### PROXY STATEMENT

On March 17, 2003, we expect to begin mailing to you and other stockholders the proxy card, this proxy statement, and the Corporation's Annual Report and its Form 10-K Report (the Annual Report and Form 10-K Report together, hereinafter, "annual report") for 2002, which contains important financial and narrative information. This Proxy Statement and the accompanying proxy card relate to the Board of Directors' solicitation of your proxy for use at the Annual Meeting of Stockholders to be held May 8, 2003 ("2003 Annual Meeting"). Only stockholders of record on March 7, 2003, are entitled to vote at the 2003 Annual Meeting. As of January 31, 2003, the Corporation had issued and outstanding 410,211,683 shares of Common Stock, of which 389,042,558 shares were entitled to one vote per share.

AS A CONVENIENCE TO YOU, YOU MAY VOTE BY TELEPHONE OR INTERNET. THE ENCLOSED PROXY CARD DESCRIBES HOW TO USE THESE SERVICES. OR, YOU MAY CONTINUE TO VOTE BY MAIL; IF YOU PROPERLY MARK, SIGN AND DATE THE ENCLOSED PROXY CARD AND TIMELY RETURN IT TO THE BANK OF NEW YORK, THE SHARES REPRESENTED BY THAT PROXY CARD WILL BE VOTED IN ACCORDANCE WITH ITS TERMS.

ANY STOCKHOLDER OF RECORD MAY REVOKE A SIGNED AND RETURNED PROXY CARD (OR A PROXY GIVEN BY TELEPHONE OR INTERNET) AT ANY TIME BEFORE THE PROXY IS VOTED BY: (A) GIVING PRIOR NOTICE OF REVOCATION IN ANY MANNER TO THE CORPORATION; (B) DELIVERING A SUBSEQUENT PROXY BY ANY MEANS; OR (C) ATTENDING THE 2003 ANNUAL MEETING AND VOTING IN PERSON.

If shares are held for you in street name as the beneficial owner through a broker, bank or other nominee, you may vote your shares by submitting voting instructions to your broker or nominee. Please refer to the voting instruction card included with these materials by your broker or nominee.

If shares are credited to your account in the Norfolk Southern Corporation Thoroughbred Retirement Investment Plan or the Thrift and Investment Plan, your proxy card serves as a voting instruction for the trustee of each Plan, Vanguard Fiduciary Trust Company. If you do not return your proxy card by May 2, 2003, the trustee will vote your shares for each item on the proxy card in the same proportion as the shares that are voted for that item by the other participants

## Edgar Filing: NORFOLK SOUTHERN CORP - Form DEF 14A

in the respective Plan.

The cost of soliciting these proxies will be paid by the Corporation, including the reimbursement, upon request, of brokerage firms, banks and other institutions, nominees and trustees for the reasonable expenses they incur to forward proxy materials to beneficial owners. Officers and other regular employees of the Corporation may solicit proxies by telephone, telegram, facsimile, electronic mail or personal interview; they receive no additional compensation for doing so. The Corporation has retained Innisfree M&A Incorporated to assist in the solicitation of proxies at an approximate cost of \$12,500 plus reasonable out-of-pocket expenses.

In accordance with Rule 14a-3(e)(1) promulgated by the Securities and Exchange Commission ("SEC"), multiple beneficial stockholders sharing an address may receive a single annual report and proxy statement, unless the intermediary or the Corporation has received contrary instructions from one or more of the stockholders. Upon oral or written request, the Corporation will promptly deliver a separate copy of the annual report or proxy statement to a stockholder at a shared address to which a single copy of the document was delivered. If you would like a separate copy of this Proxy Statement or the annual report for 2002, or if you wish to receive a separate annual report or proxy statement in the future, you may contact: Dezora M. Martin, Corporate Secretary, Norfolk Southern Corporation, Three Commercial Place, 13th Floor, Norfolk, Virginia 23510 (telephone 757-629-2680).

The Corporation does not currently plan to deliver a single annual report or proxy statement to multiple record stockholders sharing an address. However, if that procedure were to be used in the future for stockholders of record at a shared address, you would use the above contact to request delivery of a single document.

### CONFIDENTIALITY

We have put policies in place to safeguard the confidentiality of proxies and ballots. The Bank of New York, New York, N.Y., which has been retained at an estimated cost of \$20,500 to tabulate all proxies and ballots cast at the 2003 Annual Meeting, is bound contractually to maintain the confidentiality of the voting process. In addition, each Inspector of Election will have taken the oath required by Virginia law to execute duties faithfully and impartially.

Members of the Board of Directors and employees of the Corporation do not have access to proxies or ballots and therefore do not know how individual stockholders vote on any matter. However, when a stockholder writes a question or comment on a proxy card or ballot, or when there is need to determine the validity of a proxy or ballot, Management and/or its representatives may be involved in providing the answer to the question or in determining such validity.

### BUSINESS TO BE CONDUCTED AT THE ANNUAL MEETING FOR WHICH YOUR PROXY IS SOUGHT

#### 1. ELECTION OF DIRECTORS

Edgar Filing: NORFOLK SOUTHERN CORP - Form DEF 14A

At the 2003 Annual Meeting, the terms of two directors will expire: those of David R. Goode and Harold W. Pote. Effective November 29, 2002, Carroll A. Campbell, Jr., a director whose term would have expired at the 2003 Annual Meeting, retired from the Board of Directors. At its meeting held on November 26, 2002, the Board of Directors amended the Bylaws of the Corporation effective December 1, 2002, to decrease the number of directors from 10 to 9. In order to comply with the requirements of Virginia law, Steven F. Leer, elected in 2002 for a term expiring in 2005, will resign from the class of directors whose terms will expire in 2005, effective upon completion of the election of directors at the Annual Meeting, and has been nominated as director for a new three-year term expiring in 2006; this will result in each class containing as nearly as possible one third of the total number of directors, as required by Virginia law.

