Annual Meeting of Shareholders

April 19, 2006

Proxy Statement

Solicitation of Proxies

This Proxy Statement and the enclosed Proxy are being furnished to holders of Common Stock, no par value, of Universal Forest Products, Inc. (the Company). The Board of Directors (the Board) is soliciting proxies for use at the Annual Meeting of Shareholders to be held on April 19, 2006, and at any adjournment of that meeting. The Annual Meeting will be held at the Company's corporate headquarters, 2801 East Beltline N.E., Grand Rapids, MI, at 8:30 a.m. local time. Registration for the meeting begins at 8:00 a.m.

Voting at the Meeting

If the enclosed Proxy is properly signed and returned to the Company, the shares represented by the Proxy will be voted at the Annual Meeting and at any adjournment of the meeting. If a shareholder specifies a choice, the Proxy will be voted as specified. If no choice is specified, the shares represented by the Proxy will be voted for the election of all nominees named in the Proxy Statement, for the ratification of the appointment of the Company's independent public accountants, and in accordance with the judgment of the persons named as proxies with respect to any other matter which may come before the meeting.

Returning your completed Proxy will not prevent you from voting in person at the Annual Meeting if you wish to do so. In addition, you may revoke your Proxy at any time before it is voted, by written notice to the secretary of the Company prior to the Annual Meeting, by submission of a later-dated Proxy, or by the withdrawal of your Proxy and voting in person at the Annual Meeting.

The cost of the solicitation of proxies will be paid by the Company. In addition to the use of the mail, proxies may be solicited personally, by telephone, by facsimile, or by electronic mail by regular employees of the Company who will not receive additional compensation for soliciting proxies. The Company does not intend to pay any compensation for the solicitation of proxies, except that brokers, nominees, custodians, and other fiduciaries will be reimbursed by the Company for their expenses in connection with sending materials to beneficial owners and obtaining their proxies.

Voting Securities

Holders of record of Common Stock at the close of business on March 1, 2006, will be entitled to vote at the Annual Meeting. As of March 1, 2006, there were 18,598,588 shares of Common Stock outstanding. The presence in person or by Proxy of at least 51% of such shares constitutes a quorum. A shareholder is entitled to one vote for each share of Common Stock registered in the shareholder's name at the close of business on March 1, 2006. Under Michigan law, abstentions are treated as present and entitled to vote and therefore have the effect of a vote against the matter. A broker non-vote on a matter is considered not entitled to vote on that matter and, therefore, is not counted in determining whether a matter requiring approval of a majority of the shares present and entitled to vote has been

approved. Votes cast at the meeting or submitted by Proxy will be counted by inspectors of the meeting who will be appointed by the Company. There is no right to cumulative voting on any matter.

Election of Directors

The Board of Directors consists of eight members and is divided into three classes, as equal in number as possible, with the classes to hold office for staggered terms of three years each. The Board nominated incumbent director Louis A. Smith to a one year term expiring at the 2007 Annual Meeting, and incumbent director John W. Garside to a two year term expiring at the 2008 Annual Meeting. The Board also nominated incumbent directors Dan M. Dutton and Peter F. Secchia to three year terms expiring at the 2009 Annual Meeting.

This past year, the Board amended its director retirement policy to provide that an individual may not serve in the capacity as a non-employee director for more than 15 years, and may serve no later than the annual shareholder meeting following his or her 15th anniversary as a non-employee director. The previous policy required retirement after 12 years. Accordingly, based upon the years of service of Messrs. Smith and Garside as non-employee directors of the Company, Mr. Smith has been nominated to serve a one year term while Mr. Garside has been nominated to serve a two year term.

The persons named as proxy holders in the accompanying Proxy will vote for the above-named nominees, unless the shareholder directs them differently on the proxy card. If a nominee is not available for election as a director at the time of the Annual Meeting (a situation which is not now anticipated), the Board of Directors may designate a substitute nominee, and the accompanying Proxy will be voted for the substituted nominee.

A vote of the shareholders holding a plurality of the shares present in person or represented by proxy is required to elect directors. Accordingly, the four individuals who receive the greatest number of votes cast at the meeting will be elected as directors.

