The selling securityholders, as well as any agents acting on their behalf, reserve the sole right to accept or to reject in whole or in part any proposed purchase of our securities.

CAUTION ABOUT FORWARD-LOOKING STATEMENTS

We make forward-looking statements in this prospectus and in other documents incorporated by reference in this prospectus, within the meaning of and pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. A forward-looking statement encompasses any estimate, prediction, opinion or statement of belief in this joint proxy statement/prospectus and the underlying management assumptions. These forward-looking statements can be identified by words such as believes, expects, anticipates, intends and similar expressions. These statements are based upon our current reasonable expectations and assessments and are inherently subject to significant business, economic and competitive uncertainties and contingencies, many of which are beyond our control. In addition, these forward-looking statements are subject to assumptions with respect to future business strategies and decisions that are subject to change.

In addition to factors that we have previously disclosed in our reports filed with the SEC and those that we discuss elsewhere in this prospectus, the following factors, among others, could cause actual results to differ materially from the anticipated results or other expectations expressed in the forward-looking statements:

changes in political, legislative and economic conditions;

deteriorating economy and its impact on operations and credit quality;

unique risks associated with our construction and land development loans;

the continued impact of a slowing economy on our commercial loan portfolio and its potential continued impact on our consumer portfolio;

changes in real estate values and economic conditions in Atlanta, Georgia;

our ability to maintain and service relationships with automobile dealers and indirect automobile loan purchasers and our ability to profitably manage changes in our indirect automobile lending operations;

changes in the interest rate environment and their impact on our net interest margin;

difficulties in maintaining quality loan growth;

less favorable than anticipated changes in the national and local business environment, particularly in regard to the housing market in general and residential construction and new home sales in particular;

adverse changes in the regulatory requirements affecting us;

impact on the Company from the implementation of the Emergency Economic Stabilization Act of 2008;

greater competitive pressures among financial institutions in our market;

inflation; and

greater loan losses than historic levels and an insufficient allowance for loan losses.

The forward-looking statements are made as of the date of the applicable document and, except as required by applicable law, we assume no obligation to update these forward-looking statements or to update the reasons why actual results could differ from those projected in the forward-looking statements. You should consider these risks and uncertainties in evaluating forward-looking statements and you should not place undue reliance on these statements.

RISK FACTORS

An investment in our securities involves various risks. You should carefully consider the risks and uncertainties and the risk factors set forth below and in the documents and reports filed with the SEC pursuant to Sections 13(a), 13(c), 14 or 15(d) of the Securities Exchange Act of 1934, as amended, which we refer to as the Exchange Act, that are incorporated by reference into this prospectus, as well as any risks described in any applicable prospectus supplement, before you make an investment decision. These risk factors may cause our future earnings to be lower or our financial condition to be less favorable than we expect. In addition, other risks of which we are not aware, or which we do not believe are material, may cause our earnings to be lower, or hurt our future financial condition.

Fidelity Bank is operating under a Memorandum of Understanding with the Georgia Department of Banking and Finance (GDBF) and the Federal Deposit Insurance Corporation (FDIC), which may affect its ability to pay dividends to Fidelity Southern.

In December 2008, Fidelity Bank signed a memorandum of understanding (MOU) with the GDBF and the FDIC. The MOU, which relates primarily to the Bank's asset quality and loan loss reserves, requires that the Bank submit plans and report to the GDBF and the FDIC regarding its loan portfolio and profit plans, among other matters. The MOU also requires that the Bank maintain its Tier 1 Leverage Capital ratio at not less than 8% and an overall well-capitalized position as defined in applicable FDIC rules and regulations during the life of the MOU. Additionally, the MOU requires that, prior to declaring or paying any cash dividends to the Company, the Bank must obtain the prior written consent of the GDBF and the FDIC.

Table of Contents

As a result, the Company's cash flows and results of operations could be materially adversely affected by reductions in dividends payable to it by the Bank.

