PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD NOVEMBER 22, 2002

GENERAL INFORMATION

The enclosed Proxy is solicited by and on behalf of the Board of Directors of Alanco Technologies, Inc., an Arizona corporation (the "Company"), for use at the Company's Annual Meeting of Shareholders to be held at 15900 North 78th Street, Scottsdale, Arizona 85260, on the 22nd day of November, 2002, at 10:00 a.m., Mountain Standard Time, and at any adjournment or postponement thereof. It is anticipated that this Proxy Statement and the accompanying Proxy will be mailed to the Company's shareholders on or before October 28, 2002.

The expense of soliciting proxies, including the cost of preparing, assembling and mailing this proxy material to shareholders, will be borne by the Company. It is anticipated that solicitations of proxies for the Meeting will be made only by use of the mails; however, the Company may use the services of its Directors, Officers and employees to solicit proxies personally or by telephone without additional salary or compensation to them. Brokerage houses, custodians, nominees and fiduciaries will be requested to forward the proxy soliciting materials to the beneficial owners of the Company's shares held of record by such persons, and the Company will reimburse such persons for their reasonable out-of-pocket expenses incurred by them in that connection.

Shares not voting as a result of a proxy not marked or marked to abstain will be counted as part of total shares voting in order to determine whether or not a quorum has been achieved at the Meeting. Shares registered in the name of a broker-dealer or similar institution for beneficial owners to whom the broker-dealer distributed notice of the Annual Meeting and proxy information and which such beneficial owners have not returned proxies or otherwise instructed the broker-dealer as to voting of their shares, will be counted as part of the total shares voting in order to determine whether or not a quorum has been achieved at the Meeting.

All shares represented by valid proxies will be voted in accordance therewith at the Meeting unless such proxies have previously been revoked. Proxies may be revoked at any time prior to the time they are voted by: (a) delivering to the Secretary of the Company a written instrument of revocation bearing a date later than the date of the proxy; or (b) duly executing and delivering to the Secretary a subsequent proxy relating to the same shares; or (c) attending the meeting and voting your proxy in person (although attendance at the Meeting will not in and of itself constitute revocation of a proxy.)

The Company's Annual Report to Shareholders for the fiscal year ended June 30, 2002, has been previously mailed or is being mailed simultaneously to the Company's shareholders, but does not constitute part of these proxy soliciting materials.

Edgar Filing: ALANCO TECHNOLOGIES INC - Form PRER14A

SHARES OUTSTANDING AND VOTING RIGHTS

Voting rights are vested in the holders of the Company's Common Stock and Preferred Stock. Only shareholders of record at the close of business on October 16, 2002 are entitled to notice of and to vote at the Meeting or any adjournment or postponement thereof. As of October 16, 2002, the Company had 17,549,059 shares of Common Stock outstanding and 50,632 shares of Preferred Stock outstanding. Each Common share is entitled to one vote and each Preferred share is entitled to thirteen votes, which is the equivalent number of common shares into which the preferred stock is convertible. If the number of common shares into which the preferred stock is convertible (the "common stock equivalent") is considered, the total shares eligible to vote, including the common stock and the common stock equivalent, on the record date are 18,207,275 shares, each of which is entitled to one vote on all matters to be voted upon at the Meeting, including the election of Directors. No fractional shares are presently outstanding. A majority of the Company's outstanding voting stock represented in person or by proxy shall constitute a quorum at the Meeting. The affirmative vote of a majority of the votes cast, providing a quorum is present, is necessary to elect the Directors and approve each proposal.