The Board of Directors recommends a vote FOR the election of each person nominated by the Board.

The following table provides certain biographical information for each person who is nominated for election as a director at the Annual Meeting and for each person who is continuing as an incumbent director.

Corporate Governance and Board Matters

The Board of Directors of Universal Forest Products is committed to sound and effective corporate governance practices. To assist in its governance, the Board has appointed three standing committees: the Audit Committee, the Nominating and Corporate Governance Committee, and the Personnel and Compensation Committee. The Audit Committee and the Nominating and Corporate Governance Committee each have a written charter which is available for review on the Company's website at www.ufpi.com.

Code of Business Conduct and Ethics and Code of Ethics for Senior Financial Officers

The Company has adopted a Code of Business Conduct and Ethics that applies to the Company's employees, officers and directors. The Company has also adopted a Code of Ethics for Senior Financial Officers. Each Code is posted on the Company's website at www.ufpi.com. Any changes or waivers to either Code will be disclosed on the Company's website.

Affirmative Determination Regarding Director Independence and Other Matters

The Board of Directors has determined each of the following directors to be an independent director as such term is defined in Marketplace Rule 4200(a)(15) of the National Association of Securities Dealers (the "NASD"): Dan M. Dutton, John M. Engler, John W. Garside, Gary F. Goode, Mark A. Murray, and Louis A. Smith. Moreover, there are no family relationships between or among the directors and the Company's executive officers.

To assist the Board in making the above-referenced determination, the Nominating and Corporate Governance Committee reviewed the applicable legal standards for director and Board committee independence, as well as the criteria applied to determine audit committee financial expert status, and the answers to annual questionnaires completed by each of the directors. On the basis of this review, the Nominating and Corporate Governance Committee delivered a report to the full Board of Directors, and the Board made its independence and audit committee financial expert determinations based upon that report and each member's review of the information made available to the Nominating and Corporate Governance Committee.

Committees

Audit Committee. Each member of the Audit Committee is independent as that term is defined by Rule 4200(a)(15) of the Nasdaq Listing Standards as well as the applicable rules of the Securities Exchange Commission for audit committee membership. The Board has determined that Mr. Goode qualifies as the audit committee financial expert as defined in Item 401(h) of Regulation S-K of the Securities Exchange Act of 1934 (the "Exchange Act"). The full responsibilities of the Audit Committee are set forth in the Audit Committee Charter. In general, the primary purpose of this Committee is to assist the Board in overseeing management's conduct of the Company's financial reporting processes and its system of internal controls regarding finance, accounting, legal compliance and ethics. During 2005, the Audit Committee held nine meetings.

Personnel and Compensation Committee. This Committee consists entirely of independent directors, as currently defined by the Nasdaq Listing Standards. It is responsible for reviewing and recommending to the Board the timing and amount of compensation for key employees, including salaries, bonuses and other benefits. The Personnel and Compensation Committee is also responsible for administering the Company's stock option and other equity-based incentive plans, recommending retainer and attendance fees for non-employee directors, and reviewing compensation plans and awards as they relate to key employees. The full responsibilities of the Personnel and Compensation Committee are set forth in the Personnel and Compensation Committee Charter. During 2005, the Personnel and Compensation Committee held two meetings.

Nominating and Corporate Governance Committee. Each member of the Nominating and Corporate Governance Committee is independent as that term is defined by the Nasdaq Listing Standards. The Nominating and Corporate Governance Committee considers and proposes director nominees for election at the Annual Meeting, selects candidates to fill Board vacancies as they may occur, makes recommendations to the Board regarding Board committee memberships, generally monitors the Company's corporate governance system, and performs any other functions or duties deemed appropriate by the Board. The full responsibilities of the

Nominating and Corporate Governance Committee are set forth in the Nominating and Corporate Governance Committee Charter. During 2005, the Nominating and Corporate Governance Committee held two meetings.

