EXPLANATORY NOTE

This Amendment No. 1 on Form 10-Q/ A(Form 10-Q/ A) to our Quarterly Report on Form 10-Q for the quarterly period ended March 31, 2004, initially filed with the Securities and Exchange Commission (the SEC) on May 3, 2004 (the Original Filing), is being filed to reflect restatements of our consolidated balance sheets at March 31, 2004 and December 31, 2003; and our consolidated statement of operations for each of the periods ended March 31, 2004 and March 31, 2003, and the notes related thereto. The restatements primarily pertain to the following matters identified during the course of preparing Visteon s 2004 financial statements:

Effective in January 2002, and again in January 2004, Visteon amended its retiree health care benefits plans for certain of its U.S. employees. These amendments changed the eligibility requirements for participants in the plans, and, as a result, Visteon changed the expense attribution periods. We have determined that these changes in eligibility requirements were not properly communicated to affected employees, and, therefore, the revision to the expense attribution periods, which resulted in expense reductions, should not have been made. The impact of the correction of these errors decreased net income by approximately \$5 million (\$0.04 per share) and increased net loss by approximately \$4 million (\$0.03 per share) for the quarters ended March 31, 2004 and March 31, 2003, respectively.

Visteon is making corrections for certain tooling costs originally recorded as receivables. Costs incurred for Visteon-owned tooling used in production have been adjusted to reflect such costs as long-term assets and to provide related amortization expense. Non-reimbursable costs incurred to develop customer-owned tooling have been expensed in the periods such costs were incurred. There was no impact of the correction of these errors on net income for the quarters ended March 31, 2004 and March 31, 2003.

Visteon is making corrections for certain volume related rebates, received from numerous capital equipment suppliers for purchases, which were originally recognized as a reduction to expense. Costs incurred for capital equipment have been adjusted to reflect such discounts as a reduction to long-term assets and to adjust related depreciation and amortization expense. The impact of the correction of these errors increased net loss by approximately \$2 million (\$0.01 per share) for the quarter ended March 31, 2004.

During the review of our annual United Kingdom pension valuations, we identified unrecorded pension expenses incurred as a result of special termination benefits provided under Visteon s European Plan for Growth program. The impact of the correction of these errors decreased net income by approximately \$3 million (\$0.02 per share) for the quarter ended March 31, 2004.

Visteon also identified unrecorded postretirement health care expenses at one of Visteon s foreign locations. There was no impact of the correction of these errors on net income for the quarters ended March 31, 2004 and March 31, 2003.

Table of Contents

Visteon is correcting the amount and timing of the recognition of certain tax adjustments made during the periods. As Visteon expects to repatriate earnings of foreign subsidiaries, adjustments were made to provide for the tax effects of foreign currency movements against the U.S. dollar. These adjustments also impacted the timing of the recognition of deferred tax asset valuation allowances in the fourth quarter of 2003 and the third quarter of 2004. Further, Visteon recognized an additional valuation allowance for certain deferred tax assets that had previously been misclassified and not considered in Visteon's 2003 deferred tax assessment. There was no impact of the correction of these errors on net income for the quarters ended March 31, 2004 and March 31, 2003.

For a more detailed description of these restatements, see Note 2, Restatement of Financial Statements to the accompanying consolidated financial statements contained in this Form 10-Q/A. The decision to restate Visteon's consolidated financial statements was previously announced in a press release that was filed with the SEC as part of a Current Report on Form 8-K of Visteon dated January 31, 2005.

Although this Form 10-Q/A sets forth the Original Filing in its entirety, this Form 10-Q/A only amends and restates Items 1, 2 and 4 of Part I, Item 6 of Part II and Exhibit 12.1 of Item 6 of Part II of the Original Filing, in each case, solely as a result of, and to reflect, the restatement, and no other information in the Original Filing is amended hereby. The foregoing items have not been updated to reflect other events occurring after the Original Filing or to modify or update those disclosures affected by subsequent events. In addition, pursuant to the rules of the SEC, Item 6 of Part II of the Original Filing has been amended to contain the consent of our independent registered public accounting firm and currently-dated certifications from our Chief Executive Officer and Chief Financial Officer, as required by Sections 302 and 906 of the Sarbanes-Oxley Act of 2002. The consent of the independent registered public accounting firm and the certifications of our Chief Executive Officer and Chief Financial Officer are attached to this Form 10-Q/A as Exhibits 15.1, 31.1, 31.2, 32.1 and 32.2, respectively.

