**PROXY STATEMENT
ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD
MARCH 4, 2015**

INTRODUCTION

This Proxy Statement is furnished in connection with the solicitation on behalf of the Board of Directors of AECOM, a Delaware corporation ("we," "our," the "Company" or "AECOM"), of proxies for use at our 2015 Annual Meeting of Stockholders ("2015 Annual Meeting") to be held on March 4, 2015, at 8:00 a.m. local time, or at any adjournment or postponement thereof. At the 2015 Annual Meeting, you will be asked to consider and vote on the matters described in this Proxy Statement and in the accompanying notice. The 2015 Annual Meeting will be held at The Hyatt Regency Century Plaza, 2025 Avenue of the Stars, Los Angeles, California 90067. Only common stockholders of record at the close of business on January 5, 2015, which is the record date for the 2015 Annual Meeting, are permitted to vote at the 2015 Annual Meeting and any adjournment or postponement thereof.

The Company's Board of Directors (the "Board of Directors" or "Board") is soliciting your vote to:

Elect the four Class I Directors named in this Proxy Statement to the Company's Board of Directors to serve until the Company's 2016 Annual Meeting of Stockholders and until the election and qualification of their respective successors;

Ratify the selection of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending September 30, 2015; and

Approve an advisory resolution on the Company's executive compensation.

We are pleased to again take advantage of the Securities and Exchange Commission rule allowing companies to furnish proxy materials to their stockholders over the Internet. We believe that this e-proxy process expedites stockholders' receipt of proxy materials, while also lowering the costs and reducing the environmental impact of our annual meeting. On January 23, 2015, we began mailing a Notice of Internet Availability of Proxy Materials (the "Notice") to all stockholders of record as of January 5, 2015, and posted our proxy materials on the Web site referenced in the Notice. As more fully described in the Notice, all stockholders may choose to access our proxy materials on the Web site referred to in the Notice or may request to receive a printed set of our proxy materials. In addition, the Notice and Web site provide information regarding how you may request to receive proxy materials in printed form by mail or electronically by e-mail on an ongoing basis.

The Proxy Statement and our Annual Report on Form 10-K are available at investors.aecom.com.

INFORMATION REGARDING VOTING AT THE 2015 ANNUAL MEETING

Proxies

You may vote your shares in person at the 2015 Annual Meeting or by proxy if you are a record holder. There are three ways to vote by proxy: (1) by Internet by following the instructions on the Notice or proxy card, (2) by telephone by calling 1-800-652-8683 and following the instructions on the Notice or proxy card, or (3) by requesting a printed copy of the proxy materials and signing, dating and mailing the enclosed proxy card to our Corporate Secretary at the address below. If your shares are held in the name of a bank, broker or other holder of record, you will receive instructions from the holder of record. You must follow the instructions of the holder of record in order for your shares to be voted. Internet and telephone voting also will be offered to stockholders owning shares through certain banks and brokers.

You may revoke your proxy at any time before it is exercised at the 2015 Annual Meeting by (1) giving our Corporate Secretary written notice of revocation, (2) delivering to us a signed proxy card with a later date, (3) granting a subsequent proxy through the Internet or telephone, or (4) by attending the 2015 Annual Meeting and voting in person. Written notices of revocation and other communications with respect to the revocation of proxies should be addressed to AECOM, 1999 Avenue of the Stars, Suite 2600, Los Angeles, CA 90067, Attention: Corporate Secretary.

All shares represented by valid proxies received and not revoked before they are exercised will be voted in the manner specified in the proxy. Other than with respect to certain trustees who hold our shares in trust, if you submit proxy voting instructions but do not direct how to vote on each item, the persons named as proxies will vote in favor of each of the proposals. Our Board of Directors is unaware of any matters other than those described in this Proxy Statement that may be presented for action at our 2015 Annual Meeting. If other matters do properly come before our 2015 Annual Meeting, however, it is intended that shares represented by proxies will be voted in the discretion of the proxy holders.

If you are a beneficial owner and hold your shares in the name of a bank, broker or other holder of record and do not return the voting instruction card, the broker or other nominee may vote your shares on each matter at the 2015 Annual Meeting for which he or she has the requisite discretionary authority. Under applicable rules, brokers have the discretion to vote on routine matters, which include the ratification of the selection of the independent registered public accounting firm. Brokers will not have the discretion to vote on any of the other proposals presented at the 2015 Annual Meeting.

Solicitation of Proxies

We will pay the entire cost of soliciting proxies. In addition to soliciting proxies by mail and by Internet we will request banks, brokers and other record holders to send proxies and proxy materials to the beneficial owners of our common stock and to secure their voting instructions, if necessary. We will reimburse record holders for their reasonable expenses in performing these tasks. In addition, we have retained Georgeson, Inc., to act as a proxy solicitor in conjunction with the 2015 Annual Meeting. We have agreed to pay Georgeson, Inc., a fee of \$8,500, plus reasonable expenses, costs and disbursements for proxy solicitation services. If necessary, we may use our regular employees, who will not be specially compensated, to solicit proxies from stockholders, whether personally or by telephone, letter or other means.

Record Date and Voting Rights

Our Board of Directors has fixed January 5, 2015, as the record date for determining the stockholders who are entitled to notice of, and to vote at, our 2015 Annual Meeting. Only common stockholders of record at the close of business on the record date will receive notice of, and be able

to vote at, our 2015 Annual Meeting. As of the

Table of Contents

record date, there were 157,572,299 shares of our common stock outstanding held by 2,519 record holders, in addition to approximately 39,005 holders who do not hold shares in their own names. A majority of the stock issued and outstanding and entitled to vote must be present at our 2015 Annual Meeting, either in person or by proxy, in order for there to be a quorum at the meeting. Each share of our outstanding common stock entitles its holder to one vote. Shares of our common stock with respect to which the holders are present in person at our 2015 Annual Meeting but not voting, and shares for which we have received proxies but with respect to which holders of the shares have abstained, will be counted as present at our 2015 Annual Meeting for the purpose of determining whether or not a quorum exists. "Broker non-votes" will also be counted as present for the purpose of determining whether a quorum exists. Broker non-votes are shares of common stock held by brokers or nominees over which the broker or nominee lacks discretionary power to vote and for which the broker or nominee has not received specific voting instructions from the beneficial owner.

Directors are elected by a plurality. Therefore, the four nominees who receive the most votes will be elected. Abstentions and broker non-votes will not be counted as participating in the voting for the election of directors, and will therefore have no effect for purposes of such proposal. The ratification of our independent registered public accounting firm and the advisory resolution on the Company's executive compensation require the affirmative vote of the holders of a majority of the shares of common stock present in person or represented by proxy and entitled to vote at the 2015 Annual Meeting in order to be approved by our stockholders. In each case, abstentions will be counted as present and will have the effect of a vote against the proposal. Broker non-votes will not be counted as participating in the voting on the advisory resolution on the Company's executive compensation, and will therefore have no effect on the outcome of the vote on that proposal. Brokers have discretion to vote on the ratification of our independent registered public accounting firm and, as such, no votes on this proposal will be considered broker non-votes.

Our Board of Directors urges you to vote promptly by either electronically submitting a proxy or voting instruction card over the Internet, by telephone or by delivering to us or your broker, as applicable, a signed and dated proxy card.

Votes will be tabulated by the inspector of election appointed for the 2015 Annual Meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. A representative of Computershare Trust Company, N.A., our transfer agent, will tabulate the votes and act as the inspector of election.

Year-End Reporting Convention

We report our results of operations based on 52- or 53-week periods ending on the Friday nearest September 30. For clarity of presentation, all periods are presented as if the fiscal year ended on September 30. Fiscal years 2014, 2013 and 2012 contained 53, 52 and 52 weeks, respectively, and ended on October 3, September 27 and September 28, respectively.

PROPOSAL 1

ELECTION OF CLASS I DIRECTORS

Our Board of Directors has 13 members currently divided into three classes. Each director elected prior to the 2015 Annual Meeting was elected to a three year term and will continue in office until a successor has been elected and qualified, subject to the director's earlier resignation, retirement or removal from office. The current three year term of office of our Class I directors will end at the 2015 Annual Meeting. As a result of an amendment to the Company's Certificate of Incorporation to declassify the Board of Directors approved at the 2014 Annual Meeting of Stockholders, the Class I directors elected at the 2015 Annual Meeting will be elected for a one year term ending at the 2016 Annual Meeting of Stockholders. Further, in accordance with this amendment, beginning with the election of directors at the 2015 Annual Meeting, the Board will be divided into only two classes of directors (as opposed to three): Class I and Class II. Class I, whose term will expire at our 2016 Annual Meeting of Stockholders, will be comprised of the directors elected at the 2015 Annual Meeting and the directors currently in Class II. Class II, whose term will expire at our 2017 Annual Meeting of Stockholders, will be comprised of the directors currently in Class III. At the 2016 Annual Meeting of Stockholders, all members of Class I will stand for election for a one year term ending at the 2017 Annual Meeting of Stockholders. Beginning with the election of directors at our 2016 Annual Meeting of Stockholders, there will be a single class of directors, Class I (which will now also include our current Class III directors), with all directors having a term that expires at the 2017 Annual Meeting of Stockholders. Therefore, beginning with the 2017 Annual Meeting of Stockholders, the Board shall cease to be classified and all directors will be elected on an annual basis. The table under "Director Qualifications" below lists the directors and their classes.

In accordance with our director retirement policy, Mr. Richard G. Newman, a current Class I director, will not stand for re-election and will retire effective upon the election of the Class I directors at the 2015 Annual Meeting. Following such election, our Board of Directors will be comprised of 12 directors. The Company is most grateful to Mr. Newman for his valuable service to the Company for more than two decades.