Each shareholder present, either in person or by proxy, will have cumulative voting rights with respect to the election of Directors. Under cumulative voting, each shareholder is entitled to as many votes as is equal to the number of shares of Common Stock (or common stock equivalent) of the Company held by the shareholder on the Record Date multiplied by the number of directors to be elected, and such votes may be cast for any single nominee or divided among two or more nominees. The seven nominees, or such fewer number of nominees as may stand for election, receiving the highest number of votes will be elected to the Board of Directors. There are no conditions precedent to the exercise of cumulative voting rights. Unless otherwise instructed in any proxy, the persons named in the form of proxy which accompanies this Proxy Statement (the "Proxy Holders") will vote the proxies received by them for the Company's seven nominees set forth in "Election of Directors" below. If additional persons are nominated for election as directors, the Proxy Holders intend, unless otherwise instructed in any proxy, to vote all proxies received by them in such manner in accordance with cumulative voting as will assure the election of as many of the Company's nominees as possible, and, in such event, the specific nominees for whom votes will be cast will be determined by the Proxy Holders. If authority to vote for any nominee of the Company is withheld in any proxy, the Proxy Holders intend, unless otherwise instructed in such proxy, to vote the shares represented by such proxy, in their discretion, cumulatively for one or more of the other nominees of the Company.

The Audit Committee of the Board of Directors is currently comprised of three independent directors, and operates under a written charter adopted by the Board. The members of the Audit Committee are Harold S. Carpenter, James T. Hecker, and Thomas C. LaVoy.

The Audit Committee provides general oversight of the Company's financial reporting and disclosure practices, system of internal controls, and the Company's processes for monitoring compliance by the Company with Company policies. The Audit Committee reviews with the Company's independent auditors the scope of the audit for the year, the results of the audit when completed, and the independent auditor's fee for services performed. The Audit Committee also recommends independent auditors to the Board of Directors and reviews with management, and internal audit, various matters related to its internal accounting controls. During the last fiscal year, there were four meetings of the Audit Committee.

Management is responsible for the Company's internal controls and the financial reporting process. The independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and issuing a report thereon. The Audit Committee is responsible for overseeing and monitoring the quality of the Company's accounting and auditing practices.

The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting and may not be experts in the fields of accounting or auditing, or in determining auditor independence. Members of the Audit Committee rely, without independent verification, on the information provided to them and on the representations made by management and the independent accountants. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained

procedures designed to assure compliance with accounting standards and

Edgar Filing: ALANCO TECHNOLOGIES INC - Form PRER14A

applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that the Company's auditors are in fact "independent."

Review of Audited Financial Statements

In this context, the Audit Committee reviewed and discussed the Company's audited financial statements with management and with the Company's independent auditors. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles. Discussions about the Company's audited financial statements included the auditor's judgments about the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in its financial statements. The Audit Committee also discussed with the auditors other matters required by Statement on Auditing Standards, ("SAS") No. 61 "Communication with Audit Committees," as amended by SAS No. 90, "Audit Committee Communications."

The Company's auditors provided to the Committee written disclosures required by the Independence Standards Board Standard No. 1 "Independence Discussion with Audit Committee." The Audit Committee discussed with the auditors their independence from the Company, and considered the compatibility of non-audit services with the auditor's independence.

Audit Fees

The aggregate fees billed by Semple & Cooper, LLP, the Company's independent auditor, for professional services rendered for the audit of the Company's annual financial statements for the fiscal year ended June 30, 2002 and the review of the financial statements included in the Company's Forms 10-QSB for such fiscal year were approximately \$45,000.

Financial Information Systems Design and Implementation

There were no fees billed for the professional services described in Paragraph (c) (4) (ii) of Rule 2-01 of Regulation S-X rendered by Semple & Cooper, LLP for the fiscal year ended June 30, 2002.

All Other Fees

Semple & Cooper, LLP billed the Company during the current fiscal year a total of approximately \$7,000 for tax preparation and tax consulting services. The Audit Committee has considered whether the provision of these services is compatible with maintaining the principal accountant's independence.

Recommendation

Based on the Audit Committee's discussion with management and the auditors, and the Audit Committee's review of the representations of management and the report of the auditors to the Audit Committee, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-KSB for the year ended June 30, 2002, filed with the Securities and Exchange Commission.

