**PROXY STATEMENT FOR THE
2003 ANNUAL MEETING OF SHAREHOLDERS**

The Company's Board of Directors is furnishing you with this Proxy Statement to solicit proxies to be voted at the 2003 Annual Meeting of Shareholders. The Annual Meeting will be held at 10:00 a.m. on Wednesday, May 7, 2003 at Bank One Center, One Bank One Plaza, Dearborn and Madison Streets (Plaza Level), Chicago, Illinois 60670. The proxies also may be voted at any adjournments or postponements of the meeting.

The mailing address of our principal executive offices is One East Wacker Drive, Chicago, Illinois 60601. We began sending these proxy materials on or about April 1, 2003 to all shareholders entitled to vote at the 2003 Annual Meeting.

All properly executed proxy cards, and all properly completed proxies submitted by telephone or through the Internet, that are delivered in response to this solicitation will be voted at the Annual Meeting in accordance with the directions given in the proxy, unless the proxy is revoked before the meeting.

**QUESTIONS AND ANSWERS ABOUT
THE ANNUAL MEETING AND VOTING**

Proxy and Proxy Statement

What is a proxy?

A proxy is your legal appointment of another person to vote the stock you own. That other person is called a proxy. If you appoint someone as your proxy in a written document, that document is also called a proxy or a proxy card. We have designated the Company's Chairman and Chief Executive Officer, Richard C. Vie, and the Company's Executive Vice President and Chief Financial Officer, Eric J. Draut, to act as proxies for the Annual Meeting. You do not need to attend the Annual Meeting to vote your shares if you provide a proxy in the manner described in this Proxy Statement.

What is a Proxy Statement?

It is a document that sets forth the information required by the federal securities laws and regulations administered by the Securities and Exchange Commission (SEC) which is intended to allow you to vote on an informed basis at the Annual Meeting.

Table of Contents

Voting and Record Date

What am I being asked to vote on?

You are being asked to vote on the election of a Board of Directors consisting of the following eleven nominees:

James E. Annable

Eric J. Draut

Douglas G. Geoga

Reuben L. Hedlund

Jerrold V. Jerome

William E. Johnston, Jr.

Wayne Kauth

Fayez S. Sarofim

Donald G. Southwell

Richard C. Vie

Ann E. Ziegler

The Board of Directors recommends that you vote *FOR* each of the nominees.

Who can vote?

You are entitled to vote at the Annual Meeting if you owned Unitrin common stock at the close of business on March 18, 2003. This date is called the record date.

How many shares of Unitrin stock are eligible to be voted at the Annual Meeting?

At the close of business on the record date of March 18, 2003, there were 67,572,595 shares of Unitrin common stock issued and outstanding. Accordingly, 67,572,595 shares of Unitrin common stock are eligible to be voted at the Annual Meeting. Unitrin had no other voting securities outstanding on March 18, 2003.

How many votes do I have?

Each share of Unitrin common stock that you owned on the record date entitles you to one vote. Your proxy card indicates the number of shares of Unitrin common stock that you owned on March 18, 2003 which are eligible to be voted at the Annual Meeting.

How do I vote in person?

If you owned Unitrin common stock in your own name on March 18, 2003, your name will appear on the list of record shareholders of the Company and, if you wish to attend in person, you will be admitted to attend the Annual Meeting and vote by written ballot. However, if your shares are held in the name of a broker, bank or other institution, you must present written evidence at the Annual Meeting from the institution indicating that you were the beneficial owner of the shares on March 18, 2003 and that you have been authorized by that institution to vote your shares in person. This written evidence is generally called a *Legal Proxy* and should be submitted to the Company's Secretary, Scott Renwick, prior to the commencement of the Annual Meeting.

Table of Contents

How do I give a proxy to vote my shares?

