NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1. BASIS OF PRESENTATION

The accompanying Consolidated Financial Statements have been prepared in conformity with generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. Dollar amounts in tables are in thousands, except per share amounts. Certain balances for 2001 have been reclassified to conform to the 2002 presentation.

Edgar Filing: AMERICAN REALTY INVESTORS INC - Form 10-Q/A

Operating results for the three month period ended March 31, 2002, are not necessarily indicative of the results that may be expected for the year ending December 31, 2002. For further information, refer to the Consolidated Financial Statements and Notes thereto included in ARI's Annual Report on Form 10-K for the year ended December 31, 2001 (the "2001 Form 10-K").

On January 1, 2002, ARI adopted Statement 144, "Accounting for the Impairment or Disposal of Long-Lived Assets" ("SFAS No. 144"). The Statement superceded Statement 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed of" ("SFAS No. 121") and Accounting Principles Board Opinion No. 30, "Reporting the Results of Operations - Reporting the Effects of Disposal of a Segment of a Business, and Extraordinary, Unusual and Infrequently Occurring Events and Transactions" ("APB 30"), for segments of a business to be disposed of. SFAS 144 retains the requirements of SFAS No. 121 relating to the recognition and measurement of an impairment loss and resolves certain implementation issues resulting from SFAS No. 121. The adoption of SFAS No. 144 did not have a material impact on the consolidated financial position or results of operations of ARI.

The financial statements and accompanying footnotes have been amended to revise the presentation of discontinued operations, pursuant to SFAS No. 144. The revision had no impact on the net income (loss) for the periods reported.

In April 2002, the FASB issued Statement 145, "Rescission of FASB Statements No. 4, 44 and 64, Amendment of FASB Statement No. 13, and Technical Correction" ("SFAS No. 145"). Statement 4, "Reporting Gains and Losses from Extinguishment of Debt" ("SFAS No. 4"), required that gains and losses from the extinguishment of debt that were included in the determination of net income be aggregated and, if material, classified as an extraordinary item. The provisions of SFAS No. 145 related to the rescission of SFAS No. 4 become effective in fiscal years beginning after May 15, 2002. The adoption of SFAS No. 145 will not have a material impact on the consolidated financial position or results of operations of ARI.

In June 2002, the FASB issued SFAS No. 146, "Accounting for Costs Associated with Exit or Disposal Activities," which addresses accounting for restructuring and similar costs. SFAS No. 146 supersedes previous

NOTE 1. BASIS OF PRESENTATION (Continued)

accounting guidance, principally Emerging Issues Task Force ("EITF") Issue No. 94-3. ARI will adopt the provisions of SFAS No. 146 for restructuring activities initiated after December 31, 2002. SFAS No. 146 requires that the liability for costs associated with an exit or disposal activity be recognized when the liability is incurred. Under EITF No. 94-3, a liability for an exit cost was recognized at the date of a company's commitment to an exit plan. SFAS No. 146 also establishes that the liability should initially be measured and recorded at fair value. Accordingly, SFAS No. 146 may affect the timing of recognizing future restructuring costs as well as the amount recognized.

In October 1999, ARI funded a \$4.7 million loan to Realty Advisors, Inc., an affiliate. The loan was secured by all of the outstanding shares of common stock of American Reserve Life Insurance Company. The loan bore interest at 10.25% per annum and matured in November 2001. The Operator's Interest was purchased for \$375,000, with \$25,000 cash paid at closing. ARI gave a note payable for the remaining \$350,000. The note bears no interest, and matures in May 2002. Monthly principal payments of \$25,000 are required. The Working Interests were purchased for \$4.3 million, with \$125,000 cash paid at closing. ARI gave a note payable for \$250,000. The note bears no interest, and matured in November 2001. One-half of the principal was paid in August 2001. The remaining \$4.0 million was paid by issuing 3,968.75 shares of ARI Series F Preferred Stock, which is redeemable quarterly in an amount equal to 20% of net cash flow from the oil and gas operations. The stock has a liquidation value of \$1,000 per share, and pays no dividends.

