Only shareholders of record on April 17, 2002 (the "Record Date") will be entitled to notice of the Meeting and to vote at the Meeting. At the close of business on the Record Date, the Company had outstanding and entitled to be voted 2,652,831 shares of the Company's no par value Common Stock.

It is expected that this Proxy Statement and the accompanying Notice, Proxy Card and Annual Report to Shareholders will be mailed on or about April 28, 2003 to shareholders eligible to receive notice of, and to vote at, the Meeting.

Revocability of Proxies

A Proxy Card for voting your shares at the Meeting is enclosed. Any shareholder who executes and delivers such Proxy has the right to and may revoke it at any time before it is exercised by filing with the Secretary of the Company an instrument revoking it or a duly executed Proxy bearing a later date. In addition, a Proxy will be revoked if the shareholder executing such Proxy is in attendance at the Meeting and such shareholder votes in person. Subject to such revocation, all shares represented by a properly executed Proxy received in time for the Meeting will be voted by the Proxyholders in accordance with the instructions specified on the Proxy Card.

## Edgar Filing: AMERICAN RIVER HOLDINGS - Form DEF 14A

Unless otherwise directed in the accompanying Proxy Card, the shares represented by your executed Proxy will be voted "FOR" the nominees for election of directors named herein, and "FOR" the ratification of Perry-Smith LLP as independent public accountants. If any other business is properly presented at the Meeting, the Proxy will be voted in accordance with the recommendations of management.

### Solicitation of Proxies

This solicitation of Proxies is being made by the Board of Directors of the Company. The expenses of preparing, assembling, printing and mailing this Proxy Statement and the materials used in this solicitation of Proxies will be borne by the Company. It is contemplated that Proxies will be solicited principally through the use of the mail, but directors, officers and employees of the Company may solicit Proxies personally or by telephone, without receiving special compensation. The Company will reimburse banks, brokerage houses and other custodians, nominees and fiduciaries for their reasonable expenses in forwarding these Proxy materials to shareholders whose stock in the Company is held of record by such entities. In addition, the Company may use the services of individuals or companies it does not regularly employ in connection with this solicitation of Proxies, if management determines it is advisable.

### Voting Securities

On any matter submitted to the vote of the shareholders, each holder of common stock will be entitled to one vote, in person or by Proxy, for each share of common stock he or she held of record on the books of the Company as of the Record Date.

A majority of the shares entitled to vote, represented either in person or by a properly executed proxy, will constitute a quorum at the Meeting. If, by the time scheduled for the Meeting, a quorum of shareholders of the Company is not present or if a quorum is present but sufficient votes in favor of any of the proposals have not been received, the Meeting may be held for purposes of voting on those proposals for which sufficient votes have been received, and the persons named as proxies may propose one or more adjournments of the Meeting to permit further solicitation of proxies with respect to any of the proposals as to which sufficient votes have not been received.

1

Votes cast by proxy or in person at the Meeting will be counted by the Inspectors of Election for the Meeting. The Inspectors will treat abstentions and "broker non-votes" (shares held by brokers or nominees as to which instructions have not been received from the beneficial owners or persons entitled to vote and the broker or nominee does not have discretionary voting power under applicable rules of the stock exchange or other self-regulatory organization of which the broker or nominee is a member) as shares that are present and entitled to vote for purposes of determining the presence of a quorum. American River Holdings had a 1995 Stock Option Plan (the "1995 Plan") pursuant to which options could be granted to directors and key, full-time salaried officers and employees of American River Holdings

and its subsidiaries. The 1995 Plan was replaced with the Company's 2000 Stock Option Plan (the "2000 Plan"). Options granted under the 1995 Plan were either incentive options or nonstatutory options. Options granted under the 1995 Plan became exercisable in accordance with a vesting schedule established at the time of grant. Vesting could not extend beyond ten years from the date of grant. Upon a change in control of American River Holdings, all outstanding options under the 1995 Plan will become fully vested and exercisable. Options granted under the 1995 Plan are adjusted to protect against dilution in the event of certain changes in American River Holdings' capitalization, including stock splits and stock dividends. The 2000 Plan is substantially similar to the 1995 Plan regarding provisions related to option grants, vesting and dilution. All options granted to the named executive officers have an exercise price equal to the fair market value of the common stock on the date of grant. No stock options were granted to any of the named executive officers in 2002.

accordance with the terms of the agreements. The agreements provide for a base salary which is disclosed in the Summary Compensation Table on page 6. The base salary under each agreement is reviewed annually and is subject to adjustment at the discretion of the Board of Directors. Additionally, the agreements provide for, among other things (i) an annual incentive bonus based upon American River Holdings' achievement of certain profitability, growth and asset quality standards as set forth in the agreements; (ii) in the event of disability, payment of base salary reduced by the amounts received from state disability insurance or workers' compensation or other similar insurance benefits through policies provided by American River Holdings and/or American River Bank; (iii) stock option grants in the discretion of the Board of Directors under American

River Holdings' stock option plan; (iv) four weeks annual paid vacation leave; (v) use of an automobile; and (vi) reimbursement for ordinary and necessary expenses incurred in connection with employment.

