INTERLEUKIN GENETICS, INC.
NOTICE OF ANNUAL MEETING OF SHAREHOLDERS

NOTICE IS HEREBY GIVEN that the Annual Meeting of Shareholders of Interleukin Genetics, Inc. (the "Company") will be held on Monday, June 17, 2002 at 9:00 a.m., Eastern Time, at the Company's executive offices, located at 135 Beaver Street, Waltham, MA 02452, for the following purposes:

1. To elect two (2) directors to serve until the 2005 Annual Meeting or until their successors are elected and have qualified; and,
2. To consider and act upon any other matter which may properly come before the meeting or any adjournment thereof. The Board of Directors is presently unaware of any other business to be presented to a vote of the shareholders at the Annual Meeting.

More information regarding the above matters is set forth in the Proxy Statement that accompanies this Notice.

The Board of Directors of the Company has fixed the close of business on April 22, 2002 as the record date for determining shareholders entitled to notice of and to vote at the meeting. A complete list of the shareholders entitled to vote at the meeting will be maintained at the Company's principal executive offices during ordinary business hours for a period of ten (10) days prior to the meeting. The list will be open to the examination of any shareholder for any purpose germane to the meeting during this time. The list will also be produced at the time and place of the meeting and will be open during the whole time thereof.

IMPORTANT

YOU ARE CORDIALLY INVITED TO ATTEND THE ANNUAL MEETING IN PERSON. EVEN IF YOU PLAN TO BE PRESENT, PLEASE MARK, SIGN, DATE AND RETURN THE ENCLOSED PROXY AT YOUR EARLIEST CONVENIENCE IN THE ENVELOPE PROVIDED, WHICH REQUIRES NO POSTAGE IF MAILED IN THE UNITED STATES. IF YOU ATTEND THE MEETING, YOU MAY VOTE EITHER IN PERSON OR BY YOUR PROXY.

INTERLEUKIN GENETICS, INC.
PROXY STATEMENT
ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD ON JUNE 17, 2002

GENERAL INFORMATION

This Proxy Statement and the accompanying proxy are furnished to the shareholders of Interleukin Genetics, Inc., a Delaware corporation (the "Company", "ILGN", "we", "us" or "our"), in connection with the solicitation by the Board of Directors of proxies for use at the Annual Meeting of Shareholders (the "Annual Meeting" or "Meeting") to be held on Monday, June 17, 2002 at 9:00 a.m., Eastern Time, at the Company's executive offices, located at 135 Beaver Street, Waltham, MA 02452. If the Meeting is continued or postponed for any reason, the proxies can be used at the continuation or new date for the purposes defined in the preceding Notice of Annual Meeting of Shareholders. Properly executed proxies received at, or prior to the Meeting will be voted.

Only holders of record of the Company's common stock, \$0.001 par value per share ("Common Stock"), at the close of business on April 22, 2002 (the "Record Date") are entitled to vote at the Annual Meeting. On that date there were outstanding and entitled to vote 21,434,342 shares of Common Stock, each of which is entitled to one vote per share.

The Annual Report to Shareholders for the year ended December 31, 2001, has been or is being furnished with this Proxy Statement, which is being mailed on or about May 15, 2002, to the holders of record of Common Stock on the Record Date. The Annual Report to Shareholders does not constitute a part of the proxy materials.

VOTING AND PROXY PROCEDURES

Shareholders are urged to specify their choices on the proxy, but if no choice is specified, eligible shares will be voted FOR the election of the two nominees for director named in this Proxy Statement. At the date of this Proxy Statement, we know of no other matters which are likely to be brought before the Annual Meeting.

You retain the right to revoke your proxy at any time up to and including the time of the Annual Meeting by filing a later-dated proxy or by written notice filed with our Secretary at our executive offices or by voting your shares in person at the Annual Meeting. Our executive offices are located at 135 Beaver Street, Waltham, MA 02452.

