The inspectors will ascertain the number of shares outstanding and the voting power of each of such shares, determine the shares represented at the meeting and the validity of proxies and ballots, count all votes and ballots and perform certain other duties as required by law. The inspectors will tabulate the number of votes cast for or withheld as to the vote on each nominee for director and for, against or abstained from the proposal to amend the 2003 Stock Option Plan.

With regard to the election of directors, votes may be cast in favor of or withheld from each nominee. QUESTIONS AND ANSWERS ABOUT THE PROPOSALS

Q. WHAT PROPOSALS ARE SHAREHOLDERS BEING ASKED TO CONSIDER AT THE UPCOMING ANNUAL MEETING?

A. Shareholders will elect the Board of Directors for the ensuing year. Shareholders will also vote upon a proposal to amend the Company's 2003 Stock Option Plan to increase from 2,000,000 to 3,500,000 the aggregate number of shares of Common Stock authorized for issuance under such plan and increase by 2,000 the number of shares of Common Stock under stock options granted to non-employee directors upon election or re-election to the Board of Directors.

Q. WHY IS THE COMPANY PROPOSING TO AMEND THE 2003 STOCK OPTION PLAN?

A. The purposes of the Company's 2003 Stock Option Plan are to attract able persons to enter the employ of the Company, to encourage employees to remain in the employ of the Company and to provide motivation to employees to put forth maximum efforts toward the continued growth, profitability and success of the Company, by providing incentives to such persons through the ownership and performance of the Common Stock. A further purpose of the

Company's 2003 Stock Option Plan is to provide a means through which the Company may attract able persons to become directors of the Company and to provide directors with additional incentive and reward opportunities designed to strengthen their concern for the welfare of the Company and its shareholders. As of June 7, 2004 only 334,500 shares, 226,547 shares and 21,068 shares were available for issuing stock options under the Company's 2003 Stock Option Plan, 1999 Stock Option Plan, and 1998 Non-Qualified Stock Option Plan, respectively. The Company is seeking to increase the number of shares available under the 2003 Stock Option Plan by 1,500,000 shares and, accordingly, is seeking approval to amend the 2003 Stock Option Plan to increase from 2,000,000 to 3,500,000 the number of shares authorized for issuance under the 2003 Stock Option Plan so it may continue to use the plan to provide stock-based incentive compensation to the Company's employees and directors. The Company analyzed the equity-based compensation made available to non-employee directors for software and telecommunications companies, including companies within the SIC Code for Telephone and Telegraph Apparatus used in the Performance Graph contained in this Proxy Statement. As a result of such analysis, the Company is also seeking approval to amend the 2003 Stock Option Plan to increase by 2,000 the number of shares of Common Stock under stock options granted to non-employee directors upon election or re-election to the Board of Directors.

All directors who are not employees of the Company receive an annual retainer of \$15,000 for serving as a director of the Company. Members of the Audit Committee and Compensation Committee receive annual retainers of \$5,000 and \$3,000, respectively. The Company also reimburses all directors for travel, lodging and related expenses incurred in attending Board and committee meetings. Directors who are not employees of the Company receive a fee of \$1,000 for each Board or committee meeting attended in person, and \$500 for each Board or committee meeting attended by phone conference. In addition, under the 2003 Stock Option Plan, each nominee for director who is presently serving as a non-employee director, and who is re-elected as a director at the annual meeting on July 21, 2004, will automatically be granted a stock option to purchase 12,000 shares of Common Stock if the proposal to amend the 2003 Stock Option Plan is approved by shareholders or 10,000 shares if such proposal is not approved, which option can be exercised commencing on the date of the next annual meeting of shareholders. Each nominee for director who is not an employee of the Company and who is elected as a director of the Company for the first time will automatically be granted an option to purchase 18,000 shares of Common Stock (20,000 shares if the proposal to amend the 2003 Stock Option Plan is approved by the shareholders), which option can be exercised commencing on the date of the next annual meeting of shareholders if he or she is first elected as a director by the shareholders at an annual meeting of shareholders. If the new director is first elected as a director by the Board of Directors to fill a vacancy on the Board of Directors, the stock option can be exercised commencing on the date of the annual meeting of shareholders following the annual meeting of shareholders at which he or she is first elected to the Board by the shareholders. Pursuant to the 2003 Stock Option Plan, on August 20, 2003 each of Messrs. Pietropaolo, Reily, Montry and Platt was automatically granted an option to purchase 10,000 shares of Common Stock, at an exercise price based on the market price on that date, \$7.12 per share, which options can be exercised commencing on the date of the 2004 annual meeting. On March 5, 2004 Mr. Reed, upon his election to the Board to fill a vacancy resulting from the unfortunate death of Grant Dove, was automatically granted an option to purchase 18,000 shares of Common Stock at an exercise price of \$12.64 per share. Upon her election to fill a newly created vacancy on the Board on June 2, 2004, Ms. Joni was automatically granted an option to purchase 18,000 shares at an exercise price of \$13.85 per share. The options granted to Mr. Reed and Ms. Joni can be exercised on the date of the 2005 annual meeting, provided they serve on the Board through the date of such meeting. Directors are encouraged to attend the Company's annual meetings of shareholders. Last year's meeting was held in Dallas, Texas and all then current directors attended the meeting.

Committees of the Board of Directors

The Board of Directors has established committees which deal with certain specific areas of the Board's responsibility. These committees include the Audit Committee, Compensation Committee, Executive Committee and Nominating Committee. The Board of Directors has determined that Joseph J. Pietropaolo, Gerald F. Montry, Jack P. Reily, Donald B. Reed and Saj-nicole A. Joni, Ph.D. are independent directors under Rule 4200 (a) (15) of the NASD's Listing Standards.

The Audit Committee, which held 8 meetings during fiscal 2004, has the primary responsibility to ensure the integrity of the financial information reported by the Company. Its functions include: (a) the appointment, compensation and oversight of independent auditors; (b) reviewing the scope of the annual audit to be performed by the independent auditors prior to commencement of the audit; (c) reviewing the results of those audits; (d) reviewing the organization and scope of the Company's internal system of audit and financial controls; (e) meeting periodically with management and the independent public accountants to review financial, accounting and internal control matters; (f) meeting periodically with the independent public accountants to discuss the results of their audit work and their opinions as to the adequacy of internal accounting controls and the quality of financial reporting; and (g) all other functions set forth in the Company's Audit Committee Charter attached to this Proxy statement as Appendix A. The Company's Board of Directors has determined that two members of the Audit Committee, Gerald F. Montry and

Joseph J. Pietropaolo, are audit committee financial experts, and all members of the Audit Committee are independent in accordance with Item 7(d)(3)(iv) of Schedule 14A under the Securities Exchange Act of 1934 and Rule 4200(a)(15) of the NASD's Listing Standards. Its current members are Joseph J. Pietropaolo, Chairman, Gerald F. Montry and Jack P. Reily.