NOTE 5. INVESTMENTS IN EQUITY INVESTEES

Real estate entities. ARI's investment in real estate entities at March 31, 2002, included equity securities of two publicly traded real estate companies, Income Opportunity Realty Investors, Inc. ("IORI") and TCI, and interests in real estate joint venture partnerships. BCM, ARI's advisor, serves as advisor to IORI and TCI.

ARI accounts for its investment in IORI and TCI and the joint venture partnerships using the equity method. The equity securities of IORI and TCI are pledged as collateral for borrowings. See NOTE 8. "MARGIN BORROWINGS."

NOTE 5. INVESTMENTS IN EQUITY INVESTEES (Continued)

ARI's investment in real estate entities, accounted for using the equity method, at March 31, 2002 was as follows:

Investee	Percentage of ARI's Ownership at March 31, 2002	Carrying Value of Investment at March 31, 2002	Equivalent Investee Book Value at March 31, 2002	Market Value of Investment at March 31, 2002

Management continues to believe that the market value of both IORI and TCI undervalues their assets, and, therefore, ARI may continue to increase its ownership in these entities in 2002, as its liquidity permits. On October 3, 2000, ARI and IORI entered into a stock option agreement which provided IORI and ARI with an option to purchase 1,858,900 shares of TCI common stock from a third party. On October 19, 2000, IORI assigned all of its rights to purchase such shares to ARI. The total cost to purchase the TCI shares was \$30.8 million. In October 2000, ARI paid \$5.6 million of the option price. In April 2001, the remainder of the option price was paid and ARI acquired the TCI shares. See ITEM 2. "MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS" for discussion of the proposed acquisition of TCI and IORI by ARI.

NOTE 6. MARKETABLE EQUITY SECURITIES - TRADING PORTFOLIO

Since 1994, ARI has been purchasing equity securities of entities other than those of IORI and TCI to diversify and increase the liquidity of its margin accounts. These equity securities are considered a trading portfolio and are carried at market value. In the first quarter of 2002, ARI did not purchase or sell any such securities. At March 31, 2002, ARI recognized an unrealized increase in the market value of its trading portfolio securities of \$66,000. Unrealized and realized gains and losses on trading portfolio securities are included in other income in the accompanying Consolidated Statements of Operations.

In April 2002, ARI sold nine residential properties to partnerships controlled by Metra Capital, LLC ("Metra"), for a total sales price of \$34.2 million. These properties include: the 12 unit Bay Anchor Apartments in Panama City, Florida; the 168 unit Governor Square Apartments in Tallahassee, Florida; the 54 unit Grand Lagoon Cove Apartments in Panama City, Florida; the 92 unit Oak Hill Apartments in Tallahassee, Florida; the 121 unit Park Avenue Villas Apartments in Tallahassee, Florida; the 62 unit Seville Apartments in Tallahassee, Florida; the 120 unit Westwood Apartments in Mary Ester, Florida; the 64 unit Windsor Tower Apartments in Ocala, Florida and the 546 unit Woodhollow Apartments in San Antonio, Texas. Innovo Group, Inc. ("Innovo"), is a limited partner in the partnerships that purchased the properties. Joseph Mizrachi, a Director of ARI, controls approximately 11.67% of the outstanding common stock of Innovo. Management has determined to treat this sale as a refinancing transaction. ARI will continue to report the assets and the new debt incurred by Metra on its financial statements. ARI received net cash of \$8.3 million after paying off the existing debt of \$19.3 million and various closing costs, including \$342,000 in brokerage commissions to Third Millennium Partners, LLC. Of the total new debt of \$29.2 million, \$8.8 million bears interest at 5.00% per annum and matures in May 2003, \$17.0 million bears interest at 7.12% per annum and matures in May 2007 and \$3.4 million bears interest at 7.57% per annum and matures in May 2012. ARI also received \$6.3 million of 8% non-recourse, non-convertible Series A Preferred Stock ("Preferred Shares") of Innovo.