The Company's Articles of Incorporation contain certain procedural requirements applicable to shareholder nominations of directors. A shareholder may nominate a person to serve as a director if they provide written notice to the Company. The notice must include: (1) the name and address of the shareholder who intends to make the nomination and of the person or persons nominated; (2) a representation that the shareholder is a current record holder and will continue to hold those shares through the date of the meeting, and intends to appear in person or by proxy at the meeting; (3) a description of all arrangements between the shareholder and each nominee; (4) the information regarding each nominee as would be required to be included in a proxy statement filed under Regulation 14A of the Exchange Act had the nominee been nominated by the Board; and (5) the consent of each nominee to serve as director. The nominee's written consent to the nomination and sufficient background information on the candidate must be included to enable the Nominating and Corporate Governance Committee to make proper assessments as to his or her qualifications. Nominations must be addressed to the Chairman of the Nominating and Corporate Governance Committee at the Company's headquarters, and must be received no later than the 30th day prior to the Annual Meeting. The Nominating and Corporate Governance Committee may also make its own search for potential candidates that may include candidates identified by a variety of means as deemed appropriate by the Committee.

The Nominating and Corporate Governance Committee has not established specific minimum age, education, years of business experience, or specific types of skills for potential candidates, but, in general, expects qualified candidates will have ample experience and a proven record of business success and leadership. In general, the Committee requires that each member of the Board will have the highest personal and professional ethics, integrity and values, and will consistently exercise sound and objective business judgment. In addition, it is anticipated that the Board as a whole will have individuals with significant, appropriate senior management and leadership experience, a comfort with technology, a long-term, strategic and global perspective, and the ability to advance constructive debate. It is important for the Board as a whole to operate in an atmosphere where the chemistry of the individuals is a key element.

Upon receipt of a shareholder proposed candidate, the Chairman of the Nominating and Corporate Governance Committee assesses the Board's needs, primarily whether there is a current or pending vacancy or a possible need to fulfill by adding or replacing a director, and then develops a director profile by comparing the current state of Board characteristics with the desired state and the candidate's qualifications. The profile and the candidate's submitted information are provided to the Chairman of the Board and Chief Executive Officer for discussion. Following this discussion, the profile and the candidate's materials are forwarded to all Nominating and Corporate Governance Committee members, and consideration of the candidate is added as an agenda item for the next Committee meeting.

Similarly, if at any time the Nominating and Corporate Governance Committee or the Board determines there may be a need to add or replace a director, the Nominating and Corporate Governance Committee or the Board develops a director profile by comparing the current state of Board characteristics with the desired state. If no candidates are apparent from any source, the Committee will determine the appropriate method to conduct a search.

The Committee has, to date, not paid any third party fees to assist in identifying and evaluating nominees. The Committee has not received any recommended nominations from any of the Company's shareholders in connection with the Annual Meeting. The nominees that are standing for election as directors at the 2006 Annual Meeting are incumbent directors.

Communications with the Board

Generally, shareholders who have questions or concerns regarding the Company should contact the Investor Relations Department at 1-888-BUY-UFPI (1-888-289-8374). However, any shareholder who wishes to address questions regarding the business or affairs of the Company directly with the Board of Directors, or any individual director, should direct his or her questions in writing to the Secretary of the Board at 2801 East Beltline N.E.,

Grand Rapids, MI 49525. The Secretary has been directed to promptly forward all communications to the full Board or the specific director indicated in the letter.

Meeting Attendance

Each director is expected to make a reasonable effort to attend all meetings of the Board, applicable committee meetings, and the Annual Meeting of Shareholders. All directors attended the 2005 Annual Meeting. During the Company's last fiscal year, there were four regular meetings of the Board of Directors, and the Board took action by unanimous written consent on four occasions. Each director attended all of the meetings of the Board of Directors and meetings of committees they were eligible to attend. During fiscal 2005, the Board met in executive session, without the presence of management, on two occasions.

Compensation of Directors

Directors who are also employees of the Company do not receive an annual retainer and are not compensated for attendance at Board or committee meetings. Other than the fees due under his consulting and noncompete agreement with the Company, Chairman Secchia does not receive any additional compensation for serving on the Board. Directors who are not current or former employees of the Company receive a \$35,000 annual retainer fee, \$1,000 for attendance at each regular and special meeting of the Board of Directors, and 100 shares of the Company's common stock for each Board meeting attended, up to a maximum of 400 shares per year. Also, each non-employee director who serves on a committee receives a \$1,000 meeting fee for each committee meeting they attend.