The Compensation Committee, which held 3 meetings during fiscal 2004, has the authority to determine and approve all the terms of the employment, compensation and benefits payable to officers of the Company, including those officers who are also directors. The Company's management is from time to time directed by the Compensation Committee to review certain compensation matters and make recommendations to the Compensation Committee concerning such matters. The Compensation Committee also has the authority to administer and award stock options under the 2003 Stock Option Plan, the 1999 Stock Option Plan, and the 1998 Non-Qualified Stock Option Plan. The Compensation Committee also administers the Employee Stock Purchase Plan. The Compensation Committee is composed of Donald B. Reed, Chairman, Joseph J. Pietropaolo, and Jack P. Reily.

Table of Contents

The Nominating Committee, which met once during fiscal 2004, has the function to identify and propose to the full Board of Directors nominees to fill vacancies on the Board of Directors. The Nominating Committee Charter is available to shareholders on the Company's website, <http://www.Intervoice.com>. Pursuant to the Nominating Committee Charter, the Nominating Committee of the Board of Directors will consider director candidates recommended by shareholders of the Company. In order to be considered by the Nominating Committee, shareholders must submit in writing (which shall not include e-mail) the following information to the Chairman of the Nominating Committee no later than the last day of the Company's fiscal year before the annual meeting of shareholders at which directors are to be elected: the name of the shareholder, contact information for the shareholder, number of shares of Common Stock owned by the shareholder, name of the registered owner of the Common Stock (if different from the shareholder), name of the person recommended for director, brief biography of the person recommended for director, qualifications of the person recommended for director, and whether the person recommended for director consents to being named in the proxy statement as a nominee for director. The Company requires its directors to possess certain minimum qualifications. A director must have substantial or significant business or professional experience or an understanding of technology, finance, marketing, financial reporting, international business or other disciplines relevant to the business of the Company. A director must not have any conflicts of interests stemming from his or her institutional or other affiliations that would preclude, or have the appearance of precluding, such director from performing his or her duties and responsibilities as a director of the Company, including without limitation, such director's duties of loyalty, honesty, confidentiality, and the duty not to usurp corporate opportunities. The Nominating Committee also considers a wide variety of qualities and skills in its selection of directors, including: economic, technical, scientific, academic, financial, accounting, legal, marketing or other expertise applicable to the business of the Company; leadership or substantial achievement in their particular fields; demonstrated ability to exercise sound business judgment; integrity and high moral and ethical character; potential to contribute to the diversity of viewpoints, backgrounds, or experiences of the Board as a whole; capacity and desire to represent the balanced, best interests of the shareholders as a whole and not primarily a special interest group or constituency; ability to work well with others; high degree of interest in the business of the Company; dedication to the success of the Company; commitment to the responsibilities of a director; and international business or professional experience. The Committee utilizes a variety of methods for identifying and evaluating nominees for director, and there are no differences in the manner in which the Committee evaluates director nominees based on whether the nominee is recommended by a shareholder. The Committee shall identify the candidates for director nominees in consultation with other members of the Board and management, through the use of search firms or other advisers, or through recommendations submitted by shareholders. The Company has paid, and in the future could pay, fees to a search firm or other advisor to assist in identifying and evaluating nominees for director. The current members of the Nominating Committee are Gerald F. Montry, Chairman, and Jack P. Reily.

The Executive Committee, which did not meet during fiscal 2004, may, to the extent permitted by law, exercise the power of the Board of Directors when the Board is not in session. It also has the responsibility for reviewing long-range plans, capital expenditure programs, acquisitions and general corporate financing matters and making related recommendations to the Board of Directors. Its only current member is David W. Brandenburg, Chairman.

Communication with Directors

Shareholders can send communications to the Board of Directors of the Company by delivering them in writing (which shall not include e-mail) to The Board of Directors, Intervoice, Inc., 17811 Waterview Parkway, Dallas, Texas 75252. Any shareholder communications addressed to the Board will be forwarded to the Chairman of the Board unless the communication is addressed to the Chairman of the Nominating Committee of the Board, the Chairman of the Compensation Committee of the Board, or the Chairman of the Audit Committee of the Board, in which case the communication will be forwarded to the appropriate committee chairman.

**PROPOSAL 2. TO APPROVE THE AMENDMENT TO THE COMPANY'S
2003 STOCK OPTION PLAN**

The Intervoice, Inc. 2003 Stock Option Plan (the "2003 Stock Option Plan") was adopted by the Board of Directors as of June 24, 2003 and was approved by the Company's shareholders at the 2003 annual meeting of shareholders. On June 2, 2004 the Board of Directors adopted, subject to shareholder approval, an amendment to the 2003 Stock Option Plan to increase from 2,000,000 to 3,500,000 the number of shares of Common Stock authorized for issuance thereunder, and increase by 2,000 the number of shares of Common Stock under stock options granted to non-employee directors upon election or re-election to the Board of Directors. A copy of the 2003 Stock Option Plan, as amended, is attached as Appendix B.

The Board believes that stock option plans provide an important means of attracting, retaining and motivating key personnel and recommends that shareholders approve the proposed amendment to the 2003 Stock Option Plan. Because directors and executive officers of the Company are eligible to receive options under the 2003 Stock Option Plan, each of them has a personal interest in the approval of the amendment to the 2003 Stock Option Plan.

