PROXY STATEMENT

General

The enclosed proxy is solicited on behalf of the Board of Directors of TiVo Inc., a Delaware corporation, for use at the Annual Meeting of Stockholders to be held on August 6, 2003, at 10:30 a.m. local time (the Annual Meeting), or at any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting. The Annual Meeting will be held at the offices of Latham & Watkins LLP at 135 Commonwealth Drive, Menlo Park, California. We intend to mail this proxy statement and accompanying proxy card on or about June 30, 2003 to all stockholders entitled to vote at the Annual Meeting.

Shares Entitled to Vote

Only holders of record of our common stock, par value \$0.001 per share, at the close of business on June 13, 2003 will be entitled to notice of and to vote at the Annual Meeting. At the close of business on May 16, 2003, there were 64,498,075 shares of our common stock outstanding and entitled to vote.

Voting and Solicitation

All votes will be tabulated by the Inspector of Elections appointed for the meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. Abstentions will be counted towards the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether a matter has been approved. The nominees for election as directors at the Annual Meeting will be elected by a plurality of the votes of the shares of common stock PRESENT IN PERSON OR REPRESENTED BY PROXY at the meeting. All other matters submitted to the stockholders will require the affirmative vote of a majority of shares present in person or represented by proxy at a duly held meeting at which a quorum is present as is required under Delaware law for approval of proposals presented to stockholders. In general, Delaware law also provides that a quorum consists of a majority of the shares present in person or represented by proxy. Any proxy which is returned using the form of proxy enclosed and which is not marked as to a particular item will be voted FOR the election of directors and as the proxy holders deem advisable on other matters that may come before the meeting, as the case may be with respect to the item not marked. We believe that the tabulation procedures to be followed by the Inspector of Elections are consistent with the general statutory requirements in Delaware concerning

Edgar Filing: TIVO INC - Form DEF 14A

voting of shares and determination of a quorum.

We will bear the entire cost of solicitation of proxies including preparation, assembly, printing and mailing of this proxy statement, the proxy card and any additional information furnished to stockholders. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding in their names shares of common stock beneficially owned by others to forward to such beneficial owners. We may reimburse persons representing beneficial owners of common stock for their costs of forwarding solicitation materials to such beneficial owners. Original solicitation of proxies by mail may be supplemented by telephone, telegram or personal solicitation by our directors, officers or other regular employees. No additional compensation will be paid to our directors, officers or other regular employees for such services.

Revocability of Proxies

Any person giving a proxy pursuant to this solicitation has the power to revoke it at any time before it is voted. It may be revoked by filing with the Secretary of TiVo at our principal executive office, 2160 Gold Street, P.O. Box 2160, Alviso, CA 95002, a written notice of revocation or a duly executed proxy bearing a later date, or it may be revoked by attending the meeting and voting in person. Attendance at the meeting will not, by itself, revoke a proxy.

Voting Confidentiality

Proxies, ballots and voting tabulations are handled on a confidential basis to protect your voting privacy. Information will not be disclosed except as required by law.

Voting Results

Final voting results will be announced at the meeting and will be published in our Quarterly Report on Form 10-Q for the quarter ending October 31, 2003. We will file this quarterly report with the Securities and Exchange Commission (SEC). After the report is filed, you may obtain a copy by:

PROPOSAL 1**ELECTION OF DIRECTORS**

Our Amended and Restated Certificate of Incorporation and Bylaws provide that the Board of Directors shall be divided into three classes, each class consisting, as nearly as possible, of one-third of the total number of directors, with each class having a three-year term. Vacancies on the Board may be filled only by persons elected by a majority of the remaining directors. A director elected by the Board to fill a vacancy (including a vacancy created by an increase in the number of directors) shall serve for the remainder of the full term of the class of directors in which the vacancy occurred and until such director's successor is elected and qualified.

Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the three nominees named below. In the event that any nominee should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee as management may propose. Each person nominated for election has agreed to serve if elected, and management has no reason to believe that any nominee will be unable to serve.

The Executive Committee met three times during the fiscal year ended January 31, 2003. The chair of the Executive Committee is Mr. Ramsay and the other members of the Executive Committee are Messrs. Barton, Yang and Komisar.

Compensation Committee. The Compensation Committee is responsible for determining salaries and incentive compensation for our directors and executive officers and for administering our stock option incentive plans. The Compensation Committee currently consists of Messrs. Komisar and Yang and met three times during the last fiscal year.

