**Report of Independent Registered Public Accounting Firm**

The Plan Administrator  
Home Federal Savings Bank  
Employees Savings & Profit Sharing Plan:

We have audited the accompanying statements of net assets available for benefits of the Home Federal Savings Bank Employees Savings & Profit Sharing Plan (the Plan) as of December 31, 2004 and 2003, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2004 and 2003, and the changes in net assets available for benefits for the years then ended in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

December 31, 2004 and 2003

**(1) Summary of Significant Accounting Policies**

**Basis of Presentation**

The accompanying financial statements have been prepared on the accrual basis of accounting.

**Custodian of Investments**

Effective April 1, 2003, First Trust Corporation became the trustee and custodian of all Plan assets. Bank of New York was the trustee and custodian of all Plan assets during 2002 and through March 31, 2003.

**Plan Administration**

Home Federal Savings Bank (the Company) is the administrator of the Plan. Pentegra Services, Inc. performed the participant accounting during 2002 through March 31, 2003. Effective April 1, 2003, Alliance Benefit Group began performing the participant accounting.

**Valuation of Investments**

Investments are stated at their fair market value. Investments in mutual funds or commingled trusts are valued using daily net asset value calculations performed by the funds and published by the National Association of Securities Dealers. Investments in common stock are valued at the quoted market price. Participant notes are valued at cost, which approximates fair value. Dividends are recorded on the ex-dividend date and are reinvested in the respective funds.

Purchases and sales of securities are recorded on a trade date basis. Net realized gains or losses are recognized by the Plan upon the sale of its investments or portions thereof based on average cost.

**Use of Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

**Costs and Expenses**

Asset management fees ranging between 38 and 85 basis points are assessed annually on average net asset values and are deducted from the individual funds. In addition, the Company paid accounting fees totaling \$8,375 and \$12,890 in 2004 and 2003, respectively.

**(2) Description of the Plan**

The following description of the Plan provides only general information. Participants should refer to the Summary Plan Description for more complete information.

**General**

The Plan is a defined contribution plan, qualified under section 401(a) of the Internal Revenue Code. The Plan includes 401(k) provisions, which allow participants to direct the Company to contribute a portion of their compensation to the Plan on a pretax basis through payroll deductions. The Plan is subject to the Employee

Retirement Income Security Act of 1974 (ERISA).

## **Table of Contents**

Effective April 1, 2003, all Company employees who have attained the age of 18 are eligible to participate in the Plan, subject to entry dates. Employees were previously required to be 21 years of age.

### **Concentration of Market Risk**

At December 31, 2004 and 2003, approximately 23% and 20%, respectively, of the Plan's net assets were invested in the common stock of HMN Financial, Inc. The underlying value of the HMN Financial, Inc. common stock is entirely dependent upon the performance of HMN Financial, Inc. and the market's evaluation of such performance. It is at least reasonably possible that changes in the fair value of HMN Financial, Inc. common stock in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

### **Funding Policy**

Effective April 1, 2003, participants have had the ability to contribute up to 50% of their monthly compensation on a pretax basis to the Plan. Prior to April 1, 2003 participants were allowed to contribute up to 12% of their monthly compensation. Participant contributions are subject to the Internal Revenue Service maximum annual limits of \$13,000 during 2004 and \$12,000 during 2003. The Company matches 25% of each participant's contribution not in excess of 8% of the participant's annual salary. Participants over the age of 50 were allowed to contribute an additional \$3,000 and \$2,000 as a catch-up contribution during 2004 and 2003, respectively, as allowed by the tax law changes of 2001.

The Company may, in its sole discretion, contribute to the Plan an amount to be determined from year to year (the Non-Elective Contribution). Such contributions would be allocated to the accounts of participants in the ratio that each participant's compensation for the plan year bears to the total compensation of all participants for the plan year. There were no such contributions during 2004 or 2003.

### **Participant Accounts**

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings. Allocations are based on participant contributions or account balances, as defined.

