PROXY STATEMENT

**2010 ANNUAL MEETING OF STOCKHOLDERS
Tuesday, May 25, 2010**

**CORE-MARK HOLDING COMPANY, INC.
395 Oyster Point Blvd., Suite 415
South San Francisco, California 94080**

GENERAL INFORMATION

Proxy Solicitation

These proxy materials are being mailed or otherwise sent to stockholders of Core-Mark Holding Company, Inc. (Core-Mark or the Company) on or about April 13, 2010 in connection with the solicitation of proxies by the Board of Directors for Core-Mark's Annual Meeting of Stockholders to be held at 11:00 a.m. PDT on Tuesday, May 25, 2010 at the Radisson Hotel, 5000 Sierra Point Parkway, Brisbane, California 94005. Core-Mark pays the cost of soliciting your proxy. Directors, officers and other Core-Mark employees also may solicit proxies by telephone or otherwise, but will not receive compensation for such services. Brokers and other nominees will be requested to solicit proxies or authorizations from beneficial owners and will be reimbursed by Core-Mark for their reasonable expenses.

Stockholders Entitled to Vote

Stockholders of record at the close of business on March 29, 2010 are entitled to notice of and to vote at the meeting. As of such date, there were 10,643,748 shares of Core-Mark common stock outstanding, each entitled to one vote.

How to Vote

Stockholders of record described below may cast their votes by:

- (1) signing, completing and returning the enclosed proxy card in the enclosed postage-paid envelope;
- (2) calling **1-800-560-1965**;
- (3) accessing the internet at **www.eproxy.com/core**; or
- (4) attending the Annual Meeting and voting in person.

If your shares are held in a stock brokerage account or by a bank or other holder of record, you are considered the *beneficial owner* of shares held in street name. As the beneficial owner, you have the right to direct your broker, bank or other holder of record on how to vote your shares by using the voting instructions form included in the mailing.

Revocation of Proxies

A proxy may be revoked at any time before it is voted by delivering written notice of revocation to the Director of Investor Relations of Core-Mark at the address set forth above, by delivering a proxy bearing a later date or by voting in person at the meeting.

Quorum

The holders of a majority of the shares entitled to vote at the meeting must be present in person or represented by proxy to constitute a quorum. Abstentions and shares that brokers do not have the discretionary authority to vote

Table of Contents

on a matter in the absence of timely instructions from the beneficial owners (broker non-votes) are treated as present for the purposes of determining a quorum.

Required Vote

Election of Directors Our bylaws require that each director in an uncontested election be elected by the vote of the majority of the votes cast with respect to such director. A majority of the votes cast means that the number of shares voted for a director must exceed the number of votes cast against that director. Abstentions and broker non-votes will not be counted as votes cast and, accordingly, will have no effect on the outcome of the vote. If the stockholders do not elect a nominee who is serving as a director, Delaware law provides that the director would continue to serve on the Board as a holdover director. In accordance with our bylaws and our Policy Regarding Election of Directors, such a holdover director will be required to tender his or her resignation to the Board of Directors. Our Nominating and Corporate Governance Committee will then make a recommendation to our Board of Directors on whether to accept or reject the resignation, or whether other action should be taken. Our Board of Directors will consider the Nominating and Corporate Governance Committee's recommendation and all other relevant factors, act on the resignation and publicly disclose its decision and the reasons for its decision within 90 days of the date that the results of the election are certified.

Approval of 2010 Long-Term Incentive Plan Approval of the Core-Mark 2010 Long-Term Incentive Plan (Proposal 2) requires the affirmative vote of a majority of the shares present in person or represented by proxy at the meeting and entitled to vote. Under Delaware law, in determining whether Proposal 2 has received the requisite number of affirmative votes, abstentions are treated as shares present or represented and entitled to vote, so abstaining has the same effect as a vote against Proposal 2. Broker non-votes on Proposal 2 are not counted or deemed present or represented for purposes of determining whether stockholders have approved that proposal.

Ratification of Appointment of Accountants Ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm (Proposal 3) requires the affirmative vote of a majority of the shares present in person or represented by proxy at the meeting and entitled to vote. Under Delaware law, in determining whether Proposal 3 has received the requisite number of affirmative votes, abstentions are treated as shares present or represented and entitled to vote, so abstaining has the same effect as a vote against Proposal 3. Under New York Stock Exchange (NYSE) rules, which govern brokers even if they hold NASDAQ securities, the ratification of the appointment of an independent registered accounting firm is considered a *routine* matter, and brokers generally may vote on behalf of beneficial owners who have not furnished voting instructions, subject to the rules of the NYSE concerning transmission of proxy materials to beneficial owners, and subject to any proxy voting policies and procedures of those brokerage firms.

Other Matters

The Board of Directors is not aware of any matters to be presented at the meeting other than those set forth in the accompanying notice. If any other matters properly come before the meeting, the persons named in the proxy will vote on such matters in accordance with their best judgment.

Additional Information

Additional information regarding the Company appears in our Annual Report on Form 10-K for the year ended December 31, 2009, which accompanies this Proxy Statement.

Certain Relationships and Related Transactions

Transactions with Directors and Management

Under our Code of Business Conduct and Ethics, all transactions involving a conflict of interest (including transactions between the Company and an entity in which an officer, director, employee or family member has more than a 1% interest) must be disclosed to and discussed with the applicable Division President or our Chief Financial Officer. This policy specifically applies without limitation to purchases of goods or services by or from related parties or entities in which the related person has a material interest, indebtedness, or guarantees of indebtedness. Our Audit Committee Charter provides that the Audit Committee shall review, discuss and approve or disapprove any transactions or courses of dealing between the Company or its subsidiaries and related parties that exceed \$100,000 in any calendar year and any transactions or course of dealing, regardless of amount, between the Company or its subsidiaries and related parties who are executive officers, directors or significant stockholders. In determining whether to approve or ratify a related party transaction or relationship, the Audit Committee will take into account, among other factors it deems appropriate, whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related party's interest in the transaction.

Compensation Committee Interlocks and Insider Participation

Mr. Robert A. Allen, one of our directors and a member of the Compensation Committee, previously served as the Acting Chief Operating Officer of the Fleming Companies, Inc. (a predecessor entity) from March 2003 to April 2003. From 1998 to 2003, Mr. Allen served as the President and Chief Executive Officer of Core-Mark International, Inc. (subsidiary and predecessor entity) and President and Chief Operating Officer of Core-Mark International, Inc. from 1996 to 1998. Mr. Allen ended his employment with the Company in 2003 and the Board of Directors has determined Mr. Allen to be a non-employee director and independent within the meaning of the rules of the NASDAQ Global Market and relevant federal securities laws and regulations.

Indemnification Agreements

We have entered into indemnification agreements with each of our directors and executive officers. We believe that these agreements are necessary to attract and retain qualified persons as directors and executive officers. These

agreements require us to indemnify these individuals to the fullest extent permitted under Delaware law against liabilities that may arise by reason of their service to us, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified. We also intend to enter into indemnification agreements with our future directors and executive officers.

Family Relationships

The only family relationship between any of the executive officers or directors is that between J. Michael Walsh and Christopher L. Walsh. J. Michael Walsh is Christopher L. Walsh's uncle.

Corporate Governance

Core-Mark regularly reviews its policies, processes and procedures in the area of corporate governance to ensure that it is in compliance with all applicable rules and regulations and that it has sound governance policies in place.

Table of Contents

Corporate Governance Guidelines and Principles

The Board has adopted Corporate Governance Guidelines and Principles that are posted on our corporate website, www.core-mark.com, under *Investor Relations*. The Corporate Governance Guidelines set forth the practices the Board follows with respect to, among other things, Director qualifications and nominations, Director responsibilities, executive sessions of the Board, committee functions, Director access to senior managers and independent advisors, Director compensation, Director orientation and continuing education, management succession and Board performance evaluations.

The Committee's Role and Responsibilities

Primary responsibility for Core-Mark's corporate governance practices rests with the Nominating and Corporate Governance Committee (the *Governance Committee*). The Governance Committee is responsible for, among other things, (i) identifying, screening and reviewing individuals qualified to serve as directors and recommending candidates for nomination for election or to fill vacancies; (ii) overseeing our policies and procedures for the receipt of stockholder suggestions regarding Board composition and recommendations of candidates or nomination of candidates by the Board; (iii) developing, recommending and overseeing implementation of our corporate governance guidelines and principles; and (iv) reviewing on a regular basis our overall corporate governance practices and procedures and recommending improvements when necessary. Described below are some of the significant corporate governance practices that have been instituted by our Board of Directors at the recommendation of the Governance Committee.

Director Independence

The Governance Committee reviews the independence of all Directors annually and reports its findings to the full Board. The Governance Committee has determined that the following Directors are independent within the meaning of the rules of the NASDAQ Global Market and relevant federal securities laws and regulations: Robert A. Allen, Stuart W. Booth, Gary F. Colter, L. William Krause, Harvey L. Tepner and Randolph I. Thornton.

Roles of the Chairman and the Chief Executive Officer

Although the Governance Committee has not adopted a formal policy regarding the separation of the roles of Chairman of the Board and Chief Executive Officer of the Company, the Committee believes that the current separation of Chairman and CEO roles is beneficial to the Company as it helps to ensure an independent Board and allows management (including the CEO) to focus on the significant task of running the day to day operations of the Company. While the Governance Committee believes that the CEO should serve as a member of the Board to provide for a direct voice of management during Board deliberations and to serve as an important source of knowledge and experience regarding the Company's operations, the Committee believes the combination of the role of CEO with Chairman would distract the CEO from his primary roles as leader of the Company's nationwide and Canadian business. In addition, the Committee believes a non-management Chairman helps to ensure the independent operation of the Board when conflicts may occur between the interests of the overall Company and the interests of management.

Board Evaluation and Continuing Education

The Board of Directors has adopted a policy whereby the Governance Committee will assist the Board and its committees in evaluating their performance and effectiveness on an annual basis. As part of this evaluation, the Governance Committee assesses the progress in the areas targeted for improvement a year earlier and develops

recommendations to enhance the respective Board or committee effectiveness over the next year. The Governance Committee also assists the Board and its members regarding continuing education initiatives designed to help Board members stay current with developments in corporate governance and director best practices. The Governance Committee has established procedures for a formal orientation program and the continuing education of directors and the tracking of participation in such activities.

Table of Contents

Policy Regarding Change in Principal Employment of Director

The Board has adopted a policy providing that when a Director's principal employment or business association changes substantially during his or her tenure as a Director, the Director must offer his or her resignation to the Chairman of the Governance Committee for consideration by the Governance Committee. The Governance Committee will review whether it would be appropriate for the Director to continue serving on the Board and recommend to the Board whether, in light of the circumstances, the Board should accept the proposed resignation or request that the Director continue to serve.

Mandatory Retirement for Directors

The Board has adopted a policy whereby a person may not be nominated or re-nominated to serve as a Director if such person is 72 years of age or older on the date of the proposed meeting for the election of directors. The policy expressly provides that it may be waived with respect to the re-nomination of a Director upon the recommendation of the Governance Committee and approval of the Board.

Director Nomination Process

The Governance Committee reviews the skills, characteristics and experience of potential candidates for election to the Board of Directors and recommends nominees to the full Board for approval. In addition, the Governance Committee annually assesses the overall composition of the Board of Directors regarding factors such as size, composition, diversity, skills, significant experience and time commitment to Core-Mark to determine if the Board composition adequately meets the current needs of the Company.

It is the Governance Committee's policy to utilize a variety of means to identify prospective nominees for the Board, and it considers referrals from other Board members, management, stockholders and other external sources such as retained executive search firms. The Governance Committee utilizes the same criteria for evaluating candidates irrespective of their source.

The Governance Committee believes that any nominee must meet the following minimum qualifications:

Candidates should be persons of high integrity who possess independence, forthrightness, inquisitiveness, good judgment and strong analytical skills.

Candidates should demonstrate a commitment to devote the time required for Board duties including, but not limited to, attendance at meetings.

Candidates should possess a team-oriented ethic consistent with Core-Mark's core values, and be committed to the interests of all stockholders as opposed to those of any particular constituency.

In considering candidates for director nominee, the Governance Committee generally assembles all information regarding a candidate's background and qualifications, evaluates a candidate's mix of skills and qualifications and determines the contribution the candidate could be expected to make to the overall functioning of the Board, giving due consideration to the overall Board balance of diversity of perspectives, backgrounds and experiences. With respect to current directors, the Governance Committee considers past attendance at meetings and assesses participation in and contributions to the activities of the Board. The Governance Committee, in its discretion, may designate one or more of its members to interview any candidate. In addition, the Governance Committee may seek

input from the Company's management or the Board, who may interview any candidate. The Governance Committee recommends director nominees to the Board based on its assessment of overall suitability to serve on the Board in accordance with the Company's policy regarding nominations and qualifications of directors. The Governance Committee has previously retained an executive search firm to assist it in its efforts to identify and evaluate potential director candidates. To recommend a candidate for consideration, a stockholder should submit a written statement of the qualifications of the proposed nominee, including full name and address, to the Nominating and Corporate Governance Committee Chairman, c/o Core-Mark Holding Company, Inc., 395 Oyster Point Blvd., Suite 415, South San Francisco, CA 94080.

Director Nominations by Stockholders

Our bylaws require that a stockholder making a proposal must be a holder of record at the time of giving the required notice and must comply with certain other requirements contained in Section 14 of the Bylaws. To be timely, any nomination or other business to be brought before the annual meeting must be in writing and delivered not earlier than the close of business on the 120th day and not later than the close of business on the 90th day prior to the first anniversary of the preceding year's annual meeting, with certain exceptions.