Nominating Committee. The Nominating Committee was established by the Board of Directors in November 2002 for the purpose of, among other things, (i) making recommendations to the Board of Directors regarding candidates for membership on the Board of Directors and regarding the size and composition of the Board of Directors, and (ii) establishing procedures for the nomination process. The Pricing Committee was authorized and directed to negotiate, in consultation at its discretion with members of the Board of Directors or Executive Committee, the terms of any offering, issuance and sale of securities of the Company, in either a private placement or a registered offering. The Pricing Committee met once during the last fiscal year. The chair of the Pricing Committee is Mr. Ramsay and the other members of the Pricing Committee are Messrs. Komisar and Yang.

Audit Committee. The Audit Committee is responsible for, among other things, making recommendations to the Board of Directors regarding the engagement of our independent public accountants, reviewing with the independent public accountants the plans and results of the audit engagement, approving professional services provided by the independent public accountants, and reviewing the adequacy of our internal accounting controls. The Audit Committee is composed of outside directors who are not our officers or employees. The members of our Audit Committee are independent as required by the listing requirements of the NASDAQ Stock Market. The Audit Committee met five times during the fiscal year ended January 31, 2003. The chair of the Audit Committee is Mr. Perry and the other members of the Audit Committee are Messrs. Yang and Komisar.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee reviews TiVo's financial reporting process on behalf of the Board of Directors. The Audit Committee is composed of three independent non-employee directors and operates under a written charter (attached as Exhibit A to our 2000 proxy statement filed with the SEC on July 6, 2000) adopted by the Board of Directors. No member of the Audit Committee is employed by or has any material relationship with TiVo. Management has the primary responsibility for preparing the financial statements and the reporting process, including TiVo's systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in the Annual Report on Form 10-K for the fiscal year ended January 31, 2003 with management, including a discussion of the quality, not just the acceptability, of the accounting principles, and the clarity of financial statement disclosures. The Audit Committee reviewed with the independent auditors, who were responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality and the acceptability of TiVo's financial reporting and such other matters as are required to be discussed with the Audit

Committee under generally accepted auditing standards. In addition, the Audit Committee received from and discussed with the independent auditors the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and considered the compatibility of non-audit services with the auditors' independence. The Audit Committee also reviewed and discussed with the independent auditors any matters required to be considered by Statement on Auditing Standards No. 61 (Communications with Audit Committees) and No. 90 (Audit Committee Communications). The Audit Committee periodically met with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of TiVo's internal controls and the overall quality of TiVo's financial reporting. In reliance on these reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended January 31, 2003 for filing with the Securities and Exchange Commission.

Arthur Andersen LLP (Arthur Andersen) had served as the independent auditor of the Company since 1998. On May 9, 2002, the Executive Committee of the Board of Directors of TiVo Inc. adopted the recommendation of the Audit Committee to dismiss Arthur Andersen and engaged KPMG to serve as its new independent auditors for its fiscal year ending January 31, 2003.

The reports of Arthur Andersen on the consolidated financial statements for the past two fiscal years contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principle.

During the calendar years ended December 31, 2000 and 2001 and through May 9, 2002, there were no disagreements with Arthur Andersen on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which, if not resolved to Arthur Andersen's satisfaction, would have caused Arthur Andersen to make reference to the subject matter in connection with its report on TiVo's consolidated financial statements for such years; and there were no reportable events as defined in Item 304(a)(1)(v) of Regulation S-K.

During the two most recent fiscal years and through the May 30, 2003, neither TiVo nor anyone acting on our behalf consulted KPMG LLP with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on TiVo's consolidated financial statements, or any other matters or reportable events listed in Items 304(a)(2)(i) and (ii) of Regulation S-K.

Independent Auditors Fees and Services

In addition to retaining KPMG LLP to audit the consolidated financial statements for the fiscal year ended January 31, 2003, TiVo retained KPMG LLP as well as one other accounting firm in the United Kingdom, Blick Rothenberg Chartered Accountants, to provide various accounting services during the fiscal year ended January 31, 2003. The aggregate fees billed for professional accounting services by KPMG LLP and Arthur Andersen LLP for the fiscal years ended January 31, 2003 and 2002 are as follows:

	Fiscal Year Ended January 31, 2003		Fiscal Year Ended January 31, 2002

Edgar Filing: TIVO INC - Form DEF 14A

This category includes the audit of TiVo's annual financial statements, review of financial statements included in TiVo's Form 10-Q Quarterly Reports and services that are normally provided by the independent auditors in connection with statutory and regulatory filings or engagements for those fiscal years. This category also includes advice on audit and accounting matters that arose during, or as a result of, the audit or the review of interim financial statements. Included in the total audit fees in the table above is \$33,000 and \$64,000 for services related to SEC registration statements and consents for the fiscal years ended January 31, 2003 and 2002, respectively. Additionally, KPMG billed TiVo \$160,000 during fiscal year ended January 31, 2003 for professional services rendered in connection with a re-audit of TiVo's financial statements for the fiscal year ended January 31, 2002.

