**Subscription Rights**

We may from time to time offer and sell in one or more offerings, together or separately, any combination of the securities described in this prospectus. We will specify in an accompanying prospectus supplement the specific terms of any offering and the securities offered.

Our Class A Common Stock is currently listed on the New York Stock Exchange under the trading symbol BBX. Each prospectus supplement will contain information, where applicable, as to any listing on the New York Stock Exchange or any other securities exchange of the securities covered by the prospectus supplement.

As of February 8, 2010, the aggregate market value of our outstanding common equity held by non-affiliates was approximately \$36.2 million, based on 29,668,617 shares of our Class A Common Stock held by non-affiliates and a per share price of \$1.22, which equaled the closing price of our Class A Common Stock as quoted on the New York Stock Exchange on that date. Because the aggregate market value of our outstanding common equity held by non-affiliates is less than \$75 million, we are currently only permitted to use the registration statement of which this prospectus forms a part to offer the securities covered by this prospectus either: (i) pursuant to General Instruction I.B.4. of Form S-3, in a subscription rights offering to our shareholders; or (ii) pursuant to General Instruction I.B.6. of Form S-3, in a primary offering where the maximum amount of securities sold in the offering during any twelve-month period does not exceed one-third of the aggregate market value of our outstanding common equity held by non-affiliates. As of the date of this prospectus, we have not offered any securities pursuant to General Instruction I.B.6. of Form S-3 during the prior twelve-month period that ends on, and includes, the date of this prospectus. If the aggregate market value of our outstanding common equity held by non-affiliates increases to an amount equal to or in excess of \$75 million, then we will be permitted to offer the securities covered by this prospectus without regard to the above-described limitations. In any event, the aggregate initial offering price of the securities that we offer under the registration statement of which this prospectus forms a part will not exceed \$75 million.

You should read this prospectus, any prospectus supplement and the documents incorporated by reference in this prospectus and any prospectus supplement carefully before you invest. The securities offered by this prospectus may be sold directly by us to purchasers, through agents designated from time to time or to or through underwriters or dealers. We will set forth the names of any underwriters or agents in an accompanying prospectus supplement. For additional information on the methods of sale, you should refer to the section entitled Plan of Distribution. The price to the public and the net proceeds we expect to receive from such sale will also be set forth in a prospectus supplement.

**Investing in our securities involves risks. You should carefully consider the risk factors discussed in the sections entitled Risk Factors in our most recent Annual Report on Form 10-K and in any subsequent Quarterly Report on Form 10-Q, as well as in any prospectus supplement.**

**This prospectus may not be used to sell securities unless accompanied by a prospectus supplement.**

**Neither the SEC nor any state securities commission has approved or disapproved of these securities or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.**

As of September 30, 2009, we had total consolidated assets of approximately \$4.9 billion, total deposits of approximately \$4.0 billion and stockholders' equity of approximately \$189 million.

Our Class A Common Stock currently trades on the New York Stock Exchange under the symbol BBX. **RISK FACTORS**

Investing in our securities involves a high degree of risk. Before investing in our securities, you should carefully consider the risks described under the heading Risk Factors contained in any prospectus supplement, in our most recent Annual Report on Form 10-K and in any subsequent Quarterly Report on Form 10-Q, as well as all of the other information contained or incorporated by reference in this prospectus and any applicable prospectus supplement, including our financial statements and related notes. If any of the possible events described in those sections actually occur, our business, business prospects, cash flow, results of operations or financial condition could be harmed. Additional risks and uncertainties not presently known to us may also adversely impact our operations.

**FORWARD-LOOKING STATEMENTS**

This prospectus and the documents incorporated by reference in this prospectus contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (the Exchange Act), that involve substantial risks and uncertainties. When used in this prospectus and in any documents incorporated by reference herein, the words anticipate, believe, estimate, may, intend, expect and similar expressions identify certain of such forward-looking statements. Actual results, performance or achievements could differ materially from those contemplated, expressed or implied by the forward-looking statements. Forward-looking statements are based largely on the expectations of the Company and are subject to a number of risks and uncertainties that could change based on factors which are, in many instances, beyond the Company's control. These include, but are not limited to, risks and uncertainties associated with: the impact of economic, competitive and other factors affecting the Company and its operations, markets, products and services, including the

**Table of Contents**

impact of the changing regulatory environment, a continued or deepening recession, continued decreases in real estate values and increased unemployment on our business generally, our regulatory capital ratios and the ability of our borrowers to service their obligations and of our customers to maintain account balances; credit risks and loan losses, and the related sufficiency of the allowance for loan losses, including the impact on the credit quality of our loans (including those held in the asset workout subsidiary of the Company) of a sustained downturn in the economy and in the real estate market; the performance of our real estate based loans, including our residential land acquisition and development loans (including builder land bank loans, land acquisition and development loans and land acquisition, development and construction loans) as well as commercial land loans, other commercial real estate loans, and commercial business loans, and conditions specifically in those market sectors; the accuracy of our estimates of the fair value of collateral securing our loans, including the accuracy of values estimated using automated valuation models and other methods, including appraisals; the risks of additional charge-offs, impairments and required increases in our allowance for loan losses; changes in interest rates and the effects of, and changes in, trade, monetary and fiscal policies and laws, including their impact on BankAtlantic's net interest margin; adverse conditions in the stock market, the public debt market and other financial and credit markets, and the impact of such conditions on our activities, the value of our assets and on the ability of our borrowers to service their debt obligations and maintain account balances; BankAtlantic's seven-day banking initiatives and other initiatives not resulting in continued growth of core deposits or increasing average balances of new deposit accounts or failing to produce results which justify their costs; the success of our expense reduction initiatives and the ability to achieve additional cost savings; and the impact of periodic valuation testing of goodwill, deferred tax assets and other assets. Past performance may not be indicative of future results. In addition to the risks and factors identified above, reference is also made to other risks and factors detailed in our most recent Annual Report on Form 10-K and in any subsequent Quarterly Report on Form 10-Q. The Company cautions that the foregoing factors are not exclusive.

**USE OF PROCEEDS**

Unless otherwise indicated in an applicable prospectus supplement, we intend to use the net proceeds from the sale of the securities offered by this prospectus for general corporate purposes, which could include the redemption of trust preferred securities or the repayment of debt, and to support BankAtlantic.