USE OF PROCEEDS

We will not receive any proceeds from the sale by the selling securityholders of the warrant or the shares of common stock issuable upon exercise of the warrant.

DESCRIPTION OF THE WARRANT TO PURCHASE COMMON STOCK

The following is a brief description of the terms of the warrant that may be resold by the selling securityholders. This summary does not purport to be complete in all respects. This description is subject to and qualified in its entirety by reference to the warrant, a copy of which has been filed with the SEC and is also available upon request from us.

Shares of Common Stock Subject to the Warrant. The warrant is initially exercisable for 2,266,458 shares of our common stock. If we complete one or more qualified equity offerings, as described below, on or prior to December 31, 2009 that result in our receipt of aggregate gross proceeds of not less than \$48,200,000, which is equal to 100% of the aggregate fixed liquidation amount of \$1,000 per share of our Series A Preferred Stock, plus any accrued and unpaid dividends, the number of shares of common stock underlying the warrant then held by the selling securityholders will be reduced by 50%, to approximately 1,133,229 shares. The number of shares subject to the warrant are subject to the further adjustments described below under the heading - Adjustments to the Warrant. A qualified equity offering is a sale or issuance for cash by us, to persons other than Fidelity Southern or its subsidiaries after December 19, 2008, of shares of preferred stock, common stock or a combination thereof, that in each case qualify as tier 1 capital of at the time of issuance under the applicable risk-based capital guidelines of the Board of Governors of the Federal Reserve System. Qualified equity offerings do not include sales or issuances made pursuant to agreements or arrangements entered into, or pursuant to financing plans that were publicly announced, on or prior to October 13, 2008.

Exercise of the Warrant. The initial exercise price applicable to the warrant is \$3.19 for each share of common stock for which the warrant may be exercised. The warrant may be exercised at any time on or before December 19, 2018 by surrender of the warrant and a completed notice of exercise and the payment of the exercise price for the shares of common stock for which the warrant is being exercised. The exercise price may be paid either by the withholding of such number of shares of common stock issuable upon exercise of the warrant equal to the value of the aggregate exercise price of the warrant, determined by reference to the market price of our common stock on the trading day on which the warrant is exercised or, if agreed to by us and the warrant holder, by the payment of cash, certified or cashier's check, or wire transfer, in an amount equal to the aggregate exercise price. The exercise price applicable to the warrant is subject to the further adjustments described below under the heading - Adjustments to the Warrant.

Upon exercise of the warrant, certificates for the shares of common stock issuable upon exercise will be issued to the warrant holder. We will not issue fractional shares upon any exercise of the warrant. Instead, the warrant holder will be entitled to a cash payment equal to the market price of our common stock on the last trading day preceding the exercise of the warrant, less the pro-rated exercise price of the warrant, for any fractional shares that would have otherwise been issuable upon exercise of the warrant. We will at all times reserve the aggregate number of shares of our common stock for which the warrant may be exercised. We have listed the shares of common stock issuable upon exercise of the warrant with the Nasdaq Capital Market.

Rights as a Shareholder. The warrant holder shall have no rights or privileges of the holders of our common stock, including any voting rights, until (and then only to the extent) the warrant has been exercised.

Transferability; Restrictions on Exercise of Warrant. The initial selling securityholder may not transfer a portion of the warrant, and/or exercise the warrant, with respect to more than one half of the shares of common stock subject to the warrant until the earlier of the date on which we have received aggregate gross proceeds from a qualified equity offering of at least \$48,200,000 and December 31, 2009. The warrant, and all rights under the warrant, are otherwise transferable and exercisable.

Adjustments to the Warrant - Adjustments in Connection with Stock Splits, Subdivisions, Reclassifications and Combinations. The number of shares for which the warrant may be exercised and the exercise price applicable to the warrant will be proportionately adjusted in the event we pay dividends or make distributions of our common stock,

subdivide, combine or reclassify outstanding shares of our common stock.