Audit Related Fees. This category consists of assurance and related services that were reasonably related to the performance of the audit or review of TiVo's financial statements and are not reported above under Audit Fees. The services for the fees disclosed under this category were for benefit plan audits.

Tax Fees. This category consists of professional services rendered for tax compliance and tax advice. The services for the fees disclosed under this category were for tax return preparation and technical tax advice.

All Other Fees. All other fees would include fees billed for professional services that were not the result of an audit or review.

After careful consideration, we the Audit Committee of the Board of Directors have concluded that the provisioning of these non-audit services by KPMG LLP is compatible with maintaining the auditor's independence.

Compensation of Directors

Directors who are also executive officers do not receive any additional compensation for serving as members of the Board or any other committee of the Board. Each non-employee director of TiVo is eligible for reimbursement for his expenses incurred in connection with attendance at Board meetings in accordance with TiVo's policy.

Additionally, non-employee directors are compensated as follows:

Edgar Filing: TIVO INC - Form DEF 14A

Each non-employee director receives stock option grants under the 1999 Non-Employee Directors' Stock Option Plan. Only non-employee directors of TiVo or an affiliate of such directors (as defined in the Internal Revenue Code of 1986, as amended) are eligible to receive options under the Directors' Plan. Options granted under the Directors' Plan are intended by TiVo not to qualify as incentive stock options under the Internal Revenue Code.

Option grants under the Directors' Plan are non-discretionary. Under the Directors' Plan, non-employee directors are granted a nonstatutory option to purchase 20,000 shares of common stock on the date on which such person is first elected or appointed a director. Options initially granted under the Directors' Plan vest over a two-year period at a rate of 1/24th per month. In addition, on the day after each of our annual meetings of stockholders, starting with the annual meeting in 2001, each non-employee director automatically receives an option for 10,000 shares if the director has been a non-employee director for at least the prior eighteen months. This option will be fully vested upon its grant. The exercise price of options under the Directors' Plan will be equal to the fair market value of the common stock on the date of grant.

The option term is 10 years but it terminates three months after the optionholder's service as a director, an employee or a consultant to TiVo or its affiliates terminates. If such termination is due to the optionholder's disability, the exercise period is extended to 12 months. If such termination is due to the optionholder's death or if the optionholder dies within three months after his or her service terminates, the exercise period is extended to 18 months following death. The optionholder may transfer the option by gift to immediate family or for estate-planning purposes. The optionholder also may designate a beneficiary to exercise the option following the optionholder's death. Otherwise, the option exercise rights will pass by the optionholder's will or by the laws of descent and distribution. Transactions not involving receipt of consideration by TiVo, such as a merger, consolidation, reorganization, stock dividend or stock split, may change the class and number of shares subject to the Directors' Plan and to outstanding options. In that event, the Board will appropriately adjust the Directors' Plan as to the class and the maximum number of shares subject to the Directors' Plan and subject to future option grants. It also will adjust outstanding options as to the class, number of shares and price per share subject to such options. Upon a change in control of TiVo, the vesting and exercisability of outstanding options will accelerate, and the options will terminate unless an acquiring corporation assumes or replaces outstanding options.

During the fiscal year ended January 31, 2003, TiVo granted options to purchase 70,000 shares to seven non-employee directors of TiVo, at an exercise price per share of \$2.67 and an option to purchase 20,000 shares to one non-employee director of TiVo, at an exercise price per share of \$5.46. As of January 31, 2003, options to purchase 21,667 options had been exercised under the 1999 Non-Employee Directors' Plan.

The Board approved a Directors' Compensation Program during its November Board Meeting. This compensation program was established in recognition of the increased demands placed upon independent directors. In addition to the option grants mentioned above, directors will receive annual cash compensation for service on the Board as well as committees. Starting with meetings subsequent to the November 2002 meeting, independent directors are now paid a retainer of \$15,000 per year, committee chairs each receive an additional \$2,000 for each committee meeting attended and committee members each receive an additional \$1,000 for each committee meeting attended. For the year ended January 31, 2003 Mr. Komisar and Mr. Yang received cash compensation totaling \$8,000 for their attendance at audit and compensation committee meetings under this program.

PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The Board of Directors has selected KPMG LLP as our independent public auditors for the fiscal year ending January 31, 2004 and has further directed that management submit the selection of independent public auditors for ratification by the stockholders at the Annual Meeting. KPMG LLP has audited our financial statements since the Company's fiscal year ended January 31, 2002. Representatives of KPMG LLP are expected to be present at the Annual Meeting, will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Stockholder ratification of the selection of KPMG LLP as our independent public auditors is not required by our Bylaws or otherwise. However, the Board is submitting the selection of KPMG LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee and the Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee and the Board in their discretion may direct the appointment of different independent public auditors at any time during the year if they determine that such a change would be in the best interests of TiVo and its stockholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote on **PROPOSAL 2** at the Annual Meeting will be required to ratify the selection of KPMG LLP as our independent public auditors.

Stock Option Grants And Exercises

TiVo grants stock options to its executive officers under its 1997 Equity Incentive Plan and 1999 Equity Incentive Plan. As of January 31, 2003, options to purchase a total of 11,168,096 shares were outstanding under the 1997 and 1999 Equity Incentive Plans, and shares available for future option grants under these plans were 9,913,536. The following tables show, for the fiscal year ended January 31, 2003, certain information regarding options granted to, exercised by, and held at year-end by, the executive officers listed on the Summary of Executive Compensation table above. The exercise price of each option granted was equal to the fair market value of TiVo's common stock as quoted on the NASDAQ for the date of grant. The exercise price may be paid in cash or in shares of TiVo's common stock valued at fair value on the exercise date.

The potential realizable value is calculated based on the ten-year term of the option at the time of grant. Stock price appreciation of 5% and 10% is assumed pursuant to rules promulgated by the SEC and does not represent our prediction of our stock price performance. The potential realizable values at 5% or 10% appreciation are calculated by:

multiplying the number of shares of common stock subject to a given option by the exercise price per share;

assuming that the aggregate stock value derived from that calculation compounds at the annual 5% or 10% rate shown in the table until the expiration of the options; and

subtracting from that result the aggregate option exercise price.

The shares listed in the following table under Number of Securities Underlying Options/SARs Granted are subject to vesting. These stock options vest ratably over 48 months with the exception of 50,000 options granted to each of Mr. Courtney and Mr. Guenther which vest 100% upon the attainment of specified Company goals. Each of the options has a ten-year term, subject to earlier termination if the optionee's employment or service with the Company ceases. Under certain circumstances following a change of control, the vesting of such option grants may accelerate and become immediately exercisable. See the section below entitled Certain Relationships and Related Transactions for a description of the stock options that have been granted to Messrs. Ramsay, Guenther, Barton, Chien, Courtney and Keast.

Percentages shown under Percent of Total Options/SARs Granted to Employees in Fiscal Year Ended January 31, 2003 are based on options to purchase 2,276,800 shares of TiVo's common stock granted to TiVo's employees during the year ended January 31, 2003.

The following table sets forth the number and value of securities underlying unexercised options that are held by the executive officers listed on the Summary of Executive Compensation table above. Amounts shown under the column Value Realized include the proceeds received from the options exercised, which is calculated by multiplying the deemed fair value per share on the date of exercise less the option exercise price per share times the number of shares exercised. Amounts shown under the column Value of Unexercised In-the-Money Options/SARs at January 31, 2003 are based on the closing price of TiVo's common stock (\$5.17) on January 31, 2003, as reported on the NASDAQ National Market, without taking into account any taxes that may be payable in connection with the transaction, multiplied by the number of shares underlying the option, less the exercise price payable for these shares. TiVo's stock option plans allow for the early exercise of options granted to employees prior to August 8, 2001. For options granted subsequent to August 8, 2001, options are exercisable as vested. All options exercised early are subject to repurchase by TiVo at the original exercise price, upon the option holder's cessation of employment or service to the company prior to the vesting of the shares.

up to \$25,000 for outplacement and relocation fees.

We have also agreed to continue to indemnify the terminated executive officers or vice presidents for any liability relating to his or her activities on behalf of the company to the extent permitted by applicable law. These agreements do not obligate our executive officers to mitigate losses by seeking other employment or otherwise, and the benefits under these agreements will not be reduced by compensation earned through employment by another employer. These agreements have one-year terms that automatically renew each January 1 unless we notify the executive officers by no later than September 30 of the preceding year.

A change of control under these agreements will be deemed to have occurred in the event of:

- (i) a sale, lease or other disposition of all or substantially all of our assets;
- (ii) a sale by the holders of our voting stock to another corporation and/or its subsidiaries that results in the ownership by such corporation and/or its subsidiaries of eighty percent (80%) or more of the combined voting power of all classes of our voting stock entitled to vote;
- (iii) a merger or consolidation in which we are not the surviving corporation; or
- (iv) a reverse merger in which we are the surviving corporation but the shares of our common stock outstanding immediately preceding the merger are converted by virtue of the merger into other property, whether in the form of securities, cash or otherwise.

