Dear Shareholder:

This year's annual meeting of shareholders will be held at the Bayfront Plaza Convention Center, 1901 North Shoreline Boulevard, Corpus Christi, Texas, on Wednesday, April 25, 2001 at 9:30 a.m.

Your Board of Directors and I cordially invite you to attend.

During the course of the meeting there will be the usual time for discussion of the items on the agenda and for questions regarding AEP's affairs. Directors and officers will be available to talk individually with shareholders before and after the meeting.

Your vote is very important. Shareholders of record can vote in any one of the following three ways:

- . By Mail -- Fill in, sign and date your enclosed proxy card and return it promptly in the enclosed postage-paid envelope.
- . By Telephone -- Call the toll-free telephone number on your proxy card to vote by phone.
- . Via Internet -- Visit the web site on your proxy card to vote via the Internet.

If your shares are held in the name of a bank, broker or other holder of record, you will receive instructions from the holder of record that you must follow in order for you to vote your shares.

If you plan to attend the meeting and are a shareholder of record, please mark the "Annual Meeting" box on your proxy card or follow the prompts when you vote if you are voting by telephone or Internet. An admission ticket is included with the proxy card for each shareholder of record. However, if your shares are not registered in your own name, please advise the shareholder of record (your bank, broker, etc.) that you wish to attend. That firm must provide you with evidence of your ownership on March 6 which will enable you to gain admittance to the meeting.

Sincerely,

/s/ E. L. Draper, Jr.

NOTICE OF 2001 ANNUAL MEETING

American Electric Power Company, Inc.

Corpus Christi, Texas

Edgar Filing: AMERICAN ELECTRIC POWER COMPANY INC - Form DEF 14A

- ITEMS OF BUSINESS.. (1) To elect 14 directors to hold office until the next annual meeting and until their successors are duly elected.
- (2) To approve the firm of Deloitte & Touche llp as independent auditors for the year 2001.
- (3) To consider and act on such other matters as may properly come before the meeting.

RECORD DATE..... Only shareholders of record at the close of business on March 6, 2001 are entitled to notice of and to vote at the meeting or any adjournment thereof.

ANNUAL REPORT..... Appendix A to this proxy statement has AEP's audited financial statements and management's discussion and analysis of results of operations and financial condition. AEP's Summary Report to Shareholders contains Dr. Draper's letter to shareholders, condensed financial statements, a summary discussion of results of operations and financial condition, and an independent auditors' report.

PROXY VOTING..... It is important that your shares be represented and voted at the meeting. Please vote in one of these ways:

(1) MARK, SIGN, DATE AND PROMPTLY RETURN the enclosed proxy card in the postage-paid envelope.

(2) USE THE TOLL-FREE TELEPHONE NUMBER shown on the proxy card.

(3) VISIT THE WEB SITE noted on your proxy card to vote via the Internet.

Any proxy may be revoked at any time prior to its exercise at the meeting.

Proxy and Voting Information

This proxy statement and the accompanying proxy card are to be mailed to shareholders, commencing on or about March 13, 2001, in connection with the solicitation of proxies by the Board of Directors of American Electric Power Company, Inc., 1 Riverside Plaza, Columbus, Ohio 43215, for the annual meeting of shareholders to be held on April 25, 2001 in Corpus Christi, Texas.

Who Can Vote. Only the holders of shares of Common Stock at the close of business on March 6, 2001 are entitled to vote at the meeting. Each such holder has one vote for each share held on all matters to come before the meeting. On that date, there were 322,083,001 shares of AEP Common Stock, \$6.50 par value, outstanding.

How You Can Vote. Shareholders of record can give proxies by (i) mailing their signed proxy cards, (ii) calling a toll-free telephone number or (iii) using the Internet. The telephone and Internet voting procedures are designed to authenticate shareholders' identities, to allow shareholders to give their voting instructions and to confirm that shareholders' instructions have been properly recorded. Instructions for shareholders of record who wish to use the telephone or Internet voting procedures are set forth on the enclosed proxy

Edgar Filing: AMERICAN ELECTRIC POWER COMPANY INC - Form DEF 14A

card.