Proposal No. 2 APPROVAL OF A PROPOSAL TO AUTHORIZE THE BOARD OF DIRECTORS TO DECLARE, ONLY IF NECESSARY, A SINGLE REVERSE SPLIT OF THE OUTSTANDING COMMON STOCK ON THE BASIS OF ONE SHARE OF COMMON STOCK FOR UP TO TEN SHARES OUTSTANDING. IF THE BOARD OF DIRECTORS HAS NOT EFFECTED THE ACTION CONTEMPLATED HEREUNDER BY DECEMBER 31, 2005, THIS AUTHORIZATION WILL CEASE.

The Board of Directors has recommended a proposal to the Company's Shareholders authorizing the Board of Directors to declare a reverse stock split of the Company's Common Stock if Management determines that a reverse split would be necessary to keep the Common Stock eligible to be quoted on The NASDAQ Stock Market ("NASDAQ") or for other suitable reasons that the Board determines is appropriate and in the best interests of the Company and its Shareholders. The effective date and the precise number of shares to be converted is to be determined by the Company's Board of Directors at a later time, but under no circumstances would the reverse stock split be greater than 1 for 10. (This is a similar proposal that the Shareholders approved at the Shareholder Meeting of November 6, 1998, at the Shareholder Meeting of November 5, 1999, and at the Shareholder Meeting of November 10, 2000. Authorization under those proposals extended to October 31, 1999, October 31, 2000, and October 31, 2002, respectively, and has not been used. The Board of Directors believes the continuation of that proposal through December 31, 2005, is prudent for the reasons explained below.) The Board is requesting Shareholder authorization to declare up to 1 for 10 reverse stock split of the Company's Common Stock, only if necessary, in order to keep the Common Stock eligible to be quoted on The NASDAQ Stock Market ("NASDAQ") or to effect any other suitable cause that is in the best interests of the Company and its shareholders. Approval of this proposal would authorize the Board to declare one reverse split from the time of approval until December 31, 2005. The Board of Directors desires not to effect such a reverse stock split but believes that retaining the Company's listing on NASDAQ is crucial to Shareholder value and liquidity and the Company's long-term business prospects.

As of the date of this Proxy Statement, the Company has received notice from NASDAQ that the Company's stock price does not meet the NASDAQ listing eligibility requirement of a minimum closing bid price of \$1.00. However, NASDAQ has determined that the Company does meet the initial listing requirements for the NASDAQ SmallCap Market and has given the Company until February 10, 2003, to meet the closing bid price requirement. If this requirement is not satisfied by that date, the Company will receive written notification from NASDAQ that the Company's securities will be delisted. At that time, the Company may appeal NASDAQ's delisting determination to a Listing Qualification Panel.

It is recommended that the shareholders give authorization until December 31, 2005, to the Board of Directors to effect up to a 1 for 10 reverse stock split of the Company's Common Stock. Assuming that a reverse stock split would cause

the trading price of the Company's Common Stock to increase in the same proportion as the amount of the split, a reverse stock split would result in a proportionate increase in the quoted bid price of the Common Stock, thereby exceeding NASDAQ's minimum bid price of \$1.00, or providing compliance with stock price requirements for any other purpose.

For example, if the Board of Directors elects to effect a 1 for 3 reverse stock

Edgar Filing: ALANCO TECHNOLOGIES INC - Form PRER14A

split, each three issued shares of the Company's Common Stock held on the effective date will automatically be converted into one share of Common Stock. No fractional shares will be issued. At the discretion of the Board of Directors, fractional shares created by the reserve stock split may either be rounded to the nearest whole share or cash will be paid for such fractional shares.

EFFECT OF REVERSE SPLIT ON HOLDERS OF ODD LOTS OF SHARES

If the maximum 1 for 10 reverse split is authorized and declared, the reverse split would result in holders of 990 or fewer shares holding an "odd lot" or less than 100 shares. A securities transaction of 100 or more shares is a "round lot" transaction of shares for securities trading purposes and a transaction of less than 100 shares is an "odd lot" transaction. Round lot transactions are the standard size requirements for securities transactions and odd lot transactions may result in higher transaction costs to the odd lot seller.

