/prospectus is a part, to fully understand the rights associated with our common stock. See “Where You Can Find More Information” for information on how to obtain copies.

General

The Heartland certificate of incorporation currently authorizes the issuance of 30,000,000 shares of common stock, par value \$1.00 per share. Heartland common stock is not entitled to any conversion or redemption rights and holders of the common stock do not have any preemptive right or other subscription rights to subscribe for additional securities we may issue. The rights, preferences and privileges of holders of Heartland common stock are subject to the rights of the holders of shares of any series of preferred stock which Heartland may issue.

Transfer Agent

Continental Stock Transfer & Trust, 17 Battery Place, New York, NY 10004, acts as transfer agent for Heartland’s common stock.

Dividend Rights

Subject to the prior dividend rights of the holders of any preferred stock, including the Series C preferred stock, dividends may be declared by Heartland’s Board of Directors and paid from time to time on outstanding shares of Heartland common stock from any funds legally available for dividends. Nevertheless, Heartland is prohibited from paying dividends on its common stock if full dividends on all outstanding shares of Heartland’s Series C preferred stock for the most recent quarter were not paid and any such dividends paid Heartland’s common stock are subject to certain Tier 1 capital requirements of the Federal Reserve Board. Further, the agreements pursuant to which Heartland borrows money and the regulations to which Heartland is subject as a bank holding company may limit Heartland’s ability to pay dividends or other distributions with respect to the common stock or to repurchase common stock. These restrictions are discussed in Heartland’s annual report on Form 10-K filed with the Securities and Exchange Commission, which is incorporated by reference into this proxy statement/prospectus.

Voting Rights

Subject to the rights of the holders of Heartland’s preferred stock, including the Series C preferred stock, only the holders of Heartland’s common stock have voting rights and are entitled to one vote for each share held. There are no cumulative voting rights.

Liquidation Rights

Upon any liquidation, dissolution or winding up of Heartland, after the payment of all liabilities and of the liquidation preferences with respect to its preferred stock, including the Series C preferred stock, the holders of Heartland common stock are entitled to share in our assets remaining.

Preferred Share Purchase Rights

On June 7, 2002, Heartland entered into a Rights Agreement with Dubuque Bank and Trust Company, which agreement was amended on January 17, 2012. Under the Rights Agreement, all stockholders receive, along with each share of common stock owned, a preferred stock purchase right entitling them to purchase from Heartland one one-thousandth of a share of Series A Junior Participating Preferred Stock at an exercise price of \$75.00 per one one-thousandth of a share, subject to certain adjustments, once these preferred share purchase rights become exercisable.

The preferred share purchase rights are not exercisable or transferable apart from Heartland’s common stock until the earlier of (i) the tenth day following a public announcement that a person or group of affiliated or associated persons (an “Acquiring Person”) has acquired beneficial ownership of 15% or more of Heartland’s outstanding common stock or (ii) the tenth business day (or such later date as may be determined by action of our board of directors prior to such time as any person or group of affiliated persons becomes an Acquiring Person) after the date of the commencement of, or announcement of an intention to make, a tender offer or exchange offer which would result in the beneficial ownership of 15% or more of

Heartland's outstanding common stock, even if no shares are purchased pursuant to such offer. The definition of "Acquiring Person" under the Rights Agreement is subject to certain exceptions, including acquisitions by Heartland Partnership, L.P. and acquisitions that Heartland's Board of Directors determines are inadvertent and without any intention of changing or influencing control of Heartland. Subject to this exception and other conditions, if any person or group of affiliated or associated persons becomes an Acquiring Person, each preferred share purchase right will entitle the holder (other than the Acquiring Person) to receive, upon exercise, Heartland common stock having a market value of two times the exercise price of the right. If after the time that a person or group becomes an Acquiring Person, Heartland is acquired in a merger or other business combination transaction or 50% or more of Heartland's consolidated assets or earning power are sold, each preferred share purchase right will entitle the holder (other than the Acquiring Person) to receive, upon exercise, Heartland common stock or common stock of the acquiring company (or the acquiring company's parent) having a market value of two times the exercise price of the preferred share purchase right.

Each one one-thousandth of a share of our Series A Preferred Stock, if issued, (i) will not be redeemable, (ii) will entitle holders to a minimum preferential quarterly dividend payment (if declared) of the greater of \$0.10 per one one-thousandth of a share or an amount equal to 1,000 times the dividend declared per share of common stock, (iii) will have the same voting power as one share of Heartland common stock and (iv) will entitle holders, upon liquidation of Heartland, to receive the greater of \$0.01 per one one-thousandth of a share (plus any accrued but unpaid dividends) or an amount equal to 1,000 times the payment made on one share of Heartland common stock. In the event of any merger, consolidation or other transaction in which Heartland common stock is converted or exchanged, each one one-thousandth of a share of Series A Preferred Stock will be entitled to receive the same amount received per one share of Heartland common stock.

Heartland may redeem the preferred share purchase rights for \$0.01 per preferred share purchase right at any time before a person has become an Acquiring Person. If Heartland redeems any of the preferred share purchase rights, it must redeem all of the preferred share purchase rights. For as long as the preferred share purchase rights are redeemable, Heartland may amend the preferred share purchase rights to extend the time period in which the preferred share purchase rights may be redeemed, but not to change the redemption price or date of expiration of the preferred share purchase rights. The Rights Agreement also grants Heartland's Board of Directors the option, at any time after any person or group becomes an Acquiring Person but prior to an acquisition at the 50% level, to exchange preferred share purchase rights (other than preferred share purchase rights owned by such Acquiring Person) for shares of Heartland common stock or Series A Preferred Stock (or a series of our preferred stock having equivalent rights, preferences and privileges), at an exchange ratio of one share of common stock, or fractional share of Series A Preferred Stock (or other preferred stock equivalent in value to one share of our common stock), per preferred share purchase right. The preferred share purchase rights will expire on January 17, 2022, unless earlier redeemed.

The preferred share purchase rights make a hostile contest for control without communication with the Heartland Board of Directors impractical. The preferred share purchase rights would cause substantial dilution to a potential acquirer that attempts to acquire Heartland in a transaction that is not approved by the Heartland Board of Directors. The above description of the preferred share purchase rights is only a summary and does not purport to be complete. You must look at the Rights Agreement for a full understanding of the terms of the preferred share purchase rights. The Rights Agreement has been incorporated by reference as an exhibit to the registration statement of which this proxy statement/prospectus is a part. See "Where You Can Find More Information" for information on how to obtain copies.

Certain Provisions of Heartland's Certificate of Incorporation and Bylaws

Some provisions of Heartland's certificate of incorporation and bylaws could make the acquisition of control of Heartland and/or the removal of its existing management more difficult, including those that provide as follows:

- the certificate of incorporation does not provide for cumulative voting for our directors;
- Heartland has a classified board of directors with each class serving a staggered three-year term;
- a vote of 70% of the outstanding shares of Heartland's voting stock is required to remove directors, and such directors may only be removed for cause;
- a vote of 70% of the outstanding shares of Heartland's voting stock is required to amend, alter or repeal Heartland's bylaws and certain sections of our certificate of incorporation;

a vote of 70% of the outstanding shares of Heartland's voting stock is required to effect any merger or consolidation of Heartland or any of its subsidiaries with or into another corporation (unless the merger does not require stockholder approval); effect any sale, lease, exchange or other disposition by us or any of

84

Heartland's subsidiaries of all or substantially all of our assets in a single transaction or series of related transactions; or effect any issuance or transfer by us or any of Heartland's subsidiaries of any of our voting securities (except as issued pursuant to a stock option, purchase or bonus plan), except if approved by two-thirds of Heartland's board of directors;

Heartland's Board of Directors may create new directorships and may appoint new directors to serve for the full term of the class of directors in which the new directorship was created and may fill vacancies on the Board of Directors occurring for any reason for the remainder of the term of the class of director in which the vacancy occurred;

Heartland's Board of Directors may issue preferred stock without any vote or further action by the stockholders;

Heartland's Board of Directors retains the power to designate series of preferred stock and to determine the powers, rights, preferences, qualifications and limitations of each class;

all stockholder actions of Heartland must be taken at a regular or special meeting of the stockholders and cannot be taken by written consent without a meeting; and

Heartland's bylaws include advance notice procedures which generally require that stockholder proposals and nominations be provided to Heartland not less than 30 days and not more than 75 days before the date of the originally scheduled annual meeting in order to be properly brought before the meeting.

Section 203 of the Delaware General Corporation Law

Section 203 of the Delaware General Corporation Law regulates corporate acquisitions. In general, Section 203 prohibits a publicly held Delaware corporation from engaging in a business combination with a holder of 15% or more of its voting stock (an interested stockholder) for a period of three years following the date the person became an interested stockholder, unless:

the board of directors approved in advance the transaction in which the stockholder became an interested stockholder;

the stockholder owns at least 85% of the voting stock, excluding shares owned by directors, officers and employee stock plans after the transaction in which it became an interested stockholder; and

the business combination is approved by the board of directors and by the affirmative vote of at least two-thirds of the outstanding voting stock that is not owned by the interested stockholder at a stockholder meeting, and not by written consent.

This prohibition on business combination transactions with an interested stockholder may be removed, however, if Heartland's continuing board of directors proposes business combinations with another party, or our stockholders, by majority vote, determine to opt out of Section 203 of the Delaware General Corporation Law and one year has elapsed since the vote.

COMPARISON OF SHAREHOLDERS' RIGHTS

The rights of Premier Valley Bank shareholders are governed by the California General Corporation Law, or CGCL, and Premier Valley Bank's articles of incorporation and bylaws. The rights of Heartland stockholders are governed by the Delaware General Corporation Law, or DGCL, and Heartland's certificate of incorporation and bylaws. After the merger, the rights of Heartland's stockholders and Premier Valley Bank's former shareholders will be governed by the DGCL and Heartland's certificate of incorporation and bylaws. The following discussion summarizes the material differences between the rights of Premier Valley Bank shareholders and the rights of Heartland stockholders. You should read Heartland's certificate of incorporation and bylaws, and Premier Valley Bank's articles of incorporation and bylaws carefully and in their entirety and also "Description of Heartland Common Stock" on page 83.

Size of Board of Directors

Heartland

The DGCL provides that the board of directors of a business corporation shall consist of one or more members, each of whom shall be a natural person, and that the number of directors shall be fixed by, or in the manner provided in, the bylaws, unless the certificate of incorporation fixes the number of directors, in which case a change shall be made only by amendment. Heartland's certificate of incorporation provides that the number of directors shall not be less than three nor more than nine.

Further, the certificate of designations for Heartland's Non-Cumulative Perpetual Preferred Stock, Series C provides the U.S. Department of Treasury the right to visit Heartland Board meetings if dividends on the preferred stock are not paid for five dividend periods and if dividends are not paid for six dividend periods provides that the Board will automatically be increased by two and the Department of Treasury will have the right, but not the obligation, to elect two directors until

Premier Valley Bank

The CGCL provides that the number of directors on the board of directors of a business corporation shall be specified or fixed in accordance with the articles of incorporation or bylaws. The California Financial Code, however, provides that a California corporation authorized to engage in banking must have a board of no fewer than five and no more than twenty-five members. Premier Valley Bank's bylaws provide that the number of directors may not be less than six nor more than eleven, and provides that a majority of the full board, or a majority of the shareholders, may fix the number within this range.

dividends have been paid for four dividend periods.

Qualifications of Directors

Heartland

The DGCL provides that directors need not be stockholders unless otherwise required by the certificate of incorporation or the bylaws, and that other qualifications of directors may be prescribed in the certificate of incorporation or the bylaws.

The Heartland bylaws provide that directors need not be residents of Delaware or the United States or stockholders of the corporation. Heartland's certificate of incorporation and bylaws provide that a person shall not be eligible for election to the board of directors if such person is seventy (70) years of age or older on the date of such election, provided, however, that such restriction does not apply to any incumbent directors who attained the age of sixty-five (65) years prior to January 1, 1993.

Filling Vacancies on the Board

Heartland

The DGCL provides that, unless the certificate of incorporation or bylaws provide otherwise, a majority of the directors then in office (although less than a quorum) or the sole remaining director may fill any vacancy on the board of directors including newly created directorships resulting from an increase in the number of directors.

Heartland's bylaws provide that vacancies may be filled by the vote of a majority of the remaining directors then in office, although less than a quorum, by the nominating and compensation committee, or by the sole remaining director.

Removal of Directors

Heartland

Under the DGCL, directors may be removed, with or without cause, by the holders of a majority of the shares entitled to vote on their election; however, in the case of a corporation whose board is classified, stockholders may effect such removal only for cause unless the certificate of incorporation otherwise provides.

Heartland's certificate of incorporation provides that a director may only be removed for cause and by an affirmative vote of 70% of the outstanding shares entitled to vote generally in the election of directors at an annual meeting of stockholders or a meeting of the stockholders called for that purpose.

Nomination of Directors for Election

Heartland

If a stockholder wishes to nominate a person for election as director, the stockholder must give timely notice in

Premier Valley Bank

Under the CGCL, a director is not required to be a resident of the state of California or a shareholder of the corporation unless otherwise required by the articles of incorporation or bylaws.

The Premier Valley Bank bylaws prohibit any person (i) who is a director, officer, employee, agent, nominee, analyst accountant, attorney or policy maker for another financial institution, (ii) who has a contract or arrangement with another institution that would require disclosure of confidential information, or (iii) who holds fewer than 10,000 shares of Premier Valley Bank Common Stock, from serving on its board, unless the Premier Valley Bank Board of Directors determines that service will not compromise its business plan or strategic focus.

Premier Valley Bank

The CGCL provides that a vacancy on the board may be filled by approval of the board (although less than a quorum). If the directors do not fill a vacancy on the board, the shareholders may elect a director at any time to fill such a vacancy. Unless the articles of incorporation or a bylaw adopted by the shareholders provide that the board may fill vacancies occurring in the board due to removal of directors, such vacancies shall be filled by approval of the shareholders.

Premier Valley Bank's bylaws are consistent with the CGCL and allow vacancies resulting from removal to be filled by the board.

Premier Valley Bank

Under the CGCL, shareholders of a corporation may remove a director with or without cause, if removal is approved by the outstanding shares. No director may be removed when the votes cast against removal would be sufficient to elect the director if voted cumulatively at an election at which the same total number of votes were cast and the entire number of directors authorized at the time of the director's most recent election were then being elected.

Premier Valley Bank's bylaws are consistent with the CGCL and also provide that the board may remove a director convicted of a felony or declared to be of unsound mind.

Premier Valley Bank

Premier Valley Bank's bylaws provide that nominations for election to the board by shareholders may be made by

proper written form to the Secretary of Heartland. To be timely, such stockholder notice must be received by the Secretary at Heartland's principal executive offices (1) not later than the close of business on the 30th day nor earlier than the opening of business on the 75th day before the meeting; provided, however, that in the event the notice of the meeting is given less than 40 days before the meeting, notice must be received not later than 10 days after the date that notice of the meeting was given. To be in proper written form, such stockholder's notice must be in writing and contain information regarding the nominee to the board of directors and the stockholder bringing the nomination and other information specified in Heartland's bylaws.

any shareholder entitled to vote at election of directors by notice not more than 60 nor less than 21 days before the meeting. The notice must include (i) the name and residence address of, and number of Premier Valley Bank shares held by, the proposing shareholder, (ii) the name, address, and principal occupation of, and number of Premier Valley Bank shares and shares of other financial institutions held by, the nominee, (iii) whether the nominee has been convicted of a criminal offense involving dishonesty or a breach of trust, or been declared or filed for bankruptcy, and (iv) confirmation that the nominee meets the director qualifications described above.

Fiduciary Duty of Directors

Heartland

Directors of Delaware have fiduciary obligations to act in accordance with the so-called duties of “due care” and “loyalty.” The duty of care requires that the directors act in an informed and deliberative manner and to inform themselves, prior to making a business decision, of all material information reasonably available to them. The duty of loyalty requires the directors to act in good faith, not out of self-interest and in a manner that the directors reasonably believe to be in the best interests of the corporation.

Anti-Takeover Provisions

Heartland

The DGCL generally prohibits certain Delaware corporations from engaging in any “business combination” with any “interested stockholder” for a period of three years following the time that the stockholder became an interested stockholder unless:

the board of directors approves either the business combination or the transaction that resulted in the stockholder becoming an interested stockholder prior to the stockholder becoming an interested stockholder;

the interested stockholder acquires at least 85% of the voting stock (excluding shares held by officers, directors and certain employee stock plans) of the corporation in the transaction that causes the stockholder to become an interested stockholder; or

the business combination is approved by the board of directors and authorized at an annual or special meeting of stockholders by the affirmative vote of at least two-thirds of the outstanding voting stock (excluding stock owned by the interested stockholder).

The DGCL generally defines “business combination” to include merger; sale or other disposition to the interested stockholder of 10% or more of the assets of the corporation; subject to specified exceptions, a transaction by the corporation that results in an increase in the stock of the corporation owned by the interested stockholder; and other financial benefits provided to the interested stockholder by or through the corporation.

Generally, the DGCL defines an “interested stockholder” as (i) any person owning 15% or more of the outstanding voting stock of the corporation, or (i) any affiliate or associate of the corporation that owned 15% or more of the voting stock of the corporation during the past three years.

Shareholder Meeting

Heartland

Premier Valley Bank

Under the CGCL, directors have fiduciary obligations to serve in a manner that they believe to be in the best interests of the corporation and its shareholders. This standard requires reasonable inquiry, as an ordinarily prudent person in a like position would use under similar circumstances.

Premier Valley Bank

The CGCL has no express anti-takeover provisions. Nevertheless, the California Financial Code and the Change in Bank Control Act would impose significant restrictions, and would require prior application to the California Department of Business Supervision as well as the FDIC.

Premier Valley Bank

Annual Meetings. Under Heartland's bylaws an annual meeting of the stockholders must be held on the Wednesday following the third Tuesday of May each year or on such other date as the board of directors may determine.

Special Meetings. Under the DGCL, a special meeting may be called by the board of directors or by other persons authorized by the certificate of incorporation or the bylaws. Heartland's bylaws provide that special meetings of the stockholders may be called by the chairman of the board, the vice chairman of the board, the president, the board, or at the written request of stockholders representing a majority of outstanding voting shares.

Annual Meetings. Under Premier Valley Bank's bylaws an annual meeting of shareholders must be held at its main office at 3:00 p.m. on the fourth Thursday of May of each year, or at such other time and date as the board of directors may determine.

Special Meeting. Under the CGCL, the board of directors, the chairperson of the board and holders of at least 10% of all votes entitled to be cast on any issue proposed to be considered at the proposed special meeting, may call a special meeting of shareholders. Premier Valley Bank's bylaws are consistent with the CGCL.

Submission of Shareholder Proposals

Heartland

Heartland's bylaws provide that a stockholder must give notice to the secretary of Heartland not less than 30 days nor more than 75 days prior to the date of the originally scheduled meeting in order to bring business before an annual meeting. The notice must set forth as to each matter the stockholder proposes to bring before the meeting: (i) a description of the proposal and the reasons for the proposal; (ii) the name and address of the proposing stockholder; (iii) the number of shares of Heartland's common stock beneficially owned by the stockholder; and (iv) any interest of the stockholder in the proposal.

Notice of Shareholder Meetings

Heartland

Heartland's bylaws provide that it shall notify stockholders of the place, date, and time of a meeting not less than 10 nor more than 60 days before the date of the meeting or in the case of a merger or consolidation of Heartland requiring stockholder approval or a sale, lease or exchange of all or substantially all of Heartland's property and assets, not less than 20 nor more than 60 days before the date of meeting. If the notice is for a meeting other than the annual meeting, the notice shall also specify the purpose or purposes for which the meeting is called.

Premier Valley Bank

Premier Valley Bank's bylaws do not specify procedures with respect to business that may be brought by a shareholder at a meeting of shareholders.

Premier Valley Bank

Premier Valley Bank's bylaws provide that it shall notify those shareholders entitled to vote of the date, time and place of each shareholders meeting not less than 10 nor more than 60 days before the meeting date.

Shareholder Vote Required for Mergers and Sales Heartland

The DGCL generally requires that a merger or consolidation or sale, lease or exchange of all or substantially all of a corporation's property and assets be approved by the directors and by a majority of the outstanding stock entitled to vote thereon. Under the DGCL, a surviving corporation need not obtain stockholder approval for a merger if (i) the merger agreement does not amend the certificate of incorporation of the surviving corporation; (ii) each share of the surviving corporation's stock outstanding prior to the merger remains outstanding in identical form after the merger; or (iii) either no shares of common stock of the surviving corporation are to be issued in the merger, or, if common stock will be issued, it will not increase the number of shares of common stock outstanding prior to the merger by more than 20%. In addition, the DGCL permits the merger of one corporation, of which at least 90% of the outstanding shares of each class is owned by another corporation, with or into the other corporation, without shareholder approval of either corporation.