Four Class I Directors will be elected at the 2015 Annual Meeting to serve until the 2016 Annual Meeting of Stockholders, and until their successors are duly elected and qualified. If a quorum is present at our 2015 Annual Meeting, the four nominees receiving the greatest number of votes will be elected.

Shares represented by proxies will be voted, if authority to do so is not withheld, for the election of the four nominees. Each of the nominees has consented to serve as a director, if elected, and management has no reason to believe that any nominee will be unable or unwilling to serve if elected as a director. In the event that any nominee is unavailable for re-election as a result of an unexpected occurrence, shares will be voted for the election of such substitute nominee as our Board of Directors may propose. Pursuant to the vote and immediately following the 2015 Annual Meeting, our Board of Directors will be composed of eight Class I Directors, and four Class II Directors.

Director Qualifications

The Board of Directors believes that the Board, as a whole, should possess a combination of skills, professional experience and diversity of backgrounds necessary to oversee the Company's business. The Nominating and Governance Committee is responsible for developing and recommending Board membership criteria to the full Board for approval. The criteria, which are set forth in the Company's Corporate Governance Guidelines, include the highest professional and personal ethics and values, commitment to enhancing stockholder value with sufficient time to carry out his or her duties, and business acumen. In considering director candidates, the Nominating and Governance Committee looks for business experience and skills, judgment, integrity, an understanding of such areas as finance, marketing, regulation and public policy, and the absence of potential conflicts with the Company's interests. While the Nominating and Governance Committee does not have a formal policy with respect to diversity, the Nominating and Governance Committee believes that it is essential that Board members represent diverse viewpoints and backgrounds.

Table of Contents

The Nominating and Governance Committee periodically reviews the appropriate skills and characteristics required of Board members in the context of the current composition of the Board, the operating requirements of the Company and the long-term interests of the Company's stockholders. In conducting this assessment, the Nominating and Governance Committee considers diversity, skills, and such other factors as it deems appropriate to maintain a balance of knowledge, experience and capability. This periodic assessment enables the Board to update the skills and experience it seeks in the Board as a whole, and in individual directors, as the Company's needs evolve and change over time, and to assess effectiveness of efforts at pursuing diversity. In identifying director candidates from time to time, the Nominating and Governance Committee may establish specific skills and experience that it believes the Company should seek in order to constitute a balanced and effective board.

The following list sets forth our four director nominees, as well as each of our eight continuing directors.

PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of our Board of Directors has retained Ernst & Young LLP to serve as our independent registered public accounting firm for the fiscal year ending September 30, 2015. A representative of Ernst & Young LLP is expected to be present at the 2015 Annual Meeting and will have an opportunity to make a statement if the representative so desires, and will be available to respond to appropriate questions.

Reasons for the Proposal

Selection of our independent registered public accounting firm is not required to be submitted for stockholder approval, but the Audit Committee of our Board of Directors is seeking ratification of its selection of Ernst & Young LLP from our stockholders as a matter of good corporate practice. If stockholders do not ratify this selection, the Audit Committee of our Board of Directors will reconsider its selection of Ernst & Young LLP, and will, in its sole discretion, either continue to retain this firm or appoint a new independent registered public accounting firm. Even if the selection is ratified, the Audit Committee may, in its discretion, appoint a different independent registered public accounting firm at any time during the fiscal year if it determines that such a change would be in the Company's best interests and the best interests of our stockholders.

Vote Required and Recommendation of the Board of Directors

The affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote at the 2015 Annual Meeting is required to ratify the selection of Ernst & Young LLP, as our independent registered public accounting firm for the fiscal year ending September 30, 2015. PROPOSAL 3

ADVISORY RESOLUTION ON EXECUTIVE COMPENSATION

In accordance with Section 14A of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), which was added under the Dodd-Frank Wall Street Reform and Consumer Protection Act ("Dodd-Frank"), we are asking stockholders to approve an advisory resolution on the Company's executive compensation as reported in this Proxy Statement. Taking into consideration the voting results from the Company's 2011 Annual Meeting of Stockholders concerning the frequency of the stockholder advisory vote on executive compensation, the Company's Board of Directors has determined the Company shall hold an annual advisory vote on executive compensation until the next advisory vote on the frequency of such votes.

At AECOM, executive compensation plans are driven by short- and long-term financial performance metrics designed to ensure management is incentivized to increase stockholder value over time.

AECOM has strengthened its global market share leadership position in the end markets we serve, while delivering profitability and cash flow. These achievements have been supported by strong relationships with clients, talented employees and an effective leadership team. Through a combination of operational and financial initiatives, AECOM has a balanced approach to capital allocation with the goal of optimizing long-term returns. Financially, AECOM is committed to improved returns over time, driven by profitable growth and enhanced cash conversion, which provide additional opportunities for deploying capital in value-enhancing ways.

In fiscal year 2014, the Company again effectively navigated an uneven global macro-economic environment and delivered on its commitment to deliver cash flow and prudently allocate capital with the announcement of the combination with URS Corporation, which was approved by our stockholders and consummated in early fiscal year 2015. The combination resulted in the Company having further expanded its capabilities and diversified the business into higher growth markets such as increased private sector clients in industrial and energy further strengthening AECOM's leading competitive position and integrated delivery model.

AECOM is focused on continuing to integrate URS Corporation into the combined company; strengthening its presence in large, fast-growing markets; improving project delivery; enhancing the client experience; and leveraging the Company's integrated delivery model. As a result, we believe the Company's geographic footprint, services portfolio and end market exposure are well aligned with global growth opportunities.

We urge stockholders to read the "Compensation Discussion and Analysis," beginning on page 22 of this Proxy Statement, which describes in more detail how our executive compensation policies and procedures operate and are designed to achieve our compensation objectives, as well as the Summary Compensation Table and related compensation tables and narrative, which provide detailed information on the compensation of our Named Executive Officers. The Compensation/Organization Committee and the Board of Directors believe that the policies, procedures and programs articulated in the Compensation Discussion and Analysis are effective in achieving our goals and that the compensation of our Named Executive Officers reported in this Proxy Statement has supported and contributed to the Company's success.

We are asking stockholders to approve the following advisory resolution at the 2015 Annual Meeting:

RESOLVED, that the stockholders of AECOM (the "Company") approve, on an advisory basis, the compensation of the Company's Named Executive Officers set forth in the Compensation Discussion and Analysis, the Summary Compensation Table and the related compensation tables and narrative in the Proxy Statement for the Company's 2015 Annual Meeting of Stockholders.

This advisory resolution, commonly referred to as a "say-on-pay" resolution, is non-binding on the Board of Directors. Although non-binding, the Board and the Compensation/Organization Committee will carefully review and consider the voting results when evaluating our executive compensation program.

Vote Required and Recommendation of the Board of Directors

The affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote at the 2015 Annual Meeting is required to approve the advisory resolution on the Company's executive compensation. Abstentions will be counted as a vote against the resolution, whereas broker non-votes will have no effect on the vote.

The Board of Directors recommends that you vote FOR the advisory resolution on executive compensation.

CORPORATE GOVERNANCE

Board Meetings

During our fiscal year ended September 30, 2014, our Board of Directors met eight times, the Audit Committee met five times, the Compensation/Organization Committee met six times, the Nominating and Governance Committee (formerly the Nominating, Governance and Risk Committee) met three times, the Strategy, Risk and Safety Committee (formerly the Planning, Finance and Investment Committee) met six times and the Transition Committee met four times (the Transition Committee was a temporary ad hoc committee appointed to assist in the leadership transition involving our Executive Chairman and Chief Executive Officer and was dissolved on June 30, 2014). Each incumbent director attended at least 75% of the aggregate of (1) the total number of meetings of our Board of Directors and (2) the total number of meetings held by all committees of the Board of Directors on which he or she served during fiscal year 2014.

Director Independence

Currently, nine of the 13 members of our Board of Directors are independent directors as defined in accordance with the listing standards of the New York Stock Exchange. These standards provide that a director is independent only if our Board of Directors affirmatively determines that the director has no direct or indirect material relationship with the Company. They also specify various relationships that preclude a determination of director independence. Material relationships may include commercial, industrial, consulting, legal, accounting, charitable, family and other business, professional and personal relationships.

Applying these standards, our Board of Directors, upon the recommendation of our Nominating and Governance Committee, annually reviews the independence of our directors. In its most recent review, our Board of Directors considered, among other things, the absence of any employment relationships between the Company and our directors and their families; the absence of any of the other specific relationships that would preclude a determination of independence under the New York Stock Exchange independence rules; the absence of any affiliation of the Company's directors and their families with the Company's independent registered public accounting firm, compensation consultants, legal counsel and other consultants and advisors; the absence of any transactions with directors and members of their families that would require disclosure in this Proxy Statement under U.S. Securities and Exchange Commission rules regarding related person transactions; the insubstantial amount of goods and services that we purchase in the ordinary course of business from companies; and the modest amount of our contributions to non-profit organizations of which some of our directors or members of their families are associated.

Our Board of Directors has determined that the following members and nominees are independent as determined in reference to the standards of the New York Stock Exchange: Messrs. Fordyce, Frist, Joos, Ouchi, Routs, Rutledge, Schmitz and Stotlar, and Ms. Griego.

Board Leadership Structure

The Board has been, and continues to be, a proponent of Board independence. As a result, the Company's corporate governance structures and practices provide for a strong, independent Board and include several independent oversight mechanisms, including a lead independent director, only independent directors serving as committee chairpersons and the directors' and committees' ability to engage independent consultants and advisors.

