- (1) All options are granted at an exercise price equal to the market value of Nabors' common stock on the date of grant. Therefore, if there is no appreciation in the market value, no value will be realizable. In accordance with Securities and Exchange Commission rules, the Black-Scholes option pricing model was chosen to estimate the grant date present value of the options set forth in this table. Nabors' use of this model should not be construed as an endorsement of its accuracy at valuing options. All stock option valuation models, including the Black-Scholes model, require a prediction about the future movement of the stock price. The following assumptions were made for purposes of calculating the grant date present value: (a) the expected term is assumed to be three and a half years, (b) volatility of 48.1931%, (c) dividend of \$0 per share and (d) risk-free rate of return of 3.84%. The figures given are not intended to forecast future price appreciation of the shares. The real value of the options in this table depends solely upon the actual performance of the Nabors' stock during the applicable period.
- (2) These options were granted on January 22, 2002 and vest six months from the date of grant.
- (3) The options were granted on January 22, 2002 and vest in four annual installments beginning on January 22, 2003.

The following table provides information with respect to stock options exercised during 2002 and the value as of December 31, 2002 of unexercised in-the-money options held by the named executive officers. The value realized on the exercise of options is calculated using the difference between the per share option exercise price and the market value of a share on the date of the exercise. The value of unexercised in-the-money options at fiscal year end is calculated using the difference between the per share option exercise price and the market value of \$35.27 per share at December 31, 2002.

DIRECTOR COMPENSATION

Edgar Filing: NABORS INDUSTRIES LTD - Form 10-K/A

Nabors compensates its directors through a combination of an annual retainer and stock options. Beginning June 25, 2002, all directors receive an annual retainer of \$28,000 for service on the Board and for non-employee directors an additional annual retainer of \$3,000 for serving as chairman of a Board committee. No additional amounts are paid for attendance at Board or committee meetings. Non-employee directors who serve on the Executive Committee receive an additional annual retainer of \$125,000. In the event of retirement, permanent and total disability or death of a non-employee director who served on the Executive Committee, the \$125,000 annual retainer, together with the amount of the annual retainer for serving as a Board member shall continue for an additional five years following the end of the quarter in which retirement, permanent and total disability, or death occurs. Prior to June 25, 2002, non-employee directors received an annual retainer of \$28,000 and an additional annual retainer of \$3,000 for serving as chairman of a Board committee. Employed directors did not receive compensation for their service on the Board. Each of the employed director's annual salary was reduced by an amount equal to the annual retainer they receive for service on the Board, beginning June 25, 2002.

Nabors also issues stock options to its non-employee directors to align their interests with Nabors' shareholders. Option awards are made under option plans adopted from time to time for non-employee directors and are determined by a committee comprised of employee directors of the Board. Each non-employee director was awarded on February 20, 2003, options to purchase at least 30,000 shares and certain non-employed directors received additional awards in recognition of their service as a committee member or committee chairman. The awards were as follows: Mr. Payne, 35,000 options; Mr. Schmidt, 35,000 options; Mr. Sheinfeld, 40,000 options; Mr. Syron, 30,000 options; Mr. Wexler, 45,000 options; and Mr. Whitman, 30,000 options. In addition, Mr. Syron, who joined the Board on February 20, 2003, received options to purchase an additional 30,000 options upon his appointment. All of the options were granted at a per share price of \$38.75, the market value of the Company's shares on the date of grant. The options generally vest in three equal annual installments beginning on the first anniversary of the date of the grant and are exercisable for ten years from the date of grant.

EMPLOYMENT CONTRACTS

Mr. Isenberg and Mr. Petrello's employment contracts were amended and restated effective October 1, 1996 and both contracts currently are set to expire on September 30, 2007. The expiration date automatically extends for an additional one-year term on each anniversary date, unless Nabors provides notice to the contrary ten days prior to such anniversary. Mr. Isenberg's salary is subject to annual review for increase at the discretion of the Board and its Compensation Committee. The formula for the calculation of his cash bonus remained as it had been under the prior version, a shareholder approved contract, which provided that Mr. Isenberg is entitled to receive an annual cash bonus equal to 6% of Nabors' net cash flow (as defined in the employment contract) in excess of 15% of the average stockholders' equity for such fiscal year. Mr. Petrello's salary is subject to annual review for increase at the

discretion of the Board and its Compensation Committee. His annual bonus remained as it had been at the greater of \$700,000 or 2% of the net cash flow (as defined in the employment contract) in excess of 15% of the average stockholders' equity in such year. Mr. Isenberg and Mr. Petrello are eligible for stock options and grants; may participate in annual long-term incentive programs, and pension and welfare plans, on the same basis as other executives; and may receive special bonuses from time to time as determined by the Board. Effective June 24, 2002, Mr. Isenberg's and Mr. Petrello's employment contracts