Table of Contents

The 2003 Stock Option Plan is intended to promote and advance the interests of the Company by providing key employees and non-employee directors of the Company or its subsidiaries added incentive to continue in the service of the Company and a more direct interest in the future success of its operations. The Board of Directors believes that key employees who have an investment in the Company are more likely to meet and exceed performance goals. As of June 7, 2004 only 334,500 shares, 226,547 shares and 21,068 shares, remained available for future grant under the Company's 2003 Stock Option Plan, 1999 Stock Option Plan and 1998 Nonqualified Stock Option Plan, respectively. Accordingly, the Company's existing stock option plans will not be sufficient to meet the Company's equity-based employee compensation and incentive goals, and the proposed increase to the number of shares available under the 2003 Stock Option Plan is needed to continue to provide stock-based incentive compensation to the Company's current employees and to its non-employee directors. Based on a survey of stock options granted to non-employee directors by a variety of software and telecommunications companies, including companies within the SIC Code for Telephone and Telegraph Apparatus used in the Performance Graph contained in this Proxy Statement, the Company believes it should increase the number of shares of Common Stock granted to non-employee directors in order to find and retain qualified non-employee directors. In fiscal 2004, stock options covering 855,000 shares were issued to executive officers, stock options covering 50,000 shares were issued to non-employee directors, and stock options covering 727,100 shares were issued to other employees of the Company pursuant to the 2003 Stock Option Plan. **THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE PROPOSAL TO AMEND THE 2003 STOCK OPTION PLAN. PROXIES SOLICITED BY THE BOARD OF DIRECTORS WILL BE VOTED IN FAVOR OF THE PROPOSAL UNLESS SHAREHOLDERS SPECIFY OTHERWISE.**

Description of the 2003 Stock Option Plan

The following is a summary of the 2003 Stock Option Plan incorporating the proposed amendments and is qualified in its entirety by reference to the full text of the 2003 Stock Option Plan, as amended, as set forth in Appendix B to this Proxy statement.

Purposes. The purposes of the 2003 Stock Option Plan are to attract able persons to enter the employ of the Company, to encourage employees to remain in the employ of the Company and to provide motivation to employees to put forth maximum efforts toward the continued growth, profitability and success of the Company, by providing incentives to such persons through the ownership and performance of the Common Stock. A further purpose of the 2003 Stock Option Plan is to provide a means through which the Company may attract able persons to become non-employee directors of the Company and to provide non-employee directors with additional incentive and reward opportunities designed to strengthen their concern for the welfare of the Company and its shareholders.

Administration. The 2003 Stock Option Plan provides for administration by the Compensation Committee or another committee of the Board (the Committee), provided that each member of the Committee must be both a non-employee director within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934 (the Exchange Act) and an outside director within the meaning of Treasury Regulation Section 1.162-27(e)(3) interpreting Section 162(m) of the Internal Revenue Code of 1986 (the Code). Among the powers granted to the Committee are the authority to interpret the 2003 Stock Option Plan, establish rules and regulations for its operation, select eligible persons to receive options under the 2003 Stock Option Plan and determine the form and amount and other terms and conditions of such options. Notwithstanding the authority delegated to the Committee to administer the 2003 Stock Option Plan, the only stock options that can be granted to non-employee directors of the Company are the formula-based stock option grants discussed below in the Sections entitled Stock Options Granted to New Non-Employee Directors and Stock Options Granted to Re-Elected Non-Employee Directors. The exercise price of stock options granted under the 2003 Stock Option Plan cannot be less than the fair market value of the Common Stock on the date of grant. The 2003 Stock Option Plan provides that stock options cannot be issued in replacement of under-water stock options without shareholder approval. The 2003 Stock Option Plan authorizes the Committee to delegate its authority under the 2003 Stock Option Plan in certain circumstances; provided, however, that only the

Committee may select and grant options to employees who are subject to Section 16 of the Exchange Act or who are covered employees, as defined in Section 162(m) of the Code.

Eligibility for Participation. All employees of the Company and its subsidiaries are eligible to be selected to participate in the 2003 Stock Option Plan, and all non-employee directors of the Company are eligible to participate in the 2003 Stock Option Plan. The selection of employees is within the discretion of the Committee. In making this selection, the Committee may give consideration to the functions and responsibilities of the employee, his or her past, present and potential contributions to the growth and success of the Company and such other factors deemed relevant by the Committee or the Board. No employee is entitled to receive an option unless selected by the Committee. As of June 1, 2004, the Company and its subsidiaries had a total of 737 employees.

Stock Options. The 2003 Stock Option Plan provides for the grant of nonqualified stock options that are not intended to meet the requirements of Section 422(b) of the Code. All options are subject to the terms, conditions, restrictions and limitations of the 2003 Stock Option Plan, except that the Committee or the Board may, in its sole judgment, subject any option to such other terms, conditions, restrictions and limitations as it deems appropriate, provided they are not inconsistent with the terms of the 2003 Stock Option Plan.

Table of Contents

Stock Options Granted to Employees. The Committee will, with regard to each stock option granted to an employee of the Company or its subsidiaries, determine the number of shares subject to the option, the manner and time of the option's exercise and the exercise price per share of Common Stock subject to the option. The term of each option shall be as specified by the Committee, provided that, unless otherwise designated by the Committee, no option shall be exercisable later than ten years from the effective date of the option grant, and no option or portion of an option will become exercisable unless the employee remains in the service of the Company through the date the option or portion of the option is scheduled to become exercisable.

Stock Options Granted to New Non-Employee Directors. Under the 2003 Stock Option Plan, each new non-employee director will receive an option to purchase 18,000 shares of Common Stock on the date the non-employee director is first elected to serve on the Board of Directors if the proposal to amend the 2003 Stock Option Plan is not approved at the annual meeting of shareholders. If the proposal to amend the 2003 Stock Option Plan is approved at the annual meeting of shareholders, each such new non-employee director will be granted an option to purchase 20,000 share of Common Stock. If the non-employee director is first elected to serve on the Board at an annual meeting of shareholders, the stock option shares will become exercisable in full on the date of the next annual meeting of shareholders. If the non-employee director is first elected by the Board to fill a vacancy on the Board, the stock option will become exercisable in full on the date of the annual meeting of shareholders following the annual meeting at which the non-employee director is first elected by the shareholders to serve on the Board. The stock options will remain exercisable until the tenth anniversary of the date of grant.

Stock Options Granted to Re-Elected Non-Employee Directors. On the date of each annual meeting of shareholders, each non-employee director who is re-elected to serve as a director will be granted an option to purchase 10,000 shares of Common Stock if the proposal to amend the 2003 Stock Option Plan is not approved at the annual meeting of shareholders. If the proposal to amend the 2003 Stock Option Plan is approved at the annual meeting of shareholders, each such non-employee director will be granted an option to purchase 12,000 shares of Common Stock upon re-election at an annual meeting of shareholders beginning with the annual meeting on July 21, 2004. Each such stock option will become exercisable in full by the non-employee director on the date of the next annual meeting of shareholders, and will remain exercisable through the tenth anniversary of the date the option was granted.