Proposal No. 3 APPROVAL OF THE ALANCO 2002 STOCK OPTION PLAN

The Company's Board of Directors approved submitting the Alanco Technologies, Inc. 2002 Stock Option Plan to the shareholders for approval. The Board of Directors recommends approval of the Plan. The purpose of the Plan is to advance the business and development of the Company and its shareholders by affording to Employees of the Company the opportunity to acquire an equity interest in the Company by the grant of Options to acquire shares of the Company's common stock.

The Options granted to Employees can be either "Incentive Stock Options" within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended, or "Non-Statutory Options." The issuance of qualified Incentive Stock Options pursuant to this Plan is not expected to be a taxable event for qualified recipients until such time that the recipient elects to sell the shares received from the exercise whereupon the recipient is expected to recognize income to the extent the sale price of the shares exceeds the exercise price of the option on the date of sale. The issuance of Non-Statutory Stock Options pursuant to this Plan is not expected to result in a tax liability to the recipient since the options are granted at fair market value on date of grant. The recipient is expected to recognize income to the extent the market price of the shares exceeds the exercise price of the option on the date of exercise.

The Plan is administered by an Administrative Committee of the Board of Directors. The Plan may issue Options to acquire up to 1,500,000 shares to Employees. The Company will not receive any consideration for the grant of options under the Plan and the approximate market value of the shares to be reserved for the plan is \$951,000 based upon the average ten trading day closing price for the Company's common stock for the period ending August 23, 2002. The maximum number of shares subject to Incentive Stock Options granted to any one Employee shall not exceed 100,000 shares. The exercise price for Options shall be set by the Administrative Committee but shall not be for less than the fair market value of the shares on the date the Option is granted. Fair market value shall mean the average of the closing price for ten consecutive trading days at which the Stock is listed in the NASDAQ quotation system ending on the day prior to the date an Option is granted. The period in which Options can be exercised shall be set by the Administrative Committee not to exceed ten years from the date of Grant. Incentive Stock Options are exercisable once vested. Twenty-five percent (25%) of the shares issuable under the Options shall vest six months from date of Grant provided that the Optionee has remained an Employee of the Company for not less than six months from date of Grant, twenty-five percent (25%) of the shares issuable under the Options shall vest one year from date of Grant provided that the Optionee has remained an Employee of the Company for not less than one year from the date of Grant, and the remaining fifty percent (50%) shall vest two years from date of Grant provided that the Optionee has remained an Employee of the Company for not less than two years from the date of Grant,

Edgar Filing: ALANCO TECHNOLOGIES INC - Form PRER14A

or other alternative vesting as may be determined by the Administrative Committee. Otherwise, the Incentive Stock Options shall lapse. The Incentive Stock Options must be exercised within 90 days following termination of relationship with the Company, or within one (1) year following death or permanent and total disablement of the Optionee. The vesting schedule, and the exercise schedule following termination, death or total and permanent disablement of the Optionee, of Non-Statutory Stock Options will be determined by the Committee at the time of grant. The Plan may be terminated, modified or amended by the Board of Directors upon the recommendation of the Administrative Committee. Provided, however, if the Plan has been submitted to and approved by the shareholders of the Company, no such action by the Board may be taken without approval of the majority of the shareholders of the Company which: (a) increases the total number of shares of Stock subject to the Plan; (b) changes the manner of determining the Option price; or (c) withdraws the administration of the Plan from the Committee.

All Employees of the Company and its subsidiaries are eligible to participate in the Plan. An Employee is defined in the Plan as a person, including officers and directors, employed by the Company who in the judgment of the Administrative

Committee has the ability to positively affect the profitability and economic well-being of the Company. Part-time employees, independent contractors, consultants and advisors performing bona fide services to the Company shall be considered employees for purposes of participation in the Plan. Neither the Board of Directors nor the Administrative Committee have estimated the number of Options to be granted to Employees and are expected to make this determination on a discretionary basis. The aggregate number of shares within the Plan and the rights under outstanding Options granted hereunder, both as to the number of shares and Option price, will be adjusted accordingly in the event of a split or a reverse split in the outstanding shares of the Common Stock of the Company.

