Our Company

We are the largest non-governmental hospital operator in the U.S. and a leading comprehensive, integrated provider of health care and related services. We provide these services through a network of acute care hospitals, outpatient facilities, clinics and other patient care delivery settings. As of June 30, 2011, we operated a diversified portfolio of 164 hospitals (with approximately 42,000 beds) and 111 freestanding surgery centers across 20 states throughout the U.S. and in England. As a result of our efforts to establish significant market share in large and growing urban markets with attractive demographic and economic profiles, we currently have a substantial market presence in 14 of the top 25 fastest growing markets with populations greater than 500,000 in the U.S. and currently maintain the first or second position, based on inpatient admissions, in many of our key markets. We believe our ability to successfully position and grow our assets in attractive markets and execute our operating plan has contributed to the strength of our financial performance over the last several years. For the six months ended June 30, 2011, we generated revenues of \$16.118 billion, net income attributable to HCA Holdings, Inc. of \$469 million and Adjusted EBITDA of \$3.010 billion.

Our patient-first strategy is to provide high quality health care services in a cost-efficient manner. We intend to build upon our history of profitable growth by maintaining our dedication to quality care, increasing our presence in key markets through organic expansion and strategic acquisitions and joint ventures, leveraging our scale and infrastructure, and further developing our physician and employee relationships. We believe pursuing these core elements of our strategy helps us develop a faster-growing, more stable and more profitable business and increases our relevance to patients, physicians, payers and employers.

Using our scale, significant resources and over 40 years of operating experience, we have developed a significant management and support infrastructure. Some of the key components of our support infrastructure include a revenue cycle management organization, a health care group purchasing organization (GPO), an information technology and services provider, a nurse staffing agency and a medical malpractice insurance underwriter. These shared services have helped us to maximize our cash collection efficiency, achieve savings in purchasing through our scale, more rapidly deploy information technology upgrades, more effectively manage our labor pool and achieve greater stability in malpractice insurance premiums. Collectively, these components have helped us to further enhance our operating effectiveness, cost efficiency and overall financial results. We have also created a subsidiary, Parallon Business Solutions, that offers certain of these component services to other health care companies.

Since the founding of our business in 1968 as a single-facility hospital company, we have demonstrated an ability to consistently innovate and sustain growth during varying economic and regulatory climates. Under the leadership of an experienced senior management team, whose tenure at HCA averages over 20 years, we have established an extensive record of providing high quality care, profitably growing our business, making and integrating strategic acquisitions and efficiently and strategically allocating capital spending.

On November 17, 2006, HCA Inc. was acquired by a private investor group comprised of affiliates of or funds sponsored by Bain Capital Partners, LLC (Bain Capital), Kohlberg Kravis Roberts & Co. (KKR), Merrill Lynch

Table of Contents

Global Private Equity (MLGPE), now BAML Capital Partners (each a Sponsor), Citigroup Inc., Bank of America Corporation (the Sponsor Assignees) and HCA founder Dr. Thomas F. Frist, Jr. (the Frist Entities), a group we collectively refer to as the Investors, and by members of management and certain other investors. We refer to the merger, the financing transactions related to the merger and other related transactions collectively as the Recapitalization.

Since the Recapitalization, we have achieved substantial operational and financial progress. During this time, we have made significant investments in expanding our service lines and expanding our alignment with highly specialized and primary care physicians. In addition, we have enhanced our operating efficiencies through a number of corporate cost-saving initiatives and an expansion of our support infrastructure. We have made investments in information technology to optimize our facilities and systems. We have also undertaken a number of initiatives to improve clinical quality and patient satisfaction. As a result of these initiatives, our financial performance has improved significantly from the year ended December 31, 2007, the first full year following the Recapitalization, to the year ended December 31, 2010, with revenues growing by \$3.825 billion, net income attributable to HCA Holdings, Inc. increasing by \$333 million and Adjusted EBITDA increasing by \$1.276 billion. This represents compounded annual growth rates on these key metrics of 4.5%, 11.4% and 8.5%, respectively.

Our Industry

We believe well-capitalized, comprehensive and integrated health care delivery providers are well-positioned to benefit from the current industry trends, some of which include:

Aging Population and Continued Growth in the Need for Health Care Services. According to the U.S. Census Bureau, the demographic age group of persons aged 65 and over is expected to experience compounded annual growth of 3.0% over the next 20 years, and constitute 19.3% of the total U.S. population by 2030. The Centers for Medicare & Medicaid Services (CMS) projects continued increases in hospital services based on the aging of the U.S. population, advances in medical procedures, expansion of health coverage, increasing consumer demand for expanded medical services and increased prevalence of chronic conditions such as diabetes, heart disease and obesity. We believe these factors will continue to drive increased utilization of health care services and the need for comprehensive integrated hospital networks that can provide a wide array of essential and sophisticated health care.

Continued Evolution of Quality-Based Reimbursement Favors Large-Scale, Comprehensive and Integrated Providers. We believe the U.S. health care system is continuing to evolve in ways that favor large-scale, comprehensive and integrated providers that provide high levels of quality care. Specifically, we believe there are a number of initiatives that will continue to gain importance in the foreseeable future, including introduction of value-based payment methodologies tied to performance, quality and coordination of care, implementation of integrated electronic health records and information, and an increasing ability for patients and consumers to make choices about all aspects of health care. We believe our company is well positioned to respond to these emerging trends and has the resources, expertise and flexibility necessary to adapt in a timely manner to the changing health care regulatory and reimbursement environment.

Impact of Health Reform Law. The Patient Protection and Affordable Care Act, as amended by the Health Care and Education Reconciliation Act of 2010 (collectively, the Health Reform Law), will change how health care services are covered, delivered and reimbursed. It will do so through expanded coverage of uninsured individuals, significant reductions in the growth of Medicare program payments, material decreases in Medicare and Medicaid disproportionate share hospital (DSH) payments, and the establishment of programs where reimbursement is tied in part to quality and integration. The Health Reform Law, as enacted, is expected to expand health insurance coverage to approximately 32 to 34 million additional individuals through a combination of public program expansion and private sector health insurance reforms. We believe the expansion of private sector and Medicaid coverage will, over

time, increase our reimbursement related to providing services to individuals who were previously uninsured. On the other hand, the reductions in the growth in Medicare payments and the decreases in DSH payments will adversely affect our government reimbursement. Because of the many variables involved, including pending court challenges, the potential for changes to the law as a result and efforts to amend or repeal the law, we are unable to predict the net impact of the Health Reform Law on us; however, we believe our experienced management team, emphasis on quality

Table of Contents

care and diverse service offerings will enable us to capitalize on the opportunities presented by the Health Reform Law, as well as adapt in a timely manner to its challenges.

Our Competitive Strengths

We believe our key competitive strengths include:

Largest Comprehensive, Integrated Health Care Delivery System. We are the largest non-governmental hospital operator in the U.S., providing approximately 4% to 5% of all U.S. hospital services through our national footprint. The scope and scale of our operations, evidenced by the types of facilities we operate, the diverse medical specialties we offer and the numerous patient care access points we provide enable us to provide a comprehensive range of health care services in a cost-effective manner. As a result, we believe the breadth of our platform is a competitive advantage in the marketplace enabling us to attract patients, physicians and clinical staff while also providing significant economies of scale and increasing our relevance with commercial payers.

Reputation for High Quality Patient-Centered Care. Since our founding, we have maintained an unwavering focus on patients and clinical outcomes. We believe clinical quality influences physician and patient choices about health care delivery. We align our quality initiatives throughout the organization by engaging corporate, local, physician and nurse leaders to share best practices and develop standards for delivering high quality care. We have invested extensively in quality of care initiatives, with an emphasis on implementing information technology and adopting industry-wide best practices and clinical protocols. As a result of these efforts, we have achieved significant progress in clinical quality. As measured by the CMS clinical core measures reported on the CMS Hospital Compare website and based on publicly available data for the twelve months ended September 30, 2010, our hospitals achieved a composite score of 98.6% of the CMS core measures versus the national average of 95.7%, making us among the top performing major health systems in the U.S. In addition, as required by the Health Reform Law, CMS will establish a value-based purchasing system and will adjust hospital payment rates based on hospital-acquired conditions and hospital readmissions. We also believe our quality initiatives favorably position us in a payment environment that is increasingly performance-based.

Leading Local Market Positions in Large, Growing, Urban Markets. Over our history, we have sought to selectively expand and upgrade our asset base to create a premium portfolio of assets in attractive growing markets. As a result, we have a strong market presence in 14 of the top 25 fastest growing markets with populations greater than 500,000 in the U.S. We currently operate in 29 markets, 19 of which have populations of one million or more, with all but two of these markets projecting growth above the national average from 2011 to 2016. Our inpatient market share places us first or second in many of our key markets. We believe the strength and stability of these market positions will create organic growth opportunities and allow us to develop long-term relationships with patients, physicians, large employers and third-party payers.

Diversified Revenue Base and Payer Mix. We believe our broad geographic footprint, varied service lines and diverse revenue base mitigate our risks in numerous ways. Our diversification limits our exposure to competitive dynamics and economic conditions in any single local market, reimbursement changes in specific service lines and disruptions with respect to payers such as state Medicaid programs or large commercial insurers. We have a diverse portfolio of assets with no single facility contributing more than 2.3% of our revenues and no single metropolitan statistical area contributing more than 8.0% of revenues for the year ended December 31, 2010. We have also developed a highly diversified payer base, including approximately 3,000 managed care contracts, with no single commercial payer representing more than 8% of revenues for the year ended December 31, 2010. In addition, we are one of the country's largest providers of outpatient services, which accounted for approximately 38% of our revenues for the year ended December 31, 2010. We believe the geographic diversity of our markets and the scope of our inpatient and outpatient operations help reduce volatility in our operating results.

Scale and Infrastructure Drive Cost Savings and Efficiencies. Our scale allows us to leverage our support infrastructure to achieve significant cost savings and operating efficiencies, thereby driving margin expansion. We strategically manage our supply chain through centralized purchasing and supply warehouses, as well as our revenue cycle through centralized billing, collections and health information management functions. We also manage the provision of information technology through a combination of centralized systems with regional

Table of Contents

service support as well as centralize many other clinical and corporate functions, creating economies of scale in managing expenses and business processes. In addition to the cost savings and operating efficiencies, this support infrastructure simultaneously generates revenue from third parties that utilize our services.

Well-Capitalized Portfolio of High Quality Assets. In order to expand the range and improve the quality of services provided at our facilities, we invested over \$7.5 billion in our facilities and information technology systems over the five-year period ended June 30, 2011. We believe our significant capital investments in these areas will continue to attract new and returning patients, attract and retain high-quality physicians, maximize cost efficiencies and address the health care needs of our local communities. Furthermore, we believe our platform, as well as electronic health record infrastructure, national research and physician management capabilities, provide a strategic advantage by enhancing our ability to capitalize on anticipated incentives through the Health Information Technology for Economic and Clinical Health Act (HITECH) provisions of the American Recovery and Reinvestment Act of 2009 (ARRA) and position us well in an environment that increasingly emphasizes quality, transparency and coordination of care.

Strong Operating Results and Cash Flows. Our leading scale, diversification, favorable market positions, dedication to clinical quality and focus on operational efficiency have enabled us to achieve attractive historical financial performance even during the most recent economic period. In the six months ended June 30, 2011, we generated net income attributable to HCA Holdings, Inc. of \$469 million, Adjusted EBITDA of \$3.010 billion and cash flows from operating activities of \$1.666 billion. Our ability to generate strong and consistent cash flow from operations has enabled us to invest in our operations, reduce our debt, enhance earnings per share and continue to pursue attractive growth opportunities.

Proven and Experienced Management Team. We believe the extensive experience and depth of our management team are a distinct competitive advantage in the complicated and evolving industry in which we compete. Our CEO and Chairman of the Board of Directors, Richard M. Bracken, began his career with our company over 29 years ago and has held various executive positions with us over that period, including, most recently, as our President and Chief Operating Officer. Our President, Chief Financial Officer and Director, R. Milton Johnson, joined our company over 28 years ago and has held various positions in our financial operations since that time. Our Group Presidents average approximately 20 years of experience with our company. Members of our senior management hold significant equity interests in our company, further aligning their long-term interests with those of our stockholders.

Our Growth Strategy

We are committed to providing the communities we serve with high quality, cost-effective health care while growing our business, increasing our profitability and creating long-term value for our stockholders. To achieve these objectives, we align our efforts around the following growth agenda:

Grow Our Presence in Existing Markets. We believe we are well positioned in a number of large and growing markets that will allow us the opportunity to generate long-term, attractive growth through the expansion of our presence in these markets. We plan to continue recruiting and strategically collaborating with the physician community and adding attractive service lines such as cardiology, emergency services, oncology and women's services. Additional components of our growth strategy include expanding our footprint through developing various outpatient access points, including surgery centers, rural outreach, freestanding emergency departments and walk-in clinics. Since our Recapitalization, we have invested significant capital into these markets and expect to continue to see the benefit of this investment.

Achieve Industry-Leading Performance in Clinical and Satisfaction Measures. Achieving high levels of patient safety, patient satisfaction and clinical quality are central goals of our business model. To achieve these goals, we have implemented a number of initiatives including infection reduction initiatives, hospitalist programs, advanced

health information technology and evidence-based medicine programs. We routinely analyze operational practices from our best-performing hospitals to identify ways to implement organization-wide performance improvements and reduce clinical variation. We believe these initiatives will continue to improve patient care, help us achieve cost efficiencies, grow our revenues and favorably position us in an environment where our constituents are increasingly focused on quality, efficacy and efficiency.

Table of Contents

Recruit and Employ Physicians to Meet Need for High Quality Health Services. We depend on the quality and dedication of the health care providers and other team members who serve at our facilities. We believe a critical component of our growth strategy is our ability to successfully recruit and strategically collaborate with physicians and other professionals to provide high quality care. We attract and retain physicians by providing high quality, convenient facilities with advanced technology, by expanding our specialty services and by building our outpatient operations. We believe our continued investment in the employment, recruitment and retention of physicians will improve the quality of care at our facilities.

Continue to Leverage Our Scale and Market Positions to Enhance Profitability. We believe there is significant opportunity to continue to grow the profitability of our company by fully leveraging the scale and scope of our franchise. We are currently pursuing next generation performance improvement initiatives such as contracting for services on a multistate basis and expanding our support infrastructure for additional clinical and support functions, such as physician credentialing, medical transcription and electronic medical recordkeeping. We believe our centrally managed business processes and ability to leverage cost-saving practices across our extensive network will enable us to continue to manage costs effectively. We have created a subsidiary, Parallon Business Solutions, to leverage key components of our support infrastructure, including revenue cycle management, health care group purchasing, supply chain management and staffing functions, by offering these services to other hospital companies.

Selectively Pursue a Disciplined Development Strategy. We continue to believe there are significant growth opportunities in our markets. We will continue to provide financial and operational resources to successfully execute on our in-market opportunities. To complement our in-market growth agenda, we intend to focus on selectively developing and acquiring new hospitals, outpatient facilities and other health care service providers. We believe the challenges faced by the hospital industry may spur consolidation and we believe our size, scale, national presence and access to capital will position us well to participate in any such consolidation. We have a strong record of successfully acquiring and integrating hospitals and entering into joint ventures and intend to continue leveraging this experience.

Recent Developments

On August 1, 2011, we issued \$5.000 billion aggregate principal amount of notes, comprised of \$3.000 billion of 6.50% senior secured first lien notes due 2020 (the August 2011 first lien notes) and \$2.000 billion of 7.50% senior unsecured notes due 2022 (the August 2011 unsecured notes) (collectively, the August notes offering). On August 2, 2011, we entered into a definitive Membership Interest Purchase Agreement with The Colorado Health Foundation for the purchase (or redemption) of the Foundation's remaining ownership interest in HCA-HealthONE LLC for \$1.450 billion. The Exchange Offer

In connection with the issuance of the outstanding notes, we entered into a registration rights agreement (as more fully described below) with the initial purchasers of the outstanding notes. Under this agreement, we agreed to deliver to you this prospectus and to consummate the exchange offer for the outstanding notes by November 18, 2011. If we do not consummate the exchange offer for the outstanding notes by November 18, 2011, we will incur additional interest expense pursuant to the registration rights agreement. You are entitled to exchange in the exchange offer your outstanding notes for exchange notes which are identical in all material respects to the outstanding notes except that:

the exchange notes have been registered under the Securities Act;

the exchange notes are not entitled to any registration rights which are applicable to the outstanding notes under the registration rights agreement; and

our obligation to pay additional interest on the outstanding notes due to the failure to consummate the exchange offer by a certain date does not apply to the exchange notes.

The Exchange Offer

We are offering to exchange \$1,525,000,000 aggregate principal amount of 73/4% Senior Notes due 2021 which have been registered under the Securities Act for any and all of our existing 73/4% Senior Notes due 2021.

Resale

Based on an interpretation by the staff of the Securities and Exchange Commission (the SEC) set forth in no-action letters issued to third parties, we believe that the exchange notes issued pursuant to the exchange offer in exchange for the outstanding notes may be offered for resale, resold and otherwise transferred by you (unless you are our affiliate within the meaning of Rule 405 under the Securities Act) without compliance with the registration and prospectus delivery provisions of the Securities Act, provided that:

you are acquiring the exchange notes in the ordinary course of your business; and

you have not engaged in, do not intend to engage in, and have no arrangement or understanding with any person to participate in, a distribution of the exchange notes.

