Item 2.02. Results of Operations and Financial Condition.

DTE Energy Company ("DTE Energy" or the "Company") announced today that due to the finalization of the accounting analysis, documentation and disclosures associated with various asset impairments identified by DTE Energy within its Power and Industrial Projects business segment, discussed during the company's third quarter earnings call and to be further discussed at the Edison Electric Institute Financial Conference presentation today, DTE Energy will not be able to complete the financial statements for the quarterly period ended September 30, 2006, on or before the filing deadline of November 9, 2006, with the Securities and Exchange Commission. The additional work also created a delay in Deloitte & Touche LLP, DTE Energy's independent registered public accounting firm, reviewing the company's quarterly financial statements. Although its review is ongoing at this time, the Company anticipates filing a notification with the Securities and Exchange Commission on Form 12b-25, no later than November 13, 2006, seeking an extension of up to five calendar days to file DTE Energy's Quarterly Report on Form 10-Q for the quarterly period ended September 30, 2006. Deloitte & Touche LLP has informed us that its work will be finished in time to permit a timely filing of the Form 10-Q within that five-day period.