Stock Option Exercise Price and Exercise Requirements for Non-Employee Directors. The exercise price of each stock option granted to a non-employee director of the Company will be based on the fair market value of the Common Stock on the effective date of the option's grant. A non-employee director is eligible to exercise a stock option only if he or she continues to serve the Company as a director through the date of the annual meeting at which the stock option is scheduled to become exercisable.

Exercising Stock Options. Upon exercise of an option, the exercise price may be paid by a participant in cash or, in the discretion of the Committee, by delivery to the Company or its designated agent of an executed irrevocable option exercise form together with irrevocable instructions to a broker-dealer to sell or margin a sufficient portion of the shares with respect to which the option is exercised and deliver the sale or margin loan proceeds directly to the Company to pay for the exercise price and any required withholding taxes.

Available Shares. If the proposal to amend the 2003 Stock Option Plan is not approved at the annual meeting of shareholders, the maximum number of shares of Common Stock that is available for grants of options under the 2003 Stock Option Plan will remain 2,000,000, subject to adjustment in accordance with the provisions of the 2003 Stock Option Plan. If the proposal to amend the 2003 Stock Option Plan is approved at the annual meeting of shareholders the maximum number of shares will be increased to 3,500,000, subject to adjustment in accordance with the provisions of the 2003 Stock Option Plan. Shares of Common Stock issued pursuant to the 2003 Stock Option Plan may be shares of original issuance or treasury shares or a combination thereof.

The Committee has full discretion to determine the manner in which shares of Common Stock available for grants of options under the 2003 Stock Option Plan are counted. In the absence of Committee action, the 2003 Stock Option Plan sets forth certain rules applicable for this purpose. For example, in general, unless otherwise determined by the Committee, shares of Common Stock related to options that terminate by expiration, forfeiture or cancellation without the issuance of shares will again be available for grant under the 2003 Stock Option Plan.

If the Company effects a subdivision or a consolidation of shares of Common Stock or the payment of a stock dividend on Common Stock without receipt of consideration by the Company, the number of shares of Common Stock with respect to which outstanding options granted under the 2003 Stock Option Plan may thereafter be exercised or satisfied, and the exercise prices thereof, shall be proportionately adjusted. In the event of changes in the outstanding Common Stock by reason of recapitalizations, reorganizations, mergers, consolidations, combinations, separations (including a spin-off or other distribution of stock or property), exchanges or other relevant changes in capitalization, outstanding options under the 2003 Stock Option Plan will be subject to adjustment by the Committee at its discretion as to the number, price and kind of shares or other consideration subject to, and other terms of, such options to reflect such changes in the outstanding Common Stock. Also, in the event of any such changes in the outstanding Common Stock, the aggregate number of shares available for grant of options under the 2003 Stock Option Plan may be equitably adjusted by the Committee.

Table of Contents

The maximum number of shares of Common Stock for which options may be granted under the 2003 Stock Option Plan to any one optionee during a calendar year is 300,000.

As of June 7, 2004, the closing sales price of the Common Stock as reported on the Nasdaq National Market was \$13.69 per share.

Corporate Change. The 2003 Stock Option Plan provides that, in the event of a corporate change (defined in the 2003 Stock Option Plan to include the dissolution or liquidation of the Company, certain reorganizations, mergers or consolidations of the Company, the sale of all or substantially all the assets of the Company or the occurrence of a change in control of the Company), unless otherwise provided in the related option agreement, (i) each option then outstanding under the 2003 Stock Option Plan will become exercisable in full, and (ii) all restrictions (other than restrictions imposed by law) imposed on any Common Stock that may be delivered pursuant to the exercise of such options will be deemed satisfied.

Amendment. The Board of Directors may alter or amend the 2003 Stock Option Plan, but may not without the approval of the shareholders of the Company and of any regulatory authorities having jurisdiction make any alteration or amendment which operates (a) to increase the total number of shares of Common Stock which may be issued under the 2003 Stock Option Plan, other than as provided in the antidilution provisions of the 2003 Stock Option Plan, (b) to modify the criteria for determining the employees (or class of employees) eligible to receive Options under the 2003 Stock Option Plan or (c) to materially increase benefits accruing under the 2003 Stock Option Plan to Participants who are subject to Section 16 of the Exchange Act. No suspension, termination, amendment or modification of the 2003 Stock Option Plan will adversely affect in any material way any option previously granted under the 2003 Stock Option Plan, without the consent of the optionee (except that consent of the optionee is not required for certain tax-related amendments or modifications to an option).

Effectiveness. The proposed amendment to the 2003 Stock Option Plan will become effective as of the date of its approval by shareholders at the annual meeting. The 2003 Stock Option Plan has no fixed expiration date.

United States Federal Income Tax Consequences. The following summary is based on an analysis of the Code as currently in effect, existing laws, judicial decisions, administrative rulings, regulations and proposed regulations, all of which are subject to change. Moreover, the following is only a summary of United States federal income tax consequences. Actual tax consequences to employees and non-employee directors may be either more or less favorable than those described below depending on the employees or directors particular circumstances. Accordingly, each participant should consult his or her own tax advisor with respect to the tax consequences of participation in the Plan.

An optionee will not recognize income for federal income tax purposes upon the grant of an option. The optionee will recognize ordinary income upon exercise of an option in an amount equal to the excess of the fair market value of the shares on the date of exercise over the option price of the shares. The Company will be entitled to a deduction equal to the amount of ordinary income recognized by the optionee due to the exercise of options at the time of such recognition.

If the optionee is an employee, income recognized upon the exercise of an option by an employee will be considered compensation subject to withholding at the time the income is recognized. As a result, the Company must make the necessary arrangements with such optionee to ensure that the amount of tax required to be withheld is available for payment.

The basis of shares transferred to an optionee upon exercise of an option is the price paid for the shares plus an amount equal to any income recognized by the optionee as a result of the exercise of the option. If the optionee

thereafter sells shares acquired upon exercise of an option, the difference between the amount realized by the optionee and his or her basis in the shares will constitute capital gain or loss for federal income tax purposes.