The dividend on the Preferred Shares will be funded entirely and solely through member distributions from cash flows generated by the operation

and subsequent sale of the sold properties. In the event the cash flows for the properties are insufficient to cover the 8% annual dividend, Innovo will have no obligation to cover any shortfall.

The Preferred Shares have a mandatory redemption feature, and are redeemable from the cash proceeds received by Innovo from the operation and sale of the properties. All member distributions that are in excess of current and accrued 8% dividends must be used by Innovo to redeem the Preferred Shares. Since redemption of the shares is subject to the above future events, management has elected to record no basis in the Preferred Shares.

In 2001, ARI financed/refinanced or obtained second mortgage financing on the following:

NOTE 8. MARGIN BORROWINGS

ARI has margin arrangements with various financial institutions and brokerage firms which provide for borrowing of up to 50% of the market value of marketable equity securities. The borrowings under such margin arrangements are secured by equity securities of IORI and TCI and ARI's trading portfolio securities and bear interest rates ranging from 5.75% to 24.0%. Margin borrowing totaled \$27.1 million at March 31, 2002.

In April 2000, ARI obtained a security loan in the amount of \$5.0 million from a financial institution. ARI received net cash of \$4.6 million after paying various closing costs. The loan bears interest at 1% over the prime rate, currently 5.75% per annum, requires monthly payments of interest and matures in September 2002. The loan is secured by 1,050,000 shares of ARI Common Stock held by BCM, ARI's advisor.

In March 2001, ARI obtained a security loan in the amount of \$3.5 million from a financial institution. ARI received net cash of \$3.5 million after paying various closing costs. The loan bore interest at 16.0% per annum. In April and May 2001, a total of \$2.0 million in principal paydowns were made. In July 2001, the loan was repaid in full, including accrued but unpaid interest. The loan was secured by 472,000 shares of TCI owned by ARI and 128,000 shares of ARI owned by One Realco.

In September 2001, ARI obtained a security loan in the amount of \$20.0 million from a financial institution. ARI received net cash of \$16.1 million after the payment of various closing costs and \$3.4 million

repayment of principal and accrued interest on an existing loan with the same lender. Of the total loan amount, \$19.5 million bears interest at 24% per annum, while the remaining \$500,000 bears interest at 20% per annum. The loan requires monthly payments of interest only and matures in September 2002. The loan is secured by 2,602,608 shares of TCI common stock held by ARI and 920,507 shares of TCI common stock held by BCM, ARI's advisor.

In October 2001, ARI obtained a security loan in the amount of \$1.0 million from a financial institution. ARI received net cash of \$1.0 million after payment of various closing costs. The loan bears interest at 1% over the prime rate, currently 5.75% per annum, requires monthly payments of interest only and matures in October 2003. The loan is callable upon 60 days prior notice, and is

secured by 200,000 shares of ARI Common Stock held by BCM, ARI's advisor.

NOTE 9. INCOME TAXES

Financial statement income varies from taxable income principally due to the accounting for income and losses of investees, gains and losses from asset sales, depreciation on owned properties, amortization of discounts on notes receivable and payable and the difference in the allowance for estimated losses. ARI had no taxable income or provision for income taxes in the three months ended March 31, 2002 or 2001.

NOTE 10. OPERATING SEGMENTS

Significant differences among the accounting policies of the operating segments as compared to the Consolidated Financial Statements principally involve the calculation and allocation of administrative expenses. Management evaluates the performance of each of the operating segments and allocates resources to them based on their net operating income and cash flow. Items of income that are not reflected in the segments are equity in (loss) of investees, equity in gain on sale of real estate by equity investees, loss on sale of investments in equity investees and other income which totaled \$(228,000) for the three months ended March 31, 2002 and \$28,000 for 2001. Expenses that are not reflected in the segments are general and administrative expenses, minority interest, incentive fees, advisory fees and net income fees which totaled \$6.4 million for the three months ended March 31, 2002 and \$7.3 million for 2001. Excluded from operating segment assets are assets of \$116.3 million in 2002 and \$96.2 million in 2001, which are not identifiable with an operating segment. There are no intersegment revenues and expenses, and ARI conducted all of its business within the United States, with the exception of Hotel Sofia, which is located in Bulgaria.