Table of Contents

Anti-dilution Adjustment. Until the earlier of December 19, 2011 and the date the initial selling securityholder no longer holds the warrant (and other than in certain permitted transactions described below), if we issue any shares of common stock (or securities convertible or exercisable into common stock) for less than 90% of the market price of the common stock on the last trading day prior to pricing such shares, then the number of shares of common stock into which the warrant is exercisable and the exercise price will be adjusted. Permitted transactions include issuances:

as consideration for or to fund the acquisition of businesses and/or related assets;

in connection with employee benefit plans and compensation related arrangements in the ordinary course and consistent with past practice approved by our board of directors;

in connection with public or broadly marketed offerings and sales of common stock or convertible securities for cash conducted by us or our affiliates pursuant to registration under the Securities Act, or Rule 144A thereunder on a basis consistent with capital-raising transactions by comparable financial institutions; and

in connection with the exercise of preemptive rights on terms existing as of December 19, 2008.

Other Distributions. If we declare any dividends or distributions greater than our most recent quarterly dividend, or dividends payable in common stock, the exercise price of the warrant will be adjusted to reflect such distribution.

Certain Repurchases. If we effect a pro rata repurchase of common stock, both the number of shares issuable upon exercise of the warrant and the exercise price will be adjusted.

Business Combinations. In the event of a merger, consolidation or similar transaction involving Fidelity Southern and requiring shareholder approval, the warrant holder's right to receive shares of our common stock upon exercise of the warrant shall be converted into the right to exercise the warrant for the consideration that would have been payable to the warrant holder with respect to the shares of common stock for which the warrant may be exercised, as if the warrant had been exercised prior to such merger, consolidation or similar transaction.

DESCRIPTION OF OUR CAPITAL STOCK

Our authorized capital stock consists of 50,000,000 shares of common stock, no par value, and 10,000,000 shares of undesignated preferred stock, no par value. As of December 31, 2008, there were 9,610,169 shares of common stock outstanding and 48,200 shares of our Series A Preferred Stock outstanding.

Common Stock. Holders of common stock are entitled to cast one vote for each share held of record, to receive such dividends as may be declared by the Board of Directors out of legally available funds, and, subject to the rights of any class of stock having preference to the common stock, to share ratably in any distribution of our assets after payment of all debts and other liabilities upon liquidation, dissolution or winding up. Shareholders do not have cumulative voting rights or preemptive rights or other rights to subscribe for additional shares, and the common stock is not subject to conversion or redemption.

Pursuant to the terms of the Letter Agreement and related Securities Purchase Agreement Standard Terms, and the Articles Supplementary designating the terms of the Series A Preferred Stock, our ability to declare or pay dividends or distributions on, or purchase, redeem or otherwise acquire for consideration, shares of Junior Stock (as defined below) and Parity Stock (as defined below) is subject to restrictions, including a restriction against paying any dividends on the common stock. These restrictions will terminate on the earlier of (a) the third anniversary of the date of issuance of the Series A Preferred Stock and (b) the date on which all of the Series A Preferred Stock has been redeemed or Treasury has transferred all of the Series A Preferred Stock to third parties.

In addition, our ability to declare or pay dividends or distributions on, or repurchase, redeem or otherwise acquire for consideration, shares of Junior Stock and Parity Stock is subject to restrictions in the event that we fail to declare and pay full dividends (or declare and set aside a sum sufficient for payment thereof) on the Series A Preferred Stock.

Junior Stock means our common stock and any other class or series of the Company's stock the terms of which expressly provide that it ranks junior to the Series A Preferred Stock as to dividend rights and/or rights on liquidation, dissolution or winding up of the Company. *Parity Stock* means any class or series of the Company's stock the terms of which do not expressly provide that such class or series will rank senior or junior to the Series A Preferred Stock as to dividend rights and/or rights on liquidation, dissolution or winding up of the Company.

Table of Contents

Our common stock is listed on the Nasdaq Capital Market under the symbol LION. The shares of common stock issuable upon exercise of the warrant in accordance with its terms, will be fully paid, validly issued and nonassessable.