Section 162(m) of the Code limits the deduction which the Company may take for otherwise deductible compensation payable to certain executive officers of the Company to the extent that compensation paid to such officers for such year exceeds \$1 million, unless such compensation is performance-based, is approved by the Company's shareholders and meets certain other criteria. Compensation attributable to an option is deemed to satisfy the requirements for performance-based compensation only if (i) the grant is made by a committee composed of two or more outside directors; (ii) the plan states the maximum number of shares with respect to which options may be granted during a specified period to any employee; and (iii) under the terms of the option, the amount of compensation the optionee could receive is based solely on an increase in the value of the stock after the date of the option grant. The plan has been designed such that options granted under the plan will qualify as performance-based compensation for purposes of Section 162(m) of the Code.

The plan is not subject to the Employee Retirement Income Security Act of 1974, as amended.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

To the Shareholders of Intervoice, Inc.:

Compensation Policy. The goal of the Company's executive compensation policy is to ensure that an appropriate relationship exists between executive pay and the creation of shareholder value, while at the same time motivating and retaining key employees. To achieve this goal, executive officers are offered compensation opportunities that are linked to the Company's business objectives and performance, individual performance and contributions to the Company's success and enhanced shareholder value. The Company's compensation programs are designed and revised from time to time to be competitive within the software and data industry and the telecommunications industry.

The Company's executive compensation program consists primarily of (i) base salary, (ii) incentive cash bonus opportunities based upon individual and corporate performance, and (iii) long-term equity based incentives. The Company generally targets the aggregate of annual base salary, bonus opportunities and long-term equity based incentives made available to executive officers, who successfully perform their responsibilities, near the fiftieth percentile for officers with similar positions in companies of comparable size in the software and data/telecommunications industries. The Compensation Committee believes that compensation opportunities near the fiftieth percentile for its comparison group are appropriate provided incentive cash bonus opportunities are a significant part of each executive officer's compensation package and such bonus opportunities are dependant upon the Company achieving important elements of its business and financial plans. As discussed below, the compensation opportunities are largely dependent upon the Company's ability to achieve its earnings and/or revenue targets.

The Compensation Committee determined to put a greater emphasis on incentive compensation commencing with fiscal 1995 to encourage further the achievement of corporate and individual objectives. To ensure compliance with the compensation policy, the Company hired an independent consultant for fiscal 2004. In this capacity the consultant provided compensation and compensation trend information for officers in a variety of software and telecommunications companies. These surveys included companies within the SIC code for Telephone and Telegraph Apparatus used in the Performance Graph contained in this proxy statement. The Company supplemented the compensation information provided by the consultant with an internal review of compensation information in proxy statements issued by the companies included in the consultant's survey.

Stock Ownership Guidelines. In April 1995, the Compensation Committee established stock ownership guidelines for key executives of the Company. These guidelines provide that executives should hold shares in varying amounts as a multiple of salary, currently ranging from a minimum of four times annual salary for the Chairman of the Board and Chief Executive Officer to one times annual salary for vice presidents who are not executive officers of the Company. The value of each executive's share holdings for purposes of the guidelines is based on the greater of the current market price of the Company's Common Stock or the aggregate amount the executive paid for the shares.

Although some executives are already at or above the prescribed levels, the Compensation Committee recognizes that newer employees or those recently promoted may require some period of time to achieve these levels. Therefore, the guidelines provide for a transition period of approximately five years for the suggested levels to be met. The Compensation Committee monitors each executive's progress toward achieving these guidelines when deciding on future stock option awards and other equity incentive opportunities.

Fiscal 2004 Compensation.

Base Salary. The Compensation Committee annually reviews and sets base salaries for each of the Company's executive officers at levels within the range of those persons holding comparable positions at other companies in the Company's comparison group. Annual salaries, including increases to salaries, are reviewed and approved on the basis

of the individual performance of the executive, as determined through an evaluation by the officer's immediate supervisor in consultation with the Company's executive management and by the executive's tenure and level of responsibility, the Company's expected financial performance, and changes in competitive pay levels. Because of the Company's financial performance during fiscal 2002 and 2003, Mr. Robert E. Ritchey did not receive a raise when he was promoted to President on July 22, 2002. The Company did award Mr. Ritchey a 24.6% raise in base salary on November 1, 2003 in recognition of his promotion during the prior fiscal year. As a result of the Company's performance during fiscal 2003, none of the other executive officers received a raise during fiscal 2004.

Table of Contents

The Company amended and restated its employment agreement with the Chairman of the Board and Chief Executive Officer of the Company, David W. Brandenburg, during fiscal 2002. The amended and restated agreement provided for a base salary of \$350,000. In accordance with the terms of Mr. Brandenburg's agreement, the Compensation Committee reviewed Mr. Brandenburg's base salary at the end of fiscal 2003 and decided not to change the amount of his salary for fiscal 2004. The Compensation Committee supports this salary level, which was less than the median base salary for chief executive officers in the Company's comparison group. See *Agreements with Executive Officers* for a discussion of the employment agreements with Mr. Brandenburg, and the Company's President, Robert E. Ritchey.

Annual Incentives. The Company has a bonus program that provides for the payment of periodic cash bonuses to executive officers contingent upon the achievement of certain earnings targets, revenue targets and/or other individual and corporate performance targets. The program is intended to reward the accomplishment of corporate objectives, reflect the Company's priority on maintaining growth and stability of earnings, and to provide a fully competitive compensation package which will attract, reward and retain quality individuals. Targets and objectives vary for the specific officers involved. For example, bonus opportunities under contracts between the Company and each of its Chairman of the Board and Chief Executive Officer and its President, were based on formulas designed to compensate such officers for any increases to revenues and earnings per share. These officers are responsible for making and implementing strategic decisions concerning how the Company plans to achieve its long-term goals for growth and stability of earnings and revenues. The Compensation Committee believes that the amount of growth in the Company's annual earnings per share and revenues should continue to serve as a basis for a significant component of the total compensation for these officers.

Because of disappointing results from operations during fiscal 2003, the Compensation Committee decided to suspend its normal bonus program for executive officers during fiscal year 2004, with the exception of the Company's Senior Vice President of Marketing and Product Strategy who received a cash bonus based on the Company achieving certain sales objectives with its business partners. While the Compensation Committee has always placed an emphasis on incentive compensation, the Compensation Committee determined that it would not be appropriate to implement its normal cash bonus program based on the reduced levels of sales and earnings the Company had experienced during fiscal 2003.