How you give a proxy to vote your shares depends on whether you hold your shares of Unitrin common stock (i) as a shareholder of record or (ii) in street name through an institution, such as a stock brokerage firm or bank. The shares of a shareholder of record are registered with the Company's transfer agent, Wachovia Bank, N.A. (formerly known as First Union National Bank), in the shareholder's own name. Shares held in street name are registered with the Company's transfer agent in the name of the stock brokerage firm or other institution (or the name of its nominee), but not in the shareholder's own name. In this case, the institution maintains its own internal records showing the shareholder as the actual beneficial owner of the shares.

Shareholders of record: If you hold your shares of Unitrin common stock as a shareholder of record (or through the Company's employee 401(k) savings plan), you may give a proxy to vote your shares by one of the following methods:

Complete, sign and date the enclosed proxy card and return it for delivery no later than the commencement of the Annual Meeting in the postage-paid envelope provided;

Call the toll-free telephone number on the proxy card and follow the recorded instructions no later than 3:00 p.m. Eastern Daylight Saving Time on Tuesday, May 6, 2003;

Access the proxy voting website at the internet address identified on the proxy card and follow the instructions no later than 3:00 p.m. Eastern Daylight Saving Time on Tuesday, May 6, 2003; or

Attend the Annual Meeting in person and deliver a signed proxy to one of the ushers when requested to do so.

The telephone and internet voting procedures are designed to authenticate shareholders' identities, to allow shareholders to give their voting instructions, and to confirm that shareholders' instructions have been recorded properly. Shareholders who wish to give proxy voting instructions over the Internet should be aware that there may be costs associated with electronic access, such as usage charges from internet access providers and telephone companies. In addition, in choosing among the available alternatives for proxy voting, shareholders should be aware that there may be some risk that a vote either by telephone or over the Internet might not be properly recorded or counted because of an unanticipated electronic malfunction. As described above, please note that the ability of shareholders of record to submit voting instructions by telephone and over the Internet ends at 3:00 p.m. Eastern Daylight Saving Time on the day before the Annual Meeting. The reason for this cut off is to allow for the timely assembly and tabulation of telephonic and internet voting instruction data.

Edgar Filing: UNITRIN INC - Form DEF 14A

Shares held in street name: If you hold your shares of Unitrin common stock in street name through an institution, the institution generally will supply you with its own form of proxy card requesting you to provide your voting instructions in writing or, in some cases, by telephone or over the Internet. Following its receipt of your voting instructions, the institution will be authorized to provide a proxy to vote your shares in accordance with your instructions.

Table of Contents

How will my proxy be voted?

If you properly sign your proxy card and send it to Wachovia Bank, N.A., or timely deliver your voting instructions by telephone or the Internet, the individuals named on your proxy card (i.e. the designated proxies) will be authorized to vote your shares as you have directed. With respect to the election of directors, you are given the choice of voting for all nominees for director or withholding authority to vote for some or all nominees. If you sign the proxy card but do not make specific choices, the designated proxies will vote your shares as recommended by the Company's Board of Directors. The Board of Directors recommends that you vote in favor of all of the nominees.

What is the effect of marking the proxy card to withhold authority in the election of directors?

As a corporation organized under Delaware law, the Company is subject to the corporate governance laws of the State of Delaware. Based on Delaware law, a proxy card that has been marked to withhold authority with respect to one or more nominees for director will be considered as part of the voting power present with respect to the election of directors and will have the effect of a vote against any such nominees.

What are broker non-votes and how might they affect voting?

Broker non-votes can occur in some instances when a stockbroker holding securities in street name for its customer does not receive voting instructions from the customer. In these cases, the regulations governing stockbrokers allow brokers to exercise discretionary voting power with respect to some matters (called discretionary matters) but not others (called non-discretionary matters), depending on the subject matter of the proposal being voted upon. Under applicable New York Stock Exchange rules, the uncontested election of directors is a discretionary matter for brokers, and a broker not receiving voting instructions from a customer generally will be free to cast a vote in its discretion as to this matter. Because brokers are able to vote such shares, there will not be any broker non-votes at the Annual Meeting, unless any other business should come before the Annual Meeting. In such case, if a broker cannot use its discretion to vote a share, the resulting non-vote will be used to determine quorum only, and will have no other effect on voting.