Our bylaws require that a stockholder making a nomination or proposal must provide the Company with certain information, including the ownership interests in Core-Mark, both direct and indirect, of the stockholder and the beneficial owner, if any, on whose behalf the nomination or proposal is made.

For more information, see the discussion under "Stockholder Proposals for 2011 Annual Meeting" on page 44.

Business Conduct and Compliance

Core-Mark maintains a Code of Business Conduct and Ethics (the Code) that is applicable to all directors, officers and employees of our Company. It sets forth Core-Mark's policies and expectations on a number of topics, including conflicts of interest, protection and proper use of company assets, relationships with customers and vendors (business ethics), accounting practice, and compliance with laws, rules and regulations. A copy of the Code is available on our Company's website at <http://www.core-mark.com/investor-corp.gov.htm>.

Core-Mark also maintains policies regarding insider trading and communications with the public (Insider Trading Policy) and procedures for the Audit Committee regarding complaints about accounting matters (Whistleblower Policy). The Insider Trading Policy sets forth our Company's limitations regarding trading in Company securities and the handling of non-public material information. The policy is applicable to directors, officers and employees of Core-Mark and is designed to help ensure compliance with federal securities laws. The Whistleblower Policy was established to set forth the Audit Committee's procedures to receive, retain, investigate and act on complaints and concerns of employees and stockholders regarding accounting, internal accounting controls and auditing matters, including complaints regarding attempted or actual circumvention of internal accounting controls. Accounting complaints may be made directly to the Chairman of the Audit Committee in writing as follows: Audit Committee Chairman, c/o Core-Mark Holding Company, Inc., 395 Oyster Point Blvd., Suite 415, South San Francisco, CA 94080. Accounting complaints may also be made anonymously to the Core-Mark Financial Compliance Line at (888) 587-3571. A copy of the Audit Committee's Whistleblower Policy and procedures can be found on Core-Mark's website at <http://www.core-mark.com/investor-corp.gov.htm>.

Executive Sessions

The Board of Directors believes that regularly scheduled meetings at which only independent directors are present (executive sessions) are an important element of best practice consideration for the corporate governance process. The use of executive sessions provides a forum for open dialogue and frank discussion among non-management directors on matters concerning the Company and its management and encourages and enhances communication among independent directors. The Board of Directors maintains a regular practice of meeting in executive session during its board meetings.

Succession Planning

The Board of Directors recognizes that a sudden or unexpected change in leadership could cause the Company to experience management transition issues that could adversely affect the Company's operations, relations with employees and results. To alleviate this concern, the Governance Committee has worked with management to develop and implement a succession plan for the Company's chief executive officer. The Board of Directors has reviewed and approved this succession plan. In addition, the Board has also reviewed succession plans for senior management.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our directors, executive officers and beneficial owners of more than 10% of Core-Mark's equity securities (10% Owners) to file initial reports of their ownership of Core-Mark's equity securities and reports of changes in such ownership with the SEC. The Company prepares and files the Section 16(a) reports for its directors and executive officers.

During 2009, we conducted a review of prior filings by our directors and executive officers and identified certain corrections to be made to vesting of previously reported Restricted Stock Units converted to our common stock. These corrections affected the reporting for each of our directors and officers, but they did not alter the total number of Core-Mark securities owned by such individuals. In addition, a small number of corrections were required related to the sale or withholding of shares for tax purposes for Performance Shares.

Following our review, each of these errors was corrected through additional filings or amendments. The following number of corrected reports and related transactions were made for our officers: J. Michael Walsh 3 filings, 3 transactions; Stacy Loretz-Congdon 14 filings, 14 transactions; Thomas B. Perkins 4 filings, 5 transactions; Christopher M. Murray 10 filings, 10 transactions; Christopher L. Walsh 4 filings, 4 transactions; Scott E. McPherson 6 filings, 7 transactions; Eric J. Rolheiser 3 filings, 3 transactions; and Christopher M. Miller; 4 filings, 5 transactions. Although the reporting mistakes were generally caused by common factors, some officers experienced a larger number of errors due to differences in vesting dates. In addition 2 corrected filings relating to 2 transactions were made for each of the following directors: Robert A. Allen, Stuart W. Booth, Gary F. Colter, L. William Krause, Harvey L. Tepner and Randolph I. Thornton.

Following the corrections described above, we believe that for 2009, all of our directors, executive officers and 10% Owners were in compliance with the disclosure requirements of Section 16(a).

Objectives of Our Compensation Programs

Our compensation program for executive officers is structured to achieve the following objectives:

Attract and retain talented professionals, while emphasizing the challenges and rewards associated with a fast paced, stimulating, entrepreneurial environment.

Align individual and organizational *goals* with those of our *stakeholders and customers*. We believe that it is primarily the dedication, creativity, competence and experience of our entire workforce that enables us to compete, given the realities of the industry in which we operate. History has shown that our business is neither easily nor quickly mastered by people attempting to migrate from other industries. We attempt to retain our experienced, long-term employees, avoid employee turnover, create a cadre of dedicated professionals focused on increasing stockholder value, align the interests of our employees and stockholders and foster an ownership mentality in our executives by giving them a meaningful stake in our success through our equity incentive and cash bonus programs.

Achieve meaningful results and add value to the Company through a results-oriented reward structure. Since we operate on low margins we cannot afford to over-pay, and for this reason we attempt to link compensation closely to performance by structuring a significant portion of executive compensation as a results-based bonus.

Tailor individual incentives within different segments of the organization depending on the priorities and needs existing at the time. This facilitates individual focus to capitalize on opportunities and to correct weaknesses in a particular segment of the organization. We view our Divisions as stand-alone businesses that require empowered, capable, local management expertise to operate effectively. We attempt to encourage an entrepreneurial approach in our division-level executives by using bonus targets tied to divisional or regional results and other, individually tailored, objectives.

Integrate strategic goals and objectives throughout all facets of the organization. This enables quicker, more effective execution of strategic corporate objectives. Our ability to modify and tailor the components of our cash bonus program allows us to revise these components from year to year and executive to executive as our strategic goals evolve.

Make proportionality and common sense the rule. We do not believe in a formulaic approach to compensation based on job classification. This means that compensation should be proportionate to the impact that an executive can have on the organization, that equal contributors should be treated equally, that we respect the low margin nature of our business by linking pay to performance, and that we avoid excessive disparity between CEO or other senior level compensation and the compensation of the balance of our management team.

Elements of Executive Compensation

Total compensation for our executive officers consists of the following elements of pay:

- I. Base salary.
- II. Annual cash incentive bonus dependent on our financial performance and achievement of individual objectives.
- III. Long-term equity incentive compensation through annual grants of equity-based awards that vest over time. Awards may consist of restricted stock units, performance shares or stock options, or a combination of the foregoing.
- IV. An executive severance plan providing for severance payments upon involuntary termination of an executive other than for cause.
- V. Group life, accidental death & dismemberment and short and long term disability insurance is also provided to our executive officers and non-executive employees. Executive officers, other senior officers and managers are also provided with additional group life insurance, determined as a percentage of base salary, subject to a cap.

What We Reward, Why We Pay Each Element of Compensation and How Each Element Relates to Our Compensation Objectives

Our base salaries and certain benefits such as severance and group life insurance are designed to attract and retain qualified and dedicated professionals by providing a base standard that is competitive in the markets in which we operate, and are intended to compensate for performing the basic functions of an executive position. Base salaries are not intended to provide the total compensation potential for an executive who has the capacity and opportunity to advance our business.

Our Compensation Philosophy

We attempt to maximize stockholders' value by adhering to the following when determining our executive compensation package:

Emphasize Stockholder Value As an incentive to create value for stockholders, a substantial portion of executive compensation is tied to the value of our common stock, specifically those financial measures that correlate closely with total stockholders return, such as pre-tax net profit and revenues. For example, we seek to reward our executives based on our consolidated Company operating results or operating results of the relevant region meeting a pre-determined level of adjusted FIFO pre-tax net profit, which is related to our bottom line performance measured by net income and earnings per share.

Align Executive and Stockholder Interests By rewarding our executives based on increases in our stock price over time through our equity incentive plan, we reward business performance that puts our stockholders interests at the forefront. For instance, our equity awards that may consist of restricted stock units, stock options and performance shares that vest over a longer period of time than our cash bonus program.

Tie a Substantial Portion of Pay to Performance Our total executive compensation package is strongly linked to measured performance. In tying a substantial portion of pay to performance against Company and individual goals, we are providing tangible incentives for our executives to maximize their efforts for the benefit of the Company and ultimately its stockholders.

Accordingly, the results we attempt to reward may vary from executive to executive and from year to year. A more detailed discussion of factors used in 2009 in determining the compensation of our named executive officers appears below.

Table of Contents**How We Determine and What We Paid our Named Executive Officers*****I. Base Salary***

In setting, reviewing and adjusting base salaries and the levels and scope of our benefits programs, we consider a number of factors, including both external factors such as market conditions, as well as other factors that are not readily measured by performance goals. Such factors include: the specific expertise, capabilities and potential of the individual; our perception of market wage conditions and the amounts required to attract and retain capable executives; and our experience in attracting and keeping executives with similar responsibilities.

We do not ascribe to rigid, formulaic, mandated salary brackets. Our Compensation Committee evaluates and establishes base salary of our Chief Executive Officer (CEO) on an annual basis by taking into consideration his overall performance and value to the organization. Our CEO recommends base salaries for our executive management team (including our named executive officers) based on the CEO's subjective evaluation of each executive's general level of performance and contribution to our Company over the prior year. These recommendations are then evaluated, discussed, modified as appropriate and ultimately approved by the Compensation Committee. The Compensation Committee's review and approval occurs at the regularly scheduled meeting of the Committee held in January of each year.

Base salaries for 2009 were set by our Compensation Committee in January 2009. In January 2010, the Compensation Committee approved new base salaries for 2010. The increases in base salaries for 2009 were attributable to cost-of-living and market adjustments based on the level of responsibility for each named executive.

Base salaries of our named executive officers for 2009 and 2010 are disclosed in the table below.

Officer	2009 Base	2010 Base	Percentage Increase
J. Michael Walsh	\$ 483,389	\$ 495,474	2.5%
Stacy Loretz-Congdon	\$ 282,117	\$ 289,170	2.5%
Christopher L. Walsh	\$ 247,614	\$ 253,804	2.5%
Scott E. McPherson	\$ 226,600	\$ 232,265	2.5%
Thomas B. Perkins	\$ 247,200	\$ 253,380	2.5%

II. Annual Cash Incentive Bonus***Management-By-Objectives Evaluation***

We have established an annual bonus program that is designed around achieving Company, or relevant region, identified financial goals supplemented by a management-by-objectives format. This means an executive's bonus potential is based on our Company's, or region's, actual performance against specified financial goals and on the executive achieving certain individual objectives that are above and beyond the basic functions of the job or that complement our Company's overall business objectives.

Bonus Compensation is Contingent on Company's Performance

Bonus payments are contingent and depend on both the results of our Company or region, and the executive's department and/or division results, as well as the executive's own, specific contribution to reaching such objectives. Overall Company-wide bonus levels are designed to provide an appropriate level of results-based incentives to our executive team while considering that our Company is a low-margin business that must control costs.

Annual bonus objectives for our executive officers (other than the CEO) are developed through discussions between our CEO and the executives in conjunction with the annual business planning process. The proposed objectives for our named executive officers resulting from these discussions are then reviewed, adjusted if necessary and ultimately approved by our Compensation Committee after discussion with our CEO. Bonus objectives for our CEO are established through discussions between the CEO and the Compensation Committee. The applicable bonus criteria change to some degree each year to fit the current needs of our Company and/or region. The level of an executive's total maximum bonus opportunity is structured as a percentage of base salary.

Table of Contents***A. Threshold Funding Requirement for Bonus Payment***

There is a threshold funding requirement that must be satisfied each year as a precondition to the payment of any annual bonuses for corporate executives. To satisfy this threshold funding requirement, a certain percentage of the Company's planned adjusted FIFO pre-tax net profit on a Company-wide basis for corporate level executives or a similar financial metric for a particular region (for executives whose responsibilities related primarily to a certain region) must be achieved. Adjusted FIFO pre-tax net profit is defined as pre-tax net profit calculated using the First-In, First-Out method of accounting in determining cost of goods sold, subject to other adjustments, and resulting income. In the discussion that follows, we refer to this adjusted FIFO pre-tax net profit measure as Adjusted FIFO PTNP. For 2009, the applicable funding requirement was 75% of planned Adjusted FIFO PTNP. The same percentage requirement will apply in 2010. For executives whose responsibilities are considered to be Company-wide (including our Chief Executive Officer and Chief Financial Officer), the Adjusted FIFO PTNP threshold is based on overall Company results. For executives whose responsibilities in 2009 related primarily to a particular region, such as Christopher Walsh (U.S. Distribution-West) or Scott McPherson (U.S. Distribution-East), this threshold is based on regional results. In 2009, our Company exceeded our planned Adjusted FIFO PTNP on a Company-wide basis, in the U.S. Distribution-West region, and in the U.S. Distribution-East region. As a result, the funding requirement to pay bonuses was met Company-wide, for the U.S. West region, and for the U.S. East region.

B. Company and Individual Objective Bonus Requirements***Bonus Objectives and Requirements for 2009***

In 2009, total maximum bonus opportunities for our named executive officers were 150% of base salary for our CEO and 80% of base salary for our other named executive officers. These percentages will continue to apply for 2010.

The total maximum bonus for each executive is allocated among several bonus objectives. Each executive was given a set of company and individual objectives, each of which was assigned a weight, or percentage of the maximum available bonus (based on the importance of the objective for the year and the ability of the executive to influence the result). Specific bonus objectives and relative weights for each named executive officer are specified in the table below.