Heartland's certificate of incorporation provides that a merger or consolidation or a sale, lease or exchange of all or substantially all of Heartland's property and assets requires the affirmative vote of 70% of Heartland's voting shares unless such transaction (i) is approved by resolution adopted by not less than 66-2/3% of Heartland's board of directors, (ii) is with a corporation of which the majority of the outstanding shares are owned by Heartland, or (iii) does not require stockholder approval pursuant to the DGCL.

Distributions

Heartland

The DGCL allows the board of directors to declare and pay dividends and other distributions to stockholders either out of surplus, or out of net profits for the current or preceding fiscal year in which the dividend is declared. A distribution out of net profits is not permitted if a corporation's capital is less than the accumulated preference of preference shares, until the deficiency has been repaired.

In addition to the restrictions discussed above, Heartland's ability to pay dividends to its stockholders may be affected by rules, regulations and policies of the Federal Reserve applicable to bank holding companies. Under the certificate of designations of the Non-Cumulative Perpetual Preferred Stock, Series C, Heartland is prohibited from paying dividends or

Premier Valley Bank

The CGCL requires an agreement of merger to be approved by the affirmative vote of a majority of the outstanding shares of each class entitled to vote. Neither Premier Valley Bank's Articles of Bylaws provide for any special voting requirements for mergers or sales.

Premier Valley Bank

The provisions of the CGCL do not apply to distributions paid by a Bank, but instead a California corporation authorized to conduct business as a bank may pay dividends and distributions without the permission of Commissioner of the Department of Business Oversight only to the extent of the lesser of (i) its retained earnings, or (ii) its net income during the preceding three years less any other distributions made during such period.

In addition to the restrictions discussed above, Premier Valley Bank's ability to pay dividends to its shareholders is limited by regulations of the FDIC.

redeeming shares (i) if it has failed to pay dividends on such series C preferred stock, or (ii) if the dividend would cause its tier 1 capital to be less than the difference between (x) 90% of its tier 1 capital on September 15, 2011 (\$281.2 million), and (y) net charge-offs and any redemptions of the Series C Preferred Stock (subject to reduction in certain instances).

Dissenters' Rights of Appraisal

Heartland

Under the DGCL, stockholders have appraisal rights in connection with mergers and consolidations, provided the stockholder complies with certain procedural requirements of the DGCL. However, this right to demand appraisal does not apply to shares of any class or series of stock if, at the record date fixed to determine the stockholders entitled to receive notice of and to vote:

the shares are listed on a national securities exchange;

or
the shares are held of record by more than 2,000 stockholders.

Further no appraisal rights are available for shares of stock of a constituent corporation surviving a merger if the merger does not require a vote of the stockholders of the surviving corporation.

Regardless of the above, appraisal rights are available for the shares of any class or series of stock if the holders are required by the terms of an agreement of merger or consolidation to accept for their stock anything other than:

shares of stock of the corporation surviving or resulting from the merger or consolidation;

shares of stock of any other corporation which, at the effective date of the merger or consolidation, will be listed on a national securities exchange, or held of record by more than 2,000 stockholders;

cash in lieu of fractional shares of the corporations described in either of the above; or

any combination of the shares of stock and cash in lieu of fractional shares described in any of the three above.

Shareholder Class Voting Rights

Heartland

The DGCL provides that unless otherwise provided in a corporation's certificate of incorporation, each stockholder is entitled to one vote for each share of capital stock held by such stockholder.

Heartland's certificate of incorporation provides that the Series A Junior Participating Preferred Stock shall have the right to vote with the common stock and shall have no other special voting rights unless Heartland fails to pay 6 consecutive quarterly dividends, in which case, the Series A may elect 2 additional directors to the board of directors which directors will hold office until Heartland pays such dividends. The Series B and Series C preferred stock have no voting rights except (i) on failure of Heartland to pay 6 quarterly dividends (in which case such holders may elect 2 additional directors to the board of directors which directors will hold office

Premier Valley Bank

Under the CGCL, a shareholder may dissent from, and obtain payment of the fair value of his or her shares in the event of reorganizations requiring shareholder approval. However, this right to dissent does not apply to: (i) the holders of shares of any class or series if the shares of the class or series are registered on a national securities; (ii) the holders of any shares to which there exists any restriction on transfer imposed by the corporation or by any law or regulation; and (iii) the holders of any shares where the holder of those shares is required, by the terms of the reorganization or short-form merger, to accept for the shares anything except shares of any other corporation listed on the national securities exchange, cash in lieu of shares or any combination of shares and cash in lieu of shares.

Premier Valley Bank's shareholders are entitled to dissenters' rights in the merger.

Premier Valley Bank

Under the CGCL, except as may be otherwise provided in the articles, each outstanding share, regardless of class, is entitled to one vote on each matter submitted to a vote of shareholders. All shares of any one class have the same voting rights, preferences, privileges and restrictions, unless the class is divided into series. If a class is divided into series, all the shares of any one series shall have the same voting rights and other rights, preferences, privileges and restrictions.

Although the Premier Valley Bank's articles of incorporation authorize preferred stock, Premier Valley Bank has not established the voting rights, terms or preferences of any class of preferred stock and no shares are outstanding.

until Heartland pays such dividends), and (ii) a 66 2-3% affirmative class vote shall be required for authorization of any senior preferred stock, amendment to the terms of the preferred stock, any share exchange or reclassification involving the preferred stock or merger or consolidation of Heartland with another entity unless such preferred shares remain outstanding or converted into equivalent securities.

Indemnification

Heartland

A Delaware corporation is required to indemnify a present or former director or officer against expenses actually and reasonably incurred in an action that such person successfully defends on the merits or otherwise. A corporation may indemnify any director, officer, employee or agent who is or is threatened to be made a party to a non-derivative proceeding against expenses, judgments and settlements incurred in connection with the proceeding, provided the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation and, in the case of a criminal proceeding, had no reasonable cause to believe the conduct was unlawful. A director, officer, employee or agent made or threatened to be made a party to a derivative action can be indemnified to the same extent, except that indemnification is not permitted with respect to claims in which the person has been adjudged liable to the corporation unless the court determines to allow indemnity for expenses.

Any permissive indemnification of a present or former director, officer, employee or agent, unless ordered by a court, shall be made by the corporation upon a determination by: (i) a majority vote of the disinterested directors even though less than a quorum; (ii) a committee of disinterested directors, designated by a majority vote of such directors even though less than a quorum; (iii) independent legal counsel in a written opinion; or (iv) the stockholders. The statutory rights regarding indemnification are not exclusive.

Heartland's bylaws provide that Heartland shall indemnify a director or officer made party to a proceeding by reason of the fact that he or she is or was a director or officer of the corporation against expenses, judgments, fines and settlements in the circumstances that the Delaware statute allows, and under the authority of one of the groups specified above, excluding independent legal counsel.

Limitations on Directors' Liability

Heartland

Under the DGCL, a Delaware corporation's certificate of incorporation may eliminate director liability for all acts except: (i) an act or omission not in good faith or that involves intentional misconduct or knowing violation of the law; (ii) a breach of the duty of loyalty; (iii) improper personal benefits; or (iv) certain unlawful distributions. Heartland's certificate of incorporation contains such an exculpatory provision.

Premier Valley Bank

The CGCL allows a corporation to indemnify any agent of the corporation against expenses and other amounts actually and reasonably incurred in a proceeding if the agent acted in good faith and in a manner the agent reasonably believed to be in the best interests of the corporation and, in the case of a criminal proceeding, had no reasonable cause to believe the conduct of the person was unlawful, provided that indemnification may not be made: (i) in a derivative claim against the agent, unless the court shall determine that the person is fairly and reasonably entitled to indemnity for expenses; (ii) of amounts and expenses paid in settling or otherwise disposing of a pending action without court approval. Any indemnification can be made only after a determination that indemnification of the agent is by: (i) a majority vote of disinterested directors (provided they constitute a quorum); (ii) by independent legal counsel in a written opinion; (iii) by shareholders (with the shares owned by the person to be indemnified not being entitled to vote); or (iv) by the court.

Expenses incurred in defending any proceeding may be advanced by the corporation prior to the final disposition of the proceeding upon receipt of an undertaking by or on behalf of the agent to repay that amount if it shall be determined ultimately that the agent is not entitled to be indemnified.

The Premier Valley Bank articles and bylaws generally provide for indemnity of agents to the maximum extent permitted by California law.

Under the CGCL, director liability for monetary damages may be eliminated or limited in the articles of incorporation, except for certain enumerated actions such as actions and omissions that a director believes to be contrary to the best interests of the corporation or its shareholders or actions taken in the absence of good faith. Both Premier Valley Bank's articles of incorporation and bylaws contain such an exculpatory provision.

Heartland

Under the DGCL and unless the certificate requires a greater value, amendment to the Certificate of Incorporation may be adopted by holders of a majority of the voting shares at a meeting at which a quorum is present, provided that, a class of stockholders has the right to vote separately on an amendment if it would: (i) increase or decrease the aggregate number of authorized shares of the class; (ii) increase or decrease the par value of the shares of the class; or (iii) adversely change the powers, preferences, or special rights of the shares of the class.

Under the DGCL, stockholders entitled to vote have the power to adopt, amend or repeal bylaws. In addition, a corporation may, in its certificate of incorporation, confer such power upon the board of directors.

However, the stockholders always retain the power to adopt, amend or repeal the bylaws, even though the board of directors may also be delegated such power. Heartland's certificate of incorporation and bylaws provide that the bylaws also may be amended, altered or repealed by (i) the stockholders, provided such amendment, alteration or repeal is approved by the affirmative vote of holders of not less than 70% of the outstanding shares of stock entitled to vote at an election of directors, or (ii) the affirmative vote of not less than 66 2/3% of the directors.

INDEPENDENT AUDITOR'S REPORT

The Shareholders and Board of Directors
Premier Valley Bank
Fresno, California

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Premier Valley Bank (the "Bank"), which comprise the consolidated balance sheets as of December 31, 2014 and 2013, and the related consolidated statements of income, comprehensive income, changes in shareholders' equity and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Premier Valley Bank as of December 31, 2014 and 2013, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

PREMIER VALLEY BANK
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General: Premier Valley Bank (the "Bank") is a California state chartered bank with its deposits insured to the fullest extent allowable by the FDIC. The Bank's four branches and one loan production office engage in general commercial banking business with an emphasis on serving the needs of individuals and small and medium size businesses, professionals and the general public in the greater Fresno area and in its Yosemite Division in the Sierra. The Bank's wholly owned subsidiary, YB Real Estate, Inc. (YBRE), formerly engaged in real estate investment and development activities in Merced County, California, is inactive.

The accounting and reporting policies of the Bank conform with accounting principles generally accepted in the United States of America and prevailing practices within the banking industry. All amounts included in these notes to the consolidated financial statements are in thousands except per share and contractual life data.

Management reviewed all events occurring from December 31, 2014 to August 24, 2015, the date the consolidated financial statements were available to be issued, and no subsequent events occurred requiring accrual or disclosure.

Principles of Consolidation: The consolidated financial statements include the accounts of the Bank and its wholly owned subsidiary, YBRE. All significant intercompany balances and transactions have been eliminated.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates. The allowance for loan losses, deferred tax assets and fair value of assets and liabilities are particularly subject to change.

Reclassifications: Certain items in the prior year financial statements were reclassified to conform to the current presentation. Reclassifications had no effect on prior year net income or shareholders' equity.

Cash and Cash Equivalents: For purposes of the consolidated statements of cash flows, cash and due from banks, Federal funds sold and deposits in banks are considered to be cash equivalents. Generally, Federal funds are sold for a one day period.

Investment Securities: Investment securities are classified into one of the following categories:

• Available-for-sale securities reported at fair value, with unrealized gains and losses excluded from net income and reported, net of income taxes, as other comprehensive income (loss).

• Held-to-maturity securities, which management has the positive intent and ability to hold to maturity, reported at amortized cost, adjusted for the accretion of discounts and amortization of premiums.

All investment securities held at December 31, 2014 and 2013 were classified as available-for-sale.

Management determines the appropriate classification of investment securities at the time of purchase and may only change the classification in certain limited circumstances. All transfers between categories are accounted for at fair value.

Gains or losses on the sale of investment securities are computed using the specific identification method. Interest earned on investment securities is reported in interest income, net of applicable adjustments for accretion of discounts and amortization of premiums.

PREMIER VALLEY BANK
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

An investment security is impaired when its carrying value is greater than its fair value. Investment securities that are impaired are evaluated on at least a quarterly basis and more frequently when economic or market conditions warrant such an evaluation to determine whether such a decline in their fair value is other than temporary. Management utilizes criteria such as the magnitude and duration of the decline and the intent and ability of the Bank to retain its investment in the securities for a period of time sufficient to allow for an anticipated recovery in fair value, in addition to the reasons underlying the decline, to determine whether the loss in value is other than temporary. The term "other than temporary" is not intended to indicate that the decline is permanent, but indicates that the prospects for a near term recovery of value is not necessarily favorable, or that there is a lack of evidence to support a realizable value equal to or greater than the carrying value of the investment. Once a decline in value is determined to be other than temporary, and management does not intend to sell the security or it is more likely than not that the Bank will not be required to sell the security before recovery, only the portion of the impairment loss representing credit exposure is recognized as a charge to earnings, with the balance recognized as a charge to other comprehensive income. If management intends to sell the security or it is more likely than not that the Bank will be required to sell the security before recovering its forecasted cost, the entire impairment loss is recognized as a charge to earnings.

Investments in Bank Stock: The Bank has invested in the capital stock of the Federal Home Loan Bank of San Francisco (FHLB) and Pacific Coast Bankers' Bancshares. These investments are carried at cost. At December 31, 2014 and 2013, these investments totaled \$3,983 and \$3,809, respectively, and are carried on the balance sheet in accrued interest receivable and other assets.

Loans: Loans are stated at principal balances outstanding. Interest is accrued daily based upon outstanding loan balances. For all loans past due ninety days or more, interest is discontinued, unless the loan is well secured and in the process of collection. However, when, in the opinion of management, loans are considered to be impaired and the future collectability of interest and principal is in serious doubt, loans are placed on nonaccrual status and the accrual of interest income is suspended prior to ninety days. Past due status is based on the contractual term of the loan. Any interest accrued but unpaid is charged against income. Payments received are applied to reduce principal to the extent necessary to ensure collection. Subsequent payments on these loans, or payments received on nonaccrual loans for which the ultimate collectability of principal is not in doubt, are applied first to earned but unpaid interest and then to principal. Loans are returned to accrual status when all the principal and interest amounts contractually due are brought current or otherwise resolved and future payments are reasonably assured.

A loan is considered impaired when, based on current information and events, it is probable that the Bank will be unable to collect all amounts due (including both principal and interest) in accordance with the contractual terms of the loan agreement. An impaired loan is measured based on the present value of expected future cash flows discounted at the loan's effective interest rate or, as a practical matter, at the loan's observable market price or the fair value of collateral if the loan is collateral dependent.

Substantially all loan origination fees, commitment fees, direct loan origination costs and purchase premiums and discounts on loans are deferred and recognized as an adjustment of yield, to be amortized against interest income over the contractual term of the loan. The unamortized balance of deferred fees and costs is reported as a component of net loans. Salaries and employee benefits totaling \$913 and \$993 were deferred as loan origination costs for the years ended December 31, 2014 and 2013, respectively.

Loan Sales and Servicing Rights: The Bank accounts for the transfer and servicing of financial assets based on the financial and servicing assets it controls and liabilities it has incurred, derecognizes financial assets when control has been surrendered and derecognizes liabilities when extinguished.

F-10

PREMIER VALLEY BANK
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Government Guaranteed Loans: Included in the loan portfolio are loans which are 75% to 90% conditionally guaranteed by the Small Business Administration (SBA) and the United States Department of Agriculture (USDA). The guaranteed portion of these loans may be sold to a third party, with the Bank retaining the unguaranteed portion. The Bank generally receives a premium in excess of the adjusted carrying value of the loan at the time of sale. The Bank's investment in the loan is allocated between the retained portion of the loan and the sold portion of the loan based on their relative fair values on the date the loan is sold. The carrying value of the retained portion of the loan is discounted based on the estimated value of a comparable non-guaranteed loan. The servicing asset is recorded at fair value. Significant future prepayments of these loans will result in the recognition of additional amortization of related servicing assets and an adjustment to the carrying value. The servicing assets carrying values totaled \$714 and \$909 as of December 31, 2014 and 2013, respectively. The amount of loans being serviced for others at December 31, 2014 and 2013 totaled \$38,117 and \$29,411, respectively.

Allowance for Loan Losses: The allowance for loan losses is an estimate of probable credit losses in the Bank's loan portfolio that have been incurred as of the balance sheet date. The allowance is established through a provision for loan losses which is charged to expense. Additions to the allowance are expected to maintain the adequacy of the total allowance after credit losses and loan growth. Credit exposures are charged against the allowance when management makes the determination that the loan balance is not collectible. Cash received on previously charged off amounts is recorded as a recovery to the allowance. The overall allowance consists of two primary components, specific reserves related to impaired loans and general reserves for inherent losses related to loans that are not impaired.

Commercial and real estate loans are considered impaired when, based on current information and events, it is probable that the Bank will be unable to collect all amounts due, including principal and interest, according to the contractual terms of the original agreement. Loans determined to be impaired are individually evaluated for impairment. Large groups of smaller balance homogeneous loans, such as installment loans, are collectively evaluated for impairment, and accordingly, they are not separately identified for impairment disclosures. When a loan is impaired, the Bank measures impairment based on the present value of expected future cash flows discounted at the loan's effective interest rate, except that as a practical expedient, it may measure impairment based on a loan's observable market price, or the fair value of the collateral if the loan is collateral dependent. A loan is collateral dependent if the repayment of the loan is expected to be provided solely by the underlying collateral.

A restructuring of a debt constitutes a troubled debt restructuring (TDR) if the Bank for economic or legal reasons related to the debtor's financial difficulties grants a concession to the debtor that it would not otherwise consider. Restructured workout loans typically present an elevated level of credit risk as the borrowers are not able to perform according to the original contractual terms. Loans that are reported as TDRs are considered impaired and measured for impairment as described above.

The determination of the general reserve for loans that are not impaired is based on a historical loss history adjusted for current factors. The historical loss history is determined by portfolio segment and is based on the actual loss history experienced by the Bank over the most recent three years. This actual loss history is supplemented with other economic factors based on risk present for each portfolio segment, to include, but not limited to, consideration of historical losses by portfolio segment, internal asset classifications, and qualitative factors to include economic trends in the Bank's service areas, industry experience and trends, geographic concentrations, trends in delinquencies, estimated collateral values, the Bank's underwriting policies, the character of the loan portfolio, and probable losses inherent in the portfolio taken as a whole. As of December 31, 2014 and 2013, the Bank assessed its loan loss

experience over the prior three years and applied the losses to loan segments based on collateral type.

The Bank maintains a separate allowance for each portfolio segment (loan type). These portfolio segments include commercial, real estate construction (including land and development loans), commercial and residential real estate mortgages and installment loans (principally home equity loans). The allowance for loan losses attributable to each portfolio segment, which includes both impaired loans and loans that are not impaired, is combined to determine the Bank's overall allowance, which is included on the consolidated balance sheets.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Bank assigns a risk rating to all loans except pools of homogeneous loans and periodically performs detailed reviews of all such loans over a certain threshold to identify credit risks and to assess the overall collectability of the portfolio. These risk ratings are also subject to examination by independent specialists engaged by the Bank and the Bank's regulators. During these internal reviews, management monitors and analyzes the financial condition of borrowers and guarantors, trends in the industries in which borrowers operate and the fair values of collateral securing these loans. These credit quality indicators are used to assign a risk rating to each individual loan. The risk ratings can be grouped into five major categories, defined as follows:

Pass - A pass loan is a strong credit with no existing or known potential weaknesses deserving of management's close attention.

Special Mention - A special mention loan has potential weaknesses that deserve management's close attention. If left uncorrected, these potential weaknesses may result in deterioration of the repayment prospects for the loan or in the Bank's credit position at some future date. Special Mention loans are not adversely classified and do not expose the Bank to sufficient risk to warrant adverse classification.

