-

**Item 8.01 Other Events.**

The United States District Court for the Southern District of California (the Court ) has preliminarily approved the proposed settlement of a shareholder derivative suit pending on behalf of Leap Wireless International, Inc. (the

Company ). The proposed settlement will also resolve a similar shareholder derivative suit pending in the California Superior Court for the County of San Diego. The derivative suits assert claims on behalf of the Company against certain of its current and former directors and officers and relate primarily to the Company s 2007 restatement of certain financial statements to correct for errors in previously reported service revenues, equipment revenues, and operating expenses.

The individual defendants have denied liability and wrongdoing of any kind with respect to the claims made in the derivative suits and make no admission of any wrongdoing in connection with the proposed settlement. The settlement is a non-monetary settlement based upon the Company s agreement to make various corporate and operational changes, and to fund, through its insurance carriers, an award of attorneys fees to plaintiffs counsel.

The Court has set a settlement hearing date of August 9, 2010 as described in the Notice of Settlement of Derivative Litigation (the Notice ), which is attached hereto as Exhibit 99.1. In order to provide notice of the settlement hearing date to stockholders, the Company is required to file this current report and the attached Notice pursuant to the terms of the proposed settlement.