Bonus Component	J. Michael Walsh Weight	Stacy Loretz-Congdon Weight	Christopher L. Walsh Weight	Scott E. McPherson Weight	Thomas B. Perkins Weight
Diluted EPS ^[1]	25%	20%	15%	15%	20%

- [1] Diluted Earnings Per Share (*Diluted EPS*) is defined as diluted EPS as reported in our 2009 Annual Report on Form 10-K.
- [2] Adjusted FIFO PTNP is defined as pre-tax net profit calculated using the First-In, First-Out method of accounting in determining cost of goods sold, subject to other adjustments, and resulting income. Adjusted FIFO PTNP was based on Company-wide results, except for Mr. C. Walsh and Mr. McPherson, which was based upon U.S. Distribution-West and U.S. Distribution East, respectively.
- [3] Net Sales Income (*NSI*) is an internal measure equivalent to the gross profit reported in our audited financial statements adjusted for LIFO expense.
- [4] Fresh product objective is based on incremental number of stores enrolled in selling fresh products.
- [5] Revenues were based upon U.S. Distribution-West for Mr. C. Walsh and U.S. Distribution East for Mr. McPherson.

Table of Contents

[6] The various individual non-financial objectives for each of our named executive officers are tailored to the responsibilities of the executive and vary based upon their roles within the company. For fiscal 2009, the non-financial objective for our President and Chief Executive Officer, J. Michael Walsh, was to improve management performance in certain divisions. The non-financial objectives for our Senior Vice President and Chief Financial Officer, Stacy Loretz-Congdon, included effective management of the finance organization, company-wide cost control, compliance with public company reporting requirements and successfully securing reliable debt financing. The non-financial objectives for our Senior Vice President-Resources, Thomas B. Perkins, included effective management and planning for certain HR and IT initiatives, and the allocation of resources to support the growing organization. Our Senior Vice President-U.S. Distribution (West), Christopher L. Walsh, and Senior Vice President-U.S. Distribution (East), Scott E. McPherson, had no individual non-financial objectives set for fiscal 2009.

C. Performance Levels for Each Objective

Our bonus plans provide for three levels of possible performance and a resulting bonus payout for each objective as follows:

- (1) Performance at the **Exceptional** level for any objective entitles an executive to the maximum amount allocated to that objective. In general, this level represents achievement of an aggressive operating plan for our Company or the relevant region. The Compensation Committee considers performance at this level to be **Exceptional** due to the difficulty of attaining the high levels of achievement necessary to meet such plan.
- (2) Performance at the **Outstanding** level for any objective entitles the executive to two-thirds of the maximum amount allocated to that objective. This level generally represents strong achievement under the operating plan for our Company or the relevant region.
- (3) Performance at the **Threshold** level for any objective entitles the executive to one-third of the maximum amount allocated to that objective. This level represents the minimal level of performance deemed worthy of a bonus.

The CEO has the authority, with the approval of the Compensation Committee, to establish different target levels for the named executive officers based on his subjective evaluation of a region or our Company's operating plan. For example, if the CEO views a component of a plan as exceptionally aggressive or challenging, that plan, or amounts close to that plan, may be set as the **Exceptional** performance level for that component of the bonus, and the **Outstanding** and **Threshold** levels would be adjusted accordingly. Bonus payments are generally conditioned on an executive's continued employment as of December 31 of the relevant year, although this requirement may be waived at the discretion of the Compensation Committee.

Our bonus criteria as set for the named executive officers and actual levels achieved and approved by the Compensation Committee for 2009 were as follows:

Table of Contents2009 Annual Incentive Cash Bonus Awarded Based on Achieved Performance

Based on our Company's results for 2009 and after review and adjustments, the Compensation Committee approved cash bonus payments to our NEOs as disclosed in the following table:

Officer	Approved Bonus
J. Michael Walsh ^[1]	\$ 447,133
Stacy Loretz-Congdon ^[2]	\$ 171,170
Christopher L. Walsh ^[3]	\$ 112,252
Scott E. McPherson ^[4]	\$ 154,748

[1] Mr. J. Walsh's approved bonus payment was based upon achievement of 100% of the maximum bonus applicable to the Diluted EPS objective, two-thirds of the maximum bonus for the Adjusted FIFO PTNP objective and two-thirds of the maximum bonus applicable to the NSI objective. Mr. J. Walsh did not qualify for any bonus related to his individual objective.

[2] Ms. Loretz-Congdon's approved bonus payment was based upon achievement of 100% of the maximum bonus applicable to the Diluted EPS objective, two-thirds of the maximum bonus applicable to the Adjusted FIFO PTNP objective, two-thirds of the maximum bonus applicable to the Fresh objective, 100% of the maximum bonus applicable to the Cigarette NSI Recovery objective, and approximately 64% of the maximum bonus applicable to her individual objectives.

[3] Mr. C. Walsh's approved bonus payment was based upon achievement of 100% of the maximum bonus applicable to the Diluted EPS objective, one-third of the maximum bonus for the Adjusted FIFO PTNP (U.S. Distribution West) objective, two-thirds of the maximum bonus applicable to the Fresh objective (U.S. Distribution West), 100% of the maximum bonus applicable to the Cigarette NSI Recovery objective (U.S. Distribution West) and no bonus applicable to the Revenue objective (U.S. Distribution West).

[4] Mr. McPherson's approved bonus payment was based upon achievement of 100% of the maximum bonus applicable to the Diluted EPS objective, 100% of the maximum bonus for the Adjusted FIFO PTNP (U.S. Distribution East) objective, 100% of the maximum bonus applicable to the Fresh objective (U.S. Distribution East), 100% of the maximum bonus applicable to the Cigarette NSI Recovery objective (U.S. Distribution East), and no bonus applicable to the Revenue objective (U.S. Distribution East).

[5] Mr. Perkins' approved bonus payment was based upon achievement of 100% of the maximum bonus applicable to the Diluted EPS objective, two-thirds of the maximum bonus applicable to the Adjusted FIFO PTNP objective, two-thirds of the maximum bonus applicable to the Fresh objective, and 100% of the maximum bonus applicable to his individual objectives.

For fiscal 2009, following the end of the fiscal year, our CEO evaluated the level of achievement for each executive's individual objectives and made a recommendation to our Compensation Committee regarding the appropriate level of bonus percentage earned. These recommendations were then evaluated, discussed, modified as appropriate and ultimately approved by our Compensation Committee.

D. Compensation Committee Review

All elements of our bonus program are subject to review and, where appropriate, waiver and adjustment at the discretion of our Compensation Committee. The Compensation Committee has waived certain requirements when in its judgment such a waiver was appropriate and in the Company's best interests. No waivers were requested or approved for 2009.

III. Long-Term Equity Incentive Compensation

We believe that the best way of assuring that management's decision-making is in alignment with the interests of our stockholders is to provide sufficiently meaningful stock ownership opportunities to management. Our Long-Term Equity Incentive Program provides incentives necessary to retain executive officers and reward them for both short-term Company performance while creating long-term incentives to sustain our Company's performance.

In July 2007, we adopted the 2007 Long-Term Incentive Plan (2007 LTIP). The plan was intended to focus on achieving our Company's long-term business goals through assigned performance metrics. Awards under the 2007 LTIP consist of restricted stock units, performance shares and stock options.

Stock options entitle the holder to exercise the option into one share of common stock of the Company at a specified exercise price. Generally, stock options exercise price is equal to the fair market value of the Company's common stock on the date of grant. The employee can only exercise the stock option after a specified vesting period which requires their employment with the Company. The option awards are subject to certain restrictions and risk of

Table of Contents

forfeiture. Stock options generally vest over three years: one-third of the options cliff vest on the first anniversary of the vesting commencement date and the remaining options vest in equal quarterly installments over the following two years.

Restricted stock units, or RSUs, are the equivalent in value to one share of common stock and entitle the employee to receive one common share for each RSU at the end of a specified vesting period. RSUs are awards subject to certain restrictions and risk of forfeiture. RSUs generally vest over three years: one-third of the restricted stock units cliff vest on the first anniversary of the vesting commencement date and the remaining RSUs vest in equal quarterly installments over the following two years.

Performance shares may include (i) specific dollar-value target awards, (ii) performance units, the value of each unit being determined by the Compensation Committee at the time of issuance, and/or (iii) performance shares, the value of each such share being equal to the fair market value of a share of our common stock. Generally the number of performance shares that the employee ultimately earns is based upon achievement of certain specified performance metrics. Performance shares generally vest over three years: one-third of the options cliff vest on the first anniversary of the vesting commencement date and the remaining shares vest in equal quarterly installments over the following two years.

Performance shares vest at the end of a specified period and are also subject to certain restrictions and risk of forfeiture.

On January 21, 2009, each of our NEOs received the following equity awards under the 2007 LTIP:

Officer	Number of Option Shares^[1]	Number of Restricted Stock Units^[1]	Number of Performance Shares^[2]
J. Michael Walsh	9,750	9,750	9,750
Stacy Loretz-Congdon	9,750	9,750	9,750
Christopher L. Walsh	9,750	9,750	9,750
Scott E. McPherson	9,750	9,750	9,750
Thomas B. Perkins	9,750	9,750	9,750

[1] One-third of the options and restricted stock units granted vested on February 1, 2010, with the remaining two-thirds vesting in equal quarterly installments based upon a regular calendar period over the following two years of 2010 and 2011.

[2] The award of these shares was subject to our Company meeting the 2009 performance share metrics described below.

Performance Shares Awarded 2009

Each award of performance shares listed in the table above specified a percentage of the performance shares that would be deemed earned (subject to vesting) upon the achievement of Threshold, Outstanding or Exceptional goals during 2009, based on the metrics described below. The performance level achieved during the calendar year-long performance period is determined by our Compensation Committee the following January. One-third of any

performance shares so earned vest upon the determination by the Compensation Committee of the performance level achieved, with the remaining two-thirds vesting in equal quarterly installments over the following two years.

The metrics for the 2009 Performance Shares were as follows:

1. Diluted Earnings Per Share (*Diluted EPS*) is defined as diluted EPS as reported in our 2009 Annual Report on Form 10-K.
2. Fresh Product Objective is based on incremental number of stores enrolled in selling fresh products.
3. Return on Net Assets (*RONA*) is based on our Company-wide return on average monthly net assets represented as a percentage.

Table of Contents

The following table shows the three levels of performance used for calculating the award of performance shares for 2009 and the percentage of performance shares allocated to each measure:

Factor	Weight of Total Shares	Threshold	Outstanding	Exceptional
Diluted EPS	33.3%	\$ >1.46	\$ >1.75	\$ >2.02
Fresh Product Objective	33.3%	1,000	1,600	2,000
RONA ^[1]	33.3%	83.2%	91.5%	100%

[1] Targets for RONA are based upon percentage achievement of our 2009 business plan.

At the Threshold level for any factor, one-third of the performance shares allocable to that factor would be awarded, at the Outstanding level two-thirds would be awarded, and at the Exceptional level all performance shares applicable to such factor would be awarded. If the level of performance falls between two levels (Threshold and Outstanding for example), the percentage is determined by a straight line pro-rata between two levels based upon the actual performance achieved.

2009 Performance Shares Awarded Based on Achieved Performance

The following table shows the actual performance achieved in 2009, the level of performance achieved and the award percentage approved by the Compensation Committee for each performance factor:

Factor	Weight of Total Shares	Level of Performance Achieved in 2009	Approved Award Percentage
Diluted EPS	33.3%	Exceptional	33.3% ^[1]
Fresh Product Objective	33.3%	Outstanding	31.9% ^[2]
RONA	33.3%	Outstanding	21.5% ^[3]
Performance Shares Awarded			86.7%

[1] Represents 100% of the 33.3% weight allocated to this factor.

[2] Represents 95.8% of the 33.3% weight allocated to this factor.

[3] Represents 64.4% of the 33.3% weight allocated to this factor.

The **Approved Award Percentage** represents the percentage of performance shares earned by the executives in accordance with the level of performance achieved. The percentage earned for each metric is calculated by multiplying the percentage of the overall award applicable to such metric (the **Weight of Total Shares**, or 33.3%) by the level of performance achieved.

Based upon our performance with respect to the performance share goals during 2009, each of the named executive officers earned a total of 8,453 performance shares (86.7% of their maximum potential award). One-third of those shares vested on February 1, 2010, and the balance will vest in equal quarterly installments over a subsequent two-year period. The following table provides the number of performance shares initially awarded in January 2009 and the actual number of performance shares earned by the NEO based upon 2009 performance.

Name	Number of Performance Shares Awarded	Number of Performance Shares Earned
J. Michael Walsh	9,750	8,453
Stacy Loretz-Congdon	9,750	8,453
Christopher L. Walsh	9,750	8,453
Scott E. McPherson	9,750	8,453
Thomas B. Perkins	9,750	8,453

Compensation Committee Review of Long-Term Equity Incentive Program

All elements of our Long-Term Equity Incentive program are subject to review and, where appropriate, also subject to waiver and adjustment at the discretion of our Compensation Committee.

For a summary of compensation of our named executive officers, please see the table and discussion under Summary Compensation Table on page 27.

IV. Executive Severance Plan

Under the terms of our Executive Severance Policy, corporate officers and vice presidents, as well as division presidents, are entitled to severance upon their involuntary termination for reasons other than cause, gross misconduct or an insured long-term disability. Severance payments for U.S. based executives are based upon years of service and range from two months base salary for less than two years of service, up to 18 months of base salary for over 20 years of service. In addition, U.S. executives are entitled to a pro-rata bonus for the year terminated and may receive COBRA cost reimbursements during the severance period. Canada-based executives receive severance in accordance with provincial law, which can range up to two years of base salary, bonus and benefits. To receive any benefits under the Executive Severance Policy, an executive must sign a release of liability for the benefit of our Company. See the discussion under Potential Post-Employment Payments to Named Executive Officers on page 32 for a quantification of the amounts that would have been payable to our named executive officers upon a Board-approved retirement or upon a change of control as of December 31, 2009.