Substandard - A substandard loan is not adequately protected by the current sound worth and paying capacity of the borrower or the value of the collateral pledged, if any. Loans classified as substandard have a well-defined weakness or weaknesses that jeopardize the liquidation of the debt. Well defined weaknesses include a project's lack of marketability, inadequate cash flow or collateral support, failure to complete construction on time or the project's failure to fulfill economic expectations. They are characterized by the distinct possibility that the Bank will sustain some loss if the deficiencies are not corrected.

Doubtful - Loans classified doubtful have all the weaknesses inherent in those classified as substandard with the added characteristic that the weaknesses make collection or liquidation in full, on the basis of currently known facts, conditions and values, highly questionable and improbable.

Loss - Loans classified as loss are considered uncollectible and charged off immediately.

The general reserve component of the allowance for loan losses also consists of reserve factors that are based on management's assessment of the following for each portfolio segment: (1) inherent credit risk, (2) historical losses and (3) other qualitative factors. These reserve factors are inherently subjective and are driven by the repayment risk associated with each portfolio segment described below.

Commercial - Commercial loans generally possess a lower inherent risk of loss than real estate portfolio segments because these loans are generally underwritten to existing cash flows of operating businesses. Debt coverage is provided by business cash flows and economic trends influenced by unemployment rates and other key economic indicators are closely correlated to the credit quality of these loans.

Real estate-residential - The degree of risk in residential real estate lending depends primarily on the loan amount in relation to collateral value, the interest rate and the borrower's ability to repay in an orderly fashion. These loans generally possess a lower inherent risk of loss than other real estate portfolio segments. Economic trends determined by unemployment rates and other key economic indicators are closely correlated to the credit quality of these loans. Weak economic conditions could cause a borrower's capacity to repay their obligation to deteriorate.

Real estate-commercial - Real estate-commercial loans generally possess a higher inherent risk of loss than other real estate portfolio segments, except land and construction loans. Adverse economic developments or an overbuilt market impact commercial real estate projects and may result in troubled loans. Trends in vacancy rates of commercial properties impact the credit quality of these loans. High vacancy rates reduce operating revenues and the ability for properties to produce sufficient cash flow to service debt obligations.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Real estate-construction - Real estate-construction loans generally possess a higher inherent risk of loss than other real estate portfolio segments. A major risk arises from the necessity to complete projects within specified cost and time lines. Trends in the construction industry significantly impact the credit quality of these loans, as demand drives construction activity. In addition, trends in real estate values significantly impact the credit quality of these loans, as property values determine the economic viability of construction projects.

Individual loans and receivables in homogeneous loan portfolio segments are not evaluated for specific impairment. Rather, the sole component of the allowance for these loan types is determined by collectively measuring impairment reserve factors based on management's assessment of the following for each homogeneous loan portfolio segment: (1) inherent credit risk, (2) historical losses and (3) other qualitative factors. These reserve factors are described in further detail below for the Bank's only homogeneous loan portfolio segment.

Installment - An installment loan portfolio is usually comprised of a large number of small loans scheduled to be amortized over a specific period. Most installment loans are made directly for consumer purchases, but business loans granted for the purchase of heavy equipment or industrial vehicles may also be included. Economic trends determined by unemployment rates and other key economic indicators are closely correlated to the credit quality of these loans. Weak economic trends indicate that the borrowers' capacity to repay their obligations may be deteriorating.

Although management believes the allowance to be adequate, ultimate losses may vary from its estimates. At least quarterly, the Board of Directors reviews the adequacy of the allowance, including consideration of the relative risks in the portfolio, current economic conditions and other factors. If the Board of Directors and management determine that changes are warranted based on those reviews, the allowance is adjusted. In addition, the Bank's primary regulators, the FDIC and the California Department of Financial Institutions, as an integral part of their examination process, review the adequacy of the allowance. These regulatory agencies may require additions to the allowance based on their judgment about information available at the time of their examinations.

Allowance for Losses Related to Undisbursed Loan Commitments: The Bank maintains a separate allowance for losses related to undisbursed loan commitments. Management estimates the amount of probable losses by applying the loss factors used in the allowance for loan loss methodology to an estimate of the expected usage and applies the factor to the unused portion of undisbursed lines of credit. This allowance totaled \$137 at both December 31, 2014 and 2013 and is included in accrued interest payable and other liabilities on the consolidated balance sheets.

Premises and Equipment: Premises and equipment are carried at cost. Depreciation is determined using the straight line method over the estimated useful lives of the related assets. The useful lives of premises are estimated to be forty years. The useful lives of furniture, fixtures and equipment are estimated to be two to ten years. Leasehold improvements are amortized over the estimated life of the asset or the life of the related lease, whichever is shorter. When assets are sold or otherwise disposed of, the cost and related accumulated depreciation or amortization are removed from the accounts, and any resulting gain or loss is recognized in income for the period. The cost of maintenance and repairs is charged to expense as incurred. The Bank evaluates premises and equipment for financial impairment as events or changes in circumstances indicate that the carrying amounts of such assets may not be fully recoverable.

Other Real Estate Owned: Other real estate owned is comprised of properties acquired through foreclosures in full or partial satisfaction of indebtedness. Upon acquisition of these properties, the assets are recorded at fair value less

estimated selling costs. Revised estimates to the fair value less cost to sell are reported as adjustments to the carrying amount of the asset, provided that such adjusted value is not in excess of the carrying amount at acquisition. Initial losses on properties acquired through full or partial satisfaction of debt are treated as credit losses and charged to the allowance for loan losses at the time of acquisition. Subsequent declines in value from the recorded amounts, routine holding costs and gains or losses upon disposition, if any, are included in noninterest expense as incurred.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Core Deposit Intangible: The core deposit intangible represents the estimated fair value of the deposit relationships acquired in the acquisition of Yosemite Bank (YB) and has been amortized by the straight line method over an estimated life of eight years. Management evaluates the recoverability and remaining useful life annually to determine whether events or circumstances warrant a revision to the intangible asset or the remaining period of amortization. There were no such events or circumstances in 2013. The core deposit intangible was fully amortized at December 31, 2013.

Goodwill: Business combinations involving the Bank's acquisition of the equity interests or net assets of another enterprise give rise to goodwill. Goodwill represents the excess of the cost of YB over the net of the amounts assigned to assets acquired and liabilities assumed in the acquisition of YB. The value of goodwill is ultimately derived from the Bank's ability to generate earnings after the acquisition. A decline in net earnings could be indicative of a decline in the fair value of goodwill and result in impairment. For that reason, goodwill is assessed at least annually for impairment. There was no impairment resulting from management's assessment during 2014 or 2013.

Derivative Instruments: The Bank uses interest rate swap agreements to hedge various exposures or to modify interest rate characteristics of various loans for asset/liability management purposes. These derivative instruments are recognized on the balance sheet at their estimated fair value. On the date the derivative contract is originated, the Bank designates the derivative as a hedge of fair value of a recognized asset or liability or of an unrecognized firm commitment "fair value" hedge. Changes in the fair value of a derivative instrument that is highly effective and that is designated and qualifies as a fair value hedge, along with the loss or gain on the hedged asset or liability that is attributable to the hedged risk (including losses or gains on firm commitments), are recorded in current period earnings.

The Bank formally documents all relationships between hedging instruments and hedged items, as well as its risk management objective and strategy for undertaking various hedged transactions. This process includes linking all derivatives that are designated as fair value hedges to specific assets and liabilities on the balance sheet. The Bank also formally assesses, both at the hedge's inception and on an ongoing basis, whether the derivatives that are used in hedging transactions are highly effective in offsetting changes in fair values of hedged items. When it is determined that a derivative is not highly effective as a hedge or that it has ceased to be a highly effective hedge, the Bank discontinues hedge accounting prospectively when (1) it is determined that the derivative is no longer effective in offsetting changes in the fair value of a hedged item; (2) the derivative expires or is sold, terminated or exercised; (3) a hedged firm commitment no longer meets the definition of a firm commitment; or (4) management determines that designation of the derivative as a hedge instrument is no longer appropriate.

When hedge accounting is discontinued because it is determined that the derivative no longer qualifies as an effective fair value hedge, the derivative will continue to be carried on the balance sheet at its fair value, and the hedged asset or liability will no longer be adjusted for changes in fair value. When hedge accounting is discontinued because the hedged item no longer meets the definition of a firm commitment, the derivative will continue to be carried on the balance sheet at its fair value, and any asset or liability that was recorded pursuant to recognition of the firm commitment will be removed from the balance sheet and recognized as a gain or loss in current period earnings. In all other situations in which hedge accounting is discontinued, the derivative will be carried at its fair value on the balance sheet, with changes in its fair value recognized in current period earnings.

Income Taxes: Deferred tax assets and liabilities are recognized for the income tax consequences of temporary differences between the financial statement and tax bases of existing assets and liabilities. Deferred tax assets and liabilities are adjusted for the effects of changes in tax laws and rates on the date of enactment. On the consolidated balance sheets, net deferred tax assets are included in accrued interest receivable and other assets.

The Bank uses a comprehensive model for recognizing, measuring, presenting and disclosing in the financial statements tax positions taken or expected to be taken on its tax returns. A tax position is recognized as a benefit only if it is "more likely than not" that the tax position would be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount of tax benefit that is greater than 50% likely of being realized on examination. For tax positions not meeting the "more likely than not" test, no tax benefit is recorded.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Earnings Per Share: Basic earnings per share (EPS) is computed by dividing net income available to common shareholders by the weighted average number of common shares outstanding for the period. All outstanding nonvested share-based payment awards that contain rights to nonforfeitable dividends are considered participating securities for this calculation. Diluted EPS reflects the potential dilution that could occur if securities or other contracts to issue common stock, such as stock options and restricted stock, result in the issuance of common stock which shares in the earnings of the Bank. The treasury stock method is applied to determine the dilutive effect of stock options and nonvested restricted stock in computing diluted earnings per share.

Share-Based Compensation: The Bank has two share-based compensation plans: 1) the Premier Valley Bank Amended and Restated 2001 Equity Incentive Plan (the "2001 Plan"), which, although expired in 2011, was shareholder approved and, among other things, permitted the grant of stock options and restricted stock of up to 2,229 shares of the Bank's common stock; and 2) the Premier Valley Bank 2011 Equity Incentive Plan (the "2011 Plan"), which has also been approved by the shareholders and permits the grant of up to 1,800 shares of the Bank's common stock. The plans are designed primarily to attract and retain employees and directors. The amount, frequency and terms of share-based awards may vary based on competitive practices, the Bank's operating results and government regulations. New shares are issued upon stock option exercise or reserved and treated as outstanding shares in the case of restricted share grants. The plans do not provide for the settlement of awards in cash. Under the 2011 Plan, 1,553 shares of common stock are reserved for future issuance to employees and directors under various types of awards including stock options, restricted stock, stock awards and qualified performance-based awards. The plans require that the option or share price may not be less than the fair market value of the stock at the date the option or share award is granted, and that the stock must be paid in full at the time the option is exercised. All options expire on a date determined by the Board of Directors, but not later than ten years from the date of grant. The vesting period is determined by the Board of Directors and is generally over a three to four year period.

Restricted stock awards are grants of shares of common stock that are subject to forfeiture until specific conditions or goals are met. Conditions may be based on continuing employment or achieving specified performance goals. During the period of restriction, participants holding restricted stock have full voting and dividend rights. The restrictions lapse in accordance with a schedule or with other conditions determined by the Board of Directors. There were 47 and 57 restricted shares granted under the 2011 Plan in 2014 and 2013, respectively.

The Bank measures the cost of employee services received in exchange for an award of equity instruments based on the grant date fair value of the award. Management estimates the fair value of each option award as of the date of grant using a Black-Scholes-Merton option pricing model. Expected volatility is based on historical volatility of the Bank's common stock. The Bank uses the "simplified" method to determine the expected term of the Bank's options due to the lack of sufficient historical data. The risk free interest rate for the expected term of the option is based on the U.S. Treasury yield curve in effect at the time of grant. In addition to these assumptions, management makes estimates regarding pre-vesting forfeitures that will impact total compensation expense recognized under the plans. There were no stock options granted in 2014 or 2013.

Comprehensive Income: Comprehensive income is reported in addition to net income. Comprehensive income is a more inclusive financial reporting methodology that includes disclosure of other comprehensive income items that historically have not been recognized in the calculation of net income. Unrealized gains or losses on the Bank's

available-for-sale investment securities are included in other comprehensive income or loss. Total comprehensive income and the components of other comprehensive income are presented in the consolidated statements of comprehensive income.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Adoption of New Financial Accounting Standards: In January 2014, the FASB issued ASU No. 2014-1, Investments-Equity Method and Joint Ventures-Accounting for Investments in Qualified Affordable Housing Projects. This guidance represents a consensus of the Emerging Issues Task Force and sets forth new accounting for qualifying investments in flow-through limited liability entities that invest in affordable housing projects. The new guidance allows a limited liability investor that meets certain conditions to amortize the cost of its investment in proportion to the tax credits and other tax benefits it receives. The new accounting method, referred to as the proportional amortization method, allows amortization of the tax credit investment to be reflected along with the primary benefits, the tax credits and other tax benefits, on a net basis in the income statement within the income tax expense line. For public business entities, the guidance is effective for interim and annual periods beginning after December 15, 2014. For all other entities, the guidance is effective for annual periods beginning after December 15, 2014, and interim periods within annual periods beginning after December 15, 2015. If elected, the proportional amortization method is required to be applied retrospectively. Early adoption is permitted in the annual period for which financial statements have not been issued.

The Bank made investments in low income housing totaling \$6,500 and \$3,500 at December 31, 2014 and 2013, respectively. Amounts funded totaled \$2,248 and \$875 at December 31, 2014 and 2013, respectively. The Bank adopted the proportional amortization method of accounting for its low income housing investments in the fourth quarter of 2014. The Company quantified the impact of adopting the proportional amortization method compared to the equity method to its current year and prior period financial statements. The Company determined that the adoption of the proportional amortization method did not have a material impact on its financial statements. The low income housing investment losses, net of the tax benefits received, totaling \$265 and \$37 for 2014 and 2013, respectively, are included in income tax expense on the consolidated income statement for both 2014 and 2013. Low income housing tax credits received totaled \$198 and \$0, for 2014 and 2013, respectively.

In January 2014, the FASB issued ASU No. 2014 - 04, Receivables - Troubled Debt Restructurings by Creditors. With these changes, the FASB amended existing guidance to clarify when a creditor should be considered to have received physical possession of residential real estate property collateralizing a consumer mortgage loan such that the loan should be derecognized and the real estate recognized. These amendments clarify that an in substance repossession or foreclosure occurs, and a creditor is considered to have received physical possession of residential real estate property collateralizing a consumer mortgage loan, upon either: (1) the creditor obtaining legal title to the residential real estate property upon completion of a foreclosure, or (2) the borrower conveying all interest in the residential real estate property to the creditor to satisfy that loan through completion of a deed in lieu of foreclosure or through a similar legal agreement. Additional disclosures are required. The amendments in this ASU are effective for public business entities for annual periods, and interim periods within those annual periods, beginning after December 15, 2014, and can be applied using a modified retrospective or prospective transition method. The adoption of this standard is not expected to have a material effect on the Bank's financial position or operating results.

In May 2014, the FASB issued Accounting Standards Update (ASU) No. 2014-09, Revenue from Contracts with Customers (Topic 606). This amendment supersedes and replaces nearly all existing revenue recognition guidance, including industry-specific guidance, establishes a new control-based revenue recognition model, changes the basis for deciding when revenue is recognized over time or at a point in time, provides new and more detailed guidance on specific topics and expands and improves disclosures about revenue. In addition, this amendment specifies the accounting for some costs to obtain or fulfill a contract with a customer. These amendments are effective for annual reporting periods beginning after December 31, 2016, including interim periods within that reporting period. The

Bank is currently in the process of evaluating the impact of the adoption of this new accounting standard on the consolidated financial statements.

Other-Than-Temporary Impairment: Management considers many factors in its assessment of the investment portfolio for other-than-temporary impairment of investment securities. In addition to internally applied measures, the Bank also employs the services of an independent analytics provider to assess the financial strength of the issuers that comprise the municipal portion of the portfolio.

Obligations of States and Political Subdivisions: Management believes the unrealized losses on the Bank's investments in obligations of states and political subdivisions are a result of changes in interest rate spreads or in interest rates themselves relative to the time of purchase of the securities in a market loss position. The Bank generally invests in bond issuances that are considered general obligations of the municipality or less commonly, bonds that are supported by a specific revenue source of the issuer. The Bank also endeavors to invest in those issuances that are supported by independent bond insurance or for which the state in which the issuer resides has provided a fund supporting repayment of the securities (in lieu of insurance). The Bank has the ability and intent to hold these securities to maturity. Management does not consider any securities in this segment of the investment portfolio to be other-than-temporarily impaired at December 31, 2014.

Mortgage-Backed Securities - Residential: Management believes that the unrealized losses on the Bank's investments in mortgage-backed securities issued by U.S. Government sponsored entities are due to changes in current market rates of interest relative to the time of purchase of the securities. The Bank has the intent and ability to hold these securities to maturity. Management does not consider these securities to be other-than-temporarily impaired at December 31, 2014.

NOTE 4 - ALLOWANCE FOR LOAN LOSSES (Continued)

The recorded investment in loans includes accrued interest receivable and loan origination fees, net. As the amounts are not material, the recorded investment in loans excludes accrued interest receivable and loan origination fees. For purposes of this disclosure, the unpaid principal balance is not reduced for partial charge-offs. There was no cash basis interest income recognized on impaired loans for the years ended December 31, 2014 and 2013.

Troubled Debt Restructurings: The Bank has allocated \$262 and \$214 of specific reserves in the allowance for loan losses to customers whose loan terms have been modified in troubled debt restructurings as of December 31, 2014 and 2013, respectively. There was no commitment to lend additional amounts to these customers as of December 31, 2014 or 2013.

During the years ended December 31, 2014 and 2013, the terms of certain loans were modified as troubled debt restructurings. The modification of the terms of such loans included one or a combination of the following: modification in the payment schedule of the loan to a payment lower than the original contractual payment for a period of time or an extension of the maturity date by which the loan is to be paid in full. In order to determine whether a borrower is experiencing financial difficulty, an evaluation is performed of the probability that the borrower will be in payment default on any of its debt in the foreseeable future without the modification. This evaluation is performed under the Bank's internal underwriting policy.

The following tables present loans by class modified as troubled debt restructurings that occurred during the years ended December 31, 2014 and 2013:

December 31, 2014	Number of Loans	Pre- Modification Outstanding Recorded Investment	Post- Modification Outstanding Recorded Investment
Troubled debt restructurings:			
Real estate - construction	3	\$ 10,293	\$ 10,293
December 31, 2013	Number of Loans	Pre- Modification Outstanding Recorded Investment	Post- Modification Outstanding Recorded Investment
Troubled debt restructurings:			
Real estate - construction	5	\$ 3,380	\$ 3,380

The troubled debt restructurings described above increased the allowance for loan losses by \$262 and \$214 during the years ended December 31, 2014 and 2013, respectively. There were no troubled debt restructurings that subsequently defaulted.

	2014	2013
Goodwill	\$13,339	\$13,339
Servicing assets	714	909
	\$14,053	\$14,248

Goodwill: The Bank applies a qualitative analysis of conditions that might indicate that impairment of goodwill is more likely than not of having occurred. In the event that the qualitative analysis suggests that an impairment may have occurred, the Bank, with the assistance of an independent third party valuation firm, uses several quantitative valuation methodologies in evaluating goodwill for impairment. The current year's review of qualitative factors did not indicate that impairment might have occurred; as such, no quantitative analysis was performed at December 31, 2014 or 2013.

Servicing assets: Originated servicing assets totaling \$132 and \$260 were recognized during the years ended December 31, 2014 and 2013, respectively. Amortization of servicing assets totaled \$327 and \$79 for the years ended December 31, 2014 and 2013, respectively. There was no impairment of servicing assets for the years ended December 31, 2014 or 2013.