When proxies are returned, the shares represented thereby will be voted by the persons named on the proxy card or by their substitutes in accordance with shareholders' directions. The proxies of shareholders who are participants in the Dividend Reinvestment and Stock Purchase Plan include both the shares registered in their names and the whole shares held in their Plan accounts on March 6, 2001. Shareholders are urged to grant or withhold authority to vote for the nominees for directors listed on the proxy card and to specify their choice between approval or disapproval of, or abstention with respect to, the other matter by marking the appropriate boxes on the proxy card. If a proxy card is signed and returned without choices marked, it will be voted for the nominees for directors listed on the card and as recommended by the Board of Directors with respect to other matters.

Revocation of Proxies. A shareholder giving a proxy may revoke it at any time before it is exercised at the meeting by giving notice of its revocation to the Company, by executing another proxy dated after the proxy to be revoked, or by attending the meeting and voting in person.

How Votes are Counted. Under New York law, abstentions and broker non-votes do not count in the determination of voting results and have no effect on the vote. The determination by the shareholders of approval of the auditors is based on votes "for" and "against" -- with abstentions and broker non-votes not counted as "against" votes but counted in the determination of a quorum. Unvoted shares are termed "non-votes" when a nominee holding shares for beneficial owners may not have received instructions from the beneficial owner and may not have exercised discretionary voting power on certain matters, but with respect to other matters may have voted pursuant to discretionary authority or beneficial owner instructions.

Your Vote is Confidential. It is AEP's policy that shareholders be provided privacy in voting. All proxies, voting instructions and ballots, which identify shareholders, are held confidential, except as may be necessary to meet any applicable legal requirements. We direct proxies to an independent third-party tabulator, who receives, inspects, and tabulates them. Voted proxies and ballots are not seen by nor reported to AEP except (i) in aggregate number or to determine if (rather than how) a shareholder has voted, (ii) in cases where shareholders write comments on their proxy cards, or (iii) in a contested proxy solicitation.

Multiple Copies of Annual Report or Proxy Statement to Shareholders. Securities and Exchange Commission rules provide that more than one annual report or proxy statement need not be sent to the same address, if the recipient agrees. If more than one annual report or proxy statement is being sent to your address, at your request, mailing of the duplicate copy to the account you select will be discontinued. You may so indicate in the space provided on the proxy card or follow the prompts when you vote if you are a shareholder of record voting by telephone or Internet. If you wish to resume receiving separate annual reports or proxy statements at the same address, you may call our transfer agent, EquiServe--First Chicago Trust Division, at 800-328-6955 or write to them at P.O. Box 2500, Jersey City, NJ 07303-2500. The change will be effective 30 days after receipt. To receive a separate copy of the annual report or proxy statement, contact AEP Shareholder Direct at 800-551-1AEP(1237).

1. Election of Directors

Fourteen directors are to be elected by a plurality of the votes cast at the meeting to hold office until the next annual meeting and until their successors have been elected. AEP's By-Laws provide that the number of directors of AEP shall be such number, not less than 9 nor more than 17, as shall be deter-

Edgar Filing: AMERICAN ELECTRIC POWER COMPANY INC - Form DEF 14A

mined from time to time by resolution of AEP's Board of Directors.

On January 24, 2001, the Board of Directors adopted a resolution reducing the number of directors by one, effective on the date of the annual meeting. Dr. Morris Tanenbaum, a director, will be retiring from the Board and not standing for reelection.