The Transfer Agent for the common stock is BNY Mellon Shareowner Services, 480 Washington Boulevard, 27th Floor, Jersey City, NJ 07310-1900.

Preferred Stock. The Board of Directors may, from time to time, by action of a majority, issue shares of the authorized, undesignated preferred stock, in one or more classes or series. In connection with any such issuance, the Board may by resolution determine the designation, voting rights, preferences as to dividends, in liquidation or otherwise, participation, redemption, sinking fund, conversion, dividend or other special rights or powers, and the limitations, qualifications and restrictions of such shares of preferred stock.

As of the date hereof, the Board of Directors has created one series of preferred stock, the Series A Preferred Stock, which was issued to the Treasury. The Series A Preferred Stock consists of 48,200 shares having a liquidation amount per share equal to \$1,000. The Series A Preferred Stock pays cumulative dividends at a rate of 5% per year for the first five years and thereafter at a rate of 9% per year, prior to the payment of dividends on any shares of Junior Stock. The Company may not redeem the Series A Preferred Stock during the first three years except with the proceeds from a qualified equity offering (as defined above). After three years, the Company may, at its option, redeem the Series A Preferred Stock at the liquidation amount plus accrued and unpaid dividends.

The Series A Preferred Stock is non-voting, except in limited circumstances. Prior to the third anniversary of issuance, unless the Company has redeemed all of the Series A Preferred Stock or the Treasury has transferred all of the Series A Preferred Stock to a third party, the consent of the Treasury will be required for the Company to increase its common stock dividend or repurchase its common stock or other equity or capital securities, other than in connection with benefit plans consistent with past practice and certain other circumstances specified in the Purchase Agreement. In the event that we do not pay dividends on the Series A Preferred Stock for six dividend periods, whether or not consecutive, the size of our board of directors will automatically be increased by two and the holders of the Series A Preferred Stock shall have the right to elect two directors to fill such newly created directorships at the next annual meeting and at each subsequent annual meeting until all accrued and unpaid dividends for all past dividend periods, including the latest completed dividend period, on all outstanding shares of Series A Preferred Stock have been declared and paid in full. The foregoing description of the Series A Preferred Stock is qualified in its entirety by reference to the Articles of Amendment to the Articles of Incorporation designating such series.

PLAN OF DISTRIBUTION

The selling securityholders and their successors, including their transferees, may sell the securities directly to purchasers or through underwriters, broker-dealers or agents, who may receive compensation in the form of discounts, concessions or commissions from the selling securityholders or the purchasers of the securities. These discounts, concessions or commissions as to any particular underwriter, broker-dealer or agent may be in excess of those customary in the types of transactions involved.

The securities may be sold in one or more transactions at fixed prices, at prevailing market prices at the time of sale, at varying prices determined at the time of sale or at negotiated prices. These sales may be affected in transactions, which may involve crosses or block transactions:

on any national securities exchange or quotation service on which the preferred stock or the common stock may be listed or quoted at the time of sale, including, as of the date of this prospectus, the Nasdaq Global Select Market in the case of the common stock;

in the over-the-counter market;

in transactions otherwise than on these exchanges or services or in the over-the-counter market; or

through the writing of options, whether the options are listed on an options exchange or otherwise.

In addition, any securities that qualify for sale pursuant to Rule 144 under the Securities Act may be sold under Rule 144 rather than pursuant to this prospectus.

In connection with the sale of the securities or otherwise, the selling securityholders may enter into hedging transactions with broker-dealers, which may in turn engage in short sales of the common stock issuable upon exercise of the warrant in the course of hedging the positions they assume. The selling securityholders may also sell short the common stock

Table of Contents

issuable upon exercise of the warrant and deliver common stock to close out short positions, or loan or pledge the securities to broker-dealers that in turn may sell these securities.

The aggregate proceeds to the selling securityholders from the sale of the securities will be the purchase price of the securities less discounts and commissions, if any.

In effecting sales, broker-dealers or agents engaged by the selling securityholders may arrange for other broker-dealers to participate. Broker-dealers or agents may receive commissions, discounts or concessions from the selling securityholders in amounts to be negotiated immediately prior to the sale.

In offering the securities covered by this prospectus, the selling securityholders and any broker-dealers who execute sales for the selling securityholders may be deemed to be underwriters within the meaning of Section 2(a)(11) of the Securities Act in connection with such sales. Any profits realized by the selling securityholders and the compensation of any broker-dealer may be deemed to be underwriting discounts and commissions. Selling securityholders who are underwriters within the meaning of Section 2(a)(11) of the Securities Act will be subject to the prospectus delivery requirements of the Securities Act and may be subject to certain statutory and regulatory liabilities, including liabilities imposed pursuant to Sections 11, 12 and 17 of the Securities Act and Rule 10b-5 under the Securities Exchange Act of 1934, or the Exchange Act.

In order to comply with the securities laws of certain states, if applicable, the securities must be sold in such jurisdictions only through registered or licensed brokers or dealers. In addition, in certain states the securities may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

The anti-manipulation rules of Regulation M under the Exchange Act may apply to sales of securities pursuant to this prospectus and to the activities of the selling securityholders. In addition, we will make copies of this prospectus available to the selling securityholders for the purpose of satisfying the prospectus delivery requirements of the Securities Act, which may include delivery through the facilities of the Nasdaq Capital Market pursuant to Rule 153 under the Securities Act.

At the time a particular offer of securities is made, if required, a prospectus supplement will set forth the number and type of securities being offered and the terms of the offering, including the name of any underwriter, dealer or agent, the purchase price paid by any underwriter, any discount, commission and other item constituting compensation, any discount, commission or concession allowed or reallocated or paid to any dealer, and the proposed selling price to the public.

Unless requested by the initial selling securityholder and required under the Letter Agreement and related Securities Purchase Agreement Standard Terms, we do not intend to list the warrant on any exchange. No assurance can be given as to the liquidity of the trading market, if any, for the warrant.

We have agreed to indemnify the selling securityholders against certain liabilities, including certain liabilities under the Securities Act. We have also agreed, among other things, to bear substantially all expenses (other than underwriting discounts and selling commissions) in connection with the registration and sale of the securities covered by this prospectus.

SELLING SECURITYHOLDERS

On December 19, 2008, we issued the securities covered by this prospectus to the United States Department of the Treasury, which is the initial selling securityholder under this prospectus, in a transaction exempt from the registration requirements of the Securities Act. The initial selling securityholder, or its successors, including transferees, may from time to time offer and sell, pursuant to this prospectus or a supplement to this prospectus, any or all of the securities they own. The securities to be offered under this prospectus for the account of the selling securityholders are:

a warrant to purchase 2,266,458 shares of our common stock, representing beneficial ownership of approximately 23.58% of our common stock as of December 31, 2008; and

2,266,458 shares of our common stock issuable upon exercise of the warrant, which shares, if issued, would represent ownership of approximately 19.08% of our common stock as of December 31, 2008.

For purposes of this prospectus, we have assumed that, after completion of the offering covered by this prospectus, none of the securities covered by this prospectus will be held by the selling securityholders.

Table of Contents

Beneficial ownership is determined in accordance with the rules of the SEC and includes voting or investment power with respect to the securities. To our knowledge, the initial selling securityholder has sole voting and investment power with respect to the securities.

We do not know when or in what amounts the selling securityholders may offer the securities for sale. The selling securityholders might not sell any or all of the securities offered by this prospectus. Because the selling securityholders may offer all or some of the securities pursuant to this offering, and because currently no sale of any of the securities is subject to any agreements, arrangements or understandings, we cannot estimate the number of the securities that will be held by the selling securityholders after completion of the offering.

Other than with respect to the acquisition of the securities, the initial selling securityholder has not had a material relationship with us.

