Opinion on the Financial Statements

We have audited the accompanying statement of net assets available for benefits of the Berkshire Bank 401(k) Plan (the "Plan") as of December 31, 2017, the related statement of changes in net assets available for benefits for the year then ended, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2017, and the changes in net assets available for benefits for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on the Plan's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Plan in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting in accordance with the standards of the PCAOB. As part of our audit we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion in accordance with the standards of the PCAOB.

Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Supplemental Information

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2017 has been subjected to audit procedures performed in conjunction with the audit of the Berkshire Bank 401(k) Plan's financial statements. The supplemental schedule is the responsibility of the Plan's management. Our audit procedures included determining whether the information presented in the supplemental schedule reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental schedule. In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement

Income Security Act of 1974. In our opinion, the supplemental schedule is fairly stated in all material respects in relation to the financial statements as a whole.

BERKSHIRE BANK 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2017 and 2016

1. DESCRIPTION OF THE PLAN

The Berkshire Bank 401(k) Plan (the "Plan") was established on April 11, 1993.

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Berkshire Bank and subsidiaries (the "Bank" or the "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Vanguard Fiduciary Trust Company serves as the Trustee of the Plan. The Vanguard Group ("Vanguard" or the "Custodian") is the financial advisor, record keeper, and custodian of the Plan.

Contributions

Each year, participants may contribute a percent of pretax annual compensation, excluding certain types of restricted compensation, subject to certain limitations as defined by the Plan and the Internal Revenue Code ("IRC"). The maximum participant deferral was \$18,000 for the Plan years ended December 31, 2017 and 2016. In addition, all employees who are eligible to make salary reductions under the Plan and who have attained age 50 before the close of the Plan year are eligible to make catch-up contributions, as defined by the Economic Growth and Tax Relief Reconciliation Act of 2001. Participants may also contribute rollover amounts representing distributions from other qualified retirement plans and individual retirement accounts. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their rate of contribution each pay period. Participants are eligible to contribute a flat dollar amount or a percentage of their pretax annual compensation. Effective the first payroll in 2016, Berkshire Bank's 401(k) plan offered an after-tax Roth option as an additional deferral selection.

The Bank matches a portion of eligible employee contributions. During 2017 and 2016, the Bank matched 100% of eligible employee contributions up to 4% of the participant's pretax annual compensation.

BERKSHIRE BANK 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (Continued)

December 31, 2017 and 2016

DESCRIPTION OF THE PLAN (continued)

Contributions (continued)

During 2016, the Bank also made a Safe Harbor non-elective contribution to the account of each eligible employee in an amount equal to 3% of the participant's pretax annual compensation, excluding certain types of restricted compensation. The non-elective contribution was automatically invested in the Berkshire Bank Stock Fund; however, the participant could elect to direct the contribution to another fund at any time after the first contribution. Effective January 1, 2017, the Bank's Safe Harbor non-elective contribution was eliminated.

Plan Eligibility

Effective January 1, 2017, employees of the Bank are eligible to participate in the Plan after attaining eighteen years of age and completing ninety days of service. Prior to January 1, 2017, employees of the Bank were eligible to participate in the Plan after attaining twenty-one years of age and completing one year of service with 1,000 hours during their initial year of employment.

Effective January 1, 2017, a break in eligibility service occurs if an employee is not employed for a twelve consecutive month period. Prior to January 1, 2017, a break in eligibility service occurred if an employee worked less than 500 hours. If the eligibility requirements had not yet been satisfied and there is a break in eligibility service, periods before the break in service will not be taken into account and the employee will have to satisfy the eligibility requirements following the break in service.

Periods during which an employee has a break in eligibility service will not count against the employee if the employee was absent because the employee was pregnant, had a child or adopted a child, was serving in the military, or provided service during a national emergency and re-employment is protected under federal or state law, and the employee returns to employment within the time required by law. Service credit is given to employees of certain predecessor employers as described in the Plan document for participation and vesting purposes. Employees may join the Plan on the first of the month following the month in which eligibility requirements are satisfied. Rehires may rejoin the Plan on the first day of the month following the month of rehire if they were previous participants of the Plan.

