ITEM 7. FINANCIAL STATEMENTS AND EXHIBITS

a. Financial statements of business acquired.

The required financial statements of the business acquired are

Edgar Filing: PATTERSON UTI ENERGY INC - Form 8-K

incorporated by reference from the Registrant's Joint Proxy Statement/Prospectus dated March 14, 2001.

b. Pro forma financial information.

The required pro forma financial information as of and for the year ended December 31, 2000 is incorporated by reference from the Registrant's Joint Proxy Statement/Prospectus dated March 14, 2001.

Included herein are selected unaudited pro forma combined financial statements as of and for the three month period ended March 31, 2001, to give effect to the merger of Patterson Energy, Inc. ("Patterson") and UTI Energy Corp. ("UTI") using the pooling of interests method of accounting at the exchange ratio of one share of Patterson common stock for each share of UTI common stock. The unaudited pro forma balance sheet data included in the tables below are presented as though the merger was effective as of March 31, 2001. The unaudited pro forma statements of income data included in the tables below are presented as though the merger was effective as of January 1, 2000. The unaudited pro forma combined statements of income exclude charges directly attributable to the merger (estimated at \$10 million), substantially all of which were charged to operations in the quarter ended June 30, 2001.

PATTERSON-UTI ENERGY, INC

NOTES TO UNAUDITED PRO FORMA
COMBINED FINANCIAL STATEMENTS

1. UNAUDITED PRO FORMA FINANCIAL STATEMENTS

The accompanying unaudited pro forma combined financial statements have been prepared using the pooling-of-interests method of accounting to present the merger between Patterson and UTI. The basis of the unaudited pro forma combined balance sheet reflects the conversion of each outstanding share of UTI common stock into one share of Patterson common stock (an exchange ratio of 1:1). The unaudited pro forma combined statements of income reflect the conversion of the historical number of shares of UTI common stock outstanding used in computing earnings per share into Patterson common stock using the exchange ratio of 1:1. The merger agreement obligates Patterson to assume UTI stock options outstanding under UTI stock option plans in effect on the date of the merger agreement and also to assume UTI warrants outstanding at that time. Common stock equivalents have been considered in the net income per common share calculation for the three months ended March 31, 2001.

2. PERIODS PRESENTED

The unaudited pro forma combined financial statements were prepared using the consolidated financial statements of both Patterson and UTI. The unaudited pro forma combined balance sheet assumes the merger had been consummated on March 31, 2001. The unaudited pro forma combined statements of income for the three month period ended March 31, 2001 and 2000 assumes that the merger had been consummated on January 1, 2000.

3. PRO FORMA ADJUSTMENTS

The following adjustments were made to conform the accounting methods of Patterson and UTI.

a. To adjust for certain differences between the two companies' relative methods of accounting for the recognition of revenue under turnkey drilling contact arrangements. Patterson applies the completed contract method to turnkey drilling contracts which requires revenue and costs associated with drilling the well to be deferred until drilling is complete. UTI accounts for its turnkey arrangements using the percentage-of-completion method in which revenue is recognized as costs are incurred relative to the expected total cost of drilling the well.

b. To adjust for the difference in the par value per share for the common stock issued upon consummation of the merger. Patterson's par value of common stock is \$0.01 per share and UTI's par value is \$0.001 per share.

Edgar Filing: PATTERSON UTI ENERGY INC - Form 8-K

c. To adjust diluted shares outstanding using Patterson's average market price for the respective three months ended March 31, 2001 and 2000.