NOTE 11. DISCONTINUED OPERATIONS

Effective January 1, 2002, ARI adopted Financial Accounting Standards Board Statement No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets," which established a single accounting model for the impairment or disposal of long-lived assets, including discontinued operations. This statement requires that the operations related to properties that have been sold or properties that are intended to be sold be presented as discontinued operations in the statement of operations for all periods presented, and properties intended to be sold are to be designated as "held-for-sale" on the balance sheet.

NOTE 12. COMMITMENTS AND CONTINGENCIES

Liquidity. Management expects that excess cash generated from operations during the remainder of 2002 will not be sufficient to discharge all of ARI's debt obligations as they mature. Therefore, ARI will rely on aggressive land sales, selected income producing property sales and, to the extent necessary, additional borrowings to meet its cash requirements.

Commitments. In March 1999, ARI reached an agreement with the Class A unitholders of Valley Ranch, L.P. to acquire their eight million Class A units for \$1.00 per unit. In 1999, three million units were purchased. Additionally, one million units were purchased in January 2000 and two million units were purchased in May 2001. ARI has committed to purchase the remaining two million units in May 2002.

Litigation. ART is involved in various lawsuits arising in the ordinary course of business. In the opinion of ARI's management, the outcome of these lawsuits will not have a material impact on ARI's financial condition, results of

operations or liquidity.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION
AND RESULTS OF OPERATIONS

Introduction

ARI's predecessor was organized in 1961 to provide investors with a professionally managed, diversified portfolio of equity real estate and mortgage loan investments selected to provide opportunities for capital appreciation as well as current income.

On October 23, 2001, ARI, TCI, and IORI jointly announced a preliminary agreement with the plaintiff's legal counsel of the derivative action entitled Olive et al. V. National Income Realty Trust, et al. for complete settlement of all disputes in the lawsuit. In February 2002, the court granted final approval of the proposed settlement. Under the proposal, ARI will acquire all of the outstanding common shares of IORI and TCI not currently owned by ARI for a cash payment or shares of ARI preferred stock. ARI will pay \$17.50 cash per TCI share and \$19.00 cash per IORI share for the stock held by non-affiliated stockholders. ARI will issue one share of Series G Preferred Stock with a liquidation value of \$20.00 per share for each share of TCI Common Stock for stockholders who affirmatively elect to receive ARI Preferred Stock in lieu of cash. ARI will issue one share of Series H Preferred Stock with a liquidation value of \$21.50 per share for each share of IORI Common Stock for stockholders who affirmatively elect to receive ARI Preferred Stock in lieu of cash. All affiliated stockholders will receive ARI Preferred Stock. Each share of Series G Preferred Stock will be convertible into 2.5 shares of ARI Common Stock, and each share of Series H Preferred Stock will be convertible into 2.25 shares of ARI Common Stock during a 75-day period that commences fifteen days after the date of the first ARI Form 10-Q filing that occurs after the closing of the merger transaction. Upon the acquisition of IORI and TCI shares, TCI and IORI would become wholly-owned subsidiaries of ARI. The transaction is subject to the negotiation of a definitive merger agreement and a vote of the shareholders of all three entities. ARI has the same advisor as TCI and IORI, and TCI and IORI have the same board of directors.

Liquidity and Capital Resources

General. Cash and cash equivalents at March 31, 2002, totaled \$903,000, compared with \$709,000 at December 31, 2001. Although ARI anticipates that during the remainder of 2002 it will generate excess cash from operations, as discussed below, such excess cash is not sufficient to discharge all of ARI's debt obligations as they mature. ARI will therefore again rely on externally generated funds, including aggressive land sales, selected sales of income producing properties, borrowings against its investments in various real estate entities, refinancing of properties, and, to the extent necessary, borrowings to meet its debt service obligations, pay taxes, interest and other non-property related expenses.