Pursuant to his employment agreement, the bonus opportunity for fiscal 2004 for the Chairman of the Board and Chief Executive Officer would have rewarded Mr. Brandenburg for increases to the Company's revenues and earnings per share. During fiscal 2004, Mr. Brandenburg agreed to waive any bonus he was eligible to earn for the fiscal year. The employment agreement with Mr. Brandenburg also permitted payment of an additional discretionary bonus if the Compensation Committee determined that such a bonus was appropriate. No such discretionary bonus was paid to Mr. Brandenburg for fiscal 2004.

Mr. Ritchey, the Company's President, has an employment agreement similar to Mr. Brandenburg's agreement, with similar provisions governing his bonuses.

Long-Term Equity-Based Incentives. Long-term equity based incentive awards strengthen the ability of the Company to attract, motivate and retain executives of superior capability and more closely align the interests of management with those of shareholders. The Compensation Committee believes that such equity based compensation provides executives with a continuing stake in the long term success of the Company, and will assist them in achieving the share ownership targeted under the stock ownership guidelines discussed above. Long-term awards granted in fiscal 2004 consisted of nonqualified stock options granted under the Company's 1999 Stock Option Plan and 2003 Stock Option Plan. Unlike cash, the value of a stock option will not be immediately realized and does not result in a current expense to the Company.

The stock options are granted at the market price on the date of grant and will only have value if the Company's stock price increases, resulting in a commensurate benefit to the Company's shareholders. Generally, grants vest in equal amounts over a three-year to four-year period. Executives generally must be employed by the Company at the time of vesting in order to exercise the options.

The Compensation Committee, in consultation with the Company's executive management, determines from time to time the executive officers who shall receive options under the Company's employee stock option plans, the timing of such awards, the number of shares of Common Stock to be subject to each award and the other terms of each award. Annual stock option awards are made in light of a compensation review and recommendations prepared by a compensation consultant comparing the Company's stock option awards to its officers to awards made by companies in the Telephone and Telegraph Apparatus industry whose description of business and revenues most closely approximated those of the Company. These companies are included in the Company's peer group index set forth in the section entitled "Stock Performance Graph". Grants to individual executive officers by the Compensation Committee are based on their annual performance evaluations, relative salary levels, the number of shares under options previously granted, and their potential contribution to the long-term performance of the Company. The emphasis placed on equity-based incentive opportunities was also considered by the Compensation Committee in determining stock option awards.

Table of Contents

The Compensation Committee granted stock options covering 676,500 shares of Common Stock to executive officers of the Company, other than the Chairman of the Board and Chief Executive Officer, during fiscal 2004. Options covering 390,000 shares of Common Stock were granted to Mr. Brandenburg as Chairman of the Board and Chief Executive Officer during fiscal 2004.

The Compensation Committee believes that linking executive compensation to corporate performance results in a better alignment of compensation with corporate goals and shareholder interests. As performance goals are met or exceeded, resulting in an increased value to shareholders, executives are rewarded commensurately. The Compensation Committee believes that compensation levels during fiscal 2004 adequately reflect the Company's compensation goals and policies.

- (1) All options were granted at fair market value (the average of the high and low trading prices of the Common Stock on the NASDAQ National Market) on the date of grant and expire ten years from the date of grant. The options become exercisable in three equal amounts on the first three annual anniversaries of the date of grant, except for stock options granted to Mr. Brandenburg which become exercisable in four equal amounts at six month intervals through the second annual anniversary of the date of grant.
- (2) The assumed 5% and 10% rates of stock price appreciation are specified by the proxy rules and do not reflect expected appreciation. The amounts shown represent the assumed value of the stock options (less exercise price) at the end of the ten-year period beginning on the date of grant and ending on the option expiration date. For a ten-year period beginning February 29, 2004, based on the closing price on the NASDAQ National Market of the Common Stock of \$12.14 on such date, a share of the Common Stock would have a value on February 28, 2014 of approximately \$19.77 at an assumed appreciation rate of 5% and approximately \$31.49 at an assumed appreciation rate of 10%.

AGREEMENTS WITH EXECUTIVE OFFICERS

Employment Agreement with David W. Brandenburg, the Company's Chairman of the Board and Chief Executive Officer. On June 26, 2000 the Company entered into an employment agreement with David W. Brandenburg for the period from June 26, 2000 through February 28, 2003. Effective March 1, 2002, the employment agreement was extended one year through February 28, 2004. As of March 1, 2004, the employment agreement was automatically extended through February 28, 2005. Under the agreement, Mr. Brandenburg received an annual salary of \$300,000 during fiscal 2001. His salary was increased to \$350,000 for fiscal 2002, fiscal 2003 and fiscal 2004. The provisions in the employment agreement governing Mr. Brandenburg's bonus opportunities for fiscal 2003 and fiscal 2004 were amended as of March 1, 2002. Mr. Brandenburg's annual bonus opportunity for fiscal 2003 and fiscal 2004 is based 50% on increases to earnings per share and 50% on increases to revenues, in each case as compared to the immediately preceding fiscal year. For each of earnings per share and revenues, Mr. Brandenburg's bonus opportunity ranges from 25% of his base salary for an increase of up to 9%, to 125% of his base salary for an increase of 40% or more. If earnings per share for fiscal 2003 or 2004 were less than \$.15, however, then the change in earnings per share for the immediately following year will be compared to \$.15. In an effort to help the Company reduce expenses, Mr. Brandenburg waived his right to receive any bonus he might otherwise have earned under such bonus provisions for fiscal 2003 and fiscal 2004.

See the Summary Compensation Table for a discussion of the bonuses and salary paid to Mr. Brandenburg for the three-year period ended February 29, 2004. In connection with the execution of Mr. Brandenburg's initial employment agreement, he was awarded stock options during fiscal 2001 covering 500,000 shares of Common Stock under the Company's 1999 Stock Option Plan and 1990 Incentive Stock Option Plan. In connection with the extension of his employment agreement through fiscal 2004, Mr. Brandenburg was granted a stock option on March 1, 2002 covering 160,000 shares of Common Stock under the Company's 1999 Stock Option Plan.