V. Group Life, Accidental Death & Dismemberment and Short- and Long-term Disability Insurance

All of our executive officers are eligible to participate in our group life, accidental death & dismemberment and short- and long-term disability insurance programs, which are also available to our non-executive employees. In addition, our named executive officers and other senior officers and managers are provided with additional group life insurance, at a rate of one and one-half times base salary up to a maximum of \$300,000.

VI. Other Perquisites

Our named executive officers are entitled to participate in the same retirement and health and welfare benefits that are offered to all employees. We generally do not provide automobile allowances, club memberships or other perquisites to our executives.

Compensation Consultants

Role of Outside Compensation Consultant

The Compensation Committee has engaged Compensia as its outside compensation consultant to provide objective analysis of, and advice on, the Company's executive compensation program and practices. The role of the consultant is defined by the Compensation Committee. For establishing 2010 executive compensation, the consultant has been used to assess elements of compensation paid to named executive officers, including competitiveness relative to market of base, short-term and long-term compensation. Compensia was also involved with developing the terms of the proposed 2010 LTIP.

Determination of Outside Consultant's Objectivity

The Compensation Committee recognizes that it is essential to receive objective advice from its outside compensation consultant. The Compensation Committee determines whether Compensia's advice is objective and free from the influence of management or any other party that would compromise the objectivity of its advice. Compensia has not provided services to the Company other than those requested by the Compensation Committee. The Compensation Committee also examines the safeguards Compensia has in place to ensure that executive compensation consulting services are objective. Based on its analysis, the Compensation Committee has determined that Compensia's advice is objective and unbiased.

Table of Contents

Change of Control Matters

None of our named executive officers have employment agreements and all are employees at will. However, certain of our equity incentive plans do provide for benefits that could be triggered by a change of control. Under our 2004, 2005 and 2007 Long-Term Incentive Plans (and related grant agreements), in the event we are acquired by a non-public company, all outstanding options become fully exercisable and vested, all restrictions on restricted stock units (and all deferral periods on deferred restricted stock units) lapse and vesting on all earned performance shares accelerates. In addition, if we are acquired by a public company and a named executive officer is terminated without cause, or resigns with good reason within one year after we are acquired, then generally all such named executive officer's unvested option shares, restricted stock units and earned performance shares will immediately vest. If the change of control under either scenario occurs before the completion of the applicable performance period under a performance share award, such performance share will vest at the Outstanding target level. (See Change of Control section on page 31 for further discussion). Under the proposed 2010 Plan, all outstanding options become fully exercisable and vested, all restrictions on restricted stock units (and all deferral periods on deferred restricted stock units) lapse and vesting on all earned performance shares accelerates only if the employee is terminated within one year after a change of control.

In addition to the change of control provisions described above, our named executive officers are participants under our severance policies. Refer to the discussion under Potential Post-Employment Payments to Named Executive Officers on page 32 for a discussion of these arrangements and the quantification of the amounts that would have been payable to our named executive officers upon a Board approved retirement or upon a change of control as of December 31, 2009.

Risk

The Compensation Committee has reviewed the Company's incentive plans and does not believe the goals or the underlying philosophy encourage the named executive officers to take excessive risk. By utilizing equity-based awards that are not immediately exercisable, we believe the interests of our named executive officers are aligned with those of our stockholders.

Tax and Accounting Considerations

Section 162(m) of the Internal Revenue Code of 1986, as amended, places a limit of \$1,000,000 on the amount of compensation that we may deduct in any one year with respect to our Chief Executive Officer and each of the next four most highly compensated executive officers. The Compensation Committee considers the anticipated tax treatment of Core-Mark and its executive officers when reviewing the executive compensation programs. However, the Compensation Committee will not necessarily seek to limit executive compensation to amounts deductible under Section 162(m), as the Compensation Committee wishes to maintain flexibility to structure our executive compensation programs in ways that best promote the interests of our Company and its stockholders.

Other Considerations

We have not adopted policies and procedures designed to reclaim or claw back incentive awards made on the basis of financial results that are later restated. However, our three Long-Term Incentive Plans (LTIPs) do contain provisions providing for the recovery of gains made by any executive from the exercise of options within one year prior to the executive's termination for Cause, as defined in the plans.

Our Board of Directors has also adopted a Statement of Policy providing that we will not engage in the re-pricing of stock options granted under our 2007 Long-Term Incentive Plan, and that shares awarded under that plan that are forfeited by grantees will not be available for re-grant.

Table of Contents**COMPENSATION COMMITTEE REPORT**

The Compensation Committee administers Core-Mark's compensation program for executive officers. The Compensation Committee's role is to oversee Core-Mark's compensation plans and policies, annually review and approve all such executive officers' compensation, approve annual bonus awards and administer Core-Mark's long-term incentive plans (including reviewing and approving grants to Core-Mark's executive officers).

The Compensation Committee's charter reflects these various responsibilities, and the Compensation Committee and the Board of Directors periodically review and revise the charter. The Board of Directors determines the Compensation Committee's membership, which currently consists of four non-employee directors. All of the Compensation Committee's members are independent under the rules of the NASDAQ Stock Market. The Compensation Committee meets at scheduled times during the year and it also considers and takes action by written consent. The Compensation Committee Chairman, L. William Krause, reports any Compensation Committee actions or recommendations to the full Board of Directors.

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis included in this Proxy Statement. Based on that review and those discussions, the Compensation Committee has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference into our Annual Report on Form 10-K for the fiscal year ended December 31, 2009.

The Compensation Committee is pleased to submit this report to Core-Mark's stockholders.

Potential Payments Upon Termination or Change-In-Control

Severance Policy

Each of our named executive officers and vice presidents are entitled to certain benefits under the Core-Mark Executive Severance Policy. Pursuant to the policy, upon the officer's involuntary termination other than for cause, gross misconduct (each as defined in the policy) or long-term disability and upon our acceptance of an executed

Table of Contents

separation agreement, the officer is entitled to the following benefits based on the years of service and location of employment:

U.S. Employees

Number of Years of Service	Benefit
Less than two years	Two months of base salary
At least two years but less than five years	Four months of base salary
At least five years but less than ten years	Eight months of base salary
At least ten years but less than 20 years	12 months of base salary
More than 20 years	18 months of base salary

All payments under the severance policy are made in one lump sum at the first regularly scheduled payroll issuance following termination. In addition to above payments, such officer shall receive COBRA cost reimbursement for the same number of months of their base salary payment plus payment of a prorated bonus for the year of their termination.

Canadian Employees. The severance benefits paid to any Canadian executive officers are based on the applicable provincial laws.

Accelerated Option Vesting. In addition, an executive officer who has received an option grant under our 2004 Long-Term Incentive Plan and 2007 Long-Term Incentive Plan may be entitled to accelerated vesting of all such options should such executive officer be terminated without cause or resign his employment with good reason.

Retirement

Award grants made to our named executive officers under our 2005 Long-Term Incentive Plan and under our 2007 Long-Term Incentive Plan (during 2009) generally entitle such officers to accelerated vesting of all of their restricted stock units in the event that such executive retires, and the retirement is approved by our Board of Directors as a retirement that qualifies for such treatment. In addition, certain awards made to our named executive officers under our 2007 Long-Term Incentive Plan generally entitle such officers to accelerated vesting of a pro-rata portion of their options, restricted stock units and/or performance shares in the event that (1) such executive retires prior to the first vesting date of such award and (2) the retirement is approved by our Board of Directors as a retirement that qualifies for such treatment. In general the pro-rata portion of such award that is vested is based upon the number of months of service of such officer during the applicable vesting period under the award. Performance shares are vested pro-rata at the Outstanding target level.

Change of Control

Award grants made to our named executive officers under our 2004, 2005 and 2007 Long-Term Incentive Plans generally entitle such officers to accelerated vesting of all of their option shares, restricted stock units and earned performance shares in the event that we are acquired by a non-public company (a non-public change of control). In addition, if we are acquired by a public company and the executive officer is terminated without cause or resigns with good reason within one year after we are acquired, then generally all such executive officer's unvested option shares, restricted stock units and earned performance shares will immediately vest. If the change of control under either scenario occurs before the completion of the applicable performance period under a performance share award, such performance share shall vest at the Outstanding target level. Under the proposed 2010 Plan, all outstanding options

become fully exercisable and vested, all restrictions on restricted stock units (and all deferral periods on deferred restricted stock units) lapse and vesting on all earned performance shares accelerates only if the employee is terminated within one year after a change of control.

Table of Contents**Potential Post-Employment Payments to Named Executive Officers**

The table below sets forth potential payments that could be received by our named executive officers upon a Board approved retirement or upon a non-public change in control of Core-Mark, assuming such event took place on December 31, 2009.

[1] Core-Mark Holding Company, Inc. does not have an official retirement age; rather, named executive officers may be approved for retirement by the Board of Directors. The table assumes that all named executive officers would have been so approved if termination occurred on December 31, 2009. Upon retirement, this table assumes unvested performance shares and options are forfeited, vested options remain exercisable for a period of 90 days, and restrictions lapse on all restricted stock units.

[2] Upon termination without cause, terminated executives are eligible for severance cash in accordance with the Core-Mark Executive Severance Policy. Also, options become fully vested and exercisable as of the date of termination and remain exercisable for a period of 90 days thereafter. Options terminate and are forfeited at the end of the 90-day period. Upon termination, all unvested restricted stock units and performance shares are forfeited.

[3] Upon a non-public change in control, executives are eligible for all of the benefits of a without-cause termination. In addition, all restrictions lapse on restricted stock units, all unvested options are accelerated and earned but unvested performance shares are accelerated.

[4] Executive officers and vice presidents in the U.S. may receive benefits under the Core-Mark Executive Severance Policy. If terminated on December 31, 2009, the NEOs would receive 12 months salary and COBRA reimbursements, payable in a lump sum.

PROPOSAL 2. APPROVAL OF CORE-MARK 2010 LONG-TERM INCENTIVE PLAN

General

On January 20, 2010, our Board of Directors adopted, subject to approval of our shareholders, the Core-Mark Holding Company, Inc. 2010 Long-Term Incentive Plan, which is referred to herein as the 2010 Plan. The principal features of the 2010 Plan are summarized below. The summary does not purport to be a complete statement of the 2010 Plan and is qualified in its entirety by reference to the 2010 Plan, a copy of which is attached as Appendix A to this Proxy Statement. Capitalized terms used but not defined herein have the meaning set forth in the 2010 Plan or the form of award agreement.

Reasons to Adopt the Core-Mark Holding Company, Inc. 2010 Plan

Our Board of Directors recommends a vote for the approval of the 2010 Plan, because the Board believes the plan is in the best interests of the Company and our shareholders for the following reasons:

Aligns director, employee and shareholder interests. We believe that our stock-based compensation programs help align the interests of our non-employee directors, our employees and our shareholders. We believe that our long-term stock-based incentives help promote long-term retention of our employees and encourage significant ownership of our common stock. We also believe such incentives reinforce achievement of our financial business goals by linking a portion of a participant's compensation to the achievement by the Company, and in certain cases, a division or individual, of performance goals. If the 2010 Plan is approved, we will be able to maintain our means of aligning the interests of our non-employee directors and employees with the interests of our shareholders.

Attracts and retains talent. Talented, motivated and effective executives and employees are essential to executing our business strategies. Stock-based awards have been an important component of total compensation at the Company for many years because such compensation enables us to effectively recruit executives and other employees while encouraging them to act and think like owners of the Company. If the 2010 Plan is approved, we believe we will maintain our ability to offer competitive compensation packages to both retain our best performers and attract new talent.

Supports our pay-for-performance philosophy. We believe that stock-based compensation, by its very nature, is performance-based compensation. The largest component of total compensation for our executives is incentive compensation in the form of both stock-based and cash-based incentives that are tied to the achievement of financial business results. We use incentive compensation to help reinforce desired financial business results to our executives and to motivate them to make decisions to produce those results.

Avoids disruption in our compensation programs. The approval of the 2010 Plan by our shareholders is important because our 2004 Long-Term Incentive Plan, 2005 Long-Term Incentive Plan and 2007 Long-Term Incentive Plan have a limited number of shares available for grant, and we believe it is good practice to consolidate our existing equity incentive plans. If the 2010 Plan is not approved, to continue to offer competitive compensation it would likely be necessary to replace components of compensation previously awarded in equity with cash or with other instruments that may not necessarily align director and employee interests with those of our shareholders as well as stock-based awards do. Additionally, replacing equity with cash will increase cash compensation expense and use cash that would be better utilized toward other strategic purposes, such as strategic acquisitions and improvements in the quality and performance of our business.

Will not be excessively dilutive to our shareholders. Subject to adjustment, the maximum number of shares of our common stock authorized for issuance under the 2010 Plan is 659,952 shares, plus the number of shares subject to awards outstanding under our Previous Plans but only to the extent that such outstanding awards are repurchased, forfeited, expire or otherwise terminate without the issuance of such shares, up to a maximum of 456,000 shares. If the 2010 Plan is approved by shareholders, no new awards will be granted under our 2004 Long-Term Incentive Plan, 2005 Long-Term Incentive Plan and 2007 Long-Term Incentive Plan. As of 12/31/09, we had 858,172 outstanding options with a weighted average exercise price of \$20.68 and a weighted average remaining contractual term of 3.1 years, and we had 306,869 outstanding restricted stock units and performance shares.