At December 31, 2001, notes payable totaling \$267.5 million had either scheduled maturities or required principal reduction payments during 2002. During the first quarter of 2002, ARI either extended,

Liquidity and Capital Resources (Continued)

refinanced, paid down, paid off or received commitments from lenders to extend or refinance \$28.5 million of the debt scheduled to mature in 2002.

Net cash used in operating activities decreased to \$11.6 million in the three months ended March 31, 2002, from \$15.9 million in the three months ended March 31, 2001. Fluctuations in the components of cash flow from operations are discussed in the following paragraphs.

Net cash from property operations (rents collected less payments for expenses applicable to rental income) increased to \$7.4 million in the three months ended March 31, 2002 from \$3.9 million in 2001. The increase is primarily attributable to a decline in the payments for operating expenses in 2002 from an elevated level in 2001, when there was a significant paydown of accounts payable. ARI expects a decrease in cash flow from property operations during the remainder of 2002. Such decrease is expected to result from the continued selective sale of income producing properties.

Net cash from pizza operations (sales less cost of sales) decreased to \$1.0 million in the three months ended March 31, 2002, from \$1.5 million in the three months ended March 31, 2001. The decrease is primarily attributable to a decrease in accounts payable and an increase in accounts receivable in 2002.

Interest collected increased to \$666,000 in the three months ended March 31, 2002, from \$231,000 in 2001. The increase was attributable to the collection of \$531,000 in past due interest.

Interest paid decreased to \$15.2 million in the three months ended March 31, 2002, from \$16.0 million in 2001. The decrease is attributable to the paydown and payoff of mortgages on properties sold in 2001.

Advisory fees paid of \$1.7 million in the three months ended March 31, 2002, approximated the \$1.8 million in 2001.

General and administrative expenses paid increased to \$3.3 million in the three months ended March 31, 2002 from \$2.4 million in 2001. The increase is primarily attributable to an increase in legal fees.

ARI's cash flow from its investments in IORI and TCI is dependent on the ability of each of the entities to make distributions. In the fourth quarter of 2000, IORI and TCI suspended distributions. Accordingly, ARI received no distributions in the first quarter of 2002 and 2001.

Other cash from operating activities improved to \$398,000 in the three months ended March 31, 2002, from a use of \$881,000 in 2001. The improvement was primarily attributable to a decrease in property prepaids.