Information about the selling securityholders may change over time and changed information will be set forth in supplements to this prospectus if and when necessary.

Indemnification of Directors and Officers

Sections 14-2-851 and 14-2-857 of the Georgia Business Corporation Code provides that a corporation may indemnify its directors and officers against civil and criminal liabilities. Directors and officers may be indemnified against expenses if they acted in good faith and in a manner reasonably believed to be in or not opposed to the best interest of the corporation, if they have not been adjudged liable on the basis of the improper receipt of a personal benefit and, with respect to any criminal action, if they had no reasonable cause to believe their conduct was unlawful. A director or officer may be indemnified against expenses incurred in connection with a derivative suit if he or she acted in good faith and in a manner reasonably believed to be in or not opposed to the best interest of the corporation, except that no indemnification may be made without court approval if such person was adjudged liable for negligence or misconduct in the performance of his or her duty to the corporation. Statutory indemnification is not exclusive of any rights provided by any bylaw, agreement, vote of stockholders or disinterested directors or otherwise.

Fidelity s bylaws contain indemnification provisions that provide that directors and officers of Fidelity will be indemnified against expenses reasonably incurred by them if they are successful on the merits or otherwise in the defense of any proceeding or any claim, issue or matter involved in the proceeding. The indemnification provisions also provide that Fidelity will indemnify directors and officers when they meet the applicable standard of conduct, regardless if they are successful in the defense of the proceeding or claim, issue or matter. The applicable standard of conduct is met if the director or officer acted in a manner he or she reasonably believed to be in, or not opposed to, the best interests of Fidelity. The standard of conduct with respect to any criminal action or proceeding is met if the director had no reasonable cause to believe his or her conduct was unlawful. Whether the applicable standard of conduct has been met is determined by the Board of Directors, the stockholders or independent legal counsel in each specific case.

Fidelity may also provide for greater indemnification than that set forth in its bylaws if it chooses to do so, subject to approval by Fidelity s stockholders. Fidelity may not, however, indemnify a director for liability arising out of circumstances that constitute exceptions to limitation of a director s liability for monetary damages, as described below. Fidelity may purchase and maintain insurance on behalf of any director against any liability asserted against such person and incurred by him or her in any such capacity, whether or not Fidelity would have had the power to indemnify against such liability.

In addition, Article 5 of Fidelity s Articles of Incorporation, subject to certain exceptions, eliminates the potential personal liability of a director for monetary damages to Fidelity and to the stockholders of Fidelity for breach of a duty as a director. There is no elimination of liability for:

- (a) for any appropriation, in violation of his duties, of any business opportunity of the Company;
- (b) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;
- (c) for the types of liability set forth in the Official Code of Georgia Annotated Section 14-2-154 [now Section 14-2-832]; or
- (d) for any transaction from which the director derived an improper personal benefit.

The Articles of Incorporation do not eliminate or limit the right of Fidelity or its stockholders to seek injunctive or other equitable relief not involving monetary damages.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling the Registrant pursuant to the foregoing provisions, the Registrant has been informed that in the opinion of the Commission such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in the volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement; provided, however, that paragraphs (1)(i), (1)(ii) and (1)(iii) do not apply if the registration statement is on Form S-3 or Form F-3, and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement or is contained in a final prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) [Intentionally omitted.]

(5) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

Table of Contents

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the Registration Statement as of the date filed prospectus was deemed part of and included in the Registration Statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a Registration Statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the Registration Statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the Registration Statement relating to the securities in the Registration Statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a Registration Statement or prospectus that is part of the Registration Statement or made in a document incorporated or deemed incorporated by reference into the Registration Statement or prospectus that is part of the Registration Statement will, as to the purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the Registration Statement or prospectus that was part of the Registration Statement or made in any such document immediately prior to such effective date.

Filings Incorporating Subsequent Exchange Act Documents By Reference

The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Request for Acceleration of Effective Date or Filing of Registration Statement on Form S-8

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