NOTE 7 - INTEREST RATE SWAPS

The Bank has entered into interest rate swap agreements to convert interest being earned on certain fixed rate loans to a variable rate in accordance with its asset/liability management objectives to mitigate interest rate risk. At December 31, 2014 and 2013, the aggregate notional amount of the interest rate swap agreements was \$45,835 and \$57,779, respectively. The fair value of the hedged asset and the fair value of the liability associated with the interest rate swap agreements was \$3,563 and \$3,167 at December 31, 2014 and 2013, respectively, and is included in accrued interest payable and other liabilities on the consolidated balance sheets. As part of each swap agreement, the Bank may be required to pledge collateral, either in the form of cash or investment securities, as a credit enhancement. At December 31, 2014, cash and securities of \$3,811 and \$390, respectively, were pledged against interest rate swaps, and at December 31, 2013, cash and securities of \$3,811 and \$499, respectively, were pledged. The Bank recognized a net payment of \$1,802 and \$1,815 for the years ended December 31, 2014 and 2013, respectively, which represents the net monthly cash settlement of all fair value hedges and which was recorded as a reduction in loan interest income on the consolidated statements of income. Because of the nature of the terms of the interest rate swap agreements,

there was no hedge ineffectiveness and therefore no gains or losses recognized for the years ended December 31, 2014 or 2013.

The Bank files income tax returns in the U.S. federal and California jurisdictions. The Bank conducts all of its business activities in the State of California. The Bank is no longer subject to tax examinations by U.S. Federal taxing authorities for years ended before December 31, 2011, and by state and local taxing authorities for years ended before December 31, 2010. The Bank is under examination by the Franchise Tax Board (FTB) for the year ended December 31, 2010 and does not expect the results of this examination to have a material impact on the financial statements. The Bank has unrecognized tax benefits and does not expect the total amount of unrecognized tax benefits to significantly increase or decrease in the next twelve months. A reconciliation of the beginning and ending amount of unrecognized tax benefits is as follows:

	2014	2013
Balance at January 1,	\$80	\$300
Reduction for tax positions of prior years	—	(120)
Settlements	—	(100)
Balance at December 31,	\$80	\$80

The Bank has made a payment to the FTB for the amount in question, thus no amounts for interest and/or penalties is included in the unrecognized tax benefit.

NOTE 10 - BORROWINGS

Advances: At December 31, 2014, the Bank could borrow up to \$115,353 from the Federal Home Loan Bank and up to \$86 from the Federal Reserve Discount Window on either a short term or long term basis. An overnight advance of \$20,000 was outstanding as of December 31, 2014 and was secured by loans totaling \$250,064. No advances were outstanding at December 31, 2013 and loans totaling \$253,850 were pledged as security for potential borrowing.

Other Borrowing Arrangements: The Bank has available up to \$12,000 under a Federal funds line of credit from one of its correspondent banks. There were \$7,920 and \$2,610 in overnight borrowings outstanding under this arrangement at December 31, 2014 and 2013, respectively.

NOTE 11 - COMMITMENTS AND CONTINGENCIES

Operating Leases: The Bank leases certain branch facilities under noncancelable operating leases. Rental expense, net of sublease income, included in occupancy and equipment expense totaled \$477 and \$481 for the years ended December 31, 2014 and 2013, respectively. The leases expire on various dates through 2018 and have various renewal options ranging from one to five years. Rental payments include minimum rentals plus adjustments for changing price indices.

Future minimum lease payments are as follows:

Year Ending	
December 31,	
2015	\$351
2016	343
2017	319
2018	327
	\$1,340

Federal Reserve Requirements: Banks are required to maintain reserves with the Federal Reserve Bank equal to a percentage of their reservable deposits. The Bank's vault cash fulfilled its reserve requirement at December 31, 2014 and 2013.

Financial Instruments With Off Balance Sheet Risk: The Bank is a party to financial instruments with off balance sheet risk in the normal course of business in order to meet the financing needs of its customers and to reduce its own exposure to fluctuations in interest rates. These financial instruments consist of commitments to extend credit and letters of credit. These instruments involve, to varying degrees, elements of credit and interest rate risk in excess of the amount recognized on the balance sheet.

The Bank's exposure to credit loss in the event of nonperformance by counterparties for commitments to extend credit and letters of credit is represented by the contractual amount of those instruments. The Bank uses the same credit policies in making commitments and letters of credit as it does for loans.

As part of its lending activities, the Bank offers lines of credit. Such commitments are offered at floating rate terms and represent off balance sheet credit risk. Amounts undisbursed on lines of credit totaled \$74,852 and \$62,266 at December 31, 2014 and 2013, respectively.

On occasion, the Bank issues standby letters of credit on behalf of certain customers. The contractual amount of these commitments represent off balance sheet risk and totaled \$5,084 and \$2,460 at December 31, 2014 and 2013, respectively.

Commitments to extend credit are agreements to lend to a customer as long as there is no violation of any condition established in the contract. Commitments generally have fixed expiration dates or other termination clauses and may require payment of a fee. Since some of the commitments are expected to expire without being drawn upon, the total commitment amounts do not necessarily represent future cash requirements. The Bank evaluates each customer's creditworthiness on a case by case basis. Standby letters of credit are generally secured and are issued by the Bank to guarantee the performance of a customer to a third party. The credit risk involved in issuing letters of credit is essentially the same as that involved in extending loans to customers. The amount of collateral obtained, if deemed necessary by the Bank upon extension of credit, is based on management's credit evaluation of the borrower. The fair

value of the liability related to these standby letters of credit, which represents the fees received for issuing the guarantees, was not significant at December 31, 2014 or 2013. The Bank recognizes these fees as revenue over the term of the commitment or when the commitment is used. Collateral held varies, but includes cash, accounts receivable, inventory and deeds of trust on residential real estate and income producing properties.

 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
 December 31, 2014 and 2013

NOTE 11 - COMMITMENTS AND CONTINGENCIES (Continued)

At December 31, 2014, 31% of total undisbursed loan commitments are secured by real estate. Commercial loan commitments represent approximately 66% of the total loan commitments, which may be either unsecured or secured by business assets such as cash, inventory and accounts receivable, and personal loan commitments represent approximately 3%. The Bank's total undisbursed commitments include both variable and fixed interest rates.

Significant Concentrations of Credit Risk: The Bank grants real estate mortgage, real estate construction, commercial and installment loans to customers primarily in Central California.

In management's judgment, a concentration exists in real estate related loans which represented approximately 82% of the Bank's loan portfolio at both December 31, 2014 and 2013. Although management believes such concentrations to have no more than the normal risk of collectibility, a continued substantial decline in the economy in general, or a continued decline in real estate values in the Bank's primary market areas in particular, could have an adverse impact on collectibility of these loans. Personal and business income represents the primary sources of repayment for a majority of these loans.

Common Stock Repurchase Programs: In March 2014, the Board of Directors authorized the repurchase of approximately 4% of the Bank's outstanding common shares in an aggregate amount not to exceed \$3,000. Share repurchases may be made from time to time on the open market or through privately negotiated transactions. The timing of purchases and the exact number of shares purchased is dependent on market and other conditions. The share repurchase program does not include specific price targets or timetables and could be suspended at any time. NOTE 13 - REGULATORY MATTERS

Dividend Restrictions: Distributions by the Bank to its shareholders, except for stock dividends and stock splits, are restricted under California law to the lesser of the Bank's retained earnings or net income for the latest three fiscal years, less dividends previously declared during that period, or, with the approval of the Department of Business Oversight ("DBO"), to the greater of the retained earnings of the Bank, the net income of the Bank for its last fiscal year or the net income of the Bank for its current fiscal year. At December 31, 2014, the Bank had \$9,194 in retained earnings available for dividend payments, without having to seek DBO approval.

Regulatory Capital: The Bank is subject to certain regulatory capital requirements administered by the FDIC. Failure to meet these minimum capital requirements can initiate certain mandatory, and possibly additional discretionary, actions by regulators that, if undertaken, could have a direct material effect on the Bank's financial position or results of operations. Under capital adequacy guidelines and the regulatory framework for prompt corrective action, the Bank must meet specific capital guidelines that involve quantitative measures of the Bank's assets, liabilities and certain off balance sheet items as calculated under regulatory accounting practices. The Bank's capital amounts and classification are also subject to qualitative judgments by the regulators about components, risk weightings and other factors.

Quantitative measures established by regulation to ensure capital adequacy require the Bank to maintain minimum amounts and ratios of total and Tier 1 capital to risk weighted assets and of Tier 1 capital to average assets. Each of these components is defined in the regulations. Management believes that the Bank met all of its capital adequacy requirements as of December 31, 2014 and 2013.

In addition, the most recent notification from the FDIC categorized the Bank as well capitalized under the regulatory framework for prompt corrective action. To be categorized as well capitalized, the Bank must maintain minimum total risk based, Tier 1 risk based and Tier 1 leverage ratios as set forth below. There are no conditions or events since that notification that management believes have changed the Bank's category.

These estimates do not reflect any premium or discount that could result from offering the Bank's entire holdings of a particular financial instrument for sale at one time, nor do they attempt to estimate the value of anticipated future business related to the instruments. In addition, the tax ramifications related to the realization of the unrealized gains and losses can have a significant effect on fair value estimates and have not been considered in any of these estimates.

The following methods and assumptions were used by the Bank to estimate the fair value of its financial instruments.

Cash and Cash Equivalents - The carrying amounts of cash and short-term instruments, including Fed funds sold and deposits in banks, approximate fair values and are classified as Level 1.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 17 - FAIR VALUE MEASUREMENTS (Continued)

Investment Securities - Fair values for available-for-sale investment securities are based on quoted market prices for similar securities. The securities in Level 3 are not actively traded, therefore the pricing is calculated using third party valuation experts.

Other Investments - It is not practical to determine the fair value of other investments due to restrictions placed on their transferability.

Loans - Fair values of loans, excluding impaired loans, are estimated as follows: For variable rate loans that repriced frequently and with no significant change in credit risk, fair values are based on carrying values resulting in a Level 3 classification. Fair

values for other loans are estimated using discounted cash flow analyses, using interest rates currently being offered for loans with similar terms to borrowers of similar credit quality resulting in a Level 3 classification.

Impaired Loans - The fair value of impaired loans with specific allocations of the allowance for loan losses is generally based on recent real estate appraisals. These appraisals may utilize a single valuation approach or a combination of approaches including comparable sales and the income approach. Adjustments are routinely made in the appraisal process by the independent appraisers to adjust for differences between the comparable sales and income data available. Such adjustments are usually significant and typically result in a Level 3 classification of the inputs for determining fair value. Non-real estate collateral may be valued using an appraisal, net book value per the borrower's financial statements, or aging reports, adjusted or discounted based on management's historical experience, changes in market conditions from the time of the valuation, and management's expertise and knowledge of the customer and customer's business, resulting in a Level 3 fair value classification. Impaired loans are evaluated on a quarterly basis for additional impairment and adjusted accordingly.

Other Real Estate Owned - Nonrecurring adjustments to certain commercial and residential real estate properties classified as other real estate owned (OREO) are measured at fair value, less costs to sell. Fair values are based on recent real estate appraisals. These appraisals may use a single valuation approach or a combination of approaches including comparable sales and the income approach. Adjustments are routinely made in the appraisal process by the independent appraisers to adjust for differences between the comparable sales and income data available. Such adjustments are usually significant and typically result in a Level 3 classification of the inputs for determining fair value.

Appraisals for both collateral-dependent impaired loans and real estate owned are performed by certified general appraisers (for commercial properties) or certified residential appraisers (for residential properties) whose qualifications and licenses have been reviewed and verified by the Bank. Once received, a member of the Loan Department reviews the assumptions and approaches utilized in the appraisal as well as the overall resulting fair value in comparison with independent data sources such as recent market data or industry-wide statistics.

Accrued Interest Receivable/Payable - The carrying amounts of accrued interest approximate fair value resulting in a Level 2 or Level 3 classification.

Deposits - The fair values disclosed for demand deposits (e.g., interest and non-interest checking, passbook savings, and certain types of money market accounts) are, by definition, equal to the amount payable on demand at the reporting date (i.e., their

carrying amount) resulting in a Level 1 classification. The carrying amounts of variable rate, fixed-term money market accounts and certificates of deposit approximate their fair values at the reporting date resulting in either a Level 1 classification. Fair values for fixed rate certificates of deposit are estimated using a discounted cash flows calculation that applies interest rates currently being offered on certificates to a schedule of aggregated expected monthly maturities on time deposits resulting in a Level 2 classification.

Borrowings - The fair values of borrowings are estimated using discounted cash flow analyses based on the current borrowing rates for similar types of borrowing arrangements resulting in a Level 2 classification.

Derivative Instruments - The fair values of derivative instruments are based on valuation models using observable market data as of the measurement date resulting in Level 2 classification.

NOTE 17 - FAIR VALUE MEASUREMENTS (Continued)

Commitments and contingencies - The fair values of commitments are estimated using the fees currently charged to enter into similar agreements, are not significant and, therefore, are not included in the above table.

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

Level 1 - Quoted market prices for identical instruments traded in active exchange markets.

Level 2 - Quoted prices of similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable or can be corroborated by observable market data.

Level 3 - Model-based techniques that use at least one significant assumption not observable in the market. These unobservable assumptions reflect the Bank's estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques included management judgment and estimation which may be significant.

Management monitors the availability of observable market data to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total assets, total liabilities or total earnings.

Recurring Basis - The following tables present information about the Bank's assets and liabilities measured at fair value on a recurring basis as of December 31, 2014 and 2013:

PREMIER VALLEY BANK

NOTES TO INTERIM CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

June 30, 2015 and December 31, 2014

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General: Premier Valley Bank (the "Bank") is a California state chartered bank with its deposits insured to the fullest extent allowable by the FDIC. The Bank's four branches and one loan production office engage in general commercial banking business with an emphasis on serving the needs of individuals and small and medium size businesses, professionals and the general public in the greater Fresno area and in its Yosemite Division in the Sierra. The Bank's wholly owned subsidiary, YB Real Estate, Inc. (YBRE), formerly engaged in real estate investment and development activities in Merced County, California, is inactive.

The interim consolidated financial statements of Premier Valley Bank (the "Bank") have been prepared pursuant to the rules and regulations for interim financial reporting. Accordingly, certain information and notes required by accounting principles generally accepted in the United States of America ("GAAP") for annual financial statements are not included herein. The interim statements should be read in conjunction with the audited financial statements and notes that are included elsewhere in this joint proxy statement/prospectus. The accounting and reporting policies of the Bank confirm with accounting principles generally accepted in the United States of America and prevailing practices within the banking industry. In management's opinion, all adjustments necessary for a fair presentation of these consolidated financial statements have been included and are of a normal and recurring nature.

All information as of June 30, 2015 and 2014 is unaudited. All dollar amounts, except per share data are presented in thousands.

Management reviewed all events occurring from June 30, 2015 to August 24, 2015, the date the consolidated financial statements were available to be issued, and no subsequent events occurred requiring accrual or disclosure.

Principles of Consolidation: The consolidated financial statements include the accounts of the Bank and its wholly owned subsidiary, YBRE. All significant intercompany balances and transactions have been eliminated.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates. The allowance for loan losses, deferred tax assets, sales and servicing of government guaranteed loans and fair value of assets and liabilities are particularly subject to change.

Recent Accounting Guidance Adopted: In August 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2014-14 Receivables - Troubled Debt Restructurings by Creditors (Subtopic 310-40), Classification of Certain Government-Guaranteed Mortgage Loans upon Foreclosure. This update addresses classification of government-guaranteed mortgage loans, including those where guarantees are offered by the Federal Housing Administration ("FHA"), the U.S. Department of Housing and Urban Development ("HUD"), and the U.S. Department of Veterans Affairs ("VA"). Although current accounting guidance stipulates proper measurement and classification in situations where a creditor obtains from a debtor, assets in satisfaction of a receivable (such as through foreclosure), current guidance does not specify how to measure and classify foreclosed mortgage loans that are government-guaranteed. Under the provisions of this update, a creditor would derecognize a mortgage loan that has been foreclosed upon, and recognize a separate receivable if the following conditions are met: (1) the loan has a government guarantee that is not separable from the loan before foreclosure, (2) at the time of foreclosure, the creditor has the intent to convey the real estate property to the guarantor and make a claim on the guarantee, and the creditor

has the ability to recover under that claim, (3) at the time of foreclosure, any amount of the claim that is determined on the basis of the fair value of the real estate is fixed. The amendments within this update are effective for interim and annual periods, beginning after December 15, 2014. The adoption of this Update did not have a material impact on the Bank's consolidated financial statements.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

On January 17, 2014, the FASB issued ASU No. 2014-04, Receivables - Troubled Debt Restructurings by Creditors. This ASU provides clarification that an in substance repossession or foreclosure occurs, and a creditor is considered to have received physical possession of residential real estate property collateralizing a consumer mortgage loan, upon either (1) the creditor obtaining legal title to the residential real estate property upon completion of a foreclosure or (2) the borrower conveying all interest in the residential real estate property to the creditor to satisfy that loan through completion of a deed in lieu of foreclosure or through a similar legal agreement. Additionally, the amendments require interim and annual disclosure of both (1) the amount of foreclosed residential real estate property held by the creditor and (2) the recorded investment in consumer mortgage loans collateralized by residential real estate property that are in the process of foreclosure according to local requirements of the applicable jurisdiction. The amendments in this ASU are effective for public business entities for interim and annual periods, beginning after December 15, 2014. The adoption of this Update did not have a material impact on the Bank's consolidated financial statements.

Recent Accounting Guidance Not Yet Effective: In May 2014, the FASB issued ASU No. 2014-09, Revenue from Contracts with Customers (Topic 606). This Update requires an entity to recognize revenue as performance obligations are met, in order to reflect the transfer of promised goods or services to customers in an amount that reflects the consideration the entity is entitled to receive for those goods or services. The following steps are applied in the updated guidance: (1) identify the contract(s) with a customer; (2) identify the performance obligations in the contract; (3) determine the transaction price; (4) allocate the transaction price to the performance obligations in the contract; and (5) recognize revenue when, or as, the entity satisfies a performance obligation. The amendments within this update are effective for the quarter ending March 31, 2018. The Bank is currently in the process of evaluating the impact of the adoption of this Update, but does not expect a material impact on the Bank's consolidated financial statements.

NOTE 2 - AVAILABLE-FOR-SALE INVESTMENT SECURITIES (Continued)

Other-Than-Temporary Impairment: Management considers many factors in its assessment of the investment portfolio for other-than-temporary impairment of investment securities. In addition to internally applied measures, the Bank also employs the services of an independent analytics provider to assess the financial strength of the issuers that comprise the municipal portion of the portfolio.

Obligations of States and Political Subdivisions: Management believes the unrealized losses on the Bank's investments in obligations of states and political subdivisions are a result of changes in interest rate spreads or in interest rates themselves relative to the time of purchase of the securities in a market loss position. The Bank generally invests in bond issuances that are considered general obligations of the municipality or less commonly, bonds that are supported by a specific revenue source of the issuer. The Bank also endeavors to invest in those issuances that are supported by independent bond insurance or for which the state in which the issuer resides has provided a fund supporting repayment of the securities (in lieu of insurance). The Bank has the ability and intent to hold these securities to maturity. Management does not consider any securities in this segment of the investment portfolio to be other-than-temporarily impaired at June 30, 2015.

Mortgage-Backed Securities - Residential: Management believes that the unrealized losses on the Bank's investments in mortgage-backed securities issued by U.S. Government sponsored entities are due to changes in current market rates of interest relative to the time of purchase of the securities. The Bank has the intent and ability to hold these securities to maturity. Management does not consider these securities to be other-than-temporarily impaired at June 30, 2015.

Corporate Obligations: Management believes the unrealized losses on the Bank's investments in corporate obligations are due to market volatility. The Bank has the intent and the ability to hold these securities to maturity. Management does not consider these securities to be other-than-temporarily impaired at June 30, 2015.

NOTE 4 - ALLOWANCE FOR LOAN LOSSES (Continued)

The recorded investment in loans includes accrued interest receivable and loan origination fees, net. As the amounts are not material, the recorded investment in loans excludes accrued interest receivable and loan origination fees. For purposes of this disclosure, the unpaid principal balance is not reduced for partial charge-offs. There was no cash basis interest income recognized on impaired loans for the periods ended June 30, 2015 and December 31, 2014.

Troubled Debt Restructurings: The Bank has allocated \$245 and \$262 of specific reserves in the allowance for loan losses to customers whose loan terms have been modified in troubled debt restructurings as of June 30, 2015 and December 31, 2014, respectively. There was no commitment to lend additional amounts to these customers as of June 30, 2015 or December 31, 2014.

During the periods ended June 30, 2015 and December 31, 2014, the terms of certain loans were modified as troubled debt restructurings. The modification of the terms of such loans included one or a combination of the following: modification in the payment schedule of the loan to a payment lower than the original contractual payment for a period of time or an extension of the maturity date by which the loan is to be paid in full. In order to determine whether a borrower is experiencing financial difficulty, an evaluation is performed of the probability that the borrower will be in payment default on any of its debt in the foreseeable future without the modification. This evaluation is performed under the Bank's internal underwriting policy.