If you are a broker-dealer and receive exchange notes for your own account in exchange for outstanding notes that you acquired as a result of market-making activities or other trading activities, you must acknowledge that you will deliver this prospectus in connection with any resale of the exchange notes. See Plan of Distribution.

Any holder of outstanding notes who:

is our affiliate;

does not acquire exchange notes in the ordinary course of its business; or

tenders its outstanding notes in the exchange offer with the intention to participate, or for the purpose of participating, in a distribution of exchange notes

cannot rely on the position of the staff of the SEC enunciated in *Morgan Stanley & Co. Incorporated* (available June 5, 1991) and *Exxon Capital Holdings Corporation* (available May 13, 1988), as interpreted in *Shearman & Sterling* (available July 2, 1993), or similar

no-action letters and, in the absence of an exemption therefrom, must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale of the exchange notes.

Expiration Date

The exchange offer will expire at 5:00 p.m., New York City time, on November 3, 2011, unless extended by us. We currently do not intend to extend the expiration date.

Withdrawal

You may withdraw the tender of your outstanding notes at any time prior to the expiration of the exchange offer. We will return to you any of your outstanding notes that are not accepted for any reason for exchange, without expense to you, promptly after the expiration or termination of the exchange offer.

Conditions to the Exchange Offer

Each exchange offer is subject to customary conditions, which we may waive. See [The Exchange Offer](#) [Conditions to the Exchange Offer](#).

Procedures for Tendering Outstanding Notes

If you wish to participate in the exchange offer, you must complete, sign and date the applicable accompanying letter of transmittal, or a facsimile of such letter of transmittal, according to the instructions contained in this prospectus and the letter of transmittal. You must then mail or otherwise deliver the letter of transmittal, or a facsimile of such letter of transmittal, together with your outstanding notes and any other required documents, to the exchange agent at the address set forth on the cover page of the letter of transmittal.

If you hold outstanding notes through The Depository Trust Company (DTC) and wish to participate in the exchange offer, you must comply with the Automated Tender Offer Program procedures of DTC by which you will agree to be bound by the letter of transmittal. By signing, or agreeing to be bound by, the letter of transmittal, you will represent to us that, among other things:

you are not our affiliate within the meaning of Rule 405 under the Securities Act;

you do not have an arrangement or understanding with any person or entity to participate in the distribution of the exchange notes;

you are acquiring the exchange notes in the ordinary course of your business; and

if you are a broker-dealer that will receive exchange notes for your own account in exchange for outstanding notes that were acquired as a result of market-making activities, you will deliver a prospectus, as required by law, in connection with any resale of such exchange notes.

Special Procedures for Beneficial Owners

If you are a beneficial owner of outstanding notes that are registered in the name of a broker, dealer, commercial bank, trust company or other

nominee, and you wish to tender those outstanding notes in the exchange offer, you should contact the registered holder promptly and instruct the registered holder to tender those outstanding notes on your behalf. If you wish to tender on your own behalf, you must, prior to completing and executing the letter of transmittal and delivering your outstanding notes, either make appropriate arrangements to

register ownership of the outstanding notes in your name or obtain a properly completed bond power from the registered holder. The transfer of registered ownership may take considerable time and may not be able to be completed prior to the expiration date.

Guaranteed Delivery Procedures

If you wish to tender your outstanding notes and your outstanding notes are not immediately available, or you cannot deliver your outstanding notes, the letter of transmittal or any other required documents, or you cannot comply with the procedures under DTC's Automated Tender Offer Program for transfer of book-entry interests prior to the expiration date, you must tender your outstanding notes according to the guaranteed delivery procedures set forth in this prospectus under "The Exchange Offer Guaranteed Delivery Procedures."

Effect on Holders of Outstanding Notes

As a result of the making of, and upon acceptance for exchange of all validly tendered outstanding notes pursuant to the terms of the exchange offer, we will have fulfilled a covenant under the registration rights agreement. Accordingly, there will be no increase in the applicable interest rate on the outstanding notes under the circumstances described in the registration rights agreement. If you do not tender your outstanding notes in the exchange offer, you will continue to be entitled to all the rights and limitations applicable to the outstanding notes as set forth in the indenture, except we will not have any further obligation to you to provide for the exchange and registration of untendered outstanding notes under the registration rights agreement. To the extent that outstanding notes are tendered and accepted in the exchange offer, the trading market for outstanding notes that are not so tendered and accepted could be adversely affected.

Consequences of Failure to Exchange

All untendered outstanding notes will continue to be subject to the restrictions on transfer set forth in the outstanding notes and in the indenture. In general, the outstanding notes may not be offered or sold, unless registered under the Securities Act, except pursuant to an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. Other than in connection with the exchange offer, we do not currently anticipate that we will register the outstanding notes under the Securities Act.

Certain United States Federal Income Tax Consequences

The exchange of outstanding notes in the exchange offer will not be a taxable event for United States federal income tax purposes. See "Certain United States Federal Tax Consequences."

Regulatory Approvals

Other than compliance with the Securities Act and qualification of the indenture governing the notes under the Trust Indenture Act, there are no federal or state regulatory requirements that must be complied with or approvals that must be obtained in connection with the exchange offer.

Use of Proceeds

We will not receive any cash proceeds from the issuance of the exchange notes in the exchange offer. See "Use of Proceeds."

Exchange Agent

Deutsche Bank Trust Company Americas is the exchange agent for the exchange offer. The addresses and telephone numbers of the exchange agent are set forth in the section captioned "The Exchange Offer - Exchange Agent."

Table of Contents

The Issuer may redeem the exchange notes, in whole or in part, on or after November 15, 2015, at the redemption prices set forth under Description of the Notes Optional Redemption.

Additionally, from time to time before November 15, 2013, the Issuer may choose to redeem up to 35% of the principal amount of the exchange notes at a redemption price equal to 107.750% of the face amount thereof, with the net cash proceeds that we raise in one or more equity offerings.

Change of Control Offer

Upon the occurrence of a change of control, you will have the right, as holders of the notes, to require the Issuer to repurchase some or all of your exchange notes at 101% of their face amount, plus accrued and unpaid interest to the repurchase date. See Description of the Notes Repurchase at the Option of Holders Change of Control.

The Issuer may not be able to pay you the required price for exchange notes you present to it at the time of a change of control, because:

the Issuer may not have enough funds at that time; or

the terms of our indebtedness under HCA Inc.'s senior secured credit facilities may prevent it from making such payment.

Your right to require the Issuer to repurchase the exchange notes upon the occurrence of a change of control will cease to apply to the exchange notes at all times during which such exchange notes have investment grade ratings from both Moody's Investors Service, Inc. and Standard & Poor's.

Certain Covenants

The indenture governing the exchange notes contains covenants limiting the Issuer's and certain of its subsidiaries' ability to:

create liens on certain assets to secure debt;

engage in certain sale and lease-back transactions; and

consolidate, merge, sell or otherwise dispose of all or substantially all of its assets.

These covenants are subject to a number of important limitations and exceptions. See Description of the Notes. See Description of the Notes Certain Covenants Covenant Suspension.

No Prior Market

The exchange notes will be new securities for which there is currently no market. Although the initial purchasers of the outstanding notes have informed the Issuer that they intend to make a market in the exchange notes, they are not obligated to do so, and they may discontinue market making activities at any time without notice. Accordingly, the Issuer

cannot assure you that a liquid market for the exchange notes will develop or be maintained.

(1) EBITDA, a measure used by management to evaluate operating performance, is defined as net income attributable to HCA Holdings, Inc. plus (i) provision for income taxes, (ii) interest expense and (iii) depreciation and amortization. EBITDA is not a recognized term under generally accepted accounting principles (GAAP) and does not purport to be an alternative to net income as a measure of operating performance or to cash flows

Table of Contents

from operating activities as a measure of liquidity. Additionally, EBITDA is not intended to be a measure of free cash flow available for management's discretionary use, as it does not consider certain cash requirements such as interest payments, tax payments and other debt service requirements. Management believes EBITDA is helpful to investors and our management in highlighting trends because EBITDA excludes the results of decisions outside the control of operating management and that can differ significantly from company to company depending on long-term strategic decisions regarding capital structure, the tax jurisdictions in which companies operate and capital investments. Management compensates for the limitations of using non-GAAP financial measures by using them to supplement GAAP results to provide a more complete understanding of the factors and trends affecting the business than GAAP results alone. Because not all companies use identical calculations, our presentation of EBITDA may not be comparable to similarly titled measures of other companies.

Adjusted EBITDA is defined as EBITDA, adjusted to exclude net income attributable to noncontrolling interests, losses (gains) on sales of facilities, impairments of long-lived assets, loss on retirement of debt and termination of management agreement. We believe Adjusted EBITDA is an important measure that supplements discussions and analysis of our results of operations. We believe it is useful to investors to provide disclosures of our results of operations on the same basis used by management. Management relies upon Adjusted EBITDA as the primary measure to review and assess operating performance of its hospital facilities and their management teams. Adjusted EBITDA target amounts are the performance measures utilized in our annual incentive compensation programs and are vesting conditions for a portion of our stock option grants. Management and investors review both the overall performance (GAAP net income attributable to HCA Holdings, Inc.) and operating performance (Adjusted EBITDA) of our health care facilities. Adjusted EBITDA and the Adjusted EBITDA margin (Adjusted EBITDA divided by revenues) are utilized by management and investors to compare our current operating results with the corresponding periods during the previous year and to compare our operating results with other companies in the health care industry. It is reasonable to expect that losses (gains) on sales of facilities and impairments of long-lived assets will occur in future periods, but the amounts recognized can vary significantly from period to period, do not directly relate to the ongoing operations of our health care facilities and complicate period comparisons of our results of operations and operations comparisons with other health care companies. Adjusted EBITDA is not a measure of financial performance under accounting principles generally accepted in the United States, and should not be considered an alternative to net income attributable to HCA Holdings, Inc. as a measure of operating performance or cash flows from operating, investing and financing activities as a measure of liquidity. Because Adjusted EBITDA is not a measurement determined in accordance with generally accepted accounting principles and is susceptible to varying calculations, Adjusted EBITDA, as presented, may not be comparable to other similarly titled measures presented by other companies. There may be additional adjustments to Adjusted EBITDA under our agreements governing our material debt obligations, including the exchange notes offered hereby.

(2) The operating data set forth in this table includes only those facilities that are consolidated for financial reporting purposes.

(3) Excludes facilities that are not consolidated (accounted for using the equity method) for financial reporting purposes.

(4) Licensed beds are those beds for which a facility has been granted approval to operate from the applicable state licensing agency.

(5) Weighted average licensed beds represents the average number of licensed beds, weighted based on periods owned.

- (6) Represents the total number of patients admitted to our hospitals and is used by management and certain investors as a general measure of inpatient volume.
- (7) Equivalent admissions are used by management and certain investors as a general measure of combined inpatient and outpatient volume. Equivalent admissions are computed by multiplying admissions (inpatient volume) by the sum of gross inpatient revenues and gross outpatient revenues and then dividing the resulting amount by gross inpatient revenues. The equivalent admissions computation equates outpatient revenues to the volume measure (admissions) used to measure inpatient volume, resulting in a general measure of combined inpatient and outpatient volume.
- (8) Represents the average number of days admitted patients stay in our hospitals.
- (9) Represents the average number of patients in our hospital beds each day.
- (10) Represents the percentage of hospital licensed beds occupied by patients. Both average daily census and occupancy rate provide measures of the utilization of inpatient rooms.
- (11) Represents the number of patients treated in our emergency rooms.
- (12) Represents the number of surgeries performed on patients who were not admitted to our hospitals. Pain management and endoscopy procedures are not included in outpatient surgeries.

- (13) Represents the number of surgeries performed on patients who have been admitted to our hospitals. Pain management and endoscopy procedures are not included in inpatient surgeries.
- (14) Revenues per day is calculated by dividing the revenues for the period by the days in the period. Days revenues in accounts receivable is then calculated as accounts receivable, net of the allowance for doubtful accounts, at the end of the period divided by revenues per day.
- (15) Gross patient revenues are based upon our standard charge listing. Gross charges/revenues typically do not reflect what our hospital facilities are paid. Gross charges/revenues are reduced by contractual adjustments, discounts and charity care to determine reported revenues.
- (16) Represents the percentage of patient revenues related to patients who are not admitted to our hospitals.
- (17) We define working capital as current assets minus current liabilities.

RISK FACTORS

You should carefully consider the risk factors set forth below as well as the other information contained or incorporated by reference in this prospectus before deciding to tender your outstanding notes in the exchange offer. Any of the following risks could materially and adversely affect our business, financial condition or results of operations; however, the following risks are not the only risks facing us. Additional risks and uncertainties not currently known to us or those we currently view to be immaterial also may materially and adversely affect our business, financial condition or results of operations. In such a case, the trading price of the exchange notes could decline or we may not be able to make payments of interest and principal on the exchange notes, and you may lose all or part of your original investment.

Risks Related to the Exchange Offer

There may be adverse consequences if you do not exchange your outstanding notes.

If you do not exchange your outstanding notes for exchange notes in the exchange offer, you will continue to be subject to restrictions on transfer of your outstanding notes as set forth in the prospectus distributed in connection with the private offering of the outstanding notes. In general, the outstanding notes may not be offered or sold unless they are registered or exempt from registration under the Securities Act and applicable state securities laws. Except as required by the registration rights agreement, we do not intend to register resales of the outstanding notes under the Securities Act. You should refer to Summary The Exchange Offer and The Exchange Offer for information about how to tender your outstanding notes.

The tender of outstanding notes under the exchange offer will reduce the outstanding amount of each series of the outstanding notes, which may have an adverse effect upon, and increase the volatility of, the market prices of the outstanding notes due to a reduction in liquidity.

Your ability to transfer the exchange notes may be limited by the absence of an active trading market, and there is no assurance that any active trading market will develop for the exchange notes.

We do not intend to apply for a listing of the exchange notes on a securities exchange or on any automated dealer quotation system. There is currently no established market for the exchange notes, and we cannot assure you as to the liquidity of markets that may develop for the exchange notes, your ability to sell the exchange notes or the price at which you would be able to sell the exchange notes. If such markets were to exist, the exchange notes could trade at prices that may be lower than their principal amount or purchase price depending on many factors, including prevailing interest rates, the market for similar notes, our financial and operating performance and other factors. The initial purchasers in the private offering of the outstanding notes have advised us that they currently intend to make a market with respect to the exchange notes. However, these initial purchasers are not obligated to do so, and any market making with respect to the exchange notes may be discontinued at any time without notice. In addition, such market making activity may be limited during the pendency of the exchange offer or the effectiveness of a shelf registration statement in lieu thereof. Therefore, we cannot assure you that an active market for the exchange notes will develop or, if developed, that it will continue. Historically, the market for non-investment grade debt has been subject to disruptions that have caused substantial volatility in the prices of securities similar to the exchange notes. The market, if any, for the exchange notes may experience similar disruptions and any such disruptions may adversely affect the prices at which you may sell your exchange notes.

Certain persons who participate in the exchange offer must deliver a prospectus in connection with resales of the exchange notes.

Based on interpretations of the staff of the SEC contained in *Exxon Capital Holdings Corp.*, SEC no-action letter (April 13, 1988), *Morgan Stanley & Co. Inc.*, SEC no-action letter (June 5, 1991) and *Shearman & Sterling*, SEC no-action letter (July 2, 1983), we believe that you may offer for resale, resell or otherwise transfer the exchange notes without compliance with the registration and prospectus delivery requirements of the Securities Act. However, in some instances described in this prospectus under Plan of Distribution, certain holders of exchange notes will remain obligated to comply with the registration and prospectus delivery requirements of the Securities Act to transfer the exchange notes. If such a holder transfers any exchange notes without delivering a

Table of Contents

prospectus meeting the requirements of the Securities Act or without an applicable exemption from registration under the Securities Act, such a holder may incur liability under the Securities Act. We do not and will not assume, or indemnify such a holder against, this liability.

Risks Related to Our Indebtedness

Our substantial leverage could adversely affect our ability to raise additional capital to fund our operations, limit our ability to react to changes in the economy or our industry, expose us to interest rate risk to the extent of our variable rate debt and prevent us from meeting our obligations.

We are highly leveraged. As of June 30, 2011, on an as adjusted basis after giving effect to the subsequent financing transactions, our total indebtedness would have been \$27.825 billion. As of June 30, 2011, on an as adjusted basis after giving effect to the subsequent financing transactions, the Issuer would have had availability of \$946 million under its senior secured revolving credit facility and \$308 million under its asset-based revolving credit facility, after giving effect to letters of credit and borrowing base limitations. Our high degree of leverage could have important consequences, including:

increasing our vulnerability to downturns or adverse changes in general economic, industry or competitive conditions and adverse changes in government regulations;

requiring a substantial portion of cash flow from operations to be dedicated to the payment of principal and interest on our indebtedness, therefore reducing our ability to use our cash flow to fund our operations, capital expenditures and future business opportunities;

exposing us to the risk of increased interest rates as certain of our unhedged borrowings are at variable rates of interest;

limiting our ability to make strategic acquisitions or causing us to make nonstrategic divestitures;

limiting our ability to obtain additional financing for working capital, capital expenditures, product or service line development, debt service requirements, acquisitions and general corporate or other purposes; and

limiting our ability to adjust to changing market conditions and placing us at a competitive disadvantage compared to our competitors who are less highly leveraged.

