Nomura Holdings, Inc. and its consolidated subsidiaries (Nomura) reported a net revenue of ¥ 416 billion for the nine months ended December 31, 2002, a decrease of ¥ 301 billion or 42% from ¥ 717 billion for the nine months ended December 31, 2001. Non-interest expenses were ¥ 356 billion for the nine months ended December 31, 2002, a decrease of ¥ 466 billion or 57% over the same period in the prior year.

The decline in net revenues and non-interest related expenses is due to the fact that the results of operations for the nine months ended December 31, 2001 include the consolidated results of Principal Finance Group (PFG) entities, which were contributed to a limited partnership on March 27, 2002 in exchange for a limited partnership interest and, accordingly are not consolidated with our results of operations for the nine months ended December 31, 2002. PFG accounted for ¥ 339 billion of net revenues and ¥ 343 billion of non-interest related expenses for the nine months ended December 31, 2001.

Income before income taxes and net income were \S 60 billion and \S 146 billion, respectively, for the nine months ended December 31, 2002. This compares to a loss before income taxes and a net loss of \S 104 billion and \S 76 billion respectively for the same period in the prior year.

Total assets were approximately ¥ 19.5 trillion at December 31, 2002, an increase of approximately ¥ 1.7 trillion from March 31, 2002 and total shareholders—equity increased by ¥ 118.9 billion from March 31, 2002 to approximately ¥ 1.7 trillion at December 31, 2002. Nomura—s return on equity was 9.5% for the nine months ended December 31, 2002 on an annualized basis.

Under continued adverse business circumstances such as the stagnant Japanese equity markets Global Wholesale has made an effort to manage its business portfolio based on global customers—order-flow and Fixed Income increased net gain on trading. Net revenue decreased by only 0.3% from \(\frac{1}{2}\)16,407 million for the nine months ended December 31, 2001 to \(\frac{1}{2}\)15,850 million for the nine months ended December 31, 2002. As a result, Income before income taxes decreased by 4% from \(\frac{1}{4}\)69,947 million for the nine months ended December 31, 2001 to \(\frac{1}{4}\)7,198 million for the nine months ended December 31, 2002.

Fixed Income

Net revenue increased by 86% from ¥63,451 million for the nine months ended December 31, 2001 to ¥117,913 million for the nine months ended December 31, 2002, mainly due to an increase in net gain on bond trading relating to medium term notes and foreign currency bonds. Equity

Net revenue decreased by 32% from ¥89,453 million for the nine months ended December 31, 2001 to ¥60,642 million for the nine months ended December 31, 2002, mainly due to a decrease in customers—order-flow such as block trading resulting from the stagnant Japanese equity markets. Non-interest expenses decreased by 1% from ¥49,204 million for the nine months ended December 31, 2001 to ¥48,696 million for the nine months ended December 31, 2002. Net revenue for Investment Banking decreased by 30% from ¥68,391 million for the nine months ended December 31, 2001 to ¥48,085 million for the nine months ended December 31, 2002, partly due to a decrease in order-flow relating to Japanese equity markets such as stagnant IPO volume in capital markets. Non-interest expenses for Investment Banking decreased by 6% from ¥43,263 million for the nine months ended December 31, 2001 to ¥40,568 million for the nine months ended December 31, 2002. Other Operating Results

Other operating results include gains (loss) on investment securities, equity in earnings (losses) of affiliates and other financial adjustments. Please refer to Note 4 to the consolidated financial information for a reconciliation of segment results to income statement information. Loss before income taxes in Other decreased from \(\frac{\pma}{118}\),160 million for the nine months ended December 31, 2001 to \(\frac{\pma}{7}\),728 million for the nine months ended December 31, 2002. The main reason for the decrease was that an impairment loss of \(\frac{\pma}{9}\),92,441 million was recorded for an affiliated company was for the nine months ended December 31, 2001.

We introduced certain methodologies to allocate Headquarters expenses to our three business segments effective April 1, 2002. We created global Headquarters accounts and allocate its expenses to business segments according to benefits received by each business segment. The improvement was made to better allocate the expenses based on benefits received by each segment, and it also included allocation of headquarters expenses which previously were not allocated to segments. Had we not applied the current allocation methodologies for the nine months ended December 31, 2002, income before income taxes for Domestic Retail, Global Wholesale and Asset Management would have been \(\frac{x}{3},714\) million, \(\frac{x}{7},73,733\) million and \(\frac{x}{3},989\) million, respectively.

NOTES TO THE CONSOLIDATED FINANCIAL INFORMATION (UNAUDITED)

1. Accounting policies:

The consolidated financial information herein has basically been prepared in accordance with Nomura s accounting policies which are disclosed in the footnotes of Nomura Holdings, Inc. s Form 20-F (the Annual Report filed with the U.S. Securities and Exchange Commission) for the year ended March 31, 2002. Critical changes in accounting methods are as follows.

Change in Method of Accounting for Stock Options:

Effective April 1, 2002 Nomura changed its method of accounting for stock-based compensation plans. Nomura has adopted the fair-value-based method of accounting for company stock options. The effect of this change in accounting was to increase compensation and benefits expense and decrease income before income taxes by ¥218 million (\$2 million) for the nine-months ended December 30, 2002.

Cumulative Effect of Accounting Change:

In June 2001, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards (SFAS) No. 142, Goodwill and Other Intangible Assets (SFAS No. 142). SFAS No. 142 no longer permits the amortization of goodwill and intangible assets with indefinite lives. Instead these assets must be reviewed annually, or more frequently in certain circumstance, for impairment. Intangible assets that have determinable lives will continue to be amortized over their useful lives and reviewed for impairment. In addition, negative goodwill that arises in a business combination must be written off immediately. Nomura adopted SFAS No. 142 effective April 1, 2002, which resulted in writing off negative goodwill arising from a previous business combination of ¥109,799 million (\$925 million), net of taxes.

2. U.S. dollar amounts:

The U.S. dollar amounts are included solely for convenience and have been translated at the rate of \(\frac{\pmathbf{\frac{4}}}{18.75} = \text{US}\)1, the noon buying rate in New York City for cable transfers in foreign currencies as certified for customs purposes by the Federal Reserve Bank of New York on December 31, 2002. This translation should not be construed to imply that the yen amounts actually represent, or have been or could be converted into, equivalent amounts in U.S. dollars.

3. Credit commitments and contingencies:

In the normal course of Nomura Holding, Inc s subsidiaries banking and financing activities, the subsidiaries enter into contractual commitments to extend credit, standby letters of credit, underwriting commitments and issuance of financial guarantees, which generally have a fixed expiration date.

Contractual amounts of these commitments at December 31, 2002 and March 31, 2002 were as follows:
