**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The 401(k) Investment Committee  
Levitt Corporation Security Plus Plan  
Fort Lauderdale, Florida

We have audited the accompanying statements of net assets available for benefits of Levitt Corporation Security Plus Plan (the Plan) as of December 31, 2004 and 2005, and the related statement of changes in net assets available for benefits for the year ended December 31, 2005. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2004 and 2005, and changes in its net assets available for benefits for the year ended December 31, 2005 in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying Supplemental Schedule of Assets (Held at End of Year) as of December 31, 2005 is presented for purposes of additional analysis and is not a required part of the financial statements. This schedule includes supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respect in relation to the financial statements taken as a whole.

**Levitt Corporation Security Plus Plan**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2005 and 2004**

**NOTE 1 PLAN DESCRIPTION**

The following description of Levitt Corporation Security Plus Plan (the Plan ) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan s provisions.

The Plan was established effective January 1, 2004 and is a defined contribution plan covering all employees, excluding certain employees whose employment is governed by the terms of a collective bargaining agreement and non-resident aliens, of Levitt Corporation, Bowden Building Corporation, Core Communities, LLC, Levitt and Sons, LLC, Levitt Capital, LLC, Levitt Commercial, LLC, and St. Lucie West Development Company, LLC (collectively the Company ), who have completed 3 months of service, as defined by the Plan, and are age 18 or older. Assets of the Plan were maintained by Reliance Trust Company and Metropolitan Life Insurance Company served as the agent for Reliance Trust Company with respect to all trustee duties, responsibilities and functions required under the Plan agreement through November 30, 2005. On December 1, 2005 the Plan switched trustees and the assets of the Plan are now managed by ING Life Insurance and Annuity Company.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ( ERISA ). The Company is the plan administrator.

**Contributions**

Each year, participants may contribute a percentage of their pre-tax annual compensation, as defined in the Plan. The Company currently makes safe harbor matching contributions to the account of each eligible participant in an amount equal to the sum of 100% of the amount of the participant s elective deferrals that do not exceed 3% of the participant s compensation, plus 50% of the amount of the participant s elective deferrals that exceed 3% of the participant s compensation but do not exceed 5% of the participant s compensation. The Company may also make additional discretionary contributions to the Plan each year. No additional discretionary contributions were made during the year ended December 31, 2005.

**Participant Accounts**

Each participant s account is credited with the participant s contributions and an allocation of the employer s contribution, interest earned, administrative expenses related to loan origination and investment gains and losses. Allocations of Plan earnings are based on participant account balances, which are individually directed among the Plan s investment options.

**Forfeited Accounts**

Forfeited balances of participants' non-vested accounts are used to reduce future Company contributions. There were approximately \$3,400 of unallocated forfeitures as of December 31, 2005.

**Vesting**

Participants are immediately vested in their own contributions, rollover contributions and allocated safe harbor contributions, plus any earnings thereon.

The vesting schedule with respect to other discretionary employer contributions is as follows:

<b>Years of Service</b>	<b>Percentage Vested</b>
1	20%
2	40%
3	60%
4	80%
5	100%

If, while an employee, the participant dies, the beneficiary is entitled to 100% of the vested account balance, to be paid in either a lump-sum payment. If the participant becomes disabled while employed, they are entitled to 100% of their account balance and are paid as though retired.

**Participant Loans**

Participants may borrow from their fund accounts a maximum of the lesser of \$50,000 or 50% of the participant's vested account balance. Loans bear a reasonable rate of interest with terms that may not exceed five years, unless made to purchase a primary residence. Loan principal and interest must be repaid in equal installments made at least quarterly. No loan may be granted to any participant having a loan currently outstanding from the Plan.

**Payment of Benefits**

Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum payment equal to the value of the participant's vested interest in their account. Upon termination of service for reasons other than death, disability or retirement, a participant may receive a lump-sum payment equal to the vested value of their account.

**Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan or complete discontinuance of contributions, all participants' accounts become 100% vested. Upon such termination of the Plan, the Company will direct complete distribution of the assets of the Plan to the participants, in cash, subject to the participant consent provisions of the Plan.

## **NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

### **Basis of Accounting**

The accompanying financial statements of the Plan are presented on the accrual basis of accounting.

### **Investment Valuation and Income Recognition**

Except for the ING Fixed Account 15S, the Plan's investments are stated at fair value (see Note 3). The fair value of the participation units owned by the Plan in registered investment companies are based on quoted redemption values on the last business day of the Plan year. These investments are held in pooled separate accounts at ING. The participant loans are valued at their outstanding balances, which approximates fair value.

Investment contracts held in the ING Fixed Account 15S are recorded at their contract values, which represent contributions and reinvested income, less any withdrawals plus accrued interest, because these investments have fully benefit-responsive features. For example, participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. However, withdrawals influenced by organization-initiated events, such as in connection with the sale of a business, may result in a distribution at other than contract value. There are no reserves against contract values for credit risk of contract issuers or otherwise.

At December 31, 2005, the ING Fixed Account 15S was recorded at contract value which approximates fair value.

The yield and crediting interest rate of the ING Fixed Account 15S is adjusted annually but may not go below 3%.

The yield and crediting interest rate of the ING Fixed Account 15S was 3% as of December 31, 2005.

### **Payment of Benefits**

Benefits are recorded when paid. As of December 31, 2005, there were no amounts allocated to the accounts of individuals who have elected to withdraw from the Plan but had not yet been paid.

### **Net Appreciation in Fair Value of Investments**

The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation in the fair value of its investments, which includes unrealized depreciation on those investments.

### **Administrative and Investment Expenses**

Administrative expenses of the Plan are paid directly by the Company and are not included in the accompanying financial statements. Certain investment expenses are netted against the appreciation (depreciation) of the fair value of investments.

### **Estimates**

The preparation of financial statements in accordance with accounting principles generally

accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, investment income and expenses and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Credit Risk**

The Plan's investments are not insured or protected by the Plan's Custodians, the Company, the Pension Benefit Guarantee Corporation, or any other governmental agency; accordingly, the Plan is subject to the normal investment risks associated with similar investments.