Table of Contents

Low Burn Rate. Our Burn Rate Policy will require us to limit the aggregate number of shares that we grant subject to stock awards over the three-year period to 9.3% of our outstanding common stock. This low burn rate will help to ensure that the shares available under the 2010 Plan are not excessively allocated or prematurely exhausted.

The Board of Directors recommends that stockholders vote FOR the approval of the Core-Mark Holding Company, Inc. 2010 Long-Term Incentive Plan.

Purpose

The 2010 Plan was established to create incentives to motivate participants to put forth maximum effort toward our success and growth and to enable us to attract and retain experienced individuals who, by their position, ability and diligence, are able to make important contributions to our success. Potential participants include non-employee directors, officers and key employees of the Company or its subsidiaries or affiliates, as well as any other individuals providing services to the Company or its subsidiaries or affiliates.

Administration

The 2010 Plan is administered by our Compensation Committee, which has the full power and authority to interpret the 2010 Plan. These powers include, but are not limited to, the authority to select persons to participate in the 2010 Plan, determine the form and substance of grants under the 2010 Plan, determine the conditions and restrictions, if any, subject to which such grants will be made, modify the terms of grants, accelerate vesting and waive terms or conditions under the 2010 Plan. The Compensation Committee's determinations and interpretations under the 2010 Plan are binding on the Company, the participants in the 2010 Plan and all other parties.

Eligibility

The 2010 Plan is designed so that any of our non-employee directors or approximately 4,300 employees can participate at the discretion of the Compensation Committee. However, we currently expect the majority of awards will be made to our directors, officers, division presidents and certain senior managers who have significant influence over the results of our operations. Participants in our prior plans consisted of 6 non-employee directors, 14 officers, and 27 division presidents and senior managers.

Awards

Types of awards available under the 2010 Plan include stock options (both incentive and non-qualified), stock appreciation rights, restricted stock, other stock-based awards and performance-based compensation awards.

Stock Options

A participant granted a stock option will be entitled to purchase a specified number of shares of our common stock during a specified term at a fixed exercise price, affording the participant an opportunity to benefit from the appreciation in the market price of our common stock from the date of grant. The exercise price will be established by the Compensation Committee and shall not be less than the fair value of a share of our common stock on the date of grant. Fair market value is the closing price of our common stock, as reported on the NASDAQ Stock Market, which for example was \$30.61 on March 31, 2010.

The Compensation Committee will determine the circumstances under which a stock option becomes exercisable and vested. Stock options may be exercised by payment in cash, delivery of outstanding shares of our common stock having a fair value equal to the exercise price, by a net exercise or cashless exercise procedure approved by the

Compensation Committee, or any combination of the foregoing. The Compensation Committee will determine the term of each stock option, however, no option shall be exercisable more than ten years from the date of grant.

Table of Contents

Stock Appreciation Rights

A Stock Appreciation Right (SAR) granted under the 2010 Plan shall confer on the holder thereof a right to receive, upon exercise thereof, the excess of (a) the fair market value of a specified number of shares of our common stock on the date of exercise over (b) the grant price of the right as specified by our Compensation Committee on the date of the grant. The grant price may not be less than the fair market value of the underlying shares on the date of grant. Payment of such excess may be in the form of cash, shares, other property or any combination thereof, as the Compensation Committee shall determine in its sole discretion. The term, methods of exercise, methods of settlement, and any other terms and conditions of any SAR shall be as determined by the Compensation Committee, provided that no SAR may have a term of more than ten years from the date of grant.

Restricted Stock

A restricted stock award is a grant of a specified number of shares of our common stock to a participant subject to a restricted period and the risk of forfeiture if such participant's employment is terminated (upon certain circumstances) during such period. The terms and conditions of a restricted stock grant are determined by the Compensation Committee and the expiration of a restricted period may be conditioned upon the participant's achievement of performance goals. The Compensation Committee also has the authority to determine whether or not the restricted stock has the right to receive dividends or to vote.

Other Stock-Based Awards

Other Stock-Based Awards are grants of awards of shares or other awards that are valued, in whole or in part, by reference to, or are otherwise based on the fair market value of our common stock. Such Other Stock-Based Awards shall be in such form, and dependent on such conditions, as the Compensation Committee may determine, including, without limitation, the right to receive one or more shares (or the equivalent cash value of such shares) upon the completion of a specified period of service, the occurrence of an event and/or the attainment of performance objectives.

Restricted stock units, or RSUs, are a form of Other Stock-Based Awards that we may grant. A RSU is a contractual right to receive a share of our common stock at the end of a specified period. RSUs are subject to certain restrictions and the risk of forfeiture if such participant's employment is terminated (upon certain circumstances) during such period. The Compensation Committee will determine the circumstances under which RSUs vest and related restrictions lapse. Prior to the end of a vesting period, settlement of RSUs may be further deferred subject to parameters established by the Compensation Committee and upon such deferral the RSU shall be considered a deferred stock unit. Unless otherwise provided in the grant agreement, such deferral period shall end on the earliest of: the participant's death, the termination of participant's service, a change in control of the Company, or a future date selected by the participant. The Compensation Committee also has the authority to determine whether or not the RSUs have the right to receive dividend equivalents.

Performance-Based Compensation

Performance-Based Compensation awards (Performance Awards) are awards of shares of our common stock or other amounts based upon the achievement of certain objective performance goals. Performance Awards will be earned only if the performance objectives, established by the Compensation Committee, are met. The performance objectives shall be based on the achievement of performance goals based on one or more of the following performance measures: (i) consolidated earnings before or after taxes (including earnings before interest, taxes, depreciation and

amortization); (ii) net income; (iii) operating income; (iv) earnings per Share; (v) book value per Share; (vi) return on shareholders' equity; (vii) expense management; (viii) return on investment; (ix) improvements in capital structure; (x) profitability of an identifiable business unit or product; (xi) maintenance or improvement of profit margins; (xii) stock price; (xiii) market share; (xiv) revenues or sales; (xv) costs; (xvi) cash flow; (xvii) working capital; (xviii) return on assets; (xix) store openings or refurbishment plans; (xx) staff training; and (xxi) corporate social responsibility policy implementation.

Any performance measure may be (a) used to measure the performance of the Company and/or any of our Subsidiaries as a whole, any business unit, or any combination thereof, (b) compared to the performance of a group

Table of Contents

of comparable companies, or a published or special index or (c) adjusted by the Compensation Committee, at the time such performance goal is established, to add or remove the effect of non-recurring events, mergers and acquisitions, and financing transactions. Performance-Based Compensation awards may not be adjusted upward, but may be adjusted downward at the discretion of the Compensation Committee.

Amendment or Substitution of Awards

Subject to the terms of the 2010 Plan, the Compensation Committee may amend awards as it deems appropriate; however, no amendment to the 2010 Plan or an award may adversely affect a participant's rights under an award without the participant's consent, and the exercise price of an option may not be reduced without stockholder approval. The Compensation Committee may establish an exchange program that permits holders to surrender outstanding awards under the 2010 Plan or in exchange for the grant of new awards (including cash) under the 2010 Plan or otherwise, or require holders of awards to surrender outstanding awards as a condition to the grant of new awards (including cash) under the 2010 Plan or otherwise; provided, however, that such exchange programs may not be established without stockholder approval.

Anticipated Form, Amount and Terms of Grants

While the Compensation Committee will retain discretion to grant awards in any form permitted by the 2010 Plan, it is currently contemplated that (1) annual awards to non-employee directors will be in the form of RSUs and (2) the majority of grants to our Section 16 officers, Division Presidents and other members of senior management will be in the form of RSUs. All of such allocations are preliminary and are subject to review and revision by the Compensation Committee and the Board of Directors.

It is currently contemplated that awards to officers and employees would vest over a three-year period; one-third of an award would cliff vest on the first anniversary of the vesting commencement date and the remaining award would vest in equal quarterly installments over the two-year period following the first anniversary of the vesting commencement date.

Treatment of Awards in the Event of Termination of Service or Change in Control

Termination of Service

Under the 2010 Plan, unless a grant agreement provides otherwise, if a participant's employment is terminated for Cause, all such participant's outstanding and unvested awards will be cancelled and forfeited immediately. In addition, unless a grant agreement provides otherwise, if a participant's employment is terminated for other than Cause, all of such participant's (a) unvested awards will be cancelled and forfeited immediately and (b) vested awards will terminate upon the earlier of 90 days following such termination or the expiration of their term.

Our Compensation Committee has adopted forms of grant agreements which provide that if an employee participant's service is terminated due to death, Disability or Retirement prior to the first anniversary of the date of grant, the unvested portion of the award will vest on a pro rata basis based on the number of full months of service the participant completed between the date of grant and the termination of service divided by 36. In addition, the form of RSU grant provides that in the event an employee participant's service terminates due to death, Disability or Retirement on or after the first anniversary of the date of grant, the entire award shall become fully vested and non-forfeitable.

Change in Control

Under the 2010 Plan, in the event of a Change in Control, the Compensation Committee may, but is not obligated to, make adjustments to the terms and conditions of outstanding Awards including, but not limited to, (i) continuation or assumption of outstanding awards by the surviving company, (ii) substitution of awards by the surviving company with substantially the same terms for outstanding awards, (iii) accelerated exercisability, vesting and/or lapse of restrictions under outstanding awards (to the extent not provided in the Award Agreement), or (iv) cancellation of all or any portion of outstanding awards for fair value.

Table of Contents

Our Compensation Committee has adopted forms of grant agreements for employee participants which provide that if, within one year following a Change in Control, the participant's service with the Company is terminated by the Company without Cause or by the participant without Good Reason, then the unvested portion of the award will become fully vested and non-forfeitable on the date of the participant's termination of service.

Number of Shares Available for Issuance

Shares Available

Subject to the additions and adjustments described below, 659,952 shares of our common stock are authorized for granting awards under the 2010 Plan. If any grant under the 2010 Plan expires or terminates unexercised, becomes unexercisable or is forfeited as to any shares, then such expired, terminated, unpurchased or forfeited shares shall thereafter be available for future awards under the 2010 Plan.

Consolidation of Shares from the 2004 & 2005 Long-Term Incentive Plans

Upon shareholder approval of the 2010 Plan we will consolidate any previously granted shares that may become available again under our 2004 Long-Term Incentive Plan and the 2005 Long-Term Incentive Plan (the Previous Plans) with our 2010 Plan. Any shares subject to awards granted under our Previous Plans that (i) expire or otherwise terminate without having been exercised or (ii) are forfeited to or repurchased by us, will become available for grant under the 2010 Plan, up to a maximum of 456,000 shares. If the 2010 Plan is approved by our shareholders, outstanding awards under the Previous Plans will continue to be governed by the terms of the Previous Plans, however no new awards will be granted under our Previous Plans.

Shares under the 2007 Long-Term Incentive Plan

Approximately 160,000 shares remain available to be granted under our 2007 Long-Term Incentive Plan (the 2007 LTIP). Upon shareholder approval of the 2010 Plan we will discontinue the use of the 2007 LTIP and will make no new award grants under such plan. Any outstanding awards under the 2007 LTIP will continue to be governed by the terms of the 2007 LTIP. Any awards under the 2007 LTIP that (i) expire or otherwise terminate without having been exercised or (ii) are forfeited to or repurchased by us, shall not be available for future grant.

Adjustments

In the event of any adjustment, recapitalization, reorganization or other change in our capital structure, stock split, reverse stock split, stock dividend, combination of shares, merger, consolidation, distribution to stockholders of a material amount of assets of the Company (including in the form of an extraordinary dividend) or any other change in the corporate structure or shares of the Company, the Compensation Committee will make such equitable adjustments as it deems appropriate (i) in the number and kind of shares covered by awards previously made under the 2010 Plan and in exercise prices of outstanding awards, and (ii) in the number of shares available for grant and applicable award limits under the 2010 Plan.

Award Limits

Burn Rate Policy for Fiscal Years 2010 - 2012

In order to better manage and control the amount of our common stock used for equity compensation, our Compensation Committee adopted a Burn Rate Policy for fiscal years 2010 - 2012 effective upon shareholder approval of the 2010 Plan. During this three-year period, beginning with our 2010 fiscal year and ending with our 2012 fiscal

year, our Burn Rate Policy will require us to limit the aggregate number of shares that we grant subject to stock awards over the three-year period to 9.3% of our outstanding common stock (which is equal to the median burn rate plus one standard deviation for the 2010 calendar year for Russell 3000 companies in our Global Industry Classification Standards Peer Group (2550 Retailing), as published by RiskMetrics Group (RMG) in 2009, over a three-year period). Our annual burn rate will be calculated as the number of shares subject to stock awards (including stock options, stock appreciation rights, restricted stock, restricted stock units and other stock awards) granted during our fiscal year and the number of shares subject to performance awards that are vested or paid out

Table of Contents

during a fiscal year divided by our outstanding common stock, measured as of the last day of each fiscal year, both as reported in our periodic filings with the SEC. To the extent there are any, awards that are settled in cash, awards that are granted pursuant to a stockholder approved exchange program and awards assumed or substituted in acquisitions will be excluded from our burn rate calculation. For purposes of our calculation, each share subject to a full value award (i.e., restricted stock, restricted stock unit, performance share and any other award that does not have an exercise price per share equal to the per share fair market value of our common stock on the grant date) will be counted as 2 shares (based on the volatility calculated by RMG for purposes of analyzing the company's 2010 proxy proposals and RMG's 2010 Burn Rate multiplier table).

Additional Plan Limits

Under the provisions of the 2010 Plan, no more than 100,000 shares may be granted to any participant in any fiscal year.