We and our subsidiaries have the ability to incur additional indebtedness in the future, subject to the restrictions contained in HCA Inc.'s senior secured credit facilities and the indentures governing HCA Inc.'s outstanding notes, and the indenture governing the exchange notes offered hereby. If new indebtedness is added to our current debt levels, the related risks that we now face could intensify.

We may not be able to generate sufficient cash to service all of our indebtedness and may not be able to refinance our indebtedness on favorable terms. If we are unable to do so, we may be forced to take other actions to satisfy our obligations under our indebtedness, which may not be successful.

Our ability to make scheduled payments on or to refinance our debt obligations depends on our financial condition and operating performance, which are subject to prevailing economic and competitive conditions and to certain financial, business and other factors beyond our control. We cannot assure you we will maintain a level of cash flows from operating activities sufficient to permit us to pay the principal, premium, if any, and interest on our indebtedness.

In addition, we conduct our operations through our subsidiaries, none of which will guarantee the exchange notes. Accordingly, repayment of our indebtedness is dependent on the generation of cash flow by our subsidiaries and their ability to make such cash available to us by dividend, debt repayment or otherwise. Unless they become guarantors of the exchange notes, our subsidiaries will not have any obligation to pay amounts due on the exchange notes or our other indebtedness or to make funds available for that purpose. Our subsidiaries may not be able to, or may not be permitted to, make distributions to enable us to make payments in respect of our indebtedness. The

Table of Contents

agreements governing the current and future indebtedness of the Issuer's subsidiaries may not permit the Issuer's subsidiaries to provide the Issuer with sufficient dividends, distributions or loans to fund scheduled interest and principal payments on these exchange notes when due. The terms of HCA Inc.'s senior secured credit facilities and the indentures governing HCA Inc.'s outstanding notes, and the indenture governing the exchange notes offered hereby significantly restrict the Issuer and its subsidiaries from paying dividends and otherwise transferring assets to the Issuer. Each subsidiary is a distinct legal entity, and, under certain circumstances, legal and contractual restrictions may limit our ability to obtain cash from our subsidiaries.

We may find it necessary or prudent to refinance our outstanding indebtedness with longer-maturity debt at a higher interest rate. In March of 2010, for example, we issued \$1.400 billion in aggregate principal amount of 7 1/4% first lien notes due 2020. The net proceeds of this offering was used to prepay term loans under our cash flow credit facility, which currently bears interest at a lower floating rate. Our ability to refinance our indebtedness on favorable terms, or at all, is directly affected by the current global economic and financial conditions. In addition, our ability to incur secured indebtedness (which would generally enable us to achieve better pricing than the incurrence of unsecured indebtedness) depends in part on the value of our assets, which depends, in turn, on the strength of our cash flows and results of operations, and on economic and market conditions and other factors.

If our cash flows and capital resources are insufficient to fund our debt service obligations or we are unable to refinance our indebtedness, we may be forced to reduce or delay investments and capital expenditures, or to sell assets, seek additional capital or restructure our indebtedness. These alternative measures may not be successful and may not permit us to meet our scheduled debt service obligations. If our operating results and available cash are insufficient to meet our debt service obligations, we could face substantial liquidity problems and might be required to dispose of material assets or operations to meet our debt service and other obligations. We may not be able to consummate those dispositions, or the proceeds from the dispositions may not be adequate to meet any debt service obligations then due.

Our and HCA Inc.'s debt agreements contain restrictions that limit our flexibility in operating our business.

HCA Inc.'s senior secured credit facilities and the indentures governing HCA Inc.'s outstanding notes contain, and the indenture governing the exchange notes offered hereby will contain, various covenants that limit our ability to engage in specified types of transactions. These covenants limit our and certain of our subsidiaries' ability to, among other things:

incur additional indebtedness or issue certain preferred shares;

pay dividends on, repurchase or make distributions in respect of our capital stock or make other restricted payments;

make certain investments;

sell or transfer assets;

create liens;

consolidate, merge, sell or otherwise dispose of all or substantially all of our assets; and

enter into certain transactions with our affiliates.

Under HCA Inc.'s asset-based revolving credit facility, when (and for as long as) the combined availability under HCA Inc.'s asset-based revolving credit facility and HCA Inc.'s senior secured revolving credit facility is less than a specified amount for a certain period of time or, if a payment or bankruptcy event of default has occurred and is continuing, funds deposited into any of HCA Inc.'s depository accounts will be transferred on a daily basis into a blocked account with the administrative agent and applied to prepay loans under the asset-based revolving credit facility and to cash collateralize letters of credit issued thereunder.

Under HCA Inc.'s senior secured credit facilities, HCA Inc. is required to satisfy and maintain specified financial ratios. Its ability to meet those financial ratios can be affected by events beyond our control, and there can be no assurance HCA Inc. will continue to meet those ratios. A breach of any of these covenants could result in a

Table of Contents

default under both the cash flow credit facility and the asset-based revolving credit facility. Upon the occurrence of an event of default under the senior secured credit facilities, the lenders thereunder could elect to declare all amounts outstanding under the senior secured credit facilities to be immediately due and payable and terminate all commitments to extend further credit. If HCA Inc. were unable to repay those amounts, the lenders under the senior secured credit facilities could proceed against the collateral granted to them to secure such indebtedness. HCA has pledged a significant portion of its assets under HCA Inc.'s senior secured credit facilities and that collateral (other than certain European collateral securing HCA Inc.'s senior secured European term loan facility) is also pledged as collateral under HCA Inc.'s first lien notes. If any of the lenders under the senior secured credit facilities accelerate the repayment of borrowings, there can be no assurance there will be sufficient assets to repay the senior secured credit facilities, the first lien notes and the exchange notes offered hereby.

Risks related to the Exchange Notes

The following risks apply to the outstanding notes and will apply equally to the exchange notes.

The Issuer is the sole obligor of the notes; the notes are unsecured and the Issuer's subsidiaries do not have any obligation with respect to the notes; the notes are structurally subordinated to all of the debt and liabilities of the Issuer's subsidiaries and will be effectively subordinated to any of the Issuer's secured debt.

The Issuer of the exchange notes, HCA Holdings, Inc., is a holding company that has no operations of its own and derives all of its revenues and cash flow from its subsidiaries. The Issuer's subsidiaries are separate and distinct legal entities and have no obligation, contingent or otherwise, to pay amounts due under the exchange notes or to make any funds available to pay those amounts, whether by dividend, distribution, loan or other payments. The exchange notes are structurally subordinated to all debt and liabilities of the Issuer's subsidiaries, including HCA Inc. and will be effectively subordinated to any of the Issuer's secured debt to the extent of the value of the collateral securing such debt. The claims of HCA Holdings, Inc.'s creditors and its subsidiaries' creditors will be required to be paid before holders of the unsecured notes have a claim (if any) against the entities and their assets. In the event of a bankruptcy, liquidation or reorganization or similar proceeding relating to the Issuer's subsidiaries, you will participate with all other holders of the Issuer's indebtedness in the assets remaining after the Issuer's subsidiaries have paid all of their debt and liabilities. In any of these cases, the Issuer's subsidiaries may not have sufficient funds to make payments to the Issuer, and you may receive less, ratably, than the holders of debt of the Issuer's subsidiaries and other liabilities.

As of June 30, 2011, on an as adjusted basis after giving effect to the subsequent financing transactions, the aggregate amount of indebtedness of the Issuer's subsidiaries would have been \$26.385 billion, \$18.059 billion of which would have been secured and all of which would have been structurally senior to the unsecured notes. As of June 30, 2011, on an as adjusted basis after giving effect to the subsequent financing transactions, the Issuer's subsidiaries could have borrowed \$946 million under HCA Inc.'s senior secured revolving credit facility and \$308 million under its asset-based revolving credit facility, after giving effect to letters of credit and borrowing base limitations. In addition, holders of the Issuer's subsidiaries' debt will have claims that are prior to your claims as holders of the notes. Additionally, the indenture governing the notes, the indentures governing HCA Holdings, Inc. and HCA Inc.'s outstanding notes and HCA Inc.'s senior secured credit facilities permit us and/or our subsidiaries to incur additional indebtedness, including secured indebtedness, under certain circumstances.

The Issuer of the exchange notes is a holding company with no independent operations or assets. Repayment of the exchange notes is dependent on cash flow generated by the Issuer's subsidiaries. Restrictions in our subsidiaries debt instruments and under applicable law limit their ability to provide funds to us.

The Issuer's operations are conducted through its subsidiaries and its ability to make payment on the notes is dependent on the earnings and the distribution of funds from its subsidiaries. Their earnings are subject to prevailing

economic and competitive conditions and to certain financial, business and other factors beyond their and the Issuer's control. The Issuer's subsidiaries are not obligated to make funds available to the Issuer for payment on the

Table of Contents

notes. The agreements governing the current and future indebtedness of the Issuer's subsidiaries may not permit the Issuer's subsidiaries to provide the Issuer with sufficient dividends, distributions or loans to fund scheduled interest and principal payments on these notes when due. The terms of the senior secured credit facilities and the indentures governing HCA Inc.'s outstanding notes significantly restrict the Issuer's subsidiaries from paying dividends and otherwise transferring assets to the Issuer. In addition, if the Issuer's subsidiaries do not generate sufficient cash flow from operations to satisfy their and the Issuer's debt service obligations, including payments on the notes, we may have to undertake alternative financing plans, such as refinancing or restructuring our indebtedness, selling assets, reducing or delaying capital investments or seeking to raise additional capital. Our ability to restructure or refinance our debt will depend on the capital markets and our financial condition at such time. Any refinancing of our debt could be at higher interest rates and may require us to comply with more onerous covenants, which could further restrict our business operations. In addition, the terms of existing or future debt instruments may restrict us from adopting some of these alternatives. Our inability to generate sufficient cash flow to satisfy our debt service obligations, or to refinance our obligations on commercially reasonable terms, would have an adverse effect, which could be material, on our business, financial position, results of operations and cash flows, as well as on our ability to satisfy our obligations in respect of the notes.

The Issuer may not be able to repurchase the exchange notes upon a change of control.

Under certain circumstances, and upon the occurrence of specific kinds of change of control events, the Issuer will be required to offer to repurchase all outstanding notes at 101% of their principal amount plus accrued and unpaid interest. The source of funds for any such purchase of the notes will be our available cash or cash generated from its subsidiaries' operations or other sources, including borrowings, sales of assets or sales of equity. The Issuer may not be able to repurchase the notes upon a change of control because the Issuer may not have sufficient financial resources to purchase all of the exchange notes that are tendered upon a change of control. Further, the Issuer is contractually restricted under the terms of the senior secured credit facilities from repurchasing all of the notes tendered by holders upon a change of control. Accordingly, the Issuer may not be able to satisfy its obligations to purchase the notes unless it is able to refinance or obtain waivers under the instruments governing that indebtedness. The Issuer's failure to repurchase the exchange notes upon a change of control would cause a default under the indenture and a cross-default under the instruments governing HCA Inc.'s senior secured credit facilities and the indenture governing the Existing Exchange Notes. The instruments governing the senior secured credit facilities also provide that a change of control will be a default that permits lenders to accelerate the maturity of borrowings thereunder. Any of the Issuer's future debt agreements may contain similar provisions.

Federal and state fraudulent transfer laws may permit a court to void the exchange notes, and, if that occurs, you may not receive any payments on the exchange notes.

Federal and state fraudulent transfer and conveyance statutes may apply to the issuance of the notes. Under federal bankruptcy law and comparable provisions of state fraudulent transfer or conveyance laws, which may vary from state to state, the notes could be voided as a fraudulent transfer or conveyance if (1) we issued the notes with the intent of hindering, delaying or defrauding creditors or (2) we received less than reasonably equivalent value or fair consideration in return for issuing the notes and, in the case of (2) only, one of the following is also true at the time thereof:

we were insolvent or rendered insolvent by reason of the issuance of the notes;

the issuance of the notes left us with an unreasonably small amount of capital to carry on the business;

we intended to, or believed that we would, incur debts beyond our ability to pay as they mature; or

we were a defendant in an action for money damages, or had a judgment for money damages docketed against us if, in either case, after final judgment, the judgment was unsatisfied.

If a court were to find that the issuance of the notes was a fraudulent transfer or conveyance, the court could void the payment obligations under the notes or further subordinate the notes to presently existing and future indebtedness of ours. In the event of a finding that a fraudulent transfer or conveyance occurred, you may not receive any repayment on the notes.

Table of Contents

As a general matter, value is given for a transfer or an obligation if, in exchange for the transfer or obligation, property is transferred or an antecedent debt is secured or satisfied. A debtor will generally not be considered to have received value in connection with a debt offering if the debtor uses the proceeds of that offering to make a dividend payment or otherwise retire or redeem equity securities issued by the debtor.

We cannot be certain as to the standards a court would use to determine whether or not we were solvent at the relevant time. Generally, however, an entity would be considered insolvent if, at the time it incurred indebtedness:

the sum of its debts, including contingent liabilities, was greater than the fair saleable value of all its assets;

the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they become absolute and mature; or

it could not pay its debts as they become due.

Your ability to transfer the exchange notes may be limited by the absence of an active trading market, and there is no assurance that any active trading market will develop for the exchange notes.

We cannot assure you that an active market for the exchange notes will develop or, if developed, that it will continue. Historically, the market for non investment-grade debt has been subject to disruptions that have caused substantial volatility in the prices of securities similar to the notes. We cannot assure you that the market, if any, for the exchange notes will be free from similar disruptions or that any such disruptions may not adversely affect the prices at which you may sell your notes. In addition, the exchange notes may trade at a discount from the price at which the outstanding notes of the applicable series were initially offered, depending upon prevailing interest rates, the market for similar notes, our performance and other factors.

USE OF PROCEEDS

The exchange offer is intended to satisfy our obligations under the registration rights agreement that we entered into in connection with the private offering of the outstanding notes. We will not receive any cash proceeds from the issuance of the exchange notes in the exchange offer. Accordingly, the issuance of the exchange notes will not result in any change in our capitalization. As consideration for issuing the exchange notes as contemplated in this prospectus, we will receive in exchange a like principal amount of outstanding notes, the terms of which are identical in all material respects to the exchange notes, except that the exchange notes will not contain terms with respect to transfer restrictions or additional interest upon a failure to fulfill certain of our obligations under the registration rights agreement.

The senior secured credit facilities provide senior secured financing of \$11.541 billion, consisting of:

\$7.541 billion-equivalent in term loan facilities, comprised of a \$472 million senior secured term loan A-1 facility maturing on November 17, 2012, a \$586 million senior secured term loan A-2 facility maturing on May 2, 2016, a \$1.689 billion senior secured term loan B-1 facility maturing on November 17, 2013, a \$2.000 billion senior secured term loan B-2 facility maturing on March 31, 2017, a \$2.373 billion senior secured term loan B-3 facility maturing on May 1, 2018 and a 291 million, or \$421 million-equivalent, senior secured European term loan facility maturing on November 17, 2013; and

\$4.500 billion in revolving credit facilities, comprised of a \$2.500 billion senior secured asset-based revolving credit facility available in dollars maturing on September 30, 2016 and a \$2.000 billion senior secured revolving credit facility available in dollars, euros and pounds sterling maturing on November 17, 2015. Availability under the asset-based revolving credit facility is subject to a borrowing base of 85% of eligible accounts receivable less customary reserves. As of September 30, 2011, only \$2.183 billion of the \$2.500 billion facility is available due to the borrowing base limitation.

We refer to these senior secured credit facilities, excluding the asset-based revolving credit facility, as the cash flow credit facility and, collectively with the asset-based revolving credit facility, the senior secured credit facilities. The asset-based revolving credit facility is documented in a separate loan agreement from the other senior secured credit facilities.

HCA Inc. is the primary borrower under the senior secured credit facilities, except that a U.K. subsidiary is the borrower under the European term loan facility. The revolving credit facilities include capacity available for the issuance of letters of credit and for borrowings on same-day notice, referred to as the swingline loans. A portion of the letter of credit availability under the cash-flow revolving credit facility is available in euros and pounds sterling. Lenders under the cash flow credit facility are subject to a loss sharing agreement pursuant to which, upon the occurrence of certain events, including a bankruptcy event of default under the cash flow credit facility, each such lender will automatically be deemed to have exchanged its interest in a particular tranche of the cash flow credit facility for a pro rata percentage in all of the tranches of the cash flow credit facility.

On February 16, 2007, the cash flow credit facility was amended to reduce the applicable margins with respect to the term borrowings thereunder. On June 20, 2007, the asset-based revolving credit facility was amended to reduce the applicable margin with respect to borrowings thereunder.

On March 2, 2009, the cash flow credit facility was amended to allow for one or more future issuances of additional secured notes, which may include notes that are secured on a *pari passu* basis or on a junior basis with the obligations under the cash flow credit facility, so long as

(1) such notes do not require, subject to certain exceptions, scheduled repayments, payment of principal or redemption prior to the scheduled term loan B-1 maturity date, (2) the terms of such notes, taken as a whole, are not more restrictive than those in the cash flow credit facility and (3) no subsidiary of HCA Inc. that is not a U.S. guarantor is an obligor of such additional secured notes, and such notes are not secured by any European collateral securing the cash flow credit facility. The U.S. security documents related to the cash flow credit facility were also amended and restated in connection with the amendment in order to give effect to the security interests to be granted to holders of such additional secured notes.

