ITEM 12. RESULTS OF OPERATIONS AND FINANCIAL CONDITION

We are furnishing our earnings release dated April 22, 2004 that is filed as Exhibit 99 as part of this Form 8-K.

In the attached news release, management has provided information for both actual results computed on the basis of generally accepted accounting principles and as adjusted to eliminate restructuring costs. Management believes the presentation of results adjusted for restructuring costs provides useful information to enable it and investors to evaluate the results of operations more effectively since restructuring charges do not occur in each reporting period and can differ dramatically in amounts based on the size of restructuring initiatives undertaken at different times.