The independent directors annually appoint a lead independent director. William G. Ouchi has served as the lead independent director since fiscal year 2013 and is continuing to serve in that role for fiscal year 2015.

Edgar Filing: AECOM - Form DEF 14A

The position and role of the lead independent director is intended to expand lines of communication between the Board and members of management. It is not intended to reduce the free and open access and

Table of Contents

communications that each independent board member has with other board members and members of management. The lead independent director has the following duties:

To organize, convene and preside over executive sessions of the non-employee and independent directors and promptly communicate approved messages and directives to the Chairman of the Board and the Chief Executive Officer.

To consult with the Chairman of the Board and the Chief Executive Officer on agendas for Board meetings and other matters pertinent to the Company and the Board.

To collect and communicate to the Chairman of the Board and the Chief Executive Officer the views and recommendations of the independent directors, relating to his or her performance.

To perform such other duties and responsibilities as may be assigned from time to time by the independent directors.

To complement this structure, the Board believes it is important to retain its flexibility to allocate the responsibilities of the offices of the Chairman of the Board and Chief Executive Officer in the best interests of the Company. The Board believes that the decision as to who should serve in those roles, and whether the offices should be combined or separate, should be assessed periodically by the Board, and that the Board should not be constrained by a rigid policy mandate when making these determinations. Additionally, the Board believes that it needs to retain the ability to balance the independent Board structure with the flexibility to appoint as Chairman of the Board someone with hands-on knowledge of, and experience in, the operations of the Company.

Effective as of the 2015 Annual Meeting, the Board has determined that the positions of Chairman of the Board and Chief Executive Officer will be held by Michael S. Burke. Mr. Burke has served as a key executive since 2005 where he gained unique insights into our business and the complex challenges we face including being directly involved in the transformation of AECOM from a private company with more than 20,000 employees into a public company with nearly 100,000 employees. The Board believes that he is uniquely positioned at this time to identify, lead and oversee the execution of our future strategic initiatives. The Board also believes that the established role of lead independent director, currently filled by Dr. Ouchi, will continue to help ensure the effective independent functioning of the Board in fulfilling its oversight role. Therefore, in light of Mr. Burke's past tenure and his unique knowledge of the long term goals of the Company, and because the lead independent director is empowered to play a significant role in the Board's oversight, we believe that it is advantageous to combine the positions of Chief Executive Officer and Chairman at this time.

The Board of Directors believes this governance structure and these practices enable strong and independent directors to effectively oversee the Company's management and key issues related to long-range business plans, long-range strategic issues, risks and integrity.

Executive Sessions

Executive sessions of non-employee directors are included on the agenda for every regularly scheduled Board of Directors meeting and, during fiscal year 2014, executive sessions were held at each regularly scheduled Board of Directors meeting. The executive sessions are chaired by the lead independent director.

Board's Role in Risk Oversight

The Board plays an active role, both as a whole and at the committee level, in overseeing management of the Company's risks. Management is responsible for the Company's day-to-day risk-management activities. The Company relies on a comprehensive risk-management process to aggregate, monitor, measure and manage risks. The risk-management process is designed to enable the Board of Directors to establish a mutual understanding with management of the effectiveness of the Company's risk-management practices and capabilities, to review the Company's risk

exposure and to elevate certain key risks for discussion at the Board level. The Company's risk-management process is overseen by its Chief Risk Officer, who is a member of the Company's senior management.

Table of Contents

The Strategy, Risk and Safety Committee, in consultation with the Audit Committee and Nominating and Governance Committee, oversees the Company's overall policies regarding risk assessment and risk management. In addition, the Compensation/Organization Committee oversees risks relating to the Company's compensation policies and practices, as described below. The Audit Committee also oversees the Company's internal audit function. The full Board monitors risk through regular reports from each of the Committee chairs and is apprised of particular risk-management matters in connection with its general oversight and approval of corporate matters. We believe the division of risk-management responsibilities described above provides an effective framework for evaluating and addressing the risks facing the Company, and that our Board leadership structure supports this approach because it allows our independent directors, through the independent committee chairpersons, to exercise effective oversight of the actions of management.

Risk Assessment of Compensation Policies and Practices

In fiscal year 2014, the Compensation/Organization Committee's independent consultant, Exequity LLP, conducted a risk assessment of the Company's compensation policies and practices as they apply to all employees, including executive officers. The consultant reviewed the design features and performance metrics of our cash and stock-based incentive programs along with the approval mechanisms associated with each to determine whether any of these policies and practices could create risks that are reasonably likely to have a material adverse effect on the Company.

As part of the review, several factors were noted that reduce the likelihood of excessive risk-taking:

Our compensation mix is balanced among fixed components such as salary and benefits, annual incentive payments and long-term incentives, including Performance Earnings Program awards and Restricted Stock Units granted under our 2006 Stock Incentive Plan, which typically vest or are earned over three years.

Performance Earnings Program awards, which make up 60% of long-term incentives for our executives, balance both growth and profitability and are earned if thresholds are met in both earnings per share and free cash flow per share and vest over three years.

The Compensation/Organization Committee has ultimate authority to determine, and reduce if appropriate, compensation provided to our executive officers, including each of the Named Executive Officers.

The Compensation/Organization Committee, under its charter, has the authority to retain any advisor it deems necessary to fulfill its obligations and has engaged Exequity LLP as its independent consultant. Exequity performs services for the Compensation/Organization Committee as described in the Compensation Discussion and Analysis section of this Proxy Statement.

Our annual incentive programs for employees are funded in aggregate based on the results of certain financial metrics. Individual payouts are based on a combination of financial metrics as well as qualitative factors.

Our long-term incentive and stock-based awards, including Performance Earnings Program awards and Restricted Stock Units granted under our 2006 Stock Incentive Plan, are all approved by either the Compensation/Organization Committee for our executive officers or by our CEO for non-executive officers.

Our Named Executive Officers are subject to stock ownership guidelines and our insider trading policy.

Based on this assessment, the Company concluded that its compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company.

Committees of the Board of Directors

The Board of Directors of the Company has four standing committees: the Audit Committee, the Compensation/Organization Committee, the Nominating and Governance Committee, and the Strategy, Risk and Safety

Director Nominations

Edgar Filing: AECOM - Form DEF 14A

The Nominating and Governance Committee of our Board of Directors is charged with identifying, reviewing and recommending to the Board of Directors qualified individuals to become directors and regularly assessing the size and composition of the Board of Directors and recommending any changes to the Board of Directors.

Table of Contents

It is our belief that members of the Board of Directors should have the highest professional and personal ethics and values. The Board's Nominating and Governance Committee periodically reviews the appropriate skills and characteristics required of members of the Board of Directors in the context of the current composition of the Board of Directors, the operating requirements of the Company and the long-term interests of stockholders. We believe that the Board of Directors should be comprised of individuals who are committed to enhancing stockholder value with sufficient time to effectively carry out their duties. While all directors should possess business acumen, the Board of Directors endeavors to include an array of targeted skills and experience in its overall composition. Criteria that the Nominating and Governance Committee looks for in director candidates include business experience and skills, judgment, independence, integrity, an understanding of such areas as finance, marketing, regulation, end markets and public policy, and the absence of potential conflicts with the Company's interests. While the Nominating and Governance Committee does not have a formal policy with respect to diversity, the Nominating and Governance Committee believes that it is essential that Board members represent diverse viewpoints and backgrounds.

Our Nominating and Governance Committee will consider stockholder nominations for directors. The Nominating and Governance Committee evaluates any such nominees that are properly submitted using the same criteria it otherwise employs, as described above. Any recommendation submitted by a stockholder must include the same information concerning the potential candidate as is required when a stockholder wishes to nominate a candidate directly. In addition, any such recommendation must be received in the same time frame as is required by our Bylaws when a stockholder wishes to nominate a candidate directly. To be timely, the notice must be received not less than 90 nor more than 120 days prior to the date of the first anniversary of the preceding year's annual meeting of stockholders. However, in the event that the date of the annual meeting is advanced more than 30 days prior to such anniversary date or delayed more than 30 days after such anniversary date, notice by the stockholder to be timely must be received no more than 120 days prior to the date of the annual meeting and not less than the later of the close of business (a) 90 days prior to the date of the annual meeting and (b) the 10th day following the day on which public announcement of the date of such meeting was first made by the Company.

To be in proper form, the notice must, as to each person whom the stockholder proposes to nominate for election or re-election as a director, set forth all information concerning such person as would be required in a Proxy Statement soliciting proxies for the election of directors in a contested election pursuant to Section 14 of the Securities Exchange Act of 1934, as amended (including such person's signed written consent to being named in the Proxy Statement as a nominee and to serve as a director of the Company, if elected) and a description of all direct and indirect compensation and other material monetary agreements, arrangements and understandings during the past three years between or among such stockholder and beneficial owner, if any, on whose behalf the nomination is being made, and their respective affiliates and associates, or others acting in concert therewith, on the one hand, and each proposed nominee, and his or her respective affiliates and associates, or others acting in concert therewith, on the other hand. In addition, as to the stockholder giving the notice and the beneficial owner, if any, on whose behalf the nomination is being made, the notice must also state the name and address, as they appear on the Company's books, of such stockholder and such beneficial owner, the class and number of shares of the Company that are owned of record and beneficially by such stockholder and such beneficial owner, a description of any agreement, arrangement or understanding with respect to the nomination between such stockholder or beneficial owner and any other person, including, without limitation, any agreements that would be required to be disclosed pursuant to Item 5 or Item 6 of Schedule 13D (regardless of whether the requirement to file a Schedule 13D is applicable to the stockholder or beneficial owner) of the Exchange Act, and a description of any agreement, arrangement or understanding (including any derivative or short positions, profit interests, options, hedging transactions, and borrowed or loaned shares) that has been entered into as of the date of the stockholder's notice by, or on behalf of, such stockholder or beneficial owner, the effect or intent of which is to mitigate loss, manage risk or benefit from changes in the share price of any class of the Company's capital stock, or maintain, increase or decrease the voting power of the stockholder or beneficial owner with respect to shares of stock of the Company. Stockholders who wish to nominate candidates for director must do so pursuant to these procedures.