Proposal No. 4 APPROVAL OF THE ALANCO 2002 DIRECTORS AND OFFICERS STOCK OPTION PLAN

The Company's Board of Directors approved submitting the Alanco Technologies, Inc. 2002 Directors and Officers Stock Option Plan to the shareholders for approval. The Board of Directors recommends approval of the Plan. The purpose of the Plan is to advance the business and development of the Company and its shareholders by affording to the Directors and Executive Officers of the Company the opportunity to acquire an equity interest in the Company by the grant of Options to acquire shares of the Company's common stock.

The Options granted are not "Incentive Stock Options" within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended. The issuance of such non-qualified options pursuant to this Plan is not expected to be a taxable event for recipient until such time that the recipient elects to exercise the option whereupon the recipient is expected to recognize income to the extent the market price of the shares exceeds the exercise price of the option on the date of exercise.

The Plan is administered by an Administrative Committee, which shall consist of up to three (3) individuals appointed by the Board from among its members, at least two (2) of which are non-employee Directors. The Plan may issue Options to acquire up to 500,000 shares to Directors and Executive Officers. The Company will not receive any consideration for the grant of options under the Plan and approximate market value of the shares to be reserved for the plan is \$317,000 based upon the average ten trading day closing price for the Company's common stock for the period ending August 23, 2002. The vesting and exercise price for Options shall be set by the Administrative Committee but shall not be for less than the fair market value of the shares on the date the Option is granted. Fair market value shall mean the average of the closing price for ten consecutive trading days at which the Stock is listed in the NASDAQ quotation system ending

Edgar Filing: ALANCO TECHNOLOGIES INC - Form PRER14A

on the day prior to the date an Option is granted. The period in which Options can be exercised shall be set by the Administrative Committee not to exceed ten years from the date of Grant. Options are exercisable once vested. The Plan may be terminated, modified or amended by the Board of Directors upon the recommendation of the Administrative Committee. Provided, however, if the Plan has been submitted to and approved by the shareholders of the Company, no such action by the Board may be taken without approval of the majority of the shareholders of the Company which: (a) increases the total number of shares of Stock subject to the Plan; (b) changes the manner of determining the Option price; or (c) withdraws the administration of the Plan from the Committee. The aggregate number of shares within the Plan and the rights under outstanding Options granted hereunder, both as to the number of shares and Option price, will be adjusted accordingly in the event of a split or a reverse split in the outstanding shares of the Common Stock of the Company.

Proposal No. 5 PROPOSAL AUTHORIZING THE BOARD OF DIRECTORS TO CHANGE THE CORPORATE NAME OF THE COMPANY, IF AND WHEN THEY BELIEVE IT IS APPROPRIATE, PRUDENT, AND IN THE BEST INTERESTS OF ALANCO AND ITS SHAREHOLDERS. THIS AUTHORIZATION WILL BE IN EFFECT UNTIL DECEMBER 31, 2005.

The Board of Directors recommends Shareholder approval of an Amendment to the Company's Articles of Incorporation authorizing a change of the corporate name of the Company. The purpose of this proposed name change is to have the corporate name more accurately depict the Company's current and future business activities. This authorization would allow the Company's Board of Directors to change the corporate name of the Company, if and when they believe it is appropriate, prudent, and in the best interests of Alanco and its Shareholders. If the Board of Directors has not effected the action contemplated hereunder by December 31, 2005, this authorization will cease.

Edgar Filing: ALANCO TECHNOLOGIES INC - Form PRER14A

Pursuant to Rule 14a-4 under the Securities Exchange Act of 1934, as amended, the Company intends to retain discretionary authority to vote proxies with respect to shareholder proposals properly presented at the Meeting, except in circumstances where (i) the Company receives notice of the proposed matter a reasonable time before the Company begins to mail its proxy materials (including this proxy statement), and (ii) the proponent complies with the other requirements set forth in Rule 14a-4.