**Table of Contents****RATIO OF EARNINGS TO FIXED CHARGES**

The table below contains our consolidated ratio of earnings to fixed charges for each of the periods indicated (dollar amounts in thousands):

	<b>Nine Months Ended September 30, 2009</b>	<b>2008</b>	<b>Year Ended December 31,</b>			
			<b>2007</b>	<b>2006</b>	<b>2005</b>	<b>2004</b>
Ratio of earnings to fixed charges	N/A	N/A	N/A	1.19x	1.44x	1.89x
Deficiency of earnings to fixed charges	\$ (137,053)	(186,755)	(57,584)	N/A	N/A	N/A

We computed the ratio of earnings to fixed charges by dividing earnings from continuing operations by fixed charges. For purposes of computing this ratio, earnings consist of income from continuing operations before provision for income taxes, extraordinary charges and changes in accounting principles plus fixed charges. Fixed charges consist of the sum of interest expense on indebtedness and interest expense on deposits and an estimate of the interest component of rent expense. We did not have any shares of preferred stock outstanding during the nine months ended September 30, 2009 or any of the years ended December 31, 2004 through 2008 and, accordingly, we did not declare or pay any dividends on our preferred stock during any of those periods.

**DESCRIPTION OF SECURITIES**

The following is a general description of the terms and provisions of the securities we may offer and sell under this prospectus. These summaries are not meant to be a complete description of each security. This prospectus, together with any accompanying prospectus supplement, will contain the material terms and conditions for each security. The prospectus supplement may add, update or change the terms and conditions of the securities as described in this prospectus.

**Description of Capital Stock**

The following summary describes the material terms of our capital stock. For the complete terms of our capital stock, you should read the more detailed provisions of our Restated Articles of Incorporation and Amended and Restated Bylaws, as well as the applicable provisions of the Florida Business Corporation Act. See [Where You Can Find More Information](#).

Our authorized capital stock consists of 125,000,000 shares of Class A Common Stock, par value \$0.01 per share, 9,000,000 shares of Class B Common Stock, par value \$0.01 per share, and 10,000,000 shares of preferred stock, par value \$0.01 per share. Holders of our common stock are not entitled to preemptive rights. As of February 8, 2010, we had 48,264,842 shares of Class A Common Stock and 975,225 shares of Class B Common Stock issued and outstanding, and no shares of preferred stock were outstanding.

**Table of Contents**

**Common Stock**

*Voting Rights*

Except as provided by law or as specifically provided in our Restated Articles of Incorporation, holders of our Class A Common Stock and Class B Common Stock vote as a single group. Each share of Class A Common Stock is entitled to one vote, and the Class A Common Stock represents in the aggregate 53% of the total voting power of the common stock. Each share of Class B Common Stock is entitled to the number of votes per share which will represent in the aggregate 47% of the total voting power of the common stock. The fixed voting percentages will be eliminated, and shares of Class B Common Stock will be entitled to only one vote per share, from and after the date that BFC Financial Corporation ( BFC ) or its affiliates no longer own in the aggregate at least 486,613 shares of Class B Common Stock.

Under Florida law, holders of our Class A Common Stock are entitled to vote as a separate voting group on amendments to our Restated Articles of Incorporation which require the approval of our shareholders and would have any of the following effects:

effect an exchange or reclassification of all or part of the shares of Class A Common Stock into shares of another class of stock;

effect an exchange or reclassification, or create a right of exchange, of all or a portion of the shares of another class of stock into shares of Class A Common Stock;

change the designation, rights, preferences or limitations of all or a portion of the shares of Class A Common Stock;

change all or a portion of the shares of Class A Common Stock into a different number of shares of Class A Common Stock;

create a new class of shares which have rights or preferences with respect to distributions or to dissolution that are prior or superior to the shares of Class A Common Stock; or

increase the rights, preferences or number of authorized shares of any class of shares that, after giving effect to the amendment, have rights or preferences with respect to distributions or to dissolution that are prior or superior to the shares of Class A Common Stock.

However, if a proposed amendment that would otherwise entitle the holders of our Class A Common Stock to vote as separate voting group as a result of the amendment having one of the effects described above would affect the holders of our Class B Common Stock or any of our other securities in the same or substantially similar way, then the holders of our Class A Common Stock will not be entitled to vote as a separate voting group on the amendment but instead will vote together with the other similarly affected shareholders as a single voting group on the proposed amendment.

**Table of Contents**

Under Florida law, holders of our Class B Common Stock are entitled to vote as a separate voting group and would therefore have effective veto power on amendments to our Restated Articles of Incorporation which require the approval of our shareholders and would affect the rights of the Class B Common Stock in substantially the same manner as described above with respect to the Class A Common Stock. Further, under Florida law, holders of our Class A Common Stock and Class B Common Stock will be entitled to vote as a separate voting group on any plan of merger or plan of share exchange that requires the approval of our shareholders and contains a provision which, if included in a proposed amendment to our Restated Articles of Incorporation, would require their vote as a separate voting group.

In addition to the rights afforded to our shareholders under Florida law, our Restated Articles of Incorporation provide that the approval of the holders of our Class B Common Stock, voting as a separate voting group, will be required before any of the following actions may be taken:

the issuance of any additional shares of Class B Common Stock, other than a stock dividend issued to holders of Class B Common Stock;

the reduction of the number of outstanding shares of Class B Common Stock (other than upon conversion of the Class B Common Stock into Class A Common Stock or upon a voluntary disposition to us); or

any amendments of the capital stock provisions of the our Restated Articles of Incorporation.

Our Board of Directors is classified into three classes with staggered terms of three years. Cumulative voting is not provided for in our Restated Articles of Incorporation, which means that the holders of shares of our Class A Common Stock and Class B Common Stock representing a majority of the votes cast can elect all of the directors then standing for election.

*Convertibility of Class B Common Stock into Class A Common Stock; Ownership Restrictions on Class B Common Stock*

Holders of our Class B Common Stock possess the right, at any time, to convert any or all of their shares of Class B Common Stock into shares of Class A Common Stock on a share-for-share basis. Only BFC and its affiliates may hold Class B Common Stock and, accordingly, sales of Class B Common Stock to unaffiliated parties would require the conversion of those shares to Class A Common Stock prior to or contemporaneously with the sale. However, the sale of BFC or any other change in control of BFC would not result in the conversion of the shares of Class B Common Stock held by BFC into shares of Class A Common Stock.