Stock Ownership Guidelines for Non-Employee Directors

Non-employee directors are subject to stock ownership guidelines, which are intended to align their interests with those of our stockholders. Under the guidelines, our non-employee directors must maintain ownership of AECOM stock at a multiple of five times the annual retainer. The minimum number of shares guideline is updated annually based on the current retainer (\$90,000 since August 21, 2013) and the 12-month trailing average AECOM stock price. Shares owned directly or indirectly, deferred stock units, the value of vested but unexercised stock options and unvested Restricted Stock Units are counted toward the guidelines. Non-employee directors have until five years after becoming a director to comply with the guidelines. The following table outlines the ownership of our non-employee directors as of September 30, 2014.

Non-Employee Director	Retainer Multiple
James H. Fordyce	47.0
Linda Griego	9.0
David W. Joos	6.3
Richard G. Newman	145.4
William G. Ouchi	24.2
Robert J. Routs	4.6
William P. Rutledge	15.0
Clarence T. Schmitz	2.5

All of our non-employee directors exceeded the stock ownership guidelines, with the exception of Messrs. Routs and Schmitz for whom compliance with the guidelines is not required until December 2015 and June 2019, respectively, the five-year anniversary when each became a director. (Messrs. Frist and Stotlar were appointed as directors after September 30, 2014, and do not appear in the table above. However, these directors will be required to comply with the guidelines by October 2019.)

Please see the Compensation Discussion and Analysis section for a discussion of the executive stock ownership guidelines applicable to our Named Executive Officers.

COMPENSATION OF EXECUTIVE OFFICERS AND OTHER INFORMATION

COMPENSATION DISCUSSION AND ANALYSIS (CD&A)

Executive Summary

At AECOM, our executive compensation plans are driven by short- and long-term financial performance metrics designed to ensure management is incentivized to increase stockholder value over time.

In fiscal year 2014, the Company delivered earnings per share¹ growth and continued to execute a returns driven capital allocation strategy including both repurchases of common stock and the issuance of debt and common stock to finance the URS transaction (as described below). The Company continued its expansion into international markets with growth in Europe, the Middle East, Africa and Asia while delivering strong construction services wins and accelerating construction services revenue growth. On October 17, 2014, during the beginning of fiscal year 2015, AECOM completed its acquisition of URS Corporation, further diversifying and broadening its market presence and its service offerings to clients, by adding strong sector expertise in important end markets, including oil & gas, power and government services, as well as bolstering our construction capabilities. The combination with URS differentiates AECOM in the market with the ability to design, build, finance and operate infrastructure across the globe with nearly 100,000 employees operating across all seven continents and in more than 150 countries.

The achievements discussed above have been supported by our strong relationships with our clients, and driven by our talented employees, a strong leadership team and effective leadership succession planning. On March 5, 2014, John M. Dionisio, the Company's Chairman and CEO, retired as CEO and was appointed by the Company's Board of Directors as Executive Chairman. Concurrently, the Board appointed Michael S. Burke to the position of CEO of the Company effective March 6, 2014. In early fiscal year 2015, in connection with the closing of the URS transaction described above, the Company announced additional leadership appointments. In particular, the Company's Board of Directors appointed Stephen M. Kadenacy to the position of President and Chief Financial Officer, reporting to Mr. Burke. Also, effective as of the 2015 Annual Meeting, the Board has determined that Mr. Burke will assume the additional position of Chairman of the Board.

In addition to Messrs. Burke, Dionisio and Kadenacy, our Named Executive Officers (or NEOs) for fiscal year 2014 include Ms. Jane A. Chmielinski, our Chief Operating Officer and President, Americas; Mr. Frederick W. Werner, who was appointed to serve as Group President, Design and Consulting Services, in October 2014 and previously served as President, EMEA (Europe, Middle East, and Africa) during fiscal 2014; and Mr. Anthony C.K. Shum, who served as President, APAC (Asia-Pacific) in fiscal 2014 and transitioned to Chairman, APAC in October 2014.

Performance

Through a combination of operational and financial initiatives, AECOM has a balanced approach to capital allocation with the goal of optimizing long-term returns. AECOM is focused on strengthening its presence in large key, fast-growing markets, improving project delivery, enhancing the client experience and leveraging the Company's global end-to-end service platform. As a result, the Company's geographic footprint, services portfolio and end market exposure are well aligned with global growth opportunities. Financially, AECOM is committed to improved returns over time driven by profitable growth and enhanced cash conversion, which provide additional opportunities for deploying capital in value enhancing ways.

Pay and Performance Alignment

Program Design: Over 60% of the CEO's target pay is performance based, aligning compensation with results. Short-Term Incentive (STI) Program Long-Term Incentive (LTI) Program The STI program has a target performance formula that links financial results and strategic measures of individual key contributions to Company performance. 70% of the program is based on pre-established financial goals that require a high level of performance to be achieved with no payouts below 92% of target performance. The remaining 30% is based on individual key performance indicators (KPIs) around the areas of people, clients, growth, innovation and excellence. Payments may range from 0% to 200% of target based on actual performance. The LTI program has a compensation mix composed of: 60% performance units under the Performance Earnings Program (PEP). 40% Restricted Stock Units (RSUs). The PEP2014 awards are structured with earnings and cash flow metrics. The pre-established goals require a high level of financial performance to be achieved over the two-year performance period. Payouts at the end of the three-year vesting period may range from 0% to 200%. Performance Assessment: The Committee takes into account a broad array of factors in establishing the incentive opportunities for each executive, including the financial performance of the Company, an individual's performance against their pre-defined goals, peer company market data and the experience level of the individuals in their current positions.

CEO Pay at a Glance

The Committee determined that the appropriate Total Direct Compensation (TDC), comprised of base salary, STI and LTI, for Mr. Burke and Mr. Dionisio for 2014 performance was \$13.6 million and \$9.5 million, respectively. Despite economic headwinds within its domestic market, AECOM delivered fiscal year 2014 earnings per share growth (excluding acquisition and integration costs) and achieved per share cash flow targets in addition to returning \$25 million of its free cash flow to stockholders through its share repurchase program. This performance supported an 8% increase in share price in fiscal year 2014, slightly above the 50th percentile compared to our peer group. The Committee considered the increase in stockholder value driven by the balanced capital allocation strategy, as well as the organizational and operational actions Messrs. Burke and Dionisio took to effectively navigate the challenging market environment, while strengthening the competitive position of the Company, in determining their compensation.

The charts below show the components of FY2014 TDC awarded to Mr. Burke and Mr. Dionisio, respectively.

Excluding a special \$5.0 million performance stock option award, Mr. Burke's TDC increased 51% from \$5.7 million to \$8.6 million, primarily as a result of his promotion to CEO in March 2014. The performance stock option award will vest on March 5, 2019, subject to continued employment through such date and the achievement of stock price performance goals.

CEO Pay-For-Performance Alignment

A significant portion of each of the compensation packages for AECOM's CEOs is tied to the financial performance of the Company and a sustained increase in the value of the Company. The realizable value of Mr. Burke's compensation over the last three fiscal years increased by 38%, excluding the realizable value of an unvested, special one-time performance stock option award granted in connection with his promotion. In addition, the realizable value of Mr. Dionisio's equity compensation for his service as our CEO over the last three fiscal years increased by 37%. These increases are expressed in the following charts, and are primarily a result of AECOM's three-year Total Stockholder Return (TSR) increasing by 24.1% (annualized) over the same period.

The reported grant date values in the charts below represent the grant date fair value for all equity awards granted in each fiscal year as a percentage of grant date value, excluding Mr. Burke's unvested special one-time performance stock option award. The realizable value is the value of the equity awards determined by the share price at the end of fiscal year 2014 (\$32.90). The Company's performance based equity award (i.e., Performance Earnings Program or PEP awards) granted in 2012 is valued at 39.0% of target, which was the actual earned percentage. PEP awards granted in 2013 and 2014 are valued based on current estimates of 113.3% and 150% respectively.

Active Stockholder Engagement

The Committee understands the importance of stockholder feedback in the development of AECOM's executive compensation programs, including the annual stockholder advisory vote on executive compensation. AECOM actively seeks stockholder input as the Company periodically evaluates its compensation plans to further strengthen the link between pay and performance with the ultimate goal of creating long-term value for stockholders.

Following the 2014 Annual Meeting of Stockholders, the Company continued its active dialogue with stockholders, reaching well over 50% of its active institutional ownership, to discuss and better understand the reasons for their votes and to obtain their input on the Company's compensation programs. In response to these and prior fiscal year consultations with stockholders, the Committee implemented the following executive compensation program enhancements and actions in fiscal year 2014:

Amended the Company's Certificate of Incorporation to declassify the Board of Directors and provide for annual direct elections to be phased-in starting with the Class I directors standing for election at the 2015 Annual Meeting.

Continued to utilize financial metrics for STI and LTI that are favored by shareholders; such as:

STI Plan Design Named Executive Officers (NEOs) are measured using 35% Earnings Per Share ("EPS") and 35% Operating Cash Flow Per Share. These metrics vary for NEOs with certain operational responsibilities.