Each director who is not a current or former employee of the Company may participate in the Director Retainer Stock Plan. The Director Retainer Stock Plan, approved by our shareholders in April 1994, provides that each director may elect to receive Company stock, on a deferred basis, in lieu of cash compensation for the director's retainer and meeting fees.

Directors receive reimbursement of ordinary and necessary expenses to attend meetings. The Chairmen of the Personnel and Compensation Committee and the Nominating and Corporate Governance Committee do not receive additional compensation for serving as a Chairman. The Chairman of the Audit Committee receives an additional \$20,000 per year for serving in that capacity.

Ratification of Ernst & Young LLP as Independent Public Accountants for Fiscal 2006

The Audit Committee has selected Ernst & Young LLP (E&Y) as our independent public accountants for the fiscal year ending December 30, 2006. The services provided to the Company and its shareholders by E&Y for 2005 are described below under the caption Independent Public Accountants Fees and Services.

We are asking our shareholders to ratify the selection of E&Y as our independent public accountants. Although ratification is not legally required, the Board is submitting the selection of E&Y to our shareholders for ratification as a matter of good corporate governance. Representatives of E&Y are expected to be present at the Annual Meeting to respond to appropriate questions and to make such statements as they may desire.

The affirmative vote of the holders of the majority of the shares represented in person or by proxy and entitled to vote on this item will be required for approval. All broker non-votes will not be treated as votes cast in this matter; shares voted as abstentions will be counted as votes cast and therefore will have the effect of a negative vote.

If our shareholders do not ratify the appointment, the appointment will be reconsidered by the Audit Committee and the Board. Even if the selection is ratified, the Audit Committee, in its discretion, may select a different registered public accounting firm at any time during the year if it determines that such a change would be in the best interest of the Company and our shareholders.

The Board of Directors recommends a vote for this proposal to ratify the appointment of E&Y as the Company s independent public accountants.

Independent Public Accountants Fees and Services

E&Y served as independent public accountants for the Company for the fiscal years ended December 25, 2004 and December 31, 2005. The following sets forth the fees paid to E&Y for the last two fiscal years, all of which were pre-approved by the Audit Committee.

(2) Consists primarily of U.S. Federal, State and local tax consulting and compliance advice along with tax advice and assistance regarding statutory, regulatory or administrative developments in the United States, Canada or Mexico.

Audit Committee Pre-Approval Policy. The Audit Committee has established a pre-approval policy and procedures for audit, audit-related and tax services that can be performed by the Company's independent public accountants. The policy sets out the specific services that must be pre-approved by the Audit Committee, and places limitations on the scope of these services while ensuring the independence of the auditors to audit the Company's financial statements is not impaired. The policy prohibits the Company from retaining E&Y for services which are proscribed by rule of the Securities and Exchange Commission. In addition, the policy requires disclosure by the Company of non-audit services performed by the Company's auditors. The pre-approval policy does not include a delegation of the Audit Committee's responsibilities and authorities under the policy.

At December 31, 2005, the number and value of each Named Executive's stock holdings, subject to stock grant agreement, (based upon a per share value of \$55.25, the closing of our stock on December 31, 2005) were as follows:

Mr. Currie 23,422 shares valued at \$1,294,065, includes 10,000 shares granted in 2002, which vest in 2012.