The 14 nominees named on pages 3-7 were selected by the Board of Directors on the recommendation of the Committee on Directors and Corporate Governance of the Board. The proxies named on the proxy card or their substitutes will vote for the Board's nominees, unless instructed otherwise. Shareholders may withhold authority to vote for any or all of such nominees on the proxy card. All of the Board's nominees were elected by the shareholders at the 2000 annual meeting, except for Messrs. Brooks, Howell, Powell and Shockley and Drs. Carlton and Sandor. These six former Central and South West Corporation directors were named to the Board when the merger with CSW was consummated on June 15, 2000. It is not expected that any of the nominees will be unable to stand for election or be unable to serve if elected. In the event that a vacancy in the slate of nominees should occur before the meeting, the proxies may be voted for another person nominated by the Board of Directors or the number of directors may be reduced accordingly.

Cumulative Voting. Shareholders have the right to vote cumulatively for the election of directors. This means that in the voting at the meeting each shareholder, or his proxy, may multiply the number of his shares by the number of directors to be elected and then cast the resulting total number of votes for a single nominee, or distribute such votes on the ballot among any two or more nominees as desired. The proxies designated by the Board of Directors will not cumulate the votes of the shares they represent.

Biographical Information. The following brief biographies of the nominees include their principal occupations, ages on the date of this statement, accounts of their business experience and names of certain companies of which they are directors. Data with respect to the number of shares of AEP's Common Stock, options exercisable within 60 days and stock-based units beneficially owned by each of them appears on page 23.

Dr. Draper and Mr. Shockley are directors of certain subsidiaries of AEP with one or more classes of publicly held preferred stock or debt securities and other subsidiaries of AEP.

Related Transactions

Dr. Draper's son is a partner in the law firm of Winston & Strawn which AEP retained during 2000 for matters primarily relating to the restart of the Cook Nuclear Plant. Dr. Draper's son has not been involved with any AEP legal matters.

AEP's Board of Directors and Committees

Under New York law, AEP is managed under the direction of the Board of Directors. The Board establishes broad corporate policies and authorizes various

Edgar Filing: AMERICAN ELECTRIC POWER COMPANY INC - Form DEF 14A

types of transactions, but it is not involved in day-to-day operational details. During 2000, the Board held eight regular and seven special meetings.

The Board has seven standing committees and the table below provides membership and meeting information for each of them. The functions of the committees are described in the paragraphs following the table.

During 2000, except for Mr. Howell, no incumbent director attended fewer than 75% of the aggregate of the total number of meetings of the Board of Directors and the total number of meetings held by all committees on which he or she served.

The Audit Committee oversees, and reports to the Board concerning, the general policies and practices of AEP and its subsidiaries with respect to accounting, financial reporting, and internal auditing and financial controls. It also maintains a direct exchange of information between the Board and AEP's independent accountants and reviews possible conflict of interest situations involving directors.

Edgar Filing: AMERICAN ELECTRIC POWER COMPANY INC - Form DEF 14A

The Board of Directors has adopted a written charter for the Audit Committee and it is attached as Exhibit A to this proxy statement.

The members of the Audit Committee are independent as defined by the rules of the New York Stock Exchange.

8

The Committee on Directors and Corporate Governance is responsible for:

1. Recommending the size of the Board within the boundaries imposed by the By-Laws.
2. Recommending selection criteria for nominees for election or appointment to the Board.
3. Conducting independent searches for qualified nominees and screening the qualifications of candidates recommended by others.
4. Recommending to the Board for its consideration one or more nominees for appointment to fill vacancies on the Board as they occur and the slate of nominees for election at the annual meeting.
5. Reviewing and making recommendations to the Board with respect to the compensation of directors and corporate governance.

The Committee on Directors and Corporate Governance will consider shareholder recommendations of candidates to be nominated as directors of the Company. All such recommendations must be in writing and addressed to the Secretary of the Company. By accepting a shareholder recommendation for consideration, the Committee on Directors and Corporate Governance does not undertake to adopt or take any other action concerning the recommendation, or to give the proponent its reasons for not doing so.

The Corporate Public Policy Committee is responsible for examining AEP's policies on major public issues affecting the AEP System, including environmental, work force diversity, industry change and other matters, as well as established System policies which affect the relationship of AEP and its subsidiaries to their service areas and the general public; for reporting periodically and on request to the Board and providing recommendations to the Board on such policy matters; and for counseling AEP management on any such policy matters presented to the Committee for consideration and study.