Edgar Filing: AECOM - Form DEF 14A

LTI Plan Design Maintained financial metrics in the performance-based equity awards as 50% EPS and 50% Free Cash Flow Per Share.

Clawback Policy Maintained a clawback policy for incentive-based compensation.

Cash metrics were strengthened and added to align incentives to greater profitability and to cash generation that can be redistributed to stockholders over time. Furthermore, metrics are measured on a per-share basis as opposed to an aggregate growth basis to ensure that AECOM's growth is tied directly to stockholder interests.

EXECUTIVE COMPENSATION PROGRAM STRUCTURE

Overview of Philosophy, Design and Provisions

The purpose of AECOM's executive compensation program is to recognize and reward outstanding achievement, as well as attract, motivate, reward and retain executives in a competitive environment. The Committee seeks feedback from investors to better align its executive compensation program with stockholders' interests.

AECOM'S PAY PHILOSOPHY

The Committee's approach to compensation for executives is directly linked to the Company's business focus on profitable growth and improved returns, as well as rewarding performance. Specifically, AECOM's compensation philosophy is composed of the following elements:

Seeking to provide a competitive compensation package that will allow AECOM to attract, motivate, reward and retain key talent to achieve business objectives;

Providing incentives that promote sustained short- and long-term financial growth and returns in order to enhance stockholder value;

Believing in a strong pay-for-performance model, with a majority of NEO compensation at-risk and total compensation over time dependent on, and balanced between, each executive's individual performance and the overall performance of the Company; and

Aiming to optimize performance without encouraging unreasonable risks or incentivizing behavior that would be reasonably likely to result in a material adverse effect on the Company.

Assessing Competitive Practice

The Company's pay program is designed to reward achievement of goals and to attract, motivate, reward and retain leaders in an increasingly competitive talent market. For fiscal year 2014 compensation decisions, the Committee examines pay data for a group of 18 companies to stay current with market pay practices and trends, and to understand the competitiveness of the Company's total compensation and its components of pay. The Committee uses this data for informational purposes. The Company does not target a specific percentile or make significant pay decisions based on market data alone. The Committee considers Company performance as well as the level of responsibility, experience and tenure of the individual and performance in the role.

This group consists of companies within AECOM's industry and companies specializing in industrial services or government contracting with sizeable international presence in locations where AECOM operates and competes for talent.

Performance Measures

AECOM uses specific measures to drive and reward performance:

Profitability and growth (measured by growth in EPS, Operating Cash Flow Per Share and Free Cash Flow Per Share).

Stockholder value creation (measured by stock price).

Market share and sustainable competitive advantage (attainment of strategic milestones).

COMPENSATION GOVERNANCE, PROCESS AND DECISIONS

The Decision Makers

Under its charter, the Committee, which is composed solely of independent directors, has the sole authority to determine and approve compensation for AECOM's executive officers. The Committee is also responsible for reviewing the compensation for the members of the Company's Board of Directors and submits any modifications for approval by the Board of Directors.

Making Decisions

To implement the compensation principles outlined above, the Committee reviews compensation for the NEOs considering base salary, as well as STI and LTI compensation, with a focus on the total reward package. The Company looks to AECOM's peer group of companies, as well as the broader market, as a base line for compensation decisions for NEOs. However, AECOM does not target executive officer compensation at a specific level or percentage relative to compensation provided by the companies in the peer group or broader market, whether for TDC or any element of TDC. Instead, when determining compensation for the executive officers, the Committee takes into account a broad array of factors, including the experience level of the individuals in their current positions, the overall financial and strategic performance of the Company during the year, and the performance and contribution of each individual executive during the year relative to pre-defined goals and objectives for each individual.

The Compensation Committee's Process

At the beginning of each year, the Committee:

Edgar Filing: AECOM - Form DEF 14A

Approves design changes to the executive compensation program, as applicable.

Reviews the Company's financial, strategic and operational metrics and goals, and approves the performance objectives of the CEO and other executive officers.

During the following November, the Committee:

Reviews full-year Company financial and strategic performance to understand what was accomplished relative to established objectives.

Evaluates the CEO's performance in light of the review of Company performance.

Discusses with the CEO his evaluation of the performance of each of the other executive officers relative to their individual performance objectives.

Table of Contents

Determines TDC amounts for the CEO and each of the other executive officers, starting with the prior year's compensation, and adjusted based on:

Performance assessments (described in the 2014 TDC Decisions section above).

Market considerations.

Company payment guidelines, individual performance and succession planning and retention considerations.

Input from the Committee's independent compensation consultant.

For the other NEOs (other than Mr. Dionisio): The CEO's recommendations.

Reviews and approves the payouts for each PEP with performance periods completed at the end of the fiscal year.

Compensation decisions for 2014 related to base salary and long-term compensation were made in November 2013, except with regard to Mr. Burke, whose compensation decisions were made upon his appointment as CEO on March 6, 2014. Decisions regarding short-term compensation were made in November 2014.

LTI COMPENSATION

The initial step in determining LTI awards is the Committee's determination of an overall pool for LTI awards. This determination is based on a recommendation from the CEO, which takes into account the size of previous pools relative to the growth in the Company's earnings and in eligible employees; the accounting expense; the number of shares that would be granted relative to AECOM common shares outstanding; and the external competitiveness of individual awards.

The Committee considers market data, including the comparable TDC, and determines the LTI value to be awarded to each NEO. In making these decisions, the Committee takes into account the impact of the awards to the NEOs on the remaining pool available for allocation to other executives. The dollar value awarded by the Committee to each NEO is then converted into a specific number of units, based on the fair market value of AECOM common stock on the date of grant. The grant date fair value of awards provided to each NEO for fiscal year 2014 can be found in the column labeled "Stock Awards" of the Summary Compensation Table.

Compensation Committee's Independent Compensation Consultant

The Committee has the authority to retain the services of outside consultants to assist it in performing its responsibilities. Since January 2010, the Committee has engaged the services of the consulting firm Exequity LLP. During fiscal year 2014, the consultant provided data on the compensation and relative performance of peer group companies as well as general industry data to the Committee; made presentations on regulatory and legislative matters affecting executive compensation; provided opinions on the degree to which compensation arrangements are consistent with market practices; and consulted on other compensation matters as needed. Exequity LLP does not provide any additional services to the Company.

The Committee has assessed the independence of Exequity LLP, considering the following six factors and other factors that it deemed relevant: (1) other services provided to the Company by Exequity LLP; (2) the amount of fees paid by the Company to Exequity LLP as a percentage of Exequity LLP's total revenue; (3) the policies or procedures maintained by Exequity LLP that are designed to prevent conflicts of interest; (4) any business or personal relationships between the individual employees of Exequity LLP involved in the engagement and a member of the

Edgar Filing: AECOM - Form DEF 14A

Committee; (5) any Exequity LLP stock owned by Exequity LLP's employees involved in the engagement; and (6) any business or personal relationships between our executive officers and Exequity LLP or the employees of Exequity LLP involved in the engagement. Following such assessment, the Committee concluded that Exequity LLP is independent and that Exequity LLP's work raises no conflicts of interest.

OTHER PROGRAMS, POLICIES AND GUIDELINES

Stock Ownership Guidelines for Named Executive Officers

NEOs are subject to stock ownership guidelines, which ensures their interests are aligned with those of stockholders. Under the guidelines, AECOM's CEO must maintain ownership of AECOM stock at six times base salary and the other NEOs at three times base salary. The minimum number of shares required to meet the guideline is updated annually based on each executive's salary and the 12-month trailing average AECOM stock price. Shares owned directly and indirectly, deferred stock units, unvested PEP units as well as other RSUs and vested stock options/shares are counted toward the guidelines. Executives have until five years from becoming subject to the guidelines to comply with these guidelines.

The following table outlines the stock ownership of AECOM's NEOs as of September 30, 2014. All of the Company's NEOs exceed the stock ownership guidelines.

Named Executive Officer	Guideline	Actual
	Salary Multiple	Salary Multiple
Michael S. Burke	6.0	17.3
John M. Dionisio	6.0	29.1
Jane A. Chmielinski	3.0	14.2
Frederick W. Werner	3.0	15.5
Stephen M. Kadenacy	3.0	8.0
Anthony C.K. Shum	3.0	31.2

Benefit, Retirement and Perquisite Programs

To protect the Company's executives' health and well-being, facilitate the operation of the business, assist in the retention of current executives and aid in the recruitment of new executives, AECOM's NEOs are eligible to participate in benefit plans that are available to a substantial amount of all employees, including participation in retirement plans, medical insurance, dental insurance, life insurance and disability insurance programs. Further, the Company offers certain additional benefits only to executive officers and other senior officers, where applicable, which consist of the following:

Executive Life Insurance. AECOM provides life insurance coverage for an amount up to \$2 million.

Executive Disability Program. AECOM provides an Executive Disability Program which offers salary replacement up to 60% of salary in the event of an executive's disability.

Executive Health Program. AECOM's CEO, Executive Chairman, and Group President, Design and Consulting Services, became executive officers prior to the time the plan became frozen to new participants, are eligible to participate in the U.S. Executive Health Program on an annual basis. This plan provides up to 100% reimbursement for medically necessary medical, prescription, dental and vision expenses.

AECOM Executive Deferred Compensation Plan (EDCP). The EDCP, which was ratified by the Company in December 2012, is a nonqualified deferred compensation plan that enables highly compensated U.S. employees to defer compensation.