Table of Contents

On March 2, 2009, the asset-based revolving credit facility was amended to allow for one or more future issuances of additional secured notes or loans, which may include notes or loans that are secured on a *pari passu* basis or on a junior basis with the obligations under the cash flow credit facility, so long as (1) such notes or loans do not require, subject to certain exceptions, scheduled repayments, payment of principal or redemption prior to the scheduled term loan B-1 maturity date, (2) the terms of such notes or loans, as applicable, taken as a whole, are not more restrictive than those in the cash flow credit facility and (3) no subsidiary of HCA Inc. that is not a U.S. guarantor is an obligor of such additional secured notes. The amendment to the asset-based revolving credit facility also altered the excess facility availability requirement to include a separate minimum facility availability requirement applicable to the asset-based revolving credit facility and increased the applicable LIBOR and asset-based revolving margins for all borrowings under the asset-based revolving credit facility by 0.25% each.

On June 18, 2009, the cash flow credit facility was amended to permit unlimited refinancings of the term loans initially incurred in November 2006 under the cash flow credit facility (the initial term loans), as well as any previously incurred refinancing term loans through the incurrence of new term loans under the cash flow credit facility (refinancing term loans), (collectively, with the initial term loans, the then-existing term loans), and to permit the establishment of one or more series of commitments under replacement cash flow revolvers under the cash flow credit facility (replacement revolver) to replace all or a portion of the revolving commitments initially established in November 2006 under the cash flow credit facility (the initial revolver) as well as any previously issued replacement revolvers (with no more than three series of revolving commitments to be outstanding at any time) in each case, subject to the terms described below. The amendment to the cash flow credit facility further permits the maturity date of any then-existing term loan to be extended (any such loans so extended, the extended term loans). The amendment to the cash flow credit facility provides that:

As to refinancing term loans, (1) the proceeds from such refinancing term loans be used to repay in full the initial term loans before being used to repay any previously issued refinancing term loans; (2) the refinancing term loans mature no earlier than the latest maturity date of any of the initial term loans; (3) the weighted average life to maturity for the refinancing term loans be no shorter than the remaining weighted average life to maturity of the tranche B term loan under the cash flow credit facility measured at the time such refinancing term loans are incurred; and (4) refinancing term loans will not share in mandatory prepayments resulting from the creation or issuance of extended term loans and/or first lien notes until the initial term loans are repaid in full but will share in other mandatory prepayments such as those from asset sales.

As to replacement revolvers, terms of such replacement revolver be substantially identical to the commitments being replaced, other than with respect to maturity, size of any swingline loan and/or letter of credit subfacilities and pricing.

As to extended term loans, (1) any offer to extend must be made to all lenders under the term loan being extended, and, if such offer is oversubscribed, the extension will be allocated ratably to the lenders according to the respective amounts then held by the accepting lenders; (2) each series of extended term loans having the same interest margins, extension fees and amortization schedule shall be a separate class of term loans; and (3) extended term loans will not share in mandatory prepayments resulting from the creation or issuance of refinancing term loans and/or first lien notes until the initial term loans are repaid in full but will share in other mandatory prepayments such as those from asset sales.

Any refinancing term loans and any obligations under replacement revolvers will have a *pari passu* claim on the collateral securing the initial term loans and the initial revolver.

On April 6, 2010, the cash flow credit facility was amended to (i) extend the maturity date for \$2.0 billion of the tranche B term loans from November 17, 2013 to March 31, 2017 and (ii) increase the ABR margin and LIBOR

margin with respect to such extended term loans to 2.25% and 3.25%, respectively. The maturity date, interest margins and fees, as applicable, with respect to all other loans, and all commitments and letters of credit, outstanding under the cash flow credit facility remain unchanged.

On November 8, 2010, an amended and restated joinder agreement was entered into with respect to the cash flow credit facility to establish a new replacement revolving credit series, which will mature on November 17, 2015.

Table of Contents

Under the amended and restated joinder agreement, these replacement revolving credit commitments became effective upon completion of our initial public offering.

On May 4, 2011, the cash flow credit facility and asset-based revolving credit facility were amended and restated, respectively, to, among other things, (i) permit HCA Inc. and its restricted subsidiaries to issue new unsecured and second lien notes so long as (x) HCA Inc. would be, following such issuance, be in compliance with its maintenance covenants under the respective credit facilities, (y) the maturity of the new notes is later than the final maturity date and (z) the covenants of the new notes are no more restrictive than those under HCA Inc.'s existing second lien notes, (ii) allow HCA Inc. and its restricted subsidiaries to issue new first lien notes and first lien term loans, subject to a maximum first lien leverage ratio of 3.75 to 1.00, so long as (x) HCA Inc. complies with the same covenant restrictions that apply to the issuance of new unsecured and second lien notes described above and (y) the maturity of the new first lien debt is later than the final maturity date and (iii) revise the change of control definition to provide that, in addition to acquiring, on a fully diluted basis, at least 35% of HCA Inc.'s voting stock, a third party must also acquire, on a fully diluted basis, ownership of HCA Inc.'s voting stock greater than that then held by those equity holders of HCA Holdings, Inc. that existed prior to HCA Holdings, Inc.'s initial public offering in order to trigger a change of control.

In addition to the amendments described above, the cash flow credit facility was amended to (A) remove restrictions on the prepayment of second lien, senior unsecured or subordinated debt and (B) increase the general investment basket from \$1.5 billion to the greater of (i) \$3.0 billion or (ii) 12% of HCA Inc.'s total assets.

The cash flow credit facility was also amended to (i) extend the maturity date of \$594 million of HCA Inc.'s term loan A facility from November 17, 2012 to May 2, 2016 and increases the ABR margin and LIBOR margin with respect to such extended term loans to 1.50% and 2.50%, respectively and (ii) extend the maturity date of \$537 million of HCA Inc.'s term loan A facility from November 17, 2012 to May 1, 2018 and \$1.836 billion of HCA Inc.'s term loan B-1 facility from November 17, 2013 to May 1, 2018 and increase the ABR margin and LIBOR margin with respect to such extended term loans to 2.25% and 3.25%, respectively.

Interest Rate and Fees

Borrowings under the senior secured credit facilities bear interest at a rate equal to, at HCA Inc.'s option, either (a) LIBOR for deposits in the applicable currency plus an applicable margin or (b) the higher of (1) the prime rate of Bank of America, N.A. and (2) the federal funds effective rate plus 0.50%, plus an applicable margin. The applicable margins in effect for borrowings as of June 30, 2011 are (i) under the asset-based revolving credit facility, 0.25% with respect to base rate borrowings and 1.25% with respect to LIBOR borrowings, (ii) under the senior secured revolving credit facility, 0.50% with respect to base rate borrowings and 1.50% with respect to LIBOR borrowings, (iii) under the term loan A-1 facility, 0.25% with respect to base rate borrowings and 1.25% with respect to LIBOR borrowings, (iv) under the term loan A-2 facility, 1.50% with respect to base rate borrowings and 2.50% with respect to LIBOR borrowings, (v) under the term loan B-1 facility, 1.25% with respect to base rate borrowings and 2.25% with respect to LIBOR borrowings, (vi) under the term loan B-2 facility and term loan B-3 facility, 2.25% with respect to base rate borrowings and 3.25% with respect to LIBOR borrowings, and (vii) under the European term loan facility, 2.00% with respect to LIBOR borrowings. Certain of the applicable margins may be reduced or increased depending on HCA Inc.'s leverage ratios.

In addition to paying interest on outstanding principal under the senior secured credit facilities, HCA Inc. is required to pay a commitment fee to the lenders under the revolving credit facilities in respect of the unutilized commitments thereunder. The commitment fee rate as of June 30, 2011 is 0.375% per annum for the revolving credit facility and 0.25% for the asset-based revolving credit facility. The commitment fee rates may fluctuate due to changes in specified leverage ratios. HCA Inc. must also pay customary letter of credit fees.

Prepayments

The cash flow credit facility requires HCA Inc. to prepay outstanding term loans, subject to certain exceptions, with:

50% (which percentage will be reduced to 25% if HCA Inc.'s total leverage ratio is 5.50x or less and to 0% if HCA Inc.'s total leverage ratio is 5.00x or less) of HCA Inc.'s annual excess cash flow;

100% of the compensation for any casualty event, proceeds from permitted sale-leasebacks and the net cash proceeds of all nonordinary course asset sales or other dispositions of property, other than the Receivables Collateral, as defined below, if HCA Inc. does not (1) reinvest or commit to reinvest those proceeds in assets to be used in our business or to make certain other permitted investments within 15 months as long as, in the case of any such commitment to reinvest or make certain other permitted investments, such investment is completed within such 15-month period or, if later, within 180 days after such commitment is made or (2) apply such proceeds within 15 months to repay debt of HCA Inc. that was outstanding on the effective date of the Recapitalization scheduled to mature prior to the earliest final maturity of the senior secured credit facilities then outstanding; and

100% of the net cash proceeds of any incurrence of debt, other than proceeds from the receivables facilities and other debt permitted under the senior secured credit facilities.

The foregoing mandatory prepayments are applied among the term loan facilities (1) during the first three years after the effective date of the Recapitalization, pro rata to such facilities based on the respective aggregate amounts of unpaid principal installments thereof due during such period, with amounts allocated to each facility being applied to the remaining installments thereof in direct order of maturity and (2) thereafter, pro rata to such facilities, with amounts allocated to each facility being applied pro rata among the term loan A-1 facility, term loan A-2 facility, the term loan B-1 facility, the term loan B-2 facility, term loan B-3 facility and the European term loan facility based upon the applicable remaining repayment amounts due thereunder. Notwithstanding the foregoing, (i) proceeds of asset sales by foreign subsidiaries are applied solely to prepay European term loans until such term loans have been repaid in full and (ii) HCA Inc. is not required to prepay loans under the term loan A facility or the term loan B facility with net cash proceeds of asset sales or with excess cash flow, in each case attributable to foreign subsidiaries, to the extent that the repatriation of such amounts is prohibited or delayed by applicable local law or would result in material adverse tax consequences.

The asset-based revolving credit facility requires HCA Inc. to prepay outstanding loans if borrowings exceed the borrowing base.

HCA Inc. may voluntarily repay outstanding loans under the senior secured credit facilities at any time without premium or penalty, other than customary breakage costs with respect to LIBOR loans.

Amortization

HCA Inc. is required to repay the loans under the term loan facilities as follows:

the term loan A-1 facility amortizes in quarterly installments such that the aggregate amount of the original funded principal amount of such facility repaid pursuant to such amortization payments in each year, with the quarter ending June 30, 2011, is equal to \$15 million in the first quarter, \$57 million in the following two quarters, \$215 million in the following three quarters and with the balance being payable on the final maturity date of such term loans;

the term loan A-2 facility amortizes in equal quarterly installments that commenced on June 30, 2011 in aggregate annual amounts equal to 1.25% of the amount outstanding, on the restatement effective date of such facility, with the balance being payable on the final maturity date of such term loans;

each of the term loan B-1 facility and the European term loan facility currently has no remaining amortization payments, with the balance being payable on the final maturity date of such term loans;

Table of Contents

the term loan B-2 facility amortizes in equal quarterly installments commencing December 31, 2013 in aggregate annual amounts equal to \$5 million, with the balance payable on the final maturity date of such term loans; and

the term loan B-3 facility amortizes in equal quarterly installments commencing December 31, 2013 in aggregate annual amounts equal to 0.25% of the amount outstanding, on the restatement effective date of such facility, with the balance being payable on the final maturity date of such term loans.

Principal amounts outstanding under the revolving credit facilities are due and payable in full at maturity.

Guarantee and Security

All obligations under the senior secured credit facilities are unconditionally guaranteed by substantially all existing and future, direct and indirect, wholly-owned material domestic subsidiaries that are unrestricted subsidiaries under the 1993 Indenture (except for certain special purpose subsidiaries that only guarantee and pledge their assets under the asset-based revolving credit facility), and the obligations under the European term loan facility are also unconditionally guaranteed by HCA Inc. and each of its existing and future wholly-owned material subsidiaries formed under the laws of England and Wales, subject, in each of the foregoing cases, to any applicable legal, regulatory or contractual constraints and to the requirement that such guarantee does not cause adverse tax consequences.

All obligations under the asset-based revolving credit facility, and the guarantees of those obligations, are secured, subject to permitted liens and other exceptions, by a first-priority lien on substantially all of the receivables of the borrowers and each guarantor under such asset-based revolving credit facility (the *Receivables Collateral*). All obligations under the cash flow credit facility and the guarantees of such obligations, are secured, subject to permitted liens and other exceptions, by:

a first-priority lien on the capital stock owned by HCA Inc. or by any U.S. guarantor in each of their respective first-tier subsidiaries (limited, in the case of foreign subsidiaries, to 65% of the voting stock of such subsidiaries);

a first-priority lien on substantially all present and future assets of HCA Inc. and of each U.S. guarantor other than (i) *Principal Properties* (as defined in the 1993 Indenture), except for certain *Principal Properties* the aggregate amount of indebtedness secured thereby in respect of the cash flow credit facility and the first lien notes and any future first lien obligations, taken as a whole, do not exceed 10% of *Consolidated Net Tangible Assets* (as defined under the 1993 Indenture), (ii) certain other real properties and (iii) deposit accounts, other bank or securities accounts, cash, leaseholds, motor-vehicles and certain other exceptions (such collateral under this and the preceding bullet, the *Non-Receivables Collateral*); and

a second-priority lien on certain of the *Receivables Collateral* (such portion of the *Receivables Collateral*, the *Shared Receivables Collateral* ; the *Receivables Collateral* that does not secure such cash flow credit facility on a second-priority basis is referred to as the *Separate Receivables Collateral*).

The obligations of the borrowers and the guarantors under the European term loan facility are also secured by substantially all present and future assets of the European subsidiary borrower and each European guarantor (the *European Collateral*), subject to permitted liens and other exceptions (including, without limitation, exceptions for deposit accounts, other bank or securities accounts, cash, leaseholds, motor-vehicles and certain other exceptions) and subject to such security interests otherwise being permitted by applicable law and contract and not resulting in adverse

tax consequences. Neither our first lien notes nor our second lien notes are secured by any of the European Collateral.

Certain Covenants and Events of Default

The senior secured credit facilities contain a number of covenants that, among other things, restrict, subject to certain exceptions, HCA Inc.'s ability and the ability of its restricted subsidiaries to:

in the case of the other senior secured credit facilities, a maximum total leverage ratio.

The senior secured credit facilities also contain certain customary affirmative covenants and events of default, including a change of control.

Table of Contents

The first lien notes and the related guarantees are secured by first-priority liens, subject to permitted liens, on HCA Inc. s subsidiary guarantors assets, subject to certain exceptions, that secure HCA Inc. s cash flow credit facility on a first-priority basis and are secured by second-priority liens, subject to permitted liens, on HCA Inc. s subsidiary guarantors assets that secure HCA Inc. s asset-based revolving credit facility on a first-priority basis and HCA Inc. s cash flow credit facility on a second-priority basis.

Change of Control

In addition, the indentures governing the secured notes provide that, upon the occurrence of a change of control as defined therein, each holder of secured notes has the right to require us to repurchase some or all of such holder s secured notes at a purchase price in cash equal to 101% of the principal amount thereof, plus accrued and unpaid interest, if any, to the repurchase date.

Covenants

The indentures governing the secured notes contain covenants limiting, among other things, HCA Inc. s ability and the ability of its restricted subsidiaries to, subject to certain exceptions:

incur additional debt or issue certain preferred stock;

pay dividends on or make certain distributions of capital stock or make other restricted payments;

create certain liens or encumbrances;

The Indentures contain certain events of default, which, if any of them occurs, would permit or require the principal of and accrued interest on such series to become or to be declared due and payable.

Change of Control

In addition, the new indenture provides that, upon the occurrence of a change of control as defined therein, each holder of the notes has the right to require us to repurchase some or all of such holder's secured notes at a purchase price in cash equal to 101% of the principal amount thereof, plus accrued and unpaid interest, if any, to the repurchase date.

THE EXCHANGE OFFER

Purpose and Effect of the Exchange Offer

We have entered into a registration rights agreement with the initial purchasers of the outstanding notes in which we agreed, under certain circumstances, to use our reasonable best efforts to file one or more registration statements relating to an offer to exchange the outstanding notes for exchange notes and to complete the exchange offer within 360 days after the date of original issuance of the outstanding notes. The exchange notes will have terms identical in all material respects to the outstanding notes, except that the exchange notes will not contain terms with respect to transfer restrictions, registration rights and additional interest for failure to observe certain obligations in the registration rights agreement. The outstanding notes were issued on November 23, 2010.