How will voting on any other business be conducted?

With the exception of the election of a Board of Directors described in this Proxy Statement, the Company's management knows of no other business that may come before the Annual Meeting. However, if any other business should properly come before the Annual Meeting, your proxy card will authorize the persons named in the proxy to

vote on any such matters in their discretion.

May I revoke my proxy or change my voting instructions?

If you are a shareholder of record, you may revoke your proxy or change your voting instructions as follows:

Deliver to Wachovia Bank, N.A. another signed proxy card with a later date anytime prior to the commencement of the Annual Meeting;

Table of Contents

Notify Unitrin's Secretary, Scott Renwick, in writing prior to the commencement of the Annual Meeting that you have revoked your proxy;

Call the toll-free telephone number on the proxy card and modify your voting instructions anytime prior to 3:00 p.m. Eastern Daylight Saving Time on Tuesday, May 6, 2003;

Access the proxy voting website at the internet address identified on the proxy card and modify your voting instructions anytime prior to 3:00 p.m. Eastern Daylight Saving Time on Tuesday, May 6, 2003; or

Attend the Annual Meeting in person and deliver a new signed proxy or ballot to one of the ushers when requested to do so.

If you own your shares of Unitrin common stock in street name, you should contact your stockbroker or other institution holding your shares to determine the procedures, if any, for changing your voting instructions. Please refer to the discussion under the above question *How do I give a proxy to vote my shares?* regarding shareholders of record and shares held in street name.

If I plan to attend the Annual Meeting, should I give my proxy?

Whether or not you plan to attend the Annual Meeting, we urge you to give a proxy. Returning your proxy card or giving voting instructions by telephone or through the Internet will not affect your right to attend the Annual Meeting and vote in person. However, giving a proxy will ensure that your shares are represented at the Annual Meeting in the event that you are unable to attend.

What does it mean if I receive more than one proxy card?

If your Unitrin shares are held under different names or in more than one account, you will receive more than one proxy card. Each proxy card will indicate the number of shares you are entitled to vote on that particular proxy card.

Quorum and Required Vote

What is a quorum?

In order to conduct business at the Annual Meeting, a quorum must be present; that is, a majority of Unitrin's common stock outstanding as of the record date must be represented in person or by proxy at the Annual Meeting. If you properly submit a proxy, your shares covered by that proxy will be counted toward a quorum.

How many votes are required to elect the Nominees for the Board of Directors?

If a quorum is present, directors are elected by the vote of the holders of a majority of the Company's stock having voting power present, in person or by proxy, at the Annual Meeting.

Table of Contents

Shareholder Proposals and Nominations

May a shareholder nominate someone to be a director of Unitrin or bring any other business before the Annual Meeting?

The time periods applicable to the 2003 Annual Meeting as prescribed by the Company's Amended and Restated By-Laws and certain SEC requirements for nominations and other business proposals by the Company's shareholders have expired. Accordingly, no such nominations or other business would be in order at the 2003 Annual Meeting. The time periods and the relevant procedures relating to the 2004 Annual Meeting are summarized below in the answers to the following two questions.

How can a shareholder nominate someone to be a director of Unitrin or bring any other business before the 2004 Annual Meeting?

If a shareholder of record wishes to nominate directors or bring other business to be considered by shareholders at the 2004 Annual Meeting, such proposals may only be made in accordance with the procedures set forth in the Company's Amended and Restated Bylaws. Under the Company's By-Laws, nominations of directors or other proposals by shareholders must be made in writing to the Company no later than March 8, 2004 and no earlier than February 7, 2004. However, if the date of the 2004 Annual Meeting is advanced by more than 30 days or delayed by more than 60 days from the anniversary date of the 2003 Annual Meeting (*i.e.* May 7, 2004), then such nominations and proposals must be delivered in writing to the Company no earlier than 90 days prior to the 2004 Annual Meeting and no later than the close of business on the *later* of (i) the 60th day prior to the 2004 Annual Meeting, or (ii) the 10th day following the day on which public announcement of the date of the 2004 Annual Meeting is first made.