Additionally, our 1997 Amended and Restated Equity Incentive Plan and our 1999 Equity Incentive Plan provide for vesting of options upon a change of control, as defined in the plans, in the event that during the first thirteen months following the change of control, the option holder's employment is terminated by the company other than for cause or the employee terminates his or her employment due to a constructive termination. If the change of control provisions are triggered, non-executive officer employees would be entitled to acceleration of twenty-five

Additionally, we also committed to award a stock option renewal grant of at least 100,000 shares to Mr. Yudkovitz during his third year of employment. In the event Mr. Yudkovitz's employment with us is involuntarily terminated without cause, and the termination does not trigger severance payments under his change of control severance agreement, we agreed to pay Mr. Yudkovitz a severance package consisting of continued payment of 100% of his then-current base salary over a twelve-month period, a lump sum payment equal to 100% of his most recently established annual bonus target, a lump-sum payment equal to any unpaid portion of his sign-on bonus, continued health insurance benefits for a twelve-month period, and automatic vesting of options that would have vested within twelve months.

Other Transactions with Executive Officers, Directors and Five Percent Stockholders

TiVo has entered into indemnity agreements with its directors and executive officers that provide, among other things, that TiVo will indemnify these persons, under circumstances and to the extent provided for therein, for expenses, damages, judgments, fines and settlements he or she may be required to pay in actions or proceedings to which he or she is or may be a party by reason of his or her position as a director, and otherwise to the full extent permitted under Delaware law and TiVo's Bylaws.

DIRECTV

On April 13, 1999, the Company entered into an agreement with DIRECTV to promote and offer support for the TiVo Service and products that enable the TiVo Service (the DIRECTV Agreement). Under the DIRECTV Agreement, DIRECTV provides a variety of marketing and sales support to promote TiVo and the TiVo Service, collaborate on certain product development efforts and make a portion of the bandwidth capacity of DIRECTV's satellite network available to TiVo.

In April 1999, the Company issued 1,128,867 shares of common stock in exchange for a \$2.8 million promissory note due at the end of a three-year service period which began October 2000. The shares were valued at an estimated fair value of \$6.50 per share. The \$4.5 million of estimated fair value in excess of the balance of the note was recorded as a prepaid marketing expense contra-equity account. This \$4.5 million prepaid marketing expense is amortized into sales and marketing related parties expense as the bandwidth services are provided over the three-year service period. DIRECTV may repay the note either by providing bandwidth capacity at no additional charge or by paying in cash. At the end of the three-year service period, if specified milestones are not achieved, TiVo will have the right to repurchase some or all of these shares at \$.001 per share. Amortization of the prepaid marketing expense and the note receivable began in calendar year 2000. For the fiscal years ended January 31, 2003 and 2002, the one-month transition period ended January 31, 2001 and calendar year ended December 31, 2000, \$941,000, \$941,000, \$78,000 and \$235,000 had been amortized, respectively, for providing

bandwidth as repayment of the note receivable as sales and marketing related parties expense. Also, \$1.5 million, \$1.5 million, \$125,000 and \$376,000 had been amortized for prepaid marketing expense as sales and marketing related parties expense for the fiscal years ended January 31, 2003 and 2002, the one-month transition period ended January 31, 2001 and calendar year ended December 31, 2000, respectively.

In addition to the equity consideration for DIRECTV's marketing services described above, DIRECTV receives a percentage of TiVo's subscription revenues attributable to DIRECTV/TiVo subscribers. These amounts are expensed as incurred and included in sales and marketing related parties expense.

On October 6, 2000 TiVo and DIRECTV signed a Warrant and Registration Rights Agreement. Under the terms of this agreement, DIRECTV has the right to purchase shares of TiVo common stock for each sale of the DIRECTV receiver with TiVo recorder. The strike price is calculated as the average daily closing price of a share of common stock of the Company as reported on the Nasdaq for the five trading days of the month in which the warrants were earned. As of January 31, 2002, DIRECTV had earned the right to receive common stock warrants to purchase 155,941 shares at exercises prices ranging from \$4.58-\$12.88. The fair value of each warrant is estimated on the date of grant using the Black-Scholes option-pricing model with the following weighted-average assumptions used for grants: weighted average risk-free interest rates of between 3.99% and 5.85%; expected dividend yield of zero percent; expected lives of two years for the warrants; and expected volatility of 70%. The value of warrants of \$121,000, \$76,000 and \$173,000 was expensed as sales and marketing related parties expense for fiscal year ended January 31, 2002, the one-month transition period ended January 31, 2001 and calendar year ended December 31, 2000, respectively.

