Dear Fellow Titan International Stockholder,

We are writing to urge stockholders to vote "FOR" proposal #5 - a stockholder proposal regarding declassifying the board of directors (the "Board") of Titan International, Inc. ("Titan") at Titan's Annual Meeting of Stockholders on June 4, 2015.

The California State Teachers' Retirement System (CalSTRS) is the largest educator-only pension fund in the world and currently manages over \$191 billion in assets. CalSTRS is a long-term oriented investor, and has been an investor in Titan since 2005.

VOTE FOR PROPOSAL #5 TO DECLASSIFY THE BOARD AT TITAN

CalSTRS believes that good corporate governance practices, and the accountability they impose, are closely related to long-term financial performance. It is intuitive that when directors are accountable for their actions, they perform better. A staggered board has been found to be one of six entrenching mechanisms that are negatively correlated with company performance, see "What Matters in Corporate Governance?" Lucian Bebchuk, Alma Cohen & Allen Ferrell, Harvard Law School, Discussion Paper No. 491 (09/2004, revised 04/2009). CalSTRS also believes that stockholders are willing to pay a premium for corporations with excellent corporate governance. If Titan were to take steps necessary to declassify its Board, it would be a strong statement that Titan is committed to good corporate governance and its long-term financial performance.

POOR LONG-TERM PERFORMANCE

Titan has underperformed its peer group and the market, and we believe that greater board accountability will facilitate better performance going forward.