- (1) In January 2002, IORI, a related party, purchased 100% of the outstanding common shares of Rosedale Corporation ("Rosedale"), a wholly-owned subsidiary of ARI, for \$5.1 million. Rosedale owns the Rosedale Towers Office Building. ARI has guaranteed that the asset will produce at least a 12% annual return on the purchase price for a period of three years from the purchase date. If the asset fails to produce the 12% return, ARI will pay IORI any shortfall. In addition, if the asset fails to produce the 12% return for a calendar year, IORI may require ARI to repurchase the shares of Rosedale for the purchase price. Management has classified this related party transaction as a note payable to IORI.
- (2) In January 2002, TCI, a related party, purchased 100% of the common shares of ART Two Hickory Corporation ("Two Hickory"), a wholly-owned subsidiary of ARI, for \$4.4 million. Two Hickory owns the Two Hickory Centre Office Building. ARI has guaranteed that the asset will produce at least a 12% annual return on the purchase price for a period of three years from the purchase date. If the asset fails to produce the 12% return, ARI will pay TCI any shortfall. - (4) In April 2002, TCI, a related party, purchased all of the general and limited partnership interests in Garden Confederate Point, L.P. ("Confederate Point") from ARI for \$1.9 million. Confederate Point owns the Confederate Point Apartments. ARI has guaranteed that the asset will produce at least a 12% annual return on the purchase price for a period of three years from the purchase date. If the asset fails to produce the 12% return, ARI will pay TCI any shortfall. In addition, if the asset fails to produce the 12% return for a calendar year, TCI may require ARI to repurchase the interests in Confederate Point for the purchase price. Management has classified this related party transaction as a note payable to TCI.
- (5) In April 2002, TCI, a related party, purchased all of the general and limited partnership interests in Garden Foxwood, L.P. ("Foxwood") from ARI for \$1.1 million. Foxwood owns the Foxwood Apartments. ARI has guaranteed that the asset will produce at least a 12% annual return on the purchase price for a period of three years from the purchase date. If the asset fails to produce the 12% return, ARI will pay TCI any shortfall. In addition, if the asset fails to produce the 12% return for a calendar year, TCI may require ARI to repurchase the interests in Foxwood for the purchase price. Management has classified this related party transaction as a note payable to TCI.
- (6) In April 2002, TCI, a related party, purchased all of the general and limited partnership interests in Garden Woodsong, L.P. ("Woodsong") from ARI for \$2.5 million. Woodsong owns the Woodsong Apartments. ARI has guaranteed that the asset will produce at least a 12% annual return on the purchase price for a period of three years from the purchase date. If the asset fails to produce the 12% return, ARI will pay TCI any shortfall. In addition, if the asset fails to produce the 12% return for a calendar year, TCI may require ARI to repurchase the interests in Woodsong for the purchase price. Management has classified this related party transaction as a note payable to TCI.
- (7) In April 2002, TCI, a related party, purchased 100% of the common shares of ART One Hickory Corporation ("One Hickory"), a wholly-owned subsidiary of ARI, for \$4.5 million. One Hickory owns the One Hickory Centre Office Building. ARI has guaranteed that the asset will produce at least a 12% annual return on the purchase price for a period of three years from the purchase date. If the asset fails to produce the 12% return, ARI will pay TCI any shortfall. In addition, if the asset fails to produce the 12% return for a calendar year, TCI may require ARI to repurchase the shares in One Hickory for the purchase price. Management has classified this related party transaction as a note payable to TCI.

In April 2002, ARI sold nine residential properties to partnerships controlled by Metra Capital, LLC ("Metra"), for a total sales price of

\$34.2 million. These properties include: the 12 unit Bay Anchor Apartments in Panama City, Florida; the 168 unit Governor Square Apartments in Tallahassee, Florida; the 54 unit Grand Lagoon Cove Apartments in Panama City, Florida; the 92 unit Oak Hill Apartments in Tallahassee, Florida; the 121 unit Park Avenue Villas Apartments in Tallahassee, Florida; the 62 unit Seville Apartments in Tallahassee, Florida; the 120 unit Westwood Apartments in Mary Ester, Florida; the 64 unit Windsor Tower Apartments in Ocala, Florida and the 546 unit Woodhollow Apartments in San Antonio, Texas. Innovo Group, Inc. ("Innovo"), is a limited partner in the partnerships that purchased the properties. Joseph Mizrachi, a Director of ARI, controls approximately 11.67% of the outstanding common stock of Innovo. Management has determined to treat this sale as a refinancing transaction. ARI will continue to report the assets and the new debt incurred by Metra on its financial statements. ARI received net cash of \$8.3 million after paying off the existing debt of \$19.3 million and various closing costs, including \$342,000 in brokerage commissions to Third Millennium Partners, LLC. Of the total new debt of \$29.2 million, \$8.8 million bears interest at 5.00% per annum and matures in May 2003, \$17.0 million bears interest at 7.12% per annum and matures in May 2007 and \$3.4 million bears interest at 7.57% per annum and matures in May 2012. ARI also received \$6.3 million of 8% non-recourse, non-convertible Series A Preferred Stock ("Preferred Shares") of Innovo.

The dividend on the Preferred Shares will be funded entirely and solely through member distributions from cash flows generated by the operation and subsequent sale of the sold properties. In the event the cash flows for the properties are insufficient to cover the 8% annual dividend, Innovo will have no obligation to cover any shortfall.

