Short-Term Incentive Plan

On April 24, 2006, the Compensation Committee of the Board of Directors (the "Compensation Committee") of First Financial Bancorp. (the "Company") ratified the Short-Term Incentive Plan (the "Plan"). All of the Company's employees, including the Company's named executive officers (the "Named Executive Officers"), as defined by Item 402(a)(3) of the Securities and Exchange Commission's Regulation S-K, will participate in the Plan. The Plan will be in effect beginning with the current fiscal year, which ends December 31, 2006.

Under the Plan, a target percentage will be established for each participant, at the beginning of each fiscal year, based upon median competitive award levels for short-term incentive compensation within the financial services industry. The target percentage, after being adjusted for performance as described below, will be applied to actual gross compensation paid for the fiscal year. The definition of gross compensation under the Plan includes base wages, overtime wages, commissions and incentives. Items excluded from the definition of gross compensation are bonuses, paid expenses, stock options and awards and restricted stock. On April 24, 2006, the Compensation Committee ratified the target percentages for the current fiscal year for each of the Named Executive Officers. Those target percentages are disclosed in the table below under the column "Short-Term Incentive Target Percentage."

Two performance measures, return on equity ("ROE") and growth in earnings per share ("EPS") will be used to determine the actual awards under the Plan. For fiscal 2006, the Compensation Committee established threshold, target and maximum ROE levels based upon the performance of banks of a comparable asset size. In addition, the Compensation Committee established threshold, target and maximum EPS growth levels based upon reasonable growth expectations for the Company. At the end of fiscal 2006, the amount of the target percentage will be multiplied by a factor ranging from zero times the target percentage (for performance at or below the threshold ROE) up to two times the target percentage (for performance at or above the maximum ROE). After adjusting the target percentage based upon ROE performance (the "Adjusted Percentage"), the amount of the Adjusted Percentage will be further modified based upon EPS growth. The EPS modifier will range from a 20% reduction to the Adjusted Percentage (for performance at or below the threshold EPS growth rate) to a 20% increase to the Adjusted Percentage (for performance at or above the maximum EPS growth rate). After applying the EPS modifier to the Adjusted Percentage, the resulting percentage will be applied to actual gross compensation paid for fiscal 2006 to determine the actual award.

Awards under the Plan will be paid in cash to participants as soon as practicable following the close of each fiscal year; however, no payment will be made until the awards have been determined and approved by the Compensation Committee. The Plan may be amended or discontinued at any time at the election of the Compensation Committee, provided that no amendment or discontinuation will reduce the rights of participants during a current fiscal year.