*Dividends and Other Distributions; Liquidation Rights*

Holders of our Class A Common Stock and Class B Common Stock are entitled to receive cash dividends, when and as declared by our Board of Directors out of legally available assets subject to regulatory restrictions and limitations. Any distribution per

**Table of Contents**

share with respect to our Class A Common Stock will be identical to the distribution per share with respect to our Class B Common Stock, except that a stock dividend or other non-cash distribution to holders of Class A Common Stock may be declared and issued only in the form of Class A Common Stock while a dividend or other non-cash distribution to holders of Class B Common Stock may be declared and issued in the form of either Class A Common Stock or Class B Common Stock at the discretion of our Board of Directors, provided that the number of any shares so issued or any non-cash distribution is the same on a per share basis.

Upon any liquidation, the assets legally available for distribution to shareholders will be distributed ratably among the holders of our Class A Common Stock and Class B Common Stock.

*Transfer Agent*

The transfer agent for our Class A Common Stock is American Stock Transfer & Trust Company. The transfer agent's address is 59 Maiden Lane, Plaza Level, New York, New York 10038.

**Preferred Stock**

Pursuant to our Restated Articles of Incorporation, our Board of Directors has the authority, without further action by our shareholders, to designate and issue up to 10,000,000 shares of preferred stock in one or more series, to establish from time to time the number of shares to be included in each such series, to fix the designations, voting powers, preferences and rights of the shares of each wholly unissued series, and any qualifications, limitations or restrictions thereof, and to increase or decrease the number of shares of any such series, but not to below the number of shares of such series then outstanding.

The designations, voting powers, preferences and rights of the preferred stock of each series, as well as the qualifications, limitations or restrictions thereof, will be set forth in an Articles of Amendment to our Restated Articles of Incorporation relating to that series. We will file as an exhibit to the registration statement of which this prospectus is a part, or will incorporate by reference from reports that we file with the SEC, the form of any Articles of Amendment that describe the terms of the series of preferred stock we are offering before the issuance of that series of preferred stock.

The prospectus supplement relating to any preferred stock we offer will include a description of the designations, voting powers, preferences and rights of the preferred stock, as well as the qualifications, limitations or restrictions thereof (as set forth in the related Articles of Amendment to our Restated Articles of Incorporation). This description will include:

the title and stated value;

the number of shares we are offering;

the liquidation preference per share;

**Table of Contents**

the purchase price;

the dividend rate, period and payment date and method of calculation for dividends;

whether dividends will be cumulative or non-cumulative and, if cumulative, the date from which dividends will accumulate;

the procedures for any auction and remarketing, if any;

the provisions for a sinking fund, if any;

the provisions for redemption or repurchase, if applicable, and any restrictions on our ability to exercise those redemption and repurchase rights;

any listing of the preferred stock on any securities exchange or market;

voting rights, if any;

preemptive rights, if any;

restrictions on transfer, sale or other assignment, if any;

whether interests in the preferred stock will be represented by depositary shares;

a discussion of any material United States federal income tax considerations applicable to the preferred stock;

the relative ranking and preferences of the preferred stock as to dividend rights and rights if we liquidate, dissolve or wind up our affairs;

any limitations on the issuance of any class or series of preferred stock ranking senior to or on a parity with the series of preferred stock as to dividend rights and rights if we liquidate, dissolve or wind up our affairs; and

any other specific terms, preferences, rights or limitations of, or restrictions on, the preferred stock.

Under Florida law, holders of preferred stock will have the right to vote separately as a class (or, in some cases, as a series) on an amendment to our Restated Articles of Incorporation if the amendment would change the par value or, unless our Restated Articles of Incorporation provided otherwise, change the number of authorized shares of the class or change the powers, preferences or special rights of the class or series so as to adversely affect the class or series, as the case may be. This right is in addition to any voting rights that may be provided for in the applicable Articles of Amendment.

Our Board of Directors may authorize the issuance of preferred stock with voting or conversion rights that could adversely affect the voting power or other rights of the holders of our common stock. Preferred stock could be issued quickly with terms designed to delay or prevent a change in control of our Company or make removal of management more difficult. Additionally, the issuance of preferred stock may have the effect of decreasing the market price of our common stock.

*Conversion or Exchange Rights*

We will set forth in the prospectus supplement the terms under which the preferred stock may be convertible into or exchangeable for our Class A Common Stock or our other securities. We will include provisions as to whether conversion or exchange is mandatory, at the option of the holder or at our option. We may include provisions pursuant to which the number of shares of our Class A Common Stock or other securities

**Table of Contents**

that the holders of preferred stock receive upon conversion or exchange of the preferred stock would be subject to adjustment.

**Certain Anti-Takeover Effects**

The terms of our Class A Common Stock and Class B Common Stock make the sale or transfer of control of the Company or the removal of incumbent directors unlikely without the concurrence of BFC, the holder of all of our Class B Common Stock. Our Restated Articles of Incorporation and Amended and Restated Bylaws also contain other provisions which could have anti-takeover effects. These provisions include, without limitation:

the authority of our Board of Directors to issue additional shares of preferred stock and to fix the relative rights and preferences of the preferred stock without additional shareholder approval;

the division of our Board of Directors into three classes of directors with three-year staggered terms; and

certain notice procedures to be complied with by shareholders in order to make shareholder proposals or nominate directors.

We are also subject to the Florida Business Corporation Act, including provisions related to control share acquisitions. These provisions generally provide that shares acquired within specified voting ranges (shares representing in excess of 20%, 33% and 50% of our outstanding voting power) will not possess voting rights unless the acquisition of the shares is approved in advance by our Board of Directors or the voting rights associated with the acquired shares are approved by a majority vote of our disinterested shareholders following the acquisition of the shares.