Real estate-construction	2	9,046	9,046
Total	6	\$11,659	\$11,659

The troubled debt restructurings described above increased the allowance for loan losses by \$245 and \$188 during the periods ended June 30, 2015 and June 30, 2014, respectively. The ending balances of these troubled debt restructurings were \$10,252 and \$10,293 at June 30, 2015 and December 31, 2014, respectively. The total of gross interest income that would have been recorded in the period that ended if the loans had been current in accordance with their original terms and the amount of interest income included in net income for the period was \$422 and \$895 for the periods ended June 30, 2015 and December 31, 2014, respectively.

NOTE 5 - INTEREST RATE SWAPS

The Bank has entered into interest rate swap agreements to convert interest being earned on certain fixed rate loans to a variable rate in accordance with its asset/liability management objectives to mitigate interest rate risk. At June 30, 2015 and December 31, 2014, the aggregate notional amount of the interest rate swap agreements was \$51,936 and \$45,835, respectively. The fair value of the hedged asset and the fair value of the liability associated with the interest rate swap agreements was \$3,216 and \$3,563 at June 30, 2015 and December 31, 2013, respectively, and is included in accrued interest payable and other liabilities on the consolidated balance sheets. As part of each swap agreement, the Bank may be required to pledge collateral, either in the form of cash or investment securities, as a credit enhancement. At June 30, 2015, cash and securities of \$3,811 and \$356, respectively, were pledged against interest rate swaps, and at December 31, 2014, cash and securities of \$3,811 and \$390, respectively, were pledged. The Bank recognized a net payment of \$777 and \$1,802 for the periods ended June 30, 2015 and December 31, 2013, respectively, which represents the net monthly cash settlement of all fair value hedges and which was recorded as a reduction in loan interest income on the consolidated statements of income. Because of the nature of the terms of the

interest rate swap agreements, there was no hedge ineffectiveness and therefore no gains or losses recognized for the periods ended June 30, 2015 or December 31, 2014.

Dividend Restrictions: Distributions by the Bank to its shareholders, except for stock dividends and stock splits, are restricted under California law to the lesser of the Bank's retained earnings or net income for the latest three fiscal

NOTE 9 - REGULATORY MATTERS (Continued)

Regulatory Capital: The Bank is subject to certain regulatory capital requirements administered by the FDIC. Failure to meet these minimum capital requirements can initiate certain mandatory and possibly additional discretionary, actions by regulators that, if undertaken, could have a direct material effect on the Bank's financial position or results of operations. Under capital

adequacy guidelines and the regulatory framework for prompt corrective action, the Bank must meet specific capital guidelines that involve quantitative measures of the Bank's assets, liabilities and certain off balance sheet items as calculated under regulatory accounting practices. The Bank's capital amounts and classification are also subject to qualitative judgments by the regulators about components, risk weightings and other factors.

Quantitative measures established by regulation to ensure capital adequacy require the Bank to maintain minimum amounts and ratios of total and Tier 1 capital to risk weighted assets and of Tier 1 capital to average assets. Each of these components is defined in the regulations. Management believes that the Bank met all of its capital adequacy requirements as of June 30, 2015 and December 31, 2014.

In addition, the most recent notification from the FDIC categorized the Bank as well capitalized under the regulatory framework for prompt corrective action. To be categorized as well capitalized, the Bank must maintain minimum total risk based, Tier 1 risk based and Tier 1 leverage ratios as set forth below. There are no conditions or events since that notification that management believes have changed the Bank's category.

These estimates do not reflect any premium or discount that could result from offering the Bank's entire holdings of a particular financial instrument for sale at one time, nor do they attempt to estimate the value of anticipated future business related to the instruments. In addition, the tax ramifications related to the realization of the unrealized gains and losses can have a significant effect on fair value estimates and have not been considered in any of these estimates.

The following methods and assumptions were used by the Bank to estimate the fair value of its financial instruments.

Cash and Cash Equivalents - The carrying amounts of cash and short-term instruments, including Fed funds sold and deposits in banks, approximate fair values and are classified as Level 1.

NOTES TO INTERIM CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

NOTE 11 - FAIR VALUE MEASUREMENTS (Continued)

Investment Securities - Fair values for available-for-sale investment securities are based on quoted market prices for similar securities. The securities in Level 3 are not actively traded, therefore the pricing is calculated using third party valuation experts.

Other Investments - It is not practical to determine the fair value of other investments due to restrictions placed on their transferability.

Loans - Fair values of loans, excluding impaired loans, are estimated as follows: For variable rate loans that repriced frequently and with no significant change in credit risk, fair values are based on carrying values resulting in a Level 3 classification. Fair values for other loans are estimated using discounted cash flow analyses, using interest rates currently being offered for loans with similar terms to borrowers of similar credit quality resulting in a Level 3 classification.

Impaired Loans - The fair value of impaired loans with specific allocations of the allowance for loan losses is generally based on recent real estate appraisals. These appraisals may utilize a single valuation approach or a combination of approaches including comparable sales and the income approach. Adjustments are routinely made in the appraisal process by the independent appraisers to adjust for differences between the comparable sales and income data available. Such adjustments are usually significant and typically result in a Level 3 classification of the inputs for determining fair value. Non-real estate collateral may be valued using an appraisal, net book value per the borrower's financial statements, or aging reports, adjusted or discounted based on management's historical experience, changes in market conditions from the time of the valuation, and management's expertise and knowledge of the customer and customer's business, resulting in a Level 3 fair value classification. Impaired loans are evaluated on a quarterly basis for additional impairment and adjusted accordingly.

Other Real Estate Owned - Nonrecurring adjustments to certain commercial and residential real estate properties classified as other real estate owned (OREO) are measured at fair value, less costs to sell. Fair values are based on recent real estate appraisals. These appraisals may use a single valuation approach or a combination of approaches including comparable sales and the income approach. Adjustments are routinely made in the appraisal process by the independent appraisers to adjust for differences between the comparable sales and income data available. Such adjustments are usually significant and typically result in a Level 3 classification of the inputs for determining fair value.

Appraisals for both collateral-dependent impaired loans and real estate owned are performed by certified general appraisers (for commercial properties) or certified residential appraisers (for residential properties) whose qualifications and licenses have been reviewed and verified by the Bank. Once received, a member of the Loan Department reviews the assumptions and approaches utilized in the appraisal as well as the overall resulting fair value in comparison with independent data sources such as recent market data or industry-wide statistics.

Accrued Interest Receivable/Payable - The carrying amounts of accrued interest approximate fair value resulting in a Level 2 or Level 3 classification.

Deposits - The fair values disclosed for demand deposits (e.g., interest and non-interest checking, passbook savings, and certain types of money market accounts) are, by definition, equal to the amount payable on demand at the reporting date (i.e., their carrying amount) resulting in a Level 1 classification. The carrying amounts of variable rate,

fixed-term money market accounts and certificates of deposit approximate their fair values at the reporting date resulting in either a Level 1 classification. Fair values for fixed rate certificates of deposit are estimated using a discounted cash flows calculation that applies interest rates currently being offered on certificates to a schedule of aggregated expected monthly maturities on time deposits resulting in a Level 2 classification.

Borrowings - The fair values of borrowings are estimated using discounted cash flow analyses based on the current borrowing rates for similar types of borrowing arrangements resulting in a Level 2 classification.

Derivative Instruments - The fair values of derivative instruments are based on valuation models using observable market data as of the measurement date resulting in Level 2 classification.

NOTE 11 - FAIR VALUE MEASUREMENTS (Continued)

Commitments and contingencies - The fair values of commitments are estimated using the fees currently charged to enter into similar agreements, are not significant and, therefore, are not included in the above table.

Fair value is the exchange price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. There are three levels of inputs that may be used to measure fair values:

Level 1 - Quoted market prices for identical instruments traded in active exchange markets.

Level 2 - Quoted prices of similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable or can be corroborated by observable market data.

Level 3 - Model-based techniques that use at least one significant assumption not observable in the market. These unobservable assumptions reflect the Bank's estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques included management judgment and estimation which may be significant.

Management monitors the availability of observable market data to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Management evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total assets, total liabilities or total earnings.

Recurring Basis - The following tables present information about the Bank's assets and liabilities measured at fair value on a recurring basis as of June 30, 2015 and December 31, 2014:

2.2 Effect of Merger.

(a) At the Effective Time, Premier Valley shall be merged with and into Merger Sub, and the separate existence of Premier Valley shall cease. The Charter and the Bylaws of Merger Sub, as in effect immediately prior to the Effective Time, shall be the Charter and the Bylaws of the Surviving Corporation, until the same may be amended as provided therein and in accordance with applicable Law, except that such Charter and Bylaws shall be amended at the Effective Time to change the name of the Surviving Corporation to “Premier Valley Bank.” The directors and officers of Premier Valley immediately prior to the Effective Time will become the directors and officers of the Surviving Corporation, except that at the Effective Time, the Board of Directors of the Surviving Corporation shall take all actions legally necessary to add Lynn B. The Effective Date and the Effective Time shall take place on the Closing Date (as defined below).

(e) Intercompany Shares. Each Intercompany Share shall be canceled, retired and cease to exist, and no exchange or payment shall be made with respect thereto.

(f) Fractional Shares. No fractional shares of Heartland Common Stock shall be issued for Premier Valley Common Stock, and in lieu of any fractional share, Heartland shall pay to each holder of Premier Valley Common Stock who otherwise would be entitled to receive a fractional share of Heartland Common Stock, an amount of cash (without interest) equal to the product of (a) the Average Closing Price multiplied by (b) the fractional share interest to which such holder would otherwise be entitled (the "Fractional Share Amount").

2.4 Election Procedures.

(a) Election Form. An election form (an "Election Form") shall be mailed to each holder of record of shares of Premier Valley Common Stock as of the record date for the Shareholder Meeting simultaneous with, or as soon as practical after, mailing of the Proxy Statement, and in any event at least twenty (20) business days prior to the date on which such Election Forms must be returned. Each Election Form shall permit the holder (or in the case of nominee record holders, the beneficial owner through proper instructions and documentation), subject to the conditions set forth in Section 2.4(c) and 2.4(d), (i) to elect to receive Heartland Common Stock with respect to all of such holder's Premier Valley Common Stock (a "Stock Election"), (ii) to elect to receive cash with respect to all of such holder's Premier Valley Common Stock (a "Cash Election"), (iii) to elect to receive cash with respect to some of such holder's shares and shares of Heartland Common Stock with respect to such holder's remaining shares (a "Mixed Election") or (iv) to indicate that such holder makes no such election with respect to such holder's shares of Premier Valley Common Stock. Shares of Premier Valley Common Stock as to which no election has been made are referred to herein as "No Election Shares." Nominee record holders who hold Premier Valley Common Stock on behalf of multiple beneficial owners shall indicate how many of the shares held by them are Stock Election Shares, Cash Election Shares and No Election Shares. If a shareholder either (i) does not submit a properly completed Election Form in a timely fashion, (ii) revokes an Election Form prior to the Election Deadline (as defined herein) and does not resubmit a properly completed Election Form prior to the Election Deadline, or (iii) fails to perfect his, her or its right to dissent under applicable Law, the shares of Premier Valley Common Stock held by such shareholder shall be designated No Election Shares. Any Dissenting Shares shall be deemed to be Cash Election Shares and, with respect to such shares, the holders thereof shall in no event be classified as holders of Reallocated Stock Shares.

Any Election Form may be revoked or changed by the Person submitting such Election Form to the Exchange Agent (or any other Person to whom the subject shares of Premier Valley Common Stock are subsequently transferred) by written notice to the Exchange Agent only if such written notice is actually received by the Exchange Agent at or prior to the Election Deadline. The Exchange Agent shall have reasonable discretion to determine when any election, modification or revocation is received, whether any such election, modification or revocation has been properly made and to disregard immaterial defects in any Election Form, and any good faith decisions of the Exchange Agent regarding such matters shall be binding and conclusive. Neither Heartland nor the Exchange Agent shall be under any obligation to notify any Person of any defect in an Election Form.

(d) Allocation. The Exchange Agent shall effect the allocation among holders of Premier Valley Common Stock of rights to receive the Per Share Cash Consideration and/or the Per Share Stock Consideration in the Merger in accordance with the Election Forms as follows:

(i) Cash Consideration Undersubscribed. If the number of Cash Election Shares times the Per Share Cash Consideration is less than the Targeted Cash Consideration, then:

(1) each Cash Election Share (subject to Section 2.7 with respect to Dissenting Shares) shall be converted into the right to receive the Per Share Cash Consideration;

No Election Shares shall then be deemed to be Cash Election Shares to the extent necessary to have the total number of Cash Election Shares (including Dissenting Shares) multiplied by the Per Share Cash Consideration equal the Targeted Cash Consideration. If less than all of the No Election Shares need to be treated as Cash Election Shares, then the Exchange Agent shall convert on a pro rata basis as described below in Section 2.4(e), a sufficient number of No Election Shares into Cash Election Shares (“Cash Allocated No Election Shares”) such that the product of (A) the sum of the number of Cash Election Shares plus the number of Cash Allocated No Election Shares, multiplied by (B) the Per Share Cash Consideration equals the Targeted Cash Consideration, and all remaining No Election Shares shall thereafter be treated as Stock Election Shares;

if all of the No Election Shares are treated as Cash Allocated No Election Shares and the product of (x) the sum of the number of Cash Election Shares and No Election Shares, multiplied by (y) the Per Share Cash Consideration, is less than the Targeted Cash Consideration, then the Exchange Agent shall convert on a pro rata basis as described below in Section 2.4(e), a sufficient number of Stock Election Shares into Cash Election Shares (“Reallocated Cash Shares”) such that the product of (A) the sum of the number of Cash Election Shares plus the number of No Election Shares plus the number of Reallocated Cash Shares, multiplied by (B) the Per Share Cash Consideration equals the Targeted Cash Consideration, and each No Election Share and each Reallocated Cash Share will be converted into the right to receive the Per Share Cash Consideration; and

(4) each Stock Election Share that is not a Reallocated Cash Share shall be converted into the right to receive the Per Share Stock Consideration.

(ii) Cash Consideration Oversubscribed. If the product of the number of Cash Election Shares multiplied by the Per Share Cash Consideration is greater than the Targeted Cash Consideration, then:

(1) each Stock Election Share and each No Election Share shall be converted into the right to receive the Per Share Stock Consideration;

the Exchange Agent shall convert on a pro rata basis as described below in Section 2.4(e), a sufficient number of Cash Election Shares (excluding any Dissenting Shares) (“Reallocated Stock Shares”) such that product of (x) the number of remaining Cash Election Shares (including Dissenting Shares) multiplied by (y) the Per Share Cash Consideration equals the Targeted Cash Consideration, and each Reallocated Stock Share shall be converted into the right to receive the Per Share Stock Consideration; and

(3) each Cash Election Share (subject to Section 2.7 with respect to Dissenting Shares) which is not a Reallocated Stock Share shall be converted into the right to receive the Per Share Cash Consideration.

(iii) Cash Consideration Satisfied. If the number of Cash Election Shares multiplied by the Per Share Cash Consideration is equal to the Targeted Cash Consideration, then subparagraphs (d)(i) and (ii) above shall not apply and each Cash Election Share (subject to Section 2.7 with respect to Dissenting Shares) shall be converted into the right to receive the Per Share Cash Consideration and each No Election

Share and each Stock Election Shares will be converted into the right to receive the Per Share Stock Consideration.

(e) Pro Rata Reallocations. 2.5 Rights of Holders of Premier Valley Common Stock. At and after the Effective Time and until surrendered for exchange, each outstanding stock certificate which immediately prior to the Effective Time represented the Premier Valley Common Stock (other than certificates representing Intercompany Shares and Dissenting Shares) shall be deemed for all purposes to evidence the right to receive the Merger Consideration, and the record holder of such outstanding stock certificate shall, after the Effective Time, be entitled to vote the shares of Heartland Common Stock into which such shares of Premier Valley Common Stock shall have been converted (if any) on any matters on which the holders of record of Heartland Common Stock, as of any date subsequent to the Effective Time, shall be entitled to vote. No dividends which have been declared will be remitted to any Person entitled to receive shares of Heartland Common Stock under Section 2.4 until such Person surrenders the certificate representing Premier Valley Common Stock, at which time such dividends shall be remitted to such Person, without interest.

(the "Paying Agent") for the benefit of holders of Premier Valley Common Stock (other than Dissenting Shares and Intercompany Shares): (i) cash or immediately available funds equal to the cash portion of the Merger Consideration less the product of the number of Dissenting Shares and the Per Share Cash Consideration; and (ii) certificates or book-entry securities representing the shares of Heartland Common Stock to be issued to the holders of Premier Valley Common Stock as part of the Merger Consideration, adjusted by the Stock Elections and Cash Elections received by the Exchange Agent prior to the Closing Date and adjusted for anticipated payments of the Fractional Share Amount (the "Exchange Fund"). The Exchange Fund shall be held by the Paying Agent for the benefit of holders of Premier Valley Common Stock (other than Dissenting Shares and Intercompany Shares). All fees, costs and expenses of the Paying Agent shall be borne by Heartland.

(b) Paying Agent Deliveries. After completion of the allocation referred to in Section 2.4(d) and upon the Closing, Heartland will cause the Exchange Agent to deliver to the Paying Agent records showing the amount of Merger Consideration to be delivered to each holder of Premier Valley Common Stock (other than holders of Dissenting Shares or Intercompany Shares) as of the record date for the Shareholder Meeting in the form of cash and in the form of Heartland Common Stock, as computed in accordance with Section 2.4(d). Heartland shall cause Paying Agent to distribute to each former holder of a Premier Valley Common Stock (other than holders of Dissenting Shares or Intercompany Shares), letters of transmittal or other appropriate materials to facilitate the surrender of certificates representing such shares for the Merger Consideration. Each holder (other than a Dissenting Shareholder or holder of Intercompany Shares) of an outstanding certificate representing shares of Premier Valley Common Stock who has surrendered such certificate to the Paying Agent will, upon acceptance thereof by the Paying Agent, be entitled to (x) cash (without interest) to the extent such shares are converted into cash in accordance with Section 2.4(d), or (y)

The Paying Agent shall accept such stock certificates upon compliance with such reasonable terms and conditions as the Paying Agent may impose to affect an orderly exchange thereof in accordance with normal exchange practices.

(c) Failure to Surrender Certificates. If outstanding certificates formerly representing Premier Valley Common Stock (other than Dissenting Shares and Intercompany Shares) are not surrendered prior to the date on which the Merger Consideration to which any holder of such shares is entitled as a result of the Merger would otherwise escheat to or

become the property of any governmental unit or agency, the unclaimed consideration shall, to the extent permitted by abandoned property and any other applicable Law, become the property of Heartland (and to the extent not in Heartland's possession shall be paid over to Heartland), free and clear of any and all claims or interest of any Person. Notwithstanding the foregoing, neither Heartland nor any other Person shall be liable to any former holder of Premier Valley Common Stock for any amount delivered to a public official pursuant to applicable abandoned property, escheat or other similar Laws.

(d) **Lost Certificates.** In the event that any certificate representing Premier Valley Common Stock shall have been lost, stolen or destroyed, Heartland shall pay in exchange for such lost, stolen or destroyed certificate, upon the making of an affidavit of that fact by the holder thereof in form satisfactory to Heartland, the Merger Consideration; provided, however, that Heartland may, in its sole discretion and as a condition precedent to the issuance and payment of the Merger Consideration to which the holder of such certificate is entitled as a result of the Merger, require the owner of such lost, stolen or destroyed certificate to deliver a bond in such sum as it may direct as indemnity against any claim that may be made against Heartland, Premier Valley or any other party with respect to the certificate alleged to have been lost, stolen or destroyed.

(e) **Full Satisfaction.** All Merger Consideration issued and paid upon the surrender for exchange of Premier Valley Common Stock in accordance with the terms and conditions of this Agreement shall be deemed to have been issued and paid in full satisfaction of all rights pertaining to such Premier Valley Common Stock.

(f) **Withholding.** Each of Heartland and the Paying Agent shall be entitled to deduct and withhold from the consideration otherwise payable pursuant to this Agreement to any holder of shares of Premier Valley Common Stock such amounts as it is required to deduct and withhold with respect to the making of such payment under the Code, or any other applicable state, local or foreign Tax Law. To the extent that amounts are so withheld by Heartland or the Paying Agent, such withheld amounts (i) shall be timely remitted by Heartland to the applicable Governmental Authority, and (ii) shall be treated for all purposes of this Agreement as having been paid to the holder of shares of Premier Valley Common Stock in respect of which such deduction and withholding was made by Heartland or Premier Valley, as the case may be.