Edgar Filing: INTERLEUKIN GENETICS INC - Form DEF 14A

A quorum of shareholders is required to hold a valid meeting. If the holders of a majority of the total shares of Common Stock entitled to vote are either present in person or represented by proxy, then a quorum will exist. Abstentions and broker non-votes are each included in the number of shares present at the Annual Meeting for purposes of establishing a quorum. The affirmative vote of the holders of a plurality of the shares of Common Stock present in person or represented by proxy and entitled to vote is required for the election of directors and thus, abstentions and broker non-votes have no effect on the outcome of the election of directors.

The Company will pay the cost of solicitation of proxies. In addition to solicitation by mail, proxies may be solicited by our directors, officers and employees, without additional compensation (other than reimbursement of out-of-pocket expenses), by personal interview, telephone, telegram or otherwise. Arrangements will also be made with brokerage firms and other custodians, nominees and fiduciaries who hold the voting securities of record for the forwarding of solicitation materials to the beneficial owners of Common Stock. We will reimburse such brokers, custodians, nominees and fiduciaries for reasonable out-of-pocket expenses incurred by them.

Edward M. Blair, Jr.....	59	Director	19
Gary L. Crocker.....	50	Director	19

Biographical information on the nominees is contained in the section titled "Further Information -- Board of Directors and Executive Officers" beginning on page 8.

It is the intention of the people named in the enclosed proxy card to vote the proxy for the election of the nominees. We do not contemplate that either of the nominees will become unavailable for any reason, but if they did become unavailable before the meeting, proxies that do not withhold authority to vote for directors will be voted for another nominee, or other nominees, in accordance with the best judgment of the person or persons appointed to vote the proxy.

The enclosed form of proxy provides a means for the holders of Common Stock to vote for each of the nominees listed, to withhold authority to vote for one or both of the nominees or to withhold authority to vote for all nominees. Each properly executed proxy received in time for the Meeting will be voted as specified, or if a shareholder does not specify in his or her executed proxy how the shares represented by his or her proxy are to be voted, the shares will be voted for the nominees listed or for other nominees as provided above. The director nominees receiving the affirmative vote of a plurality of the total shares of Common Stock present in person or represented by proxy and entitled to vote will be elected as directors. Abstentions and broker non-votes will not be included in the vote totals and, therefore, will not affect the outcome of the election.

COMMITTEES OF THE BOARD OF DIRECTORS

Our Company is managed under the direction of the Board of Directors. Our Board of Directors has established two standing committees: Audit and Compensation.

The Audit Committee recommends to the Board of Directors the engagement of the independent auditors and reviews the independence of the auditors and the scope and results of our procedures for the adequacy of the system of internal accounting controls. The Audit Committee consists of three non-employee

Edgar Filing: INTERLEUKIN GENETICS INC - Form DEF 14A

directors: Thomas A. Moore, Edward M. Blair, Jr. and Gary L. Crocker. For more information regarding our Audit Committee, see the section titled "Further Information -- Audit Committee Report to the Board of Directors."

The Compensation Committee reviews our compensation philosophy and programs, exercises authority with respect to the payment of direct salaries and incentive compensation to our directors and officers and makes recommendations to the Board of Directors regarding stock option grants under the Company's 2000

4

Employee Stock Compensation Plan (the "Incentive Plan"). The Compensation Committee consists of three non-employee directors: Thomas A. Moore, Gary L. Crocker and John Garofalo.

MEETINGS OF THE BOARD OF DIRECTORS AND COMMITTEES

During 2001, the Board of Directors met five times the Audit Committee met four times and the Compensation Committee met three times. Each of the directors of the Company attended at least 75% of the aggregate of the meetings of the Board of Directors and committees of which he was a member.

COMPENSATION OF DIRECTORS

Directors who are not employees receive \$500 in cash compensation for each meeting of the Board of Directors attended in person and 25,000 fully vested stock options each year.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE ELECTION
OF THE INDIVIDUALS NOMINATED FOR ELECTION AS DIRECTORS

He holds a Senior Attending appointment at Norwalk Hospital in Norwalk, CT, as well as committee memberships on that hospital's Executive Committee and Quality Improvement Committee.