The agreements may be terminated with or without cause, but if the agreements are terminated without cause due to the occurrence of circumstances that make it impossible or impractical for American River Holdings and/or American River Bank to conduct or continue its business, the loss by American River Holdings and/or American River Bank of its legal capacity to contract or American River Holdings and/or American River Bank's breach of the terms of the agreement, the employee is entitled to receive severance compensation equal to six months of the existing base salary plus any incentive bonus due. The agreements further provide that in the event of a "change in control" as defined therein and within a period of two years following consummation of such change in control (i) the employee's employment is terminated; or (ii) any adverse change occurs in the nature and scope of the employee's position, responsibilities, duties, salary, benefits or location of employment; or (iii) any event occurs which reasonably constitutes a demotion, significant diminution or constructive termination of employment, then the employee will be entitled to receive severance compensation in an amount equal to one and one-half times the employee's average annual compensation for the five years immediately preceding the change in control.

On March 18, 1998, American River Bank adopted the American River Bank Employee Severance Policy. The Policy allows for certain named employees to receive severance payments equal to six times their monthly base pay should these named employees be terminated within one year of a "change in control." The Board of Directors has designated executive officers, Mitchell A. Derenzo and Douglas E. Tow to be covered under the Policy.

BOARD COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The compensation of the executive officers of American River Holdings and its subsidiaries is reviewed and approved annually by the Board of Directors on recommendation by the Compensation Committee. During 2002, M. Edgar Deas, Charles D. Fite (Chairman), Sam J. Gallina and Roger J. Taylor, D.D.S., served as members of the Committee. Executive officers of American River Holdings and/or its subsidiaries during 2002 were David T. Taber, Mitchell A. Derenzo, William L. Young, Kathryn A. Pinkard and Douglas E. Tow.

The Compensation Committee's philosophy is that compensation should be designed to reflect the value created for shareholders while supporting American River Holdings' strategic goals. The Compensation Committee reviews annually the compensation of the executive officers to insure that American River Holdings' compensation programs are related to financial performance and consistent generally with employers of comparable size in the industry. Annual compensation for American River Holdings' executive officers includes the following components:

Base salary is related to the individual executive officer's level of responsibility and comparison with comparable employers in the industry.

Executive officers are eligible to participate in the American River Holdings Incentive Compensation Plan (the "Incentive Plan"). The Incentive Plan outlines minimum financial performance standards which include performance, growth, efficiency and asset quality minimums which must be achieved prior to any payout. If the performance standards are met, the pool amount available for payment to all employees of the Company is set at a predetermined rate by the Compensation Committee. The incentive pool for 2002 was set at 18% of net income prior to incentive accruals and adjusted for taxes. The actual amounts accrued in 2002 to be paid in 2003 represented 18% of net income prior to incentive accruals and adjusted for taxes. The incentive pool also includes 401(k) matching funds.

Stock option grants are intended to increase the executive officers' interest in American River Holdings' long-term success and link interests of the executive officer with those of shareholders as measured by American River Holdings' share price. Stock options are granted at the discretion of the Board

of Directors and at the prevailing market value of American River Holdings common stock. Consequently, the value of the options is directly connected to the increase in value of American River Holdings' stock price. There were no stock options granted to any of the executive officers in 2002.

American River Holdings matches salary deferred by employees participating in its 401(k) Plan at a rate equal to 50% of the participant's contribution up to a maximum of 6% of such participant's annual compensation. Executive officers are eligible to participate in the 401(k) plan.

Effective May 1, 1998, the American River Bank Deferred Compensation Plan was established for the purpose of providing certain highly compensated individuals, which includes the executive officers, an opportunity to defer compensation. Participants, who are selected by a committee designated by the Board of Directors, may elect to defer annually a minimum of \$5,000 or a maximum of eighty percent of their base salary and all of their cash bonus. American River Bank bears all administration costs, but does not make contributions to the plan. Effective December 20, 2000, the Deferred Compensation Plan was renamed the American River Holdings Deferred Compensation Plan and beginning January 1, 2001, American River Holdings now bears the administration costs for participants that are employed by American River Holdings and each subsidiary bears the costs for participants that are employed by the subsidiary.

American River Holdings purchased an additional life insurance policy on the life of David T. Taber and American River Bank purchased an additional life insurance policy on the life of William L. Young. Mr. Taber's policy is a 10-year, \$1,000,000 level-term life insurance policy with American River Holdings as the owner and sole beneficiary. The annual premium cost for the policy on Mr. Taber is approximately \$700. Two policies were purchased on the life of Mr. Young in the amount of \$250,000 each. Each term life insurance policy consists of two 5-year step rates with American River Holdings as the owner and sole beneficiary. The annual premium cost for the policies on Mr. Young is approximately \$5,000 for the first 5-year period and \$8,000 for the second 5-year period.