Mr. Glenn 12,165 shares valued at \$672,116

Aggregated Option Exercises in 2005 and Year-End Option Values

The following table provides information on the number and value of options exercised in the past year, as well as the number and value of unexercised options held by the Named Executives at December 31, 2005:

Executive	Shares Acquired on Exercise	Value Realized(1)	Number of Securities Underlying		Value of Unexercised In-the-Money Options(2)	
			Unexercised Options Exercisable	Unexercisable	Exercisable	Unexercisable
William G. Currie	0	0	35,000	150,000	\$ 1,090,750	\$ 5,280,900
Michael B. Glenn	11,854	\$ 656,800	22,500	99,500	\$ 757,525	\$ 3,575,125
Robert K. Hill	11,730	\$ 656,800	10,000	28,000	\$ 372,650	\$ 834,200

Matthew J. Missad	11,822	\$ 645,000	8,690	20,000	\$ 323,780	\$ 492,200

(1) The value realized upon the exercise of options is equal to the difference between the market value of the shares of Common Stock acquired at the time of exercise and the aggregate exercise price paid by the Named Executives.

(2) The value of unexercised options is based on the difference between the closing market price of the Company's stock on December 31, 2005 (\$55.25) and the exercise prices of the options.

On February 20, 2006, the Audit Committee (the Committee) submitted to the Board of Directors the following report:

The Committee has reviewed and discussed with management the Company's audited financial statements as of and for the year ended December 31, 2005.

The Committee has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended, by the Auditing Standards Board of the American Institute of Certified Public Accountants.

The Committee has received and reviewed the written disclosures from the independent auditors required by Independence Standard No. 1, *Independence Discussions with Audit Committees*, as amended, by the Independence Standards Board, and has discussed with the auditors the auditors' independence.

Based on the reviews and discussions referred to above, the Committee recommends to the Board of Directors that the financial statements referred to above be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2005.

Personnel and Compensation Committee Report

The Personnel and Compensation Committee (the Committee) of the Board of Directors has furnished the following report on executive compensation:

During 2005, the Company maintained its compensation program in accordance with the following Committee goals:

- A. Reasonable and appropriate base salaries, based upon job duties.
- B. Incentive compensation tied to return on investment (ROI) with appropriate adjustments for achievement of specified Company Key Performance Indicators (KPI).
- C. Modest stock options for certain executives which align interests of the employee with interests of shareholders, and help retain these executives for future service to the Company.

The Committee has determined that the following categories will best motivate Company executives to achieve the Company goals:

Base Salaries. Annual base salaries are based on past and present corporate and individual performance. The Committee considers base salary data of similar-sized corporations and industry competitors to ensure that salaries are competitive in the marketplace. Salary comparisons with peer group companies are reviewed and analyzed to account for differences in size and business complexity among peer companies.

The Committee has complete discretion in determining base salary amounts (including the grant and amount of any annual discretionary incentive payments or stock option awards), regardless of whether corporate or individual performance goals are achieved. Each year the Committee reviews, with the Chief Executive Officer, and approves, with such modifications as it may deem appropriate, an annual salary adjustment target for executives for the ensuing February 1 to January 31, based on current available survey data, cost of living factors, and performance judgments as to the past and expected future contributions of the individual officers.

2005 Incentive Compensation. The Company relies heavily on annual discretionary incentive compensation to attract and retain Company officers and other key employees of outstanding abilities, and to motivate them to perform to the full extent of their abilities. In addition to discretionary awards, the Company also provides incentive compensation tied to performance. That incentive compensation system in 2005 focused on ROI. This incentive compensation was subject to additional adjustment, up or down, based upon achievement of certain KPI s. For Messrs. Greene and Hill, 2005 bonuses are based on the ROI and KPI of their respective operations. For Messrs. Currie, Glenn, and Missad, incentive compensation is based entirely on the ROI and KPI of the Company as a whole.

Due to the significance of the Company s positive operating performance in 2005, performance-based compensation, based upon the terms of the program, would have exceeded 200% of each Named Executive s base compensation. Historically, the Company has not paid incentive compensation in excess of 200% of base compensation. In keeping with that tradition, the Committee limited the cash incentive compensation to that threshold; however, performance compensation in excess of that threshold was paid in the form of stock grants. The number of shares granted to each Named Executive was determined based on the amount of that excess divided by the market value of the Company s common stock on the effective grant date. The shares subject to each grant award are issuable on the third anniversary of the grant date.

Due, in part, to changes in the manner in which stock options are accounted for, the Committee granted no options to employees in 2005.

