**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Participants and Administrator of  
TD Waterhouse Group, Inc.  
401(k) and Profit Sharing Plan

In our opinion, the accompanying statements of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the TD Waterhouse Group, Inc. 401(k) and Profit Sharing Plan (the "Plan") at December 31, 2004 and 2003, and the changes in net assets available for benefits for the year ended December 31, 2004 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financials statements taken as a whole.

401(k) AND PROFIT SHARING PLAN**

**NOTES TO FINANCIAL STATEMENTS  
For the Year Ended December 31, 2004**

**1. PLAN DESCRIPTION**

The TD Waterhouse Group, Inc. 401(k) and Profit Sharing Plan (the "Plan"), formerly the TD Waterhouse Group, Inc. 401(k) Plan, is a defined contribution plan sponsored by TD Waterhouse Group, Inc. ("TDW Group") and its subsidiaries (the "Company"). TDW Group is a wholly owned subsidiary of The Toronto-Dominion Bank (the "Parent"). The Plan was established on September 1, 1994, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Effective June 30, 2004, the TD Waterhouse Group, Inc. Profit Sharing Plan merged into the TD Waterhouse Group, Inc. 401(k) Plan. All accrued benefits under the TD Waterhouse Group, Inc. Profit Sharing Plan will be paid from the TD Waterhouse Group, Inc. 401(k) Plan.

**GENERAL**

The Plan is a defined contribution plan covering all employees of the TD Waterhouse Group, Inc. (the "Company") or a participating affiliated company who have completed 30 days of service and are age 21 or older. Participants are eligible to make 401(k) deferrals immediately upon becoming participants. Participants are eligible to receive matching contributions on the January 1, April 1, June 1, or October 1 following their completion of a year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan also consists of a discretionary profit sharing contribution. The amount of the Company's annual profit sharing contribution to the Plan is determined at the discretion of the Company's Board of Directors. The Company's profit sharing contribution may be in the form of cash or shares of the Parent's common stock. All employees of the Company who have completed at least one year of service, as defined in the Plan, are eligible on the January 1 or July 1 immediately following completion of one year of service, to receive the profit sharing contribution.

**PARTICIPANT ACCOUNTS**

Individual accounts are maintained for each participant to reflect the participant's contributions, matching contributions and investment earnings. Investment earnings are allocated daily based on each participant's investment choices and relative account balances.

**CONTRIBUTIONS**

Each year, participants may contribute up to the maximum amount of pre-tax annual compensation as determined by the Internal Revenue Code ("IRC"), subject to certain other limitations. Participants who are age 50 or older may make additional "catch-up contributions." Participants also may contribute amounts representing distributions from other qualified employer-sponsored retirement plans. Each year, the Company contributes to the Plan as a matching contribution 50% of the participant's contributions to the Plan (not including any catch-up contributions) not to exceed 6% of the participant's compensation. The Company's matching contribution shall be made in cash. A discretionary Profit Sharing contribution may be made annually. Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers 22 mutual funds and common stock of the Toronto-Dominion Bank investment options for participants.

**VESTING**

Participants are immediately vested in voluntary contributions plus actual earnings thereon. Vesting in the Company matching contribution is based on years of continuous service. A participant becomes 100% vested in the Company matching contributions after six years of credited service. However, a participant who was an associate of R.J. Thompson Holdings, Inc. or Info Comp International Inc. on December 15, 2001, will be 100% vested in matching contributions after four years of credited service. A participant whose employment is terminated prior to his/her retirement date (for any reason other than death), shall have a vested and nonforfeitable right in the Company's matching contributions, and any earnings or losses attributable thereto, in accordance with the following schedule:

<b>Years of Service</b>	<b>Percentage</b>
(as defined by the "Plan")	
Less than 2 years	0%
2 years but less than 3 years	20%
3 years but less than 4 years	40%
4 years but less than 5 years	60%
5 years but less than 6 years	80%
6 years or more	100%

**INVESTMENT OPTIONS**

The investments in T.Rowe Price Funds and the Parent's common stock qualify as party-in-interest transactions. Participants may change the election of future contributions to their account or reallocate past contributions any time with no limit on the number of changes.