The Executive Committee is empowered to exercise all the authority of the Board of Directors, subject to certain limitations prescribed in the By-Laws, during the intervals between meetings of the Board. Meetings of the Executive Committee are convened only in extraordinary circumstances.

The Finance Committee monitors and reports to the Board with respect to the capital requirements and financing plans and programs of AEP and its subsidiaries including, among other things, reviewing and making such recommendations as it considers appropriate concerning the short and long-term financing plans and programs of AEP and its subsidiaries and the implementation of the same.

The Human Resources Committee is responsible for:

1. Reviewing executive compensation policies and plans and, as appropriate, recommending changes to the Board.
2. Reviewing salaries and other compensation and benefits paid by AEP and its subsidiaries to Board members who are AEP officers or employees of any of

Edgar Filing: AMERICAN ELECTRIC POWER COMPANY INC - Form DEF 14A

its subsidiaries, and for recommending to the Board for approval the amount of salary and other compensation and benefits to be paid or accrued by AEP and/or any of its subsidiaries during the ensuing year to each such person.

3. Reviewing and approving compensation and benefits for the AEP Service Corporation officers who hold the position of Senior Vice President or higher office.
4. Evaluating AEP's hiring, development, promotional and succession planning practices for those management positions described in (2) and (3) above and recommending changes as appropriate.

The Nuclear Oversight Committee is responsible for overseeing and reporting to the Board with respect to the management and operation of AEP's nuclear generation.

9

Directors Compensation and Stock Ownership Guidelines

Annual Retainers and Meeting Fees. Directors who are officers of AEP or employees of any of its subsidiaries do not receive any compensation, other than their regular salaries and the accident insurance coverage described below, for attending meetings of AEP's Board of Directors. The other members of the Board receive an annual retainer of \$25,000 for their services, an additional annual retainer of \$3,500 for each Committee that they chair, a fee of \$1,200 for each meeting of the Board and of any Committee that they attend (except a meeting of the Executive Committee held on the same day as a Board meeting), and a fee of \$1,200 per day for any inspection trip or conference.

Deferred Compensation and Stock Plan. The Deferred Compensation and Stock Plan for Non-Employee Directors permits non-employee directors to choose to receive up to 100 percent of their annual Board retainer in shares of AEP Common Stock and/or units that are equivalent in value to shares of Common Stock ("Stock Units"), deferring receipt by the non-employee director until termination of service or for a period that results in payment commencing not later than five years thereafter. AEP Common Stock is distributed and/or Stock Units are credited to directors, as the case may be, when the retainer is payable, and are based on the closing price of the Common Stock on the payment date. Amounts equivalent to cash dividends on the Stock Units accrue as additional Stock Units. Payment of Stock Units to a director from deferrals of the retainer and dividend credits is made in cash or AEP Common Stock, or a combination of both, as elected by the director.

Stock Unit Accumulation Plan. The Stock Unit Accumulation Plan for Non-Employee Directors annually awards 750 Stock Units to each non-employee director as of the first day of the month in which the non-employee director becomes a member of the Board. Amounts equivalent to cash dividends on the Stock Units accrue as additional Stock Units. Stock Units are paid to the director in cash upon termination of service unless the director has elected to defer payment for a period that results in payment commencing not later than five years thereafter.

Insurance. AEP maintains a group 24-hour accident insurance policy to provide a \$1,000,000 accidental death benefit for each director. The current policy, effective September 1, 2000 through September 1, 2001, has a premium of \$11,500 and AEP expects to renew this coverage. In addition, AEP pays each director (excluding officers of AEP or employees of any of its subsidiaries) an amount to provide for the federal and state income taxes incurred in connection with the maintenance of this coverage (\$440 for 2000).