On February 15, 2002, the Company entered into a new product development agreement (the Development Agreement) and a new services agreement (the Services Agreement) with DIRECTV, Inc., with whom it jointly introduced the first DIRECTV receiver with the Company's digital video recording technology in October of 2000. The Development Agreement provides for the development of the next generation DIRECTV-TiVo combination receiver to be known as the Provo receiver and for software upgrades to the existing combination receivers, known as Reno receivers, to enable customers to receive the upgraded DVR functionality.

Under the terms of the Development Agreement, DIRECTV has agreed to pay TiVo a technology development fee to develop a next-generation DIRECTV receiver based on the Company's Series2 digital video recording technology platform.

Under this agreement, DIRECTV will assume primary responsibility for customer acquisition and support for all next-generation DIRECTV receivers, as well as packaging and branding of DIRECTV's digital video recording services. The revenue share provision on the Reno receivers was discontinued and replaced by a per-account monthly fee that DIRECTV would pay to TiVo. Therefore, under this new agreement, the relationship with the consumer was changed so that DIRECTV provides primary customer service and support to DIRECTV subscribers with TiVo Service. Additionally, DIRECTV is obligated to absorb all customer acquisition costs. The Company provides server support and limited customer support. The per-account monthly fees paid by DIRECTV for the Company to provide server support and limited customer support are recognized as service revenues as the services are provided.

The term of the Development Agreement is five years and includes a minimum volume commitment from DIRECTV to deploy next-generation DIRECTV receivers with the Company's digital video recording technology. Under the terms of the agreement, DIRECTV has the option to fulfill its obligations under the minimum volume commitment with a one-time cash payment to the Company. Under the agreement, DIRECTV additionally has the option to purchase a non-exclusive license of the Company's digital video recording technology. In connection with its exercise of this option, DIRECTV would be required to pay TiVo an up-front fee, per-unit royalties and other fees. The technology license that DIRECTV has the election of exercising is similar in price and structure to other client and server technology source licenses sold to one customer and offered to other customers.

The Services Agreement provides DIRECTV the option to license certain authoring tools from TiVo that would allow DIRECTV to distribute automatic recording capabilities and delivery of promotional video to a receiver's hard-disk drive. In exchange for the Company's license to use the software tools that allow DIRECTV to distribute these services directly, DIRECTV has agreed to pay TiVo a fee. The license is granted to DIRECTV in exchange for the fee on an annual basis and is renewable up to four times. The term of the Services Agreement is three years.

The Company also signed an Amendment to Marketing Agreement and Tax Agreement with DIRECTV on February 15, 2002. The Amendment to Marketing Agreement and Tax Agreement amends the Marketing Agreement dated April 13, 1999 and the Tax Agreement dated July 24, 2001. The amendment provides that several terms of the Marketing Agreement, including those relating to, among other things, the billing system, customer service and customer data, be replaced by the terms set forth in the Development Agreement. In conjunction with the execution of the Development Agreement, the amendment also revises provisions relating to, among other things bandwidth allocation, promotional activities, the subscriber billing system and certain indemnification obligations set forth in the Marketing Agreement. Additionally, this amendment affirms that revenue share arrangements with DIRECTV for TiVo stand-alone receivers are permanent and do not change from revenue share arrangements previously in effect. The Amendment also modifies the Company's indemnity obligations under the Tax Agreement, entered into with DIRECTV as of July 24, 2001, such that, following a specific milestone date set forth in the Development Agreement, DIRECTV will have responsibility for taxability determinations.

On October 31, 2002, the Company entered into the First Consolidated Amendment to the Development Agreement dated February 15, 2002 with DIRECTV, Inc. The amendment revised provisions related to, among other things, the manufacturing release date of the Two-Chip option.

On December 20, 2002, the Company entered into the Second Amendment to the Development Agreement dated February 15, 2002 with DIRECTV, Inc. The amendment revises provisions relating to, among other things, the specifications, development schedules, milestone payment schedule and transition services for the development and manufacture of Series2 DIRECTV receivers and new versions of the associated client software.

On January 8, 2003, the Company entered into the Third Amendment to the Development Agreement dated February 15, 2002 with DIRECTV, Inc. The amendment adds provisions relating to, among other things, the product requirements, the development schedule and the milestone payment schedule for the development of a TiVo-DIRECTV combination device capable of receiving and recording high-definition television signals and new versions of the associated client software. The amendment also revises provisions relating to, among other things, various obligations of the parties under the Development Agreement.

