Item 2.02. Results of Operations and Financial Condition.

CorVel Corporation will record a \$9 million pre-tax charge to earnings during the March 2011 quarter if the events described below in Item 7.01 of this Current Report occur.

The information contained under Item 2.02 in this report is being furnished to the Securities and Exchange Commission and shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act), or otherwise subject to the liability of that Section, or incorporated by reference in any filing under the Exchange Act or the Securities Act of 1933, as amended, except as shall be expressly set forth by specific reference in such a filing.

Item 7.01 Regulation FD Disclosure.

On March 25, 2011, George Raymond Williams, MD. (Williams), as plaintiff, individually and on behalf of those similarly situated, filed a First Amended and Restated Petition for Damages and Class Certification in the 27th Judicial District Court, Parish of St. Landry, Louisiana, against CorVel Corporation (CorVel) and its insurance carriers, Homeland Insurance Company of New York and Executive Risk Specialty Insurance Company and several other unrelated parties. Williams alleges that CorVel violated Louisiana's Any Willing Provider Act (the AWP), which requires a payor accessing a preferred provider contract to give 30 days advance written notice or point of service notice in the form of a benefit card before the payor accesses the discounted rates in the contract to pay the provider for services rendered to an insured under that payor's health benefit plan.

On March 31, 2011, CorVel entered into a Memorandum of Understanding with attorneys representing the plaintiffs and the class setting forth the terms of settlement of the class action lawsuit filed in Louisiana state court against CorVel and its insurance carriers. The Memorandum of Understanding provides that subject to the execution of a mutually acceptable settlement agreement and final non-appealable approval of such settlement by the Louisiana state court, CorVel will pay \$9 million to resolve claims for which CorVel will record a \$9 million pre-tax charge to earnings during the March 2011 quarter. In addition, CorVel will assign to the class certain rights it has to the proceeds of CorVel's insurance policies relating to the claims asserted by the class. The class action arbitration filed with the American Arbitration Association against CorVel by Southwest Louisiana Hospital Association dba Lake Charles Memorial Hospital as previously disclosed by CorVel is encompassed within the settlement terms of the Memorandum of Understanding. Pursuant to the Memorandum of Understanding, the parties have also agreed to request that the appropriate courts stay all related proceedings in State and Federal Court, as well as the Louisiana Office of Workers Compensation and the arbitration proceeding before the American Arbitration Association in which the parties are named, until the settlement agreement is prepared, executed and receives final court approval. The settlement does not constitute an admission of liability.

In exchange for the settlement payment by CorVel, class members will release CorVel and all of its affiliates and clients for any claims relating in any way to re-pricing, payment for, or reimbursement of a workers' compensation bill, including but not limited to claims under the AWP. Plaintiffs have also agreed to a notice procedure that CorVel may follow in the future to comply with the AWP. As noted, the Memorandum of Understanding is contingent upon the execution of a mutually acceptable definitive settlement agreement. Under Louisiana law, once the parties have executed such a settlement agreement, they must apply to the court for approval of the settlement following a court-supervised process of notice to the class and an opportunity for the class to be heard about the fairness of the settlement or to be excluded from the settlement. CorVel expects to be able to arrive at such a definitive settlement agreement in the next 30 days, but there can be no assurance that the parties will be able to reach a definitive settlement agreement within that timeframe or at all, that the court will approve the settlement or that a large number of class members will not opt out of the settlement.

The information contained under Item 7.01 of this report is being furnished to the Securities and Exchange Commission and shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act), or otherwise subject to the liability of that Section, or incorporated by reference in any filing under the Exchange Act or the Securities Act of 1933, as amended, except as shall be expressly set forth by specific reference in such a filing.