2.7 Dissenting Shares.

(a) Notwithstanding any provision of this Agreement to the contrary, any shares of Premier Valley Common Stock held by a holder (a "Dissenting Shareholder") who has demanded and perfected such holder's demand for purchase of his shares at fair market value in accordance with Chapter 13 of the CGCL, and as of the Effective Time has neither effectively withdrawn nor lost such holder's right to such demand, shall not represent a right to receive Merger Consideration pursuant to Section 2.3 above, but in lieu thereof the holder thereof shall be entitled to only such rights as are granted by Chapter 13 of the CGCL. Heartland shall make any and all payments to holders of shares of Premier Valley Common Stock with respect to such demands.

(b) Notwithstanding the provisions of Section 2.7(a) above, if any Dissenting Shareholder demanding purchase of such Dissenting Shareholder's shares of Premier Valley Common Stock ("Dissenting Shares") under Chapter 13 of the CGCL shall effectively withdraw or lose (through failure to perfect or otherwise) such shareholder's right to demand purchase, then as of the Effective Time or the occurrence of such event, whichever later occurs, such Dissenting Shares shall automatically be converted into and represent only the right to receive the Merger Consideration as provided in Section 2.3.

(c) Premier Valley shall give Heartland prompt notice of any demands by a Dissenting Shareholder for payment, or notices of intent to demand payment received by Premier Valley under Chapter 13 of the CGCL, and Heartland shall have the right to participate in all negotiations and proceedings with respect to such demands. Premier Valley shall not, except with the prior written consent of Heartland (which will not be unreasonably withheld or delayed) or as

otherwise required by Law, make any payment with respect to, or settle, or offer to settle, any such demands.

The Closing will take place as soon as practicable once the conditions in Article 7 have been satisfied but in any event within ten (10) Business Days after the date on which all such conditions have been satisfied, unless the parties otherwise agree (the “Closing Date”). The failure of the Closing will not ipso facto result in termination of this Agreement and will not relieve any party of any obligation under this Agreement.

5.7 Filing of Tax Returns and Adjustments

(a) Premier Valley and the Bank Subsidiaries shall file (or cause to be filed) at their own expense, on or prior to the due date, all Returns, including all Plan Returns and reports, for all Tax periods ending on or before the Effective Time where the due date for such Returns or reports (taking into account valid extensions of the respective due dates) falls on or before the Effective Time; provided, however, that neither Premier Valley nor any Bank Subsidiary shall file any such Returns, or other returns, elections or information statements with respect to any liabilities for Taxes (other than federal, state or local sales, use, withholding or employment tax returns or statements), or consent to any adjustment or otherwise compromise or settle any matters with respect to Taxes, without prior consultation with Heartland; provided, further, that neither Premier Valley nor any Bank Subsidiary shall make any election or take any other discretionary position with respect to Taxes, in a manner inconsistent with past practices, without the prior written approval of Heartland. In the event the granting or withholding of such approval by Heartland results in additional Taxes owing for any Tax period ending on or before the Effective Time, Liability for such additional Taxes

shall not cause any representation of Premier Valley relating to Taxes to be untrue, and to the extent such Liability would otherwise result in a reduction in the Tangible Equity at Closing, such Liability shall be ignored for purposes of Section 6.9. Premier Valley shall provide Heartland with a copy of appropriate workpapers, schedules, drafts and final copies of each federal and state income Tax Return or election of Premier Valley and the Subsidiaries (including returns of all Plans) at least ten (10) days before filing such return or election and shall reasonably cooperate with any request by Heartland in connection therewith.

After the Effective Time, Heartland, in its sole and absolute discretion and to the extent permitted by Law, shall have the right to amend, modify or otherwise change all Returns of Premier Valley and the other Subsidiaries for all Tax periods. To the extent Heartland amends any such Returns, other than an amendment at the request of the applicable federal,

state, local or foreign Tax authority, and such amendment results in additional Taxes owing for any Tax period ending on or before the Effective Time, such additional Taxes shall not cause any representation of Premier Valley relating to Taxes to be untrue.

5.8 No Solicitation.

(a) Neither Premier Valley nor any Bank Subsidiary will, and they will each use their best efforts to cause its representatives not to, directly or indirectly, (i) solicit, initiate, encourage, induce or facilitate the making, submission or announcement of any Acquisition Proposal or take any action that could reasonably be expected to lead to an Acquisition Proposal, (ii) furnish any information regarding Premier Valley or any Bank Subsidiary to any Person in connection with or in response to an Acquisition Proposal or an inquiry or indication of interest that could reasonably be expected to lead to an Acquisition Proposal, (iii) engage in discussions or negotiations with any Person with respect to any Acquisition Proposal or that could reasonably be expected to lead to an Acquisition Proposal, (iv) approve, endorse or recommend any Acquisition Proposal or (v) enter into any letter of intent or similar document or any Contract contemplating or otherwise relating to any Acquisition Transaction; provided, however, that prior to the adoption of this Agreement by the Required Premier Valley Shareholder Vote, this Section 5.8(a) will not prohibit Premier Valley from furnishing nonpublic information regarding Premier Valley to, or entering into discussions or negotiations with, any Person in response to a Superior Proposal that is submitted to Premier Valley by such Person (and not withdrawn) if (1) neither Premier Valley nor any Bank Subsidiary nor any of their respective representatives have violated any of the restrictions set forth in this Section 5.8, (2) the Board of Directors of Premier Valley concludes in good faith, after having consulted with and considered the advice of outside counsel to Premier Valley, that such action is required in order for the Board of Directors of Premier Valley to comply with its fiduciary obligations to Premier Valley's shareholders under applicable Law, (3) at least two Business Days prior to furnishing any such nonpublic information to, or entering into discussions with, such Person, Premier Valley gives Heartland written notice of the identity of such Person and of Premier Valley's intention to furnish nonpublic information to, or enter into discussions with, such Person, and Premier Valley receives from such Person an executed confidentiality agreement containing customary limitations on the use and disclosure of all nonpublic written and oral information furnished to such Person by or on behalf of Premier Valley and (4) at least two Business Days prior to furnishing any such nonpublic information to such Person, Premier Valley furnishes such nonpublic information to Heartland (to the extent such nonpublic information has not been previously furnished by Premier Valley to Heartland). Without limiting the generality of the foregoing, Premier Valley acknowledges and agrees that any violation of or the taking of any action inconsistent with any of the restrictions set forth in the preceding sentence by any representative of Premier Valley or any Bank Subsidiary, whether or not such representative is purporting to act on behalf of Premier Valley, will be deemed to constitute a breach of this Section 5.8 by Premier Valley.

(b) Premier Valley will promptly (and in no event later than 24 hours after receipt of any Acquisition Proposal, any inquiry or indication of interest that could lead to an Acquisition Proposal or any request for nonpublic information) advise Heartland orally and in writing of any Acquisition Proposal, any inquiry or indication of interest that could lead to an Acquisition Proposal or any request for nonpublic information relating to Premier Valley or any Bank Subsidiary (including the identity of the Person making or submitting such Acquisition Proposal, inquiry, indication of interest or request, and the terms thereof) that is made or submitted by any Person prior to the Closing Date. Premier Valley will keep Heartland fully informed with respect to the status of any such Acquisition Proposal, inquiry, indication of interest or request and any modification or proposed modification thereto. Premier Valley shall promptly notify Heartland in writing upon determination by Premier Valley's Board of Directors that an Acquisition Proposal is a Superior Proposal (such notice, a "Superior Proposal Notice"). If requested by Heartland, Premier Valley shall engage in good faith negotiations with Heartland during the five (5) Business Day period commencing upon Premier Valley's delivery of the Superior Proposal Notice (the "Negotiation Period") with respect to any counterproposal Heartland may make in response to such Acquisition Proposal ("Counterproposal") (it being understood and agreed that Heartland is not obligated to make any Counterproposal). Premier Valley agrees that if, during the Negotiation Period the third party making the Acquisition Proposal that is the subject of the Superior Proposal Notice modifies a material term of

its Acquisition Proposal, such modification shall require a new notice and the Negotiation Period shall recommence. If, at the end of the Negotiation Period, the Board of Directors of Premier Valley determines in good faith, after taking into account any Counterproposal by Heartland and all amendments or revisions proposed by Heartland and after consultation with Premier Valley's financial advisor, that such Acquisition Proposal remains a Superior Proposal, it shall promptly notify Heartland in writing and may exercise its right to terminate this Agreement pursuant to Section 8.1(c)(ii) or change its Board Recommendation pursuant to Section 6.2(a).

(c) Subject to Sections 5.8(a) and (b) above, Premier Valley and each Bank Subsidiary will immediately cease and cause to be terminated any existing discussions with any Person that relate to any Acquisition Proposal.

(d) Premier Valley will not release or permit the release of any Person from, or waive or permit the waiver of any provision of, any confidentiality, "standstill" or similar agreement to which Premier Valley or any Bank

Subsidiary is a party, and will enforce or cause to be enforced each such agreement at the request of Heartland. Premier Valley will promptly request each Person that has executed, within 12 months prior to the date of this Agreement, a confidentiality agreement in connection with its consideration of a possible Acquisition Transaction or equity investment to return all confidential information heretofore furnished to such Person by or on behalf of Premier Valley.

(a) Premier Valley shall call a meeting of its shareholders (the “Shareholder Meeting”) for the purpose of voting upon this Agreement and the Merger, and shall schedule such meeting based on consultation with Heartland as soon as practicable after the Registration Statement (as defined in Section 6.2(b)) is declared effective. The Board of Directors of Premier Valley shall recommend that the shareholders approve this Agreement and the Merger (the “Board Recommendation”), and shall use its best efforts (including, without limitation, soliciting proxies for such approval) to obtain the Required Premier Valley Shareholder Vote. The Board Recommendation may not be withdrawn or modified in a manner adverse to Heartland, and no resolution by the Board of Directors of Premier Valley or any committee thereof to withdraw or modify the Board Recommendation in a manner adverse to Heartland may be adopted; provided, however, that notwithstanding the foregoing, prior to the adoption of this Agreement by the Required Premier Valley Shareholder Vote, the Premier Valley Board of Directors may withdraw, qualify or modify the Board Recommendation or approve, adopt, recommend or otherwise declare advisable any Superior Proposal made after the date hereof and not solicited, initiated or encouraged in breach of Section 5.8 of this Agreement, if the Premier Valley Board of Directors determines in good faith, after consultation with outside counsel, that failure to do so would be likely to result in a breach of fiduciary duties under applicable law (a “Change of Board Recommendation”). In determining whether to make a Change of Board Recommendation in response to a Superior Proposal or otherwise, the Premier Valley Board of Directors shall take into account any changes to the terms of this Agreement proposed by Heartland or any other information provided by Heartland in response to such notice.

(b) For the purposes of (i) holding the Shareholder Meeting and (ii) registering Heartland Common Stock to be issued to holders of Premier Valley Common Stock in connection with the Merger with the SEC and with applicable state securities authorities, Heartland shall prepare, with the cooperation of Premier Valley, a registration statement on Form S-4 (such registration statement, together with all and any amendments and supplements thereto, being herein referred to as the “Registration Statement”), which shall include a prospectus/proxy statement satisfying all applicable

requirements of the 1933 Act, the Exchange Act and applicable Blue Sky Laws (such prospectus/proxy statement, together with any and all amendments or supplements thereto, being herein referred to as the "Proxy Statement").

(c) Heartland shall furnish such information concerning Heartland and Merger Sub as is necessary in order to cause the Proxy Statement and the Registration Statement, insofar as they relate to Heartland or Merger Sub, to be prepared in accordance with Section 6.2(b). Heartland agrees promptly to notify Premier Valley if at any time prior to the Shareholder Meeting any information provided by Heartland in the Proxy Statement becomes incorrect or incomplete in any material respect, and to provide the information needed to correct such inaccuracy or omission.

(d) Premier Valley shall furnish Heartland with such information concerning Premier Valley and the Bank Subsidiaries as is necessary in order to cause the Proxy Statement and the Registration Statement, insofar as it relates to Premier Valley and the Subsidiaries, to be prepared in accordance with Section 6.2(b), including, without limitation, the opinion

of counsel as to tax matters required to be filed as an exhibit thereto. Premier Valley agrees promptly to notify Heartland if at any time prior to the Shareholder Meeting any information provided by Premier Valley in the Proxy Statement becomes incorrect or incomplete in any material respect, and to provide Heartland with the information needed to correct such inaccuracy or omission.

(e) Heartland shall promptly, and in any event within twenty (20) days of receipt from Premier Valley pursuant to Section 6.2(d) of all portions of such Registration Statement requiring information relating to Premier Valley and the other Subsidiaries, file the Registration Statement with the SEC and applicable state securities agencies. Heartland shall use commercially reasonable efforts to cause the Registration Statement to become effective under the 1933 Act and applicable Blue Sky Laws at the earliest practicable date. Premier Valley hereby authorizes Heartland to utilize in the Registration Statement the information concerning Premier Valley and the Bank Subsidiaries provided to Heartland for the purpose of inclusion in the Proxy Statement. Heartland shall advise Premier Valley promptly when the Registration Statement has become effective and of any supplements or amendments thereto, and Heartland shall furnish Premier Valley with copies of all such documents. Prior to the Effective Time or the termination of this Agreement, each party shall consult with the other with respect to any material (other than the Proxy Statement) that might constitute a “prospectus” relating to the Merger within the meaning of the 1933 Act.

(f) Heartland shall bear the costs of all SEC filing fees with respect to the Registration Statement and the costs of qualifying the shares of Heartland Common Stock under the Blue Sky Laws, to the extent necessary. Heartland shall bear all printing and mailing costs in connection with the preparation and mailing of the Proxy Statement to Premier Valley shareholders. Heartland and Premier Valley shall each bear their own legal and accounting expenses in connection with the Proxy Statement and the Registration Statement.

(g) Heartland shall cause the shares of Heartland Common Stock issuable in connection with the Merger to be authorized for listing on the NASDAQ Global Select Market as of the Effective Time.

6.3 Establishment of Accruals. If requested by Heartland, on the Business Day immediately prior to the Closing Date, Premier Valley shall, consistent with GAAP, establish such additional accruals and reserves as Heartland indicates are necessary to conform Premier Valley’s accounting and credit loss reserve practices and methods to those of Heartland (as such practices and methods are to be applied to Premier Valley from and after the Effective Time) and reflect Heartland’s plans with respect to the conduct of Premier Valley’s business following the Merger and to provide for the costs and expenses relating to the consummation by Premier Valley of the transactions contemplated by this Agreement; provided, however, that any such additional accruals and reserves shall not affect the determination of the Tangible Equity pursuant to Section 6.9.

6.4 Employee Matters.

(a) General. Subject to the following agreements, after the Effective Time, Heartland shall have the right to continue, amend, merge or terminate any of the Plans in accordance with the terms thereof and subject to any limitation arising under applicable Law, including tax qualification requirements. Premier Valley agrees to terminate Premier Valley’s 401(k) Retirement Plan (KSOP) immediately prior to of the Effective Time on terms reasonably acceptable to Heartland. In addition, Premier Valley, upon the written request of Heartland, agrees to take such actions as may be necessary to terminate any other Plans as of the Effective Time on terms reasonably acceptable to Heartland. Until Heartland shall take such action, however, other Plans shall continue in force for the benefit of present and former employees of Premier Valley or any Subsidiary who have any present or future entitlement to benefits under any of the Plans (“Premier Valley Employees”).

(b) Benefit Plans. Subject to limitations under California Law and to the eligibility requirements of such plans, Heartland will use reasonable commercial efforts to cause the health, vacation and other non-equity based employee benefit plans that it or its Subsidiaries make available to its employees and the employees of its Subsidiaries on a

system-wide basis (the “Heartland Plans”) to become available to Premier Valley Employees after the Effective Time; provided, however, that nothing in this Section 6.4(b) or elsewhere in this Agreement will limit the right of Heartland, or any of its Subsidiaries, to amend or terminate any such Heartland Plan at any time. With respect to Heartland Plans in which Premier Valley Employees become eligible to participate after the Closing Date, Heartland or its Subsidiaries will: (i) with respect to each Heartland Plan that is a medical/prescription, dental or vision plan, (x) waive any exclusions for pre-existing conditions under such Heartland Plan that would result in a lack of coverage for any condition for which the applicable Premier Valley Employee would have been entitled to coverage under the corresponding Premier Valley Plan in which such Premier Valley Employee was an active participant immediately prior to his or her transfer to Heartland Plan; and (y) waive any waiting period under such Heartland Plan, to the extent that such period exceeds the corresponding waiting period under the corresponding Plan in which such Premier Valley Employee was an active participant immediately prior to his or her transfer to the Heartland Plan (after taking into account the service credit provided for herein for purposes of satisfying such waiting period); and (ii) recognize service of

the Premier Valley Employees with Premier Valley (or its predecessors) for purposes of eligibility to participate and vesting credit, and, solely with respect to vacation and severance benefits, benefit accrual in any Heartland Plan in which the Premier Valley Employees are eligible to participate after the Effective Time, to the extent that such service was recognized for that purpose under the analogous Premier Valley Plan prior to such transfer; provided, however, that the foregoing will not apply to the extent it would result in duplication of benefits.

(c) Terminated Premier Valley Employees. To the extent that Heartland, or Premier Valley at Heartland's direction, terminates any Premier Valley Employee at, or within six months after, the Effective Time, and such Premier Valley is not entitled to severance benefits under a separate contractual obligation with Premier Valley, Heartland will provide such Premier Valley Employee with severance benefits equivalent to those contained in the Premier Valley Employee Manual (as provided to Heartland prior to the date of this Agreement) for a Reduction in Force.

(d) Limitation on Enforcement. This Section 6.4 is an agreement solely between Premier Valley and Heartland. Nothing in this Section 6.4, whether express or implied, confers upon any employee of Premier Valley, any Subsidiary or Heartland or any other Person, any rights or remedies, including, but not limited to: (i) any right to employment or recall, (ii) any right to continued employment for any specified period or (iii) any right to claim any particular compensation, benefit or aggregate of benefits, of any kind or nature whatsoever, as a result of this Section 6.4.

6.5 Tax Treatment. None of Premier Valley, the Bank Subsidiaries nor Heartland shall take any action which would disqualify the Merger as a "reorganization" that would be tax-free to the shareholders of Premier Valley with respect to the Per Share Stock Consideration pursuant to Section 368(a) of the Code.

6.6 Updated Schedules. On a date fifteen (15) Business Days prior to the Effective Date and on the Effective Date, Premier Valley shall modify any Schedule to this Agreement or add any Schedule or Schedules hereto for the purpose of making the representations and warranties to which any such Schedule relates true and correct in all material respects as of such date, whether to correct any misstatement or omission in any Schedule or to reflect any additional information obtained by Premier Valley subsequent to the date any Schedule was previously delivered by Premier Valley to Heartland. Notwithstanding the foregoing, any updated Schedule shall not have the effect of making any representation or warranty contained in this Agreement true and correct in all material respects for purposes of Section 7.3(a) hereof.

6.7 280G Approval. Premier Valley shall make no payments that separately or in the aggregate could or would result in the payment of any "excess parachute payments" within the meaning of Section 280G of the Code.

6.8 Formation of Merger Sub. Without limiting the generality of Section 6.1, the parties acknowledge and agree that Heartland will be required to organize Merger Sub as a corporation under the Laws of the State of California to consummate the transactions contemplated hereby. Promptly following the receipt of all necessary regulatory approvals, Heartland shall organize Merger Sub and shall submit to the Commissioner of Business Oversight (the "Commissioner") for his or her approval, Articles of Incorporation and Bylaws for Merger Sub in the form of the attached Exhibit C and Exhibit D, respectively, and shall file such Articles of Incorporation with the California Secretary of State as soon as practicable after approval of the Commissioner consistent. The parties further acknowledge and agree that following the organization of Merger Sub, Heartland shall cause Merger Sub to enter into this Agreement. Promptly following the organization of Merger Sub, Heartland shall cause (i) the Board of Directors of Merger Sub to adopt and approve this Agreement and (ii) Merger Sub to execute and deliver to Premier Valley a counterpart signature page to this Agreement.