On April 17, 2003, the Company entered into the Fourth Amendment to the Development Agreement dated February 15, 2002 with DIRECTV, Inc. The amendment revises provisions relating to, among other things, hardware and software requirements and development schedules under the Development Agreement.

Hughes Network Systems

On August 31, 2000 the Company entered into a Technology License Agreement with Hughes Network Systems for the manufacture and distribution of digital video recorders that enable the TiVo Service. Subject to certain limitations, the agreement grants Hughes the right to manufacture and sell digital video recorders that enable the TiVo Service in the United States. Hughes was also granted the right to manufacture and sell digital video recorders in the United States that incorporate both DIRECTV's satellite receiver and the TiVo Service. The Company also granted Hughes a license to TiVo technology for the purpose manufacturing digital video recorders and other devices that enable the TiVo Service.

AOL

On April 29, 2002, the Company entered into a Funds Release Agreement, which terminated the Investment Agreement between AOL and TiVo, dated June 9, 2000. Under the terms of the Investment Agreement, AOL and TiVo set aside \$48.0 million of AOL's \$200.0 million investment to subsidize the production of a jointly developed specialized AOL-TiVo set-top box. AOL has adopted TiVo's existing Series2 platform for the deployment of the AOL application, thereby eliminating the need for funds to subsidize a specialized AOL-TiVo set-top box. Therefore, per the terms of the existing agreements, AOL exercised its put option and TiVo and AOL released \$48.0 million of the restricted funds to AOL for the repurchase of 1.6 million shares of Series A redeemable convertible preferred stock. AOL held a remaining 1,111,861 shares of Series A convertible preferred shares. AOL converted its remaining shares of Series A convertible preferred stock into 1,111,861 shares of common stock on September 13, 2002.

The interest earned on the restricted funds, which totaled approximately \$3.9 million, was released to TiVo and recognized as interest income.

On April 30, 2002, TiVo entered into a Development and Distribution Agreement with AOL. This agreement superseded, replaced and terminated the Commercial Agreement. Under the terms of the new agreement, AOL has agreed to pay TiVo a technology development fee to develop the AOL service as a premium application on the Company's recently announced Series2 digital video recording technology platform. AOL has already made an up-front payment of \$4.0 million under this agreement. AOL will also pay TiVo a revenue share on subscription revenues received from users of AOL on the TiVo platform and has agreed to reimburse TiVo for certain operating costs related to the AOL application. Under the agreement, AOL additionally has the option to purchase a non-exclusive license of the Company's digital video recording technology. In connection with its exercise of this option, AOL would be required to pay TiVo an up-front fee, per-unit royalties and other fees. Under the agreement, AOL also agreed to fund certain research and development by TiVo. The term of the Development and Distribution Agreement is four years.

TiVo believes that each of the foregoing transactions was in its and its stockholders' best interests. As a matter of policy, the transactions were, and all future transactions between TiVo and any of its officers, directors or principal stockholders, will be approved by a majority of the independent and disinterested members of the Board of Directors, will be on terms no less favorable to TiVo than could be obtained from unaffiliated third parties and will be in connection with bona fide business purposes.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors (the Committee) is currently composed of Messrs. Komisar and Yang, neither of whom are currently officers or employees of TiVo. Mr. Alsop was a member of the Compensation Committee until his resignation in January 2003. The Committee is responsible for establishing TiVo's compensation programs for our directors and executive officers and for administering our stock option incentive plans. For executive officers, the Committee evaluates performance and determines compensation policies and levels.

Compensation Philosophy

The goals of the compensation program are to align compensation with business objectives and performance and to enable TiVo to attract, retain and reward executive officers and other key employees who contribute to the long-term success of TiVo and to motivate them to enhance long-term stockholder value. Key elements of this philosophy are:

TiVo pays competitively by reviewing executive compensation information derived from a survey of U.S.-based companies whose revenue levels and industry are generally considered to be comparable to TiVo, all of which are listed on Nasdaq. Although the Committee does not use a specific formula to set pay in relation to this market data, it generally sets executive officer annual base salary and annual incentives above the average salaries for comparable jobs in the marketplace.

TiVo maintains annual incentive opportunities sufficient to provide motivation to achieve specific operating goals and to generate rewards that bring total compensation to competitive levels.

TiVo provides significant equity-based incentives for executives and other key employees to ensure that they are motivated over the long term to respond to its business challenges and opportunities as owners and not just as employees.

Base Salary. The Committee annually reviews each executive officer's base salary. When reviewing base salaries, the Committee considers individual and corporate performance, levels of responsibility, prior experience, breadth of knowledge and competitive pay practices.