Under the circumstances set forth below, we will use our reasonable best efforts to cause the SEC to declare effective one or more shelf registration statements with respect to the resale of the outstanding notes within the time periods specified in the registration rights agreement and keep the registration statement effective from the effective date of the shelf registration statement until the expiration of the one-year period referred to in Rule 144 under the Securities Act applicable to securities held by non-affiliates under the Securities Act (or a shorter period that will terminate when all the notes of that series covered by the shelf registration statement have been sold pursuant to the shelf registration statement or are freely tradable). These circumstances include:

if any changes in law, SEC rules or regulations or applicable interpretations thereof by the SEC do not permit us to effect the exchange offer as contemplated by the registration rights agreement;

if the exchange offer is not consummated within 360 days after the date of issuance of the outstanding notes;

if any initial purchaser of any series of outstanding notes so requests, within 360 days after the date of issuance of such outstanding notes, with respect to the outstanding notes held by it that are not eligible to be exchanged for the exchange notes; or

if any holder notifies us, within 360 days after the date of issuance of the applicable outstanding notes, that (1) it is prohibited by applicable law or SEC policy from participating in the applicable exchange offer, (2) it may not resell exchange notes acquired by it in the applicable exchange offer to the public without delivering a prospectus and that this prospectus is not appropriate or available for such resales by such holder or (3) it is a broker-dealer and holds outstanding notes of that series acquired directly from us or one of our affiliates.

Under the registration rights agreement, if we fail to complete the exchange offer (other than in the event we file a shelf registration statement) or the shelf registration statement, if required thereby, is not declared effective, in either case on or prior to 360 days after the issue date of the outstanding notes (the target registration date), the interest rate on those outstanding notes will be increased by 0.25% per annum (which rate will be increased by an additional 0.25% per annum for each subsequent 90-day period that such additional interest continues to accrue, provided that the rate at which such additional interest accrues may in no event exceed 1.0% per annum) commencing on (x) the 361st day after the original issue date of the notes, in the case of (1) above, or (y) the day such shelf registration statement ceases to be effective, in the case of (2) above; provided, however, that upon the exchange of exchange notes for all notes tendered (in the case of clause (1) above), or upon the effectiveness of a shelf registration statement that had ceased to remain effective (in the case of clause (2) above), additional interest on such notes as a result of such clause (or the relevant sub-clause thereof), as the case may be, shall cease to accrue. A copy of the registration rights agreement has been filed as an exhibit to the registration statement of which this prospectus is a part.

If you wish to exchange your outstanding notes for exchange notes in the exchange offer, you will be required to make the following written representations:

you are not our affiliate within the meaning of Rule 405 of the Securities Act;

you have no arrangement or understanding with any person to participate in a distribution (within the meaning of the Securities Act) of the exchange notes in violation of the provisions of the Securities Act;

you are not engaged in, and do not intend to engage in, a distribution of the exchange notes; and

Table of Contents

you are acquiring the exchange notes in the ordinary course of your business.

Each broker-dealer that receives exchange notes for its own account in exchange for outstanding notes, where the broker-dealer acquired the outstanding notes as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of such exchange notes. Please see Plan of Distribution.

Resale of Exchange Notes

Based on interpretations by the SEC set forth in no-action letters issued to third parties, we believe that you may resell or otherwise transfer exchange notes issued in the exchange offer without complying with the registration and prospectus delivery provisions of the Securities Act if:

you are not our affiliate within the meaning of Rule 405 under the Securities Act;

you do not have an arrangement or understanding with any person to participate in a distribution of the exchange notes;

you are not engaged in, and do not intend to engage in, a distribution of the exchange notes; and

you are acquiring the exchange notes in the ordinary course of your business.

If you are our affiliate, or are engaging in, or intend to engage in, or have any arrangement or understanding with any person to participate in, a distribution of the exchange notes, or are not acquiring the exchange notes in the ordinary course of your business:

you cannot rely on the position of the SEC set forth in *Morgan Stanley & Co. Incorporated* (available June 5, 1991) and *Exxon Capital Holdings Corporation* (available May 13, 1988), as interpreted in the SEC's letter to *Shearman & Sterling*, dated July 2, 1993, or similar no-action letters; and

in the absence of an exception from the position stated immediately above, you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale of the exchange notes.

This prospectus may be used for an offer to resell, resale or other transfer of exchange notes only as specifically set forth in this prospectus. With regard to broker-dealers, only broker-dealers that acquired the outstanding notes as a result of market-making activities or other trading activities may participate in the exchange offer. Each broker-dealer that receives exchange notes for its own account in exchange for outstanding notes, where such outstanding notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of the exchange notes. Please read Plan of Distribution for more details regarding the transfer of exchange notes.

Terms of the Exchange Offer

On the terms and subject to the conditions set forth in this prospectus and in the accompanying letters of transmittal, we will accept for exchange in the exchange offer any outstanding notes that are validly tendered and not validly withdrawn prior to the expiration date. Outstanding notes may only be tendered in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess of \$2,000. We will issue exchange notes in principal amount identical to

outstanding notes surrendered in the exchange offer. The form and terms of the exchange notes will be identical in all material respects to the form and terms of the outstanding notes except the exchange notes will be registered under the Securities Act, will not bear legends restricting their transfer and will not provide for any additional interest upon our failure to fulfill our obligations under the registration rights agreement to complete the exchange offer, or file, and cause to be effective, a shelf registration statement, if required thereby, within the specified time period. The exchange notes will evidence the same debt as the outstanding notes. The exchange notes will be issued under and entitled to the benefits of the indenture that authorized the issuance of the outstanding notes. For a description of the indenture, see Description of the Notes.

The exchange offer is not conditioned upon any minimum aggregate principal amount of outstanding notes being tendered for exchange.

Table of Contents

This prospectus and the letters of transmittal are being sent to all registered holders of outstanding notes. There will be no fixed record date for determining registered holders of outstanding notes entitled to participate in the exchange offer. We intend to conduct the exchange offer in accordance with the provisions of the registration rights agreement, the applicable requirements of the Exchange Act and the rules and regulations of the SEC. Outstanding notes that are not tendered for exchange in the exchange offer will remain outstanding and continue to accrue interest and will be entitled to the rights and benefits such holders have under the indenture relating to such holders' series of outstanding notes and the applicable registration rights agreement except we will not have any further obligation to you to provide for the registration of the outstanding notes under the registration rights agreement.

We will be deemed to have accepted for exchange properly tendered outstanding notes when we have given oral or written notice of the acceptance to the exchange agent. The exchange agent will act as agent for the tendering holders for the purposes of receiving the exchange notes from us and delivering exchange notes to holders. Subject to the terms of the registration rights agreement, we expressly reserve the right to amend or terminate the exchange offer and to refuse to accept the occurrence of any of the conditions specified below under **Conditions to the Exchange Offer**.

If you tender your outstanding notes in the exchange offer, you will not be required to pay brokerage commissions or fees or, subject to the instructions in the letter of transmittal, transfer taxes with respect to the exchange of outstanding notes. We will pay all charges and expenses, other than certain applicable taxes described below in connection with the exchange offer. It is important that you read **Fees and Expenses** below for more details regarding fees and expenses incurred in the exchange offer.

Expiration Date, Extensions and Amendments

As used in this prospectus, the term **expiration date** means 5:00 p.m., New York City time, on, November 3, 2011. However, if we, in our sole discretion, extend the period of time for which the exchange offer is open, the term **expiration date** will mean the latest time and date to which we shall have extended the expiration of the exchange offer.

We expressly reserve the right at any time or at various times to extend the period of time during which the exchange offer are open. Consequently, we may delay acceptance of any outstanding notes by giving oral or written notice of such extension to their holders. We will return any outstanding notes that it does not accept for exchange for any reason without expense to their tendering holder promptly after the expiration or termination of the exchange offer. To extend the period of time during which the exchange offer is open, we will notify the exchange agent of any extension by oral or written notice, followed by notification by press release or other public announcement to the registered holders of the outstanding notes no later than 9:00 a.m., New York City time, on the next business day after the previously scheduled expiration date.

We expressly reserve the right to amend or terminate any of the exchange offer and to reject for exchange any outstanding notes not previously accepted for exchange, upon the occurrence of any of the conditions of the exchange offer specified above. We will give oral or written notice of any extension, amendment, non-acceptance or termination to the holders of the outstanding notes as promptly as practicable. In the case of any extension, such notice will be issued no later than 9:00 a.m., New York City time, on the next business day after the previously scheduled expiration date.

Any delay in acceptance, extension, termination or amendment will be followed as promptly as practicable by oral or written notice to the registered holders of the outstanding notes. If we amend the exchange offer in a manner that we determine to constitute a material change, it will promptly disclose the amendment in a manner reasonably calculated to inform the holders of applicable outstanding notes of that amendment.

Conditions to the Exchange Offer

Despite any other term of the exchange offer, we will not be required to accept for exchange, or to issue exchange notes in exchange for, any outstanding notes and it may terminate or amend the exchange offer as provided in this prospectus prior to the expiration date if in our reasonable judgment:

the exchange offer or the making of any exchange by a holder violates any applicable law or interpretation of the SEC; or

any action or proceeding has been instituted or threatened in writing in any court or by or before any governmental agency with respect to the exchange offer that, in our judgment, would reasonably be expected to impair our ability to proceed with the exchange offer.

In addition, we will not be obligated to accept for exchange the outstanding notes of any holder that has not made to us:

the representations described under Purpose and Effect of the Exchange Offer, Procedures for Tendering Outstanding Notes and Plan of Distribution ; or

any other representations as may be reasonably necessary under applicable SEC rules, regulations or interpretations to make available to us an appropriate form for registration of the exchange notes under the Securities Act.

In addition, we will not accept for exchange any outstanding notes tendered, and will not issue exchange notes in exchange for any such outstanding notes, if at such time any stop order is threatened or in effect with respect to the registration statement of which this prospectus constitutes a part or the qualification of the applicable indenture under the Trust Indenture Act of 1939 (the TIA).

These conditions are for our sole benefit, and we may assert them regardless of the circumstances that may give rise to them or waive them in whole or in part at any or at various times prior to the expiration date in our sole discretion. If we fail at any time to exercise any of the foregoing rights, this failure will not constitute a waiver of such right. Each such right will be deemed an ongoing right that it may assert at any time or at various times prior to the expiration date.

Procedures for Tendering Outstanding Notes

To tender your outstanding notes in the exchange offer, you must comply with either of the following:

complete, sign and date the letter of transmittal, or a facsimile of the letter of transmittal, have the signature(s) on the letter of transmittal guaranteed if required by the letter of transmittal and mail or

deliver such letter of transmittal or facsimile thereof to the exchange agent at the address set forth below under Exchange Agent prior to the expiration date; or

comply with DTC s Automated Tender Offer Program procedures described below.

In addition, either:

the exchange agent must receive certificates for outstanding notes along with the letter of transmittal prior to the expiration date;

the exchange agent must receive a timely confirmation of book-entry transfer of outstanding notes into the exchange agent's account at DTC according to the procedures for book-entry transfer described below or a properly transmitted agent's message prior to the expiration date; or

you must comply with the guaranteed delivery procedures described below.

Your tender, if not withdrawn prior to the expiration date, constitutes an agreement between us and you upon the terms and subject to the conditions described in this prospectus and in the letter of transmittal.

The method of delivery of outstanding notes, letters of transmittal and all other required documents to the exchange agent is at your election and risk. We recommend that instead of delivery by mail, you use an overnight or hand delivery service, properly insured. In all cases, you should allow sufficient time to assure timely delivery to the exchange agent before the expiration date. You should not send letters of transmittal or certificates representing

Table of Contents

outstanding notes to us. You may request that your broker, dealer, commercial bank, trust company or nominee effect the above transactions for you.

If you are a beneficial owner whose outstanding notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee and you wish to tender your outstanding notes, you should promptly contact the registered holder and instruct the registered holder to tender on your behalf. If you wish to tender the outstanding notes yourself, you must, prior to completing and executing the letter of transmittal and delivering your outstanding notes, either:

make appropriate arrangements to register ownership of the outstanding notes in your name; or

obtain a properly completed bond power from the registered holder of outstanding notes.

The transfer of registered ownership may take considerable time and may not be able to be completed prior to the expiration date.

Signatures on the letter of transmittal or a notice of withdrawal, as the case may be, must be guaranteed by a member firm of a registered national securities exchange or of the Financial Industry Regulatory Authority, Inc., a commercial bank or trust company having an office or correspondent in the United States or another eligible guarantor institution within the meaning of Rule 17A(d)-15 under the Exchange Act unless the outstanding notes surrendered for exchange are tendered:

by a registered holder of the outstanding notes who has not completed the box entitled Special Registration Instructions or Special Delivery Instructions on the letter of transmittal; or

for the account of an eligible guarantor institution.

If the letter of transmittal is signed by a person other than the registered holder of any outstanding notes listed on the outstanding notes, such outstanding notes must be endorsed or accompanied by a properly completed bond power. The bond power must be signed by the registered holder as the registered holder's name appears on the outstanding notes, and an eligible guarantor institution must guarantee the signature on the bond power.

If the letter of transmittal, any certificates representing outstanding notes or bond powers are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, those persons should also indicate when signing and, unless waived by us, they should also submit evidence satisfactory to us of their authority to so act.

The exchange agent and DTC have confirmed that any financial institution that is a participant in DTC's system may use DTC's Automated Tender Offer Program to tender outstanding notes. Participants in the program may, instead of physically completing and signing the letter of transmittal and delivering it to the exchange agent, electronically transmit their acceptance of the exchange by causing DTC to transfer the outstanding notes to the exchange agent in accordance with DTC's Automated Tender Offer Program procedures for transfer. DTC will then send an agent's message to the exchange agent. The term agent's message means a message transmitted by DTC, received by the exchange agent and forming part of the book-entry confirmation, which states that:

DTC has received an express acknowledgment from a participant in its Automated Tender Offer Program that is tendering outstanding notes that are the subject of the book-entry confirmation;

the participant has received and agrees to be bound by the terms of the letter of transmittal, or in the case of an agent's message relating to guaranteed delivery, that such participant has received and agrees to be bound by the notice of guaranteed delivery; and

we may enforce that agreement against such participant. DTC is referred to herein as a book-entry transfer facility.

Acceptance of Exchange Notes

In all cases, we will promptly issue exchange notes for outstanding notes that it has accepted for exchange under the exchange offer only after the exchange agent timely receives:

outstanding notes or a timely book-entry confirmation of such outstanding notes into the exchange agent's account at the book-entry transfer facility; and

a properly completed and duly executed letter of transmittal and all other required documents or a properly transmitted agent's message.

By tendering outstanding notes pursuant to the exchange offer, you will represent to us that, among other things:

you are not our affiliate within the meaning of Rule 405 under the Securities Act;

you do not have an arrangement or understanding with any person or entity to participate in a distribution of the exchange notes; and

you are acquiring the exchange notes in the ordinary course of your business.

In addition, each broker-dealer that is to receive exchange notes for its own account in exchange for outstanding notes must represent that such outstanding notes were acquired by that broker-dealer as a result of market-making activities or other trading activities and must acknowledge that it will deliver a prospectus that meets the requirements of the Securities Act in connection with any resale of the exchange notes. The letters of transmittal state that by so acknowledging and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act. See Plan of Distribution.

We will interpret the terms and conditions of the exchange offer, including the letters of transmittal and the instructions to the letters of transmittal, and will resolve all questions as to the validity, form, eligibility, including time of receipt and acceptance of outstanding notes tendered for exchange. Our determinations in this regard will be final and binding on all parties. We reserve the absolute right to reject any and all tenders of any particular outstanding notes not properly tendered or to not accept any particular outstanding notes if the acceptance might, in its or its counsel's judgment, be unlawful. We also reserve the absolute right to waive any defects or irregularities as to any particular outstanding notes prior to the expiration date.

Unless waived, any defects or irregularities in connection with tenders of outstanding notes for exchange must be cured within such reasonable period of time as we determine. Neither we, the exchange agent nor any other person will be under any duty to give notification of any defect or irregularity with respect to any tender of outstanding notes for exchange, nor will any of them incur any liability for any failure to give notification. Any outstanding notes received by the exchange agent that are not properly tendered and as to which the irregularities have not been cured or waived will be returned by the exchange agent to the tendering holder, unless otherwise provided in the letter of transmittal, promptly after the expiration date.

Book-Entry Delivery Procedures

Promptly after the date of this prospectus, the exchange agent will establish an account with respect to the outstanding notes at DTC and, as the book-entry transfer facility, for purposes of the exchange offer. Any financial institution that is a participant in the book-entry transfer facility's system may make book-entry delivery of the outstanding notes by

causing the book-entry transfer facility to transfer those outstanding notes into the exchange agent's account at the facility in accordance with the facility's procedures for such transfer. To be timely, book-entry delivery of outstanding notes requires receipt of a confirmation of a book-entry transfer, a book-entry confirmation, prior to the expiration date. In addition, although delivery of outstanding notes may be effected through book-entry transfer into the exchange agent's account at the book-entry transfer facility, the letter of transmittal or a manually signed facsimile thereof, together with any required signature guarantees and any other required documents, or an agent's message, as defined below, in connection with a book-entry transfer, must, in any case, be delivered or transmitted to and received by the exchange agent at its address set forth on the cover page of the letter of transmittal prior to the expiration date to receive exchange notes for tendered outstanding notes, or the

Table of Contents

guaranteed delivery procedure described below must be complied with. Tender will not be deemed made until such documents are received by the exchange agent. Delivery of documents to the book-entry transfer facility does not constitute delivery to the exchange agent.

Holders of outstanding notes who are unable to deliver confirmation of the book-entry tender of their outstanding notes into the exchange agent's account at the book-entry transfer facility or all other documents required by the letter of transmittal to the exchange agent on or prior to the expiration date must tender their outstanding notes according to the guaranteed delivery procedures described below.