BERKSHIRE BANK 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (Continued)

December 31, 2017 and 2016

DESCRIPTION OF THE PLAN (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Bank's contributions, (b) the Plan's investment earnings, (c) administrative expenses and (d) participant withdrawals. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants direct the investment of their contributions into investment options offered by the Plan which include selected mutual funds of Vanguard and other financial advisors, and common shares of Berkshire Hills Bancorp, Inc., the parent company of the Bank. Participants electing the Vanguard Brokerage Option can transfer vested assets to their brokerage account and invest in additional options beyond the Plan's core lineup. Employer contributions are invested in each participant's account according to the participant's selected allocation. Participants may change or transfer their investment options at any time via an automated telephone system or the Custodian's website.

Vesting

Participants are 100% vested in all contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 per loan up to a maximum amount, which is equal to \$50,000 or 50% of their vested account balance, whichever is less. In addition, the \$50,000 limit is reduced by the highest outstanding loan balance (of any previous loans made) in the previous twelve months. The loans are secured by the balance in the participant's accounts and bear interest at The Wall Street Journal prime rate plus one percentage point as of the loan application review date. Interest rates ranged from 4.25% to 5.25% and 4.25% to 4.50% as of December 31, 2017 and December 31, 2016, respectively. In general, principal and interest are paid ratably over a period not to exceed five years through regular payroll deductions. Loans used to finance the participant's principal residence are repaid over a period of time, up to 20 years.

BERKSHIRE BANK 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (Continued)

December 31, 2017 and 2016

DESCRIPTION OF THE PLAN (continued)

Notes Receivable from Participants (continued)

If a participant fails to make a loan repayment by its due date, the total outstanding amount of the loan including any interest that has accrued will be defaulted and deemed a distribution to the participant on the date of default; however, the balance continues to be included in notes receivable from participants until the account balances of the defaulted borrower(s) are distributed from the Plan. There were no deemed loans for the years ended December 31, 2017 and December 31, 2016. There were no loan defaults for terminated participants for the years ended December 31, 2017 and 2016.

Payment of Benefits

On termination of service due to death, disability, normal retirement, or attaining age 59½ a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in their account, annual installments, or defer distribution until a later date. If the vested portion of a participant's account balance is \$1,000 or less, and the participant does not provide alternative instructions to the Plan sponsor, this amount is paid as a lump sum distribution as soon as possible following termination, retirement, disability, or to the beneficiary following death.

Participants may request a benefit payment in the case of financial hardship, subject to certain limitations as defined by the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Bank has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, the net assets of the Plan would be allocated as prescribed by ERISA and its related regulations.

Forfeited Accounts

At December 31, 2017 and December 31, 2016, forfeited non-vested accounts totaled \$6,452 and \$3,207, respectively. These accounts will be used to reduce future employer contributions.

2. SUMMARY OF ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

Use of Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value reported by the fund at year-end. Investments in Berkshire Hills Bancorp, Inc. common stock and other equities are valued at the closing market price as of the last trade date of the year.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation / (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan groups assets and liabilities that are measured at fair value in three levels, based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value.

BERKSHIRE BANK 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (Continued)

December 31, 2017 and 2016

SUMMARY OF ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition (continued)

Level 1 – Valuation is based on quoted prices in active markets for identical assets or liabilities. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

Level 2 – Valuation is based on observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Valuation is based on unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using unobservable techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

In certain cases, inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the investment.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses have been recorded at December 31, 2017 and 2016.

Benefits Paid

Benefits are recorded upon distribution.

BERKSHIRE BANK 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (Continued)

December 31, 2017 and 2016

SUMMARY OF ACCOUNTING POLICIES (concluded)

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Plan Sponsor as provided by the Plan document. Administrative fees charged to the Plan as shown on the Statements of Changes in Net Assets relate to fees charged to the participants for recordkeeping and information management or participant loan processing that are deducted from their asset balances. Investment related expenses are included in net appreciation / (depreciation) in fair value of investments on the Statements of Changes in Net Assets Available for Benefits.