UNLESS YOU INSTRUCT OTHERWISE WHEN YOU GIVE US YOUR PROXY, IT WILL BE VOTED IN FAVOR OF THE ELECTION OF MESSRS. GOODE, LEER AND POTE AS DIRECTORS FOR THREE-YEAR TERMS THAT EXPIRE IN 2006.

If any nominee becomes unable to serve--something we have no reason to believe will occur--your proxy will be voted for a substitute nominee to be designated by the Board of Directors, or the Board of Directors will reduce the number of directors.

So that you have information concerning the independence of the process by which nominees and directors whose terms will continue after the 2003 Annual Meeting were selected, we confirm, as required by the SEC, that (1) there are no family relationships among any of the nominees or directors or among any of the nominees or directors and any officer and (2) there is no arrangement or understanding between any nominee or director and any other person pursuant to which the nominee or director was selected.

VOTE REQUIRED TO ELECT A DIRECTOR:Under Virginia law and under the Corporation's Restated Articles of Incorporation, directors are elected at a meeting, so long as a quorum for the meeting exists, by a plurality of the votes cast by the shares entitled to vote in the election. Abstentions or shares that are not voted, such as those held by a broker or other nominee who does not vote in person or by proxy, are not "cast" for this purpose.

2. RATIFICATION OF APPOINTMENT OF INDEPENDENT PUBLIC ACCOUNTANTS

At a meeting held on January 27, 2003, the Audit Committee of the Board of Directors appointed the firm of KPMG LLP, independent public accountants ("KPMG"), to audit the books, records and accounts of the Corporation for the fiscal year ending December 31, 2003. This firm has acted as auditors for the Corporation (and for one of its predecessor companies, Norfolk and Western Railway Company) since 1969. The Audit Committee recommends, and the Board of Directors concurs, that the firm's appointment be ratified by the stockholders, even though such stockholder ratification is not legally required.

All services rendered by KPMG to the Corporation in 2002 were approved in advance or ratified by the Audit Committee. Beginning November 26, 2002, the Audit Committee requires that management obtain the prior approval of the Audit Committee for all audit and non-audit services to be provided by KPMG.

For the fiscal year ended December 31, 2002, KPMG performed the following services for the Corporation:

## Edgar Filing: NORFOLK SOUTHERN CORP - Form DEF 14A

### AUDIT FEES

In fiscal 2002, KPMG performed audit services consisting of the annual audit of the consolidated financial statements of the Corporation and its subsidiaries and limited reviews of quarterly financial statements and billed the Corporation an aggregate amount of \$1,251,525 in connection therewith.

### FINANCIAL INFORMATION SYSTEMS DESIGN AND IMPLEMENTATION FEES

KPMG did not perform nor bill the Corporation for services relating to financial information systems design and implementation during fiscal 2002.

### ALL OTHER FEES

KPMG also performed certain other services consisting principally of examination of internal control over financial reporting, employee benefit plan audits, audits of unconsolidated subsidiaries and affiliates, tax services consisting principally of general tax advice pertaining to customary business matters and assistance with IRS interest claims and state tax planning, accounting and financial reporting consultations and information security and technology project reviews, including security project and quality assurance reviews, enterprise intrusion detection, and security classification of corporate data. KPMG also performed various IT project reviews not related to information security,

6

including a review of changes to the Shared Assets Area (Conrail) operating system. The aggregate fees billed by KPMG for services rendered to the Corporation, other than the services described under the caption "Audit Fees," were \$2,602,155.

Under disclosure rules not yet effective, the sum of KPMG's "Audit Fees," "Audit-Related Fees" and "Tax Fees" exceeds the remaining non-audit fees under "All Other Fees" for 2002.

KPMG has represented to the Audit Committee that its fees are customary.

The Audit Committee of the Board of Directors has considered and concluded that the provision of services other than audit services by KPMG is compatible with maintaining KPMG's independence.

Representatives of KPMG are expected to be present at the 2003 Annual Meeting with the opportunity to make a statement if they so desire and available to respond to appropriate questions.

The Board of Directors recommends that shareholders vote for the proposal to ratify the selection of KPMG as independent auditors for the fiscal year ending December 31, 2003.

**VOTE REQUIRED TO RATIFY APPOINTMENT:** Under Virginia law and under the Corporation's Restated Articles of Incorporation, actions such as the ratification of the appointment of auditors are approved, so long as a quorum for the meeting exists, if the number of votes cast favoring the action exceeds the number of votes cast opposing the action. Abstentions or shares that are not voted, such as those held by a broker or other nominee who does not vote in person or by proxy, are not "cast" for this purpose.

### 3. STOCKHOLDER PROPOSAL CONCERNING DECLASSIFICATION OF THE BOARD OF DIRECTORS

Mr. Hugh L. Sawyer, Jr., whose mailing address is 492 Waldo Street, S.E., Atlanta, Georgia 30312, and who is beneficial owner of 639 shares of the Corporation's Common Stock, has submitted the following proposal, which we are including in the Proxy Statement for stockholder vote as required by Rule 14a-8 promulgated by the SEC. Mr. Sawyer also has provided a "Stockholders' Supporting Statement" which appears immediately after the text of the proposal. Your "Directors' Statement in Opposition" appears after Mr. Sawyer's Supporting Statement.

#### TEXT OF PROPOSAL

-----

RESOLVED: That the stockholders of Norfolk Southern ("the Company") urge the Board of Directors to take the necessary steps, in compliance with state law, to declassify the Board for the purpose of director elections. The Board's declassification shall be completed in a manner that does not affect the unexpired terms of directors previously elected.

#### STOCKHOLDER'S SUPPORTING STATEMENT

-----

The Company's Board is divided into three classes of directors serving staggered three-year terms. This means an individual director faces election only once every three years, and shareholders only vote on roughly a third of the Board each year.

7

Companies often defend classified boards by suggesting that they preserve continuity. I believe continuity is ensured through director re-elections. When directors are performing well they routinely are re-elected with majorities of shares voted.