**Regulatory Limitations**

Because we are a unitary savings and loan holding company, the Office of Thrift Supervision (the "OTS") has the authority to, among other things, prevent individuals and entities from acquiring control of us. Under the applicable rules and regulations of the OTS, if, after giving effect to a purchase of any class of our voting securities, you, directly or indirectly, or through one or more subsidiaries, or acting in concert with one or more other persons or entities, will own (i) more than 10% of that class of securities and one or more specified control factors exist, then you will be determined, subject to your right of rebuttal, to have acquired control of us or (ii) more than 25% of that class of securities, then you will be conclusively determined to have acquired control of us, regardless of whether any control factors exist. Accordingly, subject to certain limited exceptions, you will be required to rebut such determination of control or obtain the approval of the OTS relating to such acquisition of control, as the case may be, prior to purchasing shares of our voting securities which we may offer under this prospectus which would cause your ownership in those securities to exceed either of the thresholds set forth above. We will not be required to issue to you any securities so purchased until

**Table of Contents**

you obtain all required clearances and approvals, including, without limitation, the approval of the OTS, to own or control those securities.

As the holder of all of the issued and outstanding shares of our Class B Common Stock and approximately 36% of the issued and outstanding shares of our Class A Common Stock, BFC has previously received all required regulatory approvals, including, without limitation, the approval of the OTS, relating to its control of us and ownership of our common stock and, accordingly, BFC may acquire any securities we may offer under this prospectus without obtaining any additional approval of the OTS.

**Description of Debt Securities**

This prospectus describes the general terms and provisions of the debt securities that we may offer. When we offer to sell a particular series of debt securities, we will describe the specific terms of that series in a supplement to this prospectus. We will also indicate in the prospectus supplement whether the general terms and provisions that we describe in this prospectus apply to that particular series of debt securities. For a complete description of the material terms of a particular issue of debt securities, you must refer to both the prospectus supplement relating to that series and to the following description.

If issued, we will issue the debt securities under an indenture between us and U.S. Bank National Association (or a subsequent or replacement trustee), as trustee. The indenture is subject to, and governed by, the Trust Indenture Act of 1939. We have filed a copy of the form of indenture as an exhibit to the registration statement of which this prospectus forms a part. We have summarized the material portions of the indenture below, but you should read the indenture for other provisions that may be important to you. We qualify the following summary in its entirety by reference to the provisions of the indenture.

**General**

The debt securities will be our direct unsecured general obligations. We will establish the terms of each series of debt securities that we will issue under the indenture by a resolution of our Board of Directors. We will detail the terms of the debt securities that we will offer in an officers' certificate under the indenture or by a supplemental indenture. We will describe the particular terms of each series of debt securities that we issue in a prospectus supplement relating to that series. The specific terms described in any prospectus supplement may differ from the terms described below.

Under the indenture, we can issue an unlimited amount of debt securities, including debt securities that are convertible into, or exchangeable for, our other securities, including our common stock. We may issue the debt securities:

in one or more series;

with the same or various maturities;

at par;

**Table of Contents**

at a premium; or

at a discount.

We will describe in the applicable prospectus supplement the terms of the series of debt securities being offered, including:

the initial offering price;

the aggregate principal amount of that series of debt securities;

the title of the debt securities;

any limit on the aggregate principal amount of the debt securities;

the date or dates on which we will pay the principal on the debt securities;

the maturity date;

the per annum rate or rates (which may be fixed or variable) or the method used to determine such rate or rates (including any commodity, commodity index, stock exchange index or financial index) at which the debt securities will bear interest;

the date or dates from which interest will accrue;

the date or dates on which interest will commence and be payable;

any regular record date for the interest payable on any interest payment date;

the place or places where we will pay the principal, premium and interest with respect to the debt securities;

the terms and conditions upon which we may redeem the debt securities;

any obligation we have to redeem or purchase the debt securities under any sinking fund or similar provisions or at the option of a holder of debt securities;

the denominations in which we will issue the debt securities, if we issue them other than in denominations of \$1,000 and any integral multiple thereof;

whether we will issue the debt securities in the form of certificated debt securities or global securities;

the currency of denomination of the debt securities;

any addition to or change in the events of default that are described in this prospectus or in the indenture;

any change in the acceleration provisions that are described in this prospectus or in the indenture;

any addition to or change in the covenants described in this prospectus or in the indenture with respect to the debt securities;

any other terms of the debt securities, which may modify or delete any provision of the indenture as it applies to that series; and

any depositaries, interest rate calculation agents, exchange rate calculation agents or other agents with respect to the debt securities.

We may issue debt securities that provide that we must only pay an amount less than our stated principal amount if our maturity date accelerates. In the prospectus supplement, we will also provide information regarding the federal income tax considerations and other special considerations that apply to any of the particular debt securities.

**Table of Contents**

**Conversion or Exchange Rights**

We will set forth in the prospectus supplement the terms under which a series of debt securities may be convertible into, or exchangeable for, our Class A Common Stock or our other securities. We will include provisions as to whether conversion or exchange is mandatory, at the option of the holder or at our option. We may include provisions pursuant to which the number of shares of our Class A Common Stock or our other securities that the holders of the series of debt securities receive upon conversion or exchange would be subject to adjustment.

**Form, Exchange and Transfer**

Each debt security will be represented by either one or more global securities registered in the name of The Depository Trust Company ( DTC ) or a nominee of DTC, as depository (a book-entry debt security ), or a certificate issued in definitive registered form (a certificated debt security ).

We will describe whether the particular series of debt securities will be a book-entry debt security or a certificated debt security in the applicable prospectus supplement. Except as described under Global Debt Securities and Book-Entry System below, we will not issue book-entry debt securities in certificated form.

***Certificated Debt Securities***

You may transfer or exchange certificated debt securities at the trustee s office or at paying agencies as provided for in the indenture. We will not charge you any service charge for any transfer or exchange of certificated debt securities, but may require you to pay a sum sufficient to cover any tax or other governmental charge that may be required in connection with your transfer or exchange.

You may transfer certificated debt securities and the right to receive the principal, premium and interest on certificated debt securities only by surrendering the certificate representing your certificated debt securities. After you surrender your certificated debt securities, we or the trustee will reissue your certificate or issue a new certificate to the new holder.