BERKSHIRE BANK 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (Continued)

December 31, 2017 and 2016

4. TAX STATUS

The Bank adopted a prototype plan whose most recent opinion letter from the Internal Revenue Service, dated May 28, 2014, stated that the Plan was designed in accordance with applicable sections of the IRC. The Plan has been amended from the original prototype document; however, the Plan Administrator believes the Plan is currently operated in compliance with the applicable requirements of the IRC.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to income tax examinations for years prior to 2014.

The United States Generally Accepted Accounting Principles requires plan management to evaluate tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken as of December 31, 2017. The Plan did not have any uncertain positions at December 31, 2016 which required disclosure or accrual. The Plan has recognized no interest or penalties related to uncertain tax positions.

5. ADMINISTRATION OF PLAN ASSETS

The Plan assets are held by The Vanguard Group, the Custodian of the Plan.

Bank contributions, participant elective deferrals, and participant accounts are held and administered by Vanguard Fiduciary Trust Company, who invests cash received, interest, and dividend income in accordance with participants' instructions and makes distributions to participants. The Trustee also administers the payment of interest and principal on participants' loans.

Certain administrative functions are performed by officers or employees of the Bank. No such officers or employees receive compensation for such functions from the Plan.

BERKSHIRE BANK 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (Continued)

December 31, 2017 and 2016

6. RISKS AND UNCERTAINTIES

The Plan invests in a variety of investment vehicles. Investment securities are exposed to various risks, such as interest rate, market, liquidity, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. RELATED PARTY AND PARTIES IN INTEREST TRANSACTIONS

The Plan's record keeper, Trustee, and Custodian, as well as the Company and Plan participants, and Crowe Horwath LLP, the auditor of the Plan's financial statements, are each a "party-in-interest" to the Plan as defined by ERISA. Certain administrative functions are performed by employees and officers of the Bank for which no compensation was paid from the Plan. For the year ended December 31, 2017, the Bank contributed \$3,332,378 to the Plan, of which \$80,361 was owed to the Plan at December 31, 2017. For the year ended December 31, 2016, the Bank contributed \$3,942,836 to the Plan, of which none was owed to the Plan at December 31, 2016. In addition, the Bank paid expenses in connection with the administration of the Plan, totaling \$25,234 and \$16,391 for the years ended December 31, 2017 and 2016, respectively.

The Plan has investments in common stock of Berkshire Hills Bancorp, Inc., the parent company of the Bank. At December 31, 2017 and 2016, the Plan held 283,377 shares and 277,862 shares, respectively. At December 31, 2017 and 2016, the stock value was \$10,371,598 and \$10,308,668, respectively. For the years ended December 31, 2017 and 2016, the purchases of stocks amounted to \$1,160,450 and \$2,443,943 respectively and sales amounted to \$1,242,332 and \$1,424,369, respectively. For the years ended December 31, 2017 and 2016, dividends earned were \$221,969 and \$197,690, respectively. For the years ended December 31, 2017 and 2016, realized gains were \$303,581 and \$77,386, respectively. In addition, certain of the investment options are managed by Vanguard. Transactions in such investments qualify as party-in-interest transactions. Notes receivable from participants also qualify as parties-in-interest transactions.

NOTES TO FINANCIAL STATEMENTS (Continued)

8. ROLLOVER CONTRIBUTIONS

For the year ended December 31, 2017, the rollover contributions are made up of contributions from current employees rolling their assets over into the Plan and contributions from former employees of Commerce Bancshares Corp ("Commerce"). Lazzaro, P.C. ("RNL"), and First Choice Bank ("First Choice"). Current employees have the option to transfer their funds from a previous employer's retirement plan into the Plan. (1) In the financial statements of the Plan, delinquent loans remain as assets of the Plan. However, for the Form 5500 reporting purposes delinquent loans are removed from plan assets and reported as a benefit paid to a participant. Any loans held by participants that were deemed in previous years where the participant distributes or terminates from the plan in the current year, the balances are applied against the current year's distribution balance.
