Item 1.01 Entry into a Material Definitive Agreement.

On March 29, 2010, the Company's two separate revolving credit agreements for two year lines of credit with Bank of America, N.A. ("BOA") were amended. See Item 2.03 below for a description of the amended terms.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The Company has two separate revolving credit agreements for revolving lines of credit with Bank of America, N.A. The Company and its subsidiary, GSE Power Systems, Inc., are jointly and severally liable as co-borrowers. The credit facilities enable the Company to borrow funds to support working capital needs and standby letters of credit. The first line of credit (the "Ex-Im Line") in the principal amount of up to \$3.5 million enables the Company to borrow funds up to 90% of eligible foreign receivables plus 75% of eligible unbilled foreign receivables. This line of credit is 90% guaranteed by the Export-Import Bank of the United States. The interest rate on this line of credit is based on the daily LIBOR rate plus 150 basis points, with interest only payments due monthly. The second line of credit in the principal amount of up to \$2.5 million enables the Company to borrow funds up to 80% of domestic accounts receivable, 30% of domestic unbilled receivables and 100% of the principal balance of a \$600,000 certificate of deposit issued by BOA. The interest rate on this line of credit is based on the daily LIBOR rate plus 225 basis points, with interest only payments due monthly. The credit agreements contain certain restrictive covenants regarding future acquisitions, incurrence of debt and the payment of dividends. In addition, both credit agreements contain financial covenants with respect to the Company's minimum tangible net worth, debt service coverage ratio, and funded debt to EBITDA ratio.

On March 29, 2010, the revolving credit agreements were amended as follows:

- Both agreements were extended until May 31, 2012.
- The Ex-Im Line principal amount was increased from \$3.5 million to \$5.0 million.
- The financial covenants, debt service coverage ratio and funded debt to EBITDA ratio, were amended in both agreements to disregard the effects of the write-down associated with the Emirates Simulation Academy receivables and loan guarantee, as reflected in the Company's audited financial statements for the year ended December 31, 2009.