Edgar Filing: AMERICAN ELECTRIC POWER COMPANY INC - Form DEF 14A

Central and South West Corporation Programs. Mr. Powell, as a former CSW director, is enrolled in a medical and dental program formerly offered by CSW to its non-employee directors. AEP is continuing this program, pursuant to the terms of the merger with CSW, for those CSW directors who had previously elected to participate. Mr. Powell pays a portion of the cost of his coverage. Upon Mr. Powell's termination of service with the Board, he will be eligible to receive retiree medical and dental benefits coverage.

AEP is also continuing a memorial gift program for former CSW directors and executive officers who had been previously participating in this program. The six former CSW directors who are members of AEP's Board are participants. Under this program, AEP makes donations in a director's name to up to three charitable organizations in an aggregate amount of up to \$500,000, payable by AEP upon such person's death. AEP maintains corporate-owned life insurance policies to fund the program. The annual premiums paid by AEP are based on pooled risks and averaged \$13,621 per participant for 2000.

Stock Ownership Guidelines. AEP's Board of Directors considers stock ownership in AEP by management to be of great importance. Such ownership enhances management's commitment to the future of AEP and further aligns management's interests with those of AEP's shareholders. In keeping with this philosophy, the Board has adopted minimum stock ownership guidelines for non-employee directors. The target for each non-employee director is 2,000 shares of AEP Common Stock and/or Stock Units, with such ownership to be acquired by the end of the third year of service.

10

For further information as to the guidelines for AEP's executive officers, see the Board Human Resources Committee Report on Executive Compensation below under the caption Stock Ownership Guidelines.

Insurance

The directors and officers of AEP and its subsidiaries are insured, subject to certain exclusions, against losses resulting from any claim or claims made against them while acting in their capacities as directors and officers. The American Electric Power System companies are also insured, subject to certain exclusions and deductibles, to the extent that they have indemnified their directors and officers for any such losses. Such insurance is provided by Associated Electric & Gas Insurance Services, Energy Insurance Mutual, Clarendon National Insurance Company, CNA, Great American Insurance Company, Royal-Sun Alliance, Zurich American Insurance Company, Zurich UK, and The Federal Insurance Company, effective January 1, 2001 through December 31, 2001, and pays up to an aggregate amount of \$275,000,000 on any one claim and in any one policy year. The total annual cost for the nine policies is \$1,244,066.

Fiduciary liability insurance provides coverage for AEP System companies, their directors and officers, and any employee deemed to be a fiduciary or trustee, for breach of fiduciary responsibility, obligation, or duties as imposed under the Employee Retirement Income Security Act of 1974. This coverage, provided by Associated Electric & Gas Insurance Services, The Federal Insurance Company, and Zurich American Insurance Company, was renewed, effective July 1, 2000 through June 30, 2003, for a cost of \$355,350. It provides \$100,000,000 of aggregate coverage with a \$500,000 deductible for each loss.

2. Approval of Auditors

On the recommendation of the Audit Committee, the Board of Directors has appointed the accounting firm of Deloitte & Touche LLP as independent auditors

Edgar Filing: AMERICAN ELECTRIC POWER COMPANY INC - Form DEF 14A

of AEP for the year 2001, subject to approval by the shareholders at the annual meeting. Deloitte & Touche LLP is considered to be the firm best qualified to perform this important function because of its ability and the familiarity of its personnel with AEP's affairs. It and predecessor firms have been AEP's auditors since 1911.

Representatives of Deloitte & Touche LLP will be present at the meeting and will have an opportunity to make a statement if they desire to do so. They also will be available to answer appropriate questions.

Aggregate fees billed to AEP and its consolidated subsidiaries for services rendered by Deloitte & Touche LLP and its consulting affiliate for the year ended December 31, 2000, were:

Audit Fees.....	\$2,958,000
Financial Information Systems Design and Implementation Fees.....	-0-
All Other Fees.....	6,178,000

Total.....	\$9,136,000
	=====

The Audit Committee has considered whether the provision of services other than audit services by Deloitte & Touche LLP and its consulting affiliate is compatible with maintaining that firm's independence and the Committee believes that this provision of services is compatible with maintaining Deloitte & Touche LLP's independence.