Director and Officer Interest

Our directors and officers may receive future grants under the 2010 Plan in connection with their services to the Company and its subsidiaries and affiliates. At this time, no particular grant amount for any director or officer has been determined.

Expected Tax Consequences

The following is a general summary, as of the date of this proxy statement, of the federal income tax consequences to participants and the Company of grants under the 2010 Plan. This summary is intended for the information of shareholders considering how to vote at the annual meeting and not as tax guidance to participants in the 2010 Plan, as the issuance, receipt, vesting or settlement of equity-based awards under the 2010 Plan may have varying tax consequences to participants. The summary does not address the effects of other federal taxes or taxes imposed under state, local or foreign tax laws. Each participant shall be encouraged to seek the advice of a qualified tax advisor regarding the tax consequences of participation in the 2010 Plan based on his or her individual situation. Neither the Company nor the Compensation Committee makes any guarantees regarding the tax treatment of any awards or payments made under the 2010 Plan, nor does the Company nor the Compensation Committee have any obligation to take any action to prevent the assessment of any tax to any participant with respect to any award.

Incentive Stock Options. With respect to incentive stock options, generally the stock option holder is not taxed, and we are not entitled to a deduction, on either the grant or the exercise of an incentive stock option so long as the requirements of Section 422 of the Code continue to be met. If the stock option holder meets the employment requirements and does not dispose of the shares of our common stock acquired upon exercise of an incentive stock option until at least one year after date of the exercise of the stock option and at least two years after the date the stock option was granted, gain or loss realized on sale of the shares will be treated as long-term capital gain or loss. If the shares of our common stock are disposed of before those periods expire, which is called a disqualifying disposition, the stock option holder will be required to recognize ordinary income in an amount equal to the lesser of (a) the excess, if any, of the fair market value of our common stock on the date of exercise over the exercise price, or (b) if the disposition is a taxable sale or exchange, the amount of gain realized. Upon a disqualifying disposition, we will generally be entitled, in the same tax year, to a deduction equal to the amount of ordinary income recognized by the stock option holder.

Nonqualified Stock Options. The grant of a stock option that does not qualify for treatment as an incentive stock option, or a nonqualified stock option, is generally not a taxable event for the stock option holder. Upon exercise of the stock option, the stock option holder generally will be required to recognize ordinary income in an amount equal

to the excess of the fair market value of our common stock acquired upon exercise (determined as of the date of exercise) over the exercise price of the stock option, and we will be entitled to a deduction in an equal amount in the same tax year. At the time of a subsequent sale or disposition of shares obtained upon exercise of a nonqualified stock option, any gain or loss will be a capital gain or loss, which will be either a long-term or short-term capital gain or loss to the participant, depending on how long the shares have been held.

Table of Contents

Stock Appreciation Rights. The grant of a SAR will not cause the participant to recognize ordinary income or entitle us to a deduction for federal income tax purposes. Upon the exercise of a SAR, the participant will recognize ordinary income in the amount of the cash or value of shares of our common stock payable to the participant (before reduction for any withholding taxes), and we will receive a corresponding deduction in an amount equal to the ordinary income recognized by the participant, assuming that a deduction is allowed under Section 162(m) of the Code.

Stock, Other Stock-Based Awards and Performance Awards. The federal income tax consequences with respect to restricted stock, restricted stock units, performance awards and other stock-based awards depend on the facts and circumstances of each award, including, in particular, the nature of any restrictions imposed with respect to the awards. In general, if the awards that are granted to the participant are subject to a substantial risk of forfeiture (e.g., the awards are conditioned upon the future performance of substantial services by the participant) and are nontransferable, a taxable event occurs when the risk of forfeiture ceases or the awards become transferable, whichever first occurs. At such time, the participant will recognize ordinary income to the extent of the excess of the fair market value of the awards on such date over the participant's cost for such awards (if any), and the same amount is deductible by us, assuming that a deduction is allowed under Section 162(m) of the Code. Under certain circumstances, the participant, by making an election under Section 83(b) of the Code, can accelerate federal income tax recognition with respect to awards that are subject to a substantial risk of forfeiture and transferability restrictions, in which event the ordinary income amount and our deduction will be measured and timed as of the grant date of the awards. If the awards granted to the participant are not subject to a substantial risk of forfeiture or transferability restrictions, the participant will recognize ordinary income with respect to the awards to the extent of the excess of the fair market value of the awards at the time of grant over the participant's cost, if any, and the same amount is deductible by us, assuming that a deduction is allowed under Section 162(m) of the Code. If a stock or stock unit award is granted but no stock is actually issued to the participant at the time the award is granted, the participant will recognize ordinary income at the time the participant receives stock free of any substantial risk of forfeiture and the amount of such income will be equal to the fair market value of the stock at such time over the participant's cost, if any, and the same amount is then deductible by us.

Withholding Obligations. We have the right to require the recipient to pay to us an amount necessary for us to satisfy the recipient's minimum applicable federal, state or local tax withholding obligations with respect to awards granted under the 2010 Plan. As permitted by applicable law, we may withhold from other amounts payable to a recipient an amount necessary to satisfy these obligations, and the Compensation Committee may permit a participant to satisfy our withholding obligation with respect to awards paid in common stock by having shares withheld, at the time the awards become taxable, provided that the number of shares of our common stock withheld does not exceed the individual's minimum applicable withholding tax rate for federal, state and local tax liabilities.

Code Section 409A. The participant may be subject to a 20% penalty tax (plus interest), in addition to ordinary income tax, at the time the grant becomes vested, if a grant constitutes deferred compensation under Section 409A of the Code and the requirements of Section 409A of the Code are not satisfied. We have an obligation to withhold the amount of any such penalty tax and interest.

Code Section 162(m). Pursuant to Section 162(m) of the Code, the annual compensation paid to an individual, who on the last day of the taxable year was the Chief Executive Officer or otherwise covered by this provision because his or her compensation was reported in the Summary Compensation Table, may not be deductible to the extent that it exceeds \$1 million unless the compensation qualifies as performance-based under Section 162(m) of the Code. The 2010 Plan has been designed to permit the committee to grant awards that qualify as performance-based for purposes of satisfying the conditions of Section 162(m) of the Code.

Required Vote to Adopt the Core-Mark Holding Company, Inc. 2010 Plan

Approval to adopt the Core-Mark Holding Company, Inc. 2010 Long-Term Incentive Plan requires the affirmative vote of the holders of a majority of the shares of common stock present or represented by proxy and entitled to vote at a meeting at which a quorum is present.

Table of Contents**Equity Compensation Plan Information*****Background to Current Compensation Plans.***

In connection with the Company's emergence from the bankruptcy proceedings of the Fleming Companies, Inc. in August of 2004, the Company put in place the 2004 Long-Term Incentive Plan, or 2004 LTIP. It was the view of the Board of Directors at the time, that employees who had remained with the Company through the bankruptcy had been under-compensated for their services due to the restrictions of the bankruptcy process. The 2004 LTIP was thus largely considered to be a mechanism to compensate and retain those employees who had remained with and successfully navigated the Company through Fleming's bankruptcy. In 2005 the Board of Directors determined that the compensation for such employees was falling short from that which had been intended under the 2004 LTIP. The Board therefore put in place the 2005 Long-Term Incentive Plan, or 2005 LTIP, to bridge the gap and provide such employees with the compensation previously intended. Both the 2004 LTIP and the 2005 LTIP were effective prior to the Company becoming a public company and thus were not approved by our public shareholders.

We consider our 2007 Long-Term Incentive Plan, or 2007 LTIP, to be our first regular equity incentive plan as a public company. Unlike the 2004 LTIP or 2005 LTIP, the 2007 LTIP was not related to our prior emergence from the Fleming bankruptcy proceedings, but instead was intended to serve solely as a source of incentive compensation and to help align the interests of our employees and our shareholders. The 2007 LTIP was approved by our shareholders in June 2007.

Due to the circumstances surrounding the creation of our 2004 LTIP and 2005 LTIP, we do not believe it is appropriate to count shares or awards issued under such plans in any calculation of the overhang of shares created by equity plans, because many of our long-term employees who were rewarded for their efforts during the bankruptcy have deferred receipt of their shares or have not yet exercised their options. We do believe, on the other hand, that the 2007 LTIP should be included in such calculation due to its status as a traditional equity incentive plan.

For the purposes of this proposal, we have included the 2004 and 2005 LTIP outstanding shares as part of our overhang calculation when arriving at the amount of shares to request. Our shareholders should be aware that by virtue of the 2004 LTIP being a seven-year plan, the majority of options outstanding will likely be exercised prior to August 23, 2011.

2004 Long-Term Incentive Plan. The 2004 LTIP authorizes the issuance of stock options, restricted stock units, restricted stock shares, stock appreciation rights, performance awards or any combination of the foregoing to officers and key employees. Currently only stock options, restricted stock units and restricted stock shares have been issued from the 2004 LTIP. For option grants, the exercise price equals the fair value of the Company's common stock on the date of grant. For restricted stock grants, the exercise price is fixed at \$0.01. In general, options and restricted stock units vest over a three-year period; one-third of the options and restricted stock units cliff vest on the first anniversary of the vesting commencement date and the remaining options and restricted stock units vest in equal monthly and quarterly installments, respectively, over the two-year period following the first anniversary of the vesting commencement date. Stock options expire seven years after the date of grant. Restricted stock units do not have an expiration date. If the 2010 Plan is approved by shareholders, no further grants will be made under the 2004 LTIP.

2005 Long-Term Incentive Plan. The 2005 LTIP authorizes the granting of restricted stock units, restricted stock units, performance awards or any combination of the foregoing to officers and key employees. Currently only restricted stock units have been issued from the 2005 LTIP. The majority of restricted stock units issued under the 2005 LTIP generally vest over three years: one-third of the restricted stock units cliff vest on the first anniversary of the vesting commencement date and the remaining restricted stock units vest in equal quarterly installments over the two-year period following the first anniversary of the vesting commencement date. Restricted stock units do not have an expiration date. If the 2010 Plan is approved by shareholders, no further grants will be made under the 2005 LTIP.

2004 Directors' Equity Incentive Plan. The 2004 Directors' Equity Incentive Plan, or 2004 Directors' Plan, consists of 30,000 non-qualified stock options that have been granted to our non-employee directors. No shares are available for future issuance under this plan.

2005 Directors' Equity Incentive Plan. The 2005 Directors' Equity Incentive Plan, or 2005 Directors' Plan, consists of 15,000 non-qualified stock options that have been granted to our non-employee directors. The terms of the 2005 Directors' Plan are similar to the 2004 Directors' Plan. No shares are available for future issuance under this plan.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee (the Committee) reviews Core-Mark's financial reporting process on behalf of the Board of Directors and reports to the Board of Directors on audit, financial and related matters. Core-Mark's management has the primary responsibility for the financial statements and the reporting process, including the system of internal controls. Deloitte & Touche LLP (the independent registered public accounting firm for year ended December 31, 2009) was responsible for performing an independent audit of the Company's consolidated financial statements and internal control over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (U.S.), and to issue its reports thereon. The Committee oversees these processes.

In this context, the Committee has met and held discussions with Core-Mark's management and the independent auditor. Management has represented to the Committee that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States, and the Committee reviewed and discussed the consolidated financial statements with management and the independent auditor. The Committee also discussed with the independent auditor the matters required to be discussed by Statement on Auditing Standards No. 114, *The Auditor's Communication with Those Charged with Governance*.

In addition, the Committee discussed with the independent auditor such auditor's independence from the Company and its management, and the independent auditor provided to the Committee the written disclosures and communications required by the Public Company Accounting Oversight Board regarding the independent auditor's communications with the Committee concerning independence.

The Committee discussed with the Company's internal audit staff and independent auditor the overall scope and plans for their respective audits. The Committee met with the internal audit staff and the independent auditor, with and without management present, to discuss the results of their examinations, their evaluations of Core-Mark's internal controls, and the overall quality of Core-Mark's financial reporting.

Article 3. Administration

3.1 Authority of the Committee. The Plan shall be administered by the Committee, which shall have full power to interpret and administer the Plan and Award Agreements and full authority to select the Participants to whom Awards will be granted, to determine the type and amount of Awards to be granted to each such Participant and the terms and conditions of Awards and Award Agreements, and to determine the terms and conditions of any, and with the approval of the Company's stockholders, to institute an Exchange Program. Without limiting the generality of the foregoing, the Committee may, in its sole discretion, but subject to the limitations in Article 12 and Sections 6.6 and 10.5 hereof, clarify, construe or resolve any ambiguity or omission in any provision of the Plan or any Award Agreement, extend the term or period of exercisability of any Awards, accelerate the vesting of any Award, or waive any terms or conditions applicable to any Award. Awards may, in the discretion of the Committee, be made under the Plan in assumption of, or in substitution for, outstanding awards previously granted by the Company or any of its Subsidiaries or Affiliates or a company acquired by the Company or with which the Company combines, provided that the Company may not institute an Exchange Program without stockholder approval. The Committee shall have full and exclusive discretionary power to adopt rules, forms, instruments, and guidelines for administering the Plan as the Committee deems necessary or proper. Notwithstanding anything in this Section 3.1 to the contrary, the Board, or any other committee or sub-committee established by the Board, is hereby authorized (in addition to any necessary action by the Committee) to grant or approve Awards as necessary to satisfy the requirements of Section 16 of the Exchange Act and the rules and regulations thereunder and to act in lieu of the Committee with respect to Awards made to Non-Employee Directors under the Plan. All actions taken and all interpretations and determinations made by the Committee or by the Board (or any other committee or sub-committee thereof), as applicable, shall be final and binding upon the Participants, the Company, and all other interested individuals.