The Preferred Shares have a mandatory redemption feature, and are redeemable from the cash proceeds received by Innovo from the operation and sale of the properties. All member distributions that are in excess of current and accrued 8% dividends must be used by Innovo to redeem the Preferred Shares. Since redemption of the shares is subject to the above future events, management has elected to record no basis in the Preferred Shares.

ARI has margin arrangements with various financial institutions and brokerage firms which provide for borrowing up to 50% of the market value of ARI's marketable equity securities. The borrowings under such margin arrangements are secured by equity securities of IORI and TCI and ARI's trading portfolio and bear interest rates ranging from 5.75% to 24.0%. Margin borrowing totaled \$27.1 million at March 31, 2002.

Management expects that it will be necessary for ARI to sell \$102.0 million, \$34.1 million and \$1.2 million of its land holdings during each of the next three years to satisfy the debt on such land as it matures. If ARI is unable to sell at least the minimum amount of land to satisfy the debt obligations on such land as it matures, or, if it was not able to extend such debt, ARI would either sell other of its assets to pay such debt or transfer the property to the lender.

Management reviews the carrying values of ARI's properties and mortgage notes receivable at least annually and whenever events or a change in circumstances indicate that impairment may exist. Impairment is considered to exist if, in the case of a property, the future cash flow from the property (undiscounted and without interest) is less than the carrying amount of the property. For notes receivable, impairment is considered to exist if it is probable that all amounts due under the terms of the note will not be collected. If impairment is found to exist, a provision for loss is recorded by a charge against earnings to the extent that the investment in the note exceeds management's estimate of the fair value of the collateral property securing each note. The mortgage note receivable review includes an evaluation of the collateral property securing such note. The property review generally includes: (1) selective property inspections; (2) a review of the property's current rents compared to market rents; (3) a review of the property's expenses; (4) a review of maintenance requirements; (5) a review of the property's cash flow; (6) discussions with the manager of the property; and (7) a review of properties in the surrounding area.

Commitments and Contingencies

In March 1999, an agreement was reached with the Class A unitholders of Valley Ranch, L.P. to acquire their eight million Class A units for \$1.00 per unit. In 1999, three million units were purchased. Additionally, one million units were purchased in January 2000 and two million units were purchased in May 2001. ARI has committed to purchase the remaining two million units in May 2002.

Results of Operations

For the three months ended March 31, 2002, ARI reported net loss of \$8.9 million, compared to net income of \$2.4 million for the three months ended March 31, 2001. The primary factors contributing to ARI's net income are discussed in the following paragraphs.

Rents decreased to \$28.6 million in the three months ended March 31, 2002, from \$32.1 million in 2001. Rents from commercial properties increased to \$10.4 million for the three months ended March 31, 2002, from \$9.0 million in 2001, rent from hotels of \$7.6 million in the three months ended March 31, 2002, approximated the \$7.7 million in 2001 and rents from apartments decreased to \$10.3 million in the three months ended March 31, 2002, from \$15.1 million in 2001. The increase in commercial property rents was primarily attributable to increased occupancy and the decrease in apartment rent was due to the sale of 17 apartments in 2001. Rental income is expected to decrease significantly in the remainder of 2002 as a result of the income producing properties sold in 2001 and 2002.

Property operations expense decreased to \$19.6 million in the three months ended March 31, 2002, from \$23.0 million in 2001. Property operations expense for commercial properties of \$5.5 million in the

three months ended March 31, 2002, approximated the \$5.1 million in 2001. For hotels, property operations expense decreased to \$5.8 million in the three months ended March 31, 2002, from \$6.6 million in 2001. For land, property operations expense increased to \$2.4 million in the three months ended March 31, 2002 from \$1.9 million in 2001. For apartments, property operations expense decreased to \$5.9 million in the three months ended March 31, 2002, from \$9.4 million in 2001. The decrease in hotel operations expense was primarily attributable to reduced utility, personnel and administrative costs. The increase in land operations expense was primarily attributable to increased real estate taxes. The decrease in apartment operations expense was primarily attributable to the sale of 17 apartments in 2001.