I believe that annual elections can pave the way for improved board sensitivity to important shareholder issues. In particular, it can help speed the diversification of the Company's Board and introduce new perspectives. In addition, a declassified board allows the company to respond quickly to changes (such as the recent corporate malfeasance scandals and developments in the economy) by giving the board the ability to nominate candidates that are more qualified each year. I believe a declassified board can help give the Company the flexibility it needs as it moves into the future.

According to a California Public Employees Retirement System (CalPERS) official:

by classifying itself, a board insulates its members from immediate challenge from shareholders. Insularity may have made sense in the past, but now we believe that insularity works primarily to hamper accountability.(1)

The evidence shows that shareholders are dissatisfied with classified boards.(2) At the Sysco's, Kroger's and Airborne's 2002 annual meetings, 59.4%(3), 67% and 84%, respectively, voted FOR declassification.

In May 2001, at the Alaska Air annual meeting, 70% of shares cast voted FOR

## Edgar Filing: NORFOLK SOUTHERN CORP - Form DEF 14A

declassification of its Board. In 2000, majorities of shares cast voted FOR declassification of boards at many companies, including:

Baxter International (60.4%);  
Eastman Chemical (70%);  
Eastman Kodak (60.7%);  
Lonestar Steakhouse & Saloon, Inc. (79%);  
Silicon Graphics (81.1%);  
United Health Group (75.7%);  
Kmart4 (68.5%);  
Weyerhaeuser (58%); and  
Kroger (63.5%)

Shareholders at many companies are voting to declassify their board of director elections. In 2001, the Investor Responsibility Research Center reports that shareholder proposals to declassify boards received on average 52.6% of shares cast for the proposal.(5)

By adopting annual elections, the Company can demonstrate its commitment to fuller accountability to shareholders, accountability that honors shareholder prerogatives.

We urge shareholders to vote YES for this proposal.

### DIRECTORS' STATEMENT IN OPPOSITION

-----

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE AGAINST THE PROPOSAL FOR THE FOLLOWING REASONS:

The Board of Directors believes that the proposal set forth above is not in the best interests of the Corporation and its stockholders. With a classified Board, the directors of the Corporation serve three-year staggered terms; this ensures that a majority of directors on the Board at all times have experience as directors of the Corporation. This continuity provides the Board with knowledge of the Corporation's business, its long-term strategy and the complex business and regulatory environment in which the Corporation operates. Research from the Investor Responsibility Research Center (IRRC) indicates that approximately 63% of S&P 500 companies had classified boards in 2001 and that this percentage essentially has remained constant since 1994.

## Edgar Filing: NORFOLK SOUTHERN CORP - Form DEF 14A

The Board of Directors believes that the current Board structure strikes an appropriate balance between providing sufficient continuity in the Board's composition and ensuring that directors are accountable to the stockholders of the Corporation. A classified board allows directors to have a long-term focus in the management of the business of the Corporation, which results in stability of leadership and policy. This makes it less likely that a single individual or special interest group can promote its own agenda, such as labor-management or operational disputes, to the detriment of the Corporation and its stockholders. In short, a classified Board ensures responsible, knowledgeable representation of the interests of the Corporation's stockholders while allowing the Board to focus on maximizing long-term stockholder value.

A classified board structure also enhances the Board's ability to negotiate the best results for the stockholders in a takeover situation. Potential acquirors would be encouraged to negotiate with the Board since it could take more than one annual meeting to effect a change in control of the Board. Therefore, this structure can provide the Board additional time and resulting leverage necessary to negotiate on behalf of stockholders, to evaluate the adequacy and fairness of any takeover proposal and to consider alternative methods of maximizing stockholder value.

The Board of Directors does not believe that the benefits of the current classified board are achieved at the cost of failure of accountability to stockholders. As long as stockholders comply with the advance notice provisions contained in the Bylaws, the stockholders of the Corporation always retain the ability to remove directors, even without cause, or to nominate and elect alternative nominees to the class elected in any given year. As a result, the stockholders have a significant opportunity to express their views regarding the Board's performance and to influence the composition of the Board. In addition, all directors are required

9

by law to uphold their fiduciary responsibility to the Corporation's stockholders regardless of their term of office.

Approval of this proposal, which is framed as a recommendation to the Board, would not automatically eliminate the classified board. Under Virginia law and under the Corporation's Articles of Incorporation, in order to eliminate the classified Board, the Board would need to approve and submit to stockholders an amendment to the Corporation's Articles of Incorporation. The stockholders who hold a majority of the Corporation's outstanding shares would then have to approve such an amendment.

FOR THE REASONS SET FORTH ABOVE, THE BOARD OF DIRECTORS UNANIMOUSLY BELIEVES IT IS IN THE BEST INTERESTS OF THE CORPORATION AND ITS STOCKHOLDERS TO REJECT THE PROPOSAL AND RECOMMENDS A VOTE AGAINST THE PROPOSAL.

VOTE REQUIRED TO APPROVE A STOCKHOLDER PROPOSAL: Under Virginia law and under the Corporation's Restated Articles of Incorporation, stockholder proposals are approved, so long as a quorum for the meeting exists, if the number of votes cast favoring the action exceed the number of votes cast opposing the action. Abstentions or shares that are not voted, such as those held by a broker or other nominee who does not vote in person or by proxy, are not "cast" for this purpose.

4. OTHER MATTERS

## Edgar Filing: NORFOLK SOUTHERN CORP - Form DEF 14A

The Board of Directors does not know of any matters to be presented at the 2003 Annual Meeting other than as noted in this paragraph and elsewhere in this Proxy Statement. If any proposal properly is brought before the 2003 Annual Meeting for a vote, the holders of proxies solicited hereby intend to exercise their discretionary authority to vote against it or them. If any other matters properly come before the meeting, the proxies received pursuant to this solicitation will be voted thereon in accordance with the judgment of the holders of such proxies.

