Item 1.01 Entry into a Material Definitive Agreement

On May 31, 2007, Universal Electronics Inc. (the Company) entered into a Settlement and Patent License Agreement with Remote Technologies, Inc.. (RTI) resolving litigation between the Company and RTI that was first filed in June 2006 pertaining to certain patents owned by the Company.

The Settlement and Patent License Agreement entitles the Company to receive a lump sum payment for past royalties and ongoing per unit royalty fees to be paid on certain products sold by RTI, in exchange for which RTI receives a grant of license from the Company under the patents involved in the litigation. The Settlement and Patent License Agreement which continues to 2013 contains other terms and conditions that are customary for agreements of this nature, including a confidentiality clause that precludes specific disclosures other than the existence and subject matter of the agreement.

Also, on June 1, 2007, the Company issued a press release announcing the settlement of the Patent Infringement Lawsuit filed by the Company against RTI. A copy of the press release is included as Exhibit 99.1 to this report. Pursuant to General Instruction B.2 of Form 8-K, the information contained in Exhibit 99.1 will be deemed furnished, and not filed, for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act), or incorporated by reference in any filing under the Exchange Act or the Securities Act of 1933, as amended, except as expressly set forth by specific reference in any such filing.