6.9 Determination of Tangible Equity. At least five (5) Business Days prior to the Closing Date, Premier Valley shall prepare and deliver to Heartland its Closing Financial Statements, prepared in accordance with GAAP consistently applied with Premier Valley historical accounting practices, and its corresponding calculation of Tangible Equity. If Premier Valley and Heartland agree to such calculation and to the Tangible Equity, such amounts shall be

final and conclusive. If Heartland believes that Tangible Equity is less than \$58,812,000 and Heartland and Premier Valley disagree as to such calculations and are unable to reconcile their differences in writing within five (5) Business Days, the Closing Date shall be postponed and, unless otherwise agreed upon by the parties, the items in dispute shall be submitted to a mutually acceptable independent national accounting firm in the United States for final determination, and the calculations shall be deemed adjusted in accordance with the determination of the independent accounting firm and shall become binding, final and conclusive upon all of the parties hereto. The independent accounting firm shall consider only the items in dispute and shall be instructed to act within five (5) Business Days (or such longer period as Premier Valley and Heartland may agree) to resolve all items in dispute. Premier Valley and Heartland shall share equally the payment of reasonable fees and expenses of the independent accounting firm.

6.10 Indemnification; Directors and Officers Insurance.

34

(a) Heartland and Merger Sub agree that all rights of a director, officer or employee of Premier Valley (“Indemnified Parties”) to indemnification provided for in Premier Valley’s articles of incorporation or bylaws or similar governing documents, as applicable in the particular case and as in effect on the date hereof, or required under any applicable Law (including rights to advancement of expenses and exculpation), shall survive the Merger and continue in full force and effect until expiration of the applicable statute of limitations. Without limiting the generality of the foregoing, Heartland agrees that, following the Effective Time, the Surviving Corporation will indemnify any person made a party to any proceeding by reason of the fact that such person was a director, officer or employee of Premier Valley at or prior to the Effective Time to the fullest extent provided in, and shall advance expenses in accordance with, Article IV of the Bylaws of Premier Valley in the form provided to Heartland, in each case subject to all the limitations set forth in such Bylaws and applicable Law. Notwithstanding anything to the contrary contained in this subsection, nothing contained in this Agreement shall require the Surviving Corporation to indemnify, defend or hold harmless any person to a greater extent than Premier Valley is, as of the date of this Agreement, required to indemnify, defend and hold harmless such person and any such indemnification provided pursuant to this Section 6.10 shall be provided only to the extent that such indemnification is permitted by any applicable federal or state Laws.

(b) Prior to the Effective Time, Premier Valley shall or, if Premier Valley is unable to, Heartland or the Surviving Corporation as of the Effective Time shall, obtain and fully pay for “tail” insurance (providing only for the Side A coverage for Indemnified Parties where the existing policies also include Side B coverage for Premier Valley) with a claims period of at least six (6) years from and after the Effective Time with respect to directors’ and officers’ liability insurance and fiduciary liability insurance (collectively, “D&O Insurance”) with benefits and levels of coverage at least as favorable to the Indemnified Parties as Premier Valley’s existing policies with respect to matters existing or occurring at or prior to the Effective Time (including in connection with this Agreement or the transactions or actions contemplated hereby); provided, however, that in no event shall Premier Valley expend for “tail” insurance policies a premium amount in excess of \$40,000 (the “Maximum Amount”). If Premier Valley and Surviving Corporation for any reason fail to obtain such “tail” insurance policies as of the Effective Time, Surviving Corporation shall continue to maintain in effect for a period of at least six (6) years from and after the Effective Time the D&O Insurance in place as of the date of this Agreement with benefits and levels of coverage at least as favorable to the Indemnified Parties as provided in Premier Valley’s existing policies as of the date of this Agreement, or Surviving Corporation shall purchase comparable D&O Insurance for such six-year period with benefits and levels of coverage at least as favorable to the Indemnified Parties as provided in Premier Valley’s existing policies as of the date of this Agreement; provided, however, that in no event shall Premier Valley or Surviving Corporation be required to expend for such policies an annual premium amount in excess of the Maximum Amount; and, provided, further, that if the annual premiums of such insurance coverage exceed such amount, Surviving Corporation shall obtain a policy with the greatest coverage available for a cost not exceeding such amount.

(c) The provisions of this Section 6.10 are intended to be for the benefit of, and shall be enforceable by, each Indemnified Party as if he or she were a party to this Agreement.

ARTICLE 7 CONDITIONS

7.1 Conditions to Obligations of Each Party. The respective obligations of each party to effect the transactions contemplated hereby shall be subject to the fulfillment at or prior to the Effective Time of the following conditions:

(a) Regulatory Approvals. The Regulatory Approvals shall have been obtained and the applicable waiting periods, if any, under all statutory or regulatory waiting periods shall have lapsed. None of such approvals shall contain any conditions or restrictions that Heartland reasonably believes will materially restrict or limit the business or activities of Heartland, Premier Valley or the Bank Subsidiaries or have a Material Adverse Effect on, or would be reasonably likely to have a Material Adverse Effect on Heartland on the one hand, or Premier Valley on the other hand.

- (b) No Injunction. No injunction or other order entered by a state or federal court of competent jurisdiction shall have been issued and remain in effect which would impair the consummation of the transactions contemplated hereby.
- (c) No Prohibitive Change of Law. There shall have been no Law, statute, rule or regulation, domestic or foreign, enacted or promulgated which would materially impair the consummation of the transactions contemplated hereby.
- (d) No Termination. No party hereto shall have terminated this Agreement as permitted herein.

- (e) Shareholder Approval. The Merger shall have been approved by the Required Premier Valley Shareholder Vote.
- (f) Registration Statement. The Registration Statement shall have been declared and shall remain effective and no stop order suspending the effectiveness of the Registration Statement shall have been issued and no proceeding for that purpose shall have been initiated or threatened by the SEC.

7.2 Additional Conditions to Obligation of Premier Valley. The obligation of Premier Valley to consummate the transactions contemplated hereby in accordance with the terms of this Agreement is also subject to the following conditions:

- (a) Representations and Warranties. The representations and warranties set forth in Article 3 that are not subject to materiality or Material Adverse Effect qualifications will be true and correct in all material respects at and as of the Closing Date as though then made and as though the Closing Date had been substituted for the date of this Agreement in such representations and warranties, except that any representation or warranty expressly made as of a specified date will only need to have been true on and as of such date, and the representations and warranties set forth in Article 3 that are subject to materiality or Material Adverse Effect qualifications will be true and correct in all respects at and as of the Closing Date as though then made and as though the Closing Date had been substituted for the date of this Agreement in such representations and warranties, except that any representation or warranty expressly made as of a specified date will only need to have been true on and as of such date (without taking into account any supplemental disclosures after the date of this Agreement by Heartland or the discovery of information by Premier Valley).
- (b) Agreements. Heartland shall have performed and complied in all material respects with each of its agreements contained in this Agreement.
- (c) Officer's Certificate. Heartland shall have furnished to Premier Valley a certificate of the Chief Financial Officer of Heartland, dated as of the Effective Time, in which such officer shall certify that such officer has no reason to believe that the conditions set forth in Sections 7.2(a) and (b) have not been fulfilled.
- (d) Heartland Secretary's Certificate. Heartland shall have furnished to Premier Valley (i) copies of the text of the resolutions by which the corporate action on the part of Heartland necessary to approve this Agreement and the transactions contemplated hereby were taken, and (ii) a certificate dated as of the Effective Time executed on behalf of Heartland by its corporate secretary or one of its assistant corporate secretaries certifying to Premier Valley that such copies are true, correct and complete copies of such resolutions and that such resolutions were duly adopted and have not been amended or rescinded.
- (e) Merger Sub's Secretary's Certificate. Merger Sub shall have furnished to Premier Valley (i) copies of the text of the resolutions by which the corporate action on the part of Merger Sub necessary to approve this Agreement and the transactions contemplated hereby were taken, and (ii) a certificate dated as of the Effective Time executed on behalf of Merger Sub by its corporate secretary or one of its assistant corporate secretaries certifying to Premier Valley that such copies are true, correct and complete copies of such resolutions and that such resolutions were duly adopted and have not been amended or rescinded.
- (f) Change in Control of Heartland. Heartland shall not have (i) been merged or consolidated with or into, or announced an agreement to merge with or into, another corporation in any transaction in which the holders of the voting securities of Heartland would not hold a majority of the voting securities of the surviving corporation, (ii) sold all or substantially all of its assets, or (iii) had one Person or group acquire, directly or indirectly, beneficial ownership of more than 50% of the outstanding Heartland Common Stock.
- (g) No Material Adverse Effect. If the Average Closing Price is less than the Minimum Closing Price, there shall not have occurred since the date of this Agreement any material adverse change in, or any event, occurrence or

development in the business of Heartland or its subsidiaries, taken as a whole, that, taken together with other events, occurrences and developments with respect to such business, has had or would reasonably be expected to have a Material Adverse Effect; provided, however, that a Material Adverse Effect shall not be deemed to include the impact of General Effects.

(h) NASDAQ Listing of Heartland Common Stock. The shares of Heartland Common Stock to be issued in connection with the Merger shall have been authorized for listing on the NASDAQ Global Select Market, subject to official notice of issuance.

(i) Other Materials. Premier Valley shall have received the materials set forth in Section 2.8(b).

7.3 Additional Conditions to Obligation of Heartland. The obligation of Heartland to consummate the transactions contemplated hereby in accordance with the terms of this Agreement is also subject to the following conditions:

- (a) Representations and Compliance. The representations and warranties set forth in Article 4 that are not subject to materiality or Material Adverse Effect qualifications will be true and correct in all material respects at and as of the Closing Date as though then made and as though the Closing Date had been substituted for the date of this Agreement in such representations and warranties, except that any representation or warranty expressly made as of a specified date will only need to have been true on and as of such date, and the representations and warranties set forth in article 4 that are subject to materiality or Material Adverse Effect qualifications will be true and correct in all respects at and as of the Closing Date as though then made and as though the Closing Date had been substituted for the date of this Agreement in such representations and warranties, except that any representation or warranty expressly made as of a specified date will only need to have been true on and as of such date (without taking into account any supplemental disclosures after the date of this Agreement by Premier Valley or the discovery of information by Heartland).
- (b) Agreements. Premier Valley shall have performed and complied in all material respects with each of its agreements contained in this Agreement.
- (c) Officers' Certificate of Premier Valley. Premier Valley shall have furnished to Heartland a certificate of the Chief Executive Officer and Chief Financial Officer of Premier Valley, dated as of the Effective Time, in which such officers shall certify to the conditions set forth in Section 7.3(a).

- (g) Employment Agreement. Merger Sub, as the Surviving Corporation, shall have entered into an employment agreement with J. Mike McGowan substantially on the terms set forth in the attached Exhibit E.
- (h) Other Materials. Heartland shall have received the materials set forth in Section 2.8(a).

ARTICLE 8

TERMINATION, AMENDMENT AND WAIVER

8.1 Reasons for Termination. This Agreement, by prompt written notice given to the other parties prior to or at the Closing, may be terminated:

- (a) by mutual consent of the boards of directors of Heartland and Premier Valley;
- (b) by either party if:

- (i) a Law or Governmental Order will have been enacted, entered, enforced, promulgated, issued or deemed applicable to the transactions contemplated by this Agreement by any Governmental Entity that prohibits the Closing;
- (ii) at the Premier Valley Shareholders' Meeting, this Agreement shall not have been duly adopted by the Required Premier Valley Shareholder Vote;

- (iii) the Merger is disapproved (or suggested or recommended to be withdrawn) by any Regulatory Authority; or
- (iv) the Effective Time has not occurred by March 31, 2016; provided, however, that the right to terminate under this Section 8.1(b)(iv) shall not be available to any party whose failure to fulfill any material obligation under this Agreement has been the cause of, or has resulted in, the failure of the Effective Time to occur on or before such date.

(c) by Premier Valley if:

(i) Heartland or Merger Sub shall fail to comply in any material respect with any of their respective covenants or agreements contained in this Agreement or if any of the representations and warranties of Heartland contained herein shall be inaccurate in any material respect. If the Board of Directors of Premier Valley desires to terminate this Agreement because of an alleged breach or inaccuracy as provided in this Section 8.1(c)(i), the Board of Directors must notify Heartland in writing of its intent to terminate stating the reason. Heartland shall have 5 days from the receipt of such notice to cure the alleged breach or inaccuracy, if the breach or inaccuracy is capable of being cured;

(ii) (A) Premier Valley will have delivered to Heartland a written notice of the intent of Premier Valley to enter into a merger, acquisition or other agreement (including an agreement in principle) to effect a Superior Proposal based on an Acquisition Proposal received by it, (B) five Business Days have elapsed following delivery to Heartland of such written notice by Premier Valley, (C) during such five Business Day period Premier Valley has fully cooperated with Heartland, including, without limitation, informing Heartland of the terms and conditions of such Acquisition Proposal and the identity of the Person making such Acquisition Proposal, with the intent of enabling Heartland to agree to a modification of the terms and conditions of this Agreement so that the transactions contemplated hereby may be effected, and (D) at the end of such five Business Day period the Board of Directors of Premier Valley will have continued reasonably to believe that such Acquisition Proposal constitutes a Superior Proposal; or

(iii) any of the conditions set forth in Sections 7.1 or 7.2 will have become impossible to satisfy.

(d) by Heartland if:

(i) Premier Valley or any party to the Voting Agreement shall fail to comply in any material respect with any of their respective covenants or agreements contained in this Agreement or in the Voting Agreement or if any of the representations and warranties of Premier Valley contained herein or of the parties to the Voting Agreement contained therein shall be inaccurate in any material respect. If the Board of Directors of Heartland desires to terminate this Agreement because of an alleged breach or inaccuracy as provided in this Section 8.1(d)(i), the Board of Directors must notify Premier Valley in writing of its intent to terminate stating the reason therefore. Premier Valley shall have five (5) days from the receipt of such notice to cure the alleged breach or inaccuracy, if the breach or inaccuracy is capable of being cured;

(ii) the Board of Directors of Premier Valley shall make a Change of Board Recommendation;

(iii) Premier Valley shall have failed to take a vote of shareholders as a result of an intentional breach of the first sentence of Section 6.2(a), 6.2(a) and at least 20 days shall have passed since the Registration Statement containing the proxy statement/prospectus relating to the shareholder meeting shall have been declared effective and remained available for use in connection with the Shareholder Meeting (in each case, other than as a result of Heartland's failure to comply fully with its obligations under this Agreement);

(iv) any of the conditions set forth in Sections 7.1 or 7.3 will have become impossible to satisfy.

8.2 Effect of Termination. Except as provided in Sections 5.2, 8.3, 8.4 and 8.5, if this Agreement is terminated pursuant to Section 8.1, this Agreement shall forthwith become void, there shall be no Liability under this Agreement

on the part of Heartland, Merger Sub, Premier Valley or any of their respective representatives, and all rights and obligations of each party hereto shall cease; provided, however, that, subject to Sections 8.3 and 8.4, nothing herein shall relieve any party from Liability for any willful or intentional material breach of this Agreement.

8.3 Expenses. Unless a party has committed a willful or intentional material breach of this Agreement (in which case the party not committing such breach shall be entitled to recoupment of expenses, in addition to any other damages available at law), all expenses incurred in connection with this Agreement and the transactions contemplated by this Agreement shall be paid by the party incurring such expenses, whether or not the Merger is consummated.

8.4 Premier Valley Termination Payments. If this Agreement is terminated by Premier Valley pursuant to 8.1(c)(ii), or by Heartland pursuant to Sections 8.1(d)(ii) or 8.1(d)(iii), or pursuant to Section 8.1(d)(i) because of a breach of any portion of Section 5.8 or Section 6.2(a), then Premier Valley shall pay to Heartland (in addition to any payment that may be due under Section 8.3), a termination fee of \$3,000,000 as the sole and exclusive remedy of Heartland (excepting remedies for fraud, which are not waived by receipt of such payment, but including any remedy for specific performance which is so waived), as agreed upon liquidated damages.

8.5 Amendment. This Agreement may not be amended except by an instrument in writing approved by the parties to this Agreement and signed on behalf of each of the parties.

8.6 Waiver. At any time prior to the Effective Time, any party hereto may (a) extend the time for the performance of any of the obligations or other acts of the other parties hereto or (b) waive compliance with any of the agreements of any other parties or with any conditions to its own obligations, in each case only to the extent such obligations, agreements and conditions are intended for its benefit.

9.3 Assignment. Neither this Agreement nor any of the rights, interests or obligations under this Agreement may be assigned by any party to this Agreement without the prior written consent of the other parties to this Agreement, except that Heartland may assign any of its rights under this Agreement to one or more Subsidiaries of Heartland, so long as Heartland remains responsible for the performance of all of its obligations under this Agreement. Subject to the foregoing, this Agreement and all of the provisions of this Agreement will be binding upon and inure to the benefit of the parties to this Agreement and their respective successors and permitted assigns.

9.4 No Third Party Beneficiaries. Nothing expressed or referred to in this Agreement confers any rights or remedies upon any Person that is not a party or permitted assign of a party to this Agreement.

9.5 Schedules. The Schedules correspond to the specific sections contained in Article 4. Nothing in a Schedule is deemed adequate to disclose an exception to a representation or warranty made in this Agreement unless the Schedule identifies in the corresponding schedule the exception with particularity and describes the relevant facts in detail. Without limiting the generality of the foregoing, the mere listing (or inclusion of a copy) of a document or other item is not deemed adequate to disclose an exception to a representation or warranty unless the representation or warranty relates solely to the existence of the document or other item itself. Each Schedule relates only to the representations and warranties in the section and subsection of this Agreement to which they correspond and not to any other representation or warranty in this Agreement. In the event of any inconsistency between the statements in this Agreement and statements in a Schedule, the statements in this Agreement will control and the statements in the Schedule will be disregarded.

9.6 Interpretation. The headings contained in this Agreement are for reference purposes only and shall not affect the meaning or interpretation of this Agreement. References to Sections and Articles refer to Sections and Articles of this Agreement unless otherwise stated. 9.8 Complete Agreement. This Agreement contains the complete agreement between the parties and supersedes any prior understandings, agreements or representations by or between the parties, written or oral. Each party hereto acknowledges that the other party has made no representations, warranties, agreements, undertakings or promises except for those expressly set forth in this Agreement or in agreements referred to herein that survive the execution and delivery of this Agreement.

Accordingly, each of the parties agrees that the other parties will be entitled to an injunction or injunctions to prevent breaches of the provisions of this Agreement and to enforce specifically this Agreement and the terms and provisions of this Agreement in addition to any other remedy to which they may be entitled, at law or in equity (without any requirement that such party provide any bond or other security). The parties waive any defense that a remedy at law is adequate and any requirement to post bond or provide similar security in connection with actions instituted for injunctive relief or specific performance of this Agreement.

9.11 Waiver of Jury Trial. EACH PARTY ACKNOWLEDGES AND AGREES THAT ANY CONTROVERSY THAT MAY ARISE UNDER THIS AGREEMENT IS LIKELY TO INVOLVE COMPLICATED AND DIFFICULT ISSUES, AND THEREFORE IT IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN ANY LITIGATION DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED BY THIS AGREEMENT. EACH PARTY CERTIFIES AND ACKNOWLEDGES THAT (I) NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PARTY HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PARTY WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER, (II) IT UNDERSTANDS AND HAS CONSIDERED THE IMPLICATIONS OF SUCH WAIVER, (III) IT MAKES SUCH WAIVER VOLUNTARILY AND (IV) IT HAS BEEN INDUCED TO ENTER INTO THIS AGREEMENT BY, AMONG OTHER THINGS, THE MUTUAL WAIVER AND CERTIFICATIONS IN THIS SECTION 9.11.

9.12 Investigation of Representations, Warranties and Covenants. No investigation made by or on behalf of the parties hereto or the results of any such investigation shall constitute a waiver of any representation, warranty or covenant of any other party.

Chapter 13

DISSENTERS' RIGHTS

1300. (a) If the approval of the outstanding shares (Section 152) of a corporation is required for a reorganization under subdivisions (a) and (b) or subdivision (e) or (f) of Section 1201, each shareholder of the corporation entitled to vote on the transaction and each shareholder of a subsidiary corporation in a short-form merger may, by complying with this chapter, require the corporation in which the shareholder holds shares to purchase for cash at their fair market value the shares owned by the shareholder which are dissenting shares as defined in subdivision (b). The fair market value shall be determined as of the day of, and immediately prior to, the first announcement of the terms of the proposed reorganization or short-form merger, excluding any appreciation or depreciation in consequence of the proposed reorganization or short-form merger, as adjusted for any stock split, reverse stock split, or share dividend that becomes effective thereafter.