A more detailed discussion of director compensation can be found beginning on page 14. A Stock Unit represents the economic equivalent of a share of Common Stock and further aligns the directors' individual financial interests with the interests of the Corporation's stockholders since the value of the directors' holdings fluctuate with the price of the Corporation's Common Stock. Stock Units

Stock Units are credited to a separate memorandum account maintained for each director and are administered in accordance with the Corporation's Outside Directors' Deferred Stock Unit Program (see information under the "Board of Directors" caption on page 14). Where applicable, also includes NS Stock Units credited to the accounts of directors who have elected under the Directors' Deferred Fee Plan to defer all or a portion of compensation into phantom units whose value is measured by the market value of shares of the Corporation's Common Stock, but which ultimately will be settled in cash, not in shares of Common Stock. NS Stock Units have been available as a hypothetical investment option since January 1, 2001.

### SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16 of the Securities Exchange Act of 1934 requires the Corporation's directors and Executive Officers and any persons beneficially owning more than 10 percent of a class of the Corporation's stock to file certain reports of beneficial ownership and changes in beneficial ownership (Forms 3, 4 and 5) with the SEC and the New York Stock Exchange. Based solely on its review of copies of Forms 3, 4 and 5 available to it, or written representations that no Forms 5 were required, the Corporation believes that all required Forms concerning 2002 beneficial ownership were filed on time by all directors and Executive Officers.

### BOARD OF DIRECTORS

#### COMPOSITION AND ATTENDANCE

On January 31, 2003, the Board of Directors of the Corporation consisted of nine members. The Board is divided into three classes; the members of each class are elected for a term of three years, and at the conclusion of this year's Annual Meeting each class should contain as nearly as possible an equal number

## Edgar Filing: NORFOLK SOUTHERN CORP - Form DEF 14A

of directors -- a requirement of the Corporation's Restated Articles of Incorporation. The Board met seven times in 2002. Each director attended not less than 75% of the aggregate number of meetings of the Board and meetings of all committees on which such director served.

The Board of Directors has adopted Governance Guidelines for the Corporation which, among other matters, require that the non-management members of the Board (the "outside" directors) meet at least twice a year without members of management present. The Chair of the Executive and Governance Committee has been designated to preside at such meetings of the outside directors. Persons who wish to contact the outside directors of the Corporation can do so by contacting the Chair of the Executive and Governance Committee, c/o Corporate Secretary, Norfolk Southern Corporation, Three Commercial Place, Norfolk, Virginia 23510. Communications directed to the Chair will remain confidential. The Governance Guidelines are located on the Corporation's website at nscorp.com under "Investing in the Thoroughbred."

### RETIREMENT POLICY

Under the Corporation's Governance Guidelines, a director must retire effective the date of the annual meeting that next follows the date of that director's 72nd birthday; if a director's 72nd birthday coincides with the date of the annual meeting, that director retires effective that date.

### COMPENSATION

RETAINER AND FEES: In 2002, each member of the Board of Directors, other than Mr. Goode, received an annual retainer for services of \$32,000 and a quarterly fee of \$4,500 for each committee on which the director served, plus expenses in connection with attendance at such meetings. Because Mr. Goode is an officer of the Corporation, he receives no additional compensation for Board service.

DIRECTORS' DEFERRED FEE PLAN: A director may elect to defer receipt of all or a portion of compensation. Amounts deferred are credited to a separate memorandum account maintained in the name of each participating director. Amounts deferred prior to January 1, 2001, earn a fixed rate of interest, which is

14

credited to the account at the beginning of each quarter. In general, the interest rate is determined on the basis of the director's age at the time of the deferral: under age 45, 7%; age 45-54, 10%; age 55-60, 11%; and over age 60, 12 percent. The total amount so credited for amounts deferred prior to January 1, 2001, (including interest earned thereon) is distributed in ten annual installments beginning in the year following the year in which the participant ceases to be a director.

Amounts deferred on or after January 1, 2001, are credited with variable earnings and/or losses based on the performance of hypothetical investment options selected by the director. The hypothetical investment options include NS Stock Units and various mutual funds as crediting indices. NS Stock Units are phantom units whose value is measured by the market value of shares of the Corporation's Common Stock, but the units ultimately will be settled in cash, not in shares of Common Stock. The total amount so credited for amounts deferred on or after January 1, 2001, is distributed in accordance with the director's elected distribution option in one lump sum or a stream of annual cash payments over 5, 10, or 15 years. During 2002, eight directors participated in this Plan, including C. A. Campbell, Jr., who retired from the Board of Directors effective

## Edgar Filing: NORFOLK SOUTHERN CORP - Form DEF 14A

November 29, 2002.

The Corporation's commitment to accrue and pay interest and/or earnings on amounts deferred is facilitated by the purchase of corporate-owned life insurance on the lives of directors. If the Board of Directors determines at any time that changes in the law affect the Corporation's ability to recover the cost of providing the benefits payable under this Plan, the Board, in its discretion, may reduce the interest and/or earnings on deferrals to a rate not less than one half the rate otherwise provided for in the Plan.

**DIRECTORS' RESTRICTED STOCK PLAN:**Each non-employee director serving on January 1, 1994, was awarded 3,000 restricted shares of the Corporation's Common Stock ("Restricted Stock"). Any person who is not and never has been an employee of the Corporation and who is first elected to the Board after January 1, 1994, also receives a grant of 3,000 shares of Restricted Stock upon election to the Board.

Restricted Stock is registered in the name of the director, who has all rights of ownership (including the right to vote the shares and receive dividends); however, Restricted Stock may not be sold, pledged or otherwise encumbered during a restriction period which (a) begins when the Restricted Stock is granted and (b) ends on the earlier of (i) the date the director dies or (ii) six months after the director becomes disabled or retires.

**OUTSIDE DIRECTORS' DEFERRED STOCK UNIT PROGRAM:**Each non-employee director was granted 4,000 Stock Units effective February 3, 2003. It is anticipated that, from time to time, non-employee directors may be granted additional Stock Units in an amount sufficient to assure that their total annual compensation for services is competitive.