Except for the foregoing amended information, this Form 10-Q/A continues to describe conditions as of the date of the Original Filing, and we have not updated the disclosures contained herein to reflect events that occurred at a later date. Other events occurring after the filing of the Original Filing or other disclosures necessary to reflect subsequent events have been or will be addressed in either our amended Quarterly Reports on Form 10-Q/A for the quarterly periods ended June 30, 2004 and/or September 30, 2004, which are being filed concurrently with the filing of this Form 10-Q/A, or by our Annual Report on Form 10-K for the year ended December 31, 2004, when filed, or other reports filed with the SEC subsequent to the date of this filing.

**NOTES TO FINANCIAL STATEMENTS
(unaudited)**

NOTE 1. Financial Statements

The financial data presented herein are unaudited, but in the opinion of management reflect those adjustments, including normal recurring adjustments, necessary for a fair statement of such information. Results for interim periods should not be considered indicative of results for a full year. Reference should be made to the consolidated financial statements and accompanying notes included in the company's Annual Report on Form 10-K for the fiscal year ended December 31, 2003, as filed with the Securities and Exchange Commission on February 13, 2004 and as amended on March 16, 2005.

Visteon Corporation (Visteon) is a leading, global supplier of automotive systems, modules and components. Visteon sells products primarily to global vehicle manufacturers, and also sells to the worldwide aftermarket for replacement and vehicle appearance enhancement parts. Visteon became an independent company when Ford Motor Company (Ford) established Visteon as a wholly-owned subsidiary in January 2000 and subsequently transferred to Visteon the assets and liabilities comprising Ford's automotive components and systems business. Ford completed its spin-off of Visteon on June 28, 2000 (the spin-off). Prior to incorporation, Visteon operated as Ford's automotive components and systems business.

Table of Contents**VISTEON CORPORATION AND SUBSIDIARIES****NOTES TO FINANCIAL STATEMENTS (Continued)****(unaudited)****NOTE 2. Restatement of Financial Statements**

Visteon has restated its previously issued consolidated financial statements for 2001 through 2003 and for the first three months of 2004, primarily for accounting corrections related to postretirement health care and pension costs, tooling costs, capital equipment costs, inventory costing and income taxes.

The following table summarizes the impact of these adjustments to Visteon's previously reported net income (loss). These adjustments impacted previously reported costs of sales, selling, administrative and other expenses and income tax expense on the consolidated statement of income.

	First Quarter	
	2004	2003
	(in millions)	
Net income (loss), as originally reported	\$ 30	\$ (15)
Accounting corrections for postretirement health care and pension costs (pre-tax) ⁽¹⁾	(11)	(6)
Accounting corrections for capital equipment costs (pre-tax) ⁽²⁾	(2)	
Tax impact of above ⁽³⁾	3	2
Net income (loss), as restated	\$ 20	\$ (19)

(1) Effective in January 2002, Visteon amended its retiree health care benefits plan for certain of its U.S. employees. Effective in January 2004, a Visteon wholly owned subsidiary amended its retiree health care benefits plan for its U.S. employees. These amendments changed the eligibility requirements for participants in the plans. As a result of these amendments, Visteon changed the expense attribution periods, which eliminated cost accruals for younger employees and increased accrual rates for older participating employees. Prior to these amendments, Visteon accrued for the cost of the benefit from a participating employee's date of hire, regardless of age. Visteon determined that these benefit changes were not properly communicated to effected employees pursuant to the requirements of Statement of Financial Accounting Standards No. 106 and that such expense reductions should not have been recorded. Further, analysis of the annual United Kingdom pension valuation identified pension expenses related to special termination benefits provided under Visteon's European Plan for Growth which were not fully recognized in the period in which those benefits were accepted by employees (\$3 million in the first quarter of 2004). The impact of the correction of these errors decreased net income by approximately \$8 million (\$0.06 per share) and increased net loss by approximately \$4 million (\$0.03 per share), for the first quarter ended March 31, 2004 and March 31, 2003, respectively.

(2) Represents an adjustment for volume related rebates, received from numerous capital equipment suppliers for purchases, which were originally recognized as a reduction to expense. Costs incurred for capital equipment have been adjusted to reflect such discounts as a reduction to long-term assets and to adjust related depreciation and amortization expense. The impact of the correction of these errors decreased net income approximately \$2 million (\$0.01 per share) for the first quarter ended March 31, 2004.

(3) Represents the deferred tax benefit of the pre-tax expense adjustments.