***Global Debt Securities and Book-Entry System***

A global debt security is a debt security that represents, and is denominated in an amount equal to the aggregate principal amount of, all outstanding debt securities of a series, or any portion thereof, in either case having the same terms, including the same:

original issue date;

date or dates on which we must pay principal and interest; and

interest rate or method of determining interest.

**Table of Contents**

We will deposit each global debt security representing book-entry debt securities with, or on behalf of, the depositary and will also register the global debt security in the name of the depositary or its nominee. We anticipate that the depositary will follow the following procedures with respect to book-entry debt securities.

Only persons who have accounts with the depositary for the related global debt security, or participants, or a person that holds an interest through a participant may own beneficial interests in book-entry debt securities. When we issue a global debt security, the depositary will credit, on its book-entry registration and transfer system, the participants' accounts with the appropriate principal amounts of the book-entry debt securities that the participant owns. Any dealers, underwriters or agents participating in the distribution of the book-entry debt securities will designate the accounts that the depositary will credit. Ownership of book-entry debt securities will be shown on, and the transfer of the ownership interests in book-entry debt securities will be effected only through, records that the depositary maintains for the related global debt security (for interests of participants) and records that the participants maintain (for interests of persons holding through participants). The laws of some states may require that some purchasers of securities take physical delivery of their securities in definitive form. Because, except under the special circumstances that are described below, we will not issue book-entry debt securities in certificated form, these laws may impair the ability to own, transfer or pledge beneficial interests in book-entry debt securities. So long as the depositary, or its nominee, is the registered owner of a global debt security, we will consider the depositary or its nominee as the sole owner or holder of the book-entry debt securities represented by the associated global debt security for all purposes under the indenture. Except as described in this prospectus or the applicable prospectus supplement, beneficial owners of book-entry debt securities will not be entitled to have securities registered in their names and will not receive or be entitled to receive physical delivery of a certificate in definitive form representing their securities. We will not consider beneficial owners of book-entry debt securities the owners or holders of those securities under the indenture. As a result, to exercise any rights of a holder under the indenture, each person beneficially owning book-entry debt securities must rely on the depositary's procedures for the related global debt security and, if that person is not a participant, on the procedures of the participant through which that person owns its interest.

We understand, however, that under existing industry practice, the depositary will authorize the persons on whose behalf it holds a global debt security to exercise some rights of holders of debt securities, and the indenture provides that we, the trustee and their respective agents will treat as the holder of a debt security the persons specified in a written statement of the depositary with respect to that global debt security for purposes of obtaining any consents or directions required to be given by holders of the debt securities under the indenture.

We will make payments of the principal, premium and interest on the book-entry debt securities to the depositary or its nominee, as the case may be, as the registered holder of the related global debt security. We, the trustee and any other agent of ours or agent of the trustee will not have any responsibility or liability for:

**Table of Contents**

any aspect of the records relating to or payments made on account of beneficial ownership interests in a global debt security; or

maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

We expect the depository, upon receipt of any payment of the principal, premium or interest with respect to a global debt security, will immediately credit the participants' accounts with payments in amounts proportionate to the amounts of book-entry debt securities they each hold, as shown on the records of the depository. We also expect that payments by participants to owners of beneficial interests in book-entry debt securities held through those participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers in bearer form or registered in street name, and will be the responsibility of those participants.

We will issue certificated debt securities in exchange for each global debt security if the depository is at any time unwilling or unable to continue as depository or ceases to be a clearing agency registered under the Exchange Act and we do not appoint a successor depository registered as a clearing agency under the Exchange Act within 90 days. In addition, we may at any time and in our sole discretion determine not to have any of the book-entry debt securities of any series represented by one or more global debt securities and, in that event, we will issue certificated debt securities in exchange for the global debt securities of that series. Holders of global debt securities may exchange their global debt securities for certificated debt securities if an event of default under the book-entry debt securities represented by those global debt securities has occurred and is continuing. We will register any certificated debt securities that we issue in exchange for a global debt security in the name or names as the depository shall instruct the trustee. We expect that such instructions will be based upon directions received by the depository from participants with respect to ownership of book-entry debt securities relating to such global debt security.

We have obtained the previous information in this section concerning the depository and the depository's book-entry registration and transfer system from sources we believe to be reliable, but take no responsibility for the accuracy of this information.

**Consolidation, Merger and Sale of Assets**

Unless we provide otherwise in the prospectus supplement applicable to a particular series of debt securities, the indenture will not contain any covenant that restricts our ability to merge or consolidate, or sell, convey, transfer or otherwise dispose of all or substantially all of our assets. However, any successor to or acquirer of such assets must assume all of our obligations under the indenture or the debt securities, as appropriate. If the debt securities are convertible into, or exchangeable for, our other securities, the person with whom we consolidate or merge or to whom we sell all of our property must make provisions for the conversion of the debt securities into securities that the holders of the debt securities would have received if they had converted the debt securities before the consolidation, merger or sale.

**Table of Contents**

**Covenants**

Unless stated otherwise in the applicable prospectus supplement and in a supplement to the indenture, a resolution of our Board of Directors or an officers' certificate delivered under the indenture, the debt securities will not contain any restrictive covenants, including covenants restricting us or any of our subsidiaries from incurring, issuing, assuming or guaranteeing any indebtedness secured by a lien on any of our or our subsidiaries' property or capital stock, or restricting us or any of our subsidiaries from entering into any sale and leaseback transactions.

**Events of Default Under the Indenture**

Under the indenture, an event of default means, with respect to any series of debt securities, any of the following:

default in the payment of any interest on any debt security of that series when it becomes due and payable, and the continuance of that default for a period of 30 days (unless we deposit the entire amount of the payment with the trustee or with a paying agent prior to the expiration of the 30-day period);

default in the payment of principal or premium on any debt security of that series when due and payable;

default in the deposit of any sinking fund payment, when and as due on any debt security of that series;

default in the performance or breach of any of our other covenants or warranties in the indenture (other than a covenant or warranty that has been included in the indenture solely for the benefit of a series of debt securities other than that series), which default continues uncured for a period of 60 days after we receive written notice from the trustee or we and the trustee receive written notice from the holders of at least 25% in principal amount of the outstanding debt securities of that series as provided in the indenture;

some events of bankruptcy, insolvency or reorganization of the Company; and

any other event of default provided with respect to debt securities of that series that is described in the applicable supplement to this prospectus.