AUDIT COMMITTEE REPORT TO THE BOARD OF DIRECTORS

The Audit Committee of the Board of Directors of the Company, which consists entirely of Directors who are "independent" as defined by Rule 4200 (a)(15) of the NASD listing standards, serves as the representative of the Board for general oversight of our financial accounting and reporting process, system of internal control, audit process, and process for monitoring compliance with laws and regulations. The Audit Committee of the Board is responsible for providing independent, objective oversight of the Company's accounting functions

Edgar Filing: INTERLEUKIN GENETICS INC - Form DEF 14A

and internal controls. Our management has primary responsibility for preparing the financial statements and our financial reporting process. Our independent accountants for the year ended December 31, 2001, Arthur Andersen LLP, were responsible for expressing an opinion on the conformity of our audited financial statements to generally accepted accounting principles.

The Audit Committee operates under a written charter adopted and approved by the Board of Directors in March 2001. The Audit Committee reviews the Company's financial reporting process on behalf of the Board. In fulfilling its responsibilities, the Audit Committee has reviewed and discussed the audited financial statements contained in the 2001 Annual Report in Form 10-K with management and the independent auditors. The Audit Committee discussed with the independent auditors matters required to be discussed by the Statement on Auditing Standards No. 61, "Communication with Audit Committees". In addition, the Company's independent accountants provided to the Audit Committee the written disclosures required by the Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," and the Audit Committee discussed with independent accountants their independence.

In reliance on the discussions referred to above, the Audit Committee recommended to the Board (and the Board has approved) that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2001, for filing with the SEC.

AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

GARY L. CROCKER
THOMAS A. MOORE
EDWARD M. BLAIR, JR.

INFORMATION REGARDING THE COMPANY'S INDEPENDENT PUBLIC ACCOUNTANTS

Arthur Andersen LLP has served as our independent public accountants for the past four years. The Company has customarily asked its shareholders to ratify the appointment of its independent public accountants. However, as a result of the recent events affecting Arthur Andersen LLP, and the uncertainty relating to the future of Arthur Andersen LLP, the Audit Committee and the Board of Directors believe that it is prudent to retain flexibility to deal with events as they unfold and have not yet selected independent public accountants for fiscal 2002. The Company expects Arthur Andersen to review its financial statements for the first quarter of 2002. The Audit Committee and the Board of Directors will continue, however, to monitor developments regarding Arthur Andersen LLP. If, in the judgment of the Audit Committee and the Board of Directors, it becomes necessary or advisable to engage different independent public accountants for 2002, the

7

Company would anticipate that it would appoint an accounting firm with a national operation, that has experience auditing and reviewing other publicly traded corporations.

For audit services rendered in connection with the Company's financial statements and reports for the year ended December 31, 2001 and for other services rendered to the Company during 2001, the Company was billed the following amounts by Arthur Andersen LLP:

Audit Fees. Arthur Andersen LLP billed the Company an aggregate of \$ 35,000 in fees for professional services related to (i) the audit of the Company's financial statements for the year ended December 31, 2001 and (ii) the review of the unaudited financial statements included in the Company's

Edgar Filing: INTERLEUKIN GENETICS INC - Form DEF 14A

quarterly reports on Form 10-Q during 2001.

Financial Information Systems Design and Implementation Fees. No fees were billed by Arthur Andersen LLP for professional services during 2001 in connection with financial information systems design and implementation.

All Other Fees. The aggregate of all other fees billed by Arthur Andersen for services rendered during 2001 was \$ 22,000. These services consisted of assisting with the completion of federal and state tax returns.

All audit and non-audit services provided by Arthur Andersen LLP were approved by the Company's Audit Committee, which considers whether the provision of non-audit services is compatible with maintaining the independence of the independent public accountants.