All shareholder proposals and notices should be submitted to Scott Renwick, Secretary, Unitrin, Inc., One East Wacker Drive, Chicago, Illinois 60601.

Please note that these requirements relate only to matters proposed to be considered at the 2004 Annual Meeting. They are separate from the SEC's requirements to have shareholder proposals included in the Company's Proxy Statement described immediately below.

When are shareholder proposals due so that they may be included in Unitrin's Proxy Statement for the Annual Meeting of Shareholders to be held in 2004?

Pursuant to regulations of the SEC, shareholders who intend to submit proposals for inclusion in the Company's proxy materials for the 2004 Annual Meeting must do so no later than December 3, 2003. This requirement is separate from certain other SEC requirements as to content that must be met to have a shareholder proposal included in the Company's Proxy Statement. In addition, this requirement is independent of certain other notice requirements of the Company's Amended and Restated By-Laws described immediately above. Shareholder nominations of persons for election to the Board of Directors are not eligible for inclusion in the Company's proxy materials. All shareholder proposals and notices should be submitted to Scott Renwick, Secretary, Unitrin, Inc., One East Wacker Drive, Chicago, Illinois 60601.

Table of Contents

Cost of Proxy Solicitation

What are the costs of soliciting these proxies and who pays them?

The Company has retained the services of W.F. Doring & Co., Inc. (Doring) to aid in the solicitation of proxies. Doring estimates that its fees and expenses for these services will not exceed \$12,000. The Company will bear the total expense of the solicitation which will include, in addition to the amounts paid to Doring, amounts paid to reimburse banks, brokerage firms and others for their expenses in forwarding solicitation material. Although the principal solicitation of proxies is being made by mail, additional proxy solicitation may be made through direct communication with certain shareholders or their representatives by directors, officers and employees of the Company and its subsidiaries, who will receive no additional compensation for such solicitation.

REPORT OF THE AUDIT COMMITTEE

The Securities and Exchange Commission rules require the Company to include in its Proxy Statement a report of the Audit Committee of the Board of Directors. The following report concerns the Audit Committee and its activities regarding the Company's financial reporting and auditing process.

The Audit Committee consists of the following members of the Company's Board of Directors: William E. Johnston, Jr. (Chairman), Douglas G. Geoga, Reuben L. Hedlund, Jerrold V. Jerome and Ann E. Ziegler. The Audit Committee operates under a written charter adopted by the Board of Directors, a copy of which is attached as an appendix to this Proxy Statement. The Company's common stock is listed on the New York Stock Exchange and is governed by the listing standards of the New York Stock Exchange. Each of the members of the Audit Committee is independent in accordance with the listing standards of the New York Stock Exchange.

Management is responsible for the Company's financial reporting process, including its system of internal controls, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States. The Company's independent auditors are responsible for auditing those financial statements. Our responsibility as the Audit Committee is to review and monitor these processes on behalf of the Board of Directors.

In this context, the Audit Committee has reviewed and discussed the Company's audited financial statements with management. The Audit Committee has discussed with Deloitte & Touche LLP, the Company's independent auditors for the fiscal year ended December 31, 2002, the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). The Audit Committee has received and discussed with Deloitte & Touche LLP their written disclosures and letter regarding their independence required by Independence Standards Board Standard No. 1 (Independence Discussion with Audit Committees). The Audit Committee has considered whether the provision of any services by Deloitte & Touche LLP as described in this Proxy Statement under the captions entitled "Financial Information Systems Design and Implementation Fees" and "All Other Fees" is compatible with maintaining the independence of Deloitte & Touche LLP.

In reliance upon these reviews and discussions, and the report of the independent auditors, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements for the year ended December 31, 2002 be included in the Company's Annual Report on Form 10-K for that year for filing with the Securities and Exchange Commission.