No event of default for a particular series of debt securities, except for the events of default relating to events of bankruptcy, insolvency or reorganization, will necessarily constitute an event of default for any other series of debt securities.

If an event of default for debt securities of any series occurs and is continuing, then the trustee or the holders of not less than 25% in principal amount of the outstanding debt securities of that series may declare to be due and payable immediately the principal (or, if the debt securities of that series are discount securities, that portion of the principal amount as may be specified in the terms of that series) and premium of all debt securities of that series. In the case of an event of default resulting from events of bankruptcy, insolvency or reorganization, the principal (or such specified amount) and premium of all outstanding debt securities will become and be immediately due and payable without any

**Table of Contents**

declaration or other act by the trustee or any holder of outstanding debt securities. At any time after a declaration of acceleration with respect to debt securities of any series, but before the trustee has obtained a judgment or decree for payment of the money due, the holders of a majority in principal amount of the outstanding debt securities of that series may, subject to us having paid or deposited with the trustee a sum sufficient to pay overdue interest and principal that has become due other than by acceleration and certain other conditions, rescind and annul such acceleration if all events of default, other than the non-payment of accelerated principal and premium with respect to debt securities of that series, have been cured or waived as provided in the indenture. For information as to waiver of defaults see the discussion under Modification and Waiver below. If we issue a series of debt securities that are discount securities, the prospectus supplement relating to that series will contain the particular provisions relating to acceleration of a portion of the principal amount of the discount securities upon the occurrence of an event of default and the continuation of an event of default.

The indenture provides that the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request of any holder of outstanding debt securities unless the trustee receives indemnity satisfactory to it against any loss, liability or expense. Subject to some rights of the trustee, the holders of a majority in principal amount of the outstanding debt securities of any series shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee with respect to the debt securities of that series.

No holder of any debt security of any series will have any right to institute any proceeding, judicial or otherwise, with respect to the indenture or for the appointment of a receiver or trustee, or for any remedy under the indenture, unless:

that holder has previously given the trustee written notice of a continuing event of default under the debt securities of that series; and

the holders of at least 25% in principal amount of the outstanding debt securities of that series have made written request, and offered reasonable indemnity, to the trustee to institute such proceeding as trustee, and the trustee shall not have received from the holders of a majority in principal amount of the outstanding debt securities of that series a direction inconsistent with that request and has failed to institute the proceeding within 60 days.

Notwithstanding the foregoing, the holder of any debt security will have an absolute and unconditional right to receive payment of the principal, premium and any interest with respect to that debt security on or after the due dates expressed in that debt security and to institute suit for the enforcement of payment.

The indenture requires us, within 90 days after the end of our fiscal year, to furnish to the trustee a statement of our compliance with the indenture. The indenture provides that the trustee may withhold notice to the holders of debt securities of any series of any default or event of default (except in payment on any debt securities of that

**Table of Contents**

series) with respect to debt securities of that series if it in good faith determines that withholding notice is in the interest of the holders of those debt securities.

**Modification of Indenture; Waiver**

We and the trustee may modify and amend the indenture with the consent of the holders of at least a majority in principal amount of the outstanding debt securities of each series affected by the modifications or amendments. However, we and the trustee may not make any modification or amendment without the consent of the holder of each affected debt security then outstanding if that amendment will:

change the amount of debt securities whose holders must consent to an amendment or waiver;

reduce the rate of, or extend the time for payment of, interest (including default interest) on any debt security;

reduce the principal of, or premium on, or change the fixed maturity of any debt security or reduce the amount of, or postpone the date fixed for, the deposit of any sinking fund payment or analogous obligation with respect to any series of debt securities;

reduce the principal amount of discount securities payable upon acceleration of maturity;

waive a default in the payment of the principal, premium or interest with respect to any debt security (except a rescission of acceleration of the debt securities of any series by the holders of at least a majority in aggregate principal amount of the then outstanding debt securities of that series and a waiver of the payment default that resulted from that acceleration);

make the principal, premium or interest with respect to any debt security payable in currency other than that stated in the debt security;

make any change to certain provisions of the indenture relating to, among other things, the right of holders of debt securities to receive payment of the principal, premium and interest with respect to those debt securities and to institute suit for the enforcement of any payment and to waivers or amendments; or

waive a redemption payment with respect to any debt security or change any of the provisions with respect to the redemption of any debt securities.

Except for some specified provisions of the indenture, the holders of at least a majority in principal amount of the outstanding debt securities of any series may on behalf of the holders of all debt securities of that series waive our compliance with provisions of the indenture. The holders of a majority in principal amount of the outstanding debt securities of any series may on behalf of the holders of all the debt securities of that series waive any past default under the indenture with respect to that series and its consequences, except a default in the payment of the principal, premium or any interest with respect to any debt security of that series; provided, however, that the holders of a majority in principal amount of the outstanding debt securities of any series may rescind an acceleration and its consequences, including any related payment default that resulted from the acceleration.

**Defeasance of Debt Securities and Certain Covenants in Certain Circumstances**

The indenture provides that, unless the terms of the applicable series of debt securities provide otherwise, we may be discharged from any and all obligations under the debt securities of any series (except for some obligations to register the transfer or exchange of debt securities of the series, to replace stolen, lost or mutilated debt securities of the series, and to maintain paying agencies and certain provisions relating to the treatment of funds held by paying agents). We will be discharged when we deposit with the trustee, in trust, money and/or U.S. government obligations or, in the case of debt securities denominated in a single currency other than U.S. dollars, foreign government obligations, that, through the payment of interest and principal in accordance with their terms, will provide money in an amount sufficient in the opinion of a nationally recognized firm of independent public accountants to pay and discharge each installment of principal, premium and interest, and any mandatory sinking fund payments for the debt securities of that series on the stated maturity in accordance with the terms of the indenture and those debt securities.

We will be discharged only if, among other things, we have delivered to the trustee an officers' certificate and an opinion of counsel stating that holders of the debt securities of the series from which we wish to be discharged will: not recognize income, gain or loss for U.S. federal income tax purposes as a result of the deposit, defeasance and discharge; and

will be subject to U.S. federal income tax on the same amount and in the same manner and at the same times as would have been the case if the deposit, defeasance and discharge had not occurred.