Representatives of Arthur Andersen LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from shareholders.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee is responsible for making all compensation decisions for the Company's executive officers including determining base salary and annual incentive compensation amounts and making recommendations to the Board of Directors regarding stock options and other stock-based compensation under our 2000 Employee Stock Compensation Plan (the "Incentive Plan").

Overall Objectives of the Executive Compensation Program

The purpose of our compensation plan is to attract, retain and motivate key management employees. It is our philosophy to pay our executives at levels commensurate with both Company and individual performance. A primary consideration in developing our executive compensation programs is to link the long-term financial interests of executives with those of the Company and its shareholders. The Compensation Committee reviews compensation for comparable organizations in order to establish the Company's total compensation program and determine awards under the Incentive Plan.

In 2001, the total compensation program for our top executives, approved by the Company's Board of Directors, consisted of a base salary for each of these executives.

Base Salary Program

It is the Company's policy to establish salaries at a level approximating the average of the competitive levels in comparable organizations and to provide annual salary increases reflective of the executive's performance, level of responsibility and position with the Company.

Annual Incentive

Each year, the Compensation Committee evaluates the performance of the Company as a whole, as well as the performance of each individual executive. Factors considered include implementation of the business plan, revenue growth, net profitability and cost control. The Compensation Committee does not utilize

formalized mathematical formulae, nor does it assign weightings to these factors. The Compensation Committee, in its sole discretion, determines the

Edgar Filing: INTERLEUKIN GENETICS INC - Form DEF 14A

amount, if any, of incentive payments to each executive. The Compensation Committee believes that the Company's growth in revenue and profitability requires subjectivity on the part of the Committee when determining incentive payments. The Compensation Committee believes that specific formulae restrict flexibility.

Equity Incentive Plan

In 2000, we adopted the Incentive Plan which permits us to make grants of stock options, stock appreciation rights or restricted stock awards as part of our overall incentive compensation program. The Incentive Plan is intended to attract, retain and motivate key management personnel and to align the interest of the executives with those of shareholders. The overall long-term incentive grant levels are established by reviewing the number of shares reserved for such plans by comparable organizations. Individual long-term incentive grants are based on the employee's position and responsibility level. In 2001, the Company granted options to purchase 100,000 shares of Common Stock to Mr. Eloi and Mr. Martha and options to purchase 150,000 shares of Common Stock to Dr. Reilly and Dr. Kornman under the Incentive Plan.

Section 162(m)

Section 162(m) of the Code currently imposes a \$1 million limitation on the deductibility of certain compensation paid to each of our five highest paid executives. Excluded from this limitation is compensation that is "performance based." For compensation to be performance based it must meet certain criteria, including being based on predetermined objective standards approved by shareholders. In general, we believe that compensation relating to options granted under the Incentive Plan should be included in the \$1 million limitation calculation. Compensation relating to our incentive compensation awards do not currently qualify for exclusion from the limitation, given the discretion that is provided to the Committee in establishing the performance goals for such awards. The Compensation Committee believes that maintaining the discretion to evaluate the performance of our management is an important part of its responsibilities and inures to the benefit of our shareholders. The Compensation Committee, however, intends to take into account the potential application of Section 162(m) with respect to incentive compensation awards and other compensation decisions made by it in the future.

CEO Compensation

The Committee established Dr. Reilly's' base salary at \$325,000, which approximates the median level of CEOs at comparable companies in the Boston area. As of December 31, 2001, Dr. Reilly had beneficial ownership of 648,042 shares of stock (includes 560,042 shares of which he has a right to receive pursuant to stock options exercisable at December 31, 2001).

Conclusion

The Compensation Committee believes these executive compensation policies serve the interests of the shareholders and the Company effectively. The Committee believes that the various pay vehicles offered are appropriately balanced to provide increased motivation for executives to contribute to the Company's overall future successes, thereby enhancing the value of the Company for the shareholders' benefit.
