Item 1.01 Entry into a Material Definitive Agreement, and Item 8.01 Other Events.

On April 25, 2007, Mariner Energy, Inc. (Mariner) issued a press release announcing the pricing of \$300 million of its 8% senior unsecured notes due 2017 (the Notes), an increase of \$100 million from the amount previously announced.

The press release is attached hereto as Exhibit 99.1 and incorporated herein by reference.

On April 25, 2007, Mariner and its subsidiaries entered into an Underwriting Agreement with J.P. Morgan Securities Inc., as Representative of the several underwriters parties thereto (Underwriting Agreement), covering the purchase and sale of the Notes at par in an offering registered under the Securities Act of 1933, as amended (the Securities Act). Issuance and delivery of the Notes is expected to occur pursuant to an indenture to be entered into on April 30, 2007.

Mariner agreed (i) that it would not offer or sell any of its debt securities (other than the Notes) for a period of 90 days after April 25, 2007 without the prior consent of J.P. Morgan Securities Inc., and (ii) to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act, or contribute to payments that the underwriters may be required to make in respect of those liabilities. The Underwriting Agreement is filed herewith as Exhibit 1.1 and is incorporated herein by this reference. The foregoing description of the Underwriting Agreement is a summary of some of its material provisions, and is qualified in its entirety by the Underwriting Agreement.

After deducting underwriters discounts and commissions of 1.75%, net proceeds to Mariner upon its sale of the Notes are expected to be \$294,750,000 before anticipated expenses of approximately \$2.3 million. Mariner intends to use the net proceeds from the offering to repay debt under its secured bank credit facility.