Except as discussed below, Mr. Brandenburg's employment agreement requires that he not compete with the Company while he renders services under the agreement and for a period of 18 months thereafter. The agreement further provides that the Company can only terminate Mr. Brandenburg for cause or because he becomes disabled (as such terms are defined in the agreement). If Mr. Brandenburg is terminated for cause, the Company will have no liability for further payments to him. If Mr. Brandenburg becomes completely disabled, the Company is obligated to pay him an amount equal to his base salary in effect at the time of disability through the expiration date of the agreement. If, however, following a change of control of the Company (defined as a triggering event in the agreement), Mr. Brandenburg's employment is terminated without cause, if Mr. Brandenburg terminates his employment for good reason (as defined in the agreement), or if he terminates his employment without good reason by giving 12 months' prior notice, the Company will have to pay him a lump sum amount (the Change in Control Amount) equal to 2.99 multiplied by an amount of salary and bonus which he would have received for the year in which he was terminated (as determined in accordance with the agreement). The agreement also provides that, if the Change in Control Amount is subject to certain federal excise taxes, the Company will gross-up the Change in Control Amount such that Mr. Brandenburg will receive a net amount after such taxes, equal to the Change in Control Amount that he would have received had such taxes not been imposed. In addition, following a change in control of the Company, Mr. Brandenburg can terminate his employment for any reason by giving 12 months' prior written notice. Mr. Brandenburg is released from his covenant not to compete if he is terminated by the Company without cause and without being disabled, or if he elects to terminate his employment after a default by the Company prior to a triggering event or after a triggering event for good reason. If Mr. Brandenburg's employment is terminated without cause, the

Company is obligated to pay him an amount equal to the remaining compensation he would have received under the agreement (as determined in accordance with the agreement), and the options to purchase an aggregate of 660,000 shares of Common Stock that Mr. Brandenburg was granted in connection with his agreement and the extension to his agreement will become completely exercisable, to the extent that the options are not already exercisable as of such date.

Employment Agreement with Robert E. Ritchey. Robert E. Ritchey, the Company's President entered into an employment agreement with the Company for the one-and-one-half-year term commencing on September 1, 2002. As of March 1, 2004, the employment agreement was automatically extended through February 28, 2005. Under the agreement, Mr. Ritchey received an annual salary of \$240,750 during fiscal 2003 and the first nine months of fiscal 2004. On November 1, 2003 Mr. Ritchey's base salary was increased to \$300,000 in recognition of his promotion to President during the prior fiscal year. In an effort to help the Company reduce expenses, Mr. Ritchey agreed to waive his right to receive any formula-based cash bonus for fiscal years 2003 and 2004. Mr. Ritchey's annual bonus opportunity for fiscal 2004 under his contract was based 33% on increases to earnings per share, 33% on increases to bookings and 34% on increases to revenue, in each case as compared to the immediately preceding fiscal year. The agreement did not provide for Mr. Ritchey to receive any stock options in connection with the execution of his agreement. Other than the matters discussed in this paragraph, Mr. Ritchey's employment agreement (including the terms governing any termination of his employment with the Company before or after a change of control of the Company) are substantially the same as Mr. Brandenburg's employment agreement, which is discussed above.

5.2 ADJUSTMENTS FOR RECAPITALIZATIONS AND REORGANIZATIONS.

(a) The shares with respect to which Options may be granted under the Plan are shares of Common Stock as presently constituted, but if, and whenever, prior to the expiration or satisfaction of an Option theretofore granted, Intervoice shall effect a subdivision or consolidation of shares of Common Stock or the payment of a stock dividend on Common Stock without receipt of consideration by Intervoice, the number of shares of Common Stock with respect to which such Option may thereafter be exercised or satisfied, as applicable, (i) in the event of an increase in the number of outstanding shares shall be proportionately increased, and the exercise price per share shall be proportionately reduced, and (ii) in the event of a reduction in the number of outstanding shares shall be proportionately reduced, and the exercise price per share shall be proportionately increased.

(c) In the event of changes in the outstanding Common Stock by reason of recapitalizations, reorganizations, mergers, consolidations, combinations, separations (including a spin-off or other distribution of stock or property), exchanges or other relevant changes in capitalization occurring after the date of grant of any Option and not otherwise provided for by this Section 5.2, any outstanding Options and any Option Agreements evidencing such Options shall be subject to adjustment by the Committee at its discretion as to the number, price and kind of shares of Common Stock subject to, and other terms of, such Options to reflect such changes in the outstanding Common Stock.

(d) In the event of any changes in the outstanding Common Stock provided for in this Section 5.2, the aggregate number of shares available for grant of Options under the Plan may be equitably adjusted by the Committee, whose determination shall be conclusive. Notwithstanding anything contained in the Plan to the contrary, in the event of a Corporate Change, unless otherwise provided in the related Option Agreement, all Options then outstanding shall become exercisable in full and all restrictions imposed on any Common Stock that may be delivered pursuant to the exercise of such Options shall be deemed satisfied.

ARTICLE 8. AMENDMENT AND TERMINATION

The Board may at any time suspend, terminate, amend or modify the Plan, in whole or in part; provided, however, that no amendment or modification of the Plan shall become effective without the approval of such amendment or modification by the stockholders of Intervoice if Intervoice, on the advice of counsel, determines that such stockholder approval is necessary or desirable. Notwithstanding any provision of this Plan to the contrary, no such amendment or modification shall be made without receipt of the prior approval of the shareholders of Intervoice where such change would (a) increase the total number of shares of Common Stock which may be issued under the Plan (other than as provided in Section 5.2 of the Plan); (b) modify the criteria for determining the employees (or class of employees) eligible to receive Options under the Plan or (c) materially increase benefits accruing under the Plan to Participants who are subject to Section 16 of the Securities Exchange Act of 1934. Upon termination of the Plan, the terms and provisions of the Plan shall, notwithstanding such termination, continue to apply to Options granted prior to such termination. No suspension, termination, amendment or modification of the Plan shall adversely affect in any material way any Option previously granted under the Plan, without the consent of the Participant holding such Option (except that such consent shall not be required in the case of an amendment or modification required following a change in law or interpretation thereof to cause the Options under the Plan to continue to qualify as performance-based compensation within the meaning of Section 162(m) of the Code).

ARTICLE 9. MISCELLANEOUS

9.1 OPTION AGREEMENTS. After the Committee grants an Option under the Plan to an Employee or upon an automatic grant of an Option to an Outside Director, Intervoice and the Participant shall enter into an Option Agreement setting forth the terms, conditions, restrictions and/or limitations applicable to the Option and such other matters as the Committee with respect to an Option granted to an Employee or the Board with respect to an Option automatically granted to an Outside Director may determine to be appropriate. The terms and provisions of the respective Option Agreements need not be identical. In the event of any conflict between an Option Agreement and the Plan, the terms of the Plan shall govern.