Edgar Filing: AECOM - Form DEF 14A

AECOM Pension Plan, Management Supplemental Executive Retirement Plan (MSERP), 1992 Supplemental Executive Retirement Plan (92 SERP) and Excess Benefit Plan. Effective October 9, 2009, AECOM decided to freeze future accruals to the AECOM Pension Plan, MSERP, 92 SERP and Excess Benefit Plan for all plan participants. Since the October 9, 2009, freeze, participants have not

Table of Contents

accrued any additional benefits under the plans. Additional information is provided below in the Pension Benefits for Fiscal Year 2014 section.

Perquisites. The Company believes that offering NEOs certain limited perquisites, including an executive allowance (ranging from \$20,000 to \$40,000 annually), facilitates the operation of AECOM's business and assists in their retention.

Change in Control Provisions, Severance Benefits and Employment Agreements

Effective March 5, 2009, the Company adopted the "AECOM Technology Corporation Change in Control Severance Policy for Key Executives." The policy was created to provide severance benefits to key executives and to make certain that those executives would remain focused on stockholder interests in the event of a corporate transaction, in connection with a change in control of the Company.

The policy provides the following benefits upon termination without cause or for good reason following a change in control ("double trigger" for cash and equity):

A lump-sum severance payment equal to a multiple (two times for both the former and current CEO and one-and-a-half times for the other NEOs) of the sum of each individual's base salary and average bonus (the average of the bonus paid for the three fiscal years preceding the year of termination);

Continuation of group health benefits for the number of years equal to the severance multiple;

Accelerated vesting of all time vested equity awards, including stock options and RSUs;

Accelerated vesting of performance based awards, such as PEP awards, with payment based on performance achievement through the date of the change in control; and

Pro rata bonus payment during the year of termination.

The policy does not provide a gross-up for excise or other taxes. Additional details can be found under the "Payments and Benefits upon Termination or Change in Control" section of this Proxy Statement. The Company also entered into a letter agreement with Mr. Burke that provides certain enhanced severance benefits to him in the event of an involuntary termination that is not covered by the Change in Control Severance Policy. A summary of the key terms of this letter agreement, as well as additional details, can be found under the "Payments and Benefits upon Termination or Change in Control" section of this Proxy Statement.

The Company also maintains a severance policy for U.S. employees, including each of the NEOs. U.S. employees may be eligible for severance if their employment is terminated due to lack of work, restructuring/reorganization of a group, a reduction in force with no reasonable offer of an internal transfer, elimination of a job/position or voluntary acceptance of a Company-initiated retirement program. A release agreement must be signed in order to receive severance pay. Employees with a title of Vice President or above are eligible for 12 weeks of base pay regardless of years of service.

Clawback Provisions

In November 2012, the Committee adopted a clawback policy with respect to incentive awards to executive officers under the Executive Incentive Plan and 2006 Stock Incentive Plan that were awarded subsequent to fiscal year 2012. In the event of material noncompliance with any financial reporting requirement under the securities laws, the Company is authorized to recover a portion of incentive awards paid to current or former executive officers during the three full fiscal years prior to the date of the covered event, but in no event prior to the effective date of the policy (October 1, 2012).

Hedging and Pledging

The Company's insider trading policy prohibits all directors, executive officers (as defined by Section 16 of the Securities Act of 1934) and certain other employees designated as insiders from engaging in any hedging or

Table of Contents

monetization transactions, such as zero-cost collars and forward-sale contracts, involving Company securities. In addition, the policy prohibits buying shares on margin and the pledging of Company securities by NEOs except in certain limited circumstances subject to Company approval and demonstration of the NEO's ability to repay the applicable loan without selling such securities.

Tax Treatment

Section 162(m) of the Internal Revenue Code limits a company's federal tax deduction on compensation paid in excess of \$1 million a year to the CEO and the other NEOs other than the CFO. The IRS' limitation does not apply to compensation that qualifies as "performance based" under federal tax law. AECOM's policy is to structure compensation arrangements, to the extent practicable, with the Company's executive officers that are intended to be deductible under federal tax law, unless the benefit of such deductibility is outweighed by AECOM's corporate objectives. However, since corporate objectives may not always be consistent with the requirements for full deductibility, and further given that the application of Section 162(m) is complex and may change with time (with potentially retroactive effect), AECOM is prepared, when appropriate, to enter into compensation arrangements under which payments may not be deductible under Section 162(m).

Accounting Standards

Financial Accounting Standards Board Accounting Standards Codification Topic 718 (which formerly was referred to as SFAS 123R), requires a charge to compensation expense for the fair value of equity compensation awards. Grants of stock options, RSUs and PEP awards under the Company's 2006 Stock Incentive Plan are accounted for under Codification Topic 718. The Committee considers the accounting implications of significant compensation decisions, particularly in connection with decisions that relate to AECOM's LTI awards.

Table of Contents**Grants of Plan-Based Awards for Fiscal Year 2014**

The Compensation/Organization Committee typically considers and approves non-equity incentive targets and long-term incentive awards in the first quarter of each fiscal year at regular meetings. The grant date for the long-term incentive award is the date the Compensation/Organization Committee meets and approves the award.

The following table sets forth information with respect to non-equity incentive targets and long-term incentive awards granted to Named Executive Officers during FY2014. The long-term incentive awards issued on November 20, 2013, used the following mix: 60% PEPs and 40% RSUs. Mr. Burke also received long-term incentive awards issued on March 5, 2014, related to his promotion to CEO, which were also granted in a 60% PEP and 40% RSUs mix. Refer to the "Compensation Discussion and Analysis - FY2014 NEO Total Direct Compensation (TDC) Decisions" section in this Proxy Statement for more information regarding the various long-term incentive programs. All of the long-term incentive awards in the table below were made pursuant to the Company's 2006 Stock Incentive Plan.

- (1) See "Compensation Discussion and Analysis FY2014 NEO Total Direct Compensation (TDC) Decisions" for a description of this STI program.
- (2) The target for the PEP2014 awards was 100% of the granted PEP units. The maximum for the PEP2014 awards was 200% of the granted PEP units.
- (3) The Grant Date Fair Value of Stock Awards amounts in this column are based on the following calculations:

PEP awards are calculated based upon the number of target PEP units granted multiplied by the common stock price of \$29.22 on the day of grant for the awards issued on November 20, 2013, and multiplied by \$31.62 for the awards issued on March 5, 2014. These PEP awards will cliff vest 100% on December 15, 2016, following the close of the three-year vesting period, provided the performance conditions are achieved.

RSU awards are calculated based upon the number of RSUs granted multiplied by the common stock price of \$29.22 on the day of grant for the awards issued on November 20, 2013, and multiplied by \$31.62 for the awards issued on March 5, 2014. These RSU awards will cliff vest 100% on December 15, 2016, following the close of the three-year vesting period.

Options awards issued on March 5, 2014, are calculated based upon the number of options granted multiplied by the grant date value of \$7.83 based on a Monte Carlo valuation model. These special performance stock options will cliff vest on March 5, 2019, following the close of the five-year vesting period subject to the achievement of certain stock price performance goals.

- (6) To further enhance the link between compensation philosophy and pay practices, and specifically to strengthen the alignment between pay and company performance, the Committee has approved amended stock option and Restricted Stock Unit standard terms and conditions for the fiscal year 2011 awards (the "Awards") made under the Company's 2006 Stock Incentive Plan to Mr. Dionisio. The Awards were originally scheduled to vest in three annual installments, subject to Mr. Dionisio's continued service with the Company. One-third of the shares subject to each of the Awards vested on December 8, 2011, and the shares subject to the vested portion of the Restricted Stock Unit award were issued to Mr. Dionisio at that time. The amended standard terms and conditions add performance conditions to the Awards and provide that (i) the portion of the stock options that previously vested in 2011 shall no longer be considered vested or exercisable and instead shall vest in 2012, (ii) all unvested Awards scheduled to vest in December 2012 shall vest in full only if the Company achieves at least 5% EPS growth in its 2012 fiscal year, (iii) all unvested Awards scheduled to vest in December 2013 shall vest in full only if the Company achieves at least 5% compound annual EPS growth for its 2012 and 2013 fiscal years, and (iv) no portion of the unvested Awards scheduled to vest in 2012 or 2013, respectively, shall vest if the Company's applicable EPS growth rate for the relevant period is 0% or less. Based on the results of 2013 annual EPS growth, Mr. Dionisio forfeited 92% of his 2011 stock option (46,947 options) and Restricted Stock Unit (16,007 units) awards that were scheduled to vest in December 2013.

Pension Benefits for Fiscal Year 2014

Edgar Filing: AECOM - Form DEF 14A

As of October 9, 2009, AECOM froze all future benefit accruals under the AECOM Technology Corporation Pension Plan, AECOM Technology Corporation Management Supplemental Executive Retirement Plan and 1992 AECOM Technology Corporation Supplemental Executive Retirement Plan.

AECOM Technology Corporation Pension Plan. The AECOM Pension Plan is a U.S. defined benefit plan that was adopted in September 1990. Participation in the AECOM Pension Plan was closed to new entrants effective April 1, 1998.

AECOM Technology Corporation Management Supplemental Executive Retirement Plan ("MSERP"). The Company amended the AECOM Pension Plan, effective July 1, 1998, to provide that certain participants, including Named Executive Officers (our Executive Chairman), earning benefits under the AECOM Pension Plan would instead earn identical benefits under a plan known as the Management Supplemental Executive

Table of Contents

Retirement Plan, or MSERP. The MSERP replaces and provides benefits identical in nature to the AECOM Pension Plan but on an unfunded basis.