Stock Units in each director's memorandum account are credited with dividends as paid on the Corporation's Common Stock, and the amount credited is converted into additional Stock Units, including fractions thereof, based on the mean of the high and low trading prices of the Corporation's Common Stock on the dividend payment date.

Upon leaving the Board for any reason, a director will receive in cash (either in a lump sum or in ten annual installments, in accordance with an election made by each director) an amount determined with respect to the mean of the high and low trading prices of the Corporation's Common Stock. The amount

15

of a lump-sum payment is determined on the basis of the mean of the high and low trading prices of the Corporation's Common Stock on the last business day of the month following the director's cessation of service. The amount of installment payments is determined annually with respect to the mean of the high and low trading prices on the third business day following the first public announcement of earnings for the preceding year. During the ten-year period over which installments are paid, Stock Units in the memorandum account at any time that have not been paid in cash will be credited with dividends as paid on the Corporation's Common Stock.

**DIRECTORS' CHARITABLE AWARD PROGRAM:**Each director serving on February 1, 1996, could nominate one or more tax-exempt institutions to receive up to a total of \$500,000 (payable in five equal annual installments following the director's death); directors elected after February 1, 1996, are entitled to designate up to \$100,000 per year of service until the \$500,000 cap is reached. Another \$500,000 will be paid to the Norfolk Southern Foundation in the director's name following the director's death.

## Edgar Filing: NORFOLK SOUTHERN CORP - Form DEF 14A

This Program supports, in part, the Corporation's long-standing commitment to contribute to educational, cultural and other appropriate charitable institutions and to encourage others to do the same. It is funded, and its costs are expected to be recovered, through corporate-owned life insurance on the directors.

Because the Corporation makes the charitable contributions (and is entitled to the related deduction) and is the owner and the beneficiary of the life insurance policies, directors derive no direct financial benefit from this Program. Moreover, amounts the Foundation receives from insurance proceeds under this Program may reduce what the Corporation otherwise would contribute from general corporate resources to support the Foundation's activities.

The Corporation maintains various banking relationships with Brown Brothers Harriman & Co. ("Brown Brothers"), in which Mr. Hilliard is a partner, on bases that are consistent with normal financial and banking practices. All transactions are entered into in the ordinary course of business on substantially the same terms as those prevailing at the time for comparable transactions with other banks. Brown Brothers was paid fees for managing a portion of the assets of the Corporation's pension fund and fees for brokerage and custodial services rendered to the Norfolk Southern Foundation in 2002. (1) These options (of which the first 4,446 granted to each Named Executive Officer are Incentive Stock Options and the remainder are Non-qualified Stock Options) were granted as of January 28, 2002, and are exercisable one year after the date of grant. Dividend equivalents are paid in cash on these options for five years in an amount equal to, and commensurate with, dividends paid on the Common Stock.

(2) The exercise price (Fair Market Value on the date of grant) may be paid in cash or in shares of Common Stock (previously owned by the optionee for at least one year next preceding the date of exercise) valued at Fair Market Value on the date of exercise.

(3) In accordance with regulations of the SEC, the present value of the option grant on the date of grant was determined using the Black-Scholes statistical model. The actual amount, if any, a Named Executive Officer may realize upon exercise depends on the stock price on the exercise date; consequently, there is no assurance the amount realized by a Named Executive Officer will be at or near the monetary value determined by using this statistical model.

In the case of Common Stock, the Black-Scholes model used the following measures and assumptions:

- (a) a stock volatility factor of 0.4228: volatility was determined by an independent compensation consultant using monthly data averaged over the 60-month period January 1, 1997, through December 31, 2001;
- (b) a dividend yield of 1.24%: yield was determined monthly and averaged over the 60-month period January 1, 1997, through December 31, 2001;
- (c) a 2001 risk-free rate of return of 5.40%: this represents the monthly average 10-year Treasury strip rate during 2001, the year prior to the issuance of these options; and

22

- (d) that the option will be exercised during its 10-year term.

The foregoing produces a Black-Scholes factor of 0.5264 and a resulting present value of \$11.84 for each share of Common Stock subject to the 2002 option grant; the factor and resulting present value have not been adjusted to reflect (i) that options cannot be exercised during the first year of their 10-year term or (ii) the payment of dividend equivalents on unexercised options.

The following table sets forth certain information concerning the exercise of options by each Named Executive Officer during 2002 and the number of unexercised options held by each as of December 31, 2002:

The numbers shown are for the options granted in 2000 and 2001, which are in-the-money.

PERFORMANCE SHARE UNITS ("PSUS")

The following table sets forth certain information concerning the grant in 2002 of PSUs under the Corporation's Long-Term Incentive Plan to each Named Executive Officer. These PSU grants entitle a recipient to "earn out" or receive performance compensation at the end of a three-year performance cycle (2002-2004) based on the Corporation's performance during that three-year period. Under the 2002 award, corporate performance will be measured using three

## Edgar Filing: NORFOLK SOUTHERN CORP - Form DEF 14A

predetermined and equally weighted standards; that is, EACH of the following performance areas will serve as the basis for "earning out" up to ONE THIRD of the total number of PSUs granted: (1) three-year average return on average capital invested ("ROACI"), (2) three-year average NS operating ratio and (3) three-year total return to NS stockholders. A more detailed discussion of these performance criteria can be found in the Joint Committee Report Concerning the 2002 Compensation of Certain Executive Officers under the caption, "Long-Term Incentive Plan," beginning on page 29.

(1) "Earn outs" may be satisfied in cash or in shares of Common Stock (or in some combination of the two).

(2) The Long-Term Incentive Plan does not provide a performance target for an "earn out" under this feature of the Plan; consequently, this column represents 15.8% of the maximum potential "earn out," which, in accordance with applicable rules of the SEC, is the percentage actually "earned out" under the Plan at the end of the performance cycle which ended on December 31, 2001.

