

Edgar Filing: NOBLE CORP - Form 8-K

materially from those indicated by the forward-looking statements because of various risks and uncertainties, including, without limitation, changes in United States tax laws, or the enactment of new United States tax laws, that may result in the Registrant being subject to taxation in the United States on its worldwide earnings, other material changes in the tax laws, tax treaties or tax regulations, or the interpretation or enforcement thereof, in the United States or other countries in which the Registrant operates which could increase its effective tax rate; volatility in crude oil and natural gas prices; changes in customers' drilling programs or budgets due to their own internal corporate events, changes in the markets and prices for oil and gas, or shifts in the relative strengths of various geographic drilling markets brought on by things such as a general economic slowdown, or regional or worldwide recession, any of which could result in deterioration in demand for the Registrant's drilling services; the Registrant's inability to execute any of its business strategies; the cancellation by customers of drilling contracts or letter agreements or letters of intent for drilling contracts or their exercise of early termination provisions generally found in the Registrant's drilling contracts; intense competition in the drilling industry; changes in the rate of economic growth in the U.S. or in other major international economies, political and economic conditions in the United States and in international markets where the Registrant operates; adverse weather (such as hurricanes or monsoons) and seas; operational risks (such as blowouts, fires and loss of production); changes in oil and gas drilling technology or in competitors' drilling fleets that could make the Registrant's drilling rigs less competitive or require major capital investment to keep them competitive; cost overruns or delays on shipyard repair, maintenance, conversion or upgrade projects; costs and effects of unanticipated legal and administrative proceedings; limitations on the Registrant's insurance coverage or its inability to obtain or maintain insurance coverage at

2

rates and with deductible amounts that it believes are commercially reasonable; the discovery of significant additional oil and/or gas reserves or the construction of significant oil and/or gas delivery or storage systems that impact regional or worldwide energy markets; potential deterioration in the demand for the Registrant's drilling services and resulting declining dayrates; requirements and potential liability imposed by governmental regulation of the drilling industry (including environmental regulation); acts of war or terrorism; significant changes in trade, monetary or fiscal policies worldwide, including changes in interest rates; and currency fluctuations between the U.S. dollar and other currencies.

All of the foregoing risks and uncertainties are beyond the Registrant's ability to control, and in many cases, the Registrant cannot predict the risks and uncertainties that could cause its actual results to differ materially from those indicated by the forward-looking statements. When used in this report, the words "believes", "anticipates", "expects", "plans" and similar expressions as they relate to the Registrant or its management are intended to identify forward-looking statements.
