Report on Executive Compensation

The Compensation Committee (the "Committee") is responsible for administering FactSet's executive compensation policies and practices. The Committee is composed solely of outside directors and reports regularly to the Board. Outside directors are not eligible to participate in any of the plans or programs it administers. In fiscal 2003, the Committee reviewed cash compensation for the Chairman and the Chief Executive Officer, the President and Chief Operating Officer, the Chief Financial Officer, the Chief Technology Officer, the Director of Sales and Marketing and the Director of Product Development. The Committee also reviews and approves the aggregate number of options

Table of Contents

granted to employees to purchase Common Stock of FactSet. The Committee also reviews the size of grants made to each senior executive team member noted above and to specific employee performance peer groups.

In carrying out its duties, the Committee has direct access to independent compensation consultants and outside survey data. Compensation for the named Executive Officers and other key management positions is designed to:

1. Attract, retain and motivate key personnel.
2. Be competitive with compensation offered for similar positions by other companies in the technology and financial services industries.
3. Tie a meaningful portion of compensation to our operating and financial performance through annual bonuses.
4. Link the financial interests of key employees and FactSet's stockholders via stock-based incentives.

Overall, we aim to deliver above-average compensation contingent on achievement of superior levels of Company and individual performance. Compensation is delivered through three major components, as described below:

Base Salary. Base salaries have been established according to the experience and qualifications of the individual executives. Generally, base salaries are intended to be sufficiently competitive to attract and retain key employees, although they are secondary to a view of total cash compensation.

Annual Bonus. Annual bonuses have been determined on a discretionary basis considering a number of factors including FactSet's profitability, revenue growth, achievement of strategic and department goals, individual performances and competitive market practices. In the normal course of business, the Committee determines the bonuses for the named Executive Officers based on our operational and financial performance and competitive total compensation levels are determined by an independent compensation consulting firm. In considering competitiveness, the Committee reviewed the compensation levels for a sample of industry sector companies of similar size and financial performance to FactSet.

Stock Based Incentives. Stock options have been intended to align incentives with long-term stock performance and act as a motivational and retention tool. Stock option grants were made in fiscal 2003 to selected key employees based on individual contribution and potential.

Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), imposes a limitation on the deductibility of nonperformance-based compensation in excess of \$1 million paid to named Executive Officers. As such, compensation paid in fiscal 2003 by FactSet is fully tax-deductible. The tax deductibility of compensation for the named Executive Officers will be preserved as long as such actions are consistent with the Committee's compensation policies and objectives and are in the best interests of the Company and its stockholders.

The Committee believes that the fiscal 2003 compensation of the named Executive Officers was aligned with FactSet's performance and returns to shareholders and provided a balanced mix between base pay and incentive compensation.

Employment Agreements

FactSet has an agreement dated May 8, 1996, with Ernest S. Wong relating to the terms of his employment. Under the agreement, in the event Mr. Wong is terminated by us at any time for reasons other than good cause, as set forth in the agreement, we will continue to pay his base salary and standard employee benefits for 12 months following the date of such termination. In the event Mr. Wong is terminated for any reason within one year following a change in control of the Company, as defined in the agreement, Mr. Wong will be entitled to continue receiving his base salary and standard employee benefits for two years from the date of such termination. At the end of fiscal 2003, we did not have employment agreements with Messrs. Hadley, DiChristina, Frankenfield or Thomas.

On May 22, 2000, Mr. Wille, our former Chairman and Chief Executive Officer, announced his desire to retire as Chief Executive Officer of FactSet and from active employment with the Company. At that time, FactSet and Mr. Wille entered into a Retirement Agreement. In accordance with the Retirement Agreement, for a period of thirty-six months after August 31, 2000, FactSet must provide Mr. Wille (and his spouse and dependents, if applicable) medical and dental benefits substantially the same as the benefits Mr. Wille received during his tenure as Chairman and Chief Executive Officer. Also, under the Retirement Agreement, Mr. Wille has agreed that he will not engage in certain activities in competition with us, including directly or indirectly owning, managing, operating, joining, controlling, working for or consulting for, any business that is similar to or competes with us for a period of two years after August 31, 2000.

Performance Graph. Comparison of cumulative total return among FactSet, the S&P 500 Index, and the NASDAQ Computer Index.

At August 31, 2003 the price per common share was \$48.55. At fiscal year-end 2002, 2001, 2000, 1999 and 1998, the price per common share was \$24.80, \$25.35, \$34.19, \$23.16 and \$10.75, respectively. All share prices give retroactive effect to the 2-for-1 stock split that occurred on February 4, 2000 and the 3-for-2 stock split that occurred on February 5, 1999. The stock performance graph assumes an investment of \$100 on August 31, 1998 in FactSet Common Stock and an investment of \$100 at that time in both the S&P 500 Index and the NASDAQ Computer Index. This performance graph assumes reinvestment of dividends for FactSet Common Stock and the S&P 500 Index only.