1992 AECOM Technology Corporation Supplemental Executive Retirement Plan ("92 SERP"). In October 1992, we established the unfunded Supplemental Executive Retirement Plan, or 92 SERP, in order to provide some of our U.S. resident executive officers with pre-retirement death benefits and retirement benefits consistent with the level provided by the previous AECOM Pension Plan formula. The plan also includes early retirement provisions at age 62 with full retirement benefits.

AECOM Excess Benefit Plan. In July 1996, we established the AECOM Excess Benefit Plan for U.S. participants in the Supplemental Executive Retirement Plans in order to provide only those benefits which the AECOM Pension Plan cannot provide due to federal tax limits. Benefits from the Excess Benefit Plan are unfunded and will reduce, dollar-for-dollar, the pension benefit paid by the Supplemental Executive Retirement Plans.

Of our Named Executive Officers, only Mr. Dionisio and Mr. Werner are eligible to receive any benefits from the AECOM Technology Corporation Pension Plan, MSERP, 92 SERP and AECOM Excess Benefit Plan.

The following table sets forth information with respect to the present value of the accumulated pension benefits for the Named Executive Officers during FY2014. Ms. Chmielinski and Messrs. Burke, Kadenacy and Shum are not eligible to participate in any of the AECOM Pension Plans.

(1) *Present Value of Accumulated Benefits (\$).* Liabilities shown in this table are computed using the projected unit credit method reflecting average salary and service (where applicable) as of fiscal year end 2014. The material assumptions used to determine these liabilities can be located in the notes to our consolidated financial statements found in our Annual Report Form 10-K, except we assumed no pre-retirement decrements and that retirement occurs on the respective plans' earliest unreduced retirement age (or at the end of the 2014 plan year, if later).

(2) *AECOM Technology Corporation Pension Plan.* The plan's benefit formula is integrated with Social Security and is based on the participant's years of service for the Company and "Final Average Compensation." Effective April 1, 2004, compensation for use in determining the Final Average Compensation was limited to the participant's highest annual compensation for any calendar year during the period beginning January 1, 1994, and ending December 31, 2003. Compensation is further limited to the applicable Internal Revenue Code section 401(a)(17) limit. The plan benefit is limited to the applicable Internal Revenue Code section 415(b) limit. Only employees hired before April 1, 1998, are eligible to participate in the plan. In addition, eligibility for the plan occurs no later than the completion of one year of service. Early retirement age is the first day of any month after age 55, provided the participant has earned five years of service. The earliest unreduced retirement age is 65. Compensation is the participant's salary, plus sick pay, overtime pay, shift premiums, contract completion bonuses, incentive compensation bonuses, severance pay paid within 30 days of termination of employment, vacation pay, pre-tax contributions made on the participant's behalf to an Internal Revenue Code

- (3) *AECOM Technology Corporation Management Supplemental Executive Retirement Plan.* The plan's benefit formula is integrated with Social Security and is based on the participant's years of service for the Company and Final Average Compensation. Effective April 1, 2004, compensation for use in determining the Final Average Compensation was limited to the participant's highest annual compensation for any calendar year during the period beginning January 1, 1994, and ending December 31, 2003. Compensation is further limited to the applicable Internal Revenue Code section 401(a)(17) limit. The plan benefit is limited to the applicable Internal Revenue Code section 415(b) limit. The participant's benefit under this plan is equal to the participant's Total AECOM Pension Plan Benefit minus the benefit payable to the participant under the AECOM Technology Corporation Pension Plan. Only employees hired before April 1, 1998, are eligible to participate in the plan. In addition, eligibility for the plan occurs no later than the completion of one year of service and the participant has to be a member of a select group of management or highly compensated employees, is an officer, is eligible for the AECOM Technology Corporation Incentive Compensation Plan and has been selected by the Compensation/Organization Committee to participate in the plan. Early retirement age is the first day of any month after age 55, provided the participant has earned five years of service. The earliest unreduced retirement age is 65. Compensation is the participant's salary, plus sick pay, overtime pay, shift premiums, contract completion bonuses, incentive compensation bonuses, severance pay paid within 30 days of termination of employment, vacation pay, pre-tax contributions made on the participant's behalf to an Internal Revenue Code Section 125 cafeteria plan and pre-tax contributions to the Retirement and Savings Plan under Internal Revenue Code Section 401(k). The plan was frozen October 9, 2009.
- (4) *1992 AECOM Technology Corporation Supplemental Executive Retirement Plan.* The plan's benefit formula is integrated with Social Security and is based on the participant's years of service for the Company and Final Average Compensation. Effective April 1, 2004, compensation for use in determining the Final Average Compensation was limited to the participant's highest annual compensation for any calendar year during the period beginning January 1, 1994, and ending December 31, 2003. The participant's benefit under this plan is equal to the participant's Unlimited AECOM Pension Plan benefit minus the benefit payable to the participant under the AECOM Technology Corporation Management Supplemental Executive Retirement Plan and the AECOM Technology Corporation Pension Plan. Only employees hired before April 1, 1998, are eligible to participate in the plan. In addition, eligibility for the plan occurs when the participant is a member of a select group of management or highly compensated employees, has completed at least five years of service, is at least 50 years old and has been selected by the Board of Directors to participate in the plan. Early retirement age is the first day of any month after age 55, provided the participant has earned three years of service. The earliest unreduced retirement age is 62. Compensation is the participant's salary, plus sick pay, overtime pay, shift premiums, contract completion bonuses, incentive compensation bonuses, severance pay paid within 30 days of termination of employment, vacation pay, pre-tax contributions made on the participant's behalf to an Internal Revenue Code Section 125 cafeteria plan and pre-tax contributions to the Retirement and Savings Plan under Internal Revenue Code Section 401(k). The plan was frozen October 9, 2009.

Table of Contents**Executive Nonqualified Deferred Compensation for Fiscal Year 2014**

The following table sets forth information with respect to activity in the AECOM Executive Deferred Compensation Plan (EDCP) by the Named Executive Officers during FY2014. Mr. Shum is ineligible to participate in the EDCP.

The EDCP is a non-qualified plan that enables eligible employees to defer compensation that they might otherwise have contributed to the tax qualified AECOM Technology Corporation Retirement & Savings Plan ("RSP"). Participants were allowed to defer the same elements of base salary into the EDCP as are allowed to be deferred under the RSP. The EDCP also allowed for sign-on bonuses and annual incentive bonuses to be deferred. Up to 50% of base salary and 100% of any eligible bonus may be deferred into the EDCP. The EDCP offers a fixed rate of return, which will be evaluated and determined each year.

Name and Principal Position	Executive Contributions in FY (\$)(1)	Registrant Contributions in FY (\$)(2)	Aggregate Earnings in FY (\$)(3)	Aggregate Withdrawals/Distributions (\$)	Aggregate Balance at FYE (\$)
Frederick W. Werner President, EMEA	\$113,400	\$0	\$3,109	\$0	\$116,509

- (1) Since instituting the plan, Frederick W. Werner is the only executive that has contributed to the plan.
- (2) There were no Company contributions made to the plan in FY2014.
- (3) Of the \$116,509, \$113,400 was reported as salary/bonus in the Summary Compensation Table.

Payments and Benefits Upon Termination or Change in Control

Payments and benefits that would be provided to each Named Executive Officer in addition to those received by all employees (such as payout of 401(k) balances and paid time off) as a result of certain termination events are set forth in the table below. The amounts shown assume a qualifying termination of employment effective as of October 3, 2014.

Change in Control Severance Policy for Key Executives

Pursuant to the AECOM Technology Corporation Change in Control Severance Policy for Key Executives, the Named Executive Officers in the table below will receive the following benefits in connection with a change in control:

Upon a change in control only ("single trigger"): (i) full vesting acceleration of equity awards only if the surviving entity does not continue or substitute such awards post-closing and, (ii) deemed satisfaction of PEP Award targets based on actual performance through the change in control date and conversion of the earned PEPs to unvested Restricted Stock Units that will continue to vest based on continued employment through the time-based vesting period for the PEPs (generally through December 31 following the end of the PEP performance cycle).

Edgar Filing: AECOM - Form DEF 14A

Upon a termination without cause or with good reason within the period that begins 90 days prior to a change in control and ends 24 months following a change in control ("double trigger"): (i) full vesting acceleration of all unvested PEP (but based on actual performance through the change in control date), stock option, Restricted Stock Unit and other equity awards; (ii) a lump sum cash severance payment equal to a multiple (2.0 times for Chairman and CEO and 1.5 times for other Named Executive Officers) of the Named Executive Officer's base salary and average bonus earned over the three years prior to the year of termination (but including only those years in which the Named Executive Officer was employed as a key executive of the Company); (iii) a pro-rata annual bonus payment, under the annual incentive compensation plan applicable to the executive, for the year in which the double trigger occurs, based upon the number of full months between the beginning of the applicable annual performance period and the executive's last date of employment, based upon the

Table of Contents

target level of performance, payable when bonuses are otherwise payable to the Company's executives; and (iv) continued health coverage for number of years equal to the severance multiple (i.e., either two years or 18 months).

Additional details regarding the Company's Change in Control Severance Policy for Key Executives are provided below:

"Cause" means: (i) the commission of an act of fraud or theft against the Company; (ii) conviction (including a guilty plea or plea of nolo contendere) of any felony; (iii) conviction (including a guilty plea or plea of nolo contendere) of any misdemeanor involving moral turpitude which could, in the administrator's opinion, cause material injury to the Company; (iv) a material violation of any material Company policy; (v) willful or repeated non-performance or substandard performance of material duties to the Company that is not cured within 30 days after written notice thereof to the executive; or (vi) violation of any local, state or federal laws, rules or regulations in connection with or during performance of the executive's duties to the Company that could, in the administrator's opinion, cause material injury to the Company, that remains uncured after 30 days' notice thereof.