Guaranteed Delivery Procedures

If you wish to tender your outstanding notes but your outstanding notes are not immediately available or you cannot deliver your outstanding notes, the letter of transmittal or any other required documents to the exchange agent or comply with the procedures under DTC's Automatic Tender Offer Program in the case of outstanding notes, prior to the expiration date, you may still tender if:

the tender is made through an eligible guarantor institution;

prior to the expiration date, the exchange agent receives from such eligible guarantor institution either a properly completed and duly executed notice of guaranteed delivery, by facsimile transmission, mail, or hand delivery or a properly transmitted agent's message and notice of guaranteed delivery, that (1) sets forth your name and address, the certificate number(s) of such outstanding notes and the principal amount of outstanding notes tendered; (2) states that the tender is being made thereby; and (3) guarantees that, within three New York Stock Exchange trading days after the expiration date, the letter of transmittal, or facsimile thereof, together with the outstanding notes or a book-entry confirmation, and any other documents required by the letter of transmittal, will be deposited by the eligible guarantor institution with the exchange agent; and

the exchange agent receives the properly completed and executed letter of transmittal or facsimile thereof, as well as certificate(s) representing all tendered outstanding notes in proper form for transfer or a book-entry confirmation of transfer of the outstanding notes into the exchange agent's account at DTC and all other documents required by the letter of transmittal within three New York Stock Exchange trading days after the expiration date.

Upon request, the exchange agent will send to you a notice of guaranteed delivery if you wish to tender your outstanding notes according to the guaranteed delivery procedures.

Withdrawal Rights

Except as otherwise provided in this prospectus, you may withdraw your tender of outstanding notes at any time prior to 5:00 p.m., New York City time, on the expiration date.

For a withdrawal to be effective:

the exchange agent must receive a written notice, which may be by telegram, telex, facsimile or letter, of withdrawal at its address set forth below under "Exchange Agent"; or

you must comply with the appropriate procedures of DTC's Automated Tender Offer Program system.

Any notice of withdrawal must:

specify the name of the person who tendered the outstanding notes to be withdrawn;

identify the outstanding notes to be withdrawn, including the certificate numbers and principal amount of the outstanding notes; and

where certificates for outstanding notes have been transmitted, specify the name in which such outstanding notes were registered, if different from that of the withdrawing holder.

Table of Contents

If certificates for outstanding notes have been delivered or otherwise identified to the exchange agent, then, prior to the release of such certificates, you must also submit:

the serial numbers of the particular certificates to be withdrawn; and

a signed notice of withdrawal with signatures guaranteed by an eligible institution unless you are an eligible guarantor institution.

If outstanding notes have been tendered pursuant to the procedures for book-entry transfer described above, any notice of withdrawal must specify the name and number of the account at the book-entry transfer facility to be credited with the withdrawn outstanding notes and otherwise comply with the procedures of the facility. We will determine all questions as to the validity, form and eligibility, including time of receipt of notices of withdrawal, and our determination will be final and binding on all parties. Any outstanding notes so withdrawn will be deemed not to have been validly tendered for exchange for purposes of the exchange offer. Any outstanding notes that have been tendered for exchange but that are not exchanged for any reason will be returned to their holder, without cost to the holder, or, in the case of book-entry transfer, the outstanding notes will be credited to an account at the book-entry transfer facility, promptly after withdrawal, rejection of tender or termination of the exchange offer. Properly withdrawn outstanding notes may be retendered by following the procedures described under Procedures for Tendering Outstanding Notes above at any time on or prior to the expiration date.

Fees and Expenses

The registration rights agreement provides that we will bear all expenses in connection with the performance of our obligations relating to the registration of the exchange notes and the conduct of the exchange offer. These expenses include registration and filing fees, accounting and legal fees and printing costs, among others. We will pay the exchange agent reasonable and customary fees for its services and reasonable out-of-pocket expenses. We will also reimburse brokerage houses and other custodians, nominees and fiduciaries for customary mailing and handling expenses incurred by them in forwarding this prospectus and related documents to their clients that are holders of outstanding notes and for handling or tendering for such clients.

Table of Contents

We have not retained any dealer-manager in connection with the exchange offer and will not pay any fee or commission to any broker, dealer, nominee or other person, other than the exchange agent, for soliciting tenders of outstanding notes pursuant to the exchange offer.

Accounting Treatment

We will record the exchange notes in our accounting records at the same carrying value as the outstanding notes, which is the aggregate principal amount as reflected in our accounting records on the date of exchanges. Accordingly, we will not recognize any gain or loss for accounting purposes upon the consummation of the exchange offer. We will record the expenses of the exchange offer as incurred.

Transfer Taxes

We will pay all transfer taxes, if any, applicable to the exchanges of outstanding notes under the exchange offer. The tendering holder, however, will be required to pay any transfer taxes, whether imposed on the registered holder or any other person, if:

certificates representing outstanding notes for principal amounts not tendered or accepted for exchange are to be delivered to, or are to be issued in the name of, any person other than the registered holder of outstanding notes tendered;

tendered outstanding notes are registered in the name of any person other than the person signing the letter of transmittal; or

a transfer tax is imposed for any reason other than the exchange of outstanding notes under the exchange offer.

If satisfactory evidence of payment of such taxes is not submitted with the letter of transmittal, the amount of such transfer taxes will be billed to that tendering holder.

Holders who tender their outstanding notes for exchange will not be required to pay any transfer taxes. However, holders who instruct us to register exchange notes in the name of, or request that outstanding notes not tendered or not accepted in the exchange offer be returned to, a person other than the registered tendering holder will be required to pay any applicable transfer tax.

Consequences of Failure to Exchange

If you do not exchange your outstanding notes for exchange notes under the exchange offer, your outstanding notes will remain subject to the restrictions on transfer of such outstanding notes:

as set forth in the legend printed on the outstanding notes as a consequence of the issuance of the outstanding notes pursuant to the exemptions from, or in transactions not subject to, the registration requirements of the Securities Act and applicable state securities laws; and

as otherwise set forth in the offering memoranda distributed in connection with the private offerings of the outstanding notes.

In general, you may not offer or sell your outstanding notes unless they are registered under the Securities Act or if the offer or sale is exempt from registration under the Securities Act and applicable state securities laws. Except as required by the registration rights agreement, we do not intend to register resales of the outstanding notes under the

Securities Act.

Other

Participating in the exchange offer is voluntary, and you should carefully consider whether to accept. You are urged to consult your financial and tax advisors in making your own decision on what action to take.

We may in the future seek to acquire untendered outstanding notes in open market or privately negotiated transactions, through a subsequent exchange offer or otherwise. We have no present plans to acquire any outstanding notes that are not tendered in the exchange offer or to file a registration statement to permit resales of any untendered outstanding notes.

Table of Contents

DESCRIPTION OF THE NOTES

Certain terms used in this description are defined under the subheading *Certain Definitions*. In this description, the terms *we*, *our*, *us* and *the Company* each refer to HCA Holdings, Inc. (the *Issuer*) and its consolidated Subsidiaries. The Issuer issued the Notes under an indenture, dated as of November 23, 2010, between the Issuer and Law Debenture Trust Company of New York, as *Trustee* and Deutsche Bank Trust Company Americas, as Paying Agent, Registrar and Transfer Agent. We will refer to the indenture, together with all supplements, as the *Indenture*.

The following is a summary of certain provisions of the Indenture and of the Notes (the *Notes*). This summary does not purport to be complete and is subject to, and qualified by, the Indenture. The terms of the Notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended. We urge you to read the Indenture because it, and not this description, will define your rights as Holders of the Notes. You may request copies of the Indenture at the address set forth under the heading *Summary*.

Ranking and Holding Company Structure

The Notes are:

- unsecured senior obligations of the Issuer;
- equal in right of payment to any future senior Indebtedness of the Issuer;
- senior in right of payment to any future Subordinated Indebtedness of the Issuer; and
- are structurally subordinated in right of payment to all Indebtedness of the Issuer's Subsidiaries.

The Indebtedness evidenced by the Notes is unsecured and will rank equally with any other unsecured and unsubordinated indebtedness the Issuer may incur in the future. The Notes are not guaranteed by any of the Issuer's Subsidiaries. The Issuer's future secured Indebtedness and other future secured obligations will be effectively senior to the Notes to the extent of the value of the assets securing such other secured Indebtedness and other obligations.

The Issuer is a holding company for its Subsidiaries, with no material operations of its own and only limited assets. Accordingly, the Issuer is dependent upon the distribution of the earnings of its Subsidiaries, whether in the form of dividends, advances or payments on account of intercompany obligations, to service its debt obligations. Additionally, claims of such Subsidiaries' creditors, including trade creditors and claims of preferred stockholders (if any) of such Subsidiaries, generally will have priority with respect to the assets and earnings of such Subsidiaries over the claims of the Issuer's creditors, including holders of the Notes. The Notes, therefore, are structurally subordinated to creditors (including trade creditors) and preferred stockholders (if any) of our Subsidiaries, including HCA Inc. As of June 30, 2011, on an as adjusted basis after giving effect to the subsequent financing transactions, HCA Inc. and its Subsidiaries would have had Indebtedness of \$26.385 billion outstanding, of which \$18.059 billion would have been secured.

The Indenture limits the Issuer's ability and that of certain of our Subsidiaries under certain circumstances to secure Indebtedness by Mortgages on our Principal Properties and to enter into Sale and Lease-Back Transactions and limits certain of our Subsidiaries' ability to issue Indebtedness or Preferred Stock. In a liquidation or reorganization of any of our Subsidiaries, the right of holders of the Notes to participate in any distribution is subject to the prior claims of creditors of that subsidiary, except to the extent that we are a creditor.

Principal, Maturity and Interest

The Issuer issued \$1.525 billion of the Notes in a private transaction that was not subject to the registration requirements of the Securities Act. The Notes will mature on May 15, 2021. The Notes will bear interest at the rate of 7¾% per annum, computed on the basis of a 360-day year of twelve 30-day months, commencing on the Issue Date. Interest will be payable twice a year on May 15 and November 15, beginning on May 15, 2011. Interest payable on any Note that is punctually paid or duly provided for on any interest payment date shall be paid to the

person in whose name such Note is registered at the close of business on May 1 and November 1, as the case may be, preceding such interest payment date.

The Issuer may issue additional Notes from time to time under the Indenture (any such Notes, *Additional Notes*). The Notes and any Additional Notes subsequently issued under the Indenture will be treated as a single class for all purposes under the Indenture, including waivers, amendments, redemptions and offers to purchase. Unless the context requires otherwise, references to Notes for all purposes of the Indenture and this Description of the Notes include any Additional Notes that are actually issued.

The Notes will be issued in book-entry form only.

Additional Interest

Additional Interest may accrue on the Notes in certain circumstances pursuant to the Registration Rights Agreement. All references in the Indenture, in any context, to any interest or other amount payable on or with respect to the Notes shall be deemed to include any Additional Interest pursuant to the Registration Rights Agreement. Principal of, premium, if any, and interest on the Notes will be payable at the office or agency of the Issuer maintained for such purpose within the City and State of New York or, at the option of the Issuer, payment of interest may be made by check mailed to the Holders of the Notes at their respective addresses set forth in the register of Holders; *provided* that all payments of principal, premium, if any, and interest with respect to the Notes represented by one or more global notes registered in the name of or held by DTC or its nominee will be made by wire transfer of immediately available funds to the accounts specified by the Holder or Holders thereof. Until otherwise designated by the Issuer, the Issuer's office or agency in New York will be the office of the Registrar and Paying Agent maintained for such purpose.

Mandatory Redemption; Offers to Purchase; Open Market Purchases

The Issuer will not be required to make any mandatory redemption or sinking fund payments with respect to the Notes. However, under certain circumstances, the Issuer may be required to offer to purchase Notes as described under the caption Repurchase at the Option of Holders. The Issuer may at any time and from time to time purchase Notes in the open market or otherwise.

Optional Redemption

Except as set forth below, the Issuer is not entitled to redeem Notes at its option prior to November 15, 2015.

At any time prior to November 15, 2015, the Issuer may redeem all or a part of the Notes, upon not less than 30 nor more than 60 days prior notice mailed by first-class mail to the registered address of each Holder or otherwise in accordance with the procedures of DTC, at a redemption price equal to 100% of the principal amount of the Notes redeemed plus the Applicable Premium as of, and accrued and unpaid interest and Additional Interest, if any, to the date of redemption (the *Redemption Date*), subject to the rights of Holders of the Notes on the relevant record date to receive interest due on the relevant interest payment date.

On and after November 15, 2015 the Issuer may redeem the Notes, in whole or in part, upon not less than 30 nor more than 60 days prior notice mailed by first-class mail to the registered address of each Holder or otherwise in accordance with the procedures of DTC, at the redemption prices (expressed as percentages of principal amount of the Notes to be redeemed) set forth below, plus accrued and unpaid interest thereon and Additional Interest, if any, to the applicable Redemption Date, subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date, if redeemed during the twelve-month period beginning on November 15 of each of the years indicated below:

Year	Percentage
2015	103.875%
2016	102.583%
2017	101.292%
2018 and thereafter	100.000%

Table of Contents

In addition, until November 15, 2013, the Issuer may, at its option, on one or more occasions redeem up to 35% of the aggregate principal amount of Notes and Additional Notes at a redemption price equal to 107.750% of the aggregate principal amount thereof, plus accrued and unpaid interest thereon and Additional Interest, if any, to the applicable Redemption Date, subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date, with the net cash proceeds of one or more Equity Offerings; *provided* that at least 50% of the sum of the original aggregate principal amount of Notes issued under the Indenture and the original principal amount of any Additional Notes that are Notes issued under the Indenture after the Issue Date remains outstanding immediately after the occurrence of each such redemption; *provided further* that each such redemption occurs within 90 days of the date of closing of each such Equity Offering.

Any notice of any redemption may be given prior to the redemption thereof, and any such redemption or notice may, at the Issuer's discretion, be subject to one or more conditions precedent, including, but not limited to, completion of an Equity Offering or other corporate transaction.

If the Issuer redeems less than all of the outstanding notes, the Registrar and Paying Agent shall select the notes to be redeemed in the manner described under Repurchase at the Option of Holders Selection and Notice.

Denominations, Registration and Transfer

The Issuer has issued the Notes in registered form and in denominations of \$2,000 and any integral multiple of \$1,000 in excess thereof. You will be able to exchange the Notes of any series (other than a global Note) for an equal aggregate principal amount of registered Notes of the same series having the same maturity date, interest rate and other terms, as long as the Notes are issued in authorized denominations. You may exchange the Notes at the office of the security registrar or co-security registrar that we have designated. We will not impose any service charge for the exchange of any Indebtedness security; however, we may ask you to pay any taxes and other governmental charges as described in the Indenture. The security registrar or co-security registrar will effect the exchange when satisfied with your documents of title and identity. We have appointed the Trustee as security registrar.

Transfer of the Notes at the Option of the Issuer

At any time prior to the maturity of the Notes, the Issuer may elect to have obligations under the Notes and the Indenture assumed by HCA Inc.; *provided, however*, that such transfer, merger or other assumption results in the full and unconditional obligation of HCA Inc. under the Notes and the Indenture. In such event, references herein to the Issuer shall instead refer to HCA Inc.

Repurchase at the Option of Holders

Change of Control

The Notes provide that if a Change of Control occurs, unless the Issuer has previously or concurrently mailed a redemption notice with respect to all the outstanding Notes as described under Optional Redemption, the Issuer will make an offer to purchase all of the Notes pursuant to the offer described below (the *Change of Control Offer*) at a price in cash (the *Change of Control Payment*) equal to 101% of the aggregate principal amount thereof plus accrued and unpaid interest, if any, to the date of purchase, subject to the right of Holders of the Notes of record on the relevant record date to receive interest due on the relevant interest payment date. Within 30 days following any Change of Control, the Issuer will send notice of such Change of Control Offer by first-class mail, with a copy to the Trustee and the Registrar, to each Holder of Notes to the address of such Holder appearing in the security register with a copy to the Trustee and the Registrar or otherwise in accordance with the procedures of DTC, with the following information:

(1) that a Change of Control Offer is being made pursuant to the covenant entitled *Change of Control* and that all Notes properly tendered pursuant to such Change of Control Offer will be accepted for payment by the Issuer;

(2) the purchase price and the purchase date, which will be no earlier than 30 days nor later than 60 days from the date such notice is mailed (the *Change of Control Payment Date*);

Table of Contents

- (3) that any Note not properly tendered will remain outstanding and continue to accrue interest;
- (4) that unless the Issuer defaults in the payment of the Change of Control Payment, all Notes accepted for payment pursuant to the Change of Control Offer will cease to accrue interest on the Change of Control Payment Date;
- (5) that Holders electing to have any Notes purchased pursuant to a Change of Control Offer will be required to surrender such Notes, with the form entitled *Option of Holder to Elect Purchase* on the reverse of such Notes completed, to the paying agent specified in the notice at the address specified in the notice prior to the close of business on the third Business Day preceding the Change of Control Payment Date;
- (6) that Holders will be entitled to withdraw their tendered Notes and their election to require the Issuer to purchase such Notes; *provided* that the paying agent receives, not later than the close of business on the 30th day following the date of the Change of Control notice, a telegram, facsimile transmission or letter setting forth the name of the Holder of the Notes, the principal amount of Notes tendered for purchase, and a statement that such Holder is withdrawing its tendered Notes and its election to have such Notes purchased;
- (7) that Holders tendering less than all of their Notes will be issued new Notes and such new Notes will be equal in principal amount to the unpurchased portion of the Notes surrendered. The unpurchased portion of the Notes must be equal to \$2,000 or an integral multiple of \$1,000 in excess thereof; and
- (8) the other instructions, as determined by us, consistent with the covenant described hereunder, that a Holder must follow.

