VILLAGE SUPER MARKET, INC.  
NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS  
(Unaudited)

1. In the opinion of management, the accompanying unaudited consolidated condensed financial statements contain all adjustments (consisting of normal and recurring accruals) necessary to present fairly the consolidated financial position as of October 26, 2002 and the consolidated results of operations and cash flows for the periods ended October 26, 2002 and October 27, 2001.

The significant accounting policies followed by the Company are set forth in Note 1 to the Company's consolidated financial statements in the July 27, 2002 Village Super Market, Inc. Annual Report on Form 10-K, which should be read in conjunction with this Form 10-Q.

2. The results of operations for the period ended October 26, 2002 are not necessarily indicative of the results to be expected for the full year.

3. At both October 26, 2002 and July 27, 2002, approximately 66% of merchandise inventories are valued by the LIFO method while the balance is valued by FIFO. If the FIFO method had been used for the entire inventory, inventories would have been \$9,462,000 and \$9,362,000 higher than reported at October 26, 2002 and July 27, 2002, respectively.

4. The number of common shares outstanding for calculation of net income per share is as follows:

## Edgar Filing: VILLAGE SUPER MARKET INC - Form 10-Q/A

	October 26, 2002	October 27, 2001
Weighted average shares outstanding - basic	3,076,108	3,037,479
Dilutive effect of employee stock options	69,984	71,451
	-----	-----
Weighted average shares outstanding - diluted	3,146,092	3,108,930
	=====	=====

### 5. Adoption of New Accounting Standards

Effective July 28, 2002, the Company adopted the provisions of Financial Accounting Standards Board ("FASB") Statement 143, "Accounting for Asset Retirement Obligations." This statement addresses financial accounting and reporting for obligations associated with the retirement of tangible long-lived assets and the associated asset retirement cost. The implementation of this statement had an immaterial effect on the consolidated financial statements of the Company.

Effective July 28, 2002, the Company adopted the provisions of FASB Statement 144, "Accounting for the Impairment or Disposal of Long-lived Assets." This statement requires that one accounting model be used for long-lived assets to be disposed of by sale, whether previously held and used or newly acquired. This statement also broadens the presentation of discontinued operations to include more disposal transactions. The implementation of this statement did not have any impact on the consolidated financial statements of the Company.

Effective July 28, 2002, the Company adopted the provisions of FASB Statement 146, "Accounting for Costs Associated with Exit or Disposal Activities." This statement requires companies to recognize costs associated with exit or disposal activities when they are incurred rather than at the date of a commitment to an exit or disposal plan. The implementation of this statement did not have any impact on the consolidated financial statements of the Company.

In November 2002, the FASB Emerging Issues Task Force (EITF) reached a consensus with respect to EITF Issue No. 02-16, "Accounting for Consideration Given by a Vendor to a Customer." This consensus includes a presumption that cash consideration received by a customer from a vendor be treated as a reduction of cost of sales in the customer's income statement. As the Company already accounts for such consideration as a reduction of cost of sales, this EITF has no impact on the Company's financial statements.

### ITEM 2.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

## Edgar Filing: VILLAGE SUPER MARKET INC - Form 10-Q/A

### RESULTS OF OPERATIONS

Sales were \$216,538,000 in the first quarter of fiscal 2003, an increase of 2.7% from the prior year. On September 26, 2001, the Company opened a 59,000 sq. ft. store in Garwood, NJ. On March 6, 2002, the Company opened a 64,000 sq. ft. store in Hammonton, NJ. On February 5, 2002, the Company closed a 55,000 sq. ft. store in Ventnor, NJ. Excluding the above stores, same store sales increased .3% in the first quarter. Same stores sales increased less than recent fiscal years due to a substantial number of store openings by competitors near the Company's stores in the last six months, a softening of the economy and recently increased levels of promotional activity by supermarket chains in the Company's operating areas. Based on these factors, we expect same store sales in the second quarter of fiscal 2003 of approximately a .5% decline to a 1.0% increase.

Gross profit as a percentage of sales increased to 25.0% in the first quarter of fiscal 2003 compared to 24.9% in the first quarter last year. Gross profit as a percentage of sales increased due to improved product mix and lower LIFO charges. This increase was partially offset by increased promotional spending and incentives received one year ago in connection with the store opening.

Operating and administrative expenses as a percentage of sales increased to 21.7% in the first quarter compared to 21.4% in the first quarter last year. The increase is due to increased payroll and fringe benefit costs.

Depreciation and amortization expense increased in the first quarter of fiscal 2003 compared to the first quarter last year due to depreciation on the substantial fixed asset additions placed in service in fiscal 2002, partially offset by the discontinuance of depreciation on the closed Ventnor store.