"Change in Control" means the consummation of the first to occur of: (i) any "person" becomes the "beneficial owner," directly or indirectly, of securities of the Company representing more than 50% of the total voting power represented by the Company's then outstanding voting securities; (ii) a change in the composition of the Board occurring within a one-year period, as a result of which fewer than a majority of the directors are "incumbent directors" (those directors serving on the date the policy is adopted and any replacements approved by the Board); (iii) the consummation of a merger or consolidation of the Company with any other corporation, other than a merger or consolidation in which the holders of the Company's outstanding voting securities immediately prior to such merger or consolidation receive, in exchange for their voting securities of the Company in consummation of such merger or consolidation, securities possessing at least 50% of the total voting power represented by the outstanding voting securities of the surviving entity (or ultimate parent thereof) immediately after such merger or consolidation; or (iv) the sale, lease or other disposition by the Company of all or substantially all the Company's assets.

"Good Reason" means a termination of a participant's employment with the Company by the participant, upon 90 days written notice to the Company and after giving the Company 30 days to cure (if curable), if, other than for cause, any of the following has occurred: (i) any material reduction in the executive's base salary; (ii) a material reduction in the executive's authority, duties or responsibilities; (iii) the material breach by the Company (or any subsidiary) of any written employment agreement covering the executive; or (iv) the transfer of the executive's primary workplace by more than 50 miles from the executive's then existing primary workplace; provided, however, that, in each case, the executive resigns within 30 days after the expiration of the Company's cure period referred to above.

Letter Agreement

Pursuant to a letter agreement between the Company and Mr. Burke, in addition to Mr. Burke's participation in the Company's Change in Control Severance Policy for Key Executives, in the event that his employment is terminated (i) by the Company for any reason other than "cause" (as defined in the policy) or his death or disability or (ii) by Mr. Burke for "good reason" (as defined in the policy), and such termination does not occur within the "protection period" (as defined under the policy) then, the Company will pay to Mr. Burke his accrued compensation, a pro rata portion of the annual cash incentive award he would have received for the fiscal year in which employment terminates (based on the Company's actual performance over the entire year and the number of full months of actual service during such fiscal year) a lump sum cash payment equal to two (2) times the sum of his base salary plus the average annual cash incentive award he earned for the three fiscal years preceding the fiscal year in which such termination occurs, twenty-four months of COBRA coverage premiums, and provide additional vesting of then-outstanding equity awards as follows:

(i) if the termination occurs prior to March 6, 2017, (a) then-outstanding PEP awards will remain outstanding and continue to be eligible to vest in accordance with their existing terms (based on actual performance through the end of the applicable performance period), but only with respect to the portions of awards for which the performance period has either been completed prior to termination or will be completed at the end of the fiscal

year in which termination occurs; (b) then-outstanding PEP awards for which the performance period is scheduled to end after the fiscal year in which termination occurs will be forfeited; (c) the vesting of all or a portion (depending, on an award-by-award basis, whether such termination occurs before or after the 12-month anniversary of the grant date of the award) of unvested time-based RSUs will accelerate upon termination, with any remaining unvested time-based RSUs forfeited; (d) the special LTI award granted in March 2014 will be forfeited and (e) all other outstanding equity-based compensation awards will be treated as set forth in the applicable award agreements; and

(ii) if the termination occurs on or after March 6, 2017, (a) then-outstanding PEP awards will remain outstanding and continue to be eligible to vest in accordance with their existing terms (based on actual performance through the end of the applicable performance period); (b) the vesting of 100% of unvested time-based RSUs will accelerate upon termination; (c) the special LTI award, to the extent then unvested, will be forfeited and (d) all other outstanding equity-based compensation awards will be treated as set forth in the applicable award agreements.

In addition, in the event of a termination due to Mr. Burke's retirement, notwithstanding anything to the contrary in an award agreement, Mr. Burke will be entitled to full vesting of the then-unvested portion of any award granted on or after March 6, 2014, as if he had remained employed through the end of each applicable vesting period (and based on actual performance).

Any and all severance payments or benefits provided under the letter agreement are contingent upon the execution of a general release.

Regular U.S. Severance Policy

Subject to the terms, conditions and limitations of the Company's U.S. severance program, regular full-time and regular part-time fixed schedule employees are eligible for severance pay if their employment in the U.S. is terminated under the following circumstances: lack of work, reorganization or restructuring of a unit or group, reduction in force with no reasonable offer of an internal transfer, elimination of job or position, or voluntary acceptance of a company-initiated retirement program. The Company retains the right to amend or terminate its severance pay plan at any time without advance notice.

Severance benefits are computed on the basis of the employee's base rate of pay, regular full-time or part-time fixed classification, most recent date of hire and regular work schedule at the time of termination, excluding all other types of compensation, such as overtime, shift differential or other salary uplifts, bonuses, commissions and incentives. Employees with a title of Vice President or above (including all of the Named Executive Officers) are eligible for 12 weeks of base pay regardless of years of service.

Long-Term Incentives

Pursuant to the terms of each of the RSU and PEP awards ("Long-Term Incentives" in the tables below) held by our Named Executive Officers, upon the date of a termination of the executive's employment as a result of death or Total and Permanent Disablement, all unvested RSU and PEP awards will vest in full. Total and Permanent Disablement means the inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment that can be expected to result in death or that has lasted or can be expected to last for a continuous period of not less than 12 months. Pro-rata vesting is calculated as the percentage where the denominator is the number of months in the performance cycle of the relevant award and the numerator is the number of whole months from the beginning date of the performance cycle through the date of the executive's termination.

(1) Under the Change in Control Severance Policy in the event that any benefit payable constitutes a "parachute payment" within the meaning of Internal Revenue Code Section 280G and would be subject to excise tax imposed by Section 4999 of the Internal Revenue Code, then payments shall be provided either in full or reduced to an amount in which no portion of the benefits would be subject to excise tax, whichever provides the greatest after-tax benefit. The amounts in the table represent the benefits without consideration of reduction to avoid excise tax and based on assumption of a double-trigger event.

(2) *Present Value of Accumulated Benefits (\$)*. Liabilities shown in this table for the AECOM Technology Corporation Pension Plan and the AECOM Technology Corporation Management Supplemental Executive Retirement Plan are computed using the same material assumptions used to determine the analogous liabilities located in the notes to our consolidated financial statements found elsewhere in this registration statement, except that the values provided are the values had the participant terminated and received immediate benefits as of September 30, 2014. In addition, the values provided above for the 1992 AECOM Technology Corporation Supplement Executive Retirement Plan have been calculated using the Plan's lump sum basis, which is a 2.92% interest rate and GAM83 mortality for distributions made during the plan year beginning October 1, 2014. The interest rate of 2.92% is determined as the yield on the October 1, 2014, 10-year U.S. Treasury Note of 2.42% plus 50 basis points.

(3) This row includes the payment of all outstanding RSU2014, RSU2013, RSU2012, PEP2014, PEP2013, PEP2012 and Performance Stock Option awards upon Retirement, Death and Total and Permanent Disability as applicable for each individual. All calculations in this row are based on the AECOM common stock closing price as of October 3, 2014, which was \$32.90 per share.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee's responsibilities include appointing the company's independent registered public accounting firm, pre-approving audit and non-audit services provided by the firm and assisting the Board in providing oversight to the company's financial reporting process. In fulfilling its oversight responsibilities, the Audit Committee meets with the company's independent registered public accounting firm, internal auditors and management to review accounting, auditing, internal controls and financial reporting matters.

In connection with its oversight responsibilities related to the company's consolidated financial statements included in the company's Annual Report on Form 10-K, the Audit Committee met with management and Ernst & Young LLP, the company's independent registered public accounting firm, and reviewed and discussed with them the audited consolidated financial statements. The Audit Committee discussed with the independent registered public accounting firm matters required to be discussed by PCAOB Auditing Standard No. 16, Communications with Audit Committees, as modified or supplemented. The Audit Committee also discussed with the company's independent registered public accounting firm the overall scope and plans for the annual audit, the results of their examinations, their evaluation of the company's internal controls and the overall quality of the company's financial reporting.

The company's independent registered public accounting firm also provided to the Audit Committee the written disclosures and the letter required by the applicable rules of the Public Company Accounting Oversight Board, and the Audit Committee discussed with the independent registered public accounting firm that firm's independence. In addition, the Audit Committee has considered whether the independent registered public accounting firm's provision of non-audit services to the company and its affiliates is compatible with the firm's independence.

The Audit Committee met with representatives of management, the internal auditors, legal counsel and the independent registered public accounting firm on a regular basis throughout the year to discuss the progress of management's testing and evaluation of the company's system of internal control over financial reporting in response to the applicable requirements of the Sarbanes-Oxley Act of 2002 and related SEC regulations. At the conclusion of this process, the Audit Committee received from management its assessment and report on the effectiveness of the company's internal controls over financial reporting. In addition, the Audit Committee received from Ernst & Young LLP its attestation report on the company's internal control over financial reporting. These assessments and reports are as of September 30, 2014. The Audit Committee reviewed and discussed the results of management's assessment and Ernst & Young's attestation.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board has approved, that the audited consolidated financial statements be included in the company's Annual Report on Form 10-K for the fiscal year ended September 30, 2014 for filing with the Securities and Exchange Commission. The Audit Committee also approved the appointment of Ernst & Young LLP as the company's independent registered public accountants for the fiscal year ending September 30, 2015 and recommended that the Board submit this appointment to the company's shareholders for ratification at the 2015 Annual Meeting.

Respectfully submitted,