The indenture provides that, unless otherwise provided by the terms of the applicable series of debt securities, upon compliance with specified conditions, we may omit to comply with certain restrictive covenants contained in the indenture, as well as any additional covenants contained in a supplement to the indenture, a resolution of our Board of Directors or an officers' certificate delivered pursuant to the indenture.

The conditions include us:

depositing with the trustee money and/or U.S. government obligations or, in the case of debt securities denominated in a single currency other than U.S. dollars, foreign government obligations, that, through the payment of interest and principal in accordance with their terms, will provide money in an amount sufficient in the opinion of a nationally recognized firm of independent public accountants to pay principal, premium and interest, and any mandatory sinking fund payments, for the debt securities of that series on the stated maturity in accordance with the terms of the indenture and those debt securities; and

delivering to the trustee an opinion of counsel to the effect that the holders of the debt securities of that series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the deposit and related covenant defeasance and will be subject to U.S. federal income tax in the same amount and

**Table of Contents**

in the same manner and at the same times as would have been the case if the deposit and related covenant defeasance had not occurred.

In the event we exercise our option not to comply with some covenants of the indenture with respect to any series of debt securities and the debt securities of that series are declared due and payable because of the occurrence of any event of default, the amount of money and/or U.S. government obligations or foreign government obligations we have deposited with the trustee will be sufficient to pay amounts due on the debt securities of that series at the time of their stated maturity but may not be sufficient to pay amounts due on the debt securities of that series at the time of the acceleration resulting from the event of default. However, we will remain liable for those payments.

Foreign government obligations means for the debt securities of any series that are denominated in a currency other than U.S. dollars:

direct obligations of the government that issued or caused to be issued the currency in question for the payment of which obligations its full faith and credit is pledged, which are not callable or redeemable at the option of the issuer thereof; or

obligations of a person controlled or supervised by or acting as an agency or instrumentality of that government the timely payment of which is unconditionally guaranteed as a full faith and credit obligation by that government, which are not callable or redeemable at the option of the issuer thereof.

**Governing Law**

The indenture and the debt securities will be governed by and construed under the laws of the State of Florida.

**Description of Warrants**

The following summary describes the general terms and provisions of the warrants to purchase shares of our Class A Common Stock or other securities that we may offer. The warrants may be issued independently or together with shares of our Class A Common Stock or other securities and may be attached to or separate from the securities with which they are issued. The warrants may be issued by us directly or under warrant agreements to be entered into between us and a bank or trust company, as warrant agent, all as shall be set forth in any applicable prospectus supplement relating to the warrants. A single bank or trust company may act as warrant agent for more than one series of warrants.

The prospectus supplement relating to any warrants we offer will include specific terms relating to the offering, including, among others:

the offering price and aggregate number of warrants offered;

**Table of Contents**

if applicable, the number of warrants issued with each share of Class A Common Stock or other security;

if applicable, the date on and after which the warrants and the related Class A Common Stock or other security will be separately transferable;

the class or series of security, and number of shares of that class or series of security, purchasable upon exercise of the warrants;

the exercise price of the warrants;

the effect of any merger, consolidation, sale or other disposition of our business on the warrants;

the terms of any rights to redeem or call the warrants;

any provisions for changes to, or adjustments in, the exercise price of the warrants or the number of shares purchasable upon exercise of the warrants;

the dates on which the right to exercise the warrants will commence and expire;

the manner in which the warrants may be modified or amended;

the anti-dilutive protections given to the holders of the warrants;

a discussion of any material or special U.S. federal income tax consequences of holding or exercising the warrants; and

any other specific terms, preferences, rights or limitations of, or restrictions on, the warrants.

Until a warrant is exercised, the holder of the warrant will not be entitled, by virtue of being such holder, to any rights as a shareholder of our Company with respect to the shares purchasable upon exercise of the warrant, including, without limitation the right to vote or receive dividends on such underlying shares.

The exercise price payable and the number of shares of our Class A Common Stock or other security purchasable upon the exercise of each warrant will be subject to adjustment in certain events, including the issuance of a stock dividend to holders of our Class A Common Stock or other security purchasable upon exercise of the warrant or a stock split, reverse stock split, combination, subdivision or reclassification of the Class A Common Stock or such other security. In lieu of adjusting the number of shares of our Class A Common Stock or other security purchasable upon exercise of each warrant, we may elect to adjust the number of warrants. No fractional shares will be issued upon exercise of the warrants, but we will pay the cash value of any fractional shares otherwise issuable or fractional shares otherwise issuable will be rounded up or down to the closest whole share, in each case as will be set forth in any applicable prospectus supplement relating to the warrants.

Each warrant will entitle the holder to purchase such number of shares of our Class A Common Stock or other security at such exercise price as shall in each case be set forth in, or be determinable as set forth in, the prospectus supplement relating to the warrants offered thereby. Warrants may not be exercised after the close of business on the expiration date set forth in the prospectus supplement relating to the warrants offered thereby. After the close of business on the expiration date, unexercised warrants will become void and of no further force or effect.

**Table of Contents**

The warrants may be exercised as set forth in the prospectus supplement relating to the warrants offered thereby. Upon receipt of payment and the warrant properly completed and duly executed at the corporate trust office of the warrant agent or any other office indicated in the prospectus supplement, we will, as soon as practicable, issue the shares of Class A Common Stock or other security purchasable upon such exercise. If a warrant is exercised for less than the full amount of shares underlying the warrant, then a new warrant will be issued to cover the remaining shares.

Unless we provide otherwise in the applicable prospectus supplement: (i) a warrant agent (if any) will act solely as our agent under the applicable warrant agreement and will not assume any obligation or relationship of agency or trust with any holder of any warrant; (ii) a warrant agent will have no duty or responsibility in case of any default by us under the applicable warrant agreement or warrant, including any duty or responsibility to initiate any proceedings at law or otherwise, or to make any demand upon us; (iii) any holder of a warrant may, without the consent of the applicable warrant agent or the holder of any other warrant, enforce by appropriate legal action its right to exercise, and receive the securities purchasable upon exercise of, his, her or its warrants; and (iv) the warrants will be governed by and construed in accordance with the laws of the State of Florida.