#### PENSION PLANS

The following table sets forth the estimated annual retirement benefits payable on a qualified joint-and-survivor-annuity basis in specified remuneration and years of creditable service classifications under the Corporation's qualified defined benefit pension plans, as well as nonqualified supplemental pension plans that provide benefits otherwise denied participants because of certain Internal Revenue Code limitations on qualified plan benefits. It is assumed, for purposes of the table, that an individual retired

in 2002 at age 65 (normal retirement age) with the maximum allowable Railroad Retirement Act annuity. The benefits shown are in addition to amounts payable under the Railroad Retirement Act.

Under the pension plans, covered compensation includes salary and bonus; each officer can expect to receive an annual retirement benefit equal to average annual compensation for the five most highly compensated years out of the last ten years of creditable service multiplied by the number that is equal to 1.5% times total years of creditable service, but not in excess of 60% of such average compensation, less an offset for the annual Railroad Retirement Act annuity.

The respective five-year average compensation and approximate years of creditable service, as of January 1, 2003, for each Named Executive Officer were: Mr. Goode, \$1,818,552 and 37 years; Mr. Prillaman, \$659,325 and 33 years; Mr. Tobias, \$830,029 and 33 years; Mr. Wolf, \$830,029 and 30 years; and Mr. Hixon, \$393,727 and 18 years.

The Board of Directors approved on September 25, 2001, the Corporation's entering into agreements with each of Messrs. Prillaman, Tobias and Wolf, providing enhanced pension benefits in exchange for each individual's continued employment with the Corporation for an additional two years. If the individual remains employed with the Corporation through September 30, 2003, he will receive an additional three years of creditable service and his benefit will be based on average annual compensation for the three

most highly compensated years, instead of the five most highly compensated years, out of the last ten years of creditable service.

CHANGE-IN-CONTROL ARRANGEMENTS

## Edgar Filing: NORFOLK SOUTHERN CORP - Form DEF 14A

In May 1996, the Compensation and Nominating Committee recommended, and the Board of Directors approved, the Corporation's entering into change-in-control agreements ("Agreements") with each of the Named Executive Officers and with certain other key employees. These Agreements, the terms of which were reviewed by outside counsel, were first filed as an exhibit to the Corporation's Report on Form 10-Q for the period ended June 30, 1996, and refiled as an exhibit to the Corporation's 2001 Annual Report on Form 10-K, and provide certain economic protections in the event of an involuntary or other specified Termination (each term with an initial capital letter is defined in the Agreements) of a covered individual during a period of twenty-four months next following a Change in Control of the Corporation. As consideration for these Agreements and to help encourage management continuity, covered individuals agreed not to engage in Competing Employment for a period of (a) three years, in most cases, from the date they execute an Agreement and (b) one year from their Termination Date, if they accept benefits payable or provided under the Agreements.

These Agreements are terminable by either the Corporation or a covered employee on twenty-four months' notice; however, the term of the prohibition on engaging in Competing Employment is not affected by an Agreement's being terminated.

Generally, these Agreements provide for (a) severance compensation payments (not continued employment) equal, in the case of each Named Executive Officer, to three times the sum of their Base Pay and Incentive Pay (most other covered employees are entitled to receive a lower multiple of Base Pay and Incentive Pay); (b) redemption of outstanding Performance Share Units and of outstanding, exercisable options (subject to restrictions, if any, in the case of persons, such as each Named Executive Officer, imposed under Section 16 of the Securities Exchange Act of 1934) and payment of dividend equivalents foregone as a result of the redemption of such options; (c) payment of an amount equal to the present value of the projected value of amounts deferred under the Officers' Deferred Compensation Plan; (d) eligibility for certain Benefits (principally medical, insurance and death benefits) for up to three years following Termination; and (e) certain additional service credit under the Corporation's retirement plans. The Agreements also provide for payment of any Federal excise tax that may be imposed on payments made pursuant to these Agreements.

In 2002, the Board of Directors agreed to abide by a stockholder approved proposal that future severance agreements with senior executives that exceed 2.99 times the sum of the executive's base salary plus bonus be approved by stockholders.

### JOINT COMMITTEE REPORT CONCERNING THE 2002 COMPENSATION OF CERTAIN EXECUTIVE OFFICERS

This Report describes Norfolk Southern Corporation's Executive Officer compensation philosophy, the components of its compensation program and the manner in which 2002 compensation determinations were

26

made for the Corporation's Chairman, President and Chief Executive Officer, David R. Goode, and for the four other officers (collectively, including Mr. Goode, referred to in this report as the "Named Executive Officers") whose 2002 compensation is reported in the Summary Compensation Table of this Proxy Statement.

The Board's Compensation and Nominating Committee ("C&N Committee") and its Performance-Based Compensation Committee ("PBC Committee") are composed entirely of directors who are not also officers of the Corporation and met, respectively,

## Edgar Filing: NORFOLK SOUTHERN CORP - Form DEF 14A

six times and two times during 2002. Among other things, the C&N Committee is responsible for recommending to the Board the salaries of Executive Officers and administering the Corporation's annual cash incentive plans (the Executive Management Incentive Plan and the Management Incentive Plan) and the NS Stock Unit Plan. The PBC Committee is responsible for administering the Long-Term Incentive Plan, as amended and last approved by stockholders at their May 2001 Annual Meeting, which authorizes awards of stock options and performance share units and certain other equity-based incentive awards.

**BASE SALARY:** While the Board believes that a substantial portion of each Executive Officer's total compensation should be "performance-based," both it and the C&N Committee seek to assure that the base salaries of the Executive Officers are competitive with those earned by individuals in comparable positions.

Specifically, the C&N Committee compares Mr. Goode's base salary with salaries paid to chief executive officers of other holding companies of Class I railroads (the same companies comprising the S&P Railroad Index included in the Performance Graph) and of other U.S. corporations of comparable size. The base salaries of the other Named Executive Officers--as well as all other Executive Officers of the Corporation--are evaluated, principally by Mr. Goode, relative to survey data of base salaries for comparable positions at a large number of U.S. corporations of comparable size, including but not limited to those included in the S&P 500 Index and S&P 500 Railroad Index; both of these indices are included in the Performance Graph. These data are compiled by the Corporation's Human Resources Department and by an outside compensation consultant. The Committee's general intention is to set the base salaries of the Executive Officers around the 50th percentile of their peers in the respective groups with which they are compared.