The Company recorded a non-cash impairment charge of \$640,000 in the first quarter of fiscal 2002 to write off the book value of the equipment of the Ventnor store.

Interest expense (net) increased in the first quarter of fiscal 2003 compared to the prior year due to the prior year including \$171,000 of interest cost capitalized related to the construction of the new store.

The effective income tax rate increased to 40.4% in the first quarter of fiscal 2003 compared to 37.7% in the first quarter of the prior year. This increase is due to enacted changes in state tax law.

Net income was \$2,450,000 in the first quarter fiscal 2003, a decrease of 7% from the first quarter last year. Excluding a non-cash impairment charge taken in the prior year, net income decreased 19%. This decrease is attributable to minimal same store sales growth, increased operating expense percentages and a higher effective tax rate.

### CRITICAL ACCOUNTING POLICIES

Critical accounting policies are those accounting policies that management believes are important to the portrayal of the Company's financial condition and results of operations and require management's most difficult, subjective or complex judgments, often as a result of the need to make estimates about the effect of matters that are inherently uncertain.

The preparation of financial statements in conformity with accounting

## Edgar Filing: VILLAGE SUPER MARKET INC - Form 10-Q/A

principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The Company's critical accounting policies relating to the impairment of long-lived assets and accounting for patronage dividends earned as a stockholder of Wakefern Food Corp. are described in the Company's Annual Report on Form 10-K for the year ended July 27, 2002. As of October 26, 2002, there have been no material changes to any of the critical accounting policies contained therein.

### LIQUIDITY AND CAPITAL RESOURCES

Net cash used in operating activities was \$137,000 for first quarter of fiscal 2003 compared with net cash provided by operating activities of \$6,793,000 for the first quarter of the prior fiscal year. This change is attributable to a reduction in accounts payable to related party and accounts payable and accrued expenses in the current fiscal year compared to increases in those categories in the prior fiscal year.

During the first quarter of fiscal 2003, the Company used cash on hand to fund capital expenditures of \$3,211,000 and to make debt payments of \$744,000. The largest capital expenditure in the first quarter related to the remodel of the English Creek store.

Working capital was \$17,081,000 at October 26, 2002 compared to \$20,211,000 at July 27, 2002. The working capital ratio was 1.30 to 1 at October 26, 2002 compared to 1.36 to 1 at July 27, 2002. The reduction in working capital at October 26, 2002 compared to July 27, 2002 is a result of the inclusion in current liabilities of the \$4,286,000 initial principal payment due September 16, 2003 on the Company's \$30 million term loan. The Company's working capital needs are reduced since inventory is generally sold by the time payment to Wakefern and other suppliers are due.

The Company's has budgeted approximately \$15,000,000 for capital expenditures in fiscal 2003. In addition to the completion of the English Creek remodel, the Company expects to start two major store expansions this fiscal year. The Company's primary sources of liquidity in fiscal 2003 are expected to be cash on hand at October 26, 2002, operating cash flow and equipment financing. The Company has available a \$15,000,000 (none outstanding at October 26, 2002) unsecured revolving credit line, which expires September 16, 2004.

There have been no substantial changes as of October 26, 2002 to the contractual obligations described on page 5 of the Company's Annual Report on Form 10-K for the year ended July 27, 2002.

### RELATED PARTY TRANSACTIONS

A description of the Company's transactions with Wakefern Food Corp., its principal supplier, and with other related parties is included on page 6 of the Company's Annual Report on Form 10-K for the year ended July 27, 2002. There have been no significant changes in the Company's relationship or transactions with these related parties during the first quarter of fiscal 2003.

### FORWARD-LOOKING STATEMENTS:

This Form 10-Q contains "forward-looking statements" within the meaning

## Edgar Filing: VILLAGE SUPER MARKET INC - Form 10-Q/A

of federal securities law. The Company cautions the reader that there is no assurance that actual results or business conditions will not differ materially from future results, whether expressed, suggested or implied by such forward-looking statements. Such potential risks and uncertainties include, without limitation, local economic conditions, competitive pressures from the Company's operating environment, the ability of the Company to maintain and improve its sales and margins, the ability to attract and retain qualified associates, the availability of new store locations, the availability of capital, the liquidity of the Company on a cash flow basis, the success of operating initiatives and other risk factors detailed herein and in other filings of the Company.

### ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

In the normal course of operations, the Company is exposed to market risks arising from adverse changes in interest rates. Market risk is defined for these purposes as the potential change in the fair value resulting from an adverse movement in interest rates. As of October 26, 2002, the Company's only variable rate borrowings relate to a swap agreement. On October 18, 2001, the Company entered into an interest rate swap agreement with a major financial institution pursuant to which the Company pays a variable rate of six-month LIBOR plus 3.36% (5.19% at October 26, 2002) on a notional amount of \$10,000,000 expiring in September 2009 in exchange for a fixed rate of 8.12%. A 100 basis point increase in interest rates, applied to the Company's borrowings at October 26, 2002, would result in an annual increase in interest expense and a corresponding reduction in cash flow of approximately \$100,000.