The description in the applicable prospectus supplement and other offering material of any warrants we offer will not necessarily be complete and will be qualified in its entirety by reference to the complete terms and conditions of the warrants, the form of which will be filed with the SEC if we offer warrants. We urge you to read the form of warrant, the prospectus supplement and any other offering material in their entirety.

**Description of Subscription Rights**

The following summary describes the general terms and provisions of the subscription rights to purchase our Class A Common Stock or other securities that we may offer to our shareholders. Subscription rights may be issued independently or together with any other offered security and may or may not be transferable by the person purchasing or receiving the subscription rights. Unless we are prohibited from doing so by the applicable rules and regulations of the SEC (including the General Instructions to Form S-3) based on the aggregate market value of our outstanding common equity held by non-affiliates, in connection with any subscription rights offering to our shareholders, we may enter into a standby underwriting or other arrangement with one or more underwriters or other persons pursuant to which such underwriters or other persons would purchase any offered securities remaining unsubscribed for after such subscription rights offering. Each series of subscription rights will be issued under a separate subscription rights agent agreement to be entered into between us and a bank or trust company, as subscription rights agent, that we will name in the applicable prospectus supplement. The subscription rights agent will act solely as our agent in connection with the certificates relating to the subscription rights and will not assume any obligation or relationship of agency or trust for or with any holders of subscription rights certificates or beneficial owners of subscription rights.

**Table of Contents**

The prospectus supplement relating to any subscription rights we offer will include specific terms relating to the offering, including, among others:

the securities for which the subscription rights are exercisable;

the exercise price for such subscription rights;

the number of such subscription rights issued to each shareholder;

the number of shares of Class A Common Stock or amount of any other securities purchasable upon exercise of such subscription rights;

the extent, if any, to which such subscription rights are transferable;

a discussion of the material U.S. federal income tax considerations applicable to the issuance or exercise of such subscription rights;

the date on which the right to exercise such subscription rights shall commence, and the date on which such rights shall expire (subject to any extension);

the extent to which such subscription rights include an over-subscription privilege with respect to unsubscribed securities;

if applicable, the material terms of any standby underwriting or other purchase arrangement that we may enter into in connection with the subscription rights offering; and

any other terms of such subscription rights, including terms, procedures and limitations relating to the exercise of such subscription rights.

Each subscription right will entitle the holder of the subscription right to purchase for cash the number of shares of our Class A Common Stock or other securities at an exercise price set forth in, or determinable as set forth in, the applicable prospectus supplement. Subscription rights may be exercised at any time up to the close of business on the expiration date for the subscription rights provided in the applicable prospectus supplement. After the close of business on the expiration date, all unexercised subscription rights will become void and of no further force or effect.

Holders may exercise subscription rights as described in the applicable prospectus supplement. Upon receipt of payment and the subscription rights certificate properly completed and duly executed at the corporate trust office of the subscription rights agent or any other office indicated in the prospectus supplement, we will, as soon as practicable, issue the shares of Class A Common Stock or other security purchasable upon exercise of the subscription rights. Unless we are prohibited from doing so by the applicable rules and regulations of the SEC (including the General Instructions to Form S-3) based on the aggregate market value of our outstanding common equity held by non-affiliates, if less than all of the subscription rights issued in any subscription rights offering are exercised, we may offer any unsubscribed securities directly to persons other than shareholders, to or through agents, underwriters or dealers or through a combination of such methods, including pursuant to standby arrangements, as described in the applicable prospectus supplement.

The description in the applicable prospectus supplement and other offering material of any subscription rights we offer will not necessarily be complete and will be qualified in its entirety by reference to the applicable subscription rights certificate, the

**PLAN OF DISTRIBUTION**

We are currently only permitted to use the registration statement of which this prospectus forms a part to offer the securities covered by this prospectus either: (i) pursuant to General Instruction I.B.4. of Form S-3, in a subscription rights offering to our shareholders; or (ii) pursuant to General Instruction I.B.6. of Form S-3, in a primary offering where the maximum amount of securities sold in the offering during any twelve-month period does not exceed one-third of the aggregate market value of our outstanding common equity held by non-affiliates. As of February 8, 2010, the aggregate market value of our outstanding common equity held by non-affiliates was approximately \$36.2 million. If the aggregate market value of our outstanding common equity held by non-affiliates increases to an amount equal to or in excess of \$75 million, then we will be permitted to offer the securities covered by this prospectus without regard to the above-described limitations. In any event, the aggregate initial offering price of the securities that we offer will not exceed \$75 million.

We may sell the securities covered by this prospectus through underwriters or dealers, through agents, or directly to one or more purchasers. The prospectus supplement or supplements will describe the terms of the offering of the securities, including:

the name or names of any underwriters, if any;

the purchase price of the securities and the proceeds we will receive from the sale;

any over-allotment options under which underwriters may purchase additional securities from us;

We may distribute the securities from time to time in one or more transactions at:

a fixed price or prices, which may be changed from time to time;

Only underwriters named in the prospectus supplement are underwriters of the securities offered by the prospectus supplement. If underwriters are used in the sale, they will acquire the securities for their own account and may resell the securities from time to time in one or more transactions at a fixed public offering price or at varying prices determined at the time of sale. The obligations of the underwriters to purchase the securities will be subject to the conditions set forth in the applicable underwriting

agreement. We may offer the securities to the public through underwriting syndicates represented by managing underwriters or by underwriters without a syndicate. Subject to certain conditions, the underwriters may be obligated to purchase all of the securities offered by the prospectus supplement. We will describe in the prospectus supplement, naming the underwriter, the nature of any such relationship. We may sell securities directly or through agents we designate from time to time. We will name any agent involved in the offering and sale of securities, and we will describe any commissions we will pay the agent, in the prospectus supplement. Unless the prospectus supplement states otherwise, our agent will act on a best-efforts basis for the period of its appointment.

We may authorize agents or underwriters to solicit offers by certain types of institutional investors to purchase the securities from us at the public offering price set forth in the prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. We will describe the conditions to these contracts and the commissions we must pay for solicitation of these contracts in the prospectus supplement.

- (2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

Provided, however, that no statement made in a registration statement or prospectus that is a part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is a part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.