II. Matters Requiring Shareholder Vote

1. Election of Directors

Shareholders will elect three Directors at the Annual Meeting of Stockholders. Each Director will hold office for a term not exceeding three years or until a successor is elected and qualified. Your proxy will be voted in favor of the following persons to serve as directors, unless you indicate to the contrary on the proxy.

Table of Contents

Management expects that the nominees will be available for election. However, if a nominee is not a candidate when the election occurs, your proxy will be voted to elect another nominee to be designated by the Nominating and Corporate Governance Committee of the Board to fill any vacancy. The Board requests that you vote for the following nominees to serve a three-year term expiring in concurrence with the Annual Meeting of Stockholders for fiscal year 2006:

Scott A. Billeadeau. Refer to page 1 for Mr. Billeadeau's biography and pages 4, 6 and 7 for information about Mr. Billeadeau's stock ownership and compensation.

Philip A. Hadley. Refer to page 2 for Mr. Hadley's biography and pages 6 through 9 for information about Mr. Hadley's stock ownership and compensation.

John C. Mickle. Refer to page 2 for Mr. Mickle's biography and pages 4, 6 and 7 for information about Mr. Mickle's stock ownership and compensation.

2. Ratification of the Selection of Independent Public Accountants

The Board requests that you ratify its selection of PricewaterhouseCoopers LLP as independent auditors for FactSet for fiscal 2004. If you do not ratify the selection of PricewaterhouseCoopers LLP, the Board will select another firm of independent auditors.

Representatives of PricewaterhouseCoopers LLP will be present at the Meeting and will have an opportunity to make a statement. They will also be available to respond to appropriate questions.

III. Solicitation of Proxies

The Board solicits the proxy accompanying this Proxy Statement. Officers, directors and regular supervisory and executive employees of FactSet, none of whom will receive any additional compensation for their services, may solicit proxies. Such solicitations may be made personally, or by mail, facsimile, telephone, telegraph or messenger. FactSet will reimburse persons holding shares of Common Stock in their names or in the names of nominees, but not owning such shares beneficially, such as brokerage houses, banks and other fiduciaries, for the expense of forwarding solicitation materials to their principals. FactSet will pay all of the costs of solicitation of proxies, estimated at approximately \$30,000 for the printing and distribution of the proxies, which are mailed along with our annual report.

If you hold your shares through a bank, broker or other holder of record and share a single address and same last name with another stockholder, you may have received notice that only one Proxy Statement and Annual Report will be sent to your address unless you instructed the holder of record to the contrary. This practice, known as "householding", reduces multiple mailings to your household and also reduces our printing and postage costs. However, if you wish to receive additional copies of our Proxy Statement or Annual Report, please contact our Investor Relations Department at 203-863-1500 or write to that department at our corporate headquarters address. If you hold your shares through a bank, broker or other holder of record, you can request householding by contacting the holder of record.

IV. Vote Tabulation

Vote Required. Under the Delaware General Corporation Law, the election of FactSet's Directors requires a plurality of the votes represented in person or by proxy at the Meeting and the ratification of the selection of independent public auditors requires that the votes in favor exceed the votes against. Mellon Investor Services will tabulate votes cast by proxy or in person at the Meeting.

Effect of an Abstention and Broker Non-Votes. If you abstain from voting on any or all proposals you will be included in the number of stockholders present at the Meeting for the purposes of determining the presence of a quorum. Abstentions will not be counted either in favor of or against the election of the nominees or other proposals. Under the rules of the National Association of Securities Dealers, brokers holding stock for the accounts of their clients who have not been given specific voting instructions as to a matter by their clients may vote their clients proxies at their own discretion.

V. Proposals of Stockholders

Proposals of stockholders intended to be presented at the fiscal year 2004 Annual Meeting of Stockholders must be received by us, attention of Mr. Ernest S. Wong, FactSet's Secretary, at our principal executive offices, no later than August 1, 2004, to be included in our fiscal year 2004 Proxy Statement.

VI. Other Matters

The Board does not intend to bring any other business before the Meeting and so far as is known to the Board, no matters are to be brought before the Meeting except as specified in the notice of the Meeting. However, as to any other business, which may properly come before the Meeting, it is intended that proxies, in the form enclosed, will be voted in respect thereof in accordance with the judgment of the persons voting such proxies.

The Committee shall also set policies for the hiring of employees or former employees of the Company's IPA.

H. Review policies and procedures with respect to officers' expense accounts and perquisites. The Committee shall investigate any matters pertaining to the integrity of management, including conflicts of interest, or adherence to standards of business conduct as required in the policies of the Company. In connection with these reviews, the Committee shall consider the results of any review this area by the IPA and meet, as deemed appropriate, with the general counsel and other Company officers or employees.

At each regular meeting the Committee will meet separately with representatives of the IPA and management [and parties performing an internal control function, as applicable]. At all Audit Committee meetings a majority of the total number of members shall constitute a quorum. A majority of the members of the Committee shall be empowered to act on behalf of the Committee. Minutes shall be kept of each meeting of the Committee. The Committee shall have authority and appropriate funding to retain such outside counsel, experts and other advisors as the Committee may deem appropriate in its sole discretion.