Mr. Goode discusses with the Committee the specific contributions and performance of each of the Executive Officers, including each of the other Named Executive Officers. Based on such evaluations, comparative salary data and each such Executive Officer's performance in light of the length of service in his current position, Mr. Goode makes base salary recommendations which are submitted for Committee and Board approval.

Mr. Goode makes no recommendation concerning, nor does he play any role in determining, his base salary (or other compensation), which is set by the Board. As noted, the C&N Committee customarily seeks to set the NS Chairman, President and CEO's base salary between the 25th and 50th percentile of the base salaries paid to CEOs of other U.S. corporations of comparable size and competitively (within the mid-range of compensation practice) with those of the chairmen of the other holding companies of Class I railroads. Mr. Goode's base salary in 2002 was between the 25th and the 50th percentile.

Mr. Goode received a base salary increase in August 2002, his first salary increase since 1999. This decision, not tied to or based on the application of any specific formula, reflected the Board's assessment

of the Corporation's performance in 2001 and year-to-date 2002, including its total operating revenues and net income, and market analysis considerations. The base salaries of each of the other Named Executive Officers were increased in 2002, based on their performance and market analyses.

## Edgar Filing: NORFOLK SOUTHERN CORP - Form DEF 14A

EXECUTIVE MANAGEMENT INCENTIVE PLAN ("EMIP"): The Corporation's EMIP is designed and administered to ensure that a significant portion of each Executive Officer's total annual cash compensation is based on the Corporation's annual financial performance. Awards to Executive Officers including Named Executive Officers, and to participants in the Corporation's Management Incentive Plan (MIP) are paid, if at all, based on the Corporation's performance relative to two pre-determined criteria: operating ratio for the year and pre-tax net income; the performance standards relative to these two criteria are established by the C&N Committee not later than the end of the first month of each incentive year.

It is the C&N Committee's philosophy that, to the extent the Corporation achieves EMIP goals, the total of each Executive Officer's base salary and EMIP award should become increasingly competitive with the total annual cash compensation paid by comparable organizations. In years in which those goals are not realized, the Executive Officers will receive less or no incentive pay.

Specifically, incentive pay opportunities for Mr. Goode are determined annually by the C&N Committee by comparing Mr. Goode's total annual cash compensation with that paid to the chief executive officers of all other holding companies of Class I railroads (the same companies comprising the S&P Railroad Index included in the Stock Performance Graph) and of other U.S. corporations of comparable size. Incentive pay opportunities for the other Executive Officers are determined annually by the C&N Committee based on its review of the annual cash compensation of comparable positions at companies of comparable size, including but not limited to those identified in the Stock Performance Graph.

Using those criteria, in November of 2001 the C&N Committee set Mr. Goode's target 2002 incentive opportunity at 150% of his 2002 base salary, Mr. Prillaman's, Mr. Tobias' and Mr. Wolf's at 100% of their 2002 base salary and Mr. Hixon's at 85% of his 2002 base salary. At the same time, the C&N Committee raised the performance standards for both operating ratio and pre-tax net income. Actual payments, if any, are based on the extent to which established performance standards are achieved.

For 2002, Mr. Goode and all other Executive Officers earned EMIP awards and each of the other officers and key employees earned EMIP or MIP awards, as applicable, equal in the case of each such individual to 60.7% of that individual's target incentive opportunity.

NS STOCK UNIT PLAN ("PLAN"): The Board adopted the NS Stock Unit Plan in July 2001 to provide for the grant of stock units whose value is measured by the fair market value of the Corporation's common stock and which is payable in cash upon satisfaction of applicable restrictions. In July 2001, the C&N Committee granted awards under the Plan to Mr. Goode and each of the other Executive Officers. The 2001 NS Stock Unit awards were subject to a one-year performance period, and the C&N Committee could adjust the awards at any time during the performance period to increase or decrease the award based on the performance of the Corporation or on the individual's performance. The Committee evaluated the awards in July 2002 based on the improvement in NS' operating ratio (3.42 percent) and free cash flow (\$683 million) during the performance period. Based on the improvement in both measures, the Committee did not make any adjustments. Accordingly, the 2001

NS Stock Unit awards were paid in full in July 2002 upon expiration of the

## Edgar Filing: NORFOLK SOUTHERN CORP - Form DEF 14A

twelve month performance period, and these awards are included as an element of total 2002 cash compensation for Mr. Goode and the other Named Executive Officers.

As a result, total 2002 cash compensation--2002 base salary and NS Stock Unit awards and 2002 EMIP awards paid in 2003--earned by Mr. Goode was positioned at approximately the 58th percentile. No NS Stock Unit awards were made during 2002.

LONG-TERM INCENTIVE PLAN ("LTIP"): The Board and the PBC Committee believe that a substantial component of each Executive Officer's total direct compensation should be based on and reflect the Corporation's efficient use of assets, its profitability and the total returns (stock price appreciation and dividends) to its stockholders. This objective is supported through the making of annual grants of stock options and performance share units to each of the Corporation's Executive Officers, including each of the Named Executive Officers.

These LTIP arrangements are intended to ensure that the longer-term financial interests of the Executive Officers are directly aligned with those of the Corporation's stockholders and to provide the Executive Officers with the opportunity to acquire a meaningful beneficial stock ownership position in the Corporation.

In determining LTIP awards, the size of prior grants is analyzed within a current total direct compensation framework predicated on a review of both the long-term awards and the total compensation (base salary, short-and long-term awards) of comparable positions in U.S. companies of comparable size. The mix of options and performance share units may vary from year to year to reflect the relative expected value of each type of award and certain other considerations. The number of stock options and performance share units granted in any year is determined so as to place the total compensation of Mr. Goode and the Executive Officers, when corporate performance warrants, around or above the 75th percentile of total direct compensation for their respective peer groups.