Pizza parlor sales and cost of sales increased to \$8.5 million and \$7.0 million, respectively, in the three months ended March 31, 2002 from \$7.8 million and \$6.4 million in 2001. The increase was primarily attributable to the opening of three new stores in 2001, plus an 8.75% increase in same-store sales volume.

Interest income from notes receivable increased to \$612,000 in the three months ended March 31, 2002 from \$384,000 in 2001, due to the funding of \$21.9 million of mortgage notes receivable in 2001.

Equity in loss of investees decreased to \$(4.0) million in the three months ended March 31, 2002 from \$(1.4) million in 2001. The decrease was primarily attributable to increased net losses for IORI and TCI.

Loss on sale of investments in equity investees was \$531,000 for the three months ended March 31, 2002. See NOTE 5. "INVESTMENTS IN EQUITY INVESTEES."

Equity in gain on sale of real estate by equity investees increased to \$4.1 million in the three months ended March 31, 2002 from \$1.4 million in 2001. The 2001 results are reported as a component of net income (loss) from continuing operations, while the 2002 results are reported as a component of net income from discontinued operations.

Interest expense increased to \$18.4 million in the three months ended March 31, 2002 from \$17.7 million in 2001. The increase was primarily attributable to higher balances payable on stock loans, at higher interest rates.

Depreciation and amortization expense decreased to \$3.5 million in the three months ended March 31, 2002 from \$4.0 million in 2001. The decrease is due to the sale of 17 apartments and one commercial property in 2001.

Advisory fees of \$1.7 million in the three months ended March 31, 2002 approximated the \$1.8 million in 2001.

29

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS (Continued)

Results of Operations (Continued)

There was no incentive fee to affiliate in the three months ended March 31, 2002 compared to \$1.5 million in 2001. The incentive fee is due only if ARI is also subject to the net income fee. At March 2002, the net income fee requirements are not met; therefore, no incentive fee is due. This fee represents 10% of the excess of net capital gains over net capital losses from sales of operating properties. The amount of this fee for the remainder of 2002 will be dependent on the number of operating properties sold, the net capital gains realized and

Edgar Filing: AMERICAN REALTY INVESTORS INC - Form 10-Q/A

whether the net income fee is due.

General and administrative expenses increased to \$3.3 million in the three months ended March 31, 2002 compared to \$2.4 million in 2001. The increase is primarily attributable to increased legal fees.

Minority interest decreased to \$787,000 in the three months ended March 31, 2002 from \$1.6 million in 2001. The decrease is attributable to the repurchase of partnership units by ARI in 2001.

Environmental Matters

Under various federal, state and local environmental laws, ordinances and regulations, ARI may be potentially liable for removal or remediation costs, as well as certain other potential costs relating to hazardous or toxic substances (including governmental fines and injuries to persons and property) where property-level managers have arranged for the removal, disposal or treatment of hazardous or toxic substances. In addition, certain environmental laws impose liability for release of asbestos-containing materials into the air, and third parties may seek recovery for personal injury associated with such materials.

Management is not aware of any environmental liability relating to the above matters that would have a material adverse effect on ARI's business, assets or results of operations.

Inflation

The effects of inflation on ARI's operations are not quantifiable. Revenues from apartment operations fluctuate proportionately with inflationary increases and decreases in housing costs. Fluctuations in the rate of inflation also affect the sales values of properties and the ultimate gains to be realized from property sales. To the extent that inflation affects interest rates, earnings from short-term investments and the cost of new borrowings as well as the cost of variable interest rate debt will be affected.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISKS

At March 31, 2002, ARI's exposure to a change in interest rates on its debt is as follows:

	Balance	Weighted Average Interest Rate	Effect of 1% Increase In Base Rates
	-----	-----	-----
Notes payable:			
Variable rate	\$ 130,934	11.224%	\$ 1,309