9.2 NONASSIGNABILITY. Except as otherwise provided in a Participant's Option Agreement, no Option granted under the Plan may be sold, transferred, pledged, exchanged, hypothecated or otherwise disposed of, other than by will or pursuant to the applicable laws of descent and distribution. Further, no such Option shall be subject to execution, attachment or similar process. Any attempted sale, transfer, pledge, exchange, hypothecation or other disposition of an Option not specifically permitted by the Plan or the Option Agreement shall be null and void and without effect. All Options granted to a Participant under the Plan shall be exercisable during his or her lifetime only by such Participant or, in the event of the Participant's legal incapacity, by his or her guardian or legal representative.

9.3 NO FRACTIONAL SHARES. No fractional shares of Common Stock shall be issued pursuant to any Option granted under the Plan, and no payment or other adjustment shall be made in respect of any such fractional share.

9.4 WITHHOLDING TAXES. The Company shall be entitled to deduct from any payment made under the Plan, regardless of the form of such payment, the amount of all applicable income and employment taxes required by law to be withheld with respect to such payment, may require the Participant to pay to the Company such withholding taxes prior to and as a condition of the making of any payment or the issuance or delivery of any shares of Common Stock under the Plan and shall be entitled to deduct from any other compensation payable to the Participant any withholding obligations with respect to Options under the Plan.

9.5 REGULATORY APPROVALS AND LISTINGS. Notwithstanding anything contained in the Plan to the contrary, Intervoice shall have no obligation to issue or deliver shares of Common Stock under the Plan prior to (a) the obtaining of any approval from any governmental agency which Intervoice shall, in its sole discretion, determine to be necessary or advisable, (b) the admission of such shares to listing on the stock exchange or stock market on which the Common Stock may be listed and (c) the completion of any registration of any governmental body which Intervoice shall, in its sole discretion, determine to be necessary or advisable.

9.6 BINDING EFFECT. The obligation of Intervoice under the Plan shall be binding upon any successor corporation or organization resulting from the merger, consolidation or other reorganization of Intervoice, or upon any successor corporation or organization succeeding to all or substantially all of the assets and business of Intervoice. The terms and conditions of the Plan shall be binding upon each Participant and his or her heirs, legatees, distributees and legal representatives.

9.7 SEVERABILITY. If any provision of the Plan or any Option Agreement is held to be illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining provisions of the Plan or such agreement, as the case may be, but such provision shall be fully severable and the Plan or such agreement, as the case may be, shall be construed and enforced as if the illegal or invalid provision had never been included herein or therein.

9.8 NO RESTRICTION OF CORPORATE ACTION. Nothing contained in the Plan shall be construed to prevent Intervoice or any Affiliate from taking any corporate action (including any corporate action to suspend, terminate, amend or modify the Plan) that is deemed by Intervoice or such Affiliate to be appropriate or in its best interest,

whether or not such action would have an adverse effect on the Plan or any Options made or to be made under the Plan. No Participant or other person shall have any claim against Intervoice or any Affiliate as a result of such action.

9.9 NOTICES. All notices required or permitted to be given or made under the Plan or any Option Agreement shall be in writing and shall be deemed to have been duly given or made if (a) delivered personally, (b) transmitted by first class registered or certified United States mail, postage prepaid, return receipt requested, (c) sent by prepaid overnight courier service or (d) sent by telecopy or facsimile transmission, answer back requested, to the person who is to receive it at the address that such person has theretofore specified by written notice delivered in accordance herewith. Intervoice or a Participant may change, at any time and from time to time, by written notice to the other, the address that it or such Participant had theretofore specified for receiving notices. Until such address is changed in accordance herewith, notices hereunder or under an Option Agreement shall be delivered or sent (a) to a Participant at his or her address as set forth in the records of the Company or (b) to Intervoice at the principal executive offices of Intervoice clearly marked Attention: Human Resources Department.

9.10 GOVERNING LAW. The Plan shall be governed and construed in accordance with the internal laws (and not the principles relating to conflicts of laws) of the State of Texas, except as superseded by applicable federal law.

9.11 NO RIGHT, TITLE OR INTEREST IN COMPANY ASSETS. No Participant shall have any rights as a stockholder of Intervoice as a result of participation in the Plan until the date of issuance of a stock certificate in his or her name. To the extent any person acquires a right to receive payments from the Company under the Plan, such rights shall be no greater than the rights of an unsecured creditor of the Company, and such person shall not have any rights in or against any specific assets of the Company. All of the Options granted under the Plan shall be unfunded.

9.12 RISK OF PARTICIPATION. Nothing contained in the Plan shall be construed either as a guarantee by Intervoice or its Affiliates, or their respective stockholders, directors, officers or employees, or the value of any assets of the Plan or as an agreement by Intervoice or its Affiliates, or their respective stockholders, directors, officers or employees, to indemnify anyone for any losses, damages, costs or expenses resulting from participation in the Plan.

9.13 NO GUARANTEE OF TAX CONSEQUENCES. No person connected with the Plan in any capacity, including, but not limited to, Intervoice and the Affiliates and their respective directors, officers, agents and employees, makes any representation, commitment or guarantee that any tax treatment, including, but not limited to, Federal, state and local income, estate and gift tax treatment, will be applicable with respect to any Options or payments thereunder made to or for the benefit of a Participant under the Plan or that such tax treatment will apply to or be available to a Participant on account of participation in the Plan.

9.14 OTHER BENEFITS. No Option granted under the Plan shall be considered compensation for purposes of computing benefits or contributions under any retirement plan of Intervoice or any Affiliate, nor affect any benefits or compensation under any other benefit or compensation plan of Intervoice or any Affiliate now or subsequently in effect.

9.15 CONTINUED EMPLOYMENT OR SERVICE. Nothing contained in the Plan or in any Option Agreement shall confer upon any Participant the right to continue in the employ of the Company, or interfere in any way with the rights of the Company to terminate his or her employment at any time, with or without cause. Further, participation in this Plan shall not give any Outside Director any right to continue as a director of Intervoice.

9.16 MISCELLANEOUS. Headings are given to the articles and sections of the Plan solely as a convenience to facilitate reference. Such headings shall not be deemed in any way material or relevant to the construction of the Plan or any provisions hereof. The use of the masculine gender shall also include meaning the feminine.