The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws or regulations are applicable in connection with the repurchase of Notes pursuant to a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the Indenture, the Issuer will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the Indenture by virtue thereof.

On the Change of Control Payment Date, the Issuer will, to the extent permitted by law,

- (1) accept for payment all Notes issued by it or portions thereof properly tendered pursuant to the Change of Control Offer;
- (2) deposit with the paying agent an amount equal to the aggregate Change of Control Payment in respect of all Notes or portions thereof so tendered; and
- (3) deliver, or cause to be delivered, to the Trustee for cancellation the Notes so accepted together with an Officer's Certificate to the Trustee stating that such Notes or portions thereof have been tendered to and purchased by the Issuer.

Existing indebtedness of HCA Inc. limits, and future indebtedness of HCA Inc. and its Subsidiaries may prohibit or limit, the Issuer from purchasing any Notes as a result of a Change of Control. In the event a Change of Control occurs at a time when the Issuer is prohibited from purchasing the Notes, HCA Inc. could seek the consent of its lenders and noteholders to permit the purchase of the Notes or could attempt to refinance the borrowings that contain such prohibition. If HCA Inc. does not obtain such consent or repay such borrowings, the Issuer will remain prohibited from purchasing the Notes. In such case, the Issuer's failure to purchase tendered Notes would constitute an Event of Default under the Indenture.

The Issuer's ability to pay cash to the Holders of the Notes following the occurrence of a Change of Control may be limited by its then-existing financial resources. Therefore, sufficient funds may not be available when necessary to make any required repurchases.

The Change of Control purchase feature of the Notes may in certain circumstances make more difficult or discourage a sale or takeover of us and, thus, the removal of incumbent management. The Change of Control purchase feature is a result of negotiations between the Initial Purchasers and us. After the Issue Date, we have no present intention to engage in a transaction involving a Change of Control, although it is possible that we could

Table of Contents

decide to do so in the future. Subject to the limitations discussed below, we could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control under the Indenture, but that could increase the amount of indebtedness outstanding at such time or otherwise affect our capital structure or credit ratings. Such restrictions in the Indenture can be waived only with the consent of the Holders of a majority in principal amount of the Notes then outstanding. Except for the limitations contained in such covenants, however, the Indenture will not contain any covenants or provisions that may afford Holders of the Notes protection in the event of a highly leveraged transaction.

The Issuer will not be required to make a Change of Control Offer following a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by us and purchases all Notes validly tendered and not withdrawn under such Change of Control Offer. Notwithstanding anything to the contrary herein, a Change of Control Offer may be made in advance of a Change of Control, conditional upon such Change of Control, if a definitive agreement is in place for the Change of Control at the time of making of the Change of Control Offer.

The definition of *Change of Control* includes a disposition of all or substantially all of the assets of the Issuer to any Person. Although there is a limited body of case law interpreting the phrase *substantially all*, there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve a disposition of *all or substantially all* of the assets of the Issuer. As a result, it may be unclear as to whether a Change of Control has occurred and whether a Holder of Notes may require the Issuer to make an offer to repurchase the Notes as described above.

The provisions under the Indenture relating to the Issuer's obligation to make an offer to repurchase the Notes as a result of a Change of Control may be waived or modified with the written consent of the Holders of a majority in principal amount of the Notes.

Selection and Notice

If the Issuer is redeeming less than all of the Notes issued by it at any time, the Registrar and Paying Agent will select the Notes to be redeemed (a) if the Notes are listed on any national securities exchange, in compliance with the requirements of the principal national securities exchange on which the Notes are listed, (b) on a pro rata basis to the extent practicable or (c) by lot or such other similar method in accordance with the procedures of DTC.

Notices of purchase or redemption shall be mailed by first-class mail, postage prepaid, at least 30 but not more than 60 days before the purchase or Redemption Date to each Holder of Notes at such Holder's registered address or otherwise in accordance with the procedures of DTC, except that redemption notices may be mailed more than 60 days prior to a Redemption Date if the notice is issued in connection with a defeasance of the Notes or a satisfaction and discharge of the Indenture. If any Note is to be purchased or redeemed in part only, any notice of purchase or redemption that relates to such Note shall state the portion of the principal amount thereof that has been or is to be purchased or redeemed.

The Issuer will issue a new Note in a principal amount equal to the unredeemed portion of the original Note in the name of the Holder upon cancellation of the original Note. Notes called for redemption become due on the date fixed for redemption. On and after the Redemption Date, interest ceases to accrue on Notes or portions thereof called for redemption.

Certain Covenants

Set forth below are summaries of certain covenants contained in the Indenture.

Covenant Termination

From and after any date following the Issue Date on which both, (A) no Default has occurred and is continuing under the Indenture and (B) either (i) the Issuer shall have consummated a Qualified IPO, (ii) the Issuer shall have a Consolidated Leverage Ratio of less than 4.0x or (iii) at the Issuer's option, the Issuer's obligations under the Notes and the Indenture are assumed (via merger, exchange or otherwise) and become the full and unconditional

obligation of HCA Inc. in accordance with the terms set forth above under *Transfer of the Notes at the Option of the Issuer* (each of the occurrence of the events described in the foregoing clauses (A) and (B)(i)-(iii) are referred to as a *Covenant Termination Event*), the Issuer and the Restricted Subsidiaries will no longer be subject to the *Limitation on Restricted Payments* covenant. A Covenant Termination Event occurred on March 9, 2011 upon completion of a Qualified IPO by the Issuer.

Covenant Suspension

If on any date following the Issue Date (i) the Notes have Investment Grade Ratings from both Rating Agencies and (ii) no Default has occurred and is continuing under the Indenture (the occurrence of the events described in the foregoing clauses (i) and (ii) being collectively referred to as a *Covenant Suspension Event*), the Issuer and the Restricted Subsidiaries will not be subject to the *Repurchase at the Option of Holders* *Change of Control* covenant (the *Suspended Covenant*).

In the event that the Issuer and the Restricted Subsidiaries are not subject to the Suspended Covenant under the Indenture for any period of time as a result of the foregoing, and on any subsequent date (the *Reversion Date*) one or both of the Rating Agencies (a) withdraw their Investment Grade Rating or downgrade the rating assigned to the Notes below an Investment Grade Rating and/or (b) the Issuer or any of its Affiliates enters into an agreement to effect a transaction that would result in a Change of Control and one or more of the Rating Agencies indicate that if consummated, such transaction (alone or together with any related recapitalization or refinancing transactions) would cause such Rating Agency to withdraw its Investment Grade Rating or downgrade the ratings assigned to the Notes below an Investment Grade Rating, then the Issuer and the Restricted Subsidiaries will thereafter again be subject to the Suspended Covenant under the Indenture with respect to future events, including, without limitation, a proposed transaction described in clause (b) above.

The period of time between the Suspension Date and the Reversion Date is referred to in this description as the *Suspension Period*. In the event of any such reinstatement, no action taken or omitted to be taken by the Issuer or any of its Restricted Subsidiaries prior to such reinstatement will give rise to a Default or Event of Default under the Indenture with respect to the Notes.

There can be no assurance that the Notes will ever achieve or maintain Investment Grade Ratings.

Limitation on Restricted Payments

As noted above, the following covenant no longer applies to the Issuer and its Restricted Subsidiaries. The Issuer will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly:

(I) declare or pay any dividend or make any payment or distribution on account of the Issuer's, or any of its Restricted Subsidiaries' Equity Interests, including any dividend or distribution payable in connection with any merger or consolidation other than:

(a) dividends or distributions by the Issuer payable solely in Equity Interests (other than Disqualified Stock) of the Issuer; or

(b) dividends or distributions by a Restricted Subsidiary so long as, in the case of any dividend or distribution payable on or in respect of any class or series of securities issued by a Restricted Subsidiary other than a Wholly-Owned Subsidiary, the Issuer or a Restricted Subsidiary receives at least its pro rata share of such dividend or distribution in accordance with its Equity Interests in such class or series of securities; or

(II) purchase, redeem, defease or otherwise acquire or retire for value any Equity Interests of the Issuer or any direct or indirect parent of the Issuer, including in connection with any merger or consolidation

(all such payments and other actions set forth in clauses (I) and (II) above (other than any exception thereto) being collectively referred to as *Restricted Payments*), unless, at the time of such Restricted Payment:

(1) no Default shall have occurred and be continuing or would occur as a consequence thereof;

Table of Contents

(2) immediately after giving effect to such transaction on a pro forma basis, the Issuer and its Restricted Subsidiaries on a consolidated basis would have had a Fixed Charge Coverage Ratio of at least 2.00 to 1.00; and

(3) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by the Issuer and its Restricted Subsidiaries (including HCA Inc.) after November 17, 2006 (including Restricted Payments permitted by clauses (1), (2) (with respect to the payment of dividends on Refunding Capital Stock (as defined below) pursuant to clause (b) thereof only), (6)(c) and (9) of the next succeeding paragraph, but excluding all other Restricted Payments permitted by the next succeeding paragraph), is less than the sum of (without duplication):

(a) 50% of the Consolidated Net Income of the Issuer and, for the period prior to the Issue Date, of HCA Inc.) for the period (taken as one accounting period) beginning October 1, 2006, to the end of the Issuer's most recently ended fiscal quarter for which internal financial statements are available at the time of such Restricted Payment, or, in the case such Consolidated Net Income for such period is a deficit, minus 100% of such deficit; *plus*

(b) 100% of the aggregate net cash proceeds and the fair market value, as determined in good faith by the Issuer, of marketable securities or other property received by the Issuer and, for the period prior to the Issue Date, by HCA Inc., since immediately after November 17, 2006 from the issue or sale of:

(i) (A) Equity Interests of the Issuer and, for the period prior to the Issue Date, of HCA Inc., including Treasury Capital Stock (as defined below), but excluding cash proceeds and the fair market value, as determined in good faith by the Issuer, of marketable securities or other property received from the sale of:

(x) Equity Interests to members of management, directors or consultants of the Issuer, any direct or indirect parent company of the Issuer and the Issuer's or HCA Inc.'s Subsidiaries after November 17, 2006 to the extent such amounts have been applied to Restricted Payments made in accordance with clause (4) of the next succeeding paragraph; and

(y) Designated Preferred Stock; and

(B) to the extent such net cash proceeds are actually contributed to the Issuer, or, for the period prior to the Issue Date, to HCA Inc., Equity Interests of the Issuer's direct or indirect parent companies (excluding contributions of the proceeds from the sale of Designated Preferred Stock of such companies or contributions to the extent such amounts have been applied to Restricted Payments made in accordance with clause (4) of the next succeeding paragraph); or

(ii) debt securities of the Issuer and, for the period prior to the Issue Date, of HCA Inc. that have been converted into or exchanged for such Equity Interests of the Issuer and, for the period prior to the Issue Date, of HCA Inc.;

provided, however, that this clause (b) shall not include the proceeds from (V) Refunding Capital Stock (as defined below), (W) Equity Interests or convertible debt securities of the Issuer and, for the period prior to the Issue Date, of HCA Inc., sold to a Restricted Subsidiary, as the case may be, (X) Disqualified Stock or debt securities that have been converted into Disqualified Stock or (Y) Excluded Contributions; *plus*

(c) 100% of the aggregate amount of cash and the fair market value, as determined in good faith by the Issuer, of marketable securities or other property contributed to the capital of the Issuer and, for the period prior to the Issue Date, to the capital of HCA Inc., following November 17, 2006 (other than net cash proceeds to the extent such net cash proceeds (i) are contributed by a Restricted Subsidiary or (ii) constitute Excluded Contributions); *plus*

(d) 100% of the aggregate amount received in cash and the fair market value, as determined in good faith by the Issuer, of marketable securities or other property received by means of the sale (other than to the Issuer or a Restricted Subsidiary) of the stock of an Unrestricted Subsidiary or a distribution from an

Unrestricted Subsidiary or a dividend from an Unrestricted Subsidiary after November 17, 2006 (in each case, other than Unrestricted Subsidiaries the primary assets of which are Principal Property).

The foregoing provisions will not prohibit:

(1) the payment of any dividend within 60 days after the date of declaration thereof, if at the date of declaration such payment would have complied with the provisions of the Indenture;

(2) (a) the redemption, repurchase, retirement or other acquisition of any Equity Interests (*Treasury Capital Stock*) of the Issuer or any Equity Interests of any direct or indirect parent company of the Issuer, in exchange for, or out of the proceeds of the substantially concurrent sale (other than to a Restricted Subsidiary) of, Equity Interests of the Issuer or any direct or indirect parent company of the Issuer to the extent contributed to the Issuer (in each case, other than any Disqualified Stock) (*Refunding Capital Stock*) and (b) if immediately prior to the retirement of Treasury Capital Stock, the declaration and payment of dividends thereon was permitted under clause (6) of this paragraph, the declaration and payment of dividends on the Refunding Capital Stock (other than Refunding Capital Stock the proceeds of which were used to redeem, repurchase, retire or otherwise acquire any Equity Interests of any direct or indirect parent company of the Issuer) in an aggregate amount per year no greater than the aggregate amount of dividends per annum that were declarable and payable on such Treasury Capital Stock immediately prior to such retirement;

(3) *reserved*;

(4) a Restricted Payment to pay for the repurchase, retirement or other acquisition or retirement for value of Equity Interests (other than Disqualified Stock) of the Issuer or any of its direct or indirect parent companies held by any future, present or former employee, director or consultant of the Issuer, any of its Subsidiaries or any of its direct or indirect parent companies pursuant to any management equity plan or stock option plan or any other management or employee benefit plan or agreement; *provided, however*, that the aggregate Restricted Payments made under this clause (4) do not exceed in any calendar year \$75.0 million (which shall increase to \$150.0 million subsequent to the consummation of an underwritten public Equity Offering by the Issuer or any direct or indirect parent entity of the Issuer) (with unused amounts in any calendar year being carried over to succeeding calendar years subject to a maximum (without giving effect to the following proviso) of \$225.0 million in any calendar year (which shall increase to \$450.0 million subsequent to the consummation of an underwritten public Equity Offering by the Issuer or any direct or indirect parent corporation of the Issuer)); *provided further* that such amount in any calendar year may be increased by an amount not to exceed:

(a) the cash proceeds from the sale of Equity Interests (other than Disqualified Stock) of the Issuer and, to the extent contributed to the Issuer, Equity Interests of any of the Issuer's direct or indirect parent companies, in each case to members of management, directors or consultants of the Issuer, any of its Subsidiaries or any of its direct or indirect parent companies that occurs after November 17, 2006, to the extent the cash proceeds from the sale of such Equity Interests have not otherwise been applied to the payment of Restricted Payments by virtue of clause (3) of the preceding paragraph; *plus*

(b) the cash proceeds of key man life insurance policies received by the Issuer or its Restricted Subsidiaries after November 17, 2006; *less*

(5) the declaration and payment of dividends to holders of any class or series of Disqualified Stock of the Issuer or any of its Restricted Subsidiaries or any class or series of Preferred Stock of any Restricted Subsidiary to the extent such dividends are included in the definition of Fixed Charges ;

(17) distributions in respect of the Issuer's Equity Interests made in connection with the HCA Holdings Transactions.

provided, however, that at the time of, and after giving effect to, any Restricted Payment permitted under clauses (11) and (16), no Default shall have occurred and be continuing or would occur as a consequence thereof.

As of the Issue Date, all of the Issuer's Subsidiaries will be Restricted Subsidiaries. The Issuer will not permit any Unrestricted Subsidiary to become a Restricted Subsidiary except pursuant to the definition of Unrestricted Subsidiary. Unrestricted Subsidiaries will not be subject to any of the restrictive covenants set forth in the Indenture.

Limitations on Mortgages

Nothing in the Indenture or in the Notes shall in any way restrict or prevent the Issuer or any Subsidiary from incurring any Indebtedness, *provided, however*, that the Indenture provides that neither the Issuer nor any of its Subsidiaries (other than HCA Inc.) will issue, assume or guarantee any indebtedness or obligation secured by Mortgages upon any Principal Property, unless the Notes shall be secured equally and ratably with (or prior to) such Indebtedness. This restriction will not apply to:

(a) Mortgages securing all or any part of the purchase price of property acquired or cost of construction of property or cost of additions, substantial repairs, alterations or improvements or property, if the Indebtedness and the related Mortgages are incurred within 18 months of the later of the acquisition or completion of construction and full operation or additions, repairs, alterations or improvements;

(b) Mortgages existing on property at the time of its acquisition by the Issuer or a Subsidiary or on the property of a Person at the time of the acquisition of such Person by the Issuer or a Subsidiary (including acquisitions through merger or consolidation);

(i) any extension, renewal or replacement of any Mortgage referred to in clauses (a) through (h) above, *provided* the amount secured is not increased and such extension, renewal or replacement Mortgage relates to the same property.