Edgar Filing: NABORS INDUSTRIES LTD - Form 10-K/A

were amended to reflect a reduction in salary equivalent to the amount of director's fees to be paid by Nabors as of that date. Pursuant to an Executive Cost Allocation Agreement, a percentage of Mr. Isenberg's and Mr. Petrello's salary, bonus, stock options or other compensation payable pursuant to their employment agreements will be paid by Nabors Corporate Services, Inc. for services performed for that Company, beginning on June 25, 2002.

In addition to salary and bonus, each of Mr. Isenberg and Mr. Petrello receive group life insurance at an amount at least equal to three times their respective base salaries; various split-dollar life insurance policies, reimbursement of expenses, various perquisites and a personal umbrella policy in the amount of \$5 million. Further, if Mr. Isenberg or Mr. Petrello is subject to the tax imposed by Section 4999 of the Internal Revenue Code, Nabors has agreed to reimburse them for such tax on an after-tax basis. Premiums payable under the split dollar life insurance policies have been suspended pending clarification of certain provisions of the Sarbanes - Oxley Act of 2002.

In the event that either Mr. Isenberg's or Mr. Petrello's employment contract is terminated by Nabors by reason of death, disability, or any reason other than for cause, or is terminated by either individual for Constructive Termination Without Cause (as defined in the respective agreements) or is terminated as a result of or following a Change in Control (as defined in the respective agreements), the terminated individual will be entitled to receive: (a) all base salary which would have been payable through the expiration date of the contract or three times his then current base salary, whichever is greater; (b) all annual cash bonus which would have been payable through the expiration date, or three times the highest bonus, (including the imputed value of grants of stock awards and stock options), paid or payable during the last three fiscal years prior to termination, whichever is greater; (c) any restricted stock outstanding, which shall immediately and fully vest; (d) any outstanding stock options, which shall immediately and fully vest; (e) any amounts earned, accrued or owing to the executive but not yet paid (including executive benefits, life insurance, disability benefits and reimbursement of expenses and perquisites) shall be continued through the later of the expiration date or three years after the termination date; (f) continued participation in medical, dental and life insurance coverage until the executive receives equivalent benefits or coverage through a subsequent employer or until the death of the executive or his spouse, whichever is later; and (g) any other or additional benefits in accordance with applicable plans and program of Nabors. In the event that either Mr. Isenberg's or Mr. Petrello's termination is related to a Change in Control, the terminated individual, at his election, would be entitled to receive a cash amount equal to one dollar less than the amount that would constitute an "excess parachute payment" as defined in Section 280G of the Internal Revenue Code, in place of the salary and bonus referred to in (a) and (b) above. In addition, the terminated individual would be entitled, at his election, to terminate his employment because of such Change in Control, and to receive instead of any such number of outstanding options, as selected by the individual, an amount of cash in exchange therefor equal to (x) the excess of the Change in Control Price (as defined in the respective agreements) over the exercise price of the options per share of common stock multiplied by (y) the number of options selected by the individual. In addition, the terminated individual would be entitled a grant of additional vested options exercisable for five years, at a price equal to the average closing price per share during the 20 days prior to the Change in Control in an amount equal to the highest number of options granted during any fiscal year during the period comprising the then current fiscal year and the three fiscal years preceding the Change in Control. In the event that either Mr. Isenberg's or Mr. Petrello's employment contract is terminated for cause or as a result of resignation (other than as described above), the terminated individual will be entitled to receive: (1) base salary through the date of termination; (2) all annual cash bonus which would have been payable through the date of termination; (3) all restricted stock that has vested on or prior to the date of termination; (4) any outstanding stock options vested on or prior to the date of

termination; (5) any amounts earned, accrued or owing to the executive but not yet paid (including executive benefits, life insurance, disability benefits and reimbursement of expenses and perquisites if to be performed following termination); and (6) other or additional benefits in accordance with applicable plans and program of Nabors. If Mr. Petrello's employment is terminated for any reason, he also is entitled to certain relocation benefits as set forth in his employment agreement.