Annual Incentives. The annual Executive Bonus Plan is based on strategic, operational and functional performance. The actual incentive award earned depends on the extent to which corporate and individual performance objectives are achieved. At the start of each year, the Committee and the full Board of Directors review and approve the annual performance objectives for TiVo and individual officers. TiVo's objectives consist of operating, strategic and financial goals that are considered to be critical to its fundamental long-term goal of building stockholder value. For the fiscal year ended January 31, 2003, these goals included being cash flow positive for the fourth quarter of fiscal year 2003, the achievement of subscriber growth and revenue targets and the addition of new consumer electronic partners.

After the end of the fiscal year, the Committee evaluates the degree to which TiVo has met its goals and evaluates each participant's performance against the objectives. Bonuses are awarded based on the participant's contributions during the year. Awards are paid in cash and distributions are made in March following the performance year.

Edgar Filing: TIVO INC - Form DEF 14A

Long-Term Incentives. TiVo's long-term incentive program consists of the 1997 and 1999 Equity Incentive Plans. The incentive stock option program utilizes vesting periods (generally four years) to encourage key employees to continue in its employ. Through option grants, executives receive significant equity incentives to build long-term stockholder value. Grants are made at 100% of fair market value on the date of grant. Employees receive value from these grants only if the Common Stock appreciates over the long-term. The size of option grants is determined based on practices at leading companies in the technology industry and TiVo's

philosophy of significantly linking executive compensation with stockholder interests. The Committee believes this approach creates an appropriate focus on longer term objectives and promotes executive retention.

Other Compensation. TiVo's executive officers are also eligible to participate in compensation and benefit programs generally available to other employees, including TiVo's Employee Stock Purchase Plan. In addition, from time to time, executive officers have received sign-on bonuses or other bonuses based on extraordinary effort.

Corporate Performance and Chief Executive Officer Compensation

Mr. Ramsay's base salary at the end of fiscal year ended January 31, 2003 as Chief Executive Officer was \$325,000. The Committee set Mr. Ramsay's base annual salary through fiscal year ending January 31, 2004 at \$350,000. This amount, in addition to annual incentives was estimated to provide an annual cash compensation level at the average as compared to the above mentioned selected group of comparable companies. In setting this amount, the Committee took into account (i) its belief that Mr. Ramsay is a Chief Executive Officer of a leading technology company who has significant and broad-based experience in the personal television industry, (ii) the scope of Mr. Ramsay's responsibility, and (iii) the Board's confidence in Mr. Ramsay to lead TiVo's continued development. Considering these factors, Mr. Ramsay was granted an option in April 2003 to purchase 500,000 shares of Common Stock as an incentive for future performance, an amount the Committee determined was consistent with competitive practices.

During fiscal year ended January 31, 2003, TiVo achieved several, but not all, of its corporate objectives. The Committee rated Mr. Ramsay's individual performance as above average primarily reflecting his success in TiVo's achievement of several of the goals determined at the beginning of fiscal year 2003, which included the TiVo being cash flow positive for the fourth quarter of fiscal year 2003, achieving subscriber growth and revenue targets and the addition of new consumer electronic partners.

Policy on Deductibility of Compensation

Section 162(m) of the Internal Revenue Code limits the tax deductibility by a corporation of compensation in excess of \$1 million paid to its chief executive officer and any other of its four most highly compensated executive officers. However, compensation which qualifies as performance-based is excluded from the \$1 million limit if, among other requirements, the compensation is payable only upon attainment of pre-established, objective performance goals under a plan approved by the corporation's stockholders.

The Compensation Committee does not presently expect total cash compensation payable for salaries to exceed the \$1 million limit for any individual executive officer of TiVo. After consideration of the requirements of Section 162(m), the Compensation Committee believes that stock option grants to date meet the requirement that such grants be performance-based and are, therefore, exempt from the limitations on deductibility. The Compensation Committee will continue to monitor the compensation levels potentially payable under TiVo's cash compensation programs, but intends to retain the flexibility necessary to provide total cash compensation in line with competitive practice, TiVo's compensation philosophy and TiVo's best interests.

Conclusion

Edgar Filing: TIVO INC - Form DEF 14A

Through the plans described above, a significant portion of TiVo's compensation program and Mr. Ramsay's compensation are contingent on TiVo's performance, and realization of benefits is closely linked to increases in long-term stockholder value. TiVo remains committed to this philosophy of pay for performance, recognizing that the competitive market for talented executives and the volatility of TiVo's business may result in highly variable compensation for a particular time period.