At October 26, 2002, the Company had demand deposits of \$16,459,000 earning interest at prime less 2.5% which are exposed to the impact of interest rate changes.

### ITEM 4. CONTROLS AND PROCEDURES

As required by Rule 13a-15 under the Exchange Act, within the 90 days prior to the filing date of this report, the Company carried out an evaluation of the effectiveness of the design and operation of the Company's disclosure controls and procedures. This evaluation was carried out under the supervision and with the participation of the Company's management, including the Company's Principal Executive Officer along with the Company's Chief Financial Officer. Based upon the evaluation, the Company's Principal Executive Officer along with the Company's Chief Financial Officer concluded that the Company's disclosure controls and procedures are effective. There have been no significant changes in the Company's internal controls or in other factors, which could significantly affect internal controls subsequent to the date the Company carried out its evaluation.

Disclosure controls and procedures are controls and other procedures that are designed to ensure that information required to be disclosed in Company reports filed or submitted under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the Securities and Exchange Commission's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed in Company reports filed under the Exchange Act is accumulated and communicated to management, including the Company's Principal Executive Officer and Chief Financial Officer as appropriate, to allow timely decisions regarding required disclosure.

### VILLAGE SUPER MARKET, INC. REPORTS RESULTS FOR THE FIRST QUARTER ENDED OCTOBER 26, 2002

Contact: Kevin Begley, C.F.O.  
(973) 467-2200, Ext. 220

Springfield, New Jersey - December 2, 2002 - Village Super Market, Inc. (NSD-VLGEA) reported sales and net income for the first quarter ended October 26, 2002, Perry Sumas, President, announced today.

Net income was \$2,450,000 (\$.78 per diluted share) in the first quarter of fiscal 2003, a decline of 7% from the first quarter of the prior year. Excluding a non-cash impairment charge in the prior year, net income declined 19%. The decline in net income in the quarter was primarily attributable to a minimal same store sales increase, increased operating expense percentages and a higher effective tax rate.

Sales in the first quarter were \$216,538,000, an increase of 2.7% from the prior year. Same store sales increased .3%. Same store sales increased less than recent fiscal years due to a substantial number of store openings by competitors near the Company's stores in the last six months, a softening of the economy, and recently increased levels of promotional activity by supermarket chains in the Company's operating areas. Based on these factors, we expect same store sales of approximately a .5% decline to a 1.0% increase in the second quarter of fiscal 2003. As a result of this more challenging environment, we believe it will be difficult to match the earnings level achieved in the second quarter of the prior fiscal year.

Village Super Market operates a chain of 23 supermarkets under the ShopRite name in New Jersey and eastern Pennsylvania. The following table summarizes the results for the quarter ended October 26, 2002.

	13 Weeks Ended October 26, 2002	13 Weeks Ended October 27, 2001
Sales	\$ 216,538,000	\$ 210,831,000
Net Income	\$ 2,450,000	\$ 2,621,000
Net Income per share-Basic	\$ .80	\$ .86
Net Income per share-Diluted	\$ .78	\$ .84

### FORWARD- LOOKING STATEMENTS:

This Press Release to shareholders contains "forward-looking statements" within the meaning of federal securities law. The Company cautions the reader that there is no assurance that actual results or business conditions will not differ materially from future results, whether expressed, suggested or implied by such forward-looking statements. Such potential risks and uncertainties include, without limitation, local economic conditions, competitive pressures from the Company's operating environment, the ability of the Company to maintain and improve its sales and margins, the ability to attract and retain qualified associates, the availability of new store locations, the availability of capital, the liquidity of the Company on a cash flow basis, the success of operating initiatives and other risk factors detailed herein and in the Company's filings with the SEC.

Exhibit 99.1

CERTIFICATION PURSUANT TO  
18 U.S.C. SECTION 1350  
AS ADOPTED PURSUANT TO  
SECTION 906 OF THE SARBANES-OXLEY ACT OF 2002

In connection with the Quarterly Report of Village Super Market, Inc. (the "Company") on Form 10Q for the period ending October 26, 2002 as filed with the Securities and Exchange Commission on the date hereof (the "Report"), I, James Sumas, Principal Executive Officer of the Company certify, pursuant to 18 U.S.C. 1350, as adopted pursuant to 906 of the Sarbanes-Oxley Act of 2002, that:

1. The Report fully complies with the requirements of Section 13 (a) or 15 (d) of the Securities Exchange Act of 1934; and
2. The information contained in the Report fairly presents, in all material respects, the financial condition and results of operations of the Company.