INDEPENDENT PUBLIC ACCOUNTANTS

Fees billed by Independent Public Accountant for 2002

Deloitte & Touche LLP served as the Company's independent public accountant for and during the year ended December 31, 2002. The following discussion provides information regarding the fees billed to the Company for services rendered by Deloitte & Touche LLP for 2002.

The aggregate fees billed by Deloitte & Touche LLP for the audit of the Company's annual financial statements for the year ended December 31, 2002 and the reviews of the financial statements included in the Company's quarterly reports on Form 10-Q for 2002 was \$1,208,540.

Financial Information Systems Design and Implementation Fees

No fees were billed by Deloitte & Touche LLP for professional services rendered for the year ended December 31, 2002 in connection with (i) directly or indirectly operating, or supervising the operation of, the Company's information system or managing the Company's local area network, or (ii) designing or implementing a hardware or software system that aggregates source data underlying the financial statements or generates information that is significant to the Company's financial statements taken as a whole.

Selection of Independent Public Accountant for 2003

In accordance with the recommendation of the Company's Audit Committee, the Board of Directors selected the certified public accounting firm of Deloitte & Touche LLP to serve as the independent public accountant to audit the Company's financial statements for 2003. Following the 2003 Annual Meeting, pursuant to the Audit Committee Charter and applicable requirements of law, the Audit Committee shall have the sole responsibility to retain, evaluate, terminate and replace the Company's independent auditors. Deloitte & Touche LLP served in this capacity with respect to the Company's financial statements for 2002. It is expected that representatives from Deloitte & Touche LLP will be present at the Annual Meeting. Such representatives may make a statement if they desire to do so and will be available to respond to appropriate questions.

Change in the Company's Public Accountant prior to 2002

Under SEC rules, the Company is required to report the following information if, during the two most recent fiscal years or any subsequent period, there has been a change in the

Table of Contents

independent accountant who was previously engaged as the principal accountant to audit the Company's financial statements. The Company's independent auditor for 2001 was the certified public accounting firm of KPMG LLP. On November 7, 2001, the Company's Board of Directors selected the certified public accounting firm of Deloitte & Touche LLP to serve as the independent auditor to audit the Company's financial statements for 2002. On November 8, 2001, the Company advised KPMG LLP of the engagement of Deloitte & Touche LLP and that KPMG LLP would not be re-engaged by the Company following completion of its audit engagement for 2001. The decision to change the Company's independent public auditor from KPMG LLP to Deloitte & Touche LLP was recommended to the Board of Directors by its Audit Committee. The reports of KPMG LLP on the financial statements of the Company for the fiscal years ended December 31, 2001 and 2000 do not contain any adverse opinion or a disclaimer of opinion, nor was any such report qualified or modified as to uncertainty, audit scope, or accounting principles. During such fiscal years, there were no disagreements between KPMG LLP and the Company on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure which, if not resolved to the satisfaction of KPMG LLP, would have caused it to make reference to the subject matter of the disagreement in connection with its reports. Further, during such fiscal years, there were no reportable events involving KPMG LLP and the Company of the kinds listed in Item 304 of SEC Regulation S-K.

The Company has furnished KPMG LLP and Deloitte & Touche LLP with a copy of this disclosure and acknowledged that each such firm may present its views in a brief statement to be included in this Proxy Statement if it believes that the above statements regarding the change in the Company's certifying accountant are incorrect or incomplete. Neither KPMG LLP nor Deloitte & Touche LLP submitted such a statement for inclusion in this Proxy Statement.

REPORT OF THE COMPENSATION COMMITTEE

The Company compensates its executive officers with two principal forms of compensation: cash compensation and stock options. Cash compensation consists of base salary and performance-based bonuses, and may include discretionary bonuses. Executive officers currently are eligible to receive stock options under the Unitrin, Inc. 1997 and 2002 Stock Option Plans. Although the type and terms of options granted under these Plans may vary, the Compensation Committee in 2002 granted non-qualified options with exercise prices equal to the fair market value of the Company's common stock on the date of grant, with terms of ten years, and which become exercisable in four equal annual installments beginning six months after the date of grant.

