**5. FULL DESCRIPTION OF MATERIAL CHANGE**

On October 13, 2009, Rio Tinto gave notice to the Company of its intention to complete the Second Tranche Private Placement under the terms of the Private Placement Agreement. Pursuant to the Second Tranche Private Placement, Rio Tinto will subscribe for an additional 46,304,473 common shares of the Company at a subscription price of US\$8.38 per common share, for total gross proceeds to the Company of US\$388,031,484. Upon completion of the Second Tranche Private Placement, Rio Tinto's equity ownership in the Company will increase from its current level of 9.86% to 19.68%. The Second Tranche Private Placement is expected to close by October 27, 2009.

Under the terms of the Private Placement Agreement, Rio Tinto would have become obliged to complete the Second Tranche Private Placement upon Ivanhoe, or a subsidiary of Ivanhoe, having obtained an investment agreement with the Government of Mongolia

---

in respect of the Oyu Tolgoi copper and gold project (the **OT Project**) meeting the criteria established under the terms of the Private Placement Agreement (an **Approved OT Investment Contract**), provided that such agreement was obtained, and all conditions precedent to its effectiveness satisfied, by October 27, 2009 (the **Expiry Date**). Rio Tinto also had the right, in its sole discretion, to complete the Second Tranche Private Placement, whether or not Ivanhoe, or a subsidiary of Ivanhoe, obtained an Approved OT Investment Contract, provided that it exercised such right on or before the Expiry Date.

On September 22, 2009, Ivanhoe announced that it had agreed with Rio Tinto to extend the Expiry Date by up to six months. This extension was subject to approval by the Company's disinterested shareholders at a special shareholders meeting that was scheduled for October 20, 2009. Rio Tinto's election to complete the Second Tranche Private Placement made the extension of the Expiry Date unnecessary and, as a result, the special shareholders meeting scheduled for October 20, 2009 was cancelled.

The following table sets out (i) the issued and outstanding common shares of the Company currently owned by Rio Tinto, (ii) the additional unissued common shares that will be issued to Rio Tinto pursuant to the Second Tranche Private Placement, (iii) the additional unissued common shares that may be issued to Rio Tinto if Rio Tinto exercises all of its rights to acquire additional common shares of the Company, and (iv) the percentage interest that such common shares represent or would represent after giving effect to such issuances, based on the 378,585,029 common shares issued and outstanding as of the date hereof.

(2) Represents additional share purchase warrants issued pursuant to Rio Tinto's exercise of its pre-emptive rights under the Private Placement Agreement.

Under the terms of the Private Placement Agreement, the Company is obliged to use at least 90% of the proceeds of the Second Tranche Private Placement on expenditures relating to the OT Project. Such expenditures may include the repurchase of certain mining equipment and equipment supply contracts in respect of the OT Project acquired

in 2008 by a Rio Tinto affiliate from the Company's OT Project subsidiary for an aggregate purchase price of approximately US\$121.5 million. The Rio Tinto affiliate has the right to require the Company's OT Project subsidiary to repurchase these assets.

Rio Tinto also has the right to require the Company to use the proceeds of the Second Tranche Private Placement to repay the Company's indebtedness to Rio Tinto under the terms of the Credit Agreement dated October 24, 2007 pursuant to which Rio Tinto provided to the Company a non-revolving, convertible credit facility of US\$350 million. Rio Tinto has 30 days following the closing date of the Second Tranche Private Placement to make this election. Provided that the Company is not in default, if this credit facility is not repaid by September 12, 2010, the entire outstanding principal amount and up to US\$108 million of accrued and unpaid interest will automatically be converted into common shares of the Company at a conversion price of US\$10.00 per share.