3.2 Delegation. The Committee may delegate to one or more of its members, one or more officers of the Company or any of its Subsidiaries or Affiliates, and one or more agents or advisors such administrative duties or powers as it may deem advisable; *provided* that the Committee shall not delegate to officers of the Company or any of its Subsidiaries or Affiliates the power to make grants of Awards to officers of the Company or any of its Subsidiaries or Affiliates; *provided, further*, that no delegation shall be permitted under the Plan that is prohibited by applicable law.

Article 4. Eligibility and Participation

4.1 Eligibility. Participants will consist of such Employees, Directors and other individuals providing services to the Company or any Subsidiary or Affiliate as the Committee in its sole discretion determines and whom the Committee may designate from time to time to receive Awards. Designation of a Participant in any year shall not require the Committee to designate such person to receive an Award in any other year or, once designated, to receive the same type or amount of Award as granted to the Participant in any other year.

4.2 Type of Awards. Awards under the Plan may be granted in any one or a combination of: (a) Options, (b) Stock Appreciation Rights, (c) Restricted Stock, (d) Other Stock-Based Awards, and (e) Performance-Based Compensation Awards. The Plan sets forth the performance goals and procedural requirements to permit the Company to design Awards that qualify as Performance-Based Compensation, as described in Article 10 hereof. Awards granted under the Plan shall be evidenced by Award Agreements (which need not be identical) that provide additional terms and conditions associated with such Awards, as determined by the Committee in its sole discretion; *provided, however*, that in the event of any conflict between the provisions of the Plan and any such Award Agreement, the provisions of the Plan shall prevail.

Shares available for issuance under the Plan may consist, in whole or in part, of authorized and unissued Shares or treasury Shares. Any unvested Shares forfeited by a Participant due to termination of Service, any unearned Performance Shares, or any unexercised Options, shall again be available for Awards; *provided, however*, that such Shares shall continue to be counted as granted for purposes of determining whether an Annual Award Limit has been attained. Upon exercise of a Stock Appreciation Right settled in Shares, the gross number of Shares covered by the portion of the Award so exercised will cease to be available under the Plan.

(b) **Annual Award Limits.** The maximum number of Shares with respect to Awards denominated in Shares that may be granted to any Participant in any Plan Year shall be 100,000 Shares, subject to adjustments made in accordance with Article 13 hereof, subject to adjustments made in accordance with Article 13 hereof (the Annual Award Limit).

(c) **Additional Shares.** In the event that any outstanding Award expires, is forfeited, cancelled or otherwise terminated without the issuance of Shares or is otherwise settled for cash, the Shares subject to such Award, to the extent of any such forfeiture, cancellation, expiration, termination or settlement for cash, shall again be available for Awards. If the Committee authorizes the assumption under this Plan, in connection with any merger, consolidation, acquisition of property or stock, or reorganization, of awards granted under another plan, such assumption shall not (i) reduce the maximum number of Shares available for issuance under this Plan or (ii) be subject to or counted against a Participant's Annual Award Limit. Any Shares subject to stock options or similar awards granted under the Company's 2004 Long-Term Incentive Plan and the 2005 Long-Term Incentive Plan (the Previous Plans) that expire or otherwise terminate without having been exercised in full and Shares issued pursuant to awards granted under the Previous Plans that are forfeited to or repurchased by the Company (up to a maximum of 456,000 Shares), will also become available for grant under the Plan.

Article 6. Stock Options

6.1 Grant of Options. The Committee is hereby authorized to grant Options to Participants. Each Option shall permit a Participant to purchase from the Company a stated number of Shares at an Option Price established by the Committee, subject to the terms and conditions described in this Article 6 and to such additional terms and conditions, as established by the Committee, in its sole discretion, that are consistent with the provisions of the Plan. Options shall be designated as either Incentive Stock Options or Nonqualified Stock Options, provided that Options granted to Directors shall be Nonqualified Stock Options. An Option granted as an Incentive Stock Option shall, to the extent it fails to qualify as an Incentive Stock Option, be treated as a Nonqualified Stock Option. Neither the Committee nor the Company or any of its Subsidiaries or Affiliates shall be liable to any Participant or to any other Person if it is determined that an Option intended to be an Incentive Stock Option does not qualify as an Incentive Stock Option. Options shall be evidenced by Award Agreements which shall state the number of Shares covered by such Option. Such Award Agreements shall conform to the requirements of the Plan, and may contain such other provisions, as the Committee shall deem advisable.

6.2 Terms of Option Grant. The Option Price per Share shall be determined by the Committee at the time of grant, but shall not be less than 100% of the Fair Market Value of a Share on the date of grant. In the case of any Incentive Stock Option the Option Price per Share shall be (a) if granted to a person other than a Ten Percent Shareholder, not less than 100% of the Fair Market Value of a Share on the date of grant or (b) if granted to a Ten Percent Shareholder, not be less than 110% of the Fair Market Value of a Share on the date of grant.

6.3 Option Term. The term of each Option shall be determined by the Committee at the time of grant and shall be stated in the Award Agreement, but in no event shall such term be greater than ten years (or, in the case on an Incentive Stock Option granted to a Ten Percent Shareholder, five years).

6.4 Time of Exercise. Options granted under this Article 6 shall be exercisable at such times and be subject to such restrictions and conditions as the Committee shall in each instance approve, which terms and restrictions need not be the same for each grant or for each Participant.

6.5 Method of Exercise. Except as otherwise provided in the Plan or in an Award Agreement, an Option may be exercised for all, or from time to time any part, of the Shares for which it is then exercisable. For purposes of this Article 6, the exercise date of an Option shall be the later of the date a notice of exercise is received by the

Company and, if applicable, the date payment is received by the Company pursuant to clauses (a), (b), (c), (d), or (e) in the following sentence (including the applicable tax withholding pursuant to Section 15.3 hereof). The aggregate Option Price for the Shares as to which an Option is exercised shall be paid to the Company in full at the time of exercise at the election of the Participant (a) in cash or its equivalent (e.g., by cashier's check), (b) to the extent permitted by the Committee, in Shares (whether or not previously owned by the Participant) having a Fair Market Value equal to the aggregate Option Price for the Shares being purchased and satisfying such other requirements as may be imposed by the Committee, (c) partly in cash and, to the extent permitted by the Committee, partly in such Shares (as described in (b) above), (d) to the extent permitted by the Committee, by reducing the number of Shares otherwise deliverable upon the exercise of the Option by the number of Shares having a Fair Market Value equal to the Option Price, or (e) if there is a public market for the Shares at such time, subject to such requirements as may be imposed by the Committee, through the delivery of irrevocable instructions to a broker to sell Shares obtained upon the exercise of the Option and to deliver promptly to the Company an amount out of the proceeds of such sale equal to the aggregate Option Price for the Shares being purchased. The Committee may prescribe any other method of payment that it determines to be consistent with applicable law and the purpose of the Plan.

6.6 Limitations on Incentive Stock Options. Incentive Stock Options may be granted only to employees of the Company or of a parent corporation or subsidiary corporation (as such terms are defined in Section 424 of the Code) at the date of grant. The aggregate Fair Market Value (generally determined as of the time the Option is granted) of the Shares with respect to which Incentive Stock Options are exercisable for the first time by a Participant during any calendar year under all plans of the Company and of any parent corporation or subsidiary corporation shall not exceed \$100,000, or the Option shall be treated as a Nonqualified Stock Option. For purposes of the preceding sentence, Incentive Stock Options will be taken into account generally in the order in which they are granted. Each provision of the Plan and each Award Agreement relating to an Incentive Stock Option shall be construed so that each Incentive Stock Option shall be an incentive stock option as defined in Section 422 of the Code, and any provisions of the Award Agreement thereof that cannot be so construed shall be disregarded.

Article 7. Stock Appreciation Rights

7.1 Grant of Stock Appreciation Rights. The Committee is hereby authorized to grant Stock Appreciation Rights to Participants. Stock Appreciation Rights shall be evidenced by Award Agreements that shall conform to the requirements of the Plan and may contain such other provisions, as the Committee shall deem advisable. Subject to the terms of the Plan and any applicable Award Agreement, a Stock Appreciation Right granted under the Plan shall confer on the holder thereof a right to receive, upon exercise thereof, the excess of (a) the Fair Market Value of a specified number of Shares on the date of exercise over (b) the grant price of the right as specified by the Committee on the date of the grant. Such payment may be in the form of cash, Shares, other property or any combination thereof, as the Committee shall determine in its sole discretion.

7.2 Terms of Stock Appreciation Right. Subject to the terms of the Plan and any applicable Award Agreement, the grant price (which shall not be less than 100% of the Fair Market Value of a Share on the date of grant), term, methods of exercise, methods of settlement, and any other terms and conditions of any Stock Appreciation Right shall be as determined by the Committee. The Committee may impose such other conditions or restrictions on the exercise of any Stock Appreciation Right as it may deem appropriate. No Stock Appreciation Right shall have a term of more than ten years from the date of grant.

Article 8. Restricted Stock

8.1 Grant of Restricted Stock. The Committee is hereby authorized to grant Restricted Stock to Participants. An Award of Restricted Stock is a grant by the Committee of a specified number of Shares to the Participant, which Shares are subject to forfeiture upon the occurrence of specified events. Participants shall be awarded Restricted Stock

in exchange for consideration not less than the minimum consideration required by applicable law. Restricted Stock shall be evidenced by an Award Agreement, which shall conform to the requirements of the Plan and may contain such other provisions, as the Committee shall deem advisable.

A-6

Table of Contents

8.2 Terms of Restricted Stock Awards. Each Award Agreement evidencing a Restricted Stock grant shall specify the period(s) of restriction, the number of Shares of Restricted Stock subject to the Award, the performance, employment or other conditions (including the termination of a Participant's service whether due to death, disability or other cause) under which the Restricted Stock may be forfeited to the Company and such other provisions as the Committee shall determine. Any Restricted Stock granted under the Plan shall be evidenced in such manner as the Committee may deem appropriate, including book-entry registration or issuance of a stock certificate or certificates (in which case, the certificate(s) representing such Shares shall be legended as to sale, transfer, assignment, pledge or other encumbrances during the Restriction Period and deposited by the Participant, together with a stock power endorsed in blank, with the Company, to be held in escrow during the Restriction Period). At the end of the Restriction Period, the restrictions imposed hereunder and under the Award Agreement shall lapse with respect to the number of Shares of Restricted Stock as determined by the Committee, and the legend shall be removed and such number of Shares delivered to the Participant (or, where appropriate, the Participant's legal representative).

8.3 Voting and Dividend Rights. The Committee shall determine and set forth in a Participant's Award Agreement whether or not a Participant holding Restricted Stock granted hereunder shall have the right to exercise voting rights with respect to the Restricted Stock during the Restriction Period (the Committee may require a Participant to grant an irrevocable proxy and power of substitution) and have the right to receive dividends on the Restricted Stock during the Restriction Period (and, if so, on what terms).

8.4 Performance Goals. The Committee may condition the grant of Restricted Stock or the expiration of the Restriction Period upon the Participant's achievement of one or more performance goal(s) specified in the Award Agreement. If the Participant fails to achieve the specified performance goal(s), the Committee shall not grant the Restricted Stock to such Participant or the Participant shall forfeit the Award of Restricted Stock to the Company, as applicable, unless otherwise provided in the Participant's Award Agreement.

8.5 Section 83(b) Election. If a Participant makes an election pursuant to Section 83(b) of the Code concerning Restricted Stock, the Participant shall be required to file promptly a copy of such election with the Company.

Article 9. Other Stock-Based Awards

The Committee, in its sole discretion, may grant Awards of Shares and Awards that are valued, in whole or in part, by reference to, or are otherwise based on the Fair Market Value of Shares (the Other Stock-Based Awards), including without limitation, restricted stock units and dividend equivalent rights. Such Other Stock-Based Awards shall be in such form, and dependent on such conditions, as the Committee shall determine, including, without limitation, the right to receive one or more Shares (or the equivalent cash value of such Shares) upon the completion of a specified period of service, the occurrence of an event and/or the attainment of performance objectives. Other Stock-Based Awards may be granted alone or in addition to any other Awards granted under the Plan. Subject to the provisions of the Plan, the Committee shall determine to whom and when Other Stock-Based Awards will be made, the number of Shares to be awarded under (or otherwise related to) such Other Stock-Based Awards, whether such Other Stock-Based Awards shall be settled in cash, Shares or a combination of cash and Shares, and all other terms and conditions of such Awards (including, without limitation, the vesting provisions thereof and provisions ensuring that all Shares so awarded and issued shall be fully paid and non-assessable).

Article 10. Performance-Based Compensation

10.1 Grant of Performance-Based Compensation Awards. To the extent permitted by Section 162(m) of the Code, the Committee is authorized to design any Award so that the amounts or Shares payable or distributed pursuant to such Award are treated as qualified performance-based compensation within the meaning of Section 162(m) of the Code and related regulations. The vesting, crediting and/or payment of Performance-Based Compensation may be

based on the achievement of any objective performance goals allowable under Section 162(m) of the Code and related regulations.

Any Performance Measure may be (i) used to measure the performance of the Company and/or any of its Subsidiaries or Affiliates as a whole, any business unit thereof or any combination thereof against any goal including past performance or (ii) compared to the performance of a group of comparable companies, or a published or special index, in each case that the Committee, in its sole discretion, deems appropriate. Subject to Section 162(m) of the Code, the Committee may adjust the performance goals (including to prorate goals and payments for a partial Plan Year) in the event of the following occurrences: (a) non-recurring events, including divestitures, spin-offs, or changes in accounting standards or policies; (b) mergers and acquisitions; and (c) financing transactions, including selling accounts receivable.