Vote Required. Approval of this proposal requires the affirmative vote of holders of a majority of the shares present in person or by proxy at the meeting.

Your Board of Directors recommends a vote FOR approval of Deloitte & Touche LLP as independent auditors for 2001.

Audit Committee Report

The Audit Committee reviews AEP's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal controls.

In this context, the Committee has met and held discussions with management and the independent auditors. Management represented to the Committee that AEP's consolidated financial statements were prepared in accordance with generally accepted accounting principles,

and the Committee has reviewed and discussed the consolidated financial statements with management and the independent auditors. The Committee discussed with the independent auditors matters required to be discussed by Statement on Auditing Standards No. 61 (Communication With Audit Committees).

In addition, the Committee has discussed with the independent auditors, the auditor's independence from AEP and its management, including the matters in the written disclosures required by the Independence Standards Board Standard No. 1 (Independence Discussions With Audit Committees).

Edgar Filing: AMERICAN ELECTRIC POWER COMPANY INC - Form DEF 14A

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in AEP's Annual Report on Form 10-K for the year ended December 31, 2000, for filing with the Securities and Exchange Commission.

Other Business

The Board of Directors does not intend to present to the meeting any business other than the election of directors and the approval of auditors.

If any other business not described herein should properly come before the meeting for action by the shareholders, the persons named as proxies on the enclosed card or their substitutes will vote the shares represented by them in accordance with their best judgment. At the time this proxy statement was printed, the Board of Directors was not aware of any other matters that might be presented.

- (1) Amounts in the Bonus column reflect awards under the Senior Officer Annual Incentive Compensation Plan and, in the case of Mr. Addis, the AEP Energy Services Incentive Compensation Plan. Payments are made in the first quarter of the succeeding fiscal year for performance in the year indicated.

Amounts in the Long-Term Compensation -- Payouts column reflect performance share unit targets earned under the AEP 2000 Long-Term Incentive Plan (and predecessor Performance Share Incentive Plan) for three-year performance periods.

See below under Long-Term Incentive Plans -- Awards in 2000 and page 21 for additional information.

- (2) Amounts in the All Other Compensation column include (i) AEP's matching contributions under the AEP Retirement Savings Plan and the AEP Supplemental Savings Plan, a non-qualified plan designed to supplement the AEP Savings Plan, (ii) subsidiary companies director fees, (iii) vehicle allowance, and (iv) split-dollar insurance. In August 2000, AEP discontinued providing vehicles for its executive officers and began paying them a monthly allowance. Split-dollar insurance represents the present value of the interest projected to accrue for the employee's benefit on the current year's insurance premium paid by AEP. Cumulative net life insurance premiums paid are recovered by AEP at the later of retirement or 15 years. De-

(1) Options were granted on September 20, 2000, pursuant to the AEP 2000 Long-Term Incentive Plan. All options granted on this date have an exercise price equal to the closing price of AEP Common Stock on the New York Stock Exchange Composite Transactions Tape on September 20, 2000. These options will vest in equal increments, annually, over a three-year period beginning on January 1, 2002. Options also fully vest upon termination due to retirement after one year from the grant date or due to disability or death and expire five years thereafter, or on their scheduled expiration date if earlier. Options expire upon termination of employment for reasons other than retirement, disability or death, unless the Human Resources Committee determines that circumstances warrant continuation of the options for up to

five years. Options are nontransferable.

- (2) A total of 6,046,000 options were granted in 2000.
- (3) Value was calculated using the Black-Scholes option valuation model. The actual value, if any, ultimately realized depends on the market value of AEP's Common Stock at a future date. Significant assumptions are shown below:

Stock Price Volatility	24.75%	Dividend Yield	6.02%
Risk-Free Rate of Return	6.50%	Option Term	10 years

- (2) Based on the difference between the closing price of AEP Common Stock on the New York Stock Exchange Composite Transactions Tape on December 29, 2000 (\$46.50) and the option exercise price. "In-the-money" means the market price of the stock is greater than the exercise price of the option on the date indicated.

