ITEM 2. DISPOSITION OF ASSETS

On March 7, 2001, The Network Connection, Inc., a Georgia corporation ("TNCi") and a majority-owned subsidiary of Global Technologies, Ltd., a Delaware Corporation (the "Registrant"), announced that it had re-evaluated certain aspects of its business and would be focusing its efforts on the operations of TNCi UK Ltd., a company incorporated under the laws of England and Wales ("TNCi UK"), and discontinuing and suspending its domestic operations. As explained in the Current Report on Form 8-K filed by TNCi on March 7, 2001, TNCi has discontinued its education and corporate training operations, suspended its hotel operations and is focusing on train operations.

In connection with this discontinuance and suspension of domestic operations, TNCi has determined it necessary to write off all of the intangible assets on its balance sheet, which consisted of goodwill and certain intellectual property. The amount to be written off is approximately \$5.8 million. In addition, based on the impairment of certain fixed assets of TNCi, consisting primarily of installed interactive entertainment systems at hotel properties, resulting from the determination to suspend hotel operations, TNCi has written down the value of these assets as reflected on its balance sheet by approximately \$3.3 million.

On March 2, 2001, TNCi UK's English directors provided a letter to TNCi's

Edgar Filing: GLOBAL TECHNOLOGIES LTD - Form 8-K

Chairman expressing their concerns regarding the solvency of TNCi UK, and explaining that under English law statutory directors can be personally and criminally liable for operating a company that is insolvent, i.e., that such directors have an obligation to put an entity the solvency of which is questionable into a voluntary dissolution. The letter explained that unless funding was received by March 9, 2001, they were going to put TNCi UK into receivership.

The Registrant and TNCi have been pursuing capital from many third party sources to finance the operations of TNCi UK. These efforts included retaining Dawnay Day Corporate Finance Limited ("Dawnay Day"), a reputable London-based investment bank, to find investors for TNCi UK. After an extensive search and repeated reductions of TNCi UK's valuation, Dawnay Day has been unable to secure an investment.

To permit TNCi UK to fund ongoing operations and avoid insolvency and receivership, on March 9, 2001, the Registrant acquired 600 cumulative redeemable preferred shares of TNCi UK (the "Preferred Shares"). The Registrant has committed to pay \$600,000 for the Preferred Shares, \$50,000 of which was paid to TNCi UK through March 15, 2001. The remainder of the purchase price is evidenced by a 9% note payable over the next 150 days.

The Preferred Shares have a 9% cumulative dividend payable in cash or in-kind, and each Preferred Share has a liquidation preference and redemption price of \$1,000, is convertible into one ordinary share and votes as if it were an ordinary share. The Preferred Shares have customary anti-dilution protection.

Prior to this transaction, TNCi UK was a wholly owned subsidiary of TNCi, of which the Registrant currently owns approximately 70%. The 600 Preferred Shares acquired by the Registered represent 60% of the outstanding voting equity of TNCi UK. TNCi now holds the remaining 40% of the outstanding voting equity of TNCi UK through its ownership of ordinary shares.

In connection with this transaction, TNCi converted approximately \$1.4 million (as of February 28, 2001) of inter-company advances to TNCi UK on its balance sheet into equity. Subsequently, TNCi wrote down the value of its investment in TNCi UK by approximately \$900,000 to reflect its 40% net equity interest in TNCi UK.
