Item 7.01 Regulation FD Disclosure.

To address certain issues arising pursuant to a new rule proposed by the Financial Accounting Standards Board and as permitted by the Second Amended and Restated Cabot Microelectronics Corporation 2000 Equity Incentive Plan (the "Plan"), on September 27, 2004 the Compensation Committee of Cabot Microelectronics Corporation's (the "Corporation's") Board of Directors accelerated to September 1, 2005 the vesting of those stock options granted to employees, officers and directors under the Plan prior to September 27, 2004 that have an option price equal to or greater than the fair market value of the shares of the Corporation on September 27, 2004 (\$34.65), through amendment made and effective as of September 27, 2004 to the grant agreements for such stock options. Approximately 1.3 million options with varying remaining vesting schedules of fewer than three years as of September 1, 2005 are subject to the acceleration provision and become exercisable as of such date as a result.