Limitations on Sale and Lease-Back

The Indenture provides that neither the Issuer nor any Subsidiary (other than HCA Inc.) will enter into any Sale and Lease-Back Transaction with respect to any Principal Property with another person (other than with the Issuer or a Subsidiary) unless either:

(a) the Issuer or such Subsidiary could incur indebtedness secured by a mortgage on the property to be leased without equally and ratably securing the Notes; or

(b) within 120 days, the Issuer applies the greater of the net proceeds of the sale of the leased property or the fair value of the leased property, net of all Notes delivered under the Indenture, to the voluntary retirement of our Funded Debt and/or the acquisition or construction of a Principal Property.

Exempted Transactions

Notwithstanding the foregoing provisions described above under Limitation on Mortgages and Limitations on Sale and Lease-Back if

(a) the aggregate outstanding principal amount of all Indebtedness of HCA Inc. and its Subsidiaries that is subject to and not otherwise permitted under these restrictions does not exceed 15% of the Consolidated Net Tangible Assets of HCA Inc. and its Subsidiaries, then:

(iii) the Issuer may guarantee the obligations of HCA Inc. or any of its Subsidiaries under clauses (i) or (ii) above; and

(b) the aggregate outstanding principal amount of all Indebtedness of the Issuer and its Subsidiaries that is subject to and not otherwise permitted under these restrictions does not exceed 20% of the Consolidated Net Tangible Assets of the Issuer and its Subsidiaries, then:

(ii) the Issuer or any of its Subsidiaries (other than HCA Inc. and its Subsidiaries) may enter into any Sale and Lease-Back Transaction;

provided, however, that in no event shall the Capital Stock of HCA Inc. be pledged or otherwise be encumbered to secure any Indebtedness of the Issuer unless in all such instances, the Notes are equally and ratably secured with (or prior to) such Indebtedness.

Events of Default

Under the Indenture, an *Event of Default* applicable to the Notes of any series means:

failure to pay the principal or any premium on the Notes when due;

failure to pay any interest on the Notes when due, and such default continues for a period of 30 days;

failure to deposit any sinking fund payment in respect of the Notes when due;

failure to perform, or the breach of, any of our other applicable covenants or warranties in the Indenture, and such default continues for a period of 60 days after written notice by Holders of at least 10% in principal amount of the outstanding Notes; and

events in bankruptcy, insolvency or reorganization.

If any Event of Default with respect to the Notes occurs and is continuing, either the Trustee or the holders of at least 25% in aggregate principal amount of the outstanding Notes may declare the principal amount of all the Notes to be due and payable immediately. The Holders may, under certain circumstances, rescind and annul this acceleration prior to obtaining a judgment or decree.

Other than the duties of the Trustee during a default to act with the required standard of care, the Trustee is not obligated to exercise any of its rights or powers under the Indenture at the request or direction of any of the holders unless the holders shall have offered to the Trustee reasonable indemnity. Subject to these indemnification provisions, the holders of a majority in aggregate principal amount of the outstanding Notes may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred on the Trustee, with respect to the Notes.

We will furnish the Trustee annually with a statement as to our performance of certain obligations under the Indenture and as to any default in our performance.

Modification and Waiver

Without Holder Consent

Without the consent of any Holders, the Issuer and the Trustee, may enter into supplemental indentures for any of the following purposes:

- (1) to evidence the succession of another corporation to the Issuer and the assumption by such successor of the covenants of the Issuer in compliance with the requirements set forth in the Indenture; or
- (2) to add to the covenants for the benefit of the Holders or to surrender any right or power herein conferred upon the Issuer; or
- (3) to add any additional Events of Default; or
- (4) to change or eliminate any of the provisions of the Indenture, *provided* that any such change or elimination shall become effective only when there are no outstanding Notes of any series created prior to the execution of such supplemental indenture that is entitled to the benefit of such provision and as to which such supplemental indenture

would apply; or

(5) to secure the Notes; or

(6) to supplement any of the provisions of the Indenture to such extent necessary to permit or facilitate the defeasance and discharge of the Notes, *provided* that any such action does not adversely affect the interests of the Holders of the Notes in any material respect; or

(7) to evidence and provide for the acceptance of appointment hereunder by a successor Trustee and to add to or change any of the provisions of the Indenture necessary to provide for or facilitate the administration of the trusts by more than one Trustee; or

Table of Contents

(8) to cure any ambiguity, to correct or supplement any provision of the Indenture which may be defective or inconsistent with any other provision; or

(9) to change any place or places where the principal of and premium, if any, and interest, if any, on the Notes shall be payable, the Notes may be surrendered for registration or transfer, the Notes may be surrendered for exchange, and notices and demands to or upon the Issuer may be served.

With Holder Consent

We and the Trustee may modify and amend the Indenture with the consent of the holders of a majority in aggregate principal amount of the outstanding Notes; however, we must have the consent of the Holder of each outstanding Note affected to:

(1) change the stated maturity of the principal of, or installment of interest, if any, on, the Notes, or reduce the principal amount thereof or the interest thereon or any premium payable upon redemption thereof;

(2) change the currency in which the principal of (and premium, if any) or interest on such Notes are denominated or payable, or reduce the amount of the principal of a Discount Security that would be due and payable upon a declaration of acceleration of the maturity thereof;

(3) adversely affect the right of repayment or repurchase, if any, at the option of the Holder after such obligation arises, or reduce the amount of, or postpone the date fixed for, any payment under any sinking fund or impair the right to institute suit for the enforcement of any payment on or after the Stated Maturity thereof (or, in the case of redemption, on or after the Redemption Date);

(4) reduce the percentage of Holders whose consent is required for modification or amendment of the Indenture or for waiver of compliance with certain provisions of the Indenture or certain defaults; or

(5) modify the provisions that require Holder consent to modify or amend the Indenture or that permit Holders to waive compliance with certain provisions of the Indenture or certain defaults.

The holders of a majority in aggregate principal amount of the outstanding Notes may, on behalf of all holders, waive any past default under the Indenture with respect to Notes. However, such holders may not waive a past default in the payment of principal, premium or interest, or any sinking fund installment with respect to the Notes, or waive a covenant or provision that cannot be modified or amended, without the consent of the holders of each outstanding Note affected.

Consolidation, Merger, Sale or Lease of Assets

We may consolidate with or merge into, or transfer or lease all or substantially all of our assets to any corporation without the consent of the holders of the Notes under the Indenture if:

the successor corporation assumes our obligations on the Notes and under the Indenture;

after giving effect to the transaction, no Event of Default, and no event which, after notice or lapse of time or both, would become an Event of Default, shall have occurred and be continuing;

if, as a result of any such consolidation or merger or such conveyance, transfer or lease, properties or assets of the Issuer would become subject to a mortgage, pledge, lien, security interest or other encumbrance that would

not be permitted by the Indenture, the Issuer or such successor corporation or Person, as the case may be, shall take such steps as shall be necessary effectively to secure all the Notes equally and ratably with (or prior to) all indebtedness secured thereby; and

the Issuer has delivered to the Trustee an Officers Certificate and an Opinion of Counsel each stating that such consolidation, merger, conveyance, transfer or lease and such supplemental indenture comply with this covenant and that all conditions precedent provided for relating to such transaction have been complied with.

Notwithstanding the foregoing, the above restrictions shall not apply in connection with the full and unconditional assumption (whether via merger, exchange or otherwise) of the Issuer's obligations under the Notes and the

Indenture by HCA Inc. in accordance with the terms set forth under Transfer of the Notes at the Option of the Issuer.

Defeasance

We may be discharged from our obligations under the Notes, and we will not be subject to the limitations in the Indenture discussed in the above sections, if we deposit with the Trustee trust money or U.S. government obligations that are sufficient to pay all principal, premium and interest on the Notes. We would deliver to the Trustee an opinion of counsel to the effect that the deposit and related defeasance would not (1) cause the holders of the Notes to recognize income, gain or loss for United States income tax purposes or (2) result in the delisting of the Notes from any national securities exchange (if so listed).

Notices

Notices to holders will be mailed to the addresses of the holders listed in the security register.

Governing Law

We will construe the Indenture and the Notes in accordance with the laws of the State of New York.

Concerning the Trustee

The Trustee has normal banking relationships with us.

Table of Contents

Fixed Charge Coverage Ratio means, with respect to any Person for any period, the ratio of EBITDA of such Person for such period to the Fixed Charges of such Person for such period. Unless otherwise specified, the Fixed Charge Coverage Ratio shall be calculated for the most recently ended four fiscal quarters for which internal financial statements of the Issuer and/or HCA Inc., as applicable, are available. In the event that the Issuer or any Restricted Subsidiary incurs, assumes, guarantees, redeems, retires or extinguishes any Indebtedness (other than Indebtedness incurred under any revolving credit facility unless such Indebtedness has been permanently repaid and has not been replaced) or issues or redeems Disqualified Stock or Preferred Stock subsequent to the commencement of the period for which the Fixed Charge Coverage Ratio is being calculated but prior to or simultaneously with the event for which the calculation of the Fixed Charge Coverage Ratio is made (the *Fixed Charge Coverage Ratio Calculation Date*), then the Fixed Charge Coverage Ratio shall be calculated giving pro forma effect to such incurrence, assumption, guarantee, redemption, retirement or extinguishment of Indebtedness, or such issuance or redemption of Disqualified Stock or Preferred Stock, as if the same had occurred at the beginning of the applicable four-quarter period.

For purposes of making the computation referred to above, Investments, acquisitions, dispositions, mergers, consolidations and disposed operations (as determined in accordance with GAAP) that have been made by the Issuer or any of its Restricted Subsidiaries during the four-quarter reference period or subsequent to such reference period and on or prior to or simultaneously with the Fixed Charge Coverage Ratio Calculation Date shall be calculated on a pro forma basis assuming that all such Investments, acquisitions, dispositions, mergers, consolidations and disposed operations (and the change in any associated fixed charge obligations and the change in EBITDA resulting therefrom) had occurred on the first day of the four-quarter reference period. If, since the beginning of such period, any Person that subsequently became a Restricted Subsidiary or was merged with or into the Issuer or any of its Restricted Subsidiaries since the beginning of such period shall have made any Investment, acquisition, disposition, merger, consolidation or disposed operation that would have required adjustment pursuant to this definition, then the Fixed Charge Coverage Ratio shall be calculated giving pro forma effect thereto for such period as if such Investment, acquisition, disposition, merger, consolidation or disposed operation had occurred at the beginning of the applicable four-quarter period.

For purposes of this definition, whenever pro forma effect is to be given to a transaction, the pro forma calculations shall be made in good faith by a responsible financial or accounting officer of the Issuer. If any Indebtedness bears a floating rate of interest and is being given pro forma effect, the interest on such Indebtedness shall be calculated as if the rate in effect on the Fixed Charge Coverage Ratio Calculation Date had been the applicable rate for the entire period (taking into account any Hedging Obligations applicable to such Indebtedness). Interest on a Capitalized Lease Obligation shall be deemed to accrue at an interest rate reasonably determined by a responsible financial or accounting officer of the Issuer to be the rate of interest implicit in such Capitalized Lease Obligation in accordance with GAAP. For purposes of making the computation referred to above, interest on any Indebtedness under a revolving credit facility computed on a pro forma basis shall be computed based upon the average daily balance of such Indebtedness during the applicable period except as set forth in the first paragraph of this definition. Interest on Indebtedness that may optionally be determined at an interest rate based upon a factor of a prime or similar rate, a eurocurrency interbank offered rate or other rate shall be deemed to have been based upon the rate actually chosen, or, if none, then based upon such optional rate chosen as the Issuer may designate.

CERTAIN ERISA CONSIDERATIONS

The following is a summary of certain considerations associated with the purchase of the exchange notes by employee benefit plans that are subject to Title I of the Employee Retirement Income Security Act of 1974, as amended (ERISA), plans, individual retirement accounts and other arrangements that are subject to Section 4975 of the Internal Revenue Code of 1986, as amended (the Code) or provisions under any federal, state, local, non-U.S. or other laws, rules or regulations that are similar to such provisions of ERISA or the Code (collectively, Similar Laws), and entities whose underlying assets are considered to include plan assets (within the meaning of ERISA) of such plans, accounts and arrangements (each, a Plan).

General Fiduciary Matters

ERISA and the Code impose certain duties on persons who are fiduciaries of a Plan subject to Title I of ERISA or Section 4975 of the Code (an ERISA Plan) and prohibit certain transactions involving the assets of an ERISA Plan and its fiduciaries or other interested parties. Under ERISA and the Code, any person who exercises any discretionary authority or control over the administration of such an ERISA Plan or the management or disposition of the assets of such an ERISA Plan, or who renders investment advice for a fee or other compensation to such an ERISA Plan, is generally considered to be a fiduciary of the ERISA Plan.

In considering an investment in the exchange notes of a portion of the assets of any Plan, a fiduciary should determine whether the investment is in accordance with the documents and instruments governing the Plan and the applicable provisions of ERISA, the Code or any Similar Law relating to a fiduciary's duties to the Plan including, without limitation, the prudence, diversification, delegation of control and prohibited transaction provisions of ERISA, the Code and any other applicable Similar Laws.

Prohibited Transaction Issues

Section 406 of ERISA and Section 4975 of the Code prohibit ERISA Plans from engaging in specified transactions involving plan assets with persons or entities who are parties in interest, within the meaning of ERISA, or disqualified persons, within the meaning of Section 4975 of the Code, unless an exemption is available. A party in interest or disqualified person who engages in a non-exempt prohibited transaction may be subject to excise taxes and other penalties and liabilities under ERISA and the Code. In addition, the fiduciary of the ERISA Plan that engages in such a non-exempt prohibited transaction may be subject to penalties and liabilities under ERISA and the Code. The acquisition and/or holding of exchange notes by an ERISA Plan with respect to which we or the initial purchasers of the outstanding notes are considered a party in interest or disqualified person may constitute or result in a direct or indirect prohibited transaction under Section 406 of ERISA and/or Section 4975 of the Code, unless the investment is acquired and is held in accordance with an applicable statutory, class or individual prohibited transaction exemption. In this regard, the United States Department of Labor has issued prohibited transaction class exemptions (PTCEs) that may apply to the acquisition and holding of the exchange notes. These class exemptions include, without limitation, PTCE 84-14, respecting transactions determined by independent qualified professional asset managers, PTCE 90-1, respecting insurance company pooled separate accounts, PTCE 91-38, respecting bank collective investment funds, PTCE 95-60, respecting life insurance company general accounts and PTCE 96-23, respecting transactions determined by in-house asset managers, although there can be no assurance that all the conditions of any such exemption will be satisfied.

Because of the foregoing, the exchange notes should not be purchased or held by any person investing plan assets of any Plan, unless such purchase and holding (and the exchange of outstanding notes for exchange notes) will not

constitute a non-exempt prohibited transaction under ERISA and the Code or similar violation of any applicable Similar Laws.

Representation

Accordingly, by acceptance of an exchange note, each purchaser and subsequent transferee will be deemed to have represented and warranted that either (i) no portion of the assets used by such purchaser or transferee to acquire and hold the exchange notes constitutes assets of any Plan or (ii) the purchase and holding of the outstanding notes or the exchange notes (and the exchange of outstanding notes for exchange notes) by such purchaser or transferee

will not constitute a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code or any similar violation under any applicable Similar Laws.

The foregoing discussion is general in nature and is not intended to be all-inclusive. Due to the complexity of these rules and the penalties that may be imposed upon persons involved in non-exempt prohibited transactions, it is particularly important that fiduciaries or other persons considering purchasing the outstanding notes or the exchange notes (and holding or disposing the outstanding notes or the exchange notes) on behalf of, or with the assets of, any Plan, consult with their counsel regarding the potential applicability of ERISA, Section 4975 of the Code and any Similar Laws to such transactions and whether an exemption would be applicable to the purchase and holding and disposition of the outstanding notes or the exchange notes (and the exchange of outstanding notes for exchange notes).

PLAN OF DISTRIBUTION

Each broker-dealer that receives exchange notes for its own account pursuant to an exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of such exchange notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of exchange notes received in exchange for outstanding notes where such outstanding notes were acquired as a result of market-making activities or other trading activities. We have agreed that, for a period of 180 days after the consummation of the exchange offer, we will make this prospectus, as amended or supplemented, available to any broker-dealer for use in connection with any such resale. In addition, all dealers effecting transactions in the exchange notes may be required to deliver a prospectus.

We will not receive any proceeds from any sale of exchange notes by broker-dealers. Exchange notes received by broker-dealers for their own account pursuant to an exchange offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the exchange notes or a combination of such methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices or at negotiated prices. Any such resale may be made directly to purchasers or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such broker-dealer and/or the purchasers of any such exchange notes. Any broker-dealer that resells exchange notes that were received by it for its own account pursuant to an exchange offer and any broker or dealer that participates in a distribution of such exchange notes may be deemed to be an underwriter within the meaning of the Securities Act, and any profit of any such resale of exchange notes and any commission or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that, by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act.

For a period of 180 days after the consummation of the exchange offer, we will promptly send additional copies of this prospectus and any amendments or supplements to this prospectus to any broker-dealer that requests such documents in the letter of transmittal. We have agreed to pay all expenses incident to the exchange offer (including the expenses of one counsel for the holders of the outstanding notes) other than commissions or concessions of any broker-dealers and will indemnify you (including any broker-dealers) against certain liabilities, including liabilities under the Securities Act.