**PARTICIPANT LOANS RECEIVABLES**

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of (i) \$50,000 minus the greatest amount owed on a loan during the previous 12 months, (ii) 50% of their vested account, or (iii) any loan amount for which the loan repayments will not exceed the participant's net earnings each month, whichever is less. The loans are collateralized by the balance in the participant's account and bear interest at a rate of prime plus 1% as of the date the loan is made. Principal and interest are repaid through payroll deductions.

**PAYMENT OF BENEFITS**

On termination of service for any reason, a participant is entitled to receive the value of the participant's vested interest in his or her account. If the value of the participant's account is less than \$5,000, the participant will automatically receive the value of his or her account in a single lump sum. If the value of the participant's account is greater than \$5,000, a participant may elect to receive the value of his or her account in a single lump sum, a direct rollover to another employer's retirement plan, equal monthly, quarterly, semi-annual or annual installments for a period that does not exceed the participant's or the beneficiary's life expectancy, or a combination of the lump-sum and the direct rollover. A participant may elect to receive such portion of his or her account as is invested in common stock of The Toronto-Dominion Bank in whole shares of stock or in cash (or in a combination of the two). Withdrawals may be made under certain other circumstances in accordance with the Plan document. The related benefits paid for these party-in-interest transactions for the year ended December 31, 2004 consisted of 10,953 shares of the parent's common stock, with an aggregate market value of \$410,295, and cash of \$270,258. The value of the shares of T.Rowe Price funds is distributed in cash. The related benefits paid for these party-in-interest transactions was \$10,674,269.

**FORFEITURES**

At December 31, 2004, forfeited nonvested accounts totaled \$782,480. These amounts will be used to reinstate prior forfeitures for employees who return to work and to reduce future Company contributions. \$674,446 of the above amount was used to meet the employer's profit sharing contribution commitment for 2004.

**PLAN ADMINISTRATION AND TRUSTEESHIP**

The terms and provisions of the Plan are administered by the "Committee," as defined in the Plan document. The Committee is appointed by the Board of Directors of the Parent, and consists of at least three individuals who have the authority to control and manage the operation and administration of the Plan. Committee members serve without pay.

T.Rowe Price is directed by plan participants concerning purchases and sales of fund investments. T.Rowe Price makes investment decisions for the funds held in the T.Rowe Price mutual funds and provides record-keeping services for all Plan funds.

The Plan's investments are held by T.Rowe Price under a trust agreement.

**PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

**2. TRANSFER IN DUE TO PLAN MERGER**

On June 30, 2004 the TD Waterhouse Group, Inc. Profit Sharing Plan was merged into the Plan. On the merger date investments with a fair market value of \$62,716,790 were transferred into the Plan. On July 1, 2004 the plan was renamed the TD Waterhouse Group, Inc. 401(k) and Profit Sharing Plan.

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**METHOD OF ACCOUNTING**

The Plan's financial statements are prepared on the accrual basis of accounting.

**INVESTMENT VALUATION**

The Plan's investments are stated at fair value. Investments in the Parent's common stock are stated at market value, defined as the closing price on the last business day of the Plan Year. Shares of registered investment companies are valued at quoted market prices. Loans are at cost which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Investment income is recorded when earned.

**CONTRIBUTIONS**

Employee and employer matching contributions are recorded in the period during which the Company makes payroll deductions from the participant's earnings.

**PAYMENT OF BENEFITS**

Benefits are recorded when paid.

**RISKS AND UNCERTAINTIES**

The Plan provides for various investment options, whose underlying investments may include investments in any combination of equities, fixed income securities, currency and commodities and derivative contracts. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.