Base salaries of the Company's executive officers depend on the Compensation Committee's subjective assessment of the individual officer's work performance with respect to such officer's normal job responsibilities. In its compensation deliberations in 2002, the Compensation Committee had available to it information regarding the salary compensation of the chief executive officers and certain other senior officers of a group of insurance and diversified financial services companies. While the Compensation Committee noted this information in establishing the base salary compensation of the Company's Chief Executive Officer for 2002, such information was not determinative of his compensation, and the Compensation Committee did not target a specific level within the range of such data for his 2002 compensation. Such information was not referenced in establishing the compensation of any of the Company's other executive officers.

The Company's executive officers generally are eligible to receive cash bonuses under the terms of the Company's 1998 Bonus Plan for Senior Executives (the 1998 Bonus Plan) based on attainment of designated corporate performance criteria. For 2002, the Company's executive officers generally were eligible for cash bonuses of up to 70% of their base salaries based on formulas adopted by the Compensation Committee at its February 2002 meeting relating to growth in revenues and operating earnings of designated Company operating units. In 2002, no formula bonuses were awarded to any of the Company's executive officers other than Mr. Draut. Based on the Compensation Committee's subjective evaluation of such officers' work performance during 2002, Messrs. Vie, Southwell, Draut, Renwick and Konar received discretionary bonuses of \$50,000, \$75,000, \$60,000, \$30,000, and \$40,000, respectively.

The Compensation Committee endorses the concept that the interests of the executive officers are more closely aligned with those of the shareholders through the award of stock options. The number of stock options granted to executive officers, including the Chief Executive Officer, is determined by the Compensation Committee's subjective evaluation of the particular officer's ability to influence the long-term growth and profitability of the Company, given his particular job responsibilities. In light of the Chief Executive Officer's overall responsibility for the Company's operations and financial results, he would ordinarily be deemed to have the greatest ability to influence the long-term growth and profitability of the Company and would therefore generally receive a greater number of options than the other

Table of Contents

executive officers. In determining the number of stock options to grant a particular officer, the Compensation Committee also takes into account the number of options already held by such officer. The Compensation Committee has no predetermined goal for a particular level of stock ownership by its executive officers.

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a tax deduction to a public company for compensation in excess of \$1 million paid to its chief executive officer and any of its four other most highly compensated executive officers. Certain performance-based compensation is specifically exempt from the deduction limit. All stock options that have been granted to the Company's executive officers through the end of 2002 either are not subject to Section 162(m) (because they were granted prior to the effective date of such section) or qualify as performance-based compensation under Section 162(m), as interpreted by final regulations promulgated by the Internal Revenue Service thereunder, and therefore are not subject to the deduction limit under such section. The 1998 Bonus Plan is designed to qualify as a performance-based compensation program under Section 162(m) in order to preserve the Company's federal income tax deduction for bonuses paid thereunder.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee of the Company's Board of Directors consists of James E. Annable, Douglas G. Geoga, Reuben L. Hedlund and William E. Johnston, Jr. None of these individuals is a current or former officer or employee of the Company or any of its subsidiaries.

As described elsewhere in this Proxy Statement, one of the Company's directors, Mr. Sarofim, is the Chairman of the Board, President, a director, and the majority shareholder of Fayeze Sarofim & Co. (FS&C), a registered investment advisory firm. Certain of the Company's insurance company subsidiaries and FS&C are parties to agreements under which FS&C provides investment management services to these subsidiaries. In addition, FS&C provides investment management services with respect to certain funds of the Company's pension plan. The agreements governing these arrangements are terminable by either party at any time on 30 days advance written notice.

Under these investment advisory arrangements, FS&C is entitled to a fee calculated and payable quarterly based upon the fair market value of the assets under management. At December 31, 2002, the Company's subsidiaries and the Company's pension plan had approximately \$133.6 million and \$57.9 million, respectively, in assets with FS&C for investment management. During 2002, the Company's subsidiaries and the Company's pension plan paid \$0.5 million in the aggregate to FS&C.