Long-Term Incentive Plans -- Awards In 2000

Each of the awards set forth below establishes performance share unit targets, which represent units equivalent to shares of Common Stock, pursuant to the Company's 2000 Long-Term Incentive Plan. Since it is not possible to predict future dividends and the price of AEP Common Stock, credits of performance share units in amounts equal to the dividends that would have been paid if the performance share unit targets were established in the form of shares of Common Stock are not included in the table.

The ability to earn performance share unit targets is tied to achieving specified levels of total shareholder return ("TSR") relative to the S&P Electric Utility Index. The Human Resources Committee may, at its discretion, reduce the number of performance share unit targets otherwise earned. In accordance with the performance goals established for the periods set forth below, the threshold, target and maximum awards are equal to 20%, 100% and 200%, respectively, of the performance share unit targets. No payment will be made for performance below the threshold.

Payments of earned awards are deferred in the form of phantom stock units

Edgar Filing: AMERICAN ELECTRIC POWER COMPANY INC - Form DEF 14A

(equivalent to shares of AEP Common Stock) until the officer has met the equivalent stock ownership target discussed in the Human Resources Committee Report. Once officers meet and maintain their respective targets, they may elect either to continue to defer or to receive further earned awards in cash and/or Common Stock.

Retirement Benefits

The American Electric Power System Retirement Plan provides pensions for all employees of AEP System companies (except for employees covered by certain collective bargaining agreements or by the Central and South West Corporation Cash Balance Retirement Plan), including the executive officers of AEP. The Retirement Plan is a noncontributory defined benefit plan.

The Retirement Plan was amended effective January 1, 2001. The amendment provides

15

that the final average pay benefit accrual formula currently in effect terminates on December 31, 2010 and, effective January 1, 2001, a cash balance accrual formula is added to the Retirement Plan. Employees participating in the Retirement Plan on December 31, 2000 accrue retirement benefits under both formulas and employees hired after December 31, 2000 accrue retirement benefits solely under the cash balance formula. Employees accruing benefits under both formulas may choose either the final average pay formula or the cash balance formula for their accrued benefit at the time employment is terminated. The accrued benefit earned by an employee under the final average pay formula as of December 31, 2010, the date the final average pay formula will be discontinued, is the minimum benefit an employee can receive from the Retirement Plan after that time.

The following table shows the approximate annual annuities that would be payable to employees in certain higher salary classifications under the final average pay formula, assuming retirement at age 65 after various periods of service.

The amounts shown in the table are the straight life annuities payable under the Retirement Plan final average pay formula without reduction for the joint and survivor annuity. Retirement benefits listed in the table are not subject to any deduction for Social Security or other offset amounts. The retirement annuity is reduced 3% per year in the case of retirement between ages 55 and 62. If an employee retires after age 62, there is no reduction in the retirement annuity.

Compensation upon which retirement benefits under the final average pay formula are based, for the executive officers named in the Summary Compensation Table above (except for Mr. Addis), consists of the average of the 36 consecutive months of the officer's highest aggregate salary and Senior Officer Annual Incentive Compensation Plan awards, shown in the Salary and Bonus columns, respectively, of the Summary Compensation Table, out of the officer's most recent 10 years of service. In the case of Mr. Addis, compensation upon which his retirement benefits are based consists of salary and annual AEP Energy Services Incentive Compensation Plan awards up to a maximum of 30% of salary.

Under the cash balance formula each employee has an account to which dollar amount credits are allocated annually based on a percentage of the employee's compensation. Compensation for the cash balance formula includes annual salary and annual incentive compensation plan awards up to a maximum total compensation of \$1,000,000. The applicable percentage is determined by age and years of service with AEP as of December 31 of each year (or as of the employee's termination date, if earlier). The following table shows the percentage used to determine dollar amount credits at the age and years of service indicated:

Sum of Age	
Plus	
Years of Service	Applicable Percentage