10.3 Establishment of Performance Goals for Covered Employees. No later than 90 days after the commencement of a Performance Period (but in no event after 25% of such Performance Period has elapsed), the Committee shall establish in writing: (a) the performance goals applicable to the Performance Period; (b) the targets to be used to measure the performance goals in terms of an objective formula or standard; (c) the formula for computing the amount of compensation payable to the Participant if such performance goals are obtained; and (d) the Participants or class of Participants to which such performance goals apply. The outcome of such performance goals must be substantially uncertain when the Committee establishes the goals.

10.4 Adjustment of Performance-Based Compensation. Awards that are designed to qualify as Performance-Based Compensation may not be adjusted upward. The Committee shall retain the discretion to adjust such Awards downward, either on a formula or discretionary basis or any combination, as the Committee determines.

10.5 Certification of Performance. Except for Awards that pay compensation attributable solely to an increase in the value of Shares, no Award designed to qualify as Performance-Based Compensation shall be vested, credited or paid, as applicable, with respect to any Participant until the Committee certifies in writing that the performance goals and any other material terms applicable to such Performance Period have been satisfied.

10.6 Terms of Performance-Based Compensation Awards. Each provision of the Plan and each Award Agreement relating to Performance-Based Compensation shall be construed so that each such Award shall be qualified performance-based compensation within the meaning of Section 162(m) of the Code and related regulations, and any provisions of the Award Agreement thereof that cannot be so construed shall be disregarded.

Article 11. Termination of Service

11.1 Termination of Service For Cause. Unless the Award Agreement provides otherwise, all of a Participant's Awards (including any exercised Awards for which Shares have not been delivered to the Participant) shall be cancelled and forfeited immediately on the date the Participant's service terminates (in accordance with the definition of separation from service under Section 409A of the Code) if such termination is for Cause or Cause exists on such date and the Company shall return to the Participant the price (if any) paid for such undelivered Shares.

11.2 Termination of Service For Reason Other Than For Cause. If a Participant's service is terminated other than a termination for Cause, then unless the Award Agreement provides otherwise, all unvested Awards will terminate

immediately as of the date the Participant's service terminates and all vested Awards will terminate on the earliest of (a) the expiration of their term and (b) the 90th day following such termination.

Article 12. Compliance with Section 409A of the Code

12.1 General. The Company intends that all Awards be structured in compliance with, or to satisfy an exemption from, Section 409A of the Code and all regulations, guidance, compliance programs and other

interpretative authority thereunder (Section 409A), such that there are no adverse tax consequences, interest, or penalties as a result of the payments. Notwithstanding the Company's intention, in the event any Award is subject to Section 409A, the Committee may, in its sole discretion and without a Participant's prior consent, amend the Plan and/or Awards, adopt policies and procedures, or take any other actions (including amendments, policies, procedures and actions with retroactive effect) as are necessary or appropriate to (a) exempt the Plan and/or any Award from the application of Section 409A, (b) preserve the intended tax treatment of any such Award, or (c) comply with the requirements of Section 409A, including without limitation any such regulations guidance, compliance programs and other interpretative authority that may be issued after the date of the grant.

12.2 Payments to Specified Employees. Notwithstanding any contrary provision in the Plan or Award Agreement, any payment(s) of nonqualified deferred compensation (within the meaning of Section 409A) that are otherwise required to be made under the Plan to a specified employee (as defined under Section 409A) as a result of his or her separation from service (other than a payment that is not subject to Section 409A) shall be delayed for the first six months following such separation from service (or, if earlier, the date of death of the specified employee) and shall instead be paid (in a manner set forth in the Award Agreement) on the payment date that immediately follows the end of such six-month period or as soon as administratively practicable thereafter.

12.3 Separation from Service. A termination of employment shall not be deemed to have occurred for purposes of any provision of the Plan or any Award Agreement providing for the payment of any amounts or benefits that are considered nonqualified deferred compensation under Section 409A upon or following a termination of employment, unless such termination is also a separation from service within the meaning of Section 409A and the payment thereof prior to a separation from service would violate Section 409A. For purposes of any such provision of the Plan or any Award Agreement relating to any such payments or benefits, references to a termination, termination of employment or like terms shall mean separation from service.

Article 13. Adjustments

13.1 Adjustments in Authorized Shares. In the event of any corporate event or transaction involving the Company, a Subsidiary and/or an Affiliate (including, but not limited to, a change in the Shares of the Company or the capitalization of the Company) such as a merger, consolidation, reorganization, recapitalization, separation, stock dividend, stock split, reverse stock split, split up, spin-off, combination of Shares, exchange of Shares, dividend in kind, amalgamation, or other like change in capital structure (other than normal cash dividends to stockholders of the Company), or any similar corporate event or transaction, the Committee, to prevent dilution or enlargement of Participants' rights under the Plan, shall substitute or adjust, in its sole discretion, the number and kind of Shares or other property that may be issued under the Plan or under particular forms of Awards, the number and kind of Shares or other property subject to outstanding Awards, the Option Price, grant price or purchase price applicable to outstanding Awards, the Annual Award Limits, and/or other value determinations applicable to the Plan or outstanding Awards.

13.2 Change in Control. Upon the occurrence of a Change in Control after the Effective Date, unless otherwise specifically prohibited under applicable laws or by the rules and regulations of any governing governmental agencies or national securities exchanges, or unless the Committee shall determine otherwise in the Award Agreement, the Committee is authorized (but not obligated) to make adjustments in the terms and conditions of outstanding Awards, including without limitation the following (or any combination thereof): (a) continuation or assumption of such outstanding Awards under the Plan by the Company (if it is the surviving company or corporation) or by the surviving company or corporation or its parent; (b) substitution by the surviving company or corporation or its parent of awards with substantially the same terms for such outstanding Awards; (c) accelerated exercisability, vesting and/or lapse of restrictions under outstanding Awards immediately prior to the occurrence of such event; (d) upon written notice, provide that any outstanding Awards must be exercised, to the extent then exercisable, during a reasonable period of

time immediately prior to the scheduled consummation of the event, or such other period as determined by the Committee (contingent upon the consummation of the event), and at the end of such period, such Awards shall terminate to the extent not so exercised within the relevant period; and (e) cancellation of all or any portion of outstanding Awards for fair value (as determined in the sole discretion of the Committee and which may be zero) which, in the case of Options and Stock Appreciation Rights or similar Awards, may equal the excess, if any, of the value of the consideration to be paid in the Change in Control transaction to holders of the same number of Shares subject to such Awards (or, if no such consideration is paid, Fair Market Value

of the Shares subject to such outstanding Awards or portion thereof being cancelled) over the aggregate Option Price or grant price, as applicable, with respect to such Awards or portion thereof being cancelled.

Article 14. Duration, Amendment, Modification, Suspension, and Termination

14.1 Duration of the Plan. Unless sooner terminated as provided in Section 14.2 hereof, the Plan shall terminate on the tenth anniversary of the Effective Date.

14.2 Amendment, Modification, Suspension, and Termination of Plan. The Committee may amend, alter, suspend, discontinue or terminate this Plan or any portion thereof or any Award (or Award Agreement) hereunder at any time, in its sole discretion.

Article 15. General Provisions

15.1 No Right to Service. The granting of an Award under the Plan shall impose no obligation on the Company, any Subsidiary or any Affiliate to continue the service of a Participant and shall not lessen or affect any right that the Company, any Subsidiary or any Affiliate may have to terminate the service of such Participant. No Participant or other Person shall have any claim to be granted any Award, and there is no obligation for uniformity of treatment of Participants, or holders or beneficiaries of Awards. The terms and conditions of Awards and the Committee's determinations and interpretations with respect thereto need not be the same with respect to each Participant (whether or not such Participants are similarly situated).

15.2 Settlement of Awards; Fractional Shares. Each Award Agreement shall establish the form in which the Award shall be settled. The Committee shall determine whether cash, Awards, other securities or other property shall be issued or paid in lieu of fractional Shares or whether such fractional Shares or any rights thereto shall be rounded, forfeited or otherwise eliminated.

15.3 Tax Withholding. The Company shall have the power and the right to deduct or withhold automatically from any amount deliverable under the Award or otherwise, or require a Participant to remit to the Company, the minimum statutory amount to satisfy federal, state, and local taxes, domestic or foreign, required by law or regulation to be withheld with respect to any taxable event arising as a result of the Plan. With respect to required withholding, Participants may elect (subject to the Company's automatic withholding right set out above), subject to the approval of the Committee, to satisfy the withholding requirement, in whole or in part, by having the Company withhold Shares having a Fair Market Value on the date the tax is to be determined equal to the minimum statutory total tax that could be imposed on the transaction.

15.4 No Guarantees Regarding Tax Treatment. Participants (or their beneficiaries) shall be responsible for all taxes with respect to any Awards under the Plan. The Committee and the Company make no guarantees to any Person regarding the tax treatment of Awards or payments made under the Plan. Neither the Committee nor the Company has any obligation to take any action to prevent the assessment of any tax on any Person with respect to any Award under Section 409A of the Code or Section 457A of the Code or otherwise and none of the Company, any of its Subsidiaries or Affiliates, or any of their employees or representatives shall have any liability to a Participant with respect thereto.

15.5 Section 16 Participants. With respect to Participants subject to Section 16 of the Exchange Act, transactions under the Plan are intended to comply with all applicable conditions of Rule 16b-3 or its successors under the Exchange Act. To the extent any provision of the Plan or action by the Committee fails to so comply, it shall be deemed null and void, to the extent permitted by law and deemed advisable by the Committee.

15.6 Non-Transferability of Awards. Unless otherwise determined by the Committee, an Award shall not be transferable or assignable by the Participant except in the event of his or her death (subject to the applicable laws of descent and distribution) and any such purported assignment, alienation, pledge, attachment, sale, transfer or encumbrance shall be void and unenforceable against the Company or any Affiliate. No transfer shall be permitted for value or consideration. An award exercisable after the death of a Participant may be exercised by the legatees, personal representatives or distributees of the Participant. Any permitted transfer of the Awards to heirs or legatees of the Participant shall not be effective to bind the Company unless the Committee shall have been furnished with written notice thereof and a copy of such evidence as the Committee may deem necessary to establish the validity of the transfer and the acceptance by the transferee or transferees of the terms and conditions hereof.

15.7 Conditions and Restrictions on Shares. The Committee may impose such other conditions or restrictions on any Shares received in connection with an Award as it may deem advisable or desirable. These restrictions may include, but shall not be limited to, a requirement that the Participant hold the Shares received for a specified period of time or a requirement that a Participant represent and warrant in writing that the Participant is acquiring the Shares for investment and without any present intention to sell or distribute such Shares. The certificates for Shares may include any legend which the Committee deems appropriate to reflect any conditions and restrictions applicable to such Shares.

15.8 Rights as a Stockholder. Except as otherwise provided herein or in the applicable Award Agreement, a Participant shall have none of the rights of a stockholder with respect to Shares covered by any Award until the Participant becomes the record holder of such Shares.

15.9 Severability. If any provision of the Plan or any Award is or becomes or is deemed to be invalid, illegal, or unenforceable in any jurisdiction, or as to any Person or Award, or would disqualify the Plan or any Award under any law deemed applicable by the Committee, such provision shall be construed or deemed amended to conform to applicable laws, or if it cannot be so construed or deemed amended without, in the determination of the Committee, materially altering the intent of the Plan or the Award, such provision shall be stricken as to such jurisdiction, Person, or Award, and the remainder of the Plan and any such Award shall remain in full force and effect.

15.10 Unfunded Plan. Participants shall have no right, title, or interest whatsoever in or to any investments that the Company or any of its Subsidiaries or Affiliates may make to aid it in meeting its obligations under the Plan. Nothing contained in the Plan, and no action taken pursuant to its provisions, shall create or be construed to create a trust of any kind, or a fiduciary relationship between the Company and any Participant, beneficiary, legal representative, or any other Person. To the extent that any Person acquires a right to receive payments from the Company under the Plan, such right shall be no greater than the right of an unsecured general creditor of the Company. All payments to be made hereunder shall be paid from the general funds of the Company and no special or separate fund shall be established and no segregation of assets shall be made to assure payment of such amounts. The Plan is not subject to the U.S. Employee Retirement Income Security Act of 1974, as amended from time to time.

15.11 No Constraint on Corporate Action. Nothing in the Plan shall be construed to (a) limit, impair, or otherwise affect the Company's right or power to make adjustments, reclassifications, reorganizations, or changes of its capital or business structure, or to merge or consolidate, or dissolve, liquidate, sell, or transfer all or any part of its business or assets, or (b) limit the right or power of the Company to take any action which such entity deems to be necessary or appropriate.

15.12 Successors. All obligations of the Company under the Plan with respect to Awards granted hereunder shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise, of all or substantially all of the business or assets of the Company.

15.13 Governing Law. The Plan and each Award Agreement shall be governed by the laws of the State of Delaware, excluding any conflicts or choice of law rule or principle that might otherwise refer construction or interpretation of the Plan to the substantive law of another jurisdiction.

15.14 Effective Date. The Plan shall be effective as of the date of adoption by the Board, which date is set forth below (the *Effective Date*).

15.15 Stockholder Approval. The Plan will be submitted for approval by the stockholders of the Company at an annual meeting or any special meeting of stockholders of the Company within 12 months of the Effective Date. Any Awards granted under the Plan prior to such approval of stockholders shall be effective as of the date of grant, but no

such Award may be exercised or settled and no restrictions relating to any Award may lapse prior to such stockholder approval, and if stockholders fail to approve the Plan as specified hereunder, the Plan and any Award shall be terminated and cancelled without consideration.