At its January 2002 meeting, the PBC Committee granted stock options to each of the Executive Officers, including each of the Named Executive Officers, and to other officers and key employees at an exercise price equal to the fair market value of the shares on the date of grant. These options are exercisable during a ten-year period following the date of grant, after a one-year vesting period has elapsed.

For all stock options granted in 2002 to the Executive Officers, for the first five (5) years following the date stock options are granted, the Corporation pays in cash to each Executive Officer dividend equivalents on unexercised options equal to the dividend paid on the Corporation's Common Stock.

At the same January 2002 meeting, the PBC Committee granted performance share units which provide the Executive Officers, including each of the Named Executive Officers, and other recipients the opportunity to earn awards (that will be paid either in cash or in shares of the Corporation's Common Stock, or in some combination thereof) during the first quarter of 2005. The number of performance share units actually payable to recipients is based on criteria specified in LTIP, last approved by stockholders at their May 2001 Annual Meeting--specifically, the Corporation's three-year (I.E., 2002-2004) average Return on Average Capital Invested, three-year average Operating Ratio and

## Edgar Filing: NORFOLK SOUTHERN CORP - Form DEF 14A

three-year Total Stockholder Return, evaluated relative to performance measures established by the PBC Committee and set out in the schedules below. One-third of the performance share units granted in 2002 are available to be earned based on each of the three performance criteria.

For 2002, Mr. Goode was granted options (including 4,446 incentive stock options that may receive capital gains treatment) on 650,000 shares of common stock and the opportunity to earn up to 125,000 performance shares; the other four Named Executive Officers as a group were awarded options (including in the case of each such officer, 4,446 incentive stock options that may receive capital gains treatment) on a total of 700,000 shares of common stock and the opportunity to earn up to 135,000 performance shares.

In summary, the C&N Committee and the PBC Committee believe that the compensation program for Executive Officers, including the Named Executive Officers, is designed to offer opportunities competitive with those of similar positions at comparable American corporations. More importantly, these

## Edgar Filing: NORFOLK SOUTHERN CORP - Form DEF 14A

Committees believe each Executive Officer's compensation has been appropriately structured and administered so that a substantial component of total compensation is dependent upon, and directly related to, the Corporation's efficient use of assets, its profitability and the total returns to its stockholders.

Section 162(m) of the Internal Revenue Code limits to \$1 million the corporate federal income tax deduction for certain "non-performance based" compensation paid in a year to any of the Corporation's Executive Officers. Each Committee has carefully considered the Corporation's executive compensation program in light of the applicable tax rules. Accordingly, the Corporation amended the Long-Term Incentive Plan in 1995 with stockholder approval to permit the grant of stock options that meet the requirements of Section 162(m), and stockholders last approved the Plan in 2001. However, each Committee believes that tax-deductibility is but one factor to be considered in fashioning an appropriate compensation package for executives. As a result, each Committee reserves and will exercise its discretion in this area so as to serve the best interests of the Corporation and its stockholders.

### APPENDIX A

#### NORFOLK SOUTHERN CORPORATION

#### CHARTER OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

#### COMMITTEE'S ROLE AND PURPOSE -----

The Audit Committee (Committee) is a standing committee, the chair and members of which are appointed annually by the Board of Directors not later than at its Organizational Meeting. The Committee meets a minimum of four times per year, establishes its own procedures (including designating a chair, if necessary) and acts by majority vote when at least a quorum is present. In general, the Committee's function is to assist the Board in discharging fully its statutory and fiduciary responsibilities with respect to oversight of the Corporation's financial statements and reports, internal controls and related matters. The Committee also facilitates communication among the Board, the independent auditors, the Corporation's financial and senior management and its Internal Audit Department.

While the Committee has oversight responsibilities and powers as set forth in this Charter, it is not the responsibility of the Committee to prepare the Corporation's financial statements or to plan or conduct audits to determine if such statements are complete, accurate and in accordance with Generally Accepted Accounting Principles (GAAP). This is the responsibility of Management and the independent auditors. Management also is responsible for compliance with applicable laws, regulations, internal controls and procedures, and with the Corporation's disclosure controls and procedures, internal operating and compliance policies, and codes of conduct and ethics.

Accordingly, the Committee's purpose includes, without limitation:

- (a) Assisting board oversight of the:
  - o accuracy and integrity of the Corporation's financial statements

and periodic financial reports, and

- o the Corporation's compliance with legal and regulatory requirements;
- (b) Direct responsibility for the engagement of independent auditors based on an assessment of their qualifications and independence;
- (c) Evaluation of the performance of the independent auditors and internal audit function; and
- (d) Preparation of the "Audit Committee Report" required by SEC rules to be included in the Corporation's annual proxy statement.

### COMMITTEE MEMBERSHIP

-----

The Board's policy requires that the Committee must consist of no fewer than three directors, each of whom satisfies all requirements, applicable at the time, of the Securities and Exchange Commission (SEC) and of the New York Stock Exchange (NYSE). No member may be a serving executive officer of the Corporation. Each member must be free of any relationship that would interfere with the exercise of her or his independent judgment and must meet the Board's definition of "independence" and "financial literacy," and at least one member must have accounting or related financial management expertise. Additionally, if a Committee member serves on the audit committee of more than three public companies, the Committee and the Board must determine that such simultaneous service does not impair the ability of such member to effectively serve on the Corporation's Audit Committee. The Committee seeks to maintain at least one member who is an "audit committee financial expert" as defined by the SEC. Committee members shall accept directors' fees as their sole form of compensation from the Corporation.

### PRINCIPAL COMMITTEE DUTIES, RESPONSIBILITIES AND POWERS

-----

The Committee will have the full cooperation of Management, including unrestricted access, in the Committee's sole discretion, to personnel, books and records, and shall have all the resources it deems necessary. The Committee shall have sole power and authority to engage and evaluate the independent auditors and other outside counsel and experts.