Chief Executive. The Committee annually reviews and establishes the base salary of the Chief Executive Officer. His salary is based on comparable compensation data, the Committee's assessment of his past performance, and its expectation as to his future contributions in leading the Company and its businesses. The Chief Executive Officer's base salary fell within the lower-range of the salaries of comparable executives. When compared with the peer group of the Company (as discussed under Stock Performance Graph), the Chief Executive Officer's base salary fell well below the similarly sized companies in the peer group. The Committee has complete discretion in setting base salary for Mr. Currie (who does not have an employment agreement with the Company).

The Chief Executive Officer's incentive bonus amount for 2005 was based upon performance determined under the Company's Performance Bonus Plan. The Chief Executive Officer's bonus for 2005 reflects the Company's overall performance, including record net sales and net earnings achieved in 2005, as compared to 2004. Consistent with the treatment of the other Named Executives, the amount by which Mr. Currie's performance-based compensation exceeded 200% of his base salary was paid in the form of a restricted stock grant. For 2005, Mr. Currie was granted 13,422 shares of restricted stock, which vest on the third anniversary of the grant date.

2006 Incentive Bonus Program. For fiscal 2006, the Company will continue to use the ROI based Performance Bonus Plan with KPI adjustments as described above. By basing the individual's incentive compensation on the ROI generated by that person's profit center, the individual is rewarded for properly managing assets, increasing cash flow, and obtaining higher net margins. Participants who achieve all of the KPI goals will receive a higher percentage of the ROI bonus than those achieving fewer KPI goals. A discretionary bonus component is available for salaried personnel at operations which have not yet hit the ROI target but demonstrate improvement over the previous year.

For the Chief Executive Officer and the other Named Executives, incentive compensation is payable under the terms of the Performance Bonus Plan, as approved by the Committee. For 2006, bonus compensation as determined under the Performance Bonus Plan may be adjusted depending on the Named Executive's achievement of certain KPI targets.

The Company's policy is to pay all earned compensation regardless of whether it exceeds the One Million Dollar (\$1,000,000) limitation on compensation deductions set forth in Section 162(m) of the Internal Revenue Code. To ensure the maximum tax deductibility for the Company, the Company received shareholder approval of its Performance Bonus Plan at its 1999 Annual Meeting of Shareholders.

The Committee recognizes that as the strategic objectives of the Company are modified and refined, the compensation formulas must also be refined to maintain the direct correlation between individual compensation and Company performance.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires directors, executive officers, and greater than 10% beneficial owners to file reports of ownership and changes in ownership of shares of Common Stock with the Securities and Exchange Commission, and applicable regulations require them to furnish the Company with copies of all Section 16(a) reports they file. Based solely upon review of the copies of such reports furnished to the Company, or written representations that no such reports were required, all Section 16(a) filing requirements applicable to the reporting persons were complied with, except for Messrs. Dutton, Garside, Glenn, Goode, Greene, Murray, Secchia, and Smith who each filed one late report covering one transaction.

Related Party Transactions

Peter F. Secchia, Chairman of the Board, has agreed to provide certain services to the Company, as set forth in a consulting and advisory services agreement with SIBSCO, LLC, a company of which Mr. Secchia is managing principal. These services include business and management consulting, public relations counsel, government affairs

coordination, and special project services. The agreement expires on December 31, 2007, and provides for monthly payments of \$16,667. The Company has also agreed to reimburse SIBSCO, LLC for certain business expenses, not to exceed \$16,667 per month. At the discretion of the Board of Directors, Mr. Secchia is eligible for incentives if his advisory services significantly improve the Company's operating results. The incentive may not exceed \$100,000 per year. In January 2006, the Board awarded Mr. Secchia an incentive payment of \$100,000 for fiscal year 2005. In addition to the consulting agreement, the Company entered into a seven year non-compete agreement with Mr. Secchia which provides for monthly payments of \$12,500. The non-compete agreement expires on December 31, 2009.

Dan M. Dutton is Chairman of Stimson Lumber Company, which had sales of \$5.4 million to the Company for 2005. This amount is less than 5% of Stimson's total sales in 2005 and is less than 5% of the Company's total purchases for 2005.