With respect to the Company's 401(k) Savings Plan, one of the alternative investment choices afforded to participating employees is the Dreyfus Appreciation Fund, an open-end, diversified management investment fund (the Fund). FS&C provides investment management services to the Fund as a sub-investment advisor. According to published reports filed by FS&C with the SEC, the Fund pays monthly fees to FS&C according to a graduated schedule computed at an annual rate based on the value of the Fund's average daily net assets. The Company does not compensate FS&C for services rendered to the Fund. As of December 31, 2002, Company employees participating in the Company's 401(k) Savings Plan had allocated approximately \$19.2 million for investment in the Fund, representing approximately 12% of the total amount invested in the Company's 401(k) Savings Plan.

The Company believes that the transactions described above have been entered into on terms no less favorable than could have been negotiated with unrelated third parties.

The number of options granted in years following 2000 was not affected by the CW Distribution Adjustment. On November 29, 2001, the Company completed the distribution of its investment in Curtiss-Wright Corporation Class B common stock to the Company's shareholders under which each eligible share of the Company's Common Stock outstanding received approximately 0.065 shares of Curtiss-Wright Corporation Class B common stock (the CW Distribution). As part of the CW Distribution, the Compensation Committee of the Company's Board of Directors reduced the exercise prices of all outstanding options, issued additional options, and authorized cash payments to option holders to offset the diminution in the intrinsic value of outstanding options resulting from the CW Distribution (the CW Distribution Adjustment).

- (c) The amounts shown in this column represent Company matching contributions to the named officers' accounts under the Company's 401(k) Savings Plan.
- (d) Mr. Konar first became an executive officer of the Company when he was elected as a Vice President in January 2001.

Restorative Options are subject to the same terms and conditions as the original options, including the expiration date, except that the

exercise price of a Restorative Option is equal to the fair market value of Common Stock on the date of its grant. Restorative Options cannot be exercised until six months after the date of

grant. The grant of a Restorative Option does not result in an increase in the total number of shares and options held by an option holder, but changes the mix of the two. For further discussion of Restorative Options, please refer to footnote (1) of the following Option Grants table.

- (1) Grants in this table marked with an asterisk represent awards made to the named executive officers by the Compensation Committee in 2002. Grants not so marked represent Restorative Options. Restorative Options are granted when an option holder exercises a stock option and makes payment of the exercise price and/or the resulting tax obligations using shares of previously-owned Common Stock. In such a case, the option holder is granted a Restorative Option for the total number of shares used to make such payment. A Restorative Option becomes fully exercisable six months after its date of grant and expires on the same date as the original option. A Restorative Option is intended to enable an option holder to remain in essentially the same economic position with respect to potential appreciation of the Common Stock as if he or she had continued to hold the original option unexercised. All options granted in 2002 were non-qualified options for federal income tax purposes. All options granted to the named executive officers were granted under the Unitrin, Inc. 1990, 1997 and 2002 Stock Option Plans and include Restorative Options.
- (2) Exercise prices were set in all cases at the fair market value of the Company's Common Stock on the date of grant.
- (3) The Black-Scholes option pricing model was used to estimate the grant date present values of each option. The assumptions used in the pricing model were as follows: (i) for options granted in 2002, the expected dividend

yield was 4.09%; (ii) the weighted average expected volatility used was between 18.45% and 25.32%; (iii) the weighted

Table of Contents

average risk free interest rate used was the average yield on zero coupon U.S. Government securities with a maturity comparable to the expected life of each option; and (iv) the expected lives of the options ranged between 1 to 5 years. The Company's use of the Black-Scholes model should not be viewed as a forecast of the future performance of the Common Stock.