(b) As used in this chapter, "dissenting shares" means shares to which all of the following apply:

(1) That were not, immediately prior to the reorganization or short-form merger, listed on any national securities exchange certified by the Commissioner of Corporations under subdivision (o) of Section 25100, and the notice of meeting of shareholders to act upon the reorganization summarizes this section and Sections 1301, 1302, 1303 and 1304; provided, however, that this provision does not apply to any shares with respect to which there exists any restriction on transfer imposed by the corporation or by any law or regulation; and provided, further, that this provision does not apply to any shares where the holder of those shares is required, by the terms of the reorganization or short-form merger, to accept for the shares anything except: (A) shares of any other corporation, which shares, at the time the reorganization or short-form merger is effective, are listed on any national securities exchange certified by the Commissioner of Corporations under subdivision (o) of Section 25100; (B) cash in lieu of fractional shares described in the foregoing subparagraph (A); or (C) any combination of the shares and cash in lieu of fractional shares described in the foregoing subparagraphs (A) and (B).

(2) That were outstanding on the date for the determination of shareholders entitled to vote on the reorganization and (A) were not voted in favor of the reorganization or, (B) if described in paragraph (1), were voted against the reorganization, or were held of record on the effective date of a short-form merger; provided, however, that subparagraph (A) rather than subparagraph (B) of this paragraph applies in any case where the approval required by Section 1201 is sought by written consent rather than at a meeting.

(3) That the dissenting shareholder has demanded that the corporation purchase at their fair market value, in accordance with Section 1301.

(4) That the dissenting shareholder has submitted for endorsement, in accordance with Section 1302.

(c) As used in this chapter, "dissenting shareholder" means the recordholder of dissenting shares and includes a transferee of record.

1301. (a) If, in the case of a reorganization, any shareholders of a corporation have a right under Section 1300, subject to compliance with paragraphs (3) and (4) of subdivision (b) thereof, to require the corporation to purchase their shares for cash, that corporation shall mail to each of those shareholders a notice of the approval of the reorganization by its outstanding shares (Section 152) within 10 days after the date of that approval, accompanied by a copy of Sections 1300, 1302, 1303, and 1304 and this section, a statement of the price determined by the corporation to represent the fair market value of the dissenting shares, and a brief description of the procedure to be followed if the shareholder desires to exercise the shareholder's right under those sections. The statement of price constitutes an offer by the corporation to purchase at the price stated any dissenting shares as defined in subdivision (b) of Section 1300, unless they lose their status as dissenting shares under Section 1309.

(b) Any shareholder who has a right to require the corporation to purchase the shareholder's shares for cash under Section 1300, subject to compliance with paragraphs (3) and (4) of subdivision (b) thereof, and who desires the corporation to purchase shares shall make written demand upon the corporation for the purchase of those shares and payment to the shareholder in cash of their fair market value. The demand is not effective for any purpose unless it is received by the corporation or any transfer agent thereof (1) in the case of shares described in subdivision (b) of

Section 1300, not later than the date of the shareholders' meeting to vote upon the reorganization, or (2) in any other case, within 30 days after the date on which the notice of the approval by the outstanding shares pursuant to subdivision (a) or the notice pursuant to subdivision (h) of Section 1110 was mailed to the shareholder.

B-1

(c) The demand shall state the number and class of the shares held of record by the shareholder which the shareholder demands that the corporation purchase and shall contain a statement of what the shareholder claims to be the fair market value of those shares as determined pursuant to subdivision (a) of Section 1300. The statement of fair market value constitutes an offer by the shareholder to sell the shares at that price.

1302. Within 30 days after the date on which notice of the approval by the outstanding shares or the notice pursuant to subdivision (h) of Section 1110 was mailed to the shareholder, the shareholder shall submit to the corporation at its principal office or at the office of any transfer agent thereof, (a) if the shares are certificated securities, the shareholder's certificates representing any shares which the shareholder demands that the corporation purchase, to be stamped or endorsed with a statement that the shares are dissenting shares or to be exchanged for certificates of appropriate denomination so stamped or endorsed or (b) if the shares are uncertificated securities, written notice of the number of shares which the shareholder demands that the corporation purchase. Upon subsequent transfers of the dissenting shares on the books of the corporation, the new certificates, initial transaction statement, and other written statements issued therefor shall bear a like statement, together with the name of the original dissenting holder of the shares.

1303. (a) If the corporation and the shareholder agree that the shares are dissenting shares and agree upon the price of the shares, the dissenting shareholder is entitled to the agreed price with interest thereon at the legal rate on judgments from the date of the agreement. Any agreements fixing the fair market value of any dissenting shares as between the corporation and the holders thereof shall be filed with the secretary of the corporation.

(b) Subject to the provisions of Section 1306, payment of the fair market value of dissenting shares shall be made within 30 days after the amount thereof has been agreed or within 30 days after any statutory or contractual conditions to the reorganization are satisfied, whichever is later, and in the case of certificated securities, subject to surrender of the certificates therefor, unless provided otherwise by agreement.

1304. (a) If the corporation denies that the shares are dissenting shares, or the corporation and the shareholder fail to agree upon the fair market value of the shares, then the shareholder demanding purchase of such shares as dissenting shares or any interested corporation, within six months after the date on which notice of the approval by the outstanding shares (Section 152) or notice pursuant to subdivision (h) of Section 1110 was mailed to the shareholder, but not thereafter, may file a complaint in the superior court of the proper county praying the court to determine whether the shares are dissenting shares or the fair market value of the dissenting shares or both or may intervene in any action pending on such a complaint.

(b) Two or more dissenting shareholders may join as plaintiffs or be joined as defendants in any such action and two or more such actions may be consolidated.

(c) On the trial of the action, the court shall determine the issues. If the status of the shares as dissenting shares is in issue, the court shall first determine that issue. If the fair market value of the dissenting shares is in issue, the court shall determine, or shall appoint one or more impartial appraisers to determine, the fair market value of the shares.

1305. (a) If the court appoints an appraiser or appraisers, they shall proceed forthwith to determine the fair market value per share. Within the time fixed by the court, the appraisers, or a majority of them, shall make and file a report in the office of the clerk of the court. Thereupon, on the motion of any party, the report shall be submitted to the court and considered on such evidence as the court considers relevant. If the court finds the report reasonable, the court may confirm it.

(b) If a majority of the appraisers appointed fail to make and file a report within 10 days from the date of their appointment or within such further time as may be allowed by the court or the report is not confirmed by the court, the court shall determine the fair market value of the dissenting shares.

(c) Subject to the provisions of Section 1306, judgment shall be rendered against the corporation for payment of an amount equal to the fair market value of each dissenting share multiplied by the number of dissenting shares which any dissenting shareholder who is a party, or who has intervened, is entitled to require the corporation to purchase, with interest thereon at the legal rate from the date on which judgment was entered.

(d) Any such judgment shall be payable forthwith with respect to uncertificated securities and, with respect to certificated securities, only upon the endorsement and delivery to the corporation of the certificates for the shares described in the judgment. Any party may appeal from the judgment.

(e) The costs of the action, including reasonable compensation to the appraisers to be fixed by the court, shall be assessed or apportioned as the court considers equitable, but, if the appraisal exceeds the price offered by the corporation, the

B-2

corporation shall pay the costs (including in the discretion of the court attorneys' fees, fees of expert witnesses and interest at the legal rate on judgments from the date of compliance with Sections 1300, 1301 and 1302 if the value awarded by the court for the shares is more than 125 percent of the price offered by the corporation under subdivision (a) of Section 1301).

1306. To the extent that the provisions of Chapter 5 prevent the payment to any holders of dissenting shares of their fair market value, they shall become creditors of the corporation for the amount thereof together with interest at the legal rate on judgments until the date of payment, but subordinate to all other creditors in any liquidation proceeding, such debt to be payable when permissible under the provisions of Chapter 5.

1307. Cash dividends declared and paid by the corporation upon the dissenting shares after the date of approval of the reorganization by the outstanding shares (Section 152) and prior to payment for the shares by the corporation shall be credited against the total amount to be paid by the corporation therefor.

1308. Except as expressly limited in this chapter, holders of dissenting shares continue to have all the rights and privileges incident to their shares, until the fair market value of their shares is agreed upon or determined. A dissenting shareholder may not withdraw a demand for payment unless the corporation consents thereto.

1309. Dissenting shares lose their status as dissenting shares and the holders thereof cease to be dissenting shareholders and cease to be entitled to require the corporation to purchase their shares upon the happening of any of the following:

(a) The corporation abandons the reorganization. Upon abandonment of the reorganization, the corporation shall pay on demand to any dissenting shareholder who has initiated proceedings in good faith under this chapter all necessary expenses incurred in such proceedings and reasonable attorneys' fees.

(b) The shares are transferred prior to their submission for endorsement in accordance with Section 1302 or are surrendered for conversion into shares of another class in accordance with the articles.

(c) The dissenting shareholder and the corporation do not agree upon the status of the shares as dissenting shares or upon the purchase price of the shares, and neither files a complaint or intervenes in a pending action as provided in Section 1304, within six months after the date on which notice of the approval by the outstanding shares or notice pursuant to subdivision (h) of Section 1110 was mailed to the shareholder.

(d) The dissenting shareholder, with the consent of the corporation, withdraws the shareholder's demand for purchase of the dissenting shares.

1310. If litigation is instituted to test the sufficiency or regularity of the votes of the shareholders in authorizing a reorganization, any proceedings under Sections 1304 and 1305 shall be suspended until final determination of such litigation.

1311. This chapter, except Section 1312, does not apply to classes of shares whose terms and provisions specifically set forth the amount to be paid in respect to such shares in the event of a reorganization or merger.

1312. (a) No shareholder of a corporation who has a right under this chapter to demand payment of cash for the shares held by the shareholder shall have any right at law or in equity to attack the validity of the reorganization or short-form merger, or to have the reorganization or short-form merger set aside or rescinded, except in an action to test whether the number of shares required to authorize or approve the reorganization have been legally voted in favor thereof; but any holder of shares of a class whose terms and provisions specifically set forth the amount to be paid in respect to them in the event of a reorganization or short-form merger is entitled to payment in accordance with those terms and provisions or, if the principal terms of the reorganization are approved pursuant to subdivision (b) of Section 1202, is entitled to payment in accordance with the terms and provisions of the approved reorganization.

(b) If one of the parties to a reorganization or short-form merger is directly or indirectly controlled by, or under common control with, another party to the reorganization or short-form merger, subdivision (a) shall not apply to any shareholder of such party who has not demanded payment of cash for such shareholder's shares pursuant to this chapter; but if the shareholder institutes any action to attack the validity of the reorganization or short-form merger or to have the reorganization or short-form merger set aside or rescinded, the shareholder shall not thereafter have any right to demand payment of cash for the shareholder's shares pursuant to this chapter. The court in any action attacking the validity of the reorganization or short-form merger or to have the reorganization or short-form merger set aside or rescinded shall not restrain or enjoin the consummation of the transaction except upon 10 days' prior notice to the corporation and upon a determination by

B-3

the court that clearly no other remedy will adequately protect the complaining shareholder or the class of shareholders of which such shareholder is a member.

(c) If one of the parties to a reorganization or short-form merger is directly or indirectly controlled by, or under common control with, another party to the reorganization or short-form merger, in any action to attack the validity of the reorganization or short-form merger or to have the reorganization or short-form merger set aside or rescinded, (1) a party to a reorganization or short-form merger which controls another party to the reorganization or short-form merger shall have the burden of proving that the transaction is just and reasonable as to the shareholders of the controlled party, and (2) a person who controls two or more parties to a reorganization shall have the burden of proving that the transaction is just and reasonable as to the shareholders of any party so controlled.

1313. A conversion pursuant to Chapter 11.5 (commencing with Section 1150) shall be deemed to constitute a reorganization for purposes of applying the provisions of this chapter, in accordance with and to the extent provided in Section 1159.

Sandler O'Neill & Partners, L.P., as part of its investment banking business, is regularly engaged in the valuation of financial institutions and their securities in connection with mergers and acquisitions and other corporate transactions. In connection with this opinion, we have reviewed, among other things: (i) the Agreement; (ii) certain publicly available financial statements and other historical financial information of the Company that we deemed relevant; (iii) certain publicly available financial statements and other historical financial information of Heartland that we deemed relevant; (iv) an internal financial forecast for the Company for the year ending December 31, 2015, a net income forecast for the Company for the year ending December 31, 2016, a long-term net income growth rate for the Company for the years thereafter and the Company's share repurchase plan for the years ending December 31, 2016 through December 31, 2019 as provided by the senior management of the Company; (v) publicly available mean analyst earnings per share estimates for Heartland for the years ending December 31, 2015 and December 31, 2016 and a long-term earnings per share growth rate for Heartland for the years thereafter as provided by senior management of Heartland; (vi) certain estimated transaction costs, purchase accounting adjustments, expected cost savings and other synergies as provided by the senior management of Heartland; (vii) a comparison of certain financial and other information, including stock trading information, for the Company and Heartland with similar publicly available information for certain other publicly traded commercial banks; (viii) the financial terms of certain other recent merger and acquisition transactions in the banking sector; (ix) the current market environment generally and the banking environment in particular; and (x) such other information, financial studies, analyses and investigations and financial, economic and market criteria as we considered relevant. We also discussed with certain members of senior management of the Company the business, financial condition, results of operations and prospects of the Company and held similar discussions with the senior management of Heartland regarding the business, financial condition, results of operations and prospects of Heartland.

In performing our review, we have relied upon the accuracy and completeness of all of the financial and other information that was available to us from public sources, that was provided to us by the Company and Heartland or that was otherwise reviewed by us and have assumed such accuracy and completeness for purposes of preparing this letter. We have further relied on the assurances of the respective managements of the Company and Heartland that they are not aware of any facts or circumstances that would make any of such information inaccurate or misleading in any material respect. We did not make an independent evaluation or appraisal of the specific assets, the collateral securing assets or the liabilities (contingent or otherwise) of the Company and Heartland or any of their respective subsidiaries. We did not make an independent evaluation of the adequacy of the allowance for loan losses of the Company, Heartland or the combined entity after the Merger and we have not reviewed any individual credit files relating to the Company and Heartland. We have assumed, with your consent, that the respective allowances for loan losses for both the Company and Heartland are adequate to cover such losses and will be adequate on a pro forma basis for the combined entity.

In preparing its analyses, Sandler O'Neill used an internal financial forecast for the Company for the year ending December 31, 2015, a net income forecast for the Company for the year ending December 31, 2016, a long-term net income growth rate for the Company for the years thereafter and the Company's share repurchase plan for the years ending December 31, 2016 through December 31, 2019 as provided by the senior management of the Company. In addition, Sandler O'Neill used publicly available mean analyst earnings per share estimates for Heartland for the years ending December 31, 2015 and December 31, 2016 and a long-term earnings per share growth rate for Heartland for the years thereafter as provided by the senior management of Heartland. Sandler O'Neill also received and used in its analyses certain projections of transaction costs, purchase accounting adjustments, expected cost savings and other synergies which were provided by the senior management of Heartland. With respect to those forecasts, projections, estimates and judgments, the respective management of the Company and Heartland confirmed to us that those forecasts, projections, estimates and judgments reflected the best currently available forecasts, projections, estimates and judgments of those respective managements of the future financial performance of the Company and Heartland, respectively, and we assumed that such performance would be achieved. We express no opinion as to such forecasts, projections, estimates or judgments or the assumptions on which they are based. We have assumed that there has been no material change in the respective assets, financial condition, results of operations, business or prospects of the Company or Heartland since the date of the most recent financial data made available to us. We have also assumed in all respects material to our analysis that the Company and Heartland would remain as a going concern for all periods relevant to our analyses. We express no opinion as to any of the legal, accounting and tax matters relating to the Merger and any other transactions contemplated in connection therewith.

We have also assumed, with your consent, that (i) each of the parties to the Agreement will comply in all material respects with all material terms of the Agreement and all related agreements, that all of the representations and warranties contained in such agreements are true and correct in all material respects, that each of the parties to such agreements will perform in all material respects all of the covenants required to be performed by such party under the agreements and that the conditions precedent in such agreements are not waived, (ii) in the course of obtaining the necessary regulatory or third party approvals, consents and releases with respect to the Merger, no delay, limitation, restriction or condition will be imposed that would have an adverse effect on the Company, Heartland or the Merger and (iii) the Merger and any related transaction will be consummated in accordance with the terms of the Agreement without any waiver, modification or amendment of any material term, condition or agreement thereof and in compliance with all applicable laws and other requirements.

Our analyses and the views expressed herein are necessarily based on financial, economic, regulatory, market and other conditions as in effect on, and the information made available to us as of, the date hereof. Events occurring after the date hereof could materially affect our views. We have not undertaken to update, revise, reaffirm or withdraw this letter or otherwise comment upon events occurring after the date hereof. We express no opinion as to the trading values of the Company common stock or Heartland common stock after the date of this opinion or what the value of Heartland common stock will be once it is actually received by the holders of the Company Common Stock.

We have acted as the Company's financial advisor in connection with the Merger and a significant portion of our fees are contingent upon the closing of the Merger. We also will receive a fee from the Company as a result of our rendering this opinion. The Company has also agreed to indemnify us against certain liabilities arising out of our engagement. In the ordinary course of our business as a broker-dealer, we may purchase securities from and sell securities to the Company and Heartland and their affiliates. We may also actively trade the equity and debt securities of the Company and Heartland or their affiliates for our own account and for the accounts of our customers. In the past, as we have previously advised you, we have provided certain other investment banking services to Heartland and have received compensation for such services and may provide, and receive compensation for, such services in the future.

This letter is directed to the Board of Directors of the Company in connection with its consideration of the Merger and does not constitute a recommendation to any shareholder of the Company as to how such shareholder should vote at any meeting of shareholders called to consider and vote upon the Merger. Our opinion is directed only to the fairness, from a financial point of view, of the Merger Consideration to be paid to holders of the Company common stock and does not address the underlying business decision of the Company to engage in the Merger, the relative merits of the Merger as compared to any other alternative business strategies that might exist for the Company or the effect of any other transaction in which the Company might engage. This opinion shall not be reproduced without Sandler O'Neill's prior written consent, provided however Sandler O'Neill will provide its consent for the opinion to be included in required regulatory filings (including the proxy statement to be sent to shareholders of the Company) to be completed in connection with the Merger. This Opinion has been approved by Sandler O'Neill's fairness opinion committee. We do not express any opinion as to the fairness of the amount or nature of the compensation to be received in the Merger by the Company's officers, directors, or employees, or class of such persons, relative to the compensation to be received in the Merger by any other shareholders of the Company.

Based upon and subject to the foregoing, it is our opinion that, as of the date hereof, the Merger Consideration is fair to the holders of the Company common stock from a financial point of view.

Very truly yours,

/s/ Sandler O'Neill & Partners, L.P.

PART II
INFORMATION NOT REQUIRED IN PROSPECTUS

Item 20. Indemnification of Directors and Officers.

Heartland is incorporated under the laws of the State of Delaware. Section 145 of the General Corporation Law of the State of Delaware, or DGCL, empowers a Delaware corporation to indemnify any persons who are, or are threatened to be made, parties to any threatened, pending or completed legal action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of such corporation), by reason of the fact that such person is or was an officer or director of such corporation, or is or was serving at the request of such corporation as a director, officer, employee or agent of another corporation or enterprise. The indemnity may include expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding, provided that such officer or director acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the corporation's best interests, and, for criminal proceedings, had no reasonable cause to believe his or her conduct was illegal. A Delaware corporation may indemnify officers and directors against expenses (including attorneys' fees) in connection with the defense or settlement of an action by or in the right of the corporation under the same conditions, except that no indemnification is permitted without judicial approval if the officer or director is adjudged to be liable to the corporation. Where an officer or director is successful on the merits or otherwise in the defense of any action referred to above, the corporation must indemnify him or her against the expenses which such officer or director actually and reasonably incurred.

As permitted by Delaware law, Heartland has included in its certificate of incorporation a provision to eliminate the personal liability of our directors for monetary damages for breach of their fiduciary duties as directors, subject to certain limitations. In addition, Heartland's certificate of incorporation and bylaws provide that it is required to indemnify its officers and directors under certain circumstances, including those circumstances in which indemnification would otherwise be discretionary and Heartland may advance expenses to its officers and directors as incurred in connection with proceedings against them for which they may be indemnified.

Item 22. Undertakings.

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of this registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (1)(i), (1)(ii) and (1)(iii) of this section do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of this registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), 424(b)(5), or 424(b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), 415(a)(1)(vii), or 415(a)(1)(x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of the securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof; provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities

Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(6) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