### **Vesting**

Participants are immediately vested in their contributions and the actual earnings thereon. Prior to 2003, a participant was required to be employed on December 31 of the plan year to be entitled to the Company's match for the year. This requirement was eliminated effective January 1, 2003.

Employees hired prior to January 1, 1997 are immediately vested in the employer contributions received during the plan year. Employees hired January 1, 1997 and thereafter are subject to 5-year cliff vesting for the employer matching contribution. Effective January 1, 2002 the vesting period was reduced to 3-year cliff vesting for employer matching amounts received during 2002 and thereafter. Employer matching contributions received prior to 2002 remain subject to the 5 year vesting service requirement, as applicable.

Forfeited amounts totaled \$14,362 and \$17,537 for 2004 and 2003, respectively, and are used to reduce future employer match obligations. Employer match amounts not vested at December 31, 2004 and 2003, totaled \$122,182 and \$117,072, respectively.

### **Participant Loans**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms range from 1-5 years, except loans used to purchase a primary residence may have a term up to 15 years. All loans are secured by the balance in the participant's account and bear interest at a rate equal to the prime rate plus 1%. Principal and interest payments must be made monthly.

**Table of Contents****Distributions**

Upon termination of employment for any reason the vested portion of the participant's account balance becomes fully payable.

**Participating Employers**

The Company is a member of a controlled group of corporations as defined in Section 414(b) of the Internal Revenue Code. No members of the group other than the Company participated in the Plan prior to 1996.

The contributions to the Plan for each employer participating in the Plan during 2004 and 2003 were as follows:

	2004			2003		
	Employer	Employee	Rollover	Employer	Employee	Rollover
Home Federal Savings Bank	\$ 123,644	615,593	131,143	129,249	633,676	65,418
HMN Mortgage Services, Inc.	0	0	0	0	0	0
Osterud Insurance Agency, Inc.	5,820	23,862	0	4,582	20,988	0
	\$ 129,464	639,455	131,143	133,831	654,664	65,418

**(3) Plan Termination**

The Company, by action of its board of directors, may terminate the Plan. All participants at the time of such termination shall be 100% vested in their account balances and shall be entitled to a benefit equal to the value of their accounts as determined as of the valuation date following termination.

**(4) Description of Investment Options**

Participant contributions are invested by the Plan Trustee in accordance with participant elections, in one or more of the investment options the Plan offers in increments of 1%.

**American Funds Europacific A**

**(7) Income Tax Status**

The Internal Revenue Service determined and informed the Company by a letter dated May 11, 1994, that the Plan and related trust, as then designed, were in compliance with the provisions of 401(a) of the Internal Revenue Code (IRC) and were thereby exempt from federal income taxes under Section 501(a) of the code. The Plan has been amended in its entirety since receiving this determination letter. During 1999 the Plan, as amended, was again submitted to the IRS for determination of its tax-exempt status. A favorable determination was received on March 15, 2000. The Plan was also amended during 2003 and a favorable determination letter was received on November 17, 2003, therefore no provision for income taxes has been included in the Plan's financial statements. The Company believes the Plan continues to qualify and operate as designed.

An employee's pretax contributions under the Plan will reduce the participant's taxable income for federal and state income tax purposes. Each participant's portion of earnings from investments made with contributions under the Plan, generally, are not taxable until distributed or withdrawn.

**(8) Party-in-Interest Transactions**

The Plan engages in investment transactions involving the acquisition or disposition of HMN Financial, Inc. common stock. HMN Financial, Inc. is the holding company of Home Federal Savings Bank and is a party-in-interest. Also, certain Plan investments are shares of mutual funds managed by Pentegra Services, Inc. (PSI) and Alliance Benefit Group (ABG). PSI was the third party administrator of the Plan through March 31, 2003 and was a party-in-interest. Effective April 1, 2003, ABG was appointed as the third party administrator of the Plan as defined by the Basic Plan Document and is a party-in-interest. These transactions are covered by an exemption from the prohibited transactions provisions of ERISA and the IRC.