- (1) Substantially all option exercises by the named executive officers in 2002 were exercises in which the officers surrendered previously acquired shares of Common Stock as payment for the exercises. (See footnote (1) to the Option Grant table beginning on page 25.) The shares reflected in this column are the gross shares issued in the exercise transactions, without deduction of the shares surrendered as payment. The actual net increase in the number of shares issued to these officers as a result of such transactions was as follows: Vie (31,356); Southwell (9,522); Draut (10,043); Renwick (12,495); and Konar (1,250).
- (2) The value realized represents the difference between the exercise price of the shares acquired and the market price of such shares on the date or dates of exercise, without regard to any related tax obligations.
- (3) The value of unexercised in-the-money options is calculated by subtracting the applicable exercise price from \$29.22 (the closing price of the Common Stock on December 31, 2002) and multiplying the resulting difference by the number of shares covered by the options in question.

The following table shows, for specified levels of average final compensation and years of credited service, the estimated annual benefits payable under the Company's tax-qualified retirement plan (the Retirement Plan) and a related, non-qualified, supplemental executive retirement plan. Average final compensation represents the average annual covered compensation paid for the highest 60 consecutive months in the 120-month period ending three months prior to retirement. These benefit estimates assume retirement in 2003 at age 65 or older.

The years of credited service in the Retirement Plan as of December 31, 2002 for each of the Company's executive officers named in the Summary Compensation Table are as follows:

Mr. Vie (11); Mr. Southwell (6), Mr. Draut (11), Mr. Renwick (11) and Mr. Konar (11). Compensation covered by the Retirement Plan is the participant's base salary and bonuses as defined in the Retirement Plan, but does not include compensation attributable to the exercise

of stock options. The covered compensation for the executive officers named in the Summary Compensation Table beginning on page 23 is the total of their salary and bonus amounts.

Mr. Vie formerly participated in a defined benefit retirement plan sponsored by a subsidiary of the Company. His participation in that plan was suspended on January 1, 1992 and no further contributions will be made on his behalf; however, he will be entitled to benefits under the plan upon retirement based on contributions made through the end of 1991. If he were to retire at his current age of 65, Mr. Vie would receive annual benefits of \$20,971 under that plan.

Change of Control Arrangements

The Company has entered into individual severance agreements with the currently serving named executive officers (the Agreements). The Agreements provide various severance benefits to such officers in the event their employment is involuntarily terminated (other than for cause, disability or death) or voluntarily terminated, in either case within two years after a change of control. Such benefits are also payable to such officers in the event their employment is involuntarily terminated (other than for cause, disability or death) or voluntarily terminated for certain specified reasons, in either case in anticipation of a change of control. A change of control is deemed to occur if any person is or becomes, directly or indirectly, the beneficial owner of 25% or more of the voting power of the Common Stock, or the individuals who comprised the Company's Board of Directors on the date of the Agreement, or any of the individuals they nominate, cease to comprise a majority of the Board. Each executive officer would be entitled under the Agreements to: (i) a lump sum severance payment based on a multiple (specified below) of his annualized salary; (ii) continuation for up to three years of the life and health insurance benefits that were being provided by the Company to such officer and his family immediately prior to termination; and (iii) outplacement services at the Company's expense for up to fifty-two weeks. The Agreements contain identical terms and conditions, except that the severance compensation multiple is 3.0 for Mr. Vie and 2.0 for the other executive officers.

The Agreements are not employment contracts. Benefits payable are to be grossed-up to the extent that a recipient would be subject to an excise tax under Section 4999 of the Internal Revenue Code (including any interest or penalties imposed with respect to such tax) due to the receipt of such benefits or any other benefits that constitute excess parachute payments for purposes of Section 280G of the Code. In determining whether there are excess parachute payments, consideration must be given to payments triggered by a change in the Company's control. Depending on what actions are taken by the Company's Board of Directors under the Company's stock option plans in connection with a change in control, certain amounts relating to nonqualified stock options would be factored into the determination regarding excess parachute payments. If severance benefits along with potential stock option amounts had become payable on December 31, 2002 as a result of a change of control on that date, no executive officers would have received gross-ups for excess parachute payments.
